

§ 89F-14. Seals; requirements.

Upon the issuance of a license, each soil scientist shall obtain from the Secretary-Treasurer a seal bearing the licensee's name and the legend "Licensed Soil Scientist – State of North Carolina". The Board shall ensure that the design of the seal is easily distinguished from other professional seals. All drawings, reports, or other soil science papers or documents involving the practice of soil science that are prepared or approved by a licensed soil scientist or a subordinate under his or her direction shall be signed by the soil scientist and impressed with the seal. The impression of the seal indicates his or her responsibility for the practice of soil science. (1995, c. 414, s. 1.)
