1 Medical equipment or reagents used in medical or research tests <u>c.</u> 2 regulated under the Federal Food, Drug, and Cosmetic Act (21 3 U.S.C. § 301, et seq.). 4 Biological products regulated under the Public Health Service <u>d.</u> 5 Act (42 U.S.C. § 262, et seq.). 6 "§ 130A-310.54. Prohibition on sale of certain mercury-added products.

- No person may sell, offer for sale, or distribute for sale or use in this State a mercury-added novelty. A manufacturer of mercury-added novelties shall notify all retailers that sell the novelties about the provisions of this subsection and how to properly dispose of any remaining mercury-added inventory.
- No person may sell, offer for sale, or distribute for sale or use in this State a manometer used to measure blood pressure or a thermometer that contains mercury. A manufacturer of thermometers that contain mercury shall notify all retailers that sell the product about the provisions of this subsection and how to properly dispose of any remaining thermometer inventory. This subsection does not apply to any of the following:
  - (1) An electric thermometer with a button-cell battery containing mercury.
  - **(2)** A thermometer that contains mercury and that is used for food research and development or food processing, including the processing of meat, dairy products, and pet food.
  - A thermometer that contains mercury and that is a component of an **(3)** animal agriculture climate control system or an industrial measurement system or for use in veterinary medicine.
  - A thermometer or manometer that contains mercury that is used for (4) calibration of other thermometers, manometers, apparatus, or equipment.
  - A thermometer that is provided by prescription. A manufacturer of a (5) mercury thermometer shall supply clear instructions on the careful handling of the thermometer to avoid breakage and proper cleanup should breakage occur.
  - A manometer or thermometer sold or distributed to a hospital or a (6) health care facility controlled by a hospital if the hospital has adopted a plan for mercury reduction that has been approved by the Department.
- No person may sell, install, or reinstall a commercial or residential thermostat that contains mercury unless the manufacturer of the thermostat conducts or participates in a thermostat recovery or recycling program designed to assist contractors in the proper disposal of thermostats that contain mercury in accordance with 42. U.S.C. § 6901, et seq.
- No person may sell, offer for sale, or distribute for sale or use in this State a (d) motor vehicle of model year 2009 or later, if the motor vehicle contains an automotive mercury switch.

(e) Nothing in this section shall restrict the ability of a manufacturer, importer, or domestic distributor from transporting products through the State or storing products in the State for later distribution outside of the State.

## "§ 130A-310.55. Fluorescent lamp labelling.

- (a) A manufacturer, wholesaler, or retailer shall not knowingly sell at retail a fluorescent lamp if the fluorescent lamp contains mercury unless the fluorescent lamp is labeled in accordance with subsection (b) of this section.
- (b) A fluorescent lamp is considered labeled for purposes of subsection (a) of this section if the lamp is labeled in compliance with the labelling requirements of another state or the lamp has a label that does all of the following:
  - (1) Displays the internationally recognized symbol for the element mercury.
  - (2) Informs the purchaser that mercury is present in the lamp.
  - (3) Explains that the lamp should be disposed of according to applicable federal, State, and local laws.
  - (4) Provides a tol -free telephone number and a uniform resources locator internet address to a Web site that contains information on applicable disposal laws.
- (c) The requirements of this section do not apply to products containing mercury-added lamps.

### "§ 130A-310.56. Purchase of products by the Department of Administration.

The Department of Administration shall give priority and preference to the purchase of equipment, supplies, and other products that contain no mercury-added compounds or components unless there is no economically feasible nonmercury-added alternative that performs a similar function, or the product containing mercury is designed to reduce electricity consumption by at least forty percent (40%) and there is no nonmercury or lower-mercury alternative available that saves the same or a greater amount of electricity as the exempted product. In circumstances where a nonmercury-added product is not available, preference shall be given to the purchase of products that contain the least amount of mercury added to the product necessary for the required performance.

# "§ 130A-310.57. Prohibit mercury in primary and secondary education.

- (a) A school may not purchase bulk elemental mercury or mercury compounds for use in teaching in primary or secondary schools.
- (b) All primary and secondary schools shall remove and properly dispose of all bulk elemental mercury and bulk mercury compounds used as teaching aids in science classrooms, not including barometers.

# "§ 130A-310.58. Mercury education and information.

- (a) The Department shall develop educational materials and an education plan for schools, local governments, businesses, and the public on the hazards caused by the release of mercury into the environment and on the proper disposal methods for mercury and mercury-added products.
- (b) The Department is authorized to participate in regional or multistate clearinghouses to assist in carrying out the provisions of this Part. A clearinghouse may

 also be used to study notification and label requirements, to develop education and outreach activities, and to maintain a list of all mercury-added products."

**SECTION 2.(a)** There is appropriated from the General Fund to the Department of Environment and Natural Resources the sum of one hundred thousand dollars (\$100,000) for the 2005-2006 fiscal year to implement G.S. 130A-310.58, as enacted by Section 1 of this act.

**SECTION 2.(b)** There is appropriated from the General Fund to the Department of Public Instruction the sum of two hundred thousand dollars (\$200,000) for the 2005-2006 fiscal year and the sum of two hundred thousand dollars (\$200,000) for the 2006-2007 fiscal year to implement G.S. 130A-310.57(b), as enacted by Section 1 of this act. It is the intent of the General Assembly that the appropriation made by this subsection be a continuing appropriation through the 2008-2009 fiscal year. It is the intent of the General Assembly that all bulk elemental mercury and bulk mercury compounds be removed from all primary and secondary schools and properly disposed of as provided in G.S. 130A-310.57(b) by July 1, 2009.

**SECTION 3.** Except as provided in this section, Section 1 of this act becomes effective January 1, 2006. G.S. 130A-310.56, as enacted by Section 1 of this act, becomes effective January 1, 2007. G.S. 130A-310.54, as enacted by Section 1 of this act, becomes effective January 1, 2008. Section 2 of this act becomes effective July 1, 2005. Section 3 of this act is effective when it becomes law.
