GENERAL ASSEMBLY OF NORTH CAROLINA **SESSION 2013**

Η

HOUSE DRH30082-SV-7 (01/15)

	Short Title:	Public Infrastructure Oversight Commission. (Public)		
	Sponsors:	Representatives D. Ross, Setzer, Tolson, and Moffitt (Primary Sponsors).		
	Referred to:			
1		A BILL TO BE ENTITLED		
2	AN ACT TO	ESTABLISH THE JOINT LEGISLATIVE PUBLIC INFRASTRUCTURE		
3	OVERSIGHT COMMISSION.			
4	The General Assembly of North Carolina enacts:			
5		SECTION 1. Chapter 120 of the General Statutes is amended by adding the		
6	following new Article:			
7	8	"Article 12Q.		
8		"Joint Legislative Public Infrastructure Oversight Commission.		
9	"§ 120-70.15(). Creation and membership of Joint Legislative Public Infrastructure		
10		ersight Commission.		
11		eation and Membership. – The Joint Legislative Public Infrastructure Oversight		
12		s established. The Commission consists of 24 members. Public members must be		
13	residents of this State. The cochairs of the Commission may call upon other knowledgeable			
14	persons or exp	persons or experts to assist the Commission in its work. The membership is as follows:		
15	<u>(1)</u>	Five members appointed by the President Pro Tempore of the Senate as		
16		<u>follows:</u>		
17		a. Three Senate members, one of whom shall be designated as a		
18		<u>cochair.</u>		
19		b. Two public members, one of whom is an engineer and one of whom		
20		is a planning professional.		
21	<u>(2)</u>			
22		<u>follows:</u>		
23		a. Three House members, one of whom shall be designated as a		
24		<u>cochair.</u>		
25		b. <u>Two public members, one of whom is a general contractor and one of</u>		
26		whom has expertise in public finance.		
27	<u>(3)</u>			
28		expertise in environmental issues, one person who represents business		
29		interests, and one of whom has expertise in public infrastructure issues.		
30	<u>(4)</u>			
31		designated by the Secretary who is familiar with the State and local		
32		programs that fund public infrastructure improvements.		
33	<u>(5)</u>			
34		employee designated by the Secretary who is familiar with State and local		
35		programs that fund transportation infrastructure improvements.		

General Assen	bly of North Carolina Session 2013		
<u>(6)</u>	The Secretary of Environment and Natural Resources or a Department of		
	Environment and Natural Resources employee designated by the Secretary		
	who is familiar with financing, regulatory, and technical assistance programs		
	of the Department related to water and sewer infrastructure.		
<u>(7)</u>	The Secretary of the Department of Administration or a Department of		
	Administration employee who is familiar with the State's public		
	infrastructure needs.		
<u>(8)</u>	The President of the Rural Economic Development Center or a Rural Center		
	employee designated by the President who is familiar with public		
	infrastructure financing programs of the Rural Center.		
<u>(9)</u>	The Director of the Local Government Commission or an employee of the		
	Department of State Treasurer designated by the Director who is familiar		
	with the functions of the Commission.		
<u>(10)</u>	A School of Government faculty member who is familiar with public		
	infrastructure and the various methods of financing of public infrastructure		
	projects.		
<u>(11)</u>	The Executive Director of the League of Municipalities or a League		
	employee designated by the Executive Director who is familiar with the		
	League's programs.		
<u>(12)</u>	The Executive Director of the North Carolina Association of County		
	Commissioners or an Association employee designated by the Executive		
	Director who is familiar with the Association's programs.		
(13)	The Director of the School Boards Association or an Association employee		
	who is familiar with the State's public school capital facilities needs and		
	funding mechanisms for public school construction.		
<u>(14)</u>	The Director of NC Broadband within the Department of Commerce or the		
	Director's designee.		
(b) Terr	ns The members appointed by the President Pro Tempore of the Senate and		
	the House of Representatives, including the cochairs, serve two-year terms and		
	nvening of the General Assembly in each odd-numbered year, except the terms		
of the initial members, which begin on appointment and end on the day of the convening of the			
	2015 General Assembly. Members may complete a term of service on the Commission even if		
	ek reelection or are not reelected to the General Assembly, but resignation or		
	ervice in the General Assembly constitutes resignation or removal from service		
	on the Commission. The members who are ex officio members, or designees of those members,		
	y are no longer in office or are replaced with another designee. All other		
	two-year terms. Members may be removed in accordance with G.S. 143B-13 as		
	pplies to this Article.		
	ir The President Pro Tempore of the Senate and the Speaker of the House of		
	s shall each designate a cochair, who shall be a member of the General		
Assembly.			
	tings The Commission must meet at least quarterly, beginning October 1,		
2013, and may meet as often as needed upon joint call of the cochairs. A majority of the			
members of the Commission constitutes a quorum. The Commission may meet in the			
Legislative Building or the Legislative Office Building. The Commission may contract for			
professional, clerical, or consultant services as provided by G.S. 120-32.02. The Legislative			
Services Commission, through the Legislative Services Officer, shall assign professional staff			
to assist the Co	mmission in its work. The House of Representatives' and Senate's Directors of		
to assist the Co Legislative Ass	mmission in its work. The House of Representatives' and Senate's Directors of istants shall assign clerical staff to the Commission, and the expenses relating to ployees shall be borne by the Commission. Members of the Commission shall		

General Assembly of North Carolina Session 2013 1 receive subsistence and travel expenses at the rates set forth in G.S. 120-3.1, 138-5, or 138-6, as 2 appropriate. 3 Vacancies. - A vacancy in the Commission or as chair of the Commission resulting (e) 4 from the resignation of a member or otherwise is filled in the same manner in which the 5 original appointment was made. The term of an appointment to fill a vacancy is for the balance 6 of the unexpired term. 7 Compensation. – The Commission members receive no salary or other (f) 8 compensation for serving on the Commission. 9 § 120-70.151. Purpose and powers of Commission; reports. 10 Findings. - The economic well-being and the physical security of the citizens and (a) 11 businesses of this State depend on safe, reliable, and efficient public infrastructure. Roads, airports, railways, ports, and other public investments are instrumental in boosting North 12 13 Carolina's productivity and global economic competitiveness. Facilities that manage water, 14 waste, and energy are fundamental in sustaining quality of life and health. Adequate public 15 infrastructure also serves as an equalizer between the rural and urban areas of the State by 16 facilitating access. The General Assembly recognizes that there are critical needs in this State 17 to develop, improve, maintain, and fund various types of public infrastructure at both the State 18 and local levels, including, but not limited to, transportation projects, water and sewer projects, 19 public school construction, and broadband services, in order to secure and enhance the 20 economic well-being of North Carolinians, to promote economic development in the State, and 21 to provide a healthy climate for the creation of jobs. The General Assembly finds that the State lacks a comprehensive policy structure and sufficient funding sources to guide the State's 22 23 decisions about undertaking and investing in projects. The General Assembly further 24 recognizes that a variety of entities study, evaluate, and monitor the different public 25 infrastructure needs, but no single entity exists to serve as a repository for the studies and 26 assessments, to evaluate, prioritize, and monitor the meeting of those needs, and to develop a 27 comprehensive statewide policy and goals for the development and financing of public 28 infrastructure. 29 Purpose and Powers. - The Joint Legislative Public Infrastructure Oversight (b) 30 Commission shall examine, on a continuing basis, public infrastructure issues in North Carolina 31 in order to make ongoing recommendations to the General Assembly on ways to promote 32 comprehensive and coordinated local, regional, and State planning and investment in public 33 infrastructure. The purpose of this Commission is to inventory the assessments conducted by 34 State agencies, local governments, and other entities, to develop a comprehensive statewide 35 policy that includes both short-term and long-term solutions for meeting critical infrastructure 36 needs, and to identify dedicated sources of funding and methods to leverage private capital, 37 including the creation of an infrastructure bank, to finance those needs. While in the discharge 38 of its official duties, the Commission has the powers of a joint Commission under G.S. 120-19 39 and G.S. 120-19.1 through G.S. 120-19.4. In its examination, the Commission may do any of 40 the following: 41 Collect and analyze data, studies, or assessments of public infrastructure (1)42 deficits in this State, including deficits in the areas of transportation, water 43 and sewer, public school construction, and broadband services. The data 44 may include proposals by other entities, such as the Department of 45 Transportation, the Department of Public Instruction, the Department of Commerce, the Rural Center, and the Program Evaluation Division of the 46 47 General Assembly, for addressing these deficits. 48 Inventory existing funding sources and study ways to leverage private sector (2)49 capital, including the creation of an infrastructure bank and the use of user 50 fees.

	General Assembly of North Carolina Session 2013		
	(3)	Analyze legislation from other states regarding the financing of public	
2		infrastructure projects.	
	<u>(4)</u>	Identify areas in which local governments may require additional assistance	
		in undertaking public infrastructure projects, such as staffing, training,	
		financing expertise, project review, or service delivery.	
	<u>(5)</u>	Develop a comprehensive statewide public infrastructure policy for the	
		development, enhancement, evaluation, prioritization, and financing of	
		public infrastructure projects. The policy shall include performance	
		measures that can be used to determine whether the outcomes are achieving	
		the policy goals. The policy shall address efficiencies and demand	
		management by taking into consideration whether more assistance should be	
		given to initiatives, programs, or projects that reduce the long-term cost of	
		public infrastructure, create more sustainable resources, or take advantage of	
		economies of scale.	
	<u>(6)</u>	Periodically review each funding source for consistency with, and	
		adjustment to, the comprehensive statewide policy.	
	<u>(7)</u>	Study any other matters that the Commission considers necessary to fulfill	
		its mandate.	
		ts The Commission shall report annually by April 1 to the Chairs of the	
		sentatives and Senate Appropriations Committees, House of Representatives	
		nce Committees, and to the Governor. A report may contain any legislation	
	_	nent a recommendation of the Commission."	
3	SECT	TION 2. This act is effective when it becomes law.
