**A BILL TO BE ENTITLED**

**AN ACT TO AUTHORIZE THE ADDITION TO THE STATE PARKS SYSTEM OF  
CERTAIN LANDS LOCATED IN TRANSYLVANIA COUNTY ADJACENT TO  
JOCASSEE LAKE.**

Whereas, Section 5 of Article XIV of the Constitution of North Carolina states that it shall be a proper function of the State of North Carolina to acquire and preserve park, recreational, and scenic areas and, in every other appropriate way, to preserve as a part of the common heritage of this State its open lands and places of beauty; and

Whereas, the General Assembly enacted the State Parks Act in 1987, declaring that the State of North Carolina offers unique archaeological, geological, biological, scenic, and recreational resources and that these resources are part of the heritage of the people of the State to be preserved and managed by those people for their use and for the use of their visitors and descendants; and

Whereas, lands currently owned by Duke Power Company in Transylvania County adjacent to Jocassee Lake contain examples of outstanding scenic beauty, harbor many rare species and natural communities that are unique and irreplaceable, and have been found to possess geological, biological, scenic, and recreational resources of statewide or even nationwide significance; Now, therefore,

The General Assembly of North Carolina enacts:

1           Section 1. The General Assembly authorizes the Department of Environment,  
2 Health, and Natural Resources to add lands currently owned by Duke Power Company in  
3 Transylvania County adjacent to Jocassee Lake to the State Parks System, as provided in  
4 G.S. 113-44.14(b). In determining which particular lands to be added to the State Parks  
5 System, the Secretary of Environment, Health, and Natural Resources shall consult with  
6 the Board of Commissioners of Transylvania County. As a part of this consultation, the  
7 Department of Environment, Health, and Natural Resources shall work in cooperation  
8 with the Board of Commissioners to identify land having the most significance as land  
9 traditionally available for multiple uses, including hunting. Land that has significance as  
10 having been traditionally available for multiple uses, including hunting, shall not be  
11 included in lands authorized to be added to the State Parks System by this act if the  
12 Secretary of Environment, Health, and Natural Resources determines that a viable State  
13 Park with manageable boundaries can be established without the inclusion of that land.

14           Section 2. This act becomes effective 1 July 1997.
