

§ 75A-6. Classification; rules.

(a) Vessels subject to the provisions of this Chapter shall be divided into five categories as follows:

- (1) Class A. Less than 16 feet in length.
- (2) Class 1. Sixteen feet or over and less than 26 feet in length.
- (3) Class 2. Twenty-six feet or over and less than 40 feet in length.
- (4) Class 3. Forty feet or over and not more than 65 feet in length.
- (5) Class 4. More than 65 feet in length.

(b) through (e) Repealed by Session Laws 1993, c. 361, s. 2.

(f) through (j) Repealed by Session Laws 2006-185, s. 1.

(k) Repealed by Session Laws 1993, c. 361, s. 2.

(l) No person shall operate or give permission for the operation of a vessel that is not equipped as required by this section.

(m) The Commission may adopt rules to conform to the Federal Boat Safety Act of 1971 and the federal regulations adopted pursuant thereto.

(n) All vessels propelled by machinery of 10 hp or less that are operated on the public waters of this State shall carry at least one personal flotation device, life belt, ring buoy, or other device of the sort prescribed by rules of the Commission for each person on board, and from one-half hour after sunset to one-half hour before sunrise shall carry a white light in the stern or shall have on board a hand flashlight in good working condition, which light shall be ready at hand and shall be temporarily displayed in sufficient time to prevent collision.

(o) The Commission for Public Health shall adopt rules establishing standards for sewage treatment devices and holding tanks for marine toilets installed in vessels operating on the inland fishing waters of the State as designated by the Commission and the inland lake waters of the State. The Commission shall not issue a certificate of number for any vessel operating on the inland fishing waters of the State as designated by the Commission and the inland lake waters of this State that is equipped with a marine toilet unless the vessel is provided with a sewage treatment device or holding tank approved by the Commission for Public Health. All vessels operating on the inland fishing waters of the State as designated by the Commission and the inland lake waters of the State that are equipped with a marine toilet shall provide a sewage treatment device or holding tank approved by the Commission for Public Health. Wildlife protectors may inspect vessels on the inland fishing waters of the State as designated by the Commission and the inland lake waters to determine if approved treatment devices or holding tanks are properly installed and if they are operating in a satisfactory manner. A vessel registered, documented, or otherwise licensed in another state and equipped with a marine toilet not prohibited in such state may be operated on the inland fishing waters of the State as designated by the Commission, without regard to the provisions of this subsection while making an interstate trip. (1959, c. 1064, s. 6; 1963, c. 396; 1965, c. 634, s. 2; 1967, cc. 230, 1075; 1971, c. 296, ss. 1, 2; 1973, c. 476, s. 128; 1975, c. 340, s. 2; c. 483, s. 3; 1989 (Reg. Sess., 1990), c. 1004, s. 55; 1993, c. 361, s. 2; 2006-185, s. 1; 2007-182, s. 2.)
