1                   A BILL TO BE ENTITLED  
2   AN ACT TO AUTHORIZE REFUNDING BONDS TO PAY INTEREST ON  
3   OUTSTANDING BONDS.

4   The General Assembly of North Carolina enacts:

5       Section 1. The General Assembly finds and determines as hereinafter set  
6   forth in this section.

7       Joint agencies have issued bonds to finance base-load electric generating  
8   projects under Chapter 159B. When the bonds were issued, debt service structures were  
9   established on the basis of then existing factors. These factors have changed  
10   significantly since the debt service structures were established. Adjustment of these  
11   debt services schedules would permit the joint agencies to respond to these changed  
12   circumstances.

13      Adjustment of the joint agencies' debt service schedules would permit debt  
14   service to more closely match the expected economic lives of the projects in a manner  
15   that is consistent with the prudent utility practice of recovering capital costs so that  
16   ratepayers bear debt service costs in proportion to the benefits they can expect to  
17   receive, and would permit the joint agencies to structure their electric rates in a manner  
18   similar to what is now common for private utilities. Utility regulatory commissions  
19   have adopted plans providing for the phase-in of recovery of capital costs of capital-  
20   intensive generating projects, thus deferring recovery of these costs in rates.

21      Adjustments in debt service schedules would also permit the joint agencies to  
22   extend the utilization of reserves providing enhanced flexibility to the joint agencies in  
23   managing their fiscal affairs in a prudent manner.

1        It is necessary and desirable to amend Chapter 159B to permit existing  
2 modification of debt service schedules to reflect these circumstances, but only if the  
3 municipality or joint agency can adequately service its debt and otherwise is in  
4 compliance with the provisions of Chapter 159B.

5        The circumstances affecting joint agencies are not of broad application, and  
6 accordingly the provisions of this act affect only Chapter 159B and grant new authority  
7 only for the period through June 30, 1992.

8        Sec. 2. G.S. 159B-25 reads as rewritten:

9        **"§ 159B-25. Refunding bonds.**

10      (a) A municipality or joint agency is hereby authorized to provide by resolution  
11 for the issuance of refunding bonds of the municipality or joint agency for the purpose  
12 of refunding any bonds then outstanding which shall have been issued under the  
13 provisions of this Chapter, including the payment of any redemption premium thereon  
14 and any interest accrued or to accrue to the date of redemption of such bonds. ~~The  
15 issuance of such bonds, the maturities and other details thereof, the rights of the holders  
16 thereof, and the rights, duties and obligations of the municipality or joint agency in respect to  
17 the same shall be governed by the provisions of this Chapter which relate to the issuance of  
18 bonds, insofar as such provisions may be appropriate thereof.~~

19      (b) In addition to any refunding bonds that may be issued pursuant to subsection  
20 (a), a municipality or joint agency is hereby authorized to provide by resolution for the  
21 issuance of refunding bonds for the purpose of providing for the payment of any interest  
22 accrued or to accrue on any bonds which shall have been issued by the joint agency  
23 under the provisions of the Chapter; provided, however, that the refunding bonds are  
24 issued on or prior to June 30, 1992, and the latest maturity of the refunding bonds issued  
25 for a project is no later than the latest maturity of any other bonds issued by the  
26 municipality or joint agency, as the case may be, then outstanding for the same project;  
27 and provided further that the Local Government Commission shall conduct an  
28 evidentiary hearing and upon the evidence presented find and determine that:

- 29              (1) The municipality's or the joint agency's debt will be managed in strict  
30 compliance with law;
- 31              (2) The requirements of this Chapter with respect to the issuance of its  
32 bond and the details thereof and security therefor have been and will  
33 be satisfied;
- 34              (3) The estimated revenues of the project or the revenues of the  
35 municipality's electric system, as the case may be, will be sufficient to  
36 service all bonds to be outstanding after the issuance of the refunding  
37 bonds;
- 38              (4) The application of the proceeds of the refunding bonds will result in  
39 the deferral of recovery in rates of a portion of the capital costs of the  
40 project for a reasonable period of time;
- 41              (5) All capital costs of the project will be recovered over a period ending,  
42 and all bonds issued for the project will mature, no later than the end  
43 of the then estimated useful economic life of the project;

- 1           (6)    The issuance of the bonds is in the best interest of the municipality's or  
2           joint agency's electricity customers; and  
3           (7)    The bond rating of the State and its several political subdivisions and  
4           agencies allowed to issue bonds should not be adversely affected.  
5           (c)    The issuance of such bonds, the maturities and other details thereof, the rights  
6           of the holders thereof, and the rights, duties and obligations of the municipality or joint  
7           agency in respect to the same shall be governed by the provisions of this Chapter which  
8           relate to the issuance of bonds, insofar as such provisions may be appropriate thereof."  
9           Sec. 3. This act is effective upon ratification.
