

**§ 58-7-197. Replacing certain assets; reporting certain liabilities.**

(a) The Commissioner, upon determining that an insurer's asset has not been valued according to this Chapter or that it does not qualify as an asset, shall require the insurer to properly revalue an improperly valued asset or replace a nonadmitted asset with an asset suitable to the Commissioner within 90 days after the determination.

(b) The Commissioner, upon determining that an insurer has failed to report certain liabilities that should have been reported, shall require that the insurer report those liabilities to the Commissioner within 90 days after notice to the insurer.

(c) When the Commissioner determines that an admitted asset held by any insurer is of doubtful value or is without ascertainable value on a public exchange, unless the insurer establishes a value by placing the asset upon the market and obtaining a bona fide offer for the asset, the Commissioner may have the asset appraised, and the appraisal shall be the true value of the asset. No asset may be carried in an insurer's financial statement under G.S. 58-2-165 at an appraised value established by the insurer unless the Commissioner's prior written approval is obtained.

(d) When any admitted asset defaults as to principal or in the payment of interest or dividends after it has been purchased by an insurer, the asset shall subsequently be carried at its market value or, after notice and opportunity for hearing, at a value determined by the Commissioner.

(e) Whenever it appears to the Commissioner that an insurer has acquired any asset in violation of this Chapter, the Commissioner shall disallow, in whole or in part, the amount of the asset that is prohibited by this Chapter. In any determination of the financial position of the insurer, that amount shall be deducted as a nonadmitted asset of the insurer. (1991, c. 681, s. 29.)
