The Director of the Budget shall develop necessary budget controls, regulations, and systems to ensure that these funds and other State funds subject to the Executive Budget Act, may not be spent in a manner which would cause a deficit in expenditures.

In 1988 the General Assembly contracted for a report entitled "Study of Dropout Prevention Factors in the Secondary Schools of North Carolina". Based on this study and its own review of the use of funds appropriated for dropout prevention, the General Assembly finds that there is a need to refocus the funds appropriated for dropout prevention in a way that emphasizes:

- (1) Well planned, sustained efforts by local school units in both primary and secondary schools to reduce dropouts.
 - (2) A goal at the local school unit level on the reduction of dropout rates.

Sec. 54. Section 9 of Chapter 738 of the 1987 Session Laws as amended by Section 100(a) of Chapter 1086 of the 1987 Session Laws reads as rewritten:

"Sec. 9. Shift premium pay for employees in medically related positions shall be limited to a maximum of twenty percent (20%) of salary for weekday nights and to a maximum of thirty percent (30%) of salary for weekend nights.

The State Personnel Commission may not adopt a shift premium pay schedule higher than those stated in this section unless the higher schedule is first approved by the General Assembly and funds are appropriated to implement the higher pay. The Commission may, however, request authorization to pay shift premium pay to employees in grades above those stated in this section when the Commission determines that there is a critical shortage of employees in a position because of competition from private employers who pay shift premium pay for that type work. Such a request shall be made to the General Assembly if it is in session; otherwise, the request shall be approved by the Director of the Budget with the advice of the Advisory Budget Commission.

The State Personnel Commission shall strictly enforce its regulation requiring that employees who receive shift premium pay be regularly assigned to night or shift work. The Department of Human Resources shall adopt rules, as provided by the Administrative Procedure Act, to implement this subsection.

(g) Dispensing of Generic Drugs. Notwithstanding G.S. 90-85.27 through G.S. 90-85.31, under the Medical Assistance Program (Title XIX of the Social Security Act) a prescription order for a drug designated by a trade or brand name shall be considered to be an order for the drug by its established or generic name, except when the prescriber personally indicates, either orally or in his own handwriting on the prescription order, "dispense as written" or words of similar meaning. (i) Volume Purchase Plans and Single Source Procurement. The Department of Human Resources, Division of Medical Assistance, may, subject to the approval of a change in the State Medicaid Plan, contract for services, medical equipment, supplies and appliances by implementation of volume purchase plans, single source procurement or other similar processes in order to improve cost containment.

—FAMILY SUPPORT ACT

Sec. 71. (a) Section 229 of Chapter 1014 of the 1985 Session Laws is amended by adding a new subsection to read:

"(d) If any provision of this section is held invalid by a court of competent jurisdiction, the invalidity shall not affect the remaining provisions of this section that can be given effect."

(b) The General Assembly finds that it is in the best interest of the State and of all its citizens to encourage recipients of Aid to Families with Dependent Children to obtain jobs and become self-sufficient. It further finds that, by continuing medical assistance and providing limited wage assistance to those recipients who are working, the State will make it possible to help many recipients to be able to keep their jobs, support their families, and become self-sufficient.

(c) The Social Services Commission shall adopt rules to change the way it budgets Aid to Families with Dependent Children payments that will result in more recipients being able to find work and keep working. These rules shall include subtracting countable income from the State standard of need, and paying a percentage of the difference. The percentage that shall be applied to determine the amount of assistance shall be the same percentage set in the Current Operations Appropriations Act that determines the Aid to Families of Dependent Children payment level from the standard of need.

(d) The Department of Human Resources shall authorize a special needs allowance under rules adopted by the Social Services Commission to those recipients of Aid to Families of Dependent Children who are teenage parents and who are enrolled in elementary or secondary school or in a G.E.D. program. —WILLIE M.

Sec. 82. (a) Legislative Findings. The General Assembly finds:

- (1) That there is a need in North Carolina to provide appropriate treatment and education programs to children under the age of 18 who suffer from emotional, mental, or neurological handicaps accompanied by violent or assaultive behavior;
- (2) That children meeting these criteria have been identified as a class in the case of Willie M., et al. vs. Martin, et al., formerly Willie M., et al. vs. Hunt, et al.; and
- (3) That these children have a need for a variety of services, in addition to those normally provided, that may include but are not limited to residential treatment services, educational services, and independent living arrangements.

(b) Funds for Department of Human Resources. It is the intent of the General Assembly that funds appropriated in Section 5 of this act to the Department of Human Resources for serving members of the Willie M. Class be expended only for programs serving members of the Willie M. Class identified in Willie M., et al. vs. Martin, et al., formerly Willie M., et al. vs. Hunt, et al., including evaluations of potential class members. It is recognized that therapeutic or economic reasons may, at times, require certain of these services to serve a mixed clientele of Willie M. Class members and other clients. To the maximum extent possible, however, these funds shall be expended solely for the benefit of Willie M. Class members. The Department shall reallocate these funds among services to Willie M. Class members during the year as it deems advisable in order to use the funds efficiently in providing appropriate services to Willie M. Class children.

(c) Funds for Department of Public Education. Funds appropriated to the Department of Public Education in Section 3 of this act for members of the Willie M. Class, are to establish a supplemental reserve fund to serve only members of the class identified in Willie M., et al. vs. Martin, et al., formerly Willie M., et al. vs. Hunt, et al. These funds shall be allocated by the State Board of Education to the local education agencies to serve those class members who were not included in the regular average daily membership and the census of children with special needs, and to provide the additional program costs which exceed the per pupil allocation from the State Public School Fund and other State and federal funds for children with special needs.

(d) The Department shall continue to implement its prospective unit cost reimbursement system and shall ensure that unit cost rates reflect reasonable costs by conducting cost center service type rate comparisons and cost center line item budget reviews as may be necessary.

(e) Reporting Requirements. The Department of Human Resources and the Department of Public Education shall submit, by May 1, 1990, a joint report to the Governor and the General Assembly on the progress achieved in serving members of the Willie M. Class. The report shall include the following unduplicated data for each county: (i) the number of children nominated for the Willie M. Class; (ii) the number of children actually identified as members of the Class in each county; (iii) the number of children served as members of the Class in each county; (iv) the number of children who remain unserved; (v) the types and locations of treatment and education services provided to Class members; (vi) the cost of services, by type, to members of the Class; (vii) information on the impact of treatment and education services on members of the Class.

(f) The Departments of Human Resources and Public Education shall provide periodic reports of expenditures on behalf of the Willie M. Class to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division.

(g) In fulfilling the responsibilities vested in it by the Constitution of North Carolina, the General Assembly finds:

- (1) That the responsible State agencies have made a bona fide good faith effort to comply fully with the requirements of the court orders in the case of Willie M., et al. vs. Martin, et al., formerly Willie M., et al. vs. Hunt, et al., and that services and placements for Willie M. Class members are very greatly improved.
- (2) That the General Assembly has evaluated the known needs of the State and has endeavored to satisfy those needs in comparison to their social and economic priorities.
- (3) That the funds appropriated will enable the development and implementation of placement and services for the class members in Willie M., et al. vs. Martin, et al., formerly Willie M., et al. vs. Hunt, et al., within a reasonable period of time considered within the context of the needs of the class members, the other needs of the State and the resources available to the State.
- (4) That additional expenditures of funds for these purposes at this time would result in an accelerated expenditure of and an unreasonable waste of State funds inasmuch as such expenditures could not reasonably be expected to actually secure a higher degree of treatment or education for the class members than can be accomplished with the funds appropriated.

(h) The General Assembly supports the efforts of the responsible officials and agencies of the State to meet the requirements of the court order in Willie M., et al. vs. Martin, et al., formerly Willie M., et al. vs. Hunt, et al. However, in view of the finding in subsection (g) above, the General Assembly expressly directs that no State funds

shall be expended on the placement and services of class members in Willie M., et al. vs. Martin, et al., formerly Willie M., et al. vs. Hunt, et al., or for any other thing or purpose arising out of this litigation, now or at any time in the biennium, except for those funds appropriated in Sections 3 and 5 of this act to the Departments of Public Education and Human Resources for programs serving members of the Willie M. Class identified in Willie M., et al. vs. Martin, et al., formerly Willie M., et al. vs. Hunt, et al., and except for such funds as may be elsewhere appropriated by the General Assembly specifically for such purposes. The above limitation shall not preclude the use of unexpended Willie M. funds from prior fiscal years to cover current or future needs of the Willie M. program subject to approval by the Director of the Budget. Such expenditures shall not be subject to the requirements of G.S.143-18.

(i) Notwithstanding any other provision of law, if the Department of Human Resources determines that a local program is not providing appropriate services to members of the class identified in Willie M., et al. vs. Martin, et al., formerly Willie M., et al. vs. Hunt, et al., the Department may ensure the provision of these services through contracts with public or private agencies or by direct operation by the Department of such programs.
