9 **"§ 136-176. Creation, revenue sources, and purpose of North Carolina Highway**
10 **Trust Fund.**

11 (a) A special account, designated the North Carolina Highway Trust Fund, is
12 created within the State treasury. The Trust Fund consists of funds transferred from the
13 Highway Fund under G.S. 136-182, funds deposited in the Trust Fund under G.S. 105-
14 173, and interest and income earned by the Trust Fund. Funds in the Trust Fund are
15 annually appropriated to the Department of Transportation to be allocated and used as
16 follows:

17 (1) Sixty and five hundredths percent (60.05%) to plan, design, and
18 construct the projects of the Intrastate System described in G.S. 136-
19 178.

20 (2) Twenty-four and six hundredths percent (24.06%) to plan, design, and
21 construct the urban loops described in G.S. 136-179.

22 (3) Nine and thirty-nine hundredths percent (9.39%) to supplement the
23 Transportation Improvement Program as provided in G.S. 136-180.

24 (4) Six and one-half percent (6.5%) for secondary road construction as
25 provided in G.S. 136-181.

26 (b) If funds are received under 23 U.S.C. Chapter 1, Federal-Aid Highways, for a
27 project for which funds in the Trust Fund are allocated, an amount equal to the amount
28 of federal funds received may be transferred by the Secretary of Transportation from the
29 Trust Fund to the Transportation Improvement Program for projects under that Program.

30 **"§ 136-177. Purpose of Intrastate System and timetable for System projects**
31 **funded from Trust Fund.**

32 (a) The Intrastate System is established to provide high-speed, safe travel service
33 throughout the State. It connects major population centers both inside and outside the
34 State and provides safe, convenient, through-travel for motorists. It is designed to
35 support statewide growth and development objectives and to connect to major highways
36 of adjoining states. All segments of the routes in the Intrastate System shall have at
37 least four travel lanes and, when warranted, shall have vertical separation or
38 interchanges at crossings, more than four travel lanes, or bypasses. Access to a route in
39 the Intrastate System is determined by travel service and economic considerations.

40 The Department of Transportation may add a route to the Intrastate System if the
41 route is a multi-lane route and has been designed and built to meet the construction
42 criteria of the Intrastate System projects. No funds may be expended from the Trust
43 Fund on routes added by the Department.

(b) The projects listed in G.S. 136-178 shall be a top priority of the Department of Transportation; all the projects shall be under construction by the 2000-01 fiscal year and shall be completed by the 2003-04 fiscal year. If the funds allocated from the Trust Fund for the Intrastate System are insufficient for all the projects listed in G.S. 136-178 to be under construction by the 2000-01 fiscal year, the Department of Transportation shall supplement those funds with funds allocated to the Transportation Improvement Program under G.S. 136-176(3) to ensure that all the projects are under construction by that date. If the funds allocated from the Trust Fund for the Intrastate System are insufficient for all the projects listed in G.S. 136-178 to be completed by the 2003-04 fiscal year, the Department of Transportation shall supplement those funds with funds allocated for the Transportation Improvement Program under G.S. 136-176(3) to ensure that all the projects are completed by that date.

(c) No contracts may be let for projects funded from the Trust Fund in anticipation of revenues under G.S. 143-28.1.

"§ 136-178. Projects of Intrastate System funded from Trust Fund.

Funds allocated from the Trust Fund for the Intrastate System may be used only for the following projects of the Intrastate System:

27 **"§ 136-180. Supplement for Transportation Improvement Program.**

28 Funds allocated to supplement the Transportation Improvement Program may be
 29 used for any purpose under that Program. Funds allocated for the Transportation
 30 Improvement Program may be required for the Intrastate State System, as provided in
 31 G.S. 136-177(b). Of the funds allocated to supplement the Transportation Improvement
 32 Program, the sum of five million dollars (\$5,000,000) may be used annually by the
 33 Department to develop economical transit alternatives to highway construction. These
 34 alternatives may include high occupancy vehicle lanes and rail routes.

35 **"§ 136-181. Supplement for secondary road construction.**

36 Funds are allocated from the Trust Fund to increase allocations for secondary road
 37 construction made under G.S. 136-44.2A so that all State-maintained unpaved
 38 secondary roads with a traffic vehicular equivalent of at least 50 vehicles a day can be
 39 paved by the 1998-99 fiscal year. This supplement shall be discontinued when the
 40 Department of Transportation certifies that, with funds available from sources other
 41 than the Trust Fund, all State-maintained unpaved secondary roads, regardless of their
 42 traffic vehicular equivalent, can be paved during the following six years. If the
 43 supplement is discontinued before the 2003-04 fiscal year, the funds that would

1 otherwise be allocated under this section shall be added to the allocation from the Trust
2 Fund for projects of the Intrastate System.

3 **"§ 136-182. Transfer of revenue from Highway Fund.**

4 Within 30 days after the end of each calendar quarter, the State Treasurer shall
5 transfer from the Highway Fund and deposit to the credit of the Trust Fund a sum equal
6 to twenty-four and seven-tenths percent (24.7%) of the net revenue credited to the
7 Highway Fund during that quarter, including interest or income earned by the Highway
8 Fund during that quarter. Beginning with the 1994-95 fiscal year, the State Treasurer
9 shall transfer additional amounts of revenue on a quarterly basis from the Highway
10 Fund to the Trust Fund in accordance with the following schedule:

<u>Fiscal Year</u>	<u>Yearly Amount To Transfer</u>
<u>1994-95</u>	<u>\$9,600,000</u>
<u>1995-96</u>	<u>12,100,000</u>
<u>1996-97</u>	<u>32,300,000</u>
<u>1997-98 through 2003-04</u>	<u>38,000,000.</u>

16 These additional amounts represent increased revenue resulting from the retirement
17 of refunding bonds issued to repay highway construction bonds. The State Treasurer
18 shall deduct the additional amounts to be credited to the Highway Fund from the net
19 revenue in the Highway Fund before determining the percentage amount to be
20 transferred to the Trust Fund.

21 **"§ 136-183. Reports by Department of Transportation.**

22 (a) The Department of Transportation shall develop, and update annually, a
23 report containing a completion schedule for all projects to be funded from the Trust
24 Fund. The report shall include a separate schedule for the Intrastate System projects,
25 the urban loop projects, and the paving of unpaved State-maintained secondary roads
26 that have a traffic vehicular equivalent of at least 50 vehicles a day. The annual update
27 shall indicate the projects, or portions thereof, that were completed during the preceding
28 fiscal year, any changes in the original completion schedules, and the reasons for the
29 changes. The Department shall submit the report and the annual updates to the Joint
30 Legislative Highway Oversight Committee.

31 (b) The Department of Transportation shall make quarterly reports to the Joint
32 Legislative Highway Oversight Committee containing any information requested by the
33 Committee. The Department shall provide the Committee with all information needed
34 to determine if funds available under the Trust Fund and the Transportation
35 Improvement Program are being spent in accordance with G.S. 136-17.2A."

36 Sec. 2. Chapter 120 of the General Statutes is amended by adding a new
37 Article to read:

11 maintenance work and the cost of the same, receipts of license fees, and disbursements
12 of the Department of Transportation, and such other data as may be of interest in
13 connection with the work of the Department of Transportation. A full account of each
14 road project shall be kept by and under the direction of the Department of
15 Transportation or its representatives, to ascertain at any time the expenditures and the
16 liabilities against all projects; also records of contracts and force account work. The

33 between ninety percent (90%) and one hundred ten percent (110%) of the sum of the
34 amounts established under this subsection as the target amounts to be expended in the
35 region for those seven years.

36 (e) In making the calculation under this section, the Secretary shall use the most

33 **PART III.**

34 **HIGHWAY USE TAX.**

35 Sec. 20. Chapter 105 of the General Statutes is amended by adding a new
36 Article to read:

37 **"ARTICLE 5A.**

38 **"NORTH CAROLINA HIGHWAY USE TAX.**

39 **"§ 105-165. Definitions.**

40 The following definitions and the definitions in G.S. 105-164.3 apply to this Article:

41 (1) 'Commissioner' means the Commissioner of Motor Vehicles.

42 (2) 'Division' means the Division of Motor Vehicles, Department of
43 Transportation.

44 **"§ 105-166. Highway use tax imposed.**

1 A tax is imposed on the privilege of using the highways of this State. This tax is in
2 addition to all other taxes and fees imposed.

3 **"§ 105-167. Rate of tax.**

4 (a) The rate of the use tax imposed by this Article is three percent (3%) of the
5 retail value of a motor vehicle for which a certificate of title is issued. The tax is
6 payable as provided in G.S. 105-168. The tax may not be less than forty dollars
7 (\$40.00), nor more than one thousand dollars (\$1,000) for each motor vehicle for which
8 a certificate of title is issued.

9 (b) The retail value of a motor vehicle for which a certificate of title is issued
10 because of a sale of the motor vehicle is the sales price of the motor vehicle, less the
11 amount of any allowance given by the seller for a motor vehicle taken in trade as a
12 partial payment for the purchased motor vehicle. The retail value of a motor vehicle for
13 which a certificate of title is issued because of a reason other than the sale of the motor
14 vehicle is the value of the vehicle set in a schedule of values adopted by the
15 Commissioner.

16 (c) In adopting a schedule of values for motor vehicles, the Commissioner shall
17 adopt a schedule whose values do not exceed the wholesale values of motor vehicles as
18 published in a recognized automotive reference manual.

19 **"§ 105-168. Payment of tax.**

20 (a) The tax imposed by this Article must be paid to the Commissioner when
21 applying for a certificate of title for a motor vehicle. The Commissioner may not issue
22 a certificate of title for a vehicle until the tax imposed by this Article has been paid.
23 The tax may be paid in cash or by check.

24 (b) When a certificate of title for a motor vehicle is issued because of a sale of
25 the motor vehicle, the applicant for the certificate of title must attach the bill of sale for
26 the motor vehicle to the application. A retailer who sells a motor vehicle may collect
27 from the purchaser of the vehicle the tax payable upon the issuance of a certificate of
28 title for the vehicle, apply for a certificate of title on behalf of the purchaser, and remit
29 the tax due on behalf of the purchaser.

30 **"§ 105-169. Alternate tax for those who rent or lease motor vehicles.**

31 (a) A retailer who is engaged in the business of leasing or renting motor vehicles
32 may elect not to pay the tax imposed by this Article at the rate set in G.S. 105-167 when
33 applying for a certificate of title for a motor vehicle purchased by the retailer for lease
34 or rental. A retailer who makes this election shall pay a tax on the gross receipts of the
35 lease or rental of the vehicle at a rate of six percent (6%) of the gross receipts. Like the
36 tax imposed by G.S. 105-167, this alternate tax is a tax on the privilege of using the
37 highways of this State. The maximum tax in G.S. 105-167(a) does not apply to the
38 lease or rental of motor vehicles under this section.

39 (b) A retailer who elects to pay tax on the gross receipts of the lease or rental of a
40 motor vehicle shall make this election when applying for a certificate of title for the
41 vehicle. To make the election, the retailer shall complete a form provided by the
42 Division giving information needed to collect the tax based on gross receipts. Once
43 made, an election is irrevocable.

1 (c) The Division shall notify the Secretary of Revenue of a retailer who makes
2 the election under this section. A retailer who makes this election shall report and remit
3 to the Secretary the tax on the gross receipts of the lease or rental of the motor vehicle
4 as if the gross receipts were taxable under G.S. 105-164.4(a)(2).

5 **"§ 105-170. Partial exemptions from highway use tax.**

6 (a) Only the minimum tax imposed by this Article applies when a certificate of
7 title is issued as a result of the transfer of a motor vehicle:

8 (1) By a gift between a husband and wife or a parent and child.

9 (2) By will or intestacy.

10 (3) To one of the following for the purpose of resale: a motor vehicle
11 retailer or a secured party who has filed a security interest in the motor
12 vehicle with the Department of the Secretary of State.

13 (4) To a partnership or corporation as an incident to the formation of the
14 partnership or corporation and no gain or loss arises on the transfer
15 under Section 351 or Section 721 of the Internal Revenue Code, or to a
16 corporation by merger or consolidation in accordance with G.S. 55-
17 110.

18 (5) To the same owner to reflect a change in the owner's name.

19 (6) To an insurance company to settle a claim concerning a motor vehicle.

20 (7) That is a wrecked motor vehicle for which a salvage title is issued.

21 (b) A maximum tax of one hundred dollars (\$100.00) applies when a certificate
22 of title is issued for a motor vehicle that, at the time of applying for a certificate of title,
23 is and has been titled in another state for at least 90 days.

24 **"§ 105-171. Credit for tax paid in another state.**

25 A person who, within 90 days before applying for a certificate of title for a motor
26 vehicle on which the tax imposed by this Article is due, has paid a sales tax, an excise
27 tax, or a tax substantially equivalent to the tax imposed by this Article on the vehicle to
28 a taxing jurisdiction outside this State is entitled to a credit against the tax due under this
29 Article for the amount of tax paid to the other jurisdiction. The credit may not reduce
30 the person's liability under this Article below the minimum forty-dollar (\$40.00) tax.

31 **"§ 105-172. Refund for return of purchased motor vehicle.**

32 When a purchaser of a motor vehicle returns the motor vehicle to the seller of the
33 motor vehicle within 90 days after the purchase and receives a vehicle replacement for
34 the returned vehicle or a refund of the price paid the seller, whether from the seller or
35 the manufacturer of the vehicle, the purchaser may obtain a refund of the privilege tax
36 paid on the returned motor vehicle, less the minimum tax of forty dollars (\$40.00). To
37 obtain a refund, the purchaser must apply to the Division for a refund within 30 days
38 after receiving the replacement vehicle or refund of the purchase price. The application
39 must be made on a form prescribed by the Commission and must be supported by
40 documentation from the seller of the returned vehicle.

41 **"§ 105-173. Tax deposited in Highway Trust Fund; transfer to General Fund.**

42 Taxes collected under this Article shall be deposited in the North Carolina Highway
43 Trust Fund. In each fiscal year, the State Treasurer shall transfer the sum of one
44 hundred seventy million dollars (\$170,000,000) from the Highway Trust Fund to the

1 General Fund. The State Treasurer shall transfer one-fourth of this amount at the end of
2 each quarter in the fiscal year.

3 **"§ 105-174. Penalties and remedies.**

4 (a) The penalties applicable to a failure to pay State sales and use taxes apply to a
5 failure to pay the tax levied by this Article. In addition, if a check offered in payment of
6 the tax imposed by this Article is returned unpaid and the tax for which the check was
7 offered is not paid within 30 days after the Commissioner demands its payment, the
8 Commissioner shall cancel the certificate of title that was issued when the check was
9 offered.

10 (b) In applying the provisions of Article 9 of this Chapter to the tax levied by this
11 Article, the Commissioner shall exercise the power conferred upon the Secretary. A
12 taxpayer who appeals the tax imposed by this Article shall appeal to the Commissioner
13 or his designee instead of to the Secretary."

14 Sec. 21. Effective July 1, 1993, G.S. 105-167, as enacted by this act, reads as
15 rewritten:

16 **"§ 105-167. Rate of tax.**

17 (a) The rate of the use tax imposed by this Article is three percent (3%) of the
18 retail value of a motor vehicle for which a certificate of title is issued. The tax is
19 payable as provided in G.S. 105-168. The tax may not be less than forty dollars
20 (\$40.00), nor more than one thousand ~~dollars (\$1,000)~~ five hundred dollars (\$1,500) for
21 each motor vehicle for which a certificate of title is issued.

22 (b) The retail value of a motor vehicle for which a certificate of title is issued
23 because of a sale of the motor vehicle is the sales price of the motor vehicle, less the
24 amount of any allowance given by the seller for a motor vehicle taken in trade as a
25 partial payment for the purchased motor vehicle. The retail value of a motor vehicle for
26 which a certificate of title is issued because of a reason other than the sale of the motor
27 vehicle is the value of the vehicle set in a schedule of values adopted by the
28 Commissioner.

29 (c) In adopting a schedule of values for motor vehicles, the Commissioner shall
30 adopt a schedule whose values do not exceed the wholesale values of motor vehicles as
31 published in a recognized automotive reference manual."

32 Sec. 22. G.S. 105-164.3(8b) reads as rewritten:

33 "(8b) 'Motor vehicle' means any vehicle which is self-propelled and
34 designed primarily for use upon the highways, any vehicle which is
35 propelled by electric power obtained from trolley wires but not
36 operated upon rails, and any vehicle designed to run upon the
37 highways which is propelled by a self-propelled vehicle, but shall
38 not include any implement of husbandry, farm tractor, road
39 construction or maintenance machinery or equipment, special
40 mobile equipment as defined in G.S. 20-4.01, ~~or any vehicle~~
41 designed primarily for use in work off the highway—, or a
42 manufactured home."

1 Sec. 23. G.S. 105-164.3 is amended by redesignating subdivisions (8) and
2 (8a) as (7a) and (8), respectively, and by adding a new subdivision, to be inserted in that
3 section in its proper alphabetical order, to read as follows:

4 "(8a) 'Manufactured home' means a structure that is designed to be used
5 as a dwelling and:

- 6 a. Is built on a permanent chassis;
7 b. Is transportable in one or more sections;
8 c. When transported, is at least eight feet wide or 40 feet long; and
9 d. When erected on a site, has at least 320 square feet."

10 Sec. 24. G.S. 105-164.4 reads as rewritten:

11 **"§ 105-164.4. Imposition of tax; retailer. Tax imposed on retailers.**

12 ~~- There is hereby levied and imposed, in addition to all other taxes of every kind now~~
13 ~~imposed by law, a privilege or license tax upon every person who engages in the~~
14 ~~business of selling tangible personal property at retail, renting or furnishing tangible~~
15 ~~personal property or the renting and furnishing of rooms, lodgings and accommodations~~
16 ~~to transients, in this State, the same to be collected and the amount to be determined by~~
17 ~~the application of the following rates against gross sales and rentals, to wit:~~

- 18 (1) ~~At the rate of three percent (3%) of the sales price of each item or~~
19 ~~article of tangible property when sold at retail in this State, the tax~~
20 ~~to be computed on total net taxable sales as defined herein but for~~
21 ~~the purpose of computing the amount due the State each and every~~
22 ~~taxable retail sale, or retail sales upon which the tax has been~~
23 ~~collected, or the amount of tax actually collected, whichever be~~
24 ~~greater and whether or not erroneously collected, shall be included~~
25 ~~in the computation of tax due the State. Provided, however, that in~~
26 ~~the case of the sale of any aircraft, railway locomotive, railway car~~
27 ~~or the sale of any motor vehicle or boat, the tax shall be only at the~~
28 ~~rate of two percent (2%) of the sales price, but at no time shall the~~
29 ~~maximum tax with respect to any one such aircraft, railway~~
30 ~~locomotive, railway car or motor vehicle or boat, including all~~
31 ~~accessories attached thereto at the time of delivery thereof to the~~
32 ~~purchaser, be in excess of three hundred dollars (\$300.00).~~

33 ~~The separate sale of a new motor vehicle chassis and a new motor~~
34 ~~vehicle body to be installed thereon, whether by the same retailer or by~~
35 ~~different retailers shall be subject only to the tax herein prescribed with~~
36 ~~respect to a single motor vehicle. No tax shall be imposed upon a body~~
37 ~~mounted on the chassis of a motor vehicle which temporarily enters~~
38 ~~the State for the purpose of having such body mounted thereon by the~~
39 ~~manufacturer thereof.~~

40 ~~Notwithstanding G.S. 105-164.3(16) and regardless whether the~~
41 ~~seller is a retailer of motor vehicles, the sales price of a motor vehicle~~
42 ~~is the gross sales price of the motor vehicle less any allowance given~~
43 ~~for a motor vehicle taken in trade as part of the consideration for the~~
44 ~~purchased motor vehicle.~~

1 The tax levied under this section applies to all retail sales of motor
2 vehicles regardless whether the seller is engaged in business as a
3 retailer of motor vehicles or whether a tax on the sale of the vehicle
4 has previously been paid under this Article. A purchaser of a motor
5 vehicle from a retailer shall pay the tax imposed under this Article to
6 the retailer, who is liable for collecting and remitting the tax to the
7 Secretary. A purchaser of a motor vehicle is liable for payment of the
8 tax imposed by this Article if the seller is not a retailer. The purchaser
9 shall pay the tax to the Commissioner of Motor Vehicles when
10 applying for a certificate of title for the vehicle. When property is
11 transferred by an individual to a partnership or corporation, and no
12 gain or loss arises as provided by Section 351 or Section 721 of the
13 Code, such transfer is not a sale for the purpose of this subdivision if
14 the transfer is incident to the organization of the partnership or
15 corporation.

16 When applying for a certificate of title, a purchaser of a motor
17 vehicle from a seller who is not a retailer shall certify in writing the
18 sales price of the purchased motor vehicle. A purchaser who
19 knowingly makes a false certification of the sales price is guilty of a
20 misdemeanor.

21 The Commissioner of Motor Vehicles may not issue a certificate of
22 title for a motor vehicle sold by a seller who is not a retailer unless the
23 tax imposed by this section is paid when the purchaser of the vehicle
24 applies for a certificate of title. The Commissioner shall remit taxes
25 collected by him under this subsection to the Secretary.

26 Persons who lease or rent motor vehicles shall collect and remit the
27 tax imposed by this Article on the separate retail sale of a motor
28 vehicle in addition to the tax imposed on the proceeds from the lease
29 or rental of the motor vehicle.

30 (a) A privilege tax is imposed on a retailer at the following percentage rates
31 of the retailer's net taxable sales or gross receipts from the lease or rental of tangible
32 personal property, as appropriate:

33 (1) At the rate of three percent (3%) of the sales price of each item or
34 article of tangible personal property that is sold at retail and is not
35 subject to tax under another subdivision in this section.

36 (1a) At the rate of two percent (2%) of the sales price of each
37 manufactured home, aircraft, boat, railway car, or locomotive sold
38 at retail, including all accessories attached to the item when it is
39 delivered to the purchaser, not to exceed three hundred dollars
40 (\$300.00). Each section of a manufactured home that is
41 transported separately to the site where it is to be erected is a
42 separate article.

43 ~~Provided further, the tax shall be only at~~

1 (1b) At the rate of one percent (1%) of the sales price on the following
2 items:

- 3 a. Horses or mules by whomsoever sold.
4 b. Semen to be used in the artificial insemination of animals.
5 c. Sales of fuel, other than electricity or piped natural gas, to
6 farmers to be used by them for any farm purposes other than
7 preparing food, heating dwellings and other household
8 purposes. The quantity of fuel purchased or used at any one
9 time shall not in any manner be a determinative factor as to
10 whether any sale or use of fuel is or is not subject to the one
11 percent (1%) rate of tax imposed herein.
12 d. Sales of fuel, other than electricity or piped natural gas, to
13 manufacturing industries and manufacturing plants for use in
14 connection with the operation of such industries and plants
15 other than sales of fuels to be used for residential heating
16 purposes. The quantity of fuel purchased used at any one time
17 shall not in any manner be a determinative factor as to whether
18 any sale or use of fuel is or is not subject to the one percent
19 (1%) rate of tax imposed herein.
20 e. Sales of fuel, other than electricity or piped natural gas, to
21 commercial laundries or to pressing and dry-cleaning
22 establishments for use in machinery used in the direct
23 performance of the laundering or the pressing and cleaning
24 service.
25 f. Sales to freezer locker plants of wrapping paper, cartons and
26 supplies consumed directly in the operation of such plant.

27 ~~Provided further, the tax shall be only at~~

28 (1c) At the rate of one percent (1%) of the sales price, subject to a
29 maximum tax of eighty dollars (\$80.00) per article, on the
30 following items:

- 31 ~~g.~~ a. Sales of machines and machinery, whether animal or motor drawn
32 or operated, and parts and accessories for such machines and

34 harvesting or curing of farm crops, and sales of machines and
35 machinery and parts and accessories for such machines and machinery
36 to dairy operators, poultry farmers, egg producers, and livestock
37 farmers for use by them in the production of dairy products, poultry,

39 and accessories that come within the provisions of G.S. 105-
40 164.13(4c).

41 The term 'machines and machinery' as used in this
42 subdivision is defined as follows:

43 The term shall include all vehicular implements, designed
44 and sold for any use defined in this subdivision, which are

1 operated, drawn or propelled by motor or animal power, but
2 shall not include vehicular implements which are operated
3 wholly by hand, and shall not include any motor vehicles
4 required to be registered under Chapter 20 of the General
5 Statutes.

6 The term shall include all nonvehicular implements and
7 mechanical devices designed and sold for any use defined in

19 manufacturing industries and plants, and sales to subcontractors
20 purchasing mill machinery or mill machinery parts and accessories for
21 use by them in the performance of contracts with general contractors
22 who have contracts with manufacturing industries and plants. As used
23 in this paragraph, the term 'manufacturing industries and plants' does

16 retail.

17 (2) ~~At the rate of three percent (3%) of the gross proceeds derived~~
18 ~~from the lease or rental of tangible personal property as defined~~
19 ~~herein, where the lease or rental of such property is an established~~
20 ~~business, or the same is incidental or germane to said business;~~

24 ~~percentage rate of the gross receipts derived by a retailer who is~~
25 ~~engaged in the business of leasing or renting tangible personal~~
26 ~~property or leases or rents property of the type sold by the retailer.~~
27 ~~The applicable percentage rate is the rate and the maximum tax, if~~
28 ~~any, that applies to a sale of the property that is leased or rented. A~~
29 ~~person who leases or rents property shall also collect the tax~~
30 ~~imposed by this section on the separate retail sale of the property.~~

31 (3) Operators of hotels, motels, tourist homes, tourist camps, and
32 similar type businesses and persons who rent private residences and
33 cottages to transients are considered retailers under this Article.
34 There is levied upon every such retailer a tax of three percent (3%)
35 of the gross receipts derived from the rental of any room or rooms,
36 lodgings, or accommodations furnished to transients for a
37 consideration. This tax does not apply to any private residence or
38 cottage that is rented for less than 15 days in a calendar year or to
39 any room, lodging, or accommodation supplied to the same person
40 for a period of 90 or more continuous days.

41 As used in this subdivision, the term 'persons who rent to
42 transients' means (i) owners of private residences and cottages who
43 rent to transients and (ii) rental agents, including 'real estate brokers'
44 as defined in G.S. 93A-2, who rent private residences and cottages to

1 transients on behalf of the owners. If a rental agent is liable for the tax
2 imposed by this subdivision, the owner is not liable.

3 (4) Every person, firm or corporation engaged in the business of
4 operating a pressing club, cleaning plant, hat-blocking
5 establishment, dry-cleaning plant, laundry (including wet or damp
6 wash laundries and businesses known as launderettes and
7 launderalls), or any similar-type business, or engaged in the
8 business of renting clean linen or towels or wearing apparel, or any
9 similar-type business, or engaged in the business of soliciting
10 cleaning, pressing, hat blocking, laundering or rental business for
11 any of the aforementioned businesses, shall be considered 'retailers' for
12 the purposes of this Article. There is hereby levied upon every such
13 person, firm or corporation a tax of three percent (3%) of the gross
14 receipts derived from services rendered in engaging in any of the
15 occupations or businesses named in this subdivision, and every
16 person, firm or corporation subject to the provisions of this
17 subdivision shall register and secure a license in the manner
18 hereinafter provided in this section, and, insofar as practicable, all
19 other provisions of this Article shall be applicable with respect to
20 the tax herein provided for. The tax imposed by this subdivision
21 does not apply to receipts derived from coin or token-operated
22 washing machines, extractors, and dryers. The taxes levied in this
23 subdivision are additional privilege or license taxes for the
24 privilege of engaging in the occupations or businesses named
25 herein. Any person, firm or corporation engaged in cleaning,
26 pressing, hat blocking, laundering for, or supplying clean linen or
27 towels or wearing apparel to, another person, firm or corporation
28 engaged in soliciting shall not be required to pay the three percent
29 (3%) tax on its gross receipts derived through such solicitor, if the
30 soliciting person, firm or corporation has registered with the
31 Department, secured the license hereinafter required and has paid
32 the tax at the rate of three percent (3%) of the total gross receipts
33 derived from business solicited.

34 (4a) At the rate of three percent (3%) of the gross receipts derived by a
35 utility from sales of electricity, piped natural gas, or local
36 telecommunications service as defined by G.S. 105-120(a). A
37 person who operates a utility is considered a retailer under this
38 Article.

39 (4b) A person who sells tangible personal property at a flea market,
40 other than his own household personal property, is considered a
41 retailer under this Article. A tax is levied on that person at the rate
42 of three percent (3%) of the sales price of each article sold by him
43 at the flea market. A person who leases or rents space at a flea
44 market may not lease or rent this space unless the retailer

1 requesting to rent or lease the space furnishes evidence that he has
2 obtained the license required by this Article. A person who leases
3 or rents space at a flea market shall keep records of retailers to
4 whom he has leased or rented space at the market. As used in this
5 subdivision, the term "flea market" means a place where space is
6 rented to a person for the purpose of selling tangible personal
7 property.

8 (4c) At the rate of six and one-half percent (6 1/2%) of the gross
9 receipts derived from providing toll telecommunications services or
10 private telecommunications services as defined by G.S. 105-120(a)
11 that both originate from and terminate in the State which are not
12 subject to the privilege tax under G.S. 105-120. Any business
13 entity that provides the service outlined above is considered a
14 retailer under this Article. This subdivision shall not apply to
15 telephone membership corporations as described in Chapter 117 of
16 the General Statutes.

17 (b)-(5) The said tax shall be collected from the retailer as defined herein and paid by
18 him at the time and in the manner as hereinafter provided. Provided, however, that any
19 person engaging or continuing in business as a retailer shall pay the tax required on the
20 net taxable sales of such business at the rates specified when proper books are kept
21 showing separately the gross proceeds of taxable and nontaxable sales of tangible
22 personal property in such form as may be accurately and conveniently checked by the
23 Secretary or his duly authorized agent. If such records are not kept separately the tax
24 shall be paid as a retailer on the gross sales of business and the exemptions and
25 exclusions provided by this Article shall not be allowed.

26 (6) The tax so levied is and shall be in addition to all other taxes whether levied in the
27 form of excise, license or privilege or other taxes.

28 (c)-(7) Any person who shall engage or continue in any business for which a
29 privilege tax is imposed by this Article shall immediately after July 1, 1979, apply for
30 and obtain from the Secretary upon payment of the sum of five dollars (\$5.00) a license
31 to engage in and conduct such business upon the condition that such person shall pay
32 the tax accruing to the State of North Carolina under the provisions of this Article and
33 he shall thereby be duly licensed and registered to engage in and conduct such business.
34 Except as hereinafter provided, a license issued under this subsection shall be a
35 continuing license until revoked for failure to comply with the provisions of this Article.
36 However, any person who has heretofore applied for and obtained such license, and
37 such license was in force and effect as of July 1, 1979, shall not be required to apply for
38 and obtain a new license.

39 Any person who shall cease to be engaged in any business for which a privilege tax
40 is imposed by this Article, and who shall remain continuously out of business for a
41 period of five years shall apply for and obtain a new license from the Secretary upon
42 the payment of a tax of five dollars (\$5.00), and any license previously issued under
43 this section shall be null, void and of no effect. The burden of proof after such period

1 shall be upon the taxpayer to show that he did engage in such activity within the period,
2 and that no new license is required.

3 A retailer who sells tangible personal property at a flea market shall conspicuously
4 display his sales tax license when making sales at the flea market."

5 Sec. 25. G.S. 105-164.6 reads as rewritten:

6 **"§ 105-164.6. Imposition of tax.**

23 (a) An excise tax at the following percentage rates is imposed on the storage, use,
24 or consumption in this State of tangible personal property purchased inside or outside
25 the State for storage, use, or consumption in the State:

26 (1) At the applicable percentage rate of the cost price of each item or

1 ~~(b)-(3)~~ There is hereby levied and there shall be collected from every person, firm, or
2 corporation, an excise tax of three percent (3%) of the purchase price of all tangible
3 personal property purchased or used which shall enter into or become a part of any
4 building or other kind of structure in this State, including all materials, supplies, fixtures
5 and equipment of every kind and description which shall be annexed thereto or in any
6 manner become a part thereof. Said tax shall be levied against the purchaser of such
7 property. Provided, that where the purchaser is a contractor, the contractor and owner
8 shall be jointly and severally liable for said tax, but the liability of the owner shall be
9 deemed satisfied if before final settlement between them the contractor furnishes to the
10 owner an affidavit certifying that said tax has been paid. Provided further, that where
11 the purchaser is a subcontractor, the contractor and subcontractor shall be jointly and
12 severally liable for said tax, but the liability of the contractor shall be deemed satisfied
13 if before final settlement between them the subcontractor furnishes to the contractor an
14 affidavit certifying that said tax has been paid.

15 ~~(3a) Every person, firm, or corporation that purchases or acquires a~~
16 ~~motor vehicle shall pay a tax at the rate of two percent (2%) of the~~
17 ~~sales price of the vehicle, not to exceed three hundred dollars~~
18 ~~(\$300.00) per vehicle. This tax shall be paid to the Commissioner~~
19 ~~of Motor Vehicles when applying for a certificate of title or~~

21 ~~Commissioner of Motor Vehicles a certificate from a retailer of~~
22 ~~motor vehicles engaged in business in this State stating that the~~
23 ~~purchaser has paid the tax levied on the vehicle by this Article to~~
24 ~~the retailer is relieved of liability for the tax. No certificate of title,~~
25 ~~or registration and license plate or plates shall be issued for any~~
26 ~~motor vehicle purchased or acquired for use on the streets and~~
27 ~~highways of this State unless and until the tax provided for under~~
28 ~~this Article on motor vehicles has been paid. Nothing herein is~~
29 ~~intended to relieve any retailer of motor vehicles engaged in~~
30 ~~business in this State from his liability for collecting and remitting~~
31 ~~sales or use tax on his sales of motor vehicles for use by the~~
32 ~~purchasers thereof in this State and no retailer shall be absolved of~~
33 ~~this liability for his failure to collect the tax from such purchasers.~~
34 ~~The Commissioner of Motor Vehicles shall remit use taxes~~
35 ~~collected by him under this subdivision to the Secretary.~~

36 ~~The tax levied under this section applies to all owners of motor~~
37 ~~vehicles, regardless whether the owner purchased or acquired the~~
38 ~~vehicle from a retailer of motor vehicles and regardless whether a tax~~
39 ~~has previously been paid under this Article with respect to the vehicle.~~

40 ~~An owner of a motor vehicle acquired from a seller who is not a~~
41 ~~retailer shall certify the sales price of the vehicle as provided in G.S.~~
42 ~~105-164.4(1).~~

44 ~~tax imposed by this Article on the separate retail sale of a motor~~

1 ~~vehicle in addition to the tax imposed on the proceeds from the lease~~
2 ~~or rental of the motor vehicle.~~

3 (c)-(4) Where a retail sales tax has already been paid with respect to said tangible
4 personal property in this State by the purchaser thereof, said tax shall be credited upon
5 the tax imposed by this Part. Where a retail sales and use tax is due and has been paid
6 with respect to said tangible personal property in another state by the purchaser thereof
7 for storage, use or consumption in this State, said tax shall be credited upon the tax
8 imposed by this Part. If the amount of tax paid to another state is less than the amount of
9 tax imposed by this Part, the purchaser shall pay to the Secretary an amount sufficient to
10 make the tax paid to the other state and this State equal to the amount imposed by this
11 Part. The Secretary of Revenue shall require such proof of payment of tax to another
12 state as he deems to be necessary and proper. No credit shall be given under this
13 subdivision for sales or use taxes paid in another state if that state does not grant similar
14 credit for sales taxes paid in North Carolina.

15 (d)-(5) Every person storing, using or otherwise consuming in this State tangible
16 personal property purchased or received at retail either within or without this State shall
17 be liable for the tax imposed by this Article and the liability shall not be extinguished
18 until the tax has been paid to this State. Provided, however, that a receipt from a
19 registered retailer engaged in business in this State given to the purchaser in accordance
20 with the provisions of this Article shall be **prima facie** sufficient to relieve the
21 purchaser from liability for the tax to which such receipt may refer and the liability of
22 the purchaser shall be extinguished upon payment of the tax by any retailer from whom
23 he has purchased said property.

24 (e)-(6) Except as provided herein the tax so levied is and shall be in addition to all
25 other taxes whether levied in the form of excise, license, privilege or other taxes.

26 (f)-(7) Every retailer engaged in business in this State selling or delivering tangible
27 personal property for storage, use or consumption in this State shall immediately after
28 July 1, 1979, apply for and obtain from the Secretary upon the payment of the sum of
29 five dollars (\$5.00) a license to engage in and conduct such business upon the condition
30 that such person shall pay the tax accruing to the State of North Carolina under the
31 provisions of this Article, and he shall thereby be duly licensed and registered to engage
32 in and conduct such business. Except as hereinafter provided, a license issued under this
33 subsection shall be a continuing license until revoked for failure to comply with the
34 provisions of this Article. However, any person who has heretofore applied for and
35 obtained such license, and such license was in force and effect as of July 1, 1979, shall
36 not be required to apply for and obtain a new license.

37 Any person who shall cease to be engaged in any business for which a tax is
38 imposed by this Article, and who shall remain continuously out of business for a period
39 of five years shall apply for and obtain a new license from the Secretary upon the
40 payment of a tax of five dollars (\$5.00), and any license previously issued under this
41 section shall be null, void and of no effect. The burden of proof after such period shall
42 be upon the taxpayer to show that he did engage in such activity within the period, and
43 that no new license is required.

1 (g)–(8) Notwithstanding any other provisions of this Article, a use tax, at the
2 applicable use tax rate, as hereinbefore provided, is hereby levied upon the storage or
3 use in this State of any motor vehicles, machines, machinery, tools or other equipment
4 brought, imported or caused to be brought into this State for use in constructing,
5 building or repairing any building, highway, street, sidewalk, bridge, culvert, sewer or
6 water system, drainage or dredging system, railway system, reservoir or dam, hydraulic
7 or power plant, transmission line, tower, dock, wharf, excavation, grading or other
8 improvement or structure, or any part thereof. The owner or, if the property is leased the
9 lessee of any such motor vehicle, machine, machinery, tools or other equipment shall be
10 liable for the tax provided for in this paragraph, to be computed as set out below. The
11 useful life of such motor vehicles, machines, tools or other equipment shall be
12 determined by the Secretary in accordance with the experience and practices of the
13 building and construction trades. Said use tax shall be computed on the basis of such
14 proportion of the original purchase price of such property as the duration of time of use
15 in this State bears to the total useful life thereof. Such tax shall become due immediately
16 upon such property being brought into this State, and in the absence of satisfactory
17 evidence as to the period of use intended in this State, it shall be presumed that such
18 property will remain in this State for the remainder of its useful life.

19 A credit is allowed against the tax imposed on the use of property under this
20 subsection for any retail sales or use tax paid on the property to another state. The
21 amount of the credit allowed is the proportion of the sales or use tax paid as the time of
22 use in this State bears to the total useful life of the property. A credit is also allowed
23 against the local use taxes imposed in this State for any local retail sales or use tax paid
24 on the property to a locality in another state. The amount of the credit allowed is the
25 proportion of the local sales or use tax paid as the time of use in this State bears to the
26 total useful life of the property. No credit is allowed, however, if the state to which, or
27 in which a locality to which, a retail sales or use tax was paid does not allow a similar
28 credit or grant an exemption for property brought into that state from this State. All
29 provisions of this Article not directly in conflict with the provisions of this paragraph shall be
30 applicable with respect to the matters herein set forth. The provisions of this paragraph shall not
31 be applicable with respect to sales of such property within this State or to the use, storage or
32 consumption of such property when purchased for use in this State, and in such cases the full
33 sales or use tax shall be paid as in all other cases, irrespective of the period of intended use in
34 this State.

35 This subsection does not apply to sales of property in this State or to the use, storage,
36 or consumption of property when purchased for use in this State. In these cases, the full
37 sales or use tax, or the privilege tax levied by Article 5A of this Chapter, as appropriate,
38 shall be paid. For purposes of this subsection, the use tax rate of tax on a motor vehicle
39 is considered to be three percent (3%), not to exceed the maximum tax set in G.S. 105-
40 167(a). All provisions of this Article, including the administrative provisions, apply to
41 the tax imposed by this subsection unless they directly conflict with this subsection."

42 Sec. 26. G.S. 105-164.13(16) reads as rewritten:

43 "(16) Sales of used articles ~~other than motor vehicles~~ taken in trade, or a
44 series of trades, as a credit or part payment on the sale of a new
45 article, ~~provided the tax levied in this Article is paid on the gross~~

1 sales price of the new article. In the interpretation of this
2 subsection, new article shall be taken to mean article. 'New article'
3 means the original stock in trade of the merchant, and shall is not
4 be limited to newly manufactured articles. The resale of articles
5 other than motor vehicles repossessed by the vendor shall likewise
6 be exempt from gross sales taxable under this Article."

7 Sec. 27. G.S. 105-164.13(32) reads as rewritten:

8 "(32) Sales of motor vehicles, as defined in G.S. 105-164.3(8a) to
9 nonresident purchasers for immediate transportation to and use in
10 another state in which such vehicles are required to be registered,
11 provided the seller obtains from the purchaser and furnishes to the
12 Secretary of Revenue an affidavit stating the name and address of
13 the purchaser, the state in which the vehicle will be registered and
14 operated, the make, model, and serial number of the vehicle, and
15 such other information as the Secretary may require, and provided
16 further that an exemption shall be allowed unless the affidavit is
17 filed with the seller's sales and use tax report for the month during
18 which the sale is made and such report is timely filed. For sales
19 made by a seller who is not a retailer, this exemption applies if the
20 purchaser furnishes the Secretary an affidavit containing the
21 information otherwise required from a retailer within 45 days of the
22 date of the sale. vehicles, and sales of motor vehicle bodies that are
23 to be mounted on motor vehicle chassis."

24 PART IV

25 MOTOR FUEL TAX INCREASE

26 Sec. 28. G.S. 105-434(a) reads as rewritten:

27 "(a) Tax. – An excise tax is levied on motor fuel sold, distributed, or used by a
28 distributor within this State at the rate of fourteen cents (14¢) per gallon plus three
29 percent (3%) of the average wholesale price of motor fuel, as determined semiannually
30 by the Secretary of Revenue from a flat rate of seventeen cents (17¢) per gallon, plus a
31 variable rate of either three and one-half cents (3 1/2¢) per gallon or seven percent (7%)
32 of the average wholesale price of motor fuel for the applicable base period, whichever is
33 greater. The Secretary of Revenue shall semiannually determine the average wholesale
34 price of motor fuel using information on refiner and gas plant operator sales prices of
35 finished motor gasoline and No. 2 diesel fuel for resale, published by the United States
36 Department of Energy in the 'Monthly Energy Review,' or on equivalent data. The
37 Secretary shall determine the average wholesale price of motor fuel by computing the
38 average sales price of finished motor gasoline for the base period, computing the
39 average sales price for No. 2 diesel fuel for the base period, and then computing a
40 weighted average of the results of the first two computations based on the proportion of
41 tax collected under this Article on motor fuel and Article 36A on fuel for the base
42 period. The Secretary shall notify affected taxpayers of the tax rate to be in effect for
43 each six-month period beginning January 1 and July 1.

1 To facilitate ~~collection-administration~~ of the motor fuel tax, the Secretary shall
 2 convert the ~~percentage rate-wholesale percentage~~ component to a cents-per-gallon rate to
 3 be in effect during the six-month period beginning each January 1 and July 1. The rate to be in
 4 effect ~~during-for~~ the six-month period beginning January 1 shall be computed from data
 5 published for the six-month base period ending on the preceding September 30, and the
 6 rate to be in effect ~~during-for~~ the six-month period beginning July 1 shall be computed
 7 from data published for the six-month base period ending on the preceding March 31.
 8 The cents-per-gallon rate computed by the Secretary shall be rounded to the nearest
 9 one-tenth of a cent (1/10¢). If the cents-per-gallon rate computed by the Secretary is
 10 exactly between two tenths of a cent, the rate shall be rounded up to the higher of the
 11 two."

12 Sec. 29. G.S. 105-446 reads as rewritten:

13 **"§ 105-446. Refund for tax on motor fuel used other than to propel a motor vehicle.**

14 A person who purchases and uses motor fuel for a purpose other than to operate a
 15 licensed motor vehicle may receive an annual refund, for the tax paid during the
 16 preceding calendar year, at a rate equal to ~~fourteen cents (14¢) per gallon plus the average~~
 17 ~~of the two wholesale cents per gallon rates of tax in effect during the year for which refund is~~
 18 ~~claimed, the amount of the flat cents-per-gallon rate in effect during the year for which~~
 19 ~~the refund is claimed plus the average of the two variable cents-per-gallon rates in effect~~
 20 ~~during that year, less one cent (1¢) per gallon. An application for a refund allowed~~
 21 ~~under this section shall be made in accordance with G.S. 105-440."~~

22 Sec. 30. G.S. 105-446.1 reads as rewritten:

23 **"§ 105-446.1. ~~Refunds of taxes paid by counties and municipalities.~~ Refund of tax paid**
 24 **on motor fuel by certain governmental entities and nonprofit**
 25 **organizations.**

26 The following entities shall be entitled to reimbursement for the tax levied by G.S.

 31 ~~counties, municipal corporations, volunteer fire departments, county fire departments,~~
 32 ~~volunteer rescue squads, and "sheltered workshop" organizations recognized and~~
 33 ~~approved by the Department of Human Resources. "Chief executive officer" shall mean~~
 34 ~~the Director of Highways, the mayor, city manager or other municipal officer~~
 35 ~~designated by the governing body of the municipality, the chairman of the board of~~

 37 ~~commissioners, or the president or other duly designated officer or agent of a volunteer~~
 38 ~~fire department, county fire department, volunteer rescue squad or "sheltered~~
 39 ~~workshop" organization. Reimbursement shall be at a rate equal to fourteen cents (14¢)~~

4 under this section:

13 Resources.

14 (b) An application for a refund allowed under this section must be made in
15 accordance with G.S. 105-440 and must be signed by the chief executive officer of the
16 entity. The chief executive officer of the Department of Transportation is the Secretary
17 of Transportation. The chief executive officer of a county or municipal corporation is
18 the officer designated by the governing body of the county or municipal corporation,

12 "**§ 105-449.39. Credit for payment of motor fuel tax.**

31 ~~promulgated thereunder for a period of one full prior registration year. To obtain this~~

33 ~~for which the credit is claimed has been paid.~~

34 If the amount of a credit to which a motor carrier is entitled for a quarter exceeds the
35 motor carrier's liability for that quarter, the excess may, in accordance with rules
36 adopted by the Secretary, be refunded to the motor carrier or carried forward and
37 applied to the motor carrier's tax liability for another quarter. The Secretary may not
