A second payment shall be made as provided in this section. A final payment shall be made after the exhaustion of all appeals arising from the denial of eligibility for compensation under this Part.

The initial payment to each qualified recipient will be calculated by adding together the number of qualified recipients as of October 1, 2014, and the number of claims outstanding that are pending, then dividing that total number into the sum of ten million dollars ($10,000,000). The initial payment checks shall be remitted by October 31, 2014.

prepared and made public by the Office of the Attorney General under G.S. 66-294.1 as of the
date the person sells or delivers the cigarettes. It is not a violation of this subsection if the brand family was on the compliant nonparticipating manufacturer’s list when the person purchased the cigarettes and the person sold or delivered the cigarettes within 60-30 days of the purchase. The Attorney General may impose a civil penalty on a person that it finds violates this subsection. The amount of the penalty may not exceed the greater of five hundred percent (500%) of the retail value of the cigarettes sold or five thousand dollars ($5,000).

The bond shall be posted by a corporate surety located within the United States in a form and manner acceptable to the Attorney General, or a cash equivalent posted by the nonparticipating manufacturer, in an amount equal to the greater of fifty thousand dollars ($50,000) or the greatest amount of escrow the manufacturer in either its current or predecessor form was required to deposit as a result of its highest calendar year’s sales in North Carolina or greatest quarterly escrow deposit depending on the manufacturer’s required escrow deposit frequency. The bond or its cash equivalent shall be posted at least 10 days in advance of each calendar year or quarter depending on the manufacturer’s required escrow deposit frequency. The bond shall be written in favor of North Carolina and such bond or cash equivalent shall be conditioned on the performance by the nonparticipating manufacturer or its United States importer that undertakes joint and several liability for the manufacturer’s performance, in accordance with G.S. 66-294.2, of all of its duties and obligations under this Article during the year in which the certification is filed and the next succeeding calendar year. The bond may be drawn upon by the Attorney General to cover unsatisfied escrow obligations, penalties, and any other liability under the tobacco laws of the State.

Some factors, though not exclusive, which the Attorney General may consider in determining whether any nonparticipating manufacturer or importer poses an elevated risk of noncompliance are (i) the nonparticipating manufacturer or any affiliate thereof or importer has illegally failed to satisfy an escrow obligation with respect to any state in the past; (ii) any state has removed the nonparticipating manufacturer or its United States importer that undertakes joint and several liability for the manufacturer’s performance from the state’s tobacco directory for noncompliance with the state’s laws; (iii) any state has pending litigation against, or an unsatisfied judgment against the nonparticipating manufacturer or any affiliate thereof or importer for escrow or penalties related to noncompliance with state escrow laws; (iv) the nonparticipating manufacturer sells its cigarettes or tobacco products directly to consumers via remote or other non-face-to-face means; (v) a state or federal court has determined that the nonparticipating manufacturer or importer has violated
any tobacco tax or tobacco control law or engaged in unfair business practice or unfair competition; or (vi) the nonparticipating manufacturer or importer fails to submit or complete any required forms, documents, certifications, or notices, in a timely manner or, to the satisfaction of the Attorney General."

SECTION 6.24.(f) G.S. 66-294.1 reads as rewritten:

(b) Supplemental Lists. – The Office of the Attorney General must supplement the annual lists as necessary to reflect additions to or deletions of manufacturers and brand families. The Attorney General shall delete a nonparticipating manufacturer and its brand families from the list if it determines that the manufacturer fails to comply with the duties listed in G.S. 66-294. The Attorney General must add a nonparticipating manufacturer and its brand families to the list if it determines all of the following:

(1) The nonparticipating manufacturer, as well as any joint and severally liable importer, has submitted an application under G.S. 66-294, and it is found to be complete and accurate.

Technology Strategic Sourcing Office shall be funded through a combination of administrative
fees as part of the IT Supplemental Staffing contract, as well as fees charged to agencies using
their services. The State CIO shall establish and annually update consistent, fully transparent,
easily understandable fees and rates that reflect industry standards for any good or service for
which an agency is charged. These fees and rates shall be prepared by October 1 and shall be
approved by the Office of State Budget and Management. The Office of State Budget and
Management shall ensure that State agencies have the opportunity to adjust their budgets based
on any rate or fee changes prior to submission of those budget recommendations to the General
Assembly. The approved Information Technology Internal Service Fund budget and associated
rates shall be included in the Governor’s budget recommendations to the General Assembly.
(b) Receipts shall be used solely for the purpose for which they were collected. Any
uses of the Information Technology Internal Service Fund not specifically related to providing
receipt-supported services to State agencies shall immediately be reported to the Joint
Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

fiscal year.

§ 143B-1310. Information technology reporting.
The State CIO shall report to the Joint Legislative Oversight Committee on Information
Technology and to the Fiscal Research Division regarding the Information Technology Fund,
the Internal Service Fund, and Information Technology Reserve Fund on a quarterly basis, no

These career paths shall be documented by February 1, 2016, and shall be provided to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division by February 1, 2016, but may be submitted incrementally to meet Department requirements. The career paths shall be updated on an annual basis.

(e) Any new positions established by the Department shall be exempt from the North Carolina Human Resources Act.

(f) The State CIO may, subject to the provisions of G.S. 147-64.7(b)(2), obtain the services of independent public accountants, qualified management consultants, and other professional persons or experts to carry out the powers and duties of this Article if the Department does not have any personnel qualified to perform the function for which the professionals would be engaged and if the requirement has been included in the Department's budget for the year in which the services are required.

A criminal history record check shall be conducted by the State Bureau of Investigation upon receiving fingerprints and other information provided by the employee or prospective employee. If the employee or prospective employee has been a resident of the State for less than five years, the background report shall include a review of criminal information from both the State and National Repositories of Criminal Histories. The criminal background report shall be provided to the State CIO and is not a public record under Chapter 132 of the General Statutes.

(a) Overall Management. – All information technology projects shall be managed through a standardized, fully documented process established and overseen by the State CIO. The State CIO shall be responsible for ensuring that participating agency information technology projects are completed on time, within budget, and meet all defined business requirements upon completion. For separate agency projects, the State CIO shall ensure that projects follow the Department's established process and shall monitor schedule, budget, and adherence to business requirements. For all projects, the State CIO shall establish procedures to limit the need for change requests and shall report on this process to the Joint Legislative
The State CIO shall also ensure that agency information technology project requirements are documented in biennial information technology plans. An agency that utilizes the system or software shall be designated as the sponsor for the information technology project or program and shall be responsible for overseeing the planning, development, implementation, and operation of the project or program. The Department and the assigned project managers shall advise and assist the designated agency for the duration of the project.

(b) Project Review and Approval. – The State CIO shall review, approve, and monitor all information technology projects for State agencies and shall be responsible for the efficient and timely management of all information technology projects for participating agencies. (c) Project Implementation. – No State agency, unless expressly exempt within this Article, shall proceed with an information technology project until the State CIO approves the project. If a project is not approved, the State CIO shall specify in writing to the agency the grounds for denying the approval. The State CIO shall provide this information to the agency and the Office of State Budget and Management within five business days of the denial.

(d) Suspension of Approval/Cancellation of Projects. – The State CIO may suspend the approval of, or cancel, any information technology project that does not continue to meet the applicable quality assurance standards. The State CIO shall immediately suspend approval of, or cancel, any information technology project that is initiated without State CIO approval. Any project suspended or cancelled because of lack of State CIO approval cannot proceed until it completes all required project management documentation and meets criteria established by the State CIO for project approval, to include a statement from the State CIO that the project does not duplicate capabilities that already exist within the executive branch. If the State CIO suspends or cancels a project, the State CIO shall specify in writing to the agency the grounds for suspending or cancelling the approval. The State CIO shall provide this information to the agency within five business days of the suspension.

(f) Performance Contracting. – All contracts between the State and a private party for information technology projects shall include provisions for vendor performance review and accountability, contract suspension or termination, and termination of funding. The State CIO may require that these contract provisions include a performance bond, monetary penalties, or require other performance assurance measures for projects that are not completed within the specified time period or that involve costs in excess of those specified in the contract. The State CIO may utilize cost savings realized on government vendor partnerships as performance incentives for an information technology vendor.

(g) Notwithstanding the provisions of G.S. 114-2.3, any State agency developing and implementing an information technology project with a total cost of ownership in excess of five million dollars ($5,000,000) may be required by the State CIO to engage the services of private counsel or subject matter experts with the appropriate information technology expertise. The private counsel or subject matter expert may review requests for proposals; review and provide advice and assistance during the evaluation of proposals and selection of any vendors; and review and negotiate contracts associated with the development, implementation, operation, and maintenance of the project. This requirement may also apply to information technology
projects to include requests for proposal and contracts. The State CIO shall establish standards for project managers and project management assistants. The State CIO shall develop performance measures for project reporting and shall make this reporting available through a publicly accessible Web site.

(b) Participating Agency Responsibilities. – The State CIO shall designate a Project Manager who shall select qualified personnel from the Department staff to participate in information technology project management, implementation, testing, and other activities for any information technology project. (c) Separate Agency Responsibilities. – Each agency shall provide for one or more project managers who meet the applicable quality assurance standards for each information technology project that is subject to approval by the State CIO. Each project manager shall be subject to the review and approval of the State CIO. Each agency project manager shall provide periodic reports to the project management assistant assigned to the project by the State CIO under this subsection. The reports shall include information regarding project costs; issues related to hardware, software, or training; projected and actual completion dates; and any other information related to the implementation of the information technology project.

(d) State CIO Responsibilities. – The State CIO shall provide a project management assistant from the Department for any approved separate agency project, whether the project is undertaken in single or multiple phases or components. The State CIO may designate a project management assistant for any other information technology project.

The project management assistant shall advise the agency with the initial planning of a project, the content and design of any request for proposals, contract development, procurement, and architectural and other technical reviews. The project management assistant shall also monitor progress in the development and implementation of the project and shall provide status reports to the agency and the State CIO, including recommendations regarding continued approval of the project.

The State CIO shall establish a clearly defined, standardized process for project management that includes time lines for completion of process requirements for both the Department and agencies. The State CIO shall also establish reporting requirements for information technology projects, both during the planning, development, and implementation process and following completion of the project. The State CIO shall continue to monitor system performance and financial aspects of each project after implementation. The State CIO shall also monitor any certification process required for State information technology projects and shall immediately report any issues associated with certification processes to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

§ 143B-1320. Dispute resolution.

(a) Agency Request for Review. – In any instance where the State CIO has denied or suspended the approval of an information technology project, has cancelled the project, or has denied an agency's request for deviation, the affected State agency may request that the Governor review the State CIO's decision. The agency shall submit a written request for review to the Governor within 15 business days following the agency's receipt of the State CIO's written grounds for denial, suspension, or cancellation. The agency's request for review shall specify the grounds for its disagreement with the State CIO's determination. The agency shall include with its request for review a copy of the State CIO's written grounds for denial or suspension.

(b) Review Process. – The Governor shall review the information provided and may request additional information from either the agency or the State CIO. The Governor may affirm, reverse, or modify the decision of the State CIO or may remand the matter back to the State CIO for additional findings. Within 30 days after initial receipt of the agency's request for
review, the Governor shall notify the agency and the State CIO of the decision in the matter. The notification shall be in writing and shall specify the grounds for the Governor’s decision.

The Governor may reverse or modify a decision of the State CIO when the Governor finds the decision of the State CIO is unsupported by substantial evidence that the agency project fails to meet one or more standards of efficiency and quality of State government information technology as required under this Article.

§ 143B-1321. Standardization.

The State CIO shall establish consistent standards for the purchase of agency hardware and software that reflect identified, documented agency needs.

§ 143B-1322. Legacy applications.

Participating agency legacy applications shall be moved to the Department once a detailed plan is coordinated and in place for the successful transition of a specific application to the Department. The Department shall identify situations where multiple agencies are using legacy systems with similar capabilities and shall prepare plans to consolidate these systems. Initial identification of similar capabilities shall be reported to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division by March 1, 2016. The initial report shall include a schedule for the consolidation. The report shall also include the costs for operating and maintaining the current systems, the estimated costs for an enterprise replacement system, and the operations and maintenance costs associated with an enterprise system.

Part 4. Information Technology Procurement.

§ 143B-1323. Procurement of information technology.

(a) The State CIO is responsible for establishing policies and procedures for information technology procurement for State agencies.

Notwithstanding any other provision of law, the Department shall procure all information technology goods and services for participating agencies and shall approve information technology procurements for separate agencies. The State CIO may cancel or suspend any agency information technology procurement that occurs without State CIO approval.

(b) The Department shall review all procurements to ensure they meet current technology standards, are not duplicative, meet business objectives, are cost-effective, and are adequately funded. G.S. 143-135.9 shall apply to information technology procurements.

(c) The Department shall, subject to the provisions of this Part, do all of the following with respect to State information technology procurement:

(1) Purchase or contract for all information technology for participating State agencies.

(2) Approve all technology purchases for separate agencies.

(3) Establish standardized, consistent processes, specifications, and standards that shall apply to all information technology to be purchased, licensed, or leased by State agencies and relating to information technology personal services contract requirements for State agencies, including, but not limited to, requiring convenience contracts to be rebid prior to termination without extensions.

(4) Establish procedures to permit State agencies and local government entities to use the General Services Administration (GSA) Cooperative Purchasing Program to purchase information technology (i) awarded under GSA Supply Schedule 70 Information Technology and (ii) from contracts under the GSA’s Consolidated Schedule containing information technology special item numbers.

(5) Establish procedures to permit State agencies and local government entities to use other cooperative purchasing agreements.

(7) Utilize the purchasing benchmarks established by the Secretary of Administration pursuant to G.S. 143-53.1.

(8) Provide strategic sourcing resources and detailed, documented planning to compile and consolidate all estimates of information technology goods and services needed and required by State agencies.

(9) Develop a process to provide a question and answer period for vendors prior to procurements.
(d) Each State agency, separate agency, and participating agency shall furnish to the State CIO when requested, and on forms as prescribed, estimates of and budgets for all information technology goods and services needed and required by such department, institution, or agency for such periods in advance as may be designated by the State CIO. When requested, all State agencies shall provide to the State CIO on forms as prescribed, actual expenditures for all goods and services needed and required by the department, institution, or agency for such periods after the expenditures have been made as may be designated by the State CIO.

(e) Confidentiality. – Contract information compiled by the Department shall be made a matter of public record after the award of contract. Trade secrets, test data, similar proprietary information, and security information protected under G.S. 132-6.1(c) or other law shall remain confidential.

(f) Electronic Procurement. – The State CIO may authorize the use of the electronic procurement system established by G.S. 143-48.3, or other systems, to conduct reverse auctions and electronic bidding. For purposes of this Part, "reverse auction" means a real-time purchasing process in which vendors compete to provide goods or services at the lowest selling price in an open and interactive electronic environment. The vendor's price may be revealed during the reverse auction. The Department may contract with a third-party vendor to conduct the reverse auction. "Electronic bidding" means the electronic solicitation and receipt of offers to contract. Offers may be accepted and contracts may be entered by use of electronic bidding. All requirements relating to formal and competitive bids, including advertisement, seal, and signature, are satisfied when a procurement is conducted or a contract is entered in compliance with the reverse auction or electronic bidding requirements established by the Department.

(g) Bulk Purchasing. – The State CIO shall establish efficient, responsive procedures for the procurement of information technology. The procedures may include aggregation of hardware purchases, the use of formal bid procedures, restrictions on supplemental staffing, enterprise software licensing, hosting, and multiyear maintenance agreements. The State CIO may require agencies to submit information technology procurement requests on a regularly occurring schedule each fiscal year in order to allow for bulk purchasing.

(h) All offers to contract, whether through competitive bidding or other procurement method, shall be subject to evaluation and selection by acceptance of the most advantageous offer to the State. Evaluation shall include best value, as the term is defined in G.S. 143-135.9(a)(1), compliance with information technology project management policies, compliance with information technology security standards and policies, and substantial conformity with the specifications, and other conditions set forth in the solicitation.

(i) Exceptions. – In addition to permitted waivers of competition, the requirements of competitive bidding shall not apply to information technology contracts and procurements:

   (1) In cases of pressing need or emergency arising from a security incident.

Any exceptions shall immediately be reported to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

(j) Information Technology Innovation Center. – The Department may operate a State Information Technology Innovation Center (iCenter) to develop and demonstrate technology solutions with potential benefit to the State and its citizens. The iCenter may facilitate the piloting of potential solutions to State technology requirements. In operating the iCenter, the State CIO shall ensure that all State laws, rules, and policies are followed.

Vendor participation in the iCenter shall not be construed to (i) create any type of preferred status for vendors or (ii) abrogate the requirement that agency and statewide requirements for information technology support, including those of the Department, are awarded based on a competitive process that follows information technology procurement guidelines.

§ 143B-1324. Restriction on State agency contractual authority with regard to information technology.

(a) All State agencies covered by this Article shall use contracts for information technology to include enterprise licensing agreements and convenience contracts established by the Department. (a) It is unlawful for any person, by the use of the powers, policies, or procedures described in this Part or established hereunder, to purchase, attempt to purchase, procure, or attempt to procure any property or services for private use or benefit.

(b) This prohibition shall not apply if:

(1) The State agency through which the property or services are procured had theretofore established policies and procedures permitting such purchases or procurement by a class or classes of persons in order to provide for the mutual benefit of such persons and the department, institution, or agency involved or the public benefit or convenience; and

(2) Such policies and procedures, including any reimbursement policies, are complied with by the person permitted thereunder to use the purchasing or procurement procedures described in this Part or established thereunder.

(c) Any violation of this section is a Class 1 misdemeanor.

(d) Any employee or official of the State who violates this Part shall be liable to the State to repay any amount expended in violation of this Part, together with any court costs.

§ 143B-1327. Certification that information technology bid submitted without collusion.

The State CIO shall require bidders to certify that each bid on information technology contracts overseen by the Department is submitted competitively and without collusion. False certification is a Class I felony.

§ 143B-1328. Award review.

(a) When the dollar value of a contract for the procurement of information technology equipment, materials, and supplies exceeds the benchmark established by subdivision (1) of subsection (c) of this section, an award recommendation shall be submitted to the State CIO for approval or other action. The State CIO shall promptly notify the agency or institution making the recommendation, or for which the purchase is to be made, of the action taken.

(b) Prior to submission for review pursuant to this section for any contract for information technology being acquired for the benefit of an agency authorized to deviate from this Article pursuant to G.S. 143B-1300(c), the State CIO shall review and approve the procurement to ensure compliance with the established processes, specifications, and standards applicable to all information technology purchased, licensed, or leased in State government, including established procurement processes, and compliance with the State government-wide technical architecture and standards established by the State CIO.

(c) The State CIO shall provide a report of all contract awards approved through the Statewide Procurement Office as indicated below. The report shall include the amount of the award, the contract term, the award recipient, the using agency, and a short description of the nature of the award, as follows:
(1) For contract awards greater than twenty-five thousand dollars ($25,000), to the cochairs of the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division on a monthly basis.

(2) For all contract awards outside the established purchasing system, to the Department of Administration, Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division on a quarterly basis.

"§ 143B-1329. Multiyear contracts; Attorney General assistance.

(a) Notwithstanding the cash management provisions of G.S. 147-86.11, the Department may procure information technology goods and services for periods up to a total of three years where the terms of the procurement contracts require payment of all or a portion of the contract price at the beginning of the contract agreement. All of the following conditions shall be met before payment for these agreements may be disbursed:

(1) Any advance payment can be accomplished within the IT Internal Service Fund budget.

(2) The State Controller receives conclusive evidence that the proposed agreement would be more cost-effective than a multiyear agreement that complies with G.S. 147-86.11.

(3) The procurement complies in all other aspects with applicable statutes and rules.

(4) The proposed agreement contains contract terms that protect the financial interest of the State against contractor nonperformance or insolvency through the creation of escrow accounts for funds, source codes, or both, or by any other reasonable means that have legally binding effect.

The Office of State Budget and Management shall ensure the savings from any authorized agreement shall be included in the IT Internal Service Fund rate calculations before approving annual proposed rates. Any savings resulting from the agreements shall be returned to agencies included in the contract in the form of reduced rates.

(b) At the request of the State CIO, the Attorney General shall provide legal advice and services necessary to implement this Article.

"§ 143B-1330. Purchase of certain computer equipment and televisions by State agencies and governmental entities prohibited.

(a) No State agency, local political subdivision of the State, or other public body shall purchase computer equipment or televisions, as defined in G.S. 130A-309.131, or enter into a contract with any manufacturer that the State CIO determines is not in compliance with the requirements of G.S. 130A-309.134 or G.S. 130A-309.135 as determined from the list provided by the Department of Environment and Natural Resources pursuant to G.S. 130A-309.138. (b) State and local governmental entities shall document savings resulting from the purchase of the refurbished computer equipment, including, but not limited to, the initial acquisition cost as well as operations and maintenance costs. These savings shall be reported quarterly to the Department of Information Technology.

(c) The Information Technology Strategic Sourcing Office shall administer the refurbished computer equipment program by establishing a competitive purchasing process to support this initiative that meets all State information technology procurement laws and procedures and ensures that agencies receive the best value.

By May 1, 2016, the State CIO shall present a report on the data center consolidation plan to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

(b) State agencies shall use the State infrastructure to host their projects, services, data, and applications. The State Chief Information Officer may grant an exception if the State agency can demonstrate any of the following:

(1) Using an outside contractor would be more cost-effective for the State.
(2) The Department does not have the technical capabilities required to host the application.
(3) Valid security requirements preclude the use of State infrastructure, and a vendor can provide a more secure environment.

§ 143B-1336. Communications services.

PART VIII-A. LEGISLATIVE FINDINGS, DIRECTION, AUTHORITY, AND RESOURCES TO ENSURE THAT ALL STUDENTS HAVE THE OPPORTUNITY TO RECEIVE A SOUND BASIC EDUCATION

LEGISLATIVE FINDINGS

SECTION 8A.1.(a) The General Assembly finds that some local boards of education have failed to comply with the requirements of the judiciary's decisions in Leandro to provide all public school students the opportunity to receive a sound basic education. Notwithstanding a history of adequate State and local funding and legislatively-granted flexibility in administration, management, and employment at the local level to provide tools to facilitate compliance with Leandro, some local boards of education have failed to take actions sufficient to:

1. Prevent education bureaucracies from interfering with and overriding accountability measures and education reforms required by State law.
2. Properly administer the public schools.
3. Provide high-quality principals in every school and high-quality teachers in every classroom.

SECTION 8A.1.(b) It is the intent of the General Assembly in this act to provide the following additional direction, authority, and resources to local boards of education and to the State Board of Education to enable them to correct these deficiencies:

1. Clarify the role of local boards of education to ensure that their main focus is to provide each public school student with the opportunity to receive a sound basic education, and that all policy decisions should be made with that objective in mind, including employment decisions, budget development, and other administrative actions.
2. Direct the State Board of Education not to allow waivers of State laws and rules that permit local boards to avoid accountability measures and education reforms required by the State.
3. Provide additional teacher positions to transition to a lower class size in first grade which, according to research, is optimal for learning at this critical time.
(4) Facilitate the identification of low-performing schools and low-performing local school administrative units.

(5) Provide the State Board of Education with authority to consolidate local school administrative units in contiguous counties as necessary to ensure that all school systems have the size, expertise, and other resources necessary to provide their students with the opportunity to receive a sound basic education.

(6) Provide forty-one million eight hundred forty-six thousand one hundred twenty-three dollars ($41,846,123) in additional funds to increase the base teacher salary paid by the State by six and one-tenth percent (6.1%).

DUTY OF LOCAL BOARDS OF EDUCATION TO PROVIDE STUDENTS WITH THE OPPORTUNITY TO RECEIVE A SOUND BASIC EDUCATION

SECTION 8A.2. G.S. 115C-47(1) reads as rewritten:

"(1) To Provide an Adequate School System: the Opportunity to Receive a Sound Basic Education. - It shall be the duty of local boards of education to provide adequate school systems: students with the opportunity to receive a sound basic education and to make all policy decisions with that objective in mind, including employment decisions, budget development, and other administrative actions, within their respective local school administrative units, as directed by law."

The report shall be filed in a format prescribed by the State Board of Education and shall include the organization for each school, the duties of each teacher, the size of each class, and such other information as the State Board may require. As of February 1 each year, local boards of education, through the superintendent, shall report all exceptions to individual class size maximums in kindergarten through third grade that occur at that time.

(g) Waivers and Allotment Adjustments. – Local boards of education shall report exceptions to the class size requirements set out for kindergarten through third grade and significant increases in class size at other grade levels to the State Board and shall request allotment adjustments at any grade level, waivers from the requirements for kindergarten through third grade, or both. Within 45 days of receipt of reports, the State Board of Education, within funds available, may allot additional positions at any grade level. The State Board shall not grant waivers for the excess class size in kindergarten through third grade, except under the following circumstances: (i) emergencies or acts of God that impact the availability of classroom space or facilities; (ii) an unanticipated increase in student population of an individual school in excess of two percent (2%) of the average daily membership of that school; (iii) organizational problems in geographically isolated local school administrative units
in which the average daily membership is less than one and one-half per square mile; (iv) classes organized for a solitary curricular area; or (v) a charter school closure.

The local board of education shall continue to be responsible for complying with the terms of the superintendent's employment contract.

SECTION 8A.3.(b) Notwithstanding G.S. 115C-301, as amended by this section, and any other provision of law, for the 2015-2016 and 2016-2017 school years, class size requirements in kindergarten through third grade shall remain unchanged.

SECTION 8A.6.(a) G.S. 115C-105.26 reads as rewritten:
§ 115C-105.26. Waivers of State laws, rules, or policies.

(a) When included as part of a school improvement plan accepted under G.S. 115C-105.27, local boards of education shall submit requests for waivers of State laws, rules, or policies to the State Board of Education. A request for a waiver by a local board of education shall (i) identify the school or schools making the request, (ii) identify the State laws, rules, or policies that inhibit the school's ability to improve student performance, (iii) set out with specificity the circumstances under which the waiver may be used, and (iv) explain how the requested waiver will permit the school to improve student performance.

(b) When requested as part of a school improvement plan, the State Board of Education may grant waivers to local boards of education of State laws and rules pertaining to the following:

(1) State laws pertaining to class size, and teacher certification requirements only as provided in G.S. 115C-301(a).

(2) State rules and policies, except those pertaining to public school State salary schedules and employee benefits for school employees, the instructional program that must be offered under the Basic Education Program, the system of employment for public school teachers and administrators set out in G.S. 115C-287.1 and in Part 3 of Article 22 of this Chapter, health and safety codes, compulsory attendance, the minimum lengths of the school day and year, and the Uniform Education Reporting System.

(3) School calendar requirements in order to provide sufficient days to accommodate anticipated makeup days due to school closings only as provided in G.S. 115C-84.2(d).

(e) The State Board also may grant requests received from local boards for waivers of State laws, rules, or policies that affect the organization, duties, and assignment of central office staff only. However, none of the duties to be performed under G.S. 115C-436 may be waived.

(e1) The State Board also may grant requests received from local boards for waivers of State laws, rules, or policies that require that each local school administrative unit provide at least one alternative school or at least one alternative learning program.

(d) Notwithstanding subsections (b) and (c) of this section, the State Board shall not grant waivers of G.S. 115C-12(16)b. regarding the placement of State allotted office support personnel, teacher assistants, and custodial personnel on the salary schedule adopted by the State Board.

(e) Notwithstanding subsection (b) of this section, the State Board may grant requests received from local boards for waivers of State laws, rules, or policies pertaining to the placement of principals on the State salary schedule for public school administrators in order to provide financial incentives to encourage principals to accept employment in a school that has been identified as low performing under G.S. 115C-105.37. The State Board shall act on requests under this subsection at the first Board meeting following receipt of each request.

(f) Except as provided in subsection (e) of this section, the State Board shall act within 60 days of receipt of all requests for waivers under this section.

(g) The State Board shall, on a regular basis, review all waivers it has granted to determine whether any rules should be repealed or modified or whether the Board should recommend to the General Assembly the repeal or modification of any laws.

(h) By October 15 of each year, the State Board shall report to the Joint Legislative Education Oversight Committee with a list of the specific waivers granted to each local board of education under this section. The State Board may include any legislative recommendations identified under subsection (g) of this section in its report.

SECTION 9.2.(c) A principal shall be placed on the step on the salary schedule that reflects the total number of years of experience as a certified employee of the public schools and an additional step for every three years of experience serving as a principal on or before June 30, 2009. A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and 1999-2000 school years for improvement in student performance or maintaining a safe and orderly school.

SECTION 9.2.(d) Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars ($126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars ($253.00) per month.

If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

SECTION 9.2.(g) Participants in an approved full-time master's in-school administration program shall receive up to a 10-month stipend at the beginning salary of an assistant principal during the internship period of the master's program. The Principal Fellows Program or the school of education where the intern participates in a full-time master's in-school administration program shall supply the Department of Public Instruction with certification of eligible full-time interns.

In addition, the campuses of the constituent institutions also shall require their faculty to have a teaching workload equal to the national average in their Carnegie classification.

SECTION 11.4(b) In allocating the management flexibility reduction, no reduction in State funds shall be allocated in either fiscal year of the 2015-2017 biennium to any of the following:

NC GUARANTEED ADMISSION PROGRAM (NCGAP)
SECTION 11.7.(a) The General Assembly finds that the six-year graduation rate
for students pursuing a baccalaureate degree from any constituent institution of The University
of North Carolina is too low. The General Assembly further finds that it is important to design
and implement a program for the purpose of achieving the following goals: to assist more
students to obtain a baccalaureate degree within a shorter time period; to provide students with
a college education at significantly lower costs for both the student and the State; to help
decrease the amount of debt resulting from loans that a student may owe upon graduation; to
provide a student with an interim degree that may increase a student's job opportunities if the
student chooses not to continue postsecondary education; and to provide easier access to
academic counseling that will assist a student in selecting coursework that reflects the student's
educational and career goals and helps the student succeed academically.
SECTION 11.7.(b) The Board of Governors of The University of North Carolina
and the State Board of Community Colleges shall jointly study and evaluate how a deferred
admission program, to be known as the North Carolina Guaranteed Admission Program
(NCGAP), for students identified as academically at risk and designed pursuant to subsection
(c) of this section, would address the issues and help achieve the goals set out in subsection (a)
of this section. In its study the Board of Governors and State Board of Community Colleges
shall also consider the best procedure for implementing NCGAP and the fiscal impact it may
have with respect to enrollment.
SECTION 11.7.(c) NCGAP shall be a deferred admission program that requires a
student who satisfies the admission criteria of a constituent institution, but whose academic
credentials are not as competitive as other students admitted to the institution, to enroll in a
community college in this State and earn an associate degree prior to enrolling as a student at
the constituent institution. A student who earns an associate degree from a community college
in this State within three years from the date of the deferred acceptance is guaranteed admission
at that constituent institution to complete the requirements for a baccalaureate degree. A
constituent institution shall hold in reserve an enrollment slot in the appropriate future
academic year for any student who accepts a deferred admission. A constituent institution shall
also reduce its enrollment for each academic year by the number of deferred admissions
granted for that academic year.
SECTION 11.7.(d) The Board of Governors of The University of North Carolina
and the State Board of Community Colleges shall report their finding and recommendations to
the Joint Legislative Education Oversight Committee, the Fiscal Research Division, and the
Office of State Budget and Management by March 1, 2016. The report shall include an analysis
of the fiscal impact NCGAP may have with regard to enrollment at constituent institutions of
The University of North Carolina and at community colleges, the number of students who may
participate in NCGAP, and its effect on FTEs.
SECTION 11.7.(e) Based on the analysis conducted by the Board of Governors
and the State Board of Community Colleges pursuant to subsection (b) of this section and the
recommendations made pursuant to subsection (d) of this section, each constituent institution shall design a deferred admission program as part of NCGAP for implementation at the institution. The institution shall design the program so that it may be implemented at the institution beginning with the 2016-2017 fiscal year and applied to the institution's admission process for the 2017-2018 academic year and each subsequent academic year.

SECTION 11.7.(f) The State Board of Community Colleges, in consultation with the Board of Governors of The University of North Carolina, shall adopt rules to ensure that a student participating in NCGAP is provided counseling and assistance in selecting coursework that reflects the student's educational and career goals and that provides a smooth transition from the community college to the constituent institution.

SECTION 11.7.(g) NCGAP shall be implemented at all constituent institutions and all community colleges beginning with the 2016-2017 fiscal year and shall apply to admissions policies at each constituent institution and community college beginning with the 2017-2018 academic year and each subsequent academic year.

(a) The General Assembly makes the following findings:

(1) That controlling escalating health care costs of the Medicaid program and other State-funded health services is of significant importance to the State, its taxpayers, its Medicaid recipients, and other recipients of State-funded health services.

(2) That the State needs timely access to certain demographic and clinical information pertaining to services rendered to Medicaid and other State-funded health care program beneficiaries and paid for with Medicaid or other State-funded health care funds in order to assess performance, improve health care outcomes, pinpoint medical expense trends, identify beneficiary health risks, and evaluate how the State is spending money on Medicaid and other State-funded health services.

(3) That making demographic and clinical information available to the State by secure electronic means as set forth in subsection (b) of this section will, with respect to Medicaid and other State-funded health care programs, improve care coordination within and across health systems, increase care quality for such beneficiaries, enable more effective population health management, reduce duplication of medical services, augment syndromic surveillance, allow more accurate measurement of care services and outcomes, increase strategic knowledge about the health of the population, and facilitate health care cost containment.

(b) Notwithstanding the voluntary nature of the HIE Network under G.S. 90-414.2 and as a condition of receiving State funds, including Medicaid funds, the following entities shall submit at least twice daily, through the HIE network, demographic and clinical information pertaining to services rendered to Medicaid and other State-funded health care program beneficiaries and paid for with Medicaid or other State-funded health care funds, solely for the purposes set forth in subsection (a) of this section:

<table>
<thead>
<tr>
<th>AGE</th>
<th>INCOME PERCENTAGE LEVEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 5</td>
<td>200%</td>
</tr>
<tr>
<td>6 – 12</td>
<td>133%</td>
</tr>
</tbody>
</table>

The eligibility for any child with special needs, including a child who is 13 years of age or older, shall be two hundred percent (200%) of the federal poverty level.
SECTION 12B.2.(b) Effective September 1, 2015, the Department of Health and Human Services, Division of Child Development and Early Education, shall revise its child care subsidy policy to exclude from the policy's definition of "income unit" a nonparent relative caretaker, and the caretaker's spouse and child, if applicable, when the parent of the child receiving child care subsidy does not live in the home with the child.

SECTION 12B.2.(c) Fees for families who are required to share in the cost of care are established based on ten percent (10%) of gross family income. Co-payments for part-time care shall be seventy-five percent (75%) of the full-time co-payment.

SECTION 12B.2.(d) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

1. Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.

2. Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.

3. Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

4. No payments shall be made for transportation services or registration fees charged by child care facilities.

5. Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

6. The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

SECTION 12B.2.(e) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

1. Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

2. If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 12B.2.(f) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 12B.2.(g) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star-rated facilities. For those counties with an inadequate number of four- and five-star-rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four- and five-star-rated facilities for non-star-rated programs, such as religious programs.

SECTION 12B.2.(h) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (g) of this section, no separate licensing
requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

**SECTION 12B.2.(i)** Payment for subsidized child care services provided with Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development and Early Education for the subsidized child care program.

**SECTION 12B.2.(j)** Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

1. The child for whom a child care subsidy is sought is receiving child protective services or foster care services.
2. The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.
3. The child for whom a child care subsidy is sought is a citizen of the United States.

**SECTION 12B.2.(k)** The Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

**CHILD CARE SUBSIDY MARKET RATE INCREASES/CERTAIN AGE GROUPS AND COUNTIES**

**SECTION 12B.2A.** Beginning January 1, 2016, the Department of Health and Human Services, Division of Child Development and Early Education, shall increase the child care subsidy market rates to the rates recommended by the 2015 Child Care Market Rate Study from birth through two years of age in three-, four-, and five-star-rated child care centers and homes in tier one and tier two counties. For purposes of this section, tier one and tier two counties shall have the same designations as those established by the N.C. Department of Commerce's 2015 County Tier Designations.

**CHILD CARE ALLOCATION FORMULA**

**SECTION 12B.3.(a)** The Department of Health and Human Services shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty-percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty-percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

1. Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than the applicable federal poverty level percentage set forth in Section 12B.2 of this act.
2. The Department of Health and Human Services shall allocate to counties all State funds appropriated for child care subsidy and shall not withhold funds during the 2015-2016 and 2016-2017 fiscal years.

**SECTION 12B.3.(b)** The Department of Health and Human Services may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including North Carolina Partnership for Children, Inc., funds within a county.
SECTION 12B.3.(c) When implementing the formula under subsection (a) of this section, the Department of Health and Human Services, Division of Child Development and Early Education, shall include the market rate increase in the formula process, rather than calculating the increases outside of the formula process. Additionally, the Department shall do the following:

(1) For fiscal year 2015-2016, (i) continue implementing one-third of the change in a county's allocation based on the new Census data; (ii) implement an additional one-third of the change in a county's allocation beginning fiscal year 2016-2017; and (iii) the final one-third change in a county's allocation beginning fiscal year 2018-2019. However, beginning fiscal year 2015-2016, a county's initial allocation shall be the county's expenditure in the previous fiscal year. With the exception of market rate increases consistent with any increases approved by the General Assembly, a county whose spending coefficient is less than ninety-five percent (95%) in the previous fiscal year shall receive its prior year's expenditure as its allocation and shall not receive an increase in its allocation in the following year. A county whose spending coefficient is at least ninety-five percent (95%) in the previous fiscal year shall receive, at a minimum, the amount it expended in the previous fiscal year and may receive additional funding, if available. The Division may waive this requirement and allow an increase if the spending coefficient is below ninety-five percent (95%) due to extraordinary circumstances, such as a State or federal disaster declaration in the affected county. By October 1 of each year, the Division shall report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division the counties that received a waiver pursuant to this subdivision and the reasons for the waiver.

(2) Effective immediately following the next new Census data release, implement (i) one-third of the change in a county's allocation in the year following the data release; (ii) an additional one-third of the change in a county's allocation beginning two years after the initial change under this subdivision; and (iii) the final one-third change in a county's allocation beginning the following two years thereafter.

CHILD CARE FUNDS MATCHING REQUIREMENTS

SECTION 12B.4. No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of an emergency as defined in G.S. 166A-19.3(6).

CHILD CARE REVOLVING LOAN

SECTION 12B.5. Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

ADMINISTRATIVE ALLOWANCE FOR COUNTY DEPARTMENTS OF SOCIAL SERVICES/USE OF SUBSIDY FUNDS FOR FRAUD DETECTION

SECTION 12B.6.(a) The Department of Health and Human Services, Division of Child Development and Early Education, shall fund the allowance that county departments of social services may use for administrative costs at four percent (4%) of the county's total child care subsidy funds allocated in the Child Care and Development Fund Block Grant plan or eighty thousand dollars ($80,000), whichever is greater.

SECTION 12B.6.(b) Each county department of social services may use up to two percent (2%) of child care subsidy funds allocated to the county for fraud detection and investigation initiatives.

SECTION 12B.7.(d) Match Requirements. – The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the 2015-2017 biennium. Of the funds the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least twelve percent (12%) and in-kind donated resources shall be equal to no more than five percent (5%) for a total match requirement of seventeen percent (17%) for the 2015-2016 fiscal year; and

7. Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership.
8. Be reported to the North Carolina Partnership for Children, Inc., or the local partnership by the contractor in the same manner as reimbursable expenses.

Failure to obtain a seventeen-percent (17%) match by June 30 of the 2015-2016 fiscal year and a nineteen-percent (19%) match by June 30 of the 2016-2017 fiscal year shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Oversight Committee on Health and Human Services in a format that allows verification by the Department of Revenue. The agreement shall also include requirements and procedures regarding the allocation of all federal and other funds for all programs to be administered by the tribe. Upon the execution of the agreement, to allow the tribe to assume certain duties and responsibilities for
the administration of the NC Medicaid program, NC Health Choice, and SNAP, the agreement

other functions related to the eligibility process.

the tribe's duties and responsibilities under this agreement shall be employed
under standards equivalent to current standards for a Merit System of
Personnel Administration or any standards later prescribed by the Office of
Personnel Management under section 208 of the Intergovernmental
Personnel Act of 1970, unless an exemption is obtained from the federal
government. The tribe shall also provide the Department with information to
verify the unemployment standards included under this condition.

flexibility furthers goals addressing health disparities among American
Indians."

Jackson and Swain counties to serve the Eastern Band of Cherokee Indians
for that program previously borne by the State shall be allocated
directly to the Eastern Band of Cherokee Indians rather than to those
counties, and shall not exceed the amount expended by the State for
fiscal year 2014-2015 for programs or services assumed by the Eastern Band
of Cherokee Indians, as applicable, plus the growth rate equal to the growth
in State-funded nonfederal share for all counties. Any fund sources from
which the tribe receives funds directly from federal agencies are excluded
from the requirements of this subdivision.

(2) Any portion of nonfederal matching funds borne by counties for public
assistance and social services programs and related administrative costs shall
be borne by the Eastern Band of Cherokee Indians.

IMPROVE MATERNAL AND CHILD HEALTH/ESTABLISH COMPETITIVE GRANTS PROCESS

SECTION 12E.11.(a) Findings. – The General Assembly finds that America spends twice as much on health care as any other nation, yet Americans are not the healthiest people in the world. Research indicates that spending on health care to treat people may actually come at the expense of investing in public health programs meant to keep people from getting sick in the first place. The General Assembly further finds that infant mortality rates are an indicator of a state's overall health status. North Carolina currently ranks 40th in the nation on infant mortality. Implementing statewide policies to invest in evidence-based programs that are scientifically proven to lower infant mortality rates and improve birth outcomes and the health of children ages birth to five will assure that future rankings for North Carolina are among the best in the nation.

SECTION 12E.11.(b) Designation of Lead Agency. – The Department of Health and Human Services, Division of Public Health (Division), shall be the lead agency responsible for doing all of the following:

(1) Assuming responsibility for controlling all funding and contracts designed to (i) improve North Carolina's birth outcomes, (ii) improve the overall health status of children in this State from ages birth to five, and (iii) lower this State's infant mortality rates.

(2) Working in consultation with the University of North Carolina Gillings School of Global Public Health to develop a statewide, comprehensive plan to accomplish the goals described in subdivision (1) of this subsection.

(3) Conducting a continuation review of all maternal and child health-related programs and activities as directed under Section 6.20 of this act, in consultation with the Department of Health and Human Services, Office of
Program Evaluation Reporting and Accountability (OPERA), as created in Section 12A.3 of this act.

SECTION 12E.11.(c) Establishment of Competitive Grants Process for Local Health Departments. – It is the intent of the General Assembly that, beginning in the 2016-2017 fiscal year, the Division implement a competitive grants process for local health departments based on maternal and infant health indicators and the county’s detailed proposal to invest in evidence-based programs to achieve the goals described in subdivision (1) of subsection (b) of this section. To that end, the Division shall develop a plan to establish a competitive grants process that, at a minimum, includes each of the following components:

1. A request for application (RFA) process to allow local health departments to apply for and receive State funds on a competitive basis.
2. A requirement that the Division prioritize grant awards to those local health departments that are able to leverage non-State funds in addition to the grant award.
3. A process that awards grants to local health departments dedicated to providing services on a countywide basis and that supports the goals described in subdivision (1) of subsection (b) of this section.
4. Ensures that funds received by the Division to implement the plan supplement and do not supplant existing funds for health and wellness programs and initiatives.

The Department shall continue to implement a two-tiered system of payment for purchasing these local inpatient psychiatric beds or bed days based on acuity level with an enhanced rate of payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels, as defined by the Department. The enhanced rate of payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels shall not exceed the lowest average cost per patient bed day among the State psychiatric hospitals. In addition, at the discretion of the Secretary of Health and Human Services, existing funds allocated to LME/MCOs for community-based mental health, developmental disabilities, and substance abuse services may be used to purchase additional local inpatient psychiatric beds or bed days. The Department shall enter into contracts with LME/MCOs and local hospitals for the management of these beds or bed days. The Department shall work to ensure that these contracts are awarded equitably around all regions of the State. SINGLE STREAM FUNDING FOR MH/DD/SAS COMMUNITY SERVICES

SECTION 12F.2.(a) For the purpose of mitigating cash flow problems that many LME/MCOs experience at the beginning of each fiscal year relative to single stream funding, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (DMH/DD/SAS), shall distribute not less than one-twelfth of each LME/MCO's continuation allocation at the beginning of the fiscal year and subtract the amount of that distribution from the LME/MCO's total reimbursements for the fiscal year.

SECTION 12F.2.(b) The DMH/DD/SAS is directed to reduce its allocation for single stream funding by one hundred ten million eight hundred eight thousand seven hundred fifty-two dollars ($110,808,752) in nonrecurring funds for the 2015-2016 fiscal year and by one hundred fifty-two million eight hundred fifty thousand one hundred thirty-three dollars ($152,850,133) in nonrecurring funds for the 2016-2017 fiscal year. The DMH/DD/SAS is directed to allocate this reduction among the LME/MCOs based on the individual LME/MCO's percentage of the total cash on hand of all of the LME/MCOs in the State. Cash on hand means the sum of the "Total Cash and Investments" plus the "Short-Term Investments" reported on Schedule "A" of the financial reporting package submitted by the LME/MCOs to the Division of Medical Assistance (DMA) on June 30, 2015. The individual LME/MCO's percentage of the total cash on hand equals the individual LME/MCO's cash on hand divided by the aggregate amount of cash on hand of all of the LME/MCOs in the State. During each year of the 2015-2017 fiscal biennium, each LME/MCO shall provide at least the same level of services paid for by single stream funding during the 2014-2015 fiscal year.

SECTION 12F.2.(c) The Department shall modify the monthly reporting package submitted by the LME/MCOs to the Department to include revenues and expenditures for the State funding sources for single stream, intellectual and developmental disability, and substance abuse services on Schedule D2. Additionally, the Department shall modify appropriate schedules in the LME/MCO monthly reporting package to include unduplicated recipients and encounters in the same level of detail included in each D schedule for each source of funding for the reporting for the current and previous year's month and year-to-date periods. The Department shall submit these reports to the Joint Legislative Oversight Committee on Health and Human Services by the third Monday of each month beginning in October 2015.

SECTION 12F.2.(d) If, on or after June 1, 2016, the Office of State Budget and Management (OSBM) certifies a Medicaid budget surplus in funds 1310 and 1311 and sufficient cash in Budget Code 14445 to meet total obligations for fiscal year 2015-2016, then the DMA may transfer to the DMH/DD/SAS funds not to exceed the amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the reduction in single stream funding required by this section. If, on or after June 1, 2017, the OSBM certifies a Medicaid budget surplus in funds 1310 and 1311 and sufficient cash in Budget Code 14445 to meet total obligations for fiscal year 2016-2017, then the DMA may transfer to the DMH/DD/SAS funds not to exceed the amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the reduction in single stream funding required by this section. The DMH/DD/SAS shall allocate funds transferred pursuant to this subsection among the LME/MCOs based on the individual LME/MCO's percentage of the total cash on hand of all the LME/MCOs in the State, calculated in accordance with subsection (b) of this section. These funds shall be allocated as prescribed by June 30 of each State fiscal year.

SECTION 12F.2.(e) The Department of Health and Human Services shall develop a maintenance of effort (MOE) spending requirement for all mental health and substance abuse
services which must be maintained using non-federal, State appropriations on an annual basis in order to meet MOE requirements for federal block grant awards. LME/MCOs shall ensure the MOE spending requirement is met using State appropriations.

These funds shall be allocated as prescribed by G.S. 143C-9-1(b) for Medicaid programs. Notwithstanding the prescription in G.S. 143C-9-1(b) that these funds not reduce State general revenue funding, these funds shall replace the reduction in general revenue funding effected in this act.

Payments to NC Health Choice Program providers under this Part shall be paid in full and shall not be subject to cost settlement.

…."

SECTION 12H.26.(c) Any State Plan amendments required to implement this section shall not be subject to the 90-day prior submission requirements of G.S. 108A-54.1A(e) and G.S. 108A-70.25(b).

These funds shall be available for expenditure only upon an appropriation by act of the General Assembly.

SECTION 12H.28.(b) It is the intent of the General Assembly to appropriate funds from the Medicaid Contingency Reserve only if:

1. A delineation of the proposed allocations by program or activity, including State and federal match requirements.
2. A delineation of the proposed State and local administrative expenditures.
3. An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.
4. A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.
5. A projection of current year expenditures by program or activity.
6. A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

SECTION 12I.1.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for fiscal years 2015-2016 and 2016-2017, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used only for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star-rated facilities for four-year-old children and shall not be used to supplant State funds.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division.

SECTION 12I.1.(d) Except as otherwise provided, appropriations from federal Block Grant funds are made for each year of the fiscal biennium ending June 30, 2017, according to the schedule enacted for State fiscal years 2015-2016 and 2016-2017 or until a new schedule is enacted by the General Assembly.

SECTION 12I.1.(e) All changes to the budgeted allocations to the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and the Office of State Budget and Management shall consult with the Joint Legislative Oversight Committee on Health and Human Services for review prior to implementing the changes. The report shall include an itemized listing of affected programs, including associated changes in budgeted allocations. All changes to the budgeted allocations to the Block Grants shall be reported immediately to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.
SECTION 12I.1.(f) Except as otherwise provided, the Department of Health and Human Services shall have flexibility to transfer funding between the Temporary Assistance for Needy Families (TANF) Block Grant and the TANF Emergency Contingency Funds Block Grant so long as the total allocation for the line items within those block grants remains the same.

No later than April 1, 2016, the Department shall report to the Environmental Review Commission, the chairs of the Senate Appropriations Committee on Natural and Economic Resources and the House Appropriations Committee on Agriculture and Natural and Economic Resources, and the Fiscal Research Division regarding its implementation of this subsection, including a copy of the Request for Information required by subdivision (2) of this subsection and any responses received to the Request. Neither the Department nor any State agency may proceed with the removal of the New Inlet Dam until (i) the Environmental Review Commission has reviewed the report required by this section and (ii) a bill expressly providing authorization for the removal becomes law.

The network of oyster sanctuaries is to be named in honor of Senator Jean Preston and shall be called the "Senator Jean Preston Oyster Sanctuary Network."

"SECTION 44.(b) The Division of Marine Fisheries of the Department of Environment and Natural Resources shall designate an area of appropriate acreage within the Pamlico Sound as a recommendation to the Environmental Review Commission for establishment of the "Senator Jean Preston Marine Shellfish Sanctuary" and create a plan for managing the sanctuary that includes develop a plan to construct and manage additional oyster habitats. The new sanctuaries, along with selected existing oyster sanctuaries, shall be included in the Senator Jean Preston Oyster Sanctuary Network. The plan shall include the following components:

(1) Location and delineation of the sanctuary—oyster sanctuaries. – The plan should include a location locations for the sanctuary network components that minimizes the impact on commercial trawling. In addition, the sanctuary should be gridded into areas leased to private parties for restoration and harvest and areas operated and maintained by the State for restoration that are not open for harvest. The leased and unleased areas
should be arranged in a pattern where leased squares are surrounded on four sides by unleased squares. The location of sanctuaries shall take into account connectivity to existing oyster sanctuaries and proposed oyster enhancement sites. New oyster sanctuaries shall be designed to provide hook-and-line fishing while allowing the development of complex fish habitats and brood-stock oysters that will enhance recruitment in the surrounding reefs. The plan should outline a 10-year development project to accomplish the expansion.

(2) Administration. – The plan should include the prices to be charged for the leased portions of the sanctuary, including an administration fee to be retained by the Division to support the leasing and monitoring program. The plan shall also provide that the balance of lease payments collected by the Division be transferred to the General Fund with a recommendation that some or all of the proceeds be used for the support of the State's special education programs in memory of Senator Jean Preston.

(3) Enhancement of oyster habitat restoration. – The General Assembly finds that the lack of a reliable State-based supply of oyster seed and inadequate funding for cultch planting are limitations to the expansion of oyster harvesting and the restoration of wild oyster habitat in North Carolina. Therefore, the plan should include the following:
   a. Provisions and recommendations to facilitate the availability of oyster seed produced in North Carolina for wild oyster habitat restoration projects as well as oyster aquaculture and to reduce potential negative impacts from importation of non-native oyster seed.
   b. Plans, where feasible, for public-private partnerships for State-based production of viable oyster seed through the creation of one or more production hatcheries and recommendations for increased support of the existing research hatchery at UNC-Wilmington.
   c. Plans and cost estimates for an expansion of cultch planting in suitable areas of the State's coastal waters in order to expand areas suitable for development of wild oyster habitat.

(4) Economic relief. – The plan should consider a waiver of application fees and yearly rental fees for new shellfish leases for an established period of time to further promote and support shellfish aquaculture in North Carolina. The new leasing fee waiver program should include measures to discourage speculation and target persons with a genuine interest in starting a shellfish aquaculture business, such as a requirement that the lease be nontransferable for a five-year period.

(5) Outreach. – The plan should include outreach and education that promotes, whenever possible, public-private partnerships utilizing the Sea Grant College Program, local colleges, and other nongovernmental organizations to (i) encourage shellfish aquaculture and provide technical assistance to broaden cost-effective technologies available to leaseholders; (ii) encourage best management practices to leaseholders; and (iii) inform fishermen and the public on the benefits provided by the Senator Jean Preston Oyster Sanctuary Network.

(6) Monitoring. – The plan should include a monitoring plan designed to (i) determine the success of oyster reef construction and (ii) evaluate the cost benefit of the oyster sanctuary network and harvestable enhancement sites.

(7) Funding. – The plan should include a request for appropriations sufficient to provide funds for the construction of appropriate bottom habitat and shellfish seeding and for Division staff necessary to conduct oyster restoration and monitoring activities. The plan should provide that, whenever possible, construction and shellfish seeding be carried out by contract with private entities for Division staff to expand oyster restoration and monitoring activities for 10 years. The plan should provide that, whenever possible, public-private partnerships are employed to meet the construction, seeding, and outreach requirements of the plan.
(4) Commercial fisherman relief. - To promote the diversification of commercial fishing opportunities, the plan should include a program to award free or discounted leases under this section to commercial fishermen who (i) have held one or more commercial fishing licenses continually for a period of 10 or more years and (ii) receive at least fifty percent (50%) of their income from commercial fishing with those licenses.

(8) Recommendations. - The plan shall include recommendations for statutory or regulatory changes needed to expedite the expansion of shellfish restoration and harvesting in order to improve water quality, restore ecological habitats, provide enhanced recreational and commercial fishing opportunities, and expand the coastal economy.

(9) No funding for sanctuaries in closed areas. - The plan shall provide that no funding or other resources shall be available in water bodies where a moratorium or other legal prohibition on shellfish leasing under Article 16 of Chapter 113 of the General Statutes is currently in effect. This subdivision does not apply to leasing moratoria imposed because the area is closed to shellfish harvesting or recommended for closure by the State Health Director due to pollution.

"SECTION 44.(c) No later than December 1, 2014, and quarterly thereafter until submission of a final plan to the Environmental Review Commission, March 1, 2016, the Department of Environment and Natural Resources shall report to the Environmental Review Commission Chairs of the House of Representatives Appropriations Committee on Agriculture and Natural and Economic Resources, the Senate Appropriations Committee on Natural and Economic Resources, and the Fiscal Research Division regarding its implementation of this section and its recommended plan."

**SECTION 14.11.(b)** The Department of Environment and Natural Resources, or any other department given responsibilities for the North Carolina Zoological Park, State parks, and the North Carolina Aquariums, may establish admission fees and related activity fees for those sites and facilities. In setting these fees, the Department of Environment and Natural Resources shall use a dynamic pricing strategy as defined in subsection (e) of this section. Any rule currently in the Administrative Code related to fees covered by subsection (a) of this section is ineffective and repealed upon the effective date of new admission fees and related activity fees adopted by the Department under the authority set out in that subsection. SECTION 14.13.(c) G.S. 159G-23 reads as rewritten:

"§ 159G-23. Common criteria for loan or grant from Wastewater Reserve or Drinking Water Reserve.

The criteria considerations for priority in this section apply to a loan or grant from the Wastewater Reserve or the Drinking Water Reserve. The Division of Water Infrastructure must
establish a system of assigning points to applications based on the following criteria: consider the following items when evaluating applications:

(1) Public necessity. – An applicant must explain how the project improves public health and protects the environment. A project that promotes public health and protects the environment, improves a system that is not in compliance with permit requirements or is under orders from the Department, enables a moratorium to be lifted, or replaces failing septic tanks with a wastewater collection system has priority.

(2) Effect on impaired waters. – A project that improves designated impaired waters of the State has priority.

(3) Efficiency. – A project that achieves efficiencies in meeting the State's water infrastructure needs or reduces vulnerability to drought consistent with Part 2A of Article 21 and Article 38 of Chapter 143 of the General Statutes by one of the following methods has priority:
   a. The combination of two or more wastewater or public water systems into a regional wastewater or public water system by merger, consolidation, or another means.
   b. Conservation or reuse of water, including bulk water reuse facilities and waterlines to supply reuse water for irrigation and other approved uses.
   c. Construction of an interconnection between water systems intended for use in drought or other water shortage emergency.
   d. Repair or replacement of leaking waterlines to improve water conservation and efficiency or to prevent contamination.
   e. Replacement of meters and installation of new metering systems.

(4) Comprehensive land-use plan. – A project that is located in a city or county that has adopted or has taken significant steps to adopt a comprehensive land-use plan under Article 18 of Chapter 153A of the General Statutes or Article 19 of Chapter 160A of the General Statutes has priority over a project located in a city or county that has not adopted a plan or has not taken steps to do so. The existence of a plan has more priority than steps taken to adopt a plan, such as adoption of a zoning ordinance. A plan that exceeds the minimum State standards for protection of water resources has higher priority than one that does not. A project is considered to be located in a city or county if it is located in whole or in part in that unit. A land-use plan is not considered a comprehensive land-use plan unless it has provisions that protect existing water uses and ensure compliance with water quality standards and classifications in all waters of the State affected by the plan.

(5) Flood hazard ordinance. – A project that is located in a city or county that has adopted a flood hazard prevention ordinance under G.S. 143-215.54A has priority over a project located in a city or county that has not adopted an ordinance. A plan that exceeds the minimum standards under G.S. 143-215.54A for a flood hazard prevention ordinance has more priority than one that does not. A project is considered to be located in a city or county if it is located in whole or in part in that unit. If no part of the service area of a project is located within the 100-year floodplain, the project has the same priority as if it were located in a city or county that has adopted a flood hazard prevention ordinance. The most recent maps prepared pursuant to the National Flood Insurance Program or approved by the Department determine whether an area is within the 100-year floodplain.

(6) Sound management. – A project submitted by a local government unit that has demonstrated a willingness and ability to meet its responsibilities through sound fiscal policies and efficient operation and management has priority.

(6a) Asset management plan. – A project submitted by a local government unit with more than 1,000 service connections that has developed and is implementing an asset management plan has priority over a project.
submitted by a local government unit with more than 1,000 service connections that has not developed or is not implementing an asset management plan.

(7) Capital improvement plan. – A project that implements the applicant's capital improvement plan for the wastewater system or public water system it manages has priority over a project that does not implement a capital improvement plan. To receive priority, an applicant must submit its capital improvement plan. To receive priority, an applicant must set out the applicant's expected water infrastructure needs for at least 10 years.

(8) Coastal habitat protection. – A project that implements a recommendation of a Coastal Habitat Protection Plan adopted by the Environmental Management Commission, the Coastal Resources Commission, and the Marine Fisheries Commission pursuant to G.S. 143B-279.8 has priority over other projects that affect counties subject to that Plan. G.S. 143B-279.8. If no part of the service area of a project is located within a county subject to that Plan, the project has equal priority under this subdivision with a project that receives priority under this subdivision.

(9) High unit cost threshold. – A high unit cost project has priority over projects that are not high-unit-cost projects. The priority given to a high-unit-cost project shall be set using a sliding scale based on the amount by which the applicant exceeds the high-unit-cost threshold. Affordability. – The relative affordability of a project for a community compared to other communities in North Carolina.

(10) Merger and Regionalization. – A project to provide for the planning of regional public water and wastewater systems, to provide for the orderly coordination of local actions relating to public water and wastewater systems, or to help realize economies of scale in regional public water and wastewater systems through consolidation, management, merger, or interconnection of public water and wastewater systems has priority. If an applicant demonstrates that it is not feasible for the project to include regionalization, the funding agency shall assign the project the same priority under this subdivision as a project that includes regionalization.

(11) State water supply plan. – A project that addresses a potential conflict between local plans or implements a measure in which local water supply plans could be better coordinated, as identified in the State water supply plan pursuant to G.S. 143-355(m), has priority.

(12) Water conservation measures for drought. – A project that includes adoption of water conservation measures by a local government unit that are more stringent than the minimum water conservation measures required pursuant to G.S. 143-355.2 has priority.

(13) Low-income residents. – A project that is located in an area annexed by a municipality under Article 4A of Chapter 160A of the General Statutes in order to provide water or sewer services to low-income residents has priority. For purposes of this section, low income residents are those with a family income that is eighty percent (80%) or less of median family income.

SECTION 14.13.(c1) G.S. 159G-30 reads as rewritten:
"§ 159G-30. Department's responsibility.
The Department, through the Division of Water Infrastructure, administers loans and grants made from the CWSRF, the DWSRF, the Wastewater Reserve, and the Drinking Water Reserve and shall administer the award of funds by the State Water Infrastructure Authority from the Community Development Block Grant program to local government units for infrastructure projects."

SECTION 14.13.(c2) G.S. 159G-31 reads as rewritten:
"§ 159G-31. Entities eligible to apply for loan or grant.
(a) A local government unit or a nonprofit water corporation is eligible to apply for a loan or grant from the CWSRF, the DWSRF, the Wastewater Reserve, or the Drinking Water Reserve. An investor-owned drinking water corporation is also eligible to apply for a loan or grant from the DWSRF. Other entities are not eligible for a loan or grant from these accounts."
(b) Entities eligible in subsection (a) of this section for grants from the Wastewater Reserve and the Drinking Water Reserve may be limited, based on affordability, to a portion of the total construction costs for the project types defined in G.S. 159G-33(a)(2) and G.S. 159G-34(a)(2).

…

(b1) In the case of a discharge or release from a commercial underground storage tank where the owner and operator cannot be identified or located, or where the owner and operator fail to proceed as required by subsection (a) of this section, the following requirements apply:

(1) If the current landowner of the land in which the commercial underground storage tank is located notifies the Department in accordance with G.S. 143-215.85 and undertakes to collect and remove the discharge or release and to restore the area affected in accordance with the requirements of this Article and applicable federal and State laws, regulations, and rules, the current landowner may elect to have the Commercial Fund pay or reimburse the current landowner for any costs described in subdivisions (1), (2), (2a), (3), and (4) of G.S. 143-215.94B(b) or G.S. 143-215.94B(b1) that exceed the amounts for which the owner or operator is responsible under that subsection.

a. The current landowner is not eligible for payment or reimbursement until the current landowner has paid the costs described in subdivisions (1), (2), (2a), (3), and (4) of G.S. 143-215.94B(b) or G.S. 143-215.94B(b1) for which the owner or operator is responsible.

b. Eligibility for reimbursement under this subsection may be transferred from a current landowner who has paid the costs described in subdivisions (1), (2), (2a), (3), and (4) of G.S. 143-215.94B(b) or G.S. 143-215.94B(b1) to a subsequent landowner.

This subsection does not alter any right, duty, obligation, or liability of a current landowner, former landowner, subsequent landowner, owner, or operator under other provisions of law.

(4) This subsection shall not be construed to limit the authority of the Department to engage in a cleanup under this Article or any other provision of law. In the event that an owner or operator is subsequently identified or located, the Secretary shall seek reimbursement as provided in G.S. 143-215.94G(d). The current landowner shall submit documentation of all expenditures as required by G.S. 143-215.94G(b).

(e) In the case of a discharge or release from a noncommercial underground storage tank or a commercial underground storage tank eligible for the Noncommercial Fund in accordance with G.S. 143-215.94D(b), where the owner or operator has been identified and has proceeded with the cleanup, the owner or operator may elect to have the Noncommercial Fund pay or reimburse the owner or operator for any costs described in G.S. 143-215.94D(b1) up to a maximum of one million dollars ($1,000,000) per discharge or release.

Eligibility for reimbursement under this subsection may be transferred to a subsequent landowner from a current landowner. The sum of payments from the Noncommercial Fund and from all other sources shall not exceed one million dollars ($1,000,000) per discharge or release. This subsection shall not be construed to require a current landowner to clean up a discharge or release of petroleum from an underground storage tank for which the current landowner is not otherwise responsible. This subsection does not alter any right, duty, obligation, or liability of a current landowner, former landowner, subsequent landowner, owner, or operator under other provisions of law. This subsection shall not be construed to limit the authority of the Department to engage in a cleanup under this Article or any other provision of law. The current landowner shall submit documentation of all expenditures as required by G.S. 143-215.94G(b).

... (e1) The Department may contract for any services necessary to evaluate any claim for reimbursement or compensation from either the Commercial Fund or the Noncommercial Fund, may contract for any expert witness or consultant services necessary to defend any decision to pay or deny any claim for reimbursement, and may pay the cost of these services from the fund against which the claim is made, provided that in any fiscal year the Department shall not expend from either fund more than one percent (1%) of the unobligated balance of the fund on 30 June of the previous fiscal year. ... (e4) (1) If the owner or operator takes initial steps to collect and remove the discharge or release as required by the Department and completes the initial assessment required to determine degree of risk, the owner or operator shall not be subject to any violation or penalty for any failure to proceed with further assessment or cleanup under G.S. 143-215.84 or this section before the owner or operator is authorized to proceed with further assessment or cleanup as provided in subsection (e5) of this section. The lack of
availability of funds in the Commercial Fund or the Noncommercial Fund shall not relieve an owner or operator of responsibility to immediately undertake to collect and remove the discharge or release or to conduct any assessment or cleanup ordered by the Department or be a defense against any violations and penalties issued to the owner or operator for failure to conduct required assessment or cleanup.

(2) The Department shall establish the degree of risk to human health and the environment posed by a discharge or release of petroleum from a commercial underground storage tank and shall determine a schedule for further assessment and cleanup that is based on the degree of risk to human health and the environment posed by the discharge or release and that gives priority to the assessment and cleanup of discharges and releases that pose the greatest risk. If any of the costs of assessment and cleanup of the discharge or release from a commercial underground storage tank are eligible to be paid or reimbursed from the Commercial Fund, the Department shall also consider the availability of funds in the Commercial Fund and the order in which the discharge or release was reported in determining the schedule.

(3) The Department shall establish the degree of risk to human health and the environment posed by a discharge or release of petroleum from a noncommercial underground storage tank and shall determine a schedule for further assessment and cleanup that is based on the degree of risk to human health and the environment posed by the discharge or release and that gives priority to the assessment and cleanup of discharges and releases that pose the greatest risk. If any of the costs of assessment or cleanup of the discharge or release from a noncommercial underground storage tank are eligible to be paid or reimbursed from the Noncommercial Fund, the Department shall also consider the availability of funds in the Noncommercial Fund and the order in which the discharge or release was reported in determining the schedule.

(4) The Department may revise the schedules that apply to the assessment and cleanup of any discharge or release at any time based on its reassessment of any of the foregoing factors.

(f1) Any person seeking payment or reimbursement from either the Commercial Fund or the Noncommercial Fund shall certify to the Department that the costs to be paid or reimbursed by the Commercial Fund or the Noncommercial Fund are not eligible to be paid or reimbursed by or from any other source, including any contract of insurance. If any cost paid or reimbursed by the Commercial Fund or the Noncommercial Fund is eligible to be paid or reimbursed by or from another source, that cost shall not be paid from, or if paid shall be repaid to, the Commercial Fund or the Noncommercial Fund. As used in this Part, the phrase "any other source including any contract of insurance" does not include self-insurance.

(j) An owner, operator, or landowner shall request that the Department determine whether any of the costs of assessment and cleanup of a discharge or release from a petroleum underground storage tank are eligible to be paid or reimbursed from either the Commercial Fund or the Noncommercial Fund within one year after completion of any task that is eligible to be paid or reimbursed under G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1).

(k) An owner, operator, or landowner shall request payment or reimbursement from the Commercial Fund or the Noncommercial Fund for the cost of a task within one year after the completion of the task. The Department shall deny any request for payment or reimbursement of the cost of any task that would otherwise be eligible to be paid or reimbursed if the request is not received within 12 months after the later of the date on which the:

1. Department determines that the cost is eligible to be paid or reimbursed.
2. Task is completed.

The Department shall allow credit for all expenditures that the Department determines to be reasonable and necessary. (e) In the event that a civil action is commenced to secure reimbursement pursuant to subdivisions (1) through (4) of subsection (d) of this section, the Secretary may recover, in addition to any amount due, the costs of the action, including but not limited to reasonable attorney's fees and investigation expenses. Any monies received or recovered as reimbursement shall be paid into the appropriate fund or other source from which the expenditures were made.

(f) In the event that a recovery equal to or in excess of the amounts required to be paid for by the owner or operator pursuant to G.S. 143-215.94E(b) is recovered pursuant to subdivisions (2) and (3) of subsection (d) of this section for the costs described in G.S. 143-215.94B(b) or G.S. 143-215.94B(b1), the Department shall transfer funds from the Commercial Fund that would have been paid from the Commercial Fund pursuant to subsection (b) or (b2) of G.S. 143-215.94B if the owner or operator had proceeded with the cleanup, but which were paid from the Noncommercial Fund, into the Noncommercial Fund.

(g) If the Department paid or reimbursed costs that are not authorized to be paid or reimbursed under G.S. 143-215.94B or G.S. 143-215.94D as a result of a misrepresentation by an agent who acted on behalf of an owner, operator, or landowner, the Department shall first seek reimbursement, pursuant to subdivision (1) of subsection (d) of this section, from the agent of monies paid to or retained by the agent.

(h) The Department shall take administrative action to recover costs or bring a civil action pursuant to subdivision (1) of subsection (d) of this section to seek reimbursement of costs in accordance with the time limits set out in this subsection.

(1) The Department shall take administrative action to recover costs or bring a civil action to seek reimbursement of costs that are not authorized to be paid from the Commercial Fund under subdivision (1), (2), or (3) of G.S. 143-215.94B(d) or from the Noncommercial Fund under subdivision (1), (2), or (3) of G.S. 143-215.94D(d) within five years after payment.

(2) The Department shall take administrative action to recover costs or bring a civil action to seek reimbursement of costs other than those described in subdivision (1) of this subsection within three years after payment.

(3) Notwithstanding the time limits set out in subdivisions (1) and (2) of this subsection, the Department may take administrative action to recover costs or bring a civil action to seek reimbursement of costs paid as a result of fraud or misrepresentation at any time.

(i) An administrative action or civil action that is not commenced within the time allowed by subsection (h) of this section is barred.

(j) Except with the consent of the claimant, the Department may not withhold payment or reimbursement of costs that are authorized to be paid from the Commercial Fund or the Noncommercial Fund in order to recover any other costs that are in dispute unless the Department is authorized to withhold payment by a final decision of the Commission pursuant to G.S. 150B-36 or an order or final decision of a court."

SECTION 14.16A.(g) G.S. 143-215.94J reads as rewritten:

"§ 143-215.94J. Limitation of liability of the State of North Carolina.

(a) No claim filed against either the Commercial Fund or the Noncommercial Fund shall be paid except from assets of the respective fund as provided for in this Part or as may otherwise be authorized by law.

(b) This Part shall not be construed to obligate the General Assembly to make any appropriation to implement the provisions of this Part; nor shall it be construed to obligate the Secretary to take any action pursuant to this Part for which funds are not available from appropriations or otherwise.

(c) The Secretary may budget anticipated receipts as needed to implement this Part.

(d) Should the Secretary find that the Noncommercial Fund balance is insufficient to satisfy all claims and other obligations of the Noncommercial Fund incurred pursuant to this
Part, the Secretary may transfer funds which would otherwise revert to the General Fund to the Noncommercial Fund in order to meet such claims and obligations.

(e) If at any time the fund balance is insufficient to pay all valid claims against it, the claims shall be paid in full in the order in which they are finally determined. The Secretary may retain not more than five hundred thousand dollars ($500,000) in the Noncommercial Fund as a contingency reserve and not apply the reserve to the claims. The Department may use the contingency reserve to conduct cleanups in accordance with G.S. 143-215.94G when an imminent hazard poses a threat to human health or to significant natural resources.

SECTION 14.16A.(h) G.S. 143-215.94M reads as rewritten:

(7) Repealed by Session Laws 2012-200, s. 23, effective August 1, 2012.
(b) The report required by this section shall be made by the Secretary on or before November 1 of each year."

SECTION 14.16A.(i) Subsections (d) through (h) of this section become effective December 31, 2016. The balance remaining in the Noncommercial Leaking Petroleum Underground Storage Tank Cleanup Fund and any outstanding requests for payment or reimbursement that have been deemed eligible by the Department prior to that date are transferred to the Commercial Leaking Petroleum Underground Storage Tank Cleanup Fund. The Revisor of Statutes may conform names and titles changed by this section, and may correct statutory references as required by this section, throughout the General Statutes. In making the changes authorized by this section, the Revisor may also adjust subject and verb agreement and the placement of conjunctions. The Revisor is also authorized to change references to both the Commercial Leaking Petroleum Underground Storage Tank Cleanup Fund and the NonCommercial Leaking Petroleum Underground Storage Tank Cleanup Fund to refer only to the Commercial Leaking Petroleum Underground Storage Tank Cleanup Fund.

NONCOMMERCIAL TANKS – ELIMINATE INITIAL ABATEMENT REQUIREMENTS

SECTION 14.16B.(a) Rules. – 15A NCAC 02L .0403 (Rule Application), 15A NCAC 02L .0407 (Reclassification of Risk Levels), and Section .0400 of 15A NCAC 02L (Risk-Based Assessment and Corrective Action for Petroleum Underground Storage Tanks). – Until the effective date of the revised permanent rules that the Department of Environment and Natural Resources is required to adopt pursuant to subsection (c) of this section, the Department shall implement 15A NCAC 02L .0403 (Rule Application), 15A NCAC 02L .0407 (Reclassification of Risk Levels), and Section .0400 of 15A NCAC 02L (Risk-Based Assessment and Corrective Action for Petroleum Underground Storage Tanks) as provided in subsections (b) and (c) of this section.

SECTION 14.16B.(b) Implementation. – Notwithstanding 15A NCAC 02L .0403 (Rule Application), subsection (d) of 15A NCAC 02L .0407 (Reclassification of Risk Levels),
and any other provision of Section .0400 of 15A NCAC 02L (Risk-Based Assessment and Corrective Action for Petroleum Underground Storage Tanks), the Department shall:
(1) Not require a responsible party to take immediate action or initial abatement actions with respect to a discharge or release from a noncommercial underground storage tank until such time as the Department has classified the risk posed by the discharge or release, except for those actions determined by the Department to be necessary to protect public health, safety, and welfare and the environment, and to mitigate any fire, explosion, or vapor hazard.
(2) Notify the responsible party that no cleanup, no further cleanup, or no further action will be required by the Department if the risk posed by a discharge or release from a noncommercial underground storage tank is determined by the Department to be low risk, without requiring soil remediation pursuant to 15A NCAC 02L .0408. The Department may, however, reclassify the risk if it later determines that the discharge or release poses an unacceptable risk or a potentially unacceptable risk to human health or the environment.

SECTION 14.16B.(c) Additional Rule-Making Authority. – The Department of Environment and Natural Resources shall adopt rules to amend 15A NCAC 02L .0403 (Rule Application), subsection (d) of 15A NCAC 02L .0407 (Reclassification of Risk Levels), and any other provision of Section .0400 of 15A NCAC 02L (Risk-Based Assessment and Corrective Action for Petroleum Underground Storage Tanks), consistent with subsection (b) of this section. Notwithstanding G.S. 150B-19(4), the rule adopted by the Department pursuant to this section shall be substantively identical to the provisions of subsection (b) of this section. Rules adopted pursuant to this section are not subject to Part 3 of Article 2A of Chapter 150B of the General Statutes. Rules adopted pursuant to this section shall become effective as provided in G.S. 150B-21.3(b1) as though 10 or more written objections had been received as provided by G.S. 150B-21.3(b2).

SECTION 14.16B.(d) Effective Date. – Subsection (b) of this section expires on the date that rules adopted pursuant to subsection (c) of this section become effective.

WATER AND WASTEWATER INFRASTRUCTURE GRANTS

SECTION 14.17. Of the funds appropriated in this act to the Department of Environment and Natural Resources for State water and wastewater grants, the sum of five million dollars ($5,000,000) for the 2015-2016 fiscal year shall be used to provide a grant to a municipality located in a development tier two county where the municipality (i) has a population less than 12,000 and (ii) has previously received a loan during the 2013 calendar year under the Drinking Water State Revolving Fund to replace water distribution lines serving 5,000 or fewer customers that have exceeded their useful life as evidenced by tuberculation, breaks, and leaks. These funds supplement funding in the base budget for water and wastewater infrastructure grants.

MILITARY BUFFERS

SECTION 14.18.(a) The funds appropriated in this act to the Clean Water Management Trust Fund for the purpose of military buffers shall only be expended on land that buffers a military facility from incompatible use encroachment.

SECTION 14.18.(b) For purposes of this section, “military facility” means a major military installation or training area identified in the report prepared by the Office of Land & Water Stewardship entitled "North Carolina Military Installation, Training Area, and Mission Protection Land Use Framework: Phase I" (December 2014 version).

ENVIRONMENTAL ASSESSMENT METHODOLOGY

SECTION 14.19. The Department of Environment and Natural Resources shall review and revise its procedures and rate tables for reimbursement of soil assessment activities. These revisions shall permit the use of Ultra Violet Fluorescence (UVF) and other appropriate test methods as alternatives to US EPA Method 8015 for soil assessment and petroleum contamination delineation activities, where the alternative would (i) not violate federal law or regulations, (ii) provide equivalent accuracy and quality of results, and (iii) result in appreciable cost savings. Nothing in this section is intended to forbid the use of US EPA
Method 8015 where other methods would not be appropriate under the criteria set forth in this section.

LANDFILL CHANGES

SECTION 14.20.(a) G.S. 130A-294 reads as rewritten:

"§ 130A-294. Solid waste management program.
(a) The Department is authorized and directed to engage in research, conduct investigations and surveys, make inspections and establish a statewide solid waste management program. In establishing a program, the Department shall have authority to:

(4) Develop a permit system governing the establishment and operation of solid waste management facilities. A landfill with a disposal area of 1/2 acre or less for the on-site disposal of land clearing and inert debris is exempt from the permit requirement of this section and shall be governed by G.S. 130A-301.1. Demolition debris from the decommissioning of manufacturing buildings, including electric generating stations, that is disposed of on the same site as the decommissioned buildings, is exempt from the permit requirement of this section and rules adopted pursuant to this section and shall be governed by G.S. 130A-301.3. The Department shall not approve an application for a new permit, the renewal of a permit, major permit modification, or a substantial amendment to a permit for a sanitary landfill, excluding demolition landfills as defined in the rules of the Commission, except as provided in subdivisions (3) and (4) of subsection (b1) of this section. No permit shall be granted for a solid waste management facility having discharges that are point sources until the Department has referred the complete plans and specifications to the Commission and has received advice in writing that the plans and specifications are approved in accordance with the provisions of G.S. 143-215.1. In any case where the Department denies a permit for a solid waste management facility, it shall state in writing the reason for denial and shall also state its estimate of the changes in the applicant's proposed activities or plans that will be required for the applicant to obtain a permit.

(a2) Permits for sanitary landfills and transfer stations shall be issued for (i) a design and operation phase of five years or (ii) a design and operation phase of 10 years. A permit issued for a design and operation phase of 10 years shall be subject to a limited review within five years of the issuance date of the life-of-site of the facility unless revoked as otherwise provided under this Article or upon the expiration of any local government franchise required for the facility pursuant to subsection (b1) of this section. For purposes of this section, "life-of-site" means the period from the initial receipt of solid waste at the facility until the Department approves final closure of the facility. Permits issued pursuant to this subsection shall take into account the duration of any permits previously issued for the facility and the remaining capacity at the facility.

(b) The Commission shall adopt and the Department shall enforce rules to implement a comprehensive statewide solid waste management program. The rules shall be consistent with applicable State and federal law; and shall be designed to protect the public health, safety, and welfare; preserve the environment; and provide for the greatest possible conservation of cultural and natural resources. Rules for the establishment, location, operation, maintenance, use, discontinuance, recordation, post-closure care of solid waste management facilities also shall be based upon recognized public health practices and procedures, including applicable epidemiological research and studies; hydrogeological research and studies; sanitary engineering research and studies; and current technological development in equipment and methods. The rules shall not apply to the management of solid waste that is generated by an individual or individual family or household unit on the individual's property and is disposed of on the individual's property.

(b1) (1) For purposes of this subsection and subdivision (4) of subsection (a) of this section, a "substantial amendment" means either:
a. An increase of ten percent (10%) or more in:
   1. The population of the geographic area to be served by the sanitary landfill;
   2. The quantity of solid waste to be disposed of in the sanitary landfill; or
   3. The geographic area to be served by the sanitary landfill.
b. A change in the categories of solid waste to be disposed of in the sanitary landfill or any other change to the application for a permit or to the permit for a sanitary landfill that the Commission or the Department determines to be substantial.

(2) A person who intends to apply for a new permit, the renewal of a permit, major permit modification, or a substantial amendment to a permit for a sanitary landfill shall obtain, prior to applying for a permit, a franchise for the operation of the sanitary landfill from each local government having jurisdiction over any part of the land on which the sanitary landfill and its appurtenances are located or to be located. A local government may adopt a franchise ordinance under G.S. 153A-136 or G.S. 160A-319. A franchise granted for a sanitary landfill shall be granted for the life-of-site of the landfill and shall include all of the following:
   a. A statement of the population to be served, including a description of the geographic area.
   b. A description of the volume and characteristics of the waste stream.
   c. A projection of the useful life of the sanitary landfill.
   e. The procedures to be followed for governmental oversight and regulation of the fees and rates to be charged by facilities subject to the franchise for waste generated in the jurisdiction of the franchising entity.
   f. A facility plan for the sanitary landfill that shall include the boundaries of the proposed facility, proposed development of the facility site in five-year operational phases, site, the boundaries of all waste disposal units, final elevations and capacity of all waste disposal units, the amount of waste to be received per day in tons, the total waste disposal capacity of the sanitary landfill in tons, a description of environmental controls, and a description of any other waste management activities to be conducted at the facility. In addition, the facility plan shall show the proposed location of soil borrow areas, leachate facilities, and all other facilities and infrastructure, including ingress and egress to the facility.

(4) An applicant for a new permit, the renewal of a permit, major permit modification, or a substantial amendment to a permit for a sanitary landfill shall request each local government having jurisdiction over any part of the land on which the sanitary landfill and its appurtenances are located or to be located to issue a determination as to whether the local government has in effect a franchise, zoning, subdivision, or land-use planning ordinance applicable to the sanitary landfill and whether the proposed sanitary landfill, or the existing sanitary landfill as it would be operated under the renewed or major permit modification or substantially amended permit, would be consistent with the applicable ordinances. The request to the local government shall be accompanied by a copy of the permit application and shall be delivered to the clerk of the local government personally or by certified mail. In order to serve as a basis for a determination that an application for a new permit, the renewal of a permit, major permit modification, or a substantial amendment to a permit for a sanitary landfill is consistent with a zoning, subdivision, or land-use planning ordinance, an ordinance or zoning classification applicable to the real property designated in the permit application shall have been in effect not less than 90 days prior to the date the request for a determination of consistency is delivered to the local government.
clerk of the local government. The determination shall be verified or supported by affidavit signed by the chief administrative officer, the chief administrative officer's designee, clerk, or other official designated by the local government to make the determination and, if the local government states that the sanitary landfill as it would be operated under the new, renewed, new permit, major permit modification, or substantially amended permit is inconsistent with a franchise, zoning, subdivision, or land-use planning ordinance, shall include a copy of the ordinance and the specific reasons for the determination of inconsistency. A copy of the determination shall be provided to the applicant when the determination is submitted to the Department. The Department shall not act upon an application for a permit under this section until it has received a determination from each local government requested to make a determination by the applicant; provided that if a local government fails to submit a determination to the Department as provided by this subsection within 15 days after receipt of the request, the Department shall proceed to consider the permit application without regard to a franchise, local zoning, subdivision, and land-use planning ordinances. Unless the local government makes a subsequent determination of consistency with all ordinances cited in the determination or the sanitary landfill as it would be operated under the new, renewed, new permit, major permit modification, or substantially amended permit is determined by a court of competent jurisdiction to be consistent with the cited ordinances, the Department shall attach as a condition of the permit a requirement that the applicant, prior to construction or operation of the sanitary landfill under the permit, comply with all lawfully adopted local ordinances cited in the determination that apply to the sanitary landfill. This subsection shall not be construed to affect the validity of any lawfully adopted franchise, local zoning, subdivision, or land-use planning ordinance or to affect the responsibility of any person to comply with any lawfully adopted franchise, local zoning, subdivision, or land-use planning ordinance. This subsection shall not be construed to limit any opportunity a local government may have to comment on a permit application under any other law or rule. This subsection shall not apply to any facility with respect to which local ordinances are subject to review under either G.S. 104E-6.2 or G.S. 130A-293.

(5) As used in this subdivision, "coal-fired generating unit" and "investor-owned public utility" have the same meaning as in G.S. 143-215.107D(a). Notwithstanding subdivisions (a)(4), (b1)(3), or (b1)(4) of this section, no franchise shall be required for a sanitary landfill used only to dispose of waste generated by a coal-fired generating unit that is owned or operated by an investor-owned utility subject to the requirements of G.S. 143-215.107D.

SECTION 14.20.(b) No later than July 1, 2016, the Environmental Management Commission shall adopt rules to allow applicants for permits for sanitary landfills to apply for a permit for the life-of-site of the facility. No later than July 1, 2016, the Commission shall also adopt rules to allow applicants for permits for transfer stations to apply for a permit to construct and operate a transfer station for the life-of-site of the station.

SECTION 14.20.(b1) Nothing in subsections (a) and (b) of this section is intended to diminish or otherwise weaken the authority of the Department of Environment and Natural Resources to inspect, review, fine, or otherwise enforce permit conditions, statutes, or rules applicable to a sanitary landfill or transfer station.

SECTION 14.20.(d) G.S. 130A-295.3 reads as rewritten:

"§ 130A-295.3. Environmental compliance review requirements for applicants and permit holders.

... (b) The Department shall conduct an environmental compliance review of each applicant for a new, permit, permit renewal, permit and permit amendment under this Article. The environmental compliance review shall evaluate the environmental compliance history of the applicant for a period of five years prior to the date of the application and may cover a longer period at the discretion of the Department. The environmental compliance review of an applicant may include consideration of the environmental compliance history of the parents, subsidiaries, or other affiliates of an applicant or parent that is a business entity, including any business entity or joint venturer with a direct or indirect interest in the applicant, and other facilities owned or operated by any of them. The Department shall determine the scope of the review of the environmental compliance history of the applicant, parents, subsidiaries, or other affiliates of the applicant or parent, including any business entity or joint venturer with a direct or indirect interest in the applicant, and of other facilities owned or operated by any of them. An applicant for a permit shall provide environmental compliance history information for each facility, business entity, joint venture, or other undertaking in which any of the persons listed in this subsection is or has been an owner, operator, officer, director, manager, member, or partner, or in which any of the persons listed in this subsection has had a direct or indirect interest as requested by the Department.

...."

SECTION 14.20.(e) After July 1, 2016, the annual fee due pursuant to G.S. 130A-295.8A(d1), as enacted by Section 14.20(c) of this act, for existing sanitary landfills and transfer stations with a valid permit issued before the date this act becomes effective is equal to the applicable annual fee for the facility as set forth in G.S. 130A-295.8A(d1), as enacted by Section 14.20(c) of this act, less a permittee fee credit. A permittee fee credit exists when the life-of-site permit fee amount is greater than the time-limited permit fee amount. The amount of the permittee fee credit shall be calculated by (i) subtracting the time-limited permit fee amount from the life-of-site permit fee amount due for the same period of time and (ii) multiplying the difference by a fraction, the numerator of which is the number of years remaining in the facility's time-limited permit and the denominator of which is the total number of years covered by the facility's time-limited permit. The amount of the permittee fee credit shall be allocated in equal annual installments over the number of years that constitute the facility's remaining life-of-site, as determined by the Department, unless the Department accelerates, in its sole discretion, the use of the credit over a shorter period of time. For purposes of this subsection, the following definitions apply:

(1) Life-of-site permit fee amount. – The amount equal to the sum of all annual fees that would be due under the fee structure set forth in
G.S. 130A-295.8A(d1), as enacted by Section 14.20(c) of this act, during the cycle of the facility's permit in effect on July 1, 2016.

(2) Time-limited permit fee amount. – The amount equal to the sum of the application fee or renewal fee, whichever is applicable, and all annual fees paid or to be paid pursuant to subsections (c) and (d) of G.S. 130A-295.8A, as repealed by Section 14.20(c) of this act, during the cycle of the facility's permit in effect on July 1, 2016.

The Department shall adopt rules to implement this subsection.

SECTION 14.20.(f) This section becomes effective October 1, 2015. G.S. 130A-294(b1)(2), as amended by subsection (a) of this section, applies to franchise agreements executed on or after October 1, 2015. The remainder of G.S. 130A-294, as amended by subsection (a) of this section, and G.S. 130A-295.8, as amended by subsection (c) of this section, apply to (i) existing sanitary landfills and transfer stations, with a valid permit issued before the date this act becomes effective, when that permit is next subject to renewal after July 1, 2016, (ii) new sanitary landfills and transfer stations, for applications submitted on or after July 1, 2016, and (iii) applications for sanitary landfills or transfer stations submitted before July 1, 2015, and pending on the date this act becomes law shall be evaluated by the Department based on the applicable laws that were in effect on July 1, 2015, and the Department shall not delay in processing such permit applications in consideration of changes made by this act, but such landfills and transfer stations shall be eligible for issuance of life-of-site permits pursuant to G.S. 130A-294(a2), as amended by Section 14.20(b) of this act, when that permit is next subject to renewal after July 1, 2016.

ENVIRONMENTAL REVIEW COMMISSION STUDIES

SECTION 14.21.(a) The Environmental Review Commission shall convene a stakeholder working group to study local government authority over solid waste management matters, including (i) the authority to enact ordinances concerning collection and processing of solid waste generated within their jurisdictions, as well as their authority to charge fees for such services; (ii) an examination of costs to local governments for providing solid waste collection and processing services to citizens; (iii) whether efficiencies and cost reductions could be realized through privatization of such services, and what impacts might result from privatization, including any bearing on local government financing of currently sited solid waste management facilities; and (iv) any other issue the Commission deems relevant. In the conduct of this study, the Commission shall consult with representatives of the League of Municipalities, the Association of County Commissioners, the Local Government Commission, faculty from the School of Government at the University of North Carolina at Chapel Hill, as well as private waste management interests, at a minimum. The Division of Waste Management and the Division of Environmental Assistance and Customer Service of the Department of Environment and Natural Resources shall provide any information and personnel requested by the Commission in the conduct of a study required by this section.

SECTION 14.21.(b) The Environmental Review Commission shall study the use of new technologies and strategies, including the use of integrated and mobile aerosolization systems, to dewater leachate and other forms of wastewater for the purpose of reducing the burden and cost of disposal at the site where it is generated. The Commission shall determine the efficiency, cost-effectiveness, and environmental impact of each studied technology and strategy. The Division of Waste Management and the Division of Water Resources of the Department of Environment and Natural Resources shall provide any information and personnel requested by the Commission in the conduct of a study required by this section.

PETITION FOR WETLANDS MITIGATION FLEXIBILITY

SECTION 14.24.(a) No later than January 1, 2016, the Department of Environment and Natural Resources shall petition the Wilmington District, the South Atlantic Division, and the Headquarters of the United States Army Corps of Engineers (the Corps Offices) to allow for greater flexibility and opportunity to perform wetlands mitigation outside of the eight-digit Hydrologic Unit Code (HUC) where development will occur. The Department shall seek this greater flexibility and opportunity for mitigation for both public and private development. The Department shall request that the Corps Offices review the flexibility and opportunities for mitigation allowed by other Districts of the United States Army Corps of Engineers, both within the South Atlantic District and nationwide.
SECTION 14.24.(b) The Department shall report on its progress in petitioning the Corps Offices as required by subsection (a) of this section to the Environmental Review Commission, the chairs of the Senate Appropriations Committee on Natural and Economic Resources and the House Appropriations Committee on Agriculture and Natural and Economic Resources, and the Fiscal Research Division no later than March 1, 2016.

REFORM CIVIL PENALTIES UNDER THE SEDIMENTATION POLLUTION CONTROL ACT

SECTION 14.26.(a) G.S. 113A-54 is amended by adding a new subsection to read:

"(g) The Commission is authorized to make the final decision on a request for the remission of a civil penalty under G.S. 113A-64.2."

SECTION 14.26.(b) G.S. 113A-64(a) reads as rewritten:

"(a) Civil Penalties. –

(1) Any person who violates any of the provisions of this Article or any ordinance, rule, or order adopted or issued pursuant to this Article by the Commission or by a local government, or who initiates or continues a land-disturbing activity for which an erosion and sedimentation control plan is required except in accordance with the terms, conditions, and provisions of an approved plan, is subject to a civil penalty. The maximum civil penalty for a violation is five thousand dollars ($5,000). A civil penalty may be assessed from the date of the violation. Each day of a continuing violation shall constitute a separate violation. When the person has not been assessed any civil penalty under this subsection for any previous violation and that person abated continuing environmental damage resulting from the violation within 180 days from the date of the notice of violation, the maximum cumulative total civil penalty assessed under this subsection for all violations associated with the land-disturbing activity for which the erosion and sedimentation control plan is required is twenty-five thousand dollars ($25,000).

(2) The Secretary or a local government that administers an erosion and sedimentation control program approved under G.S. 113A-60 shall determine the amount of the civil penalty and shall notify the person who is assessed the civil penalty of the amount of the penalty, the reason for assessing the penalty, the option available to that person to request a remission of the civil penalty under G.S. 113A-64.2, the date of the deadline for that person to make the remission request regarding this particular penalty, and, when that person has not been assessed any civil penalty under this section for any previous violation, the date of the deadline for that person to abate continuing environmental damage resulting from the violation in order to be subject to the maximum cumulative total civil penalty under subdivision (1) of this subsection. The notice of assessment shall be served by any means authorized under G.S. 1A-1, Rule 4, and shall direct the violator to either pay the assessment or contest the assessment within 30 days by filing a petition for a contested case under Article 3 of Chapter 150B of the General Statutes. If a violator does not pay a civil penalty assessed by the Secretary within 30 days after it is due, the Department shall request the Attorney General to institute a civil action to recover the amount of the assessment. If a violator does not pay a civil penalty assessed by a local government within 30 days after it is due, the local government may institute a civil action to recover the amount of the assessment. The civil action may be brought in the superior court of any county where the violation occurred or the violator's residence or principal place of business is located. A civil action must be filed within three years of the date the assessment was due. An assessment that is not contested is due when the violator is served with a notice of assessment. An assessment that is contested is due at the conclusion of the administrative and judicial review of the assessment.
SECTION 14.26.(c) Article 4 of Chapter 113A of the General Statutes is amended by adding a new section to read:

"§ 113A-64.2. Remission of civil penalties.
(a) A request for remission of a civil penalty imposed under G.S. 113A-64 may be filed with the Commission within 60 days of receipt of the notice of assessment. A remission request must be accompanied by a waiver of the right to a contested case hearing pursuant to Chapter 150B of the General Statutes and a stipulation of the facts on which the assessment was based.
(b) The following factors shall be considered in determining whether a civil penalty remission request will be approved:
   (1) Whether one or more of the civil penalty assessment factors in G.S. 113A-64(a)(3) were wrongly applied to the detriment of the petitioner.
   (2) Whether the petitioner promptly abated continuing environmental damage resulting from the violation.
   (3) Whether the violation was inadvertent or a result of an accident.
   (4) Whether the petitioner had been assessed civil penalties for any previous violations.
   (5) Whether payment of the civil penalty will prevent payment for necessary remedial actions or would otherwise create a significant financial hardship.
   (6) The assessed property tax valuation of the petitioner's property upon which the violation occurred, excluding the value of any structures located on the property.
   (c) The petitioner has the burden of providing information concerning the financial impact of a civil penalty on the petitioner and the burden of showing the petitioner's financial hardship.
   (d) The Commission may remit the entire amount of the penalty only when the petitioner has not been assessed civil penalties for previous violations and payment of the civil penalty will prevent payment for necessary remedial actions.
   (e) The Commission may not impose a penalty under this section that is in excess of the civil penalty imposed by the Department."

SECTION 14.26.(d) G.S. 113A-61.1(c) reads as rewritten:

"(c) If the Secretary, a local government that administers an erosion and sedimentation control program approved under G.S. 113A-60, or other approving authority determines that the person engaged in the land-disturbing activity has failed to comply with this Article, the Secretary, local government, or other approving authority shall immediately serve a notice of violation upon that person. The notice may be served by any means authorized under G.S. 1A-1, Rule 4. A notice of violation shall specify a date by which the person must comply with this Article and inform the person of the actions that need to be taken to comply with this Article. Any person who fails to comply within the time specified is subject to additional civil and criminal penalties for a continuing violation as provided in G.S. 113A-64. If the person engaged in the land-disturbing activity has not received a previous notice of violation under this section, the Department, local government, or other approving authority shall deliver the notice of violation in person and shall offer assistance in developing corrective measures. Assistance may be provided by referral to a technical assistance program in the Department, referral to a cooperative extension program, or by the provision of written materials such as Department guidance documents. If the Department, local government, or other approving authority is unable to deliver the notice of violation in person within 15 days following discovery of the violation, the notice of violation may be served in the manner prescribed for service of process by G.S. 1A-1, Rule 4, and shall include information on how to obtain assistance in developing corrective measures."

SECTION 14.26.(e) This section is effective when this act becomes law and applies to civil penalties assessed and notices of violation issued on or after that date.

A violation of these rules is punishable as a Class 3 misdemeanor.

(b) The Department may adopt rules under which the Secretary may issue a special-use permit authorizing the use of pyrotechnics in State parks in connection with public exhibitions. The rules shall require that experts supervise the use of pyrotechnics and that written authorization for the use of pyrotechnics be obtained from the board of commissioners of the county in which the pyrotechnics are to be used, as provided in G.S. 14-410. The Secretary may impose any conditions on a permit that the Secretary determines to be necessary to protect public health, safety, and welfare. These conditions shall include a requirement that the permittee execute an indemnification agreement with the Department and obtain general liability insurance covering personal injury and property damage that may result from the use of pyrotechnics with policy limits determined by the Secretary.

The Department may charge and collect reasonable fees for the use of boats and other watercraft that are purchased and maintained by the Department; however, the Department shall not charge a fee for the use or operation of any other boat or watercraft on these waters.

(f) The Department may grant to private individuals or companies concessions for operation of public service facilities for such periods and upon such conditions as the Department deems to be in the public interest. A violation of these rules is punishable as a Class 3 misdemeanor.

(g) The Department shall implement the following recommendations:

1. Validate no less frequently than every five years the number of visitors per car used in the calculation of visitor counts at State Parks.

The Secretary shall coordinate the State Trails System with the National Trails System and is directed to encourage and assist any federal studies for inclusion of North Carolina trails in the National Trails System. The Department may enter into written cooperative agreements for joint federal-State administration of a North Carolina component of the National Trails System, provided such agreements for administration of land uses are not less restrictive than those set forth in this Article Part.

§ 143B-135.118. Trail use liability.

(a) Any person, as an owner, lessee, occupant, or otherwise in control of land, who allows without compensation another person to use the land for designated trail or other public trail purposes or to construct, maintain, or cause to be constructed or maintained a designated trail or other public trail owes the person the same duty of care he owes a trespasser.

"§ 143B-135.140. Short title.
This Article Part shall be known and may be cited as the "Natural and Scenic Rivers Act of 1971."

"§ 143B-135.142. Declaration of policy.
The General Assembly finds that certain rivers of North Carolina possess outstanding natural, scenic, educational, geological, recreational, historic, fish and wildlife, scientific and cultural values of great present and future benefit to the people. The General Assembly further finds as policy the necessity for a rational balance between the conduct of man and the preservation of the natural beauty along the many rivers of the State. This policy includes retaining the natural and scenic conditions in some of the State's valuable rivers by maintaining them in a free-flowing state and to protect their water quality and adjacent lands by retaining these natural and scenic conditions. It is further declared that the preservation of certain rivers or segments of rivers in their natural and scenic condition constitutes a beneficial public purpose.

"§ 143B-135.144. Declaration of purpose.
The purpose of this Article Part is to implement the policy as set out in G.S. 113A-31 G.S. 143B-135.142 by instituting a North Carolina natural and scenic rivers system, and by prescribing methods for inclusion of components to the system from time to time.

"§ 143B-135.146. Definitions.
As used in this Article Part, unless the context requires otherwise:

(1) "Department" means the Department of Environment and Natural and Cultural Resources.

(2) "Free-flowing," as applied to any river or section of a river, means existing or flowing in natural condition without substantial impoundment, diversion, straightening, rip-rapping, or other modification of the waterway. The existence of low dams, diversion works, and other minor structures at the time any river is proposed for inclusion in the North Carolina natural and scenic rivers system shall not automatically bar its consideration for such inclusion: Provided, that this shall not be construed to authorize, intend, or encourage future construction of such structures within components of the system.

(3) "River" means a flowing body of water or estuary or a section, portion, or tributary thereof, including rivers, streams, creeks, runs, kills, rills, and small lakes.

(4) "Road" means public or private highway, hard-surface road, dirt road, or railroad.

(5) "Scenic easement" means a perpetual easement in land which (i) is held for the benefit of the people of North Carolina, (ii) is specifically enforceable by its holder or beneficiary, and (iii) limits or obligates the holder of the servient estate, his heirs, and assigns with respect to their use and management of the land and activities conducted thereon. The object of such limitations and obligations is the maintenance or enhancement of the natural beauty of the land in question or of the areas affected by it.

(6) "Secretary" means the Secretary of Environment and Natural and Cultural Resources.

"§ 143B-135.148. Types of scenic rivers.
The following types of rivers are eligible for inclusion in the North Carolina natural and scenic rivers system:

Class I. Natural river areas. Those free-flowing rivers or segments of rivers and adjacent lands existing in a natural condition. Those rivers or segments of rivers that are free of man-made impoundments and generally inaccessible except by trail, with the lands within the boundaries essentially primitive and the waters essentially unpolluted. These represent vestiges of primitive America.
Class II. Scenic river areas. Those rivers or segments of rivers that are largely free of impoundments, with the lands within the boundaries largely primitive and largely undeveloped, but accessible in places by roads.

Class III. Recreational river areas. Those rivers or segments of rivers that offer outstanding recreation and scenic values and that are largely free of impoundments. They may have some development along their shorelines and have more extensive public access than natural or scenic river segments. Recreational river segments may also link two or more natural and/or scenic river segments to provide a contiguous designated river area. No provision of this section shall interfere with flood control measures; provided that recreational river users can continue to travel the river.

"§ 143B-135.150. Criteria for system.

For the inclusion of any river or segment of river in the natural and scenic river system, the following criteria must be present:

1. River segment length – must be no less than one mile.
2. Boundaries – of the system shall be the visual horizon or such distance from each shoreline as may be determined to be necessary by the Secretary, but shall not be less than 20 feet.
3. Water quality – shall not be less than that required for Class "C" waters as established by the North Carolina Environmental Management Commission.
4. Water flow – shall be sufficient to assure a continuous flow and shall not be subjected to withdrawal or regulation to the extent of substantially altering the natural ecology of the stream.
5. Public access – shall be limited, but may be permitted to the extent deemed proper by the Secretary, and in keeping with the property interest acquired by the Department and the purpose of this Article Part.

"§ 143B-135.152. Components of system; management plan; acquisition of land and easements; inclusion in national system.

(a) That segment of the south fork of the New River extending from its confluence with Dog Creek in Ashe County downstream through Ashe and Alleghany Counties to its confluence with the north fork of the New River and the main fork of the New River in Ashe and Alleghany Counties downstream to the Virginia State line shall be a scenic river area and shall be included in the North Carolina Natural and Scenic Rivers System.

The Department shall prepare and implement a management plan for this river section. This management plan shall recognize and provide for the protection of the existing undeveloped scenic and pastoral features of the river. Furthermore, it shall specifically provide for continued use of the lands adjacent to the river for normal agricultural activities, including, but not limited to, cultivation of crops, raising of cattle, growing of trees and other practices necessary to these agricultural pursuits.

For purposes of implementing this section and the management plan, the Department may acquire lands or interests in lands, provide for protection of scenic values as described in G.S. 113A-38, G.S. 143B-135.160, and provide for public access. Easements obtained for the purpose of implementing this section and the management plan shall not abridge the water rights being exercised on May 26, 1975.

Should the Governor seek inclusion of this river segment in the National System of Wild and Scenic Rivers by action of the Secretary of Interior, such inclusion shall be at no cost to the federal government, as prescribed in the National Wild and Scenic Rivers Act, and therefore shall be under the terms described in this section of the North Carolina Wild and Scenic Rivers Act and in the management plan developed pursuant thereto.

(b) Repealed by Session Laws 2012–200, s. 24, effective August 1, 2012.

"§ 143B-135.154. Additional components.

That segment of the Linville River beginning at the State Highway 183 bridge over the Linville River and extending approximately 13 miles downstream to the boundary between the United States Forest Service lands and lands of Duke Power Company (latitude 35° 50’ 20") shall be a natural river area and shall be included in the North Carolina Natural and Scenic River System.

That segment of the Horsepasture River in Transylvania County extending downstream from Bohaynee Road (N.C. 281) to Lake Jocassee shall be a natural river and shall be included in the North Carolina Natural and Scenic Rivers System.
That segment of the Lumber River extending from county road 1412 in Scotland County downstream to the North Carolina-South Carolina state line, a distance of approximately 102 river miles, shall be included in the Natural and Scenic Rivers System and classified as follows: from county road 1412 in Scotland County downstream to the junction of the Lumber River and Back Swamp shall be classified as scenic; from the junction of the Lumber River and Back Swamp downstream to the junction of the Lumber River and Jacob Branch and the river within the Fair Bluff town limits shall be classified as recreational; and from the junction of the Lumber River and Jacob Branch downstream to the North Carolina-South Carolina state line, excepting the Fair Bluff town limits, shall be classified as natural.

§ 143B-135.156. Administrative agency; federal grants; additions to the system; regulations.

(b) The Department shall be the agency of the State with the authority to accept federal grants of assistance in planning, developing (which would include the acquisition of land or an interest in land), and administering the natural and scenic rivers system.

(c) The Secretary of the Department shall study and from time to time submit to the Governor and to the General Assembly proposals for the additions to the system of rivers and segments of rivers which, in his judgment, fall within one or more of the categories set out in G.S. 135.148. Each proposal shall specify the category of the proposed addition and shall be accompanied by a detailed report of the facts which, in the Secretary's judgment, makes the area a worthy addition to the system.

Before submitting any proposal to the Governor or the General Assembly for the addition to the system of a river or segment of a river, the Secretary or his authorized representative, shall hold a public hearing in the county or counties where said river or segment of river is situated. Notice of such public hearing shall be given by publishing a notice once each week for two consecutive weeks in a newspaper having general circulation in the county where said hearing is to be held, the second of said notices appearing not less than 10 days before said hearing. Any person attending said hearing shall be given an opportunity to be heard. Notwithstanding the provisions of the foregoing, no public hearing shall be required with respect to a river bounded solely by the property of one owner, who consents in writing to the addition of such river to the system.

The Department shall also conduct an investigation on the feasibility of the inclusion of a river or a segment of river within the system and file a written report with the Governor when submitting a proposal.

The Department shall also, before submitting such a proposal to the Governor or the General Assembly, notify in writing the owner, lessee, or tenant of any lands adjoining said river or segment of river of its intention to make such proposal. In the event the Department, after due diligence, is unable to determine the owner or lessee of any such land, the Department may publish a notice for four successive weeks in a newspaper having general circulation in the county where said hearing is to be held. Notice of such public hearing shall be given by publishing a notice once each week for two consecutive weeks in a newspaper having general circulation in the county where said hearing is to be held. Any person attending said hearing shall be given an opportunity to be heard. Notwithstanding the provisions of the foregoing, no public hearing shall be required with respect to a river bounded solely by the property of one owner, who consents in writing to the addition of such river to the system.

§ 143B-135.158. Raising the status of an area.
Whenever in the judgment of the Secretary of the Department a scenic river segment has been sufficiently restored and enhanced in its natural scenic and recreational qualities, such segment may be reclassified with the approval of the Department, to a natural river area status and thereafter administered accordingly.

§ 143B-135.160. Land acquisition.

(a) The Department of Administration is authorized to acquire for the Department, within the boundaries of a river or segment of river as set out in G.S. 113A-35, G.S. 143B-135.150 on behalf of the State of North Carolina, lands in fee title or a lesser interest in land, preferably "scenic easements." Acquisition of land or interest therein may be by donation, purchase with donated or appropriated funds, exchange or otherwise.

(b) The Department of Administration in acquiring real property or a property interest therein as set out in this Article Part shall have and may exercise the power of eminent domain in accordance with Article 3 of Chapter 40A of the General Statutes.

§ 143B-135.162. Claim and allowance of charitable deduction for contribution or gift of easement.

The contribution or donation of a "scenic easement," right-of-way or any other easement or interest in land to the State of North Carolina, as provided in this Article Part shall be deemed a contribution to the State of North Carolina within the provisions of G.S. 105-130.9 and section 170(c)(1) of the Internal Revenue Code. The value of the contribution or donation shall be the fair market value of the easement or other interest in land when the contribution or donation is made.

§ 143B-135.164. Component as part of State park, wildlife refuge, etc.

Any component of the State natural and scenic rivers system that is or shall become a part of any State park, wildlife refuge, or state-owned area shall be subject to the provisions of this Article Part and the Articles laws under which the other areas may be administered, and in the case of conflict between the provisions of these Articles laws, the more restrictive provisions shall apply.

§ 143B-135.166. Component as part of national wild and scenic river system.

Nothing in this Article Part shall preclude a river or segment of a river from becoming part of the national wild and scenic river system. The Secretary of the Department is directed to encourage and assist any federal studies for the inclusion of North Carolina rivers in the national system. The Secretary may enter into cooperative agreements for joint federal-state administration of a North Carolina river or segment of river: Provided, that such agreements relating to water and land use are not less restrictive than the requirements of this Article Part.

(a) Civil Action. – Whoever violates, fails, neglects or refuses to obey any provision of this Article Part or rule or order of the Secretary may be compelled to comply with or obey the same by injunction, mandamus, or other appropriate remedy.

(b) Penalties. – Whoever violates, fails, neglects or refuses to obey any provision of this Article Part or rule or order of the Secretary is guilty of a Class 3 misdemeanor and may be punished only by a fine of not more than fifty dollars ($50.00) for each violation, and each day such person shall fail to comply, where feasible, after having been officially notified by the Department shall constitute a separate offense subject to the foregoing penalty.

The Department of Administration is hereby authorized to advance from land-purchase appropriations necessary amounts for the purchase of land in those cases where reimbursement will be later effected by the Bureau of Outdoor Recreation of the United States Department of the Interior.

§ 143B-135.172. Restrictions on project works on natural or scenic river.

The State Utilities Commission may not permit the construction of any dam, water conduit, reservoir, powerhouse transmission line, or any other project works on or directly affecting any river that is designated as a component or potential component of the State Natural and Scenic Rivers System. No department or agency of the State may assist by loan, grant, license, permit, or otherwise in the construction of any water resources project that would have a direct and adverse effect on any river that is designated as a component or potential component of the State Natural and Scenic Rivers System. This section shall not, however, preclude licensing of or assistance to a development below or above a designated or potential component. No department or agency of the State may recommend authorization of any water resources project that would have a direct and adverse effect on any river that is designated as a component or
potential component of the State Natural and Scenic Rivers System, or request appropriations to begin construction of any such project, regardless of when authorized, without advising the Secretary in writing of its intention to do so at least 60 days in advance. Such department or agency making such recommendation or request shall submit a written impact statement to the General Assembly to accompany the recommendation or request specifically describing how construction of the project would be in conflict with the purposes of this act and how it would affect the component or potential component."

(3) A repackaged NDC number may not be individually used on any billing documents or invoices issued and will not be considered the original manufacturer's NDC number. A repackaged NDC number may only appear in conjunction with the manufacturer's NDC number. If a health care provider seeking reimbursement for drugs dispensed by a physician-health care provider does not include the original manufacturer's NDC number on the bills and reports required by this section, any billing documents or invoices issued, reimbursement shall be limited to one hundred percent (100%) of the AWP of the least expensive clinically equivalent drug, calculated on a per unit basis.

The city shall determine criteria for selection of the private agency and shall select a private agency in accordance with those criteria. If the city determines that a multiyear contract with a private agency is in the best interest of the city and the service district, the city may enter into a multiyear contract not to exceed five years in length.

3. The city shall hold a public hearing prior to entering into the contract, which shall be noticed by publication in a newspaper of general circulation, for at least two successive weeks prior to the public hearing, in the service district.

**ESTABLISHMENT OF "DOT REPORT" PROGRAM**

**SECTION 29.14.(a)** Article 2 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"§ 136-18.05. Establishment of "DOT Report" Program."

(a) Intent. – It is the intent of the General Assembly that North Carolina's reputation as the "Good Roads State" is restored, which requires a partnership between the Governor, the Department of Transportation, the General Assembly, and all North Carolina citizens. Further, the General Assembly finds that improving the condition of North Carolina's roads requires increased oversight, accountability, innovation, and efficiency. It is the belief of the General Assembly that, through increased transparency and responsiveness to the public, the condition of the roads in this State will be the best in the nation within 10 years.

(b) Establishment and Components. – To achieve the intent set forth in subsection (a) of this section, the Department shall establish and implement the "DOT Report" Program (Program). The Program shall include the following components:
(1) Responsiveness. – The Department shall structure the Program to gather citizen input and shall commit to quickly addressing structural problems and other road hazards on State-maintained roads. Citizens may report potholes, drainage issues, culvert blockages, guardrail repairs, damaged or missing signs, malfunctioning traffic lights, highway debris, or shoulder damage to the Department of Transportation by calling a toll-free telephone number designated by the Department or submitting an online work request through a Web site link designated by the Department. Beginning January 1, 2016, upon receiving a citizen report in accordance with this subdivision, the Department shall either address the reported problem or identify a solution to the reported problem. Excluding potholes, which shall be repaired within two business days of the date the report is received, the Department of Transportation shall properly address (i) safety-related citizen reports no later than 10 business days after the date the report is received and (ii) non-safety-related citizen reports no later than 15 business days after the date the report is received. The Department shall determine, in its discretion, whether a citizen report is safety-related or non-safety-related. The Department shall transmit information received about potholes or other problems on roads not maintained by the State to the appropriate locality within two business days of receiving the citizen report.

(2) Performance. – Beginning December 1, 2015, the Secretary of the Department of Transportation shall conduct an annual job satisfaction survey of all Department personnel that shall address relationships among all levels of leadership, work environment, issues impacting job performance, and leadership performance in creating the dynamic work environment necessary to meet new performance outcomes. In addition, the Department shall conduct an annual survey of North Carolina citizens to measure the level of citizen satisfaction with the condition of the roads and highways of this State. Within 30 days of compiling the information received from surveys conducted in accordance with this subdivision, the results of these surveys shall be reported to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division.

SECTION 29.14.(b) Efficiency. – The Department shall adopt procedures in all stages of the construction process to streamline project delivery, including consolidating environmental review processes, expediting multiagency reviews, accelerating right-of-way acquisitions, and pursuing design-build and other processes to collapse project stages.

By December 1, 2015, the Department shall establish a baseline unit pricing structure for transportation goods used in highway maintenance and construction projects and set annual targets for three years based on its unit pricing. In forming the baseline unit prices and future targets, the Department shall collect data from each Highway Division on its expenditures on transportation goods during the 2015-2016 fiscal year. Beginning January 1, 2016, no Highway Division shall exceed a ten percent (10%) variance over a baseline unit price set for that year in accordance with this subsection. The Department of Transportation shall institute quarterly tracking to monitor pricing variances. The ten percent (10%) maximum variance set under this subsection is intended to account for regional differences requiring varying product mixes. The Department of Transportation shall report to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division on December 1, 2015, on information required by this subsection. If a Highway Division exceeds the unit pricing threshold, the Department of Transportation shall report to the Joint Legislative Transportation Oversight Committee and the Fiscal Research Division no later than the fifteenth day following the end of the quarter on why the variance occurred and what steps are being taken to bring the Highway Division back into compliance. In order to drive savings, unit pricing may be reduced annually as efficiencies are achieved.

SECTION 29.14.(c) Oversight. – No later than May 1, 2016, and to increase budget transparency and allow for greater legislative and citizen oversight, the Department of Transportation, in consultation with the Fiscal Research Division and the Office of State Budget and Management, shall reclassify the funding source for all full-time positions that are budgeted as receipt-supported on the basis of charging to projects to appropriation and shall adjust budgeted funds accordingly. Employees in the Division of Highways shall be attributed
to the respective Highway Division fund codes within the Highway Fund. Notwithstanding any other provision of law, the Department of Transportation is authorized to reallocate sufficient funds from the Primary Maintenance, Secondary Maintenance, and General Maintenance Reserve fund codes to each Highway Division to pay for salary and related costs associated with the reclassified positions. Receipt-supported positions in other organizational units within the Department of Transportation shall be funded through existing fund codes and funding sources for their assigned organizational units.

SECTION 29.14.(d) Restructure. – A review of the organization, staffing, and operations of the Division of Highways within the Department of Transportation is needed to improve the efficiency and effectiveness of the Division of Highways' operations and to align operations and staffing with the strategic goals set for the Division of Highways. To that end, the Department of Transportation shall study and review the Division of Highways. The study and review, at a minimum, shall include all of the following:

SECTION 29.30.(r) G.S. 44A-4(b)(1) reads as rewritten:

"(b) Notice and Hearings. –

(1) If the property upon which the lien is claimed is a motor vehicle that is required to be registered, the lienor following the expiration of the relevant time period provided by subsection (a) shall give notice to the Division of Motor Vehicles that a lien is asserted and sale is proposed and shall remit to the Division a fee of ten dollars ($10.00) thirteen dollars ($13.00). The Division of Motor Vehicles shall issue notice by certified mail, return receipt requested, to the person having legal title to the property, if reasonably ascertainable, to the person with whom the lienor dealt if different, and to each secured party and other person claiming an interest in the property who is actually known to the Division or who can be reasonably ascertained. The notice shall state that a lien has been asserted against specific property and shall identify the lienor, the date that the lien arose, the general nature of the services performed and materials used or sold for which the lien is asserted, the amount of the lien, and that the lienor intends to sell the property in
satisfaction of the lien. The notice shall inform the recipient that the recipient has the right to a judicial hearing at which time a determination will be made as to the validity of the lien prior to a sale taking place. The notice shall further state that the recipient has a period of 10 days from the date of receipt in which to notify the Division by certified mail, return receipt requested, that a hearing is desired and that if the recipient wishes to contest the sale of his property pursuant to such lien, the recipient should notify the Division that a hearing is desired. The notice shall state the required information in simplified terms and shall contain a form whereby the recipient may notify the Division that a hearing is desired by the return of such form to the Division. The Division shall notify the lienor whether such notice is timely received by the Division. In lieu of the notice by the lienor to the Division and the notices issued by the Division described above, the lienor may issue notice on a form approved by the Division pursuant to the notice requirements above. If notice is issued by the lienor, the recipient shall return the form requesting a hearing to the lienor, and not the Division, within 10 days from the date the recipient receives the notice if a judicial hearing is requested. If the certified mail notice has been returned as undeliverable and the notice of a right to a judicial hearing has been given to the owner of the motor vehicle in accordance with G.S. 20-28.4, no further notice is required. Failure of the recipient to notify the Division or lienor, as specified in the notice, within 10 days of the receipt of such notice that a hearing is desired shall be deemed a waiver of the right to a hearing prior to the sale of the property against which the lien is asserted, and the lienor may proceed to enforce the lien by public or private sale as provided in this section and the Division shall transfer title to the property pursuant to such sale. If the Division or lienor, as specified in the notice, is notified within the 10-day period provided above that a hearing is desired prior to sale, the lien may be enforced by sale as provided in this section and the Division will transfer title only pursuant to the order of a court of competent jurisdiction.

If the certified mail notice has been returned as undeliverable, or if the name of the person having legal title to the vehicle cannot reasonably be ascertained and the fair market value of the vehicle is less than eight hundred dollars ($800.00), the lienor may institute a special proceeding in the county where the vehicle is being held, for authorization to sell that vehicle. Market value shall be determined by the schedule of values adopted by the Commissioner under G.S. 105-187.3.

In such a proceeding a lienor may include more than one vehicle, but the proceeds of the sale of each shall be subject only to valid claims against that vehicle, and any excess proceeds of the sale shall be paid immediately to the Treasurer for disposition pursuant to Chapter 116B of the General Statutes.

The application to the clerk in such a special proceeding shall contain the notice of sale information set out in subsection (f) hereof. If the application is in proper form the clerk shall enter an order authorizing the sale on a date not less than 14 days therefrom, and the lienor shall cause the application and order to be sent immediately by first-class mail pursuant to G.S. 1A-1, Rule 5, to each person to whom notice was mailed pursuant to this subsection. Following the authorized sale the lienor shall file with the clerk a report in the form of an affidavit, stating that the lienor has complied with the public or private sale provisions of G.S. 44A-4, the name, address, and bid of the high bidder or person buying at a private sale, and a statement of the disposition of the sale proceeds. The clerk then shall enter an order directing the Division to transfer title accordingly.

If prior to the sale the owner or legal possessor contests the sale or lien in a writing filed with the clerk, the proceeding shall be handled in accordance with G.S. 1-301.2."

"§ 20-311. Action by the Division when notified of a lapse in financial responsibility. (a) Action. – When the Division receives evidence, by a notice of termination of a motor vehicle liability policy or otherwise, that the owner of a motor vehicle registered or required to be registered in this State does not have financial responsibility for the operation of the vehicle, the Division shall send the owner a letter. The letter shall notify the owner of the evidence and inform the owner that the owner shall respond to the letter within 10 days of the date on the letter and explain how the owner has met the duty to have continuous financial responsibility for the vehicle. Based on the owner's response, the Division shall take the appropriate action listed:

(1) Division correction. – If the owner responds within the required time and the response establishes that the owner has not had a lapse in financial responsibility, the Division shall correct its records.

(2) Penalty only. – If the owner responds within the required time and the response establishes all of the following, the Division shall assess the owner a penalty in the amount set in subsection (b) of this section:

a. The owner had a lapse in financial responsibility, but the owner now has financial responsibility.

b. The vehicle was not involved in an accident during the lapse in financial responsibility.

revoke the registration of the owner's vehicle for the period set in subsection (c) of this section:

a. The owner had a lapse in financial responsibility and still does not have financial responsibility.

b. The owner now has financial responsibility even though the owner had a lapse, but the response also establishes any of the following:
   1. The vehicle was involved in an accident during the lapse.
   2. The owner operated the vehicle during the lapse with knowledge that the owner had no financial responsibility for the vehicle, or both vehicle.
   3. The owner allowed the vehicle to be operated during the lapse with knowledge that the owner had no financial responsibility for the vehicle.

(4) Revocation pending response. Penalty and revocation for failure to respond. Except as otherwise provided in this subdivision, if the owner does not respond within the required time, the Division shall assess a penalty in the applicable amount set forth in subsection (b) of this section and shall revoke the registration of the owner's vehicle for the period set in subsection (c) of this section. When the owner responds, the Division shall take the appropriate action listed in subdivisions (1) through (3) of this subsection as if the response had been timely. If the owner does not respond within the required time, but later responds and establishes that the owner has not had a lapse in financial responsibility, the Division shall correct its records, rescind any revocation under this subdivision of the registration of the owner's vehicle, and the owner shall not be responsible for any fee or penalty arising under this section from the owner's failure to timely respond.

The revocation period for a revocation based on a response that establishes the occurrence of an accident during a lapse in financial responsibility or the knowing operation of a vehicle without financial responsibility is 30 days. The revocation period for a revocation based on failure of a vehicle owner to respond is indefinite and ends when the owner responds:
   (i) establishes that the owner has not had a lapse in financial responsibility, (ii) obtains financial responsibility, or (iii) transfers the vehicle to an owner who has financial responsibility, whichever occurs first.

(d) Revocation Notice. – When the Division revokes the registration of an owner's vehicle, it shall notify the owner of the revocation. The notice shall inform the owner of the following:

(5) That failure of an owner to pay any penalty or fee assessed pursuant to this section shall result in the Division withholding the registration renewal of any motor vehicle registered in that owner's name.

(e) Registration After Revocation. – A vehicle whose registration has been revoked may not be registered during the revocation period in the name of the owner, a child of the owner, the owner's spouse, or a child of the owner's spouse. This restriction does not apply to a spouse who is living separate and apart from the owner. At the end of a revocation period, a vehicle owner who has financial responsibility may apply to register a vehicle whose registration was revoked. The owner shall provide proof of current financial responsibility and pay any penalty assessed, a restoration fee of fifty dollars ($50.00), and the fee for a registration plate. In addition, no insurance points under the Safe Driver Incentive Plan shall be assessed for any violation for which a monetary penalty or restoration fee is waived pursuant to this subsection. SECTION 29.31.(b) G.S. 20-54 is amended by adding a new subdivision to read:

"(12) The owner of the vehicle has failed to pay any penalty or fee imposed pursuant to G.S. 20-311."

The remainder of this section becomes effective January 1, 2016, and applies to lapses in financial responsibility occurring on or after that date.

d. Employment in a charter school. – Notwithstanding subparagraph a. of this subdivision, where the employer grants an approved leave of absence for the member to be employed in a charter school or where the member's service is interrupted by employment in a charter school, authorized under Part 6A of Article 16 of Chapter 115C of the General Statutes, the member may make monthly contributions into the annuity savings fund in an amount equal to the employee contribution plus the employer normal and accrued liability contribution on the basis of the compensation the member was earning immediately prior to the interrupted service.

Payments required to be made by the member, the employer, or both under subparagraphs a or b are due by the 15th of the month following the month for which the service credit is allowed and payments made after the due date shall be assessed a penalty, in lieu of interest, of one percent (1%) per month or fraction thereof the payment is made beyond the due date; provided, that these payments shall be made prior to retirement and provided further, that if the member did not become a contributing member within 12 months after completing the educational program and failed to complete three years of subsequent membership service, except in the event of death or disability, any payment made by the member including penalty shall be refunded with regular interest thereon and the service credits cancelled prior to or at retirement."

§ 105-129.103. Tax credited; credit limitations.

(a) Tax Credited. – The credits provided in this Article are allowed against the franchise tax imposed in Article 3 of this Chapter, the income taxes levied in Article 4 of this Chapter, or the gross premiums tax imposed in Article 8B of this Chapter. The taxpayer must elect the tax against which a credit will be claimed when filing the return on which it is claimed, and this election is binding. Any carryforwards of a credit must be claimed against the same tax.

(b) Return. – A taxpayer may claim a credit allowed by this Article on a return filed for the taxable year in which the certified historic structure was placed into service. When an income-producing certified historic structure as defined in G.S. 105-129.100 is placed into service in two or more phases in different years, the amount of credit that may be claimed in a year is the amount based on the qualified rehabilitation expenditures associated with the phase placed into service during that year.

(c) Cap. – A credit allowed under this Article may not exceed the amount of the tax against which it is claimed for the taxable year reduced by the sum of all credits allowed, except payments of tax made by or on behalf of the taxpayer. (d) Forfeiture for Disposition. – A taxpayer who is required under section 50 of the Code to recapture all or part of the federal credit for rehabilitating an income-producing historic structure located in this State forfeits the corresponding part of the State credit allowed under G.S. 105-129.100 with respect to that historic structure. If the credit was allocated among the
owners of a pass-through entity, the forfeiture applies to the owners in the same proportion that the credit was allocated.

(e) Forfeiture for Change in Ownership. – If an owner of a pass-through entity that has qualified for the credit allowed under G.S. 105-129.100 disposes of all or a portion of the owner's interest in the pass-through entity within five years from the date the rehabilitated historic structure is placed in service and the owner's interest in the pass-through entity is reduced to less than two-thirds of the owner's interest in the pass-through entity at the time the historic structure was placed in service, the owner forfeits a portion of the credit. The amount forfeited is determined by multiplying the amount of credit by the percentage reduction in ownership and then multiplying that product by the forfeiture percentage. The forfeiture percentage equals the recapture percentage found in the table in section 50(a)(1)(B) of the Code.

(f) Exceptions to Forfeiture. – Forfeiture as provided in subsection (e) of this section is not required if the change in ownership is the result of any of the following:

(1) The death of the owner.

(2) A merger, consolidation, or similar transaction requiring approval by the shareholders, partners, or members of the taxpayer under applicable State law, to the extent the taxpayer does not receive cash or tangible property in the merger, consolidation, or other similar transaction.

(g) Liability From Forfeiture. – A taxpayer or an owner of a pass-through entity that forfeits a credit under this section is liable for all past taxes avoided as a result of the credit plus interest at the rate established under G.S. 105-241.21, computed from the date the taxes would have been due if the credit had not been allowed. The past taxes and interest are due 30 days after the date the credit is forfeited. A taxpayer or owner of a pass-through entity that fails to pay the taxes and interest by the due date is subject to the penalties provided in G.S. 105-236.

(h) Substantiation. – To claim a credit allowed by this Article, the taxpayer must provide any information required by the Secretary of Revenue, including a copy of the certification obtained from the State Historic Preservation Office verifying that the historic structure has been rehabilitated in accordance with the requirements set out in this Article, and a copy of the eligibility certification if the historic structure is located in an eligible targeted investment site and the target investment bonus is claimed. (1) Definite and accrued legal liabilities. A deduction for accumulated depreciation, depletion, or amortization is determined in accordance with the method used for federal tax purposes.

The debtor corporation may deduct a proportionate part of the indebtedness based on the ratio of the borrowed capital of the creditor to the total assets of the creditor. For purposes of this..."
subdivision, borrowed capital does not include indebtedness incurred by a bank arising out of the receipt of a deposit and evidenced by a certificate of deposit, a passbook, a cashier’s check, a certified check, or other similar document.

(2a) If the creditor corporation is taxable under this Article, the creditor corporation may deduct the amount of indebtedness owed to it by a parent, subsidiary, or affiliated corporation to the extent that such indebtedness has been added by the debtor corporation.

(3) When including deferred tax liabilities, a corporation may reduce the amount included in its base by netting against that amount deferred tax assets. The reduction may not decrease deferred tax liabilities below zero (0). A corporation may deduct the cost of treasury stock.

... Every corporation doing business in this State which is a parent, subsidiary, or affiliate of another corporation shall add to its capital stock, surplus, and undivided profits all indebtedness owed to a parent, subsidiary, or affiliated corporation as a part of its capital used in its business and as a part of the base for franchise tax under this section. If any part of the capital of the creditor corporation is capital borrowed from a source other than a parent, subsidiary, or affiliate, the debtor corporation, which is required under this subsection to include in its tax base the amount of debt by reason of being a parent, subsidiary, or affiliate of the creditor corporation, may deduct from the debt included a proportionate part determined on the basis of the ratio of the borrowed capital of the creditor corporation to the total assets of the creditor corporation. If the creditor corporation is also taxable under the provisions of this section, the creditor corporation is allowed to deduct from the total of its capital, surplus, and undivided profits the amount of any debt owed to it by a parent, subsidiary or affiliated corporation to the extent that the debt has been included in the tax base of the parent, subsidiary, or affiliated debtor corporation reporting for taxation under the provisions of this section.

(b1) Definitions. – The following definitions apply in subsection (b) of this section:

(1) Affiliate. – The same meaning as specified in G.S. 105-130.2. A corporation is an affiliate of another corporation when both are directly or indirectly controlled by the same parent corporation or by the same or associated financial interests by stock ownership, interlocking directors, or by any other means whatsoever, whether the control is direct or through one or more subsidiary, affiliated, or controlled corporations.

(2) Affiliated group. – The same meaning as defined in G.S. 105-114.1.

(3) Capital interest. – The right under an entity’s governing law to receive a percentage of the entity’s assets upon dissolution after payments to creditors.

(4) Governing law. – The law under which the noncorporate entity is organized.

(5) Indebtedness. – All loans, credits, goods, supplies, or other capital of whatsoever nature furnished by a parent, subsidiary, or affiliated corporation, an affiliate, or a noncorporate entity in which the corporation or an affiliated group of corporations owns directly or indirectly more than fifty percent (50%) of the capital interests of the noncorporate entity, other than indebtedness endorsed, guaranteed, or otherwise supported by one of these corporations.

(6) Noncorporate entity. – A person that is neither a human being nor a corporation.

(7) Parent. – The same meaning as specified in G.S. 105-130.2. A corporation is a parent of another corporation when, directly or indirectly, it controls the other corporation by stock ownership, interlocking directors, or by any other means whatsoever exercised by the same or associated financial interests, whether the control is direct or through one or more subsidiary, affiliated, or controlled corporations.

(8) Subsidiary. – The same meaning as specified in G.S. 105-130.2. A corporation is a subsidiary of another corporation when, directly or indirectly, it is subject to control by the other corporation by stock ownership, interlocking directors, or by any other means whatsoever exercised by the same or associated financial interest, whether the control is
direct or through one or more subsidiary, affiliated, or controlled corporations.

(c1) Apportionment. – A corporation that is doing business in this State and in one or more other states must apportion its capital stock, surplus, and undivided profits net worth to this State. A corporation must use the apportionment method set out in subdivision (1) of this subsection unless the Department has authorized it to use a different method under subdivision (2) of this subsection. The portion of a corporation's capital stock, surplus, and undivided profits net worth determined by applying the appropriate apportionment method is considered the amount of capital stock, surplus, and undivided profits net worth the corporation uses in its business in this State.

(1) Statutory. – A corporation that is subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits net worth by using the fraction it applies in apportioning its income under that Article. A corporation that is not subject to income tax under Article 4 of this Chapter must apportion its capital stock, surplus, and undivided profits net worth by using the fraction it would be required to apply in apportioning its income if it were subject to that Article. The apportionment method set out in this subdivision is considered the statutory method of apportionment and is presumed to be the best method of determining the amount of a corporation's capital stock, surplus, and undivided profits net worth attributable to the corporation's business in this State.

(2) Alternative. – A corporation that believes the statutory apportionment method set out in subdivision (1) of this subsection subjects a greater portion of its capital stock, surplus, and undivided profits net worth to tax under this section than is attributable to its business in this State may make a written request to the Secretary for permission to use an alternative method. The request must set out the reasons for the corporation's belief and propose an alternative method. The corporation has the burden of establishing by clear, cogent, and convincing proof that the statutory apportionment method subjects a greater portion of the corporation's capital stock, surplus, and undivided profits net worth to tax under this section than is attributable to its business in this State and that the proposed alternative method is a better method of determining the amount of the corporation's capital stock, surplus, and undivided profits net worth attributable to the corporation's business in this State.

The Secretary must issue a written decision on a corporation's request for an alternative apportionment method. If the decision grants the request, it must describe the alternative method the corporation is authorized to use and state the tax years to which the alternative method applies. A corporation may renew a request to use an alternative apportionment method by following the procedure in this subdivision. A decision of the Secretary on a request for an alternative apportionment method is final and is not subject to administrative or judicial review. A corporation authorized to use an alternative method may apportion its capital stock, surplus, and undivided profits net worth in accordance with the alternative method or the statutory method.

(3) Repealed by Session Laws 2011-330, s. 5, effective June 27, 2011.

(d) Tax Base and Tax Rate. – After determining the proportion of its total capital stock, surplus and undivided profits net worth as set out in subsection (c1) of this section, which amount shall not be less than fifty-five percent (55%) of the appraised value as determined for ad valorem taxation of all the real and tangible personal property in this State of each corporation nor less than its total actual investment in tangible property in this State, every corporation taxed under this section shall annually pay to the Secretary of Revenue, at the time the return is due, a franchise or privilege tax at the rate of one dollar and fifty cents ($1.50) per one thousand dollars ($1,000) of the total amount of capital stock, surplus and undivided profits net worth as provided in this section. The tax imposed in this section shall not be less than thirty-five dollars ($35.00) or two hundred dollars ($200.00) and is for the privilege of carrying on, doing business, and/or the continuance of articles of incorporation or domestication of each corporation in this State. ... the term "total actual investment in tangible property" as used in this section means the total original purchase price or consideration to the reporting taxpayer of its tangible properties, including real estate, in this State plus additions and improvements thereto less reserve for depreciation as permitted for income tax purposes, and also less any indebtedness incurred and existing by virtue of the purchase of any real estate and any permanent improvements made thereon. In computing "total actual investment in tangible personal property" a corporation may deduct reserves for the entire cost of any air cleaning device or sewage or waste treatment plant, including waste lagoons, and pollution abatement equipment purchased or constructed and installed which reduces the amount of air or water pollution resulting from the emission of air contaminants or the discharge of sewage and industrial wastes or other polluting materials or substances into the outdoor atmosphere or into streams, lakes, or rivers, upon condition that the corporation claiming this deduction shall furnish to the Secretary a certificate from the Department of Environment and Natural Resources or from a local air pollution control program for air cleaning devices located in an area where the Environmental Management Commission has certified a local air pollution control program pursuant to G.S. 143-215.112 certifying that said Department or local air pollution control program has found as a fact that the air cleaning device, waste treatment plant or pollution abatement equipment purchased or constructed and installed as above described has actually been constructed and installed and that the device, plant or equipment complies with the requirements of the Environmental Management Commission or local air pollution control program with respect to the devices, plants or equipment, that the device, plant or equipment is being effectively operated in accordance with the terms and conditions set forth in the permit, certificate of approval, or other document of approval issued by the Environmental Management Commission or local air pollution control program and that the primary purpose is to reduce air or water pollution resulting from the emission of air contaminants or the discharge of sewage and waste and not merely incidental to other purposes and functions. The cost of constructing facilities of any private or public utility built for the purpose of providing sewer service to residential and outlying areas is treated as deductible for the purposes of this section; the deductible liability allowed by this section applies only with respect to pollution abatement plants or equipment constructed or installed on or after January 1, 1955.

... (e) Short Period. – Any corporation which changes its income year, and files a "short period" income tax return pursuant to G.S. 105-130.15 shall file a franchise tax return in accordance with the provisions of this section in the manner and as of the date specified in subsection (a) of this section. Such corporation shall be entitled to deduct from the total franchise tax computed (on an annual basis) on such return the amount of franchise tax previously paid which is applicable to the period subsequent to the beginning of the new income year.

(f) Return and Tax. – The return and tax required by this section are in addition to all other reports required or taxes levied and assessed in this State.

(g) Local Prohibition. – Counties, cities and towns shall not levy a franchise tax on corporations taxed under this section.

SECTION 32.16.(b) G.S. 105-153.5(a)(2) reads as rewritten:

"(a) Deduction Amount. – In calculating North Carolina taxable income, a taxpayer may deduct from adjusted gross income either the standard deduction amount provided in subdivision (1) of this subsection or the itemized deduction amount provided in subdivision (2) of this subsection that the taxpayer claimed under the Code. The deduction amounts are as follows:

(2) Itemized deduction amount. – An amount equal to the sum of the items listed in this subdivision. The amounts allowed under this subdivision are not subject to the overall limitation on itemized deductions under section 68 of the Code:

a. Charitable Contribution. – The amount allowed as a deduction for charitable contributions under section 170 of the Code for that taxable year.

b. Mortgage Expense and Property Tax. – The amount allowed as a deduction for interest paid or accrued during the taxable year under section 163(h) of the Code with respect to any qualified residence plus the amount claimed by the taxpayer allowed as a deduction for property taxes paid or accrued on real estate under section 164 of the Code for that taxable year. The amount allowed under this sub-section may not exceed twenty thousand dollars ($20,000). For spouses filing as married filing separately or married filing jointly, the total mortgage interest and real estate taxes claimed by both spouses combined may not exceed twenty thousand dollars ($20,000). For spouses filing as married filing separately with a joint obligation for mortgage interest and real estate taxes, the deduction..."
for these items is allowable to the spouse who actually paid them. If the amount of the mortgage interest and real estate taxes paid by both spouses exceeds twenty thousand dollars ($20,000), these deductions must be prorated based on the percentage paid by each spouse. For joint obligations paid from joint accounts, the proration is based on the income reported by each spouse for that taxable year.

c. Medical and Dental Expense. – The amount allowed as a deduction for medical and dental expenses under section 213 of the Code for that taxable year.

SECTION 32.16.(c) G.S. 105-153.7(a) reads as rewritten:
"(a) Tax. – A tax is imposed for each taxable year on the North Carolina taxable income of every individual. The tax shall be levied, collected, and paid annually. The tax is five and seventy-five hundredths percent (5.75%) of the taxpayer's North Carolina taxable income."

SECTION 32.16.(d) Subsection (a) of this section is effective for taxable years beginning on or after January 1, 2016. Subsection (b) of this section is effective for taxable years beginning on or after January 1, 2015. Subsection (c) of this section is effective for taxable years beginning on or after January 1, 2017.

SECTION 32.16A.(a) G.S. 105-163.2 reads as rewritten:
"§ 105-163.2. Employers must withhold taxes.

... (b) Withholding Tables. – The manner of withholding and the amount to be withheld shall be determined in accordance with tables and rules adopted by the Secretary. The withholding of wages pursuant to and in accordance with these tables shall be deemed as a matter of law to constitute compliance with the provisions of subsection (a) of this section, notwithstanding any other provisions of this Article. The Secretary shall promulgate tables for computing amounts to be withheld with respect to different rates of wages for different payroll periods applicable to the various combinations of allowances to which an employee may be entitled and taking into account the appropriate standard deduction. The tables may provide for the same amount to be withheld within reasonable salary brackets or ranges so designed as to result in the withholding during a year of approximately the amount of an employee's indicated income tax liability for that year.

The withholding allowances provided by these tables and rules shall, as nearly as possible, approximate the amount of the employee's indicated income tax liability for that year based upon all of the following factors:

1. An income tax rate equal to the rate set in G.S. 105-153.7 plus one-tenth of one percent (0.1%).
2. The additions the employee is required to make under Article 4 of this Chapter and the deductions, Chapter.
3. The deductions and credits to which an employee is entitled under Article 4 of this Chapter. The Secretary shall promulgate tables for computing amounts to be withheld with respect to different rates of wages for different payroll periods applicable to the various combinations of allowances to which an employee may be entitled and taking into account the appropriate standard deduction. The tables may provide for the same amount to be withheld within reasonable salary brackets or ranges so designed as to result in the withholding during a year of approximately the amount of an employee's indicated income tax liability for that year. The withholding of wages pursuant to and in accordance with these tables shall be deemed as a matter of law to constitute compliance with the provisions of subsection (a) of this section, notwithstanding any other provisions of this Article.

... (e) Alternatives to Tables. – If the Secretary determines that use of the withholding tables would be impractical, would impose an unreasonable burden on an employer, or would produce substantially incorrect results, the Secretary may authorize or require an employer to use some other method of determining the amounts to be withheld under this Article. The alternative method authorized by the Secretary must reasonably approximate the predicted income tax liability of the affected employees based upon the factors provided in subsection (b) of this section. In addition, with the agreement of the employer and employee,
the Secretary may authorize an employer to use an alternative method that results in withholding of a greater amount than otherwise required under this section.

The Secretary's authorization of an alternative method is discretionary and may be cancelled at any time without advance notice if the Secretary finds that the method is being abused or is not resulting in the withholding of an amount reasonably approximating the predicted income tax liability of the affected employees. The Secretary shall give an employer written notice of any cancellation and the findings upon which the cancellation is based. The cancellation becomes effective upon the employer's receipt of this notice or on the third day after the notice was mailed to the employer, whichever occurs first. If the employer requests a hearing on the cancellation within 30 days after the cancellation, the Secretary shall grant a hearing. After a hearing, the Secretary's findings are conclusive.

**SECTION 32.16A.(b)** This section is effective for taxable years beginning on or after January 1, 2016.

**EXPAND SALES TAX BASE**

**SECTION 32.18.(a)** G.S. 105-164.3, as amended by S.L. 2015-6, reads as rewritten:

the efficient administration of this Article to regard any sales representatives, solicitors, representatives, consignees, peddlers, or truckers as agents of the dealers, distributors, consignors, supervisors, employers, or persons under whom they operate or from whom they obtain the items sold by them regardless of whether they are making sales on their own behalf or on behalf of these dealers, distributors, consignors, supervisors, employers, or persons, the Secretary may so regard them and may regard the dealers, distributors, consignors, supervisors, employers, or persons as "retailers" for the purpose of this Article.

b. A person engaged in business of delivering, erecting, installing, or applying tangible personal property for use in this State, regardless of whether the property is permanently affixed to real property or other tangible personal property unless the person is one or more of the following:

   2. A person whose only business activity is providing repair, maintenance, and installation services where the person's activities do not otherwise meet the definition of a retail trade.

c. A person engaged in business of making a remote sale, if one of the conditions listed in G.S. 105-164.8(b) is met.

d. A person, other than a facilitator, required to collect the tax levied under G.S. 105-164.4(a).

(35a) Retailer-contractor. – A person that acts as a retailer when it sells tangible personal property at retail and as a real property contractor when it performs real property contracts.

(35b) Retail trade. – A trade in which the majority of revenue is from retailing tangible personal property, digital property, or services to consumers. Not all activities provided in this subdivision are required for a trade to be considered retail trade.

(38b) Service contract. – A contract where the obligor under the contract agrees to maintain or repair tangible personal property, regardless of whether the property becomes a part of or affixed to real property, or a motor vehicle. Examples of a service contract include a warranty agreement other than a manufacturer's warranty or dealer's warranty provided at no charge to the purchaser, an extended warranty agreement, a maintenance agreement, a repair contract, or a similar agreement or contract.

SECTION 32.18.(d) G.S. 105-164.13(49) is repealed.

SECTION 32.18.(e) G.S. 105-164.13, as amended by S.L. 2015-6, reads as rewritten:

"§ 105-164.13. Retail sales and use tax.

... (61) A service contract for tangible personal property may be exempt as provided in G.S. 105-164.41.

(61a) Repair, maintenance, and installation services provided for an item for which a service contract on the item is exempt from tax under G.S. 105-164.41.

(61b) Repair, maintenance, and installation services purchased for resale.

(62) An item—item or repair, maintenance, and installation services used to maintain or repair tangible personal property or a motor vehicle pursuant to a service contract taxable under this Article if the purchaser of the contract is not charged for the item. For purposes of this exemption, the term "item" does not include a tool, equipment, supply, or similar tangible personal property used to complete the maintenance or repair and that is not deemed to be a component or repair part of the tangible personal property or motor vehicle for which a service contract is sold to a purchaser.

..."

SECTION 32.18.(f) G.S. 105-237.1(a)(6) reads as rewritten:

(a) Authority.—The Secretary may compromise a taxpayer's liability for a tax that is collectible under G.S. 105-241.22 when the Secretary determines that the compromise is in the best interest of the State and makes one or more of the following findings:

... (6) The taxpayer is a retailer or a person under Article 5 of this Chapter; the assessment is for sales or use tax the retailer failed to collect or the person failed to pay on an item taxable under G.S. 105-164.4(a)(10) and (a)(11), through (a)(15), and the retailer or person made a good-faith effort to comply with the sales and use tax laws. This subdivision expires for assessments issued after July 1, 2020."

SECTION 32.18.(g) The Secretary of Revenue is directed to repeal the following administrative rules: 17 NCAC 07B .1002, 17 NCAC 07B .1003, and 17 NCAC 07B .1901. SECTION 32.18.(h) This section becomes effective March 1, 2016, and applies to sales occurring on or after that date and to gross receipts derived from repair, maintenance, and installation services provided on or after that date.

ADDITIONAL LOCAL SALES TAX REVENUE FOR ECONOMIC DEVELOPMENT, PUBLIC EDUCATION, AND COMMUNITY COLLEGES

SECTION 32.19.(a) The heading to Article 44 of Chapter 105 of the General Statutes reads as rewritten:

"Article 44. Local Government Hold Harmless and Allocation Provisions."

SECTION 32.19.(b) Article 44 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-524. Distribution of additional sales tax revenue for economic development, public education, and community colleges.

(a) Purpose.—The purpose of this section is to address sales tax leakage that results from the different revenue-raising capacity of local option sales taxes in each taxing jurisdiction. The amount to be distributed is determined under subsection (b) of this section. The amount each county may receive is determined by the county's allocation percentage under

..."
subsection (c) of this section. The General Assembly must periodically review the allocation percentages.

(b) Distribution Amount. – The Secretary must calculate a distribution amount in conformity with this section. The Secretary must deduct this amount proportionately, in equal installments, from the collections to be allocated each month for distribution under G.S. 105-466, 105-483, and 105-498. For the fiscal year beginning July 1, 2016, the distribution amount is eighty-four million eight hundred thousand dollars ($84,800,000). For fiscal years beginning on or after July 1, 2017, the distribution amount is the amount for the preceding year, adjusted by the same percentage of this amount as the percentage change of the total collection of local sales and use taxes levied under Articles 39, 40, and 42 of this Chapter for the preceding fiscal year.

(c) County Allocation. – The Secretary must, on a monthly basis, allocate to each taxing county an amount equal to one-twelfth of the distribution amount calculated under subsection (b) of this section multiplied by the following appropriate allocation percentage:
