Referred to:		

## A BILL TO BE ENTITLED

AN ACT ESTABLISHING A BEHAVIORAL HEALTH PILOT PROGRAM THAT
ALLOWS RURAL HOSPITALS TO CONVERT EXISTING, UNUSED ACUTE CARE
BEDS INTO LICENSED INPATIENT BEHAVIORAL HEALTH BEDS IN ORDER TO
INCREASE SHORT-TERM INPATIENT BEHAVIORAL HEALTH CAPACITY
WITHIN THE STATE; AND APPROPRIATING NET PROCEEDS FROM THE SALE
OF DIX HOSPITAL TO FUND THE CONVERSION OF BEDS UNDER THIS
BEHAVIORAL HEALTH PILOT PROGRAM.

9 The General Assembly of North Carolina enacts:

10 SECTION 1. In order to increase inpatient bed capacity for short-term care of 11 individuals experiencing an acute mental health, substance abuse, or developmental disability 12 crisis, the Department of Health and Human Services (Department) shall conduct a three-year 13 pilot program to assist rural hospitals in the conversion of existing, unused acute care beds into 14 licensed, short-term inpatient behavioral health beds. The Secretary shall select rural hospitals 15 located in two different regions of the State that are currently participating in the statewide telepsychiatry program established under G.S. 143B-139.4B to participate in the pilot program. 16 17 The maximum number of beds that may be converted into short-term inpatient behavioral 18 health beds in each region is 50. At least one of the regions selected to participate in the pilot program shall be located in a rural area surrounding Wake County. Notwithstanding the State 19 20 Medical Facilities Plan, Article 9 of Chapter 131E of the General Statutes, or any other 21 provision of law to the contrary, each selected rural hospital shall be allowed to convert unused 22 acute care beds into licensed inpatient psychiatric or substance abuse beds for adults, 23 adolescents, children, or all three, without undergoing certificate of need review by the 24 Division of Health Service Regulation. All converted beds shall be subject to existing licensure 25 laws and requirements. As a condition of participating in the pilot program, each selected rural 26 hospital shall reserve at least fifty percent (50%) of the beds converted under the pilot program 27 for (i) purchase by the Department under the State-administered three-way contract and (ii) 28 referrals by local management entities/managed care organizations (LME/MCOs) of 29 individuals who are Medicaid recipients or indigent.

30 **SECTION 2.** At least once every six months, the Department shall conduct 31 monitoring visits of the rural hospitals participating in the pilot program and shall also be 32 responsible for investigating all complaints related to the pilot program. Each rural hospital 33 participating in the pilot program shall provide a monthly report to the Department on the 34 number of individuals receiving short-term, inpatient psychiatric, substance abuse, or 35 developmental disability services under the pilot program and the average length of stay of 36 individuals receiving these behavioral health services under the pilot program. The Department

## **General Assembly of North Carolina**

1 shall have the authority to suspend or terminate the pilot program at any time due to 2 noncompliance with applicable regulatory requirements that has resulted in serious harm to 3 individuals receiving behavioral health services under the pilot program or when there is a 4 substantial risk that serious harm will occur to individuals receiving behavioral health services 5 under the pilot program.

6 **SECTION 3.** The Department of Health and Human Services shall report on the 7 status of the pilot program at least once each year to the Program Evaluation Division and the 8 Fiscal Research Division. The report shall include at a minimum the number of beds converted 9 into licensed, inpatient psychiatric beds in each region, broken down by hospital; the number of 10 beds or bed days purchased at each participating hospital by the Department under the 11 State-administered three-way contract; the number of referrals to participating hospitals by the 12 LME/MCOs; the number and age of the individuals receiving short-term inpatient psychiatric, 13 substance abuse, or developmental disability services under the pilot program; and objective, 14 measurable outcomes of the individuals served through this pilot program.

15 SECTION 4. The Program Evaluation Division of the General Assembly shall 16 conduct a comprehensive evaluation of the pilot program authorized in Section 1 of this act. 17 The Program Evaluation Division shall report the results of its evaluation to the Joint 18 Legislative Program Evaluation Oversight Committee and the Joint Legislative Oversight 19 Committee on Health and Human Services no later than November 1, 2017.

20 **SECTION 5.** Notwithstanding G.S. 146-30 or any other provision of law to the 21 contrary, the net proceeds of any sale of the State-owned property encompassing the Dorothea 22 Dix Hospital campus shall be deposited into the Mental Health Trust Fund. Notwithstanding 23 G.S. 143C-9-2 or any other provision of law to the contrary, a sufficient amount of these 24 proceeds shall be appropriated to the Department of Health and Human Services, Division of 25 Mental Health, Developmental Disabilities, and Substances Abuse Services, for the 2015-2016 26 fiscal year to pay for any renovation or building costs associated with converting existing acute 27 care beds into licensed, short-term inpatient behavioral health beds designated for voluntarily 28 and involuntarily committed patients in the rural hospitals selected to participate in the pilot 29 program authorized under Section 1 of this act. The Department shall not use these funds for 30 any other purpose other than as outlined in this section and shall not use these funds to 31 supplement or supplant other State, local, or federal funds appropriated or allocated to the 32 Department.

33 SECTION 6. This act becomes effective July 1, 2015, and expires on June 30, 34 2018.
