5 The General Assembly of North Carolina enacts:

6 **SECTION 1.** G.S. 20-66 reads as rewritten:

7 "**§ 20-66. Renewal of vehicle registration.**

8 (a) Annual Renewal. – The registration of a vehicle must be renewed annually.
9 To renew the registration of a vehicle, the owner of the vehicle must file an application
10 with the Division and pay the required registration fee. The Division may receive and
11 grant an application for renewal of registration at any time before the registration
12 expires.

13 (b) Method of Renewal. – When the Division renews the registration of a vehicle,
14 it must issue a new registration card for the vehicle and either a new registration plate or
15 a registration renewal sticker. The Division may renew a registration plate for any type
16 of vehicle by means of a renewal sticker.

17 (b1) Repealed by Session Laws 1993, c. 467, s. 2.

18 (c) Renewal Stickers. – A registration renewal sticker issued by the Division
19 must be displayed on the registration plate that it renews in the place prescribed by the
20 Commissioner and must indicate the period for which it and the registration plate on
21 which it is displayed are valid. Except where physical differences between a registration
22 renewal sticker and a registration plate render a provision of this Chapter inapplicable,
23 the provisions of this Chapter relating to registration plates apply to registration renewal
24 stickers.

25 (d) (e) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 761, § 5.

26 (f) Repealed by Session Laws 1993, c. 467, s. 2.

27 (g) When Renewal Sticker Expires. – The registration of a vehicle that is
28 renewed by means of a registration renewal sticker expires at midnight on the last day
29 of the month designated on the sticker. It is lawful, however, to operate the vehicle on a

1 highway until midnight on the fifteenth day of the month following the month in which
2 the sticker expired.

3 The Division may vary the expiration dates of registration renewal stickers
4 issued for a type of vehicle so that an approximately equal number expires at the end of
5 each month, quarter, or other period consisting of one or more months. When the
6 Division implements registration renewal for a type of vehicle by means of a renewal
7 sticker, it may issue a registration renewal sticker that expires at the end of any monthly
8 interval.

9 (h) Repealed by Session Laws 2004-167, s. 3, as amended by Session Laws
10 2004-199, s. 59, effective January 1, 2006.

11 (i) Property Tax Consolidation. – When the Division receives an application
12 under subsection (a) for the renewal of registration before the current registration
13 expires, the Division shall grant the application if it is made for the purpose of
14 consolidating the property taxes payable by the applicant on classified motor vehicles,
15 as defined in G.S. 105-330. The registration fee for a motor vehicle whose registration
16 cycle is changed under this subsection shall be reduced by a prorated amount. The
17 prorated amount is one-twelfth of the registration fee in effect when the motor vehicle's
18 registration was last renewed multiplied by the number of full months remaining in the
19 motor vehicle's current registration cycle, rounded to the nearest multiple of twenty-five
20 cents (25¢).

21 (j) **(Effective October 1, 2008)** Inspection Prior to Renewal of Registration. –
22 The Division shall not renew the registration of a vehicle unless it has a current safety or
23 emissions inspection.

24 ~~(k) **(Effective October 1, 2008)** Return of Registration Plates Upon Expiration. –~~
25 ~~Registration plates that are not renewed shall be surrendered to the Division within 120~~
26 ~~days of expiration."~~

44 the period of the suspension or revocation, unless the Division finds

1 that operation of the place of business as an inspection station during
2 this period by the license applicant would not defeat the purpose of the
3 suspension or revocation because the license applicant has no
4 connection with the person whose license was suspended or revoked or
5 because of another reason. A finding made by the Division under this
6 subdivision must be set out in a written statement that includes the

17 provide the equipment and software at no cost to a station that holds a
18 license on October 1, 2008.

20 mechanic must meet all of the following requirements:

21 (1) **(Effective until October 1, 2008)** Have successfully completed an
22 eight-hour course approved by the Division that teaches students about

26 eight-hour course approved by the Division that teaches students about

29 equipment to electronically transmit the vehicle information and
30 inspection results.

31 (2) Have a drivers license.

36 inspection.

8 to the required specifications established by the manufacturer and
9 contained in its predelivery check list. The completion of the
10 predelivery inspection procedure required or recommended by the
11 manufacturer on a new motor vehicle shall constitute the inspection
12 required by subdivision (1) of this section. For the purposes of this
13 subdivision, the date of inspection shall be deemed to be the date of
14 the sale of the motor vehicle to a purchaser.
- 15 (2) A used vehicle must be inspected before it is offered for sale at retail
