- (6) To provide any nonhealth service facility or service.

This exemption applies to all home care agencies licensed under Article 6 of this Chapter, whether or not they are Medicare-certified.

(b) Those portions of a proposed project which are not proposed for one or more of the purposes under subsection (a) of this section are subject to certificate of need review, if these non-exempt portions of the project are new institutional health services under G.S. 131E-176(16).

(c) Repealed by Session Laws 2023-7, s. 3.1(b), effective March 27, 2023, and applicable to activities occurring on or after that date.

(d) Repealed by Session Laws 2023-7, s. 3.1(b), effective March 27, 2023, and applicable to activities occurring on or after that date.

(e) The Department shall exempt from certificate of need review a capital expenditure that exceeds the monetary threshold set forth in G.S. 131E-176(16)b. if all of the following conditions are met:

- (1) The proposed capital expenditure would meet all of the following requirements:
 - a. Be used solely for the purpose of renovating, replacing on the same site, or expanding any of the following existing facilities:

1. Nursing home facility.
 2. Adult care home facility.

- b. Not result in a change in bed capacity, as defined in G.S. 131E-176(5), or the addition of a health service facility or any other new institutional health service other than that allowed in G.S. 131E-176(16)b.
- (2) The entity proposing to incur the capital expenditure provides prior written notice to the Department, which notice includes documentation that demonstrates that the proposed capital expenditure would be used for one or more of the following purposes:
- a. Conversion of semiprivate resident rooms to private rooms.
 - b. Providing innovative, homelike residential dining spaces, such as cafes, kitchenettes, or private dining areas to accommodate residents and their families or visitors.

- (f) The Department shall exempt from certificate of need review the purchase of any replacement equipment that exceeds the monetary threshold set forth in G.S. 131E-176(22a) if all of the following conditions are met:
- (1) The equipment being replaced is located on the main campus.
 - (2) The Department has previously issued a certificate of need for the equipment being replaced. This subdivision does not apply if a certificate of need was not required at the time the equipment being replaced was initially purchased by the licensed health service facility.
 - (3) The licensed health service facility proposing to purchase the replacement equipment shall provide prior written notice to the Department, along with supporting documentation to demonstrate that it meets the exemption criteria of this subsection.
- (g) The Department shall exempt from certificate of need review any capital expenditure that exceeds the monetary threshold set forth in G.S. 131E-176(16)b. if all of the following conditions are met:
- (1) The sole purpose of the capital expenditure is to renovate, replace on the same site, or expand the entirety or a portion of an existing health service facility that is located on the main campus.
 - (2) The capital expenditure does not result in (i) a change in bed capacity as defined in G.S. 131E-176(5) or (ii) the addition of a health service facility or any other new institutional health service other than that allowed in G.S. 131E-176(16)b.
 - (3) The licensed health service facility proposing to incur the capital expenditure shall provide prior written notice to the Department, along with supporting documentation to demonstrate that it meets the exemption criteria of this subsection.
- (h) The Department must exempt from certificate of need review the acquisition or reopening of a Legacy Medical Care Facility. The person seeking to operate a Legacy Medical Care Facility shall give the Department written notice of all of the following:
- (1) Its intention to acquire or reopen a Legacy Medical Care Facility within the same county and the same service area as the facility that ceased continuous operations. If the Legacy Medical Care Facility will become operational in a new location within the same county and the same service area as the facility

that ceased continuous operations, then the person responsible for giving the written notice required by this section shall notify the Department, as soon as reasonably practicable and prior to becoming operational, of the new location of the Legacy Medical Care Facility. For purposes of this subdivision, "service area" means the service area identified in the North Carolina State Medical Facilities Plan in effect at the time the written notice required by this section is given to the Department.

(2) That the facility will be operational within 36 months of the notice.

The Department shall extend the time by which a facility must be operational in order to be exempt from certificate of need review under this subsection by one additional 36-month period if the person seeking to reopen or acquire the Legacy Medical Care Facility gives the Department written notice of extension within 36 months of the original notice of intent to acquire or reopen the Legacy Medical Care Facility. The written notice of extension must notify the Department (i) that the person has undertaken all reasonable efforts to make the facility operational within 36 months of the notice of intent, (ii) that, despite these reasonable efforts, the person does not anticipate the facility will be operational within that time, and (iii) of its intention that the facility will be operational within 36 months of the notice of extension.

A person seeking to operate a Legacy Medical Care Facility located in a development tier one or tier two area, as defined in G.S. 143B-437.08, may request an additional extension of time by which the facility must be operational in order to be exempt from certificate of need review under this subsection by providing an additional written notice of extension to the Department, delivered prior to the conclusion of the original 36-month extension period, affirming that the person has entered into a contract for the acquisition or reopening of the Legacy Medical Care Facility and that, pursuant to the terms of the contract, the facility will commence operations within 36 months of the conclusion of the original notice of extension. Upon receipt of this notice, the Department shall grant an extension of the time by which the facility must be operational that is sufficient to permit the acquisition or reopening of the Legacy Medical Care Facility as provided in the contract.
