A BILL TO BE ENTITLED

AN ACT TO CAP THE VARIABLE WHOLESALE COMPONENT OF THE MOTOR  
FUELS TAX RATE AT ITS CURRENT RATE.

The General Assembly of North Carolina enacts:

**SECTION 1.** G.S. 105-449.80(a) reads as rewritten:

"(a) Rate. – The motor fuel excise tax rate is a flat rate of seventeen and one-half cents (17 1/2¢) a gallon plus a variable wholesale component. The variable wholesale component is either three and one-half cents (3 1/2¢) a gallon or seven percent (7%) of the average wholesale price of motor fuel for the applicable base period, whichever is greater. In no case may the variable wholesale component be greater than six and eight-tenths cents (6.8¢) a gallon.

The two base periods are six-month periods; one ends on September 30 and one ends on March 31. The Secretary must set the tax rate twice a year based on the wholesale price for each base period. A tax rate set by the Secretary using information for the base period that ends on September 30 applies to the six-month period that begins the following January 1. A tax rate set by the Secretary using information for the base period that ends on March 31 applies to the six-month period that begins the following July 1."

**SECTION 2.** This act is effective when it becomes law and applies to rates set on or after that date.
