6 **PART I. CLARIFY REQUIREMENTS OF CHARTER APPLICATION AND RENEWAL**

7 **SECTION 1.(a)** If House Bill 618, 2023 Regular Session, does not become law,  
8 G.S. 115C-218.5(a) reads as rewritten:

9 "(a) The State Board may grant final approval of an application if it finds the following:

- 10 (1) The application meets the requirements set out in this Article and such other  
11 requirements as may be adopted by the State Board of Education.  
12 (2) The applicant has the ability to operate the school and would be likely to  
13 operate the school in an educationally and economically sound manner.  
14 (3) Granting the application would achieve one or more of the purposes set out in  
15 G.S. 115C-218.

16 In reviewing applications for the establishment of charter schools within a local school  
17 administrative unit, the State Board is encouraged to give preference to applications that  
18 demonstrate the capability to provide comprehensive learning experiences to students identified  
19 by the applicants as at risk of academic failure. The Board shall not consider any alleged impact  
20 on the local school administrative unit or units in the area served by a charter school when  
21 deciding whether to grant, renew, amend, or terminate a charter."

22 **SECTION 1.(b)** If House Bill 618, 2023 Regular Session, becomes law,  
23 G.S. 115C-218.5(a), as amended by House Bill 618, 2023 Regular Session, reads as rewritten:

24 "(a) The Review Board may grant final approval of an application if it finds the following:

- 25 (1) The application meets the requirements set out in this Article and such other

30 G.S. 115C-218.

31 In reviewing applications for the establishment of charter schools within a local school  
32 administrative unit, the Review Board is encouraged to give preference to applications that  
33 demonstrate the capability to provide comprehensive learning experiences to students identified  
34 by the applicants as at risk of academic failure. The Review Board shall not consider any alleged

1 impact on the local school administrative unit or units in the area served by a charter school when  
2 deciding whether to grant, renew, amend, or terminate a charter."

5 preceding three years have not been comparable to the academic outcomes of  
6 students in the local school administrative unit in which the charter school is  
7 located. For purposes of this section, if a school's charter results in it providing  
8 services to certain targeted subgroups, the school's academic performance  
9 shall be judged in comparison to the academic outcomes of students in the  
10 same subgroups in the local school administrative unit where the school is  
11 located."

## 12 **PART II. LIMIT ENROLLMENT CAPS TO LOW-PERFORMING SCHOOLS**

26 considered a material revision of the school's charter to increase its maximum authorized  
27 enrollment by more than twenty percent (20%) of the previous year's maximum authorized  
28 enrollment. For the purposes of this section, maximum authorized enrollment is as defined in

43 ~~school, but fails to meet the requirements of subdivision (1) of subsection (b) of this section, the~~  
44 ~~State Board shall have the discretion to investigate and determine whether subdivision (1) of~~  
45 ~~subsection (b) of this section may be waived to grant the school's material revision request to~~  
46 ~~allow the capital expansion to move forward. In making such a determination, the charter school~~  
47 ~~shall provide the State Board with documentation to show evidence that demonstrates sufficiently~~  
48 ~~in the State Board's discretion all of the following:~~

15 material revision of the charter if the charter is currently identified as low performing. The  
16 Review Board shall not approve a material revision for enrollment growth of greater than twenty  
17 percent (20%) for a charter that is currently identified as low performing. Enrollment growth of  
18 greater than thirty percent (30%) shall be considered a material revision of the charter for any  
19 charter school that is not identified as low performing. The Review Board may approve such  
20 additional enrollment growth of greater than thirty percent (30%) only if it finds all of the

31 Board.

32           If a charter school has been identified as low-performing under G.S. 115C-218.94, then it  
33 shall be considered a material revision of the school's charter to increase its maximum authorized  
34 enrollment by more than twenty percent (20%) of the previous year's maximum authorized  
35 enrollment. For the purposes of this section, maximum authorized enrollment is as defined in

39 a material revision of enrollment growth based on a proposed capital expansion of the charter  
40 school, but fails to meet the requirements of subdivision (1) of subsection (b) of this section, the  
41 Review Board shall have the discretion to investigate and determine whether subdivision (1) of  
42 subsection (b) of this section may be waived to grant the school's material revision request to  
43 allow the capital expansion to move forward. In making such a determination, the charter school  
44 shall provide the Review Board with documentation to show evidence that demonstrates

 4 ~~years of the grant of the material revision, the charter shall reflect the maximum authorized~~  
 5 ~~enrollment immediately preceding that material revision."~~
