SECTION 7. G.S. 135-5(ppp) is repealed.

SECTION 8. G.S. 135-4 is amended by adding a new subsection to read:

"(hh) Credit at Full Cost for Service With The University of North Carolina During Which a Member Participated in the Optional Retirement Program. – Notwithstanding any other provisions of this Chapter, a member upon the completion of five years of membership service may purchase creditable service for periods of employment with The University of North Carolina during which the member participated in the Optional Retirement Program as provided for in G.S. 135-5.1, provided that the member is not receiving, and is not entitled to receive, any retirement benefits resulting from this employment. The member shall purchase this service by making a lump-sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits

calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the Board of Trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the Board of Trustees. Notwithstanding the foregoing provisions of this subsection that provide for the purchase of service credits, the terms "full cost," "full liability," and "full actuarial cost" include assumed annual postretirement allowance increases, as determined by the Board of Trustees, from the earliest age at which a member could retire on an unreduced service allowance."

SECTION 9. G.S. 135-3(8)c. reads as rewritten:

"c. Should a beneficiary who retired on an early or service retirement allowance under this Chapter be ~~reemployed,~~ reemployed by, or otherwise engaged to perform ~~services, by~~ services for, an employer participating in the Retirement System on a part-time, temporary, interim, or on a fee-for-service basis, whether contractual or otherwise, and if such beneficiary earns an amount during the 12-month period immediately following the effective date of retirement or in any calendar year which exceeds fifty percent (50%) of the reported compensation, excluding terminal payments, during the 12 months of service preceding the effective date of retirement, or twenty thousand dollars (\$20,000), whichever is greater, as hereinafter indexed, then the retirement allowance shall be suspended as of the first day of the month following the month in which the reemployment earnings exceed the amount above, for the balance of the calendar ~~year.~~ year, except when the reemployment earnings exceed the amount above in the month of December, in which case the retirement allowance shall not be suspended. The retirement allowance of the beneficiary shall be reinstated as of January 1 of each year following suspension. The amount that may be earned before suspension shall be increased on January 1 of each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of a percent (1/10 of 1%)."

SECTION 10. G.S. 128-24(5)c. reads as rewritten:

"c. Should a beneficiary who retired on an early or service retirement allowance be ~~reemployed,~~ reemployed by, or otherwise engaged to perform ~~services, by~~ services for, an employer participating in the Retirement System on a part-time, temporary, interim, or on fee-for-service basis, whether contractual or otherwise, and if such beneficiary earns an amount during the 12-month period immediately following the effective date of retirement or in any calendar year which

exceeds fifty percent (50%) of the reported compensation, excluding terminal payments, during the 12 months of service preceding the effective date of retirement, or twenty thousand dollars (\$20,000), whichever is greater, as hereinafter indexed, then the retirement allowance shall be suspended as of the first day of the month following the month in which the reemployment earnings exceed the amount above, for the balance of the calendar ~~year.~~year, except when the reemployment earnings exceed the amount above in the month of December, in which case the retirement allowance shall not be suspended. The retirement allowance of the beneficiary shall be reinstated as of January 1 of each year following suspension. The amount that may be earned before suspension shall be increased on January 1 of each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of a percent (1/10 of 1%)."

SECTION 11. G.S. 135-4(r)(3) reads as rewritten:

"(r) Notwithstanding any other provision of this Chapter, any member may purchase creditable service for periods of employer approved leaves of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. This service shall be purchased by paying a cost calculated in the following manner:

- ...
- (3) Leaves of Absence Terminating On and After January 1, 1988. – The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminates upon or before a return to service on and after January 1, 1988, shall be due and payable to the Annuity Savings Fund within six months from return to service and shall be a lump sum amount equal to the employee percentage rate of contribution in effect at the time of purchase applied to the annual rate of compensation of the member immediately prior to the leave of absence. For members electing to make this payment, the member's employer which granted the leave of absence, or the member's employer upon a return to service, or both, shall make a matching lump sum payment to the Pension Accumulation Fund within six months from return to service equal to the employer percentage rate of contribution in effect at the time of purchase applied to the annual rate of compensation of the member immediately prior to the leave of absence. Such purchases of creditable service are applicable only when members have membership service credits within 30 days prior to the leave of absence and within 12 months following the leave of absence and such membership service is creditable service at the time of purchase. Notwithstanding any other provision of this subdivision, the cost to a member and to a member's employer or former employer or both

employers whose amount due is not paid within six months from return to service shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof that the payment is made after the six-month period.

Notwithstanding the requirement of this provision that a member return to service, a member who is in receipt of Workers' Compensation during the period for which he or she would have otherwise been eligible to receive short-term benefits as provided in G.S. 135-105 and who subsequently becomes a beneficiary in receipt of a benefit as provided in G.S. 135-106 may purchase creditable service for any period of employer approved leave of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. The cost to purchase such creditable service shall be as determined above provided the amount due if not paid within six months from the beginning of the long-term disability period as determined in G.S. 135-106 shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof that the payment is made after the six-month period.

Whenever the creditable service purchased pursuant to this subsection is for a period that occurs during the four consecutive calendar years that would have produced the highest average annual compensation pursuant to G.S. 135-1(5) had the member not been on leave of absence without pay, then the compensation that the member would have received during the purchased period shall be included in calculating the member's average final compensation. In such cases, the compensation that the member would have received during the purchased period shall be based on the annual rate of compensation of the member immediately prior to the leave of absence."

SECTION 12. G.S. 135-5(l) reads as rewritten:

"(l) Death Benefit Plan. – There is hereby created a Group Life Insurance Plan (hereinafter called the "Plan") which is established as an employee welfare benefit plan that is separate and apart from the Retirement System and under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. Upon receipt of proof, satisfactory to the Board of Trustees in their capacity as trustees under the Group Life Insurance Plan, of the death, in service, of a member who had completed at least one full calendar year of membership in the Retirement System, there shall be paid to such person as he shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

- (1) The compensation on which contributions were made by the member during the calendar year preceding the year in which his death occurs, or

- (2) The greatest compensation on which contributions were made by the member during a 12-month period of service within the 24-month period of service ending on the last day of the month preceding the month in which his last day of actual service occurs;
- (3), (4) Repealed by Session Laws 1983 (Regular Session, 1984), c. 1049, s. 2.

subject to a minimum of twenty-five thousand dollars (\$25,000) and to a maximum of fifty thousand dollars (\$50,000). Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions under the System on his death pursuant to the provisions of subsection (f) of this section. For the purpose of the Plan, a member shall be deemed to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service.

The death benefit provided in this subsection (l) shall not be payable, notwithstanding the member's compliance with all the conditions set forth in the preceding paragraph, if his death occurs

- (1) After December 31, 1968 and after he has attained age 70; or
- (2) After December 31, 1969 and after he has attained age 69; or
- (3) After December 31, 1970 and after he has attained age 68; or
- (4) After December 31, 1971 and after he has attained age 67; or
- (5) After December 31, 1972 and after he has attained age 66; or
- (6) After December 31, 1973 and after he has attained age 65; or
- (7) After December 31, 1978, but before January 1, 1987, and after he has attained age 70.

Notwithstanding the above provisions, the death benefit shall be payable on account of the death of any member who died or dies on or after January 1, 1974, but before January 1, 1979, after attaining age 65, if he or she had not yet attained age 65, if he or she had not yet attained age 66, was at the time of death completing the work year for those individuals under specific contract, or during the fiscal year for those individuals not under specific contract, in which he or she attained 65, and otherwise met all conditions for payment of the death benefit.

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this Plan in the form of group life insurance, either (i) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (ii) by establishing a separate trust fund qualified under Section 501(c)(9) of the Internal Revenue Code of 1954, as amended, for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate trust fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the trust fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

- (1) For the purpose of determining eligibility only, in this subsection "calendar year" shall mean any period of 12 consecutive months or, if less, the period covered by an annual contract of employment. For all other purposes in this subsection "calendar year" shall mean the 12 months beginning January 1 and ending December 31.
- (2) Last day of actual service shall be:
 - a. When employment has been terminated, the last day the member actually worked.
 - b. When employment has not been terminated, the date on which an absent member's sick and annual leave expire, unless he is on approved leave of absence and is in service under the provisions of G.S. 135-4(h).
- (3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of G.S. 135-4(h).
- (4) A member on leave of absence from his position as a teacher or State employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a teacher or State employee during the 12-month period immediately prior to the month in which death occurred, not to be less than twenty-five thousand dollars (\$25,000) nor to exceed fifty thousand dollars (\$50,000).

The provisions of the Retirement System pertaining to Administration, G.S. 135-6, and management of funds, G.S. 135-7, are hereby made applicable to the Plan.

The basis of the death benefit payable hereunder shall be the higher of the death benefit computed as above or a death benefit based on compensation used in computing the benefit payable under G.S. 135-105 and G.S. 135-106, as may be adjusted for percentage post-disability increases, all subject to the maximum dollar limitation as provided above. This death benefit shall be a lump-sum payment in the amount of five thousand dollars (\$5,000) upon the completion of twenty-four months of contributions required under this subsection. This death benefit shall be a lump-sum payment in the amount of six thousand dollars (\$6,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees.

Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after July 1, 2004, there shall be paid a death benefit to the surviving spouse of the deceased retired member or to the deceased retired member's legal representative if not survived by a spouse; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of nine thousand dollars

(\$9,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's surviving spouse or legal representative if not survived by a spouse shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees."

SECTION 13. G.S. 135-5(m) reads as rewritten:

- (1) a. The member had attained such age and/or creditable service to be eligible to commence retirement with an early or service retirement allowance,
- b. The member had obtained 20 years of creditable service in which case the retirement allowance shall be computed in accordance with G.S. 135-5(b19)(1)b. or G.S. 135-5(b19)(2)c., notwithstanding the requirement of obtaining age 50, or
- c. The member had not commenced to receive a retirement allowance as provided under this Chapter.
- (2) The member had designated as the principal beneficiary to receive a return of his accumulated contributions one and only one person who was living at the time of his death.
- (3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection to apply.

For the purpose of this benefit, a member is considered to be in service at the date of his death if his death occurs within 180 days from the last day of his actual service. The last day of actual service shall be determined as provided in subsection (l) of this section. Upon the death of a member in service, the surviving spouse may make all purchases for creditable service as provided for under this Chapter for which the member had made application in writing prior to the date of death, provided that the date of death occurred prior to or within 60 days after notification of the cost to make the purchase.
