

§ 136-66.11. Transfer of severable development rights.

(a) When used in this section and in G.S. 136-66.10, the term "severable development right" means the potential for the improvement or subdivision of part or all of a parcel of real property, as permitted under the terms of a zoning and/or subdivision ordinance, expressed in dwelling unit equivalents or other measures of development density or intensity or a fraction or multiple of that potential that may be severed or detached from the parcel from which they are derived and transferred to one or more other parcels located in receiving districts where they may be exercised in conjunction with the use or subdivision of property, in accordance with the provisions of this section.

(b) A city or county may provide in its zoning and subdivision control ordinances for the establishment, transfer, and exercise of severable development rights to implement the provisions of G.S. 136-66.10 and this section.

(c) City or county zoning or subdivision control provisions adopted pursuant to this authority shall provide that if right-of-way area is dedicated and severable development rights are provided pursuant to G.S. 136-66.10(a)(2) and this section, within 10 days after the approval of the final subdivision plat or issuance of the building permit, the city or county shall convey to the dedicator a deed for the severable development rights that are attributable to the right-of-way area dedicated under those subdivisions. If the deed for the severable development rights conveyed by the city or county to the dedicator is not recorded in the office of the register of deeds within 15 days of its receipt, the deed shall be null and void.

(d) In order to provide for the transfer of severable development rights pursuant to this section, the governing board shall amend the zoning ordinance to designate severable development rights receiving districts. These districts may be designated as separate use districts or as overlaying other zoning districts. No severable development rights shall be exercised in conjunction with the development or subdivision of any parcel of land that is not located in a receiving district. A city or county may, however, limit the maximum development density or intensity or the minimum size of lots allowed when severable development rights are exercised in conjunction with the development or subdivision of any eligible site in a receiving district. No plat for a subdivision in conjunction with which severable development rights are exercised shall be recorded by the register of deeds, and no new building, or part thereof, or addition to or enlargement of an existing building, that is part of a development project in conjunction with which severable development rights are exercised shall be occupied, until documents have been recorded in the office of the register of deeds transferring title from the owner of the severable development rights to the granting city or county and providing for their subsequent extinguishment. These documents shall also include any other information that the city or county ordinance may prescribe.

(e) In order to implement the purposes of this section a city or county may by ordinance adopt regulations consistent with the provisions of this section.

(f) A severable development right shall be treated as an interest in real property. Once a deed for severable development rights has been transferred by a city or county to the dedicator and recorded, the severable development rights shall vest and become freely alienable. (1987, c. 747, s. 7.)
