SESSION 2007

HOUSE BILL 1761
RATIFIED BILL

AN ACT TO CREATE THE JOB MAINTENANCE AND CAPITAL
DEVELOPMENT FUND.

The General Assembly of North Carolina enacts:

SECTION 1. Part 2 of Article 10 of Chapter 143B of the General Statutes is amended by adding a new section to read:

"§ 143B-437.11. Job Maintenance and Capital Development Fund.

(a) Findings. – The General Assembly finds that:

- (1) It is the policy of the State of North Carolina to stimulate economic activity, to maintain high-paying jobs for the citizens of the State, and to encourage capital investment by encouraging and promoting the maintenance of existing business and industry within the State.
- (2) The economic condition of the State is not static, and recent changes in the State's economic condition have created economic distress that requires the enactment of a new program as provided in this section that is designed to encourage the retention of significant numbers of high-paying jobs and the addition of further large-scale capital investment.
- (3) The enactment of this section is necessary to stimulate the economy and maintain high-quality jobs in North Carolina, and this section will promote the general welfare and confer, as its primary purpose and effect, benefits on citizens throughout the State through the maintenance of high-quality jobs, an enlargement of the overall tax base, continued diversity in the State's industrial base, and an increase in revenue to the State's political subdivisions.
- (4) The purpose of this section is to stimulate economic activity and to maintain high-paying jobs within the State while increasing the property tax base for local governments.

(b) Fund. – The Job Maintenance and Capital Development Fund is created as a restricted reserve in the Department of Commerce. Monies in the Fund do not revert but remain available to the Department for these purposes. The Department may use monies in the Fund only to encourage businesses to maintain high-paying jobs and make further capital investments in the State as provided in this section.

- (2) The project employs at least 2,000 full-time employees or equivalent full-time contract employees at the establishment that is the subject of

the grant at the time the application is made, and the business agrees to maintain at least 2,000 full-time employees or equivalent full-time contract employees at the establishment for the full term of the grant agreement.

(3) The project is located in a development tier one area at the time the business applies for a grant.

(e) Health Insurance. – A business is eligible for consideration for a grant under this section only if the business makes available health insurance for all of the full-time employees of the project with respect to which the application is made. For the purposes of this subsection, a business makes available health insurance if it pays at least fifty percent (50%) of the premiums for health care coverage that equals or exceeds the minimum provisions of the basic health care plan of coverage under G.S. 58-50-125.

Each year that a grant agreement under this section is in effect, the business shall provide the Department a certification that the business continues to make available health insurance for all full-time employees of the project governed by the agreement. Failure of the business to satisfy the requirements of this subsection shall result in recapture of a portion of the grant proceeds as provided in the grant agreement.

(f) Safety and Health Programs. – A business is eligible for consideration for a grant under this section only if the business has no citations under the Occupational Safety and Health Act that have become a final order within the last three years for willful serious violations or for failing to abate serious violations with respect to the location for which the grant is made. For the purposes of this subsection, 'serious violation' has the same meaning as in G.S. 95-127.

(g) Environmental Impact. – A business is eligible for consideration for a grant under this section only if the business has no pending administrative, civil, or criminal enforcement action based on alleged significant violations of any program implemented by an agency of the Department of Environment and Natural Resources, and has had no final determination of responsibility for any significant administrative, civil, or criminal violation of any program implemented by an agency of the Department of Environment and Natural Resources within the last three years with respect to the location for which the grant is made. For the purposes of this subsection, a significant violation is a violation or alleged violation that does not satisfy any of the conditions of G.S. 143-215.6B(d).

(h) Selection. – The Department shall administer the selection of projects to receive grants under this section. The selection process shall include the following components:

(i) Agreement. – Unless the Secretary of Commerce determines that the project is no longer eligible or appropriate for a grant under this section, the Department shall enter into an agreement to provide a grant or grants for a project recommended by the Committee. Each grant agreement is binding and constitutes a continuing contractual obligation of the State and the business. The grant agreement shall include the performance criteria, remedies, and other safeguards recommended by the Committee or required by the Department. Each grant agreement shall contain a provision prohibiting a business from receiving a payment or other benefit under the agreement at any time when the business has received a notice of an overdue tax debt and the overdue tax debt has not been satisfied or otherwise resolved. A grant agreement may obligate the State to make a series of grant payments over a period of up to 10 years. This report shall include a listing of each grant awarded and each agreement entered into under this section during the preceding quarter, including the name of the business, the cost/benefit analysis conducted by the Committee during the application process, a description of the project, and the amount of the grant expected to be paid under the agreement during the current fiscal year. The report shall also include detailed information about any defaults and repayment during the preceding quarter. The Department shall publish this report on its Web site and shall make printed copies available upon request.
