Any sole proprietor or partner of a business or any member of a limited liability company may elect to be included as an employee under the workers' compensation coverage of such business if he is actively engaged in the operation of the business and if the insurer is notified of his election to be so included. Any such sole proprietor or partner or member of a limited liability company shall, upon such election, be entitled to employee benefits and be subject to employee responsibilities prescribed in this Article.

"Employee" shall include an authorized pickup firefighter of the Division of Forest ResourcesNorth Carolina Forest Service of the Department of Agriculture and Consumer Services when that individual is engaged in emergency fire suppression activities for the Division of Forest Resources.North Carolina Forest Service. As used in this section, "authorized pickup firefighter" means an individual who has completed required fire suppression training as a wildland firefighter and who is available as needed by the Division of Forest Resources-North Carolina Forest Service for emergency fire suppression activities, including immediate dispatch to wildfires and standby for initial attack on fires during periods of high fire danger.

It shall be a rebuttable presumption that the term "employee" shall not include any person performing services in the sale of newspapers or magazines to ultimate consumers under an arrangement whereby the newspapers or magazines are to be sold by that person at a fixed price and the person's compensation is based on the retention of the excess of the fixed price over the amount at which the newspapers or magazines are charged to the person.

(3) Employer. - The term "employer" means the State and all political subdivisions thereof, all public and quasi-public corporations therein, every person carrying on any employment, and the legal representative of a deceased person or the receiver or trustee of any person. The board of commissioners of each county of the State, for the purposes of this law, shall be considered as "employer" of all deputy sheriffs serving within such county, or persons serving or performing the duties of a deputy sheriff, whether such persons are appointed by the sheriff or by the board of commissioners and whether serving on a fee basis or salary basis. Each county is authorized to insure its compensation liability for deputy sheriffs to the same extent it is authorized to insure other compensation liability for employees thereof. For purposes of this Chapter, when an authorized pickup firefighter of the Division of Forest Resources North Carolina Forest Service of the Department of Agriculture and Consumer Services is engaged in emergency fire suppression activities for the Division of Forest Resources, North Carolina Forest Service, that individual's employer is the Division of Forest Resources.North Carolina Forest Service.

(5) Average Weekly Wages. – "Average weekly wages" shall mean the earnings of the injured employee in the employment in which <u>he-the employee</u> was working at the time of the injury during the period of 52 weeks immediately preceding the date of the injury, including the subsistence allowance paid to veteran trainees by the United States government, provided the amount of said allowance shall be reported monthly by said trainee to <u>his-the trainee's</u> employer, divided by 52; but if the injured employee lost more than seven consecutive calendar days at one or more times during such period, although

1	not in the same week, then the earnings for the remainder of such 52 weeks
2	shall be divided by the number of weeks remaining after the time so lost has
3	been deducted. Where the employment prior to the injury extended over a
4	
	period of fewer than 52 weeks, the method of dividing the earnings during
5	that period by the number of weeks and parts thereof during which the
6	employee earned wages shall be followed; provided, results fair and just to
7	both parties will be thereby obtained. Where, by reason of a shortness of
8	time during which the employee has been in the employment of his
9	
	employer or the casual nature or terms of his employment, it is impractical to
10	compute the average weekly wages as above defined, regard shall be had to
11	the average weekly amount which during the 52 weeks previous to the injury
12	was being earned by a person of the same grade and character employed in
13	the same class of employment in the same locality or community.
14	But where for exceptional reasons the foregoing would be unfair, either
15	to the employer or employee, such other method of computing average
16	weekly wages may be resorted to as will most nearly approximate the
17	amount which the injured employee would be earning were it not for the
18	injury.
19	Wherever allowances of any character made to an employee in lieu of
20	wages are specified part of the wage contract, they shall be deemed a part of
21	his earnings.
22	Where a minor employee, under the age of 18 years, sustains a
23	permanent disability or dies leaving dependents surviving, the compensation
24	payable for permanent disability or death shall be calculated, first, upon the
25	average weekly wage paid to adult employees employed by the same
26	employee at the time of the accident in a similar or like class of work which
27	the injured minor employee would probably have been promoted to if not
28	injured, or, second, upon a wage sufficient to yield the maximum weekly
29	compensation benefit. Compensation for temporary total disability or for the
30	death of a minor without dependents shall be computed upon the average
31	weekly wage at the time of the accident, unless the total disability extends
32	more than 52 weeks, and then the compensation may be increased in
33	
	proportion to his the employee's expected earnings.
34	In case of disabling injury or death to a volunteer fireman; member of an
35	organized rescue squad; an authorized pickup firefighter, as defined in
36	subdivision (2) of this section, when that individual is engaged in emergency
37	fire suppression activities for the Division of Forest Resources; North
38	<u>Carolina Forest Service</u> ; a duly appointed and sworn member of an auxiliary
39	police department organized pursuant to G.S. 160A-282; or senior members
40	
	of the State Civil Air Patrol functioning under Article 11 of Chapter 143B
41	[Subpart C of Part 5 of Article 13 of Chapter 143B] of the General Statutes,
42	under compensable circumstances, compensation payable shall be calculated
43	upon the average weekly wage the volunteer fireman, member of an
44	organized rescue squad, authorized pickup firefighter of the Division of
45	Forest Resources, North Carolina Forest Service; when that individual is
46	engaged in emergency fire suppression activities for the Division of Forest
47	Resources, North Carolina Forest Service, member of an auxiliary police
48	department, or senior member of the State Civil Air Patrol was earning in the
49	employment wherein he principally earned his livelihood as of the date of
50	injury. Provided, however, that the minimum compensation payable to a
