The nonfederal share may be divided between the State and the ~~counties~~, counties in accordance with this section and in a manner consistent with the provisions of the federal Social Security Act, except that the share required from the counties may not exceed the share required from the state. Act. On and after July 1, 2007, the county share of the nonfederal share of Medicaid expenditures, excluding administrative costs, shall not exceed the county share paid by each county for the 2005-2006 fiscal year, excluding administrative costs.
