SECTION 7.6.(a) The State Chief Information Officer (CIO) shall work with the North Carolina Department of Public Instruction (DPI) and the Governor's Education Council to implement public school cooperative purchasing agreements for the procurement of information technology (IT) goods and services to support public schools. For purposes of this
section, the phrase "public school cooperative purchasing agreement" means an agreement implemented pursuant to this section and available for local school administrative units, regional schools, charter schools, or some combination thereof, providing for collaborative or collective purchases of information technology goods and services in order to leverage economies of scale and to reduce costs.

**SECTION 7.6.(b)** Each public school cooperative purchasing agreement shall be based on a defined statewide information technology need to support education in the public schools. The State CIO may modify the plan based upon input from the Joint Legislative Oversight Committee on Information Technology and, following the review, shall begin implementation of the plan.

**SECTION 7.7.(c)** Sole Sourcing, Extensions, and Expansions Limited. – State IT contracts, including sole sourcing, extensions of the period of performance, or expansion of the scope of existing contracts, must receive the prior approval of the State CIO who may grant a specific exception. The State CIO shall immediately report any exceptions granted to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division. The report shall explain the reasons why the exception was deemed to be appropriate.

**SECTION 7.7.(d)** G.S. 147-33.72C(e) reads as rewritten:

"(e) Performance Contracting. – All contracts between a State agency and a private party for information technology projects shall include provisions for vendor performance review and accountability. The State CIO may require that these contract provisions require a performance bond, include monetary penalties, or require other performance assurance measures for projects that are not completed or performed within the specified time period or that involve costs in excess of those specified in the contract. The State CIO may utilize cost-savings realized on government vendor partnerships, as defined in G.S. 143-135.9, as performance incentives for an information technology project vendor, require contract provisions requiring a vendor to provide a performance bond.

**SECTION 7.7.(e)** Enterprise Contracts. – The State CIO shall consult participating agency chief information officers and obtain approval from the Office of State Budget and Management prior to the initiation of any enterprise project or contract and shall ensure that enterprise project and contract costs are allocated to participating agencies in an equitable manner. Enterprise agreements shall not exceed the participating State agencies' ability to financially support the contracts.

The State CIO shall not enter into any enterprise information technology contracts without obtaining written agreements from participating State agencies regarding the apportionment of the contract cost. State agencies agreeing to participate in a contract shall:

1. Ensure that sufficient funds are budgeted to support their agreed shares of enterprise contracts throughout the life of the contract.
2. Transfer the required funding to the Information Technology Internal Service Fund in sufficient time for the Office of Information Technology Services to meet vendor contract requirements.
SECTION 7.7.(f) Three-Year Contracts. – Notwithstanding the cash management provisions of G.S. 147-86.11, the Office of Information Technology Services may procure information technology goods and services for periods up to a total of three years where the terms of the procurement contracts require payment of all or a portion of the contract price at the beginning of the contract agreement. All of the following conditions shall be met before payment for these agreements may be disbursed:

1. Any advance payment can be accomplished within the IT Internal Service Fund budget.
2. The State Controller receives conclusive evidence that the proposed agreement would be more cost-effective than a multiyear agreement that complies with G.S. 147-86.11.
3. The procurement complies in all other aspects with applicable statutes and rules.
4. The proposed agreement contains contract terms that protect the financial interest of the State against contractor nonperformance or insolvency through the creation of escrow accounts for funds, source codes, or both, or by any other reasonable means that have legally binding effect.

The Office of State Budget and Management shall ensure the savings from any authorized agreement shall be included in the IT Internal Service Fund rate calculations before approving annual proposed rates. Any savings resulting from the agreements shall be returned to agencies included in the contract in the form of reduced rates. Beginning October 1, 2013, ITS shall submit a quarterly written report of any authorizations granted under this section to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

INFORMATION TECHNOLOGY PERSONAL SERVICES CONTRACT REQUIREMENTS

SECTION 7.8. Notwithstanding any provision of law to the contrary, no contract for information technology personal services, or that provides personnel to perform information technology functions, may be established or renewed without written approval from the Statewide Information Technology Procurement Office and the Office of State Budget and Management. To facilitate compliance with this requirement, the Statewide Information Technology Procurement Office shall develop and document the following:

1. Standards for determining whether it is more appropriate for an agency to hire an employee or use the services of a vendor.
2. A process to monitor all State agency personal services contracts, as well as any other State contracts providing personnel to perform information technology functions.
3. A process for obtaining approval of contractor positions.

The Statewide Information Technology Procurement Office shall review current personal services contracts and determine if each contractor is performing a function that could more appropriately be performed by a State employee. Where the determination is made that a State employee should be performing the function, the Statewide Information Technology Procurement Office shall work with the impacted agency and the Office of State Personnel to identify or create the position.

Beginning October 1, 2013, the Statewide Information Technology Procurement Office shall report to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division on its progress toward standardizing information technology personal services contracts. In addition, the report shall include detailed information on the number of personal service contractors in each State agency, the cost for each, and the comparable cost (including benefits) of a State employee serving in that capacity rather than a contractor.

PREVENT DUPLICATION OF INFORMATION TECHNOLOGY CAPABILITIES

SECTION 7.9.(a) The Office of the State Chief Information Officer (CIO) shall develop a plan and adopt measures to prevent the duplication of information technology capabilities and resources across State agencies. When multiple agencies require the same, or substantially similar, information technology capabilities, the State CIO shall designate one State agency as the lead to coordinate and manage the capability for all State agencies, with the State CIO maintaining oversight of the effort. By October 1, 2013, the State CIO shall provide
this plan to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

SECTION 7.9.(b) The Office of the State Chief Information Officer shall do all of the following to carry out the purposes of this section:

For projects where the capability already exists, the Office of the State CIO shall assist the agency with implementing the existing capability.

2. Identify existing projects that can best support a specific information technology capability for multiple agencies and work to transition all agencies requiring the specific capability to the identified projects.

3. When State agencies request approval for new projects, determine if the information technology project can be implemented using an existing application, or if the new project has the potential to support multiple agencies' requirements.

4. Provide quarterly reports on progress toward eliminating duplication to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

5. Ensure that contracts for information technology allow the addition of other agencies' requirements within the terms of the existing contracts.

SECTION 7.9.(c) All State agencies shall coordinate any Geographic Information System (GIS) initiatives through the Center for Geographic Information and Analysis (CGIA) in the Office of Information Technology Services, as well as the Office of the State CIO, to ensure that existing capabilities are not being duplicated. The CGIA shall monitor and approve all new GIS-related information technology projects and expansion budget requests. By January 1 of each year, the CGIA shall submit a written report on GIS duplication to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

The CGIA shall conduct a review of all GIS applications in State agencies, identify instances of duplication for existing applications, and develop a plan for consolidating duplicative projects. By November 1, 2013, the CGIA shall provide a report on the review to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

The State Board of Education shall adopt rules to implement the requirements of this subsection.

SECTION 8.4.(h) Definitions. – As used in this section, the following definitions apply for the 2013-2014 fiscal year:

SCHOOL SAFETY COMPONENT OF SCHOOL IMPROVEMENT PLANS
SECTION 8.41.(a) G.S. 115C-105.27, as rewritten by Section 11(a) of S.L. 2013-226, reads as rewritten:

"§ 115C-105.27. Development and approval of school improvement plans.
(a) School Improvement Team. – In order to improve student performance, each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35 and the goals set out
in the mission statement for the public schools adopted by the State Board of Education. The principal of each school, representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building, and parents of children enrolled in the school shall constitute a school improvement team.

The team shall develop a school improvement plan to improve student performance.

Representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants shall be elected by their respective groups by secret ballot.

Unless the local board of education has adopted an election policy, parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher organization of the school or, if none exists, by the largest organization of parents formed for this purpose. Parents serving on school improvement teams shall reflect the racial and socioeconomic composition of the students enrolled in that school and shall not be members of the building-level staff.

Parental involvement is a critical component of school success and positive student achievement; therefore, it is the intent of the General Assembly that parents, along with teachers, have a substantial role in developing school improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation.

All school improvement plans shall be, to the greatest extent possible, data-driven. School improvement teams shall use the Education Value Added Assessment System (EVAAS) or a compatible and comparable system approved by the State Board of Education, to analyze student data to identify root causes for problems, to determine actions to address them, and to appropriately place students in courses such as Algebra I. School improvement plans shall contain clear, unambiguous targets, explicit indicators and actual measures, and expeditious time frames for meeting the measurement standards.

(a1) Open Meetings. – School improvement team meetings are subject to the open meetings requirements of Article 33C of Chapter 143 of the General Statutes. Deliberations on the school safety components of the plan shall be in closed session in accordance with G.S. 143-318.11(a)(8). The principal shall ensure that these requirements are met.

(a2) Public Records. – The school improvement plan, except for the school safety components of the plan, is a public record subject to Chapter 132 of the General Statutes and shall be posted on the school Web site. The names of the members of the school improvement team, their positions, and the date of their election to the school improvement team shall also be posted on the Web site.

(b) School Improvement Plan. – In order to improve student performance, the school improvement team at each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35 and the goals set out in the mission statement for the public schools adopted by the State Board of Education. All school improvement plans shall be, to the greatest extent possible, data-driven. School improvement teams shall use the Education Value-Added Assessment System (EVAAS) or a compatible and comparable system approved by the State Board of Education to (i) analyze student data and identify root causes for problems, (ii) determine actions to address them, and (iii) appropriately place students in courses such as Algebra I. School improvement plans shall contain clear, unambiguous targets, explicit indicators and actual measures, and expeditious time frames for meeting the measurement standards.

The strategies for improving student performance:

(1) Shall include a plan for the use of staff development funds that may be made available to the school by the local board of education to implement the school improvement plan. The plan may provide that a portion of these funds is used for mentor training and for release time and substitute teachers while mentors and teachers mentored are meeting;

(1a) Repealed by Session Laws 2012-142, s. 7A.1(c), effective July 2, 2012.

(2) Shall include a plan to address school safety and discipline concerns;

(3) May include a decision to use State funds in accordance with G.S. 115C-105.25;
(4) Shall include a plan that specifies the effective instructional practices and methods to be used to improve the academic performance of students identified as at risk of academic failure or at risk of dropping out of school;

(5) May include requests for waivers of State laws, rules, or policies for that school. A request for a waiver shall meet the requirements of G.S. 115C-105.26;

(6) Shall include a plan to provide a duty-free lunch period for every teacher on a daily basis or as otherwise approved by the school improvement team; and

(7) Shall include a plan to provide duty-free instructional planning time for every teacher under G.S. 115C-301.1, with the goal of providing an average of at least five hours of planning time per week.

(8) Shall include a plan to identify and eliminate unnecessary and redundant reporting requirements for teachers and, to the extent practicable, streamline the school's reporting system and procedures, including requiring forms and reports to be in electronic form when possible and incorporating relevant documents into the student accessible components of the Instructional Improvement System.

(c) School Vote on the Plan. — Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed school improvement plan to all of the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for their review and vote. The vote shall be by secret ballot. The principal shall submit the school improvement plan to the local board of education only if the proposed school improvement plan has the approval of a majority of the staff who voted on the plan.

(c1) Consideration of the School Safety Components of the Plan. — The superintendent shall review the school safety components of the school improvement plans and make written recommendations on them to the local board of education. Prior to a vote to accept a school's improvement plan in accordance with G.S. 115C-105.27(d), the local board of education shall review the school safety components of the plan for that school in closed session. The board shall make findings on the safety components of the plan. Neither the safety components of the plan nor the board's findings on the safety components of the plan shall be set out in the minutes of the board.

(d) Adoption of the Plan. — The local board of education shall accept or reject the school improvement plan. The local board shall not make any substantive changes in any school improvement plan that it accepts. If the local board rejects a school improvement plan, the local board shall state with specificity its reasons for rejecting the plan; the school improvement team may then prepare another plan, present it to the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for a vote, and submit it to the local board to accept or reject. If no school improvement plan is accepted for a school within 60 days after its initial submission to the local board, the school or the local board may ask to use the process to resolve disagreements recommended in the guidelines developed by the State Board under G.S. 115C-105.20(b)(5). If this request is made, both the school and local board shall participate in the process to resolve disagreements. If there is no request to use that process, then the local board may develop a school improvement plan for the school. The General Assembly urges the local board to utilize the school's proposed school improvement plan to the maximum extent possible when developing such a plan.

(e) Effective Period of the Plan. — A school improvement plan shall remain in effect for no more than two years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school improvement plan becomes unlawful or the local board finds that a school improvement plan is impeding student performance at a school, the local board may vacate the relevant portion of the plan and may direct the school to revise that portion. The procedures set out in this subsection shall apply to amendments and revisions to school improvement plans.

(f) Elimination of Other Unnecessary Plans. — If a local board of education finds that a school improvement plan adequately covers another plan that the local school administrative unit is otherwise required to prepare, the local school administrative unit shall not be required to prepare an additional plan on the matter.
(g) Compliance With Requirements. – Any employee, parent, or other interested individual or organization is encouraged to notify the principal of any concerns regarding compliance with this section. In addition, any employee, parent, or other interested individual or organization may submit in writing to the superintendent concerns regarding compliance with this section. The superintendent shall make a good-faith effort to investigate the concern. The superintendent shall upon request provide a written response to the concern.

SECTION 8.41.(b) G.S. 143-318.11(a)(8) reads as rewritten:
"(a) Permitted Purposes. – It is the policy of this State that closed sessions shall be held only when required to permit a public body to act in the public interest as permitted in this section. A public body may hold a closed session and exclude the public only when a closed session is required:

…

(8) To formulate plans by a local board of education relating to emergency response to incidents of school violence or to formulate and adopt the school safety components of school improvement plans by a local board of education or a school improvement team."

SCHOOL PERFORMANCE GRADES

SECTION 9.4.(a) Section 7A.3(e) of S.L. 2012-142 is repealed.

SECTION 9.4.(b) Article 8 of Chapter 115C of the General Statutes is amended by adding a new Part to read:

"Part 1B. School Performance,

§ 115C-83.11. School achievement, growth, performance scores, and grades.

(a) School Scores and Grades. – The State Board of Education shall award school achievement, growth, and performance scores and an associated performance grade as required by G.S. 115C-12(9)c1., and calculated as provided in this section. The State Board of Education shall enter all necessary data into the Education Value-Added Assessment System (EVAAS) in order to calculate school performance scores and grades.

(b) Calculation of the School Achievement Score. – In calculating the overall school achievement score earned by schools, the State Board of Education shall total the sum of points earned by a school on all of the following indicators that are measured for that school:

(1) One point for each percent of students who score at or above proficient on annual assessments for mathematics in grades three through eight.

(2) One point for each percent of students who score at or above proficient on annual assessments for reading in grades three through eight.

(3) One point for each percent of students who score at or above proficient on annual assessments for science in grades five and eight.

(4) One point for each percent of students who score at or above proficient on the Algebra I or Integrated Math I end-of-course test.

(5) One point for each percent of students who score at or above proficient on the English II end-of-course test.

(6) One point for each percent of students who score at or above proficient on the Biology end-of-course test.

(7) One point for each percent of students who complete the Algebra II or Integrated Math III end-of-course test with a passing grade.

(8) One point for each percent of students who achieve the minimum score required for admission into a constituent institution of The University of North Carolina on a nationally normed test of college readiness.

(9) One point for each percent of students enrolled in Career and Technical Education courses who meet the standard when scoring at Silver, Gold, or Platinum levels on a nationally normed test of workplace readiness.

(10) One point for each percent of students who graduate within four years of entering high school.

Each school achievement indicator shall be of equal value when used to determine the overall school achievement score. The overall school achievement score shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-238.29F, and 115C-238.66.

(c) Calculation of the School Growth Score. – Using EVAAS, the State Board shall calculate the overall growth score earned by schools. In calculating the total growth score earned by schools, the State Board of Education shall weight student growth on the achievement indicators as provided in subsection (b) of this section that have available growth values. The numerical values used to determine whether a school has met, exceeded, or has not
met expected growth shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-238.29F, and 115C-238.66.

(d) Calculation of the School Performance Scores and Grades. – For schools exceeding or not meeting expected school growth, the State Board of Education shall use EVAAS to calculate the school performance score by adding the school achievement score, as provided in subsection (b) of this section, and the school growth score, as provided in subsection (c) of this section, earned by a school. The school achievement score shall account for eighty percent (80%), and the school growth score shall account for (20%) of the total sum. For schools meeting expected growth, and with a school achievement score of eighty percent (80%) or higher, the school performance score shall solely reflect the achievement score. For schools meeting expected growth, and with a school achievement score below eighty percent (80%), the school achievement score shall account for eighty percent (80%), and the school growth score shall account for twenty percent (20%) of the total sum. For all schools, the total school performance score shall be converted to a 100-point scale and used to determine a school performance grade based on the following scale:

(1) A school performance score of at least 90 is equivalent to an overall school performance grade of A.
(2) A school performance score of at least 80 is equivalent to an overall school performance grade of B.
(3) A school performance score of at least 70 is equivalent to an overall school performance grade of C.
(4) A school performance score of at least 60 is equivalent to an overall school performance grade of D.
(5) A school performance score of less than 60 points is equivalent to an overall school performance grade of F.

(e) Elementary and Middle School Reading and Math Achievement Scores. – For schools serving students in kindergarten through eighth grade, the school achievement scores in reading and mathematics, respectively, shall be reported separately on the annual school report card provided under G.S. 115C-12(9)c1., 115C-238.29F, and 115C-238.66.

(f) Indication of Growth. – In addition to awarding the overall school scores for achievement, growth, and performance and the performance grade, using EVAAS, the State Board shall designate that a school has met, exceeded, or has not met expected growth. The designation of student growth shall be clearly displayed in the annual school report card provided under G.S. 115C-12(9)c1., 115C-238.29F, and 115C-238.66.

SECTION 9.4.(c) G.S. 115C-12(9)c1. reads as rewritten:
"c1. To issue an annual "report card" for the State and for each local school administrative unit, assessing each unit's efforts to improve student performance based on the growth in performance of the students in each school and taking into account progress over the previous years' level of performance and the State's performance in comparison with other states. This assessment shall take into account factors that have been shown to affect student performance and that the State Board considers relevant to assess the State's efforts to improve student performance. As a part of the annual "report card" for each local school administrative unit, the State Board shall award, in accordance with G.S. 115C-83, an overall numerical school achievement, growth, and performance score on a scale of zero to 100 and a corresponding performance letter grade of A, B, C, D, or F earned by each school within the local school administrative unit. The school performance score and grade shall reflect student performance on annual subject-specific assessments, college and workplace readiness measures, and graduation rates. For schools serving students in any grade from kindergarten to eighth grade, separate performance scores and grades shall also be awarded based on the school performance in reading and mathematics respectively. The annual "report card" for schools serving students in third grade also shall include the number and percentage of third grade students who (i) take and pass the alternative assessment of reading comprehension; (ii) were retained in third grade for not
demonstrating reading proficiency as indicated in G.S. 115C-83.7(a); and (iii) were exempt from mandatory third grade retention by category of exemption as listed in G.S. 115C-83.7(b)."

These standards shall include (i) a description of the programs and services that are recommended to be provided in alternative learning programs and (ii) a process for ensuring that an assignment is appropriate for the student and that the student’s parents are involved in the decision. The State Board also shall adopt policies that define what constitutes an alternative school and an alternative learning program.

The State Board of Education shall also adopt standards to require that local school administrative units shall use (i) the teachers allocated for students assigned to alternative learning programs pursuant to the regular teacher allotment and (ii) the teachers allocated for students assigned to alternative learning programs only to serve the needs of these students.

The State Board of Education shall provide technical support to local school administrative units to assist them in developing and implementing plans and proposals for alternative learning programs.

The State Board shall evaluate the effectiveness of alternative learning programs and, in its discretion, of any other programs funded from the Alternative Schools/At-Risk Student allotment. Local school administrative units shall report to the State Board of Education on how funds in the Alternative Schools/At-Risk Student allotment are spent and shall otherwise cooperate with the State Board of Education in evaluating the alternative learning programs. As part of its evaluation of the effectiveness of these programs, the State Board shall, through the application of the accountability system developed under G.S. 115C-83.11 and G.S. 115C-105.35, measure the educational performance and growth of students placed in alternative schools and alternative programs. If appropriate, the Board may modify this system to adapt to the specific characteristics of these schools. Also as part of its evaluation, the State Board shall evaluate its standards adopted under this subdivision and make any necessary changes to those standards based on strategies that have been proven successful in improving student achievement and shall report to the Joint Legislative Education Oversight Committee by April 15, 2006 to determine if any changes are necessary to improve the implementation of successful alternative learning programs and alternative schools."

SECTION 9.4.(e) It is the intent of the General Assembly to provide clear information to the public regarding school performance. To this end, the State Board of Education shall do the following when providing information on school report cards as required by G.S. 115C-12(9)c1.:
(1) Solely use the school performance grade calculation method and resulting scores and grades as provided under G.S. 115C-83.11, as enacted by this section.
(2) Include a description understandable by members of the general public of the school performance grade calculation method and resulting scores and grades.

SECTION 9.4.(f) The State Board of Education shall issue the first annual report cards under G.S. 115C-12(9)c1., as amended by this section, no earlier than August 1, 2014.

SECTION 9.4.(g) This section applies beginning with the 2013-2014 school year.

(e) Right to Petition for Hearing. – A teacher shall have the right to petition the local board of education for a hearing no later than 10 days after receiving written notice. The local board may, in its discretion, grant a hearing regarding the superintendent's recommendation for nonrenewal. The local board of education shall notify the teacher making the petition of its decision whether to grant a hearing. If the request for a hearing is granted, the local board shall conduct a hearing pursuant to the provisions of G.S. 115C-45(c) and make a final decision on whether to offer the teacher a renewed contract. The board shall notify a teacher whose contract will not be renewed for the next school year of its decision by June 15; provided, however, if a teacher submits a request for a hearing, the board shall provide the nonrenewal notification within 10 days of the hearing or such later date upon the written consent of the superintendent and teacher. A decision not to offer a teacher a renewed contract shall not be arbitrary, capricious, discriminatory, for personal or political reasons, or on any basis prohibited by State or federal law.

(f) Failure to Offer Contract or Notify on Nonrenewal of Contract. – If a teacher fails to receive a contract offer but does not receive written notification from the superintendent of a recommendation of nonrenewal, and the teacher continues to teach in the local school administrative unit without entering into a contract with the local board, upon discovery of the absence of contract, the board by majority vote shall do one of the following:

1. Offer the teacher a one-year contract expiring no later than June 30 of the current school year.

2. Dismiss the teacher and provide the teacher with the equivalent of one additional month's pay. A teacher dismissed as provided in this section shall be considered an at-will employee and shall not be entitled to a hearing or appeal of the dismissal.

(g) Local boards of education and teachers employed by the local board may mutually modify the terms of the contract to permit part-time employment. An individual that mutually modifies a full-time contract to permit part-time employment or enters into a part-time contract is not a teacher as defined in G.S. 115C-325.1(6).

§ 115C-325.4. Dismissal or demotion for cause.

(a) Grounds. – No teacher shall be dismissed, demoted, or reduced to employment on a part-time basis for disciplinary reasons during the term of the contract except for one or more of the following:
(1) Inadequate performance. In determining whether the professional performance of a teacher is adequate, consideration shall be given to regular and special evaluation reports prepared in accordance with the published policy of the employing local school administrative unit and to any published standards of performance which shall have been adopted by the board. Inadequate performance for a teacher shall mean (i) the failure to perform at a proficient level on any standard of the evaluation instrument or (ii) otherwise performing in a manner that is below standard.

(2) Immorality.

(3) Insubordination.

(4) Neglect of duty.

(5) Physical or mental incapacity.

(6) Habitual or excessive use of alcohol or nonmedical use of a controlled substance as defined in Article 5 of Chapter 90 of the General Statutes.

(7) Conviction of a felony or a crime involving moral turpitude.

(8) Advocating the overthrow of the government of the United States or of the State of North Carolina by force, violence, or other unlawful means.

(9) Failure to fulfill the duties and responsibilities imposed upon teachers or school administrators by the General Statutes of this State.

(10) Failure to comply with such reasonable requirements as the board may prescribe.

(11) Any cause which constitutes grounds for the revocation of the teacher's teaching license or the school administrator's administrator license.

(12) Failure to maintain his or her license in a current status.

(13) Failure to repay money owed to the State in accordance with the provisions of Article 60 of Chapter 143 of the General Statutes.

(14) Providing false information or knowingly omitting a material fact on an application for employment or in response to a preemployment inquiry.

(15) A justifiable decrease in the number of positions due to district reorganization, decreased enrollment, or decreased funding.

(b) Dismissal Procedure. – The procedures provided in G.S. 115C-325.6 shall be followed for dismissals, demotions, or reductions to part-time employment for disciplinary reasons for any reason specified in subsection (a) of this section.

§ 115C-325.5. Teacher suspension.

(a) Immediate Suspension Without Pay. – If a superintendent believes that cause exists for dismissing a teacher for any reason specified in G.S. 115C-325.4 and that immediate suspension of the teacher is necessary, the superintendent may suspend the teacher without pay. Before suspending a teacher without pay, the superintendent shall meet with the teacher and give him or her written notice of the charges against the teacher, an explanation of the basis for the charges, and an opportunity to respond. Within five days after a suspension under this subsection, the superintendent shall initiate a dismissal, demotion, or disciplinary suspension without pay as provided in this section. If it is finally determined that no grounds for dismissal, demotion, or disciplinary suspension without pay exist, the teacher shall be reinstated immediately, shall be paid for the period of suspension, and all records of the suspension shall be removed from the teacher's personnel file.

(b) Disciplinary Suspension Without Pay. – A teacher recommended for disciplinary suspension without pay may request a hearing before the board. The hearing shall be conducted as provided in G.S. 115C-325.7. If no request is made within 15 days, the superintendent may file his or her recommendation with the board. If, after considering the recommendation of the superintendent and the evidence adduced at the hearing if one is held, the board concludes that the grounds for the recommendation are true and substantiated by a preponderance of the evidence, the board, if it sees fit, may by resolution order such suspension.

(c) Suspension With Pay. – If a superintendent believes that cause may exist for dismissing or demoting a teacher for any reasons specified in G.S. 115C-325.4 but that additional investigation of the facts is necessary and circumstances are such that the teacher should be removed immediately from the teacher's duties, the superintendent may suspend the teacher with pay for a reasonable period of time, not to exceed 90 days. The superintendent shall notify the board of education within two days of the superintendent's action and shall notify the teacher within two days of the action and the reasons for it. If the superintendent has
not initiated dismissal or demotion proceedings against the teacher within the 90-day period, the teacher shall be reinstated to the teacher's duties immediately, and all records of the suspension with pay shall be removed from the teacher's personnel file at the teacher's request. However, if the superintendent and the teacher agree to extend the 90-day period, the superintendent may initiate dismissal or demotion proceedings against the teacher at any time during the period of the extension.

§ 115C-325.6. Procedure for dismissal or demotion of a teacher for cause.

(a) Recommendation of Dismissal or Demotion. – A teacher may not be dismissed, demoted, or reduced to part-time employment for disciplinary reasons during the term of the contract except upon the superintendent's recommendation based on one or more of the grounds in G.S. 115C-325.4.

(b) Notice of Recommendation. – Before recommending to a board the dismissal or demotion of a teacher, the superintendent shall give written notice to the teacher by certified mail or personal delivery of the superintendent's intention to make such recommendation and shall set forth as part of the superintendent's recommendation the grounds upon which he or she believes such dismissal or demotion is justified. The superintendent also shall meet with the teacher and provide written notice of the charges against the teacher, an explanation of the basis for the charges, and an opportunity to respond if the teacher has not done so under G.S. 115C-325.5(a). The notice shall include a statement to the effect that the teacher, within 14 days after the date of receipt of the notice, may request a hearing before the board on the superintendent's recommendation. A copy of Part 3 of Article 22 of Chapter 115C of the General Statutes shall also be sent to the teacher.

(c) Request for Hearing. – Within 14 days after receipt of the notice of recommendation, the teacher may file with the superintendent a written request for a hearing before the board on the superintendent's recommendation. The superintendent shall submit his or her recommendation to the board. Within five days after receiving the superintendent's recommendation and before taking any formal action, the board shall set a time and place for the hearing and shall notify the teacher by certified mail or personal delivery of the date, time, and place of the hearing. The time specified shall not be less than 10 nor more than 30 days after the board has notified the teacher, unless both parties agree to an extension. The hearing shall be conducted as provided in G.S. 115C-325.7.

(d) No Request for Hearing. – If the teacher does not request a hearing before the board within the 14 days provided, the superintendent may submit his or her recommendation to the board. The board, if it sees fit, may by resolution (i) reject the superintendent's recommendation or (ii) accept or modify the superintendent's recommendation and dismiss, demote, suspend, or reinstate the teacher without pay.

§ 115C-325.7. Hearing before board.

(a) The following procedures shall apply for a board hearing for dismissal, demotion, reduction to part-time employment for disciplinary reasons, or disciplinary suspension without pay:

(1) The hearing shall be private.

(2) The hearing shall be conducted in accordance with reasonable rules adopted by the State Board of Education to govern such hearings.

(3) At the hearing, the teacher and the superintendent shall have the right to be present and to be heard, to be represented by counsel, and to present through witnesses any competent testimony relevant to the issue of whether grounds exist for a dismissal, demotion, reduction to part-time employment for disciplinary reasons, or disciplinary suspension without pay.

(4) Rules of evidence shall not apply to a hearing under this subsection, and the board may give probative effect to evidence that is of a kind commonly relied on by reasonably prudent persons in the conduct of serious affairs.

(5) At least five days before the hearing, the superintendent shall provide to the teacher a list of witnesses the superintendent intends to present, a brief statement of the nature of the testimony of each witness, and a copy of any documentary evidence the superintendent intends to present.

(6) At least three days before the hearing, the teacher shall provide the superintendent a list of witnesses the teacher intends to present, a brief statement of the nature of the testimony of each witness, and a copy of any documentary evidence the teacher intends to present.
(7) No new evidence may be presented at the hearing except upon a finding by the board that the new evidence is critical to the matter at issue and the party making the request could not, with reasonable diligence, have discovered and produced the evidence according to the schedule provided in this section.

(8) The board may subpoena and swear witnesses and may require them to give testimony and to produce records and documents relevant to the grounds for dismissal, demotion, reduction to part-time employment for disciplinary reasons, or disciplinary suspension without pay.

(9) The board shall decide all procedural issues, including limiting cumulative evidence, necessary for a fair and efficient hearing.

(10) The superintendent shall provide for making a transcript of the hearing. The teacher may request and shall receive at no charge a transcript of the proceedings.

"§ 115C-325.8. Right of appeal.
(a) A teacher who (i) has been dismissed, demoted, or reduced to employment on a part-time basis for disciplinary reasons during the term of the contract as provided in G.S. 115C-325.4, or has received a disciplinary suspension without pay as provided in G.S. 115C-325.5, and (ii) requested and participated in a hearing before the local board of education, shall have a further right of appeal from the final decision of the local board of education to the superior court of the State on one or more of the following grounds that the decision:

(1) Is in violation of constitutional provisions,
(2) Is in excess of the statutory authority or jurisdiction of the board,
(3) Was made upon unlawful procedure,
(4) Is affected by other error of law,
(5) Is unsupported by substantial evidence in view of the entire record as submitted,
(6) Is arbitrary or capricious.

(b) An appeal pursuant to this section must be filed within 30 days of notification of the final decision of the local board of education and shall be decided on the administrative record. The superior court shall have authority to affirm or reverse the local board’s decision or remand the matter to the local board of education. The superior court shall not have authority to award monetary damages or to direct the local board of education to enter into an employment contract of more than one year, ending June 30.

"§ 115C-325.9. Teacher resignation.
(a) Teacher Resignation Following Recommendation for Dismissal. – If a teacher has been recommended for dismissal under G.S. 115C-325.4 and the teacher chooses to resign without the written agreement of the superintendent, then:

(1) The superintendent shall report the matter to the State Board of Education.
(2) The teacher shall be deemed to have consented to (i) the placement in the teacher’s personnel file of the written notice of the superintendent’s intention to recommend dismissal and (ii) the release of the fact that the superintendent has reported this teacher to the State Board of Education to prospective employers, upon request. The provisions of G.S. 115C-321 shall not apply to the release of this particular information.
(3) The teacher shall be deemed to have voluntarily surrendered his or her license pending an investigation by the State Board of Education in a determination whether or not to seek action against the teacher’s license. This license surrender shall not exceed 45 days from the date of resignation. Provided further that the cessation of the license surrender shall not prevent the State Board of Education from taking any further action it deems appropriate. The State Board of Education shall initiate investigation within five working days of the written notice from the superintendent and shall make a final decision as to whether to revoke or suspend the teacher’s license within 45 days from the date of resignation.

(b) Thirty Days’ Notice Resignation Requirement. – A teacher who is not recommended for dismissal should not resign during the term of the contract without the consent of the superintendent unless he or she has given at least 30 days’ notice. If a teacher who is not
recommended for dismissal does resign during the term of the contract without giving at least
30 days' notice, the board may request that the State Board of Education revoke the teacher's
license for the remainder of that school year. A copy of the request shall be placed in the
teacher's personnel file.

§ 115C-325.10. Application to certain institutions.
Notwithstanding any law or regulation to the contrary, this Part shall apply to all persons
employed in teaching and related educational classes in the schools and institutions of the
Departments of Health and Human Services and Public Instruction and the Divisions of
Juvenile Justice and Adult Correction of the Department of Public Safety, regardless of the age
of the students.

§ 115C-325.11. Dismissal of school administrators and teachers employed in
low-performing residential schools.
(a) Notwithstanding any other provision of this section or any other law, this section
shall govern the dismissal by the State Board of Education of teachers, principals, assistant
principal, director, supervisor, and other licensed personnel assigned to a residential school
that the State Board has identified as low-performing and to which the State Board has assigned
an assistance team. The State Board shall dismiss a teacher, principal, assistant principal,
director, supervisor, or other licensed personnel when the State Board receives two consecutive
evaluations that include written findings and recommendations regarding that person's
inadequate performance from the assistance team. These findings and recommendations shall
be substantial evidence of the inadequate performance of the teacher or school administrator.
(b) The State Board may dismiss a teacher, principal, assistant principal, director,
supervisor, or other licensed personnel when:
(1) The State Board determines that the school has failed to make satisfactory
improvement after the State Board assigned an assistance team to that
school.
(2) That assistance team makes the recommendation to dismiss the teacher,
principal, assistant principal, director, supervisor, or other licensed personnel
for one or more grounds established in G.S. 115C-325.4 for dismissal or
demotion of a teacher.
Within 30 days of any dismissal under this subsection, a teacher, principal, assistant
principal, director, supervisor, or other licensed personnel may request a hearing before a panel
of three members designated by the State Board. The State Board shall adopt procedures to
ensure that due process rights are afforded to persons recommended for dismissal under this
subsection. Decisions of the panel may be appealed on the record to the State Board.
(c) Notwithstanding any other provision of this section or any other law, this subsection
shall govern the dismissal by the State Board of licensed staff members who have engaged in a
remediation plan under G.S. 115C-105.38A(c) but who, after one retest, fail to meet the general
knowledge standard set by the State Board. The failure to meet the general knowledge standard
after one retest shall be substantial evidence of the inadequate performance of the licensed staff
member.
Within 30 days of any dismissal under this subsection, a licensed staff member may request
a hearing before a panel of three members designated by the State Board. The State Board shall
adopt procedures to ensure that due process rights are afforded to licensed staff members
recommended for dismissal under this subsection. Decisions of the panel may be appealed on the
record to the State Board.
(d) The State Board or the superintendent of a residential school may terminate the
contract of a school administrator dismissed under this section. Nothing in this section shall
prevent the State Board from refusing to renew the contract of any person employed in a school
identified as low-performing.
(e) Neither party to a school administrator or teacher contract is entitled to damages
under this section.
(f) The State Board shall have the right to subpoena witnesses and documents on behalf
of any party to the proceedings under this section.

§ 115C-325.12. Procedure for dismissal of principals employed in low-performing
schools.
(a) Dismissal of Principals Assigned to Low-Performing Schools With Assistance
Teams. – Notwithstanding any other provision of this Part or any other law, this section
governs the State Board's dismissal of principals assigned to low-performing schools to which the State Board has assigned an assistance team.

(b) Authority of State Board to Dismiss Principal. – The State Board through its designee may, at any time, recommend the dismissal of any principal who is assigned to a low-performing school to which an assistance team has been assigned. The State Board through its designee shall recommend the dismissal of any principal when the State Board receives from the assistance team assigned to that principal's school two consecutive evaluations that include written findings and recommendations regarding the principal's inadequate performance.

(c) Procedures for Dismissal of Principal. –

(1) If the State Board through its designee recommends the dismissal of a principal under this section, the principal shall be suspended with pay pending a hearing before a panel of three members of the State Board. The purpose of this hearing, which shall be held within 60 days after the principal is suspended, is to determine whether the principal shall be dismissed.

(2) The panel shall order the dismissal of the principal if it determines from available information, including the findings of the assistance team, that the low performance of the school is due to the principal's inadequate performance.

(3) The panel may order the dismissal of the principal if (i) it determines that the school has not made satisfactory improvement after the State Board assigned an assistance team to that school and (ii) the assistance team makes the recommendation to dismiss the principal for one or more grounds established in G.S. 115C-325.4 for dismissal or demotion of a teacher.

(4) If the State Board or its designee recommends the dismissal of a principal before the assistance team assigned to the principal's school has evaluated that principal, the panel may order the dismissal of the principal if the panel determines from other available information that the low performance of the school is due to the principal's inadequate performance.

(5) In all hearings under this section, the burden of proof is on the principal to establish that the factors leading to the school's low performance were not due to the principal's inadequate performance. In all hearings under this section, the burden of proof is on the State Board to establish that the school failed to make satisfactory improvement after an assistance team was assigned to the school and to establish one or more of the grounds established for dismissal or demotion of a teacher under G.S. 115C-325.4.

(6) In all hearings under this section, two consecutive evaluations that include written findings and recommendations regarding that principal's inadequate performance from the assistance team are substantial evidence of the inadequate performance of the principal.

(7) The State Board shall adopt procedures to ensure that due process rights are afforded to principals under this section. Decisions of the panel may be appealed on the record to the State Board.

(d) The State Board of Education or a local board may terminate the contract of a principal dismissed under this section.

(e) Neither party to a school administrator contract is entitled to damages under this section.

(f) The State Board shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this section.

§ 115C-325.13. Procedure for dismissal of teachers employed in low-performing schools.

(a) Notwithstanding any other provision of this Part or any other law, this section shall govern the State Board's dismissal of teachers, assistant principals, directors, and supervisors assigned to schools that the State Board has identified as low-performing and to which the State Board has assigned an assistance team under Article 8B of this Chapter. The State Board shall dismiss a teacher, assistant principal, director, or supervisor when the State Board receives two consecutive evaluations that include written findings and recommendations regarding that person's inadequate performance from the assistance team. These findings and recommendations shall be substantial evidence of the inadequate performance of the teacher, assistant principal, director, or supervisor.
(b) The State Board may dismiss a teacher, assistant principal, director, or supervisor when:

1. The State Board determines that the school has failed to make satisfactory improvement after the State Board assigned an assistance team to that school under G.S. 115C-105.38; and

2. That assistance team makes the recommendation to dismiss the teacher, assistant principal, director, or supervisor for one or more grounds established in G.S. 115C-325.4 for dismissal or demotion for cause.

A teacher, assistant principal, director, or supervisor may request a hearing before a panel of three members of the State Board within 30 days of any dismissal under this section. The State Board shall adopt procedures to ensure that due process rights are afforded to persons recommended for dismissal under this section. Decisions of the panel may be appealed on the record to the State Board.

(c) Notwithstanding any other provision of this Part or any other law, this section shall govern the State Board's dismissal of licensed staff members who have engaged in a remediation plan under G.S. 115C-105.38A(c) but who, after one retest, fail to meet the general knowledge standard set by the State Board. The failure to meet the general knowledge standard after one retest shall be substantial evidence of the inadequate performance of the licensed staff member.

(d) A licensed staff member may request a hearing before a panel of three members of the State Board within 30 days of any dismissal under this section. The State Board shall adopt procedures to ensure that due process rights are afforded to licensed staff members recommended for dismissal under this section. Decisions of the panel may be appealed on the record to the State Board.

(e) The State Board of Education or a local board may terminate the contract of a teacher, assistant principal, director, or supervisor dismissed under this section.

(f) Neither party to a school administrator or teacher contract is entitled to damages under this section.

(g) The State Board shall have the right to subpoena witnesses and documents on behalf of any party to the proceedings under this section.

SECTION 9.6.(c) G.S. 115C-45(c) reads as rewritten:

"(c) Appeals to Board of Education and to Superior Court. – An appeal shall lie to the local board of education from any final administrative decision in the following matters:

1. The discipline of a student under G.S. 115C-390.7, 115C-390.10, or 115C-390.11;

2. An alleged violation of a specified federal law, State law, State Board of Education policy, State rule, or local board policy, including policies regarding grade retention of students;

3. The terms or conditions of employment or employment status of a school employee; and

4. Any other decision that by statute specifically provides for a right of appeal to the local board of education and for which there is no other statutory appeal procedure.

As used in this subsection, the term "final administrative decision" means a decision of a school employee from which no further appeal to a school administrator is available.

Any person aggrieved by a decision not covered under subdivisions (1) through (4) of this subsection shall have the right to appeal to the superintendent and thereafter shall have the right to petition the local board of education for a hearing, and the local board may grant a hearing regarding any final decision of school personnel within the local school administrative unit. The local board of education shall notify the person making the petition of its decision whether to grant a hearing.

In all appeals to the board it is the duty of the board of education to see that a proper notice is given to all parties concerned and that a record of the hearing is properly entered in the records of the board conducting the hearing.

The board of education may designate hearing panels composed of not less than two members of the board to hear and act upon such appeals in the name and on behalf of the board of education.

An appeal of right brought before a local board of education under subdivision (1), (2), (3), or (4) of this subsection may be further appealed to the superior court of the State on the
grounds that the local board's decision is in violation of constitutional provisions, is in excess of
the statutory authority or jurisdiction of the board, is made upon unlawful procedure, is affected
by other error of law, is unsupported by substantial evidence in view of the entire record as
submitted, or is arbitrary or capricious. However, the right of a noncertified employee to appeal
decisions of a local board under subdivision (3) of this subsection shall only apply to decisions
concerning the dismissal, demotion, or suspension without pay of the noncertified employee. A
noncertified employee may request and shall be entitled to receive written notice as to the
reasons for the employee's dismissal, demotion, or suspension without pay. The notice shall be
provided to the employee prior to any local board of education hearing on the issue. This
subsection shall not alter the employment status of a noncertified employee."

SECTION 9.6.(d) G.S. 115C-287.1 reads as rewritten:

"§ 115C-287.1. Method of employment of principals, assistant principals, supervisors,
and directors.

(a) (1) Beginning July 1, 1995, all persons employed as school administrators
shall be employed pursuant to this section.

(2) Notwithstanding G.S. 115C-287.1(a)(1), the following school administrators
shall be employed pursuant to G.S. 115C-325:

a. School administrators who, as of July 1, 1995, are serving in a
principal or supervisor position with career status in that position; and

b. School administrators who, as of July 1, 1995, are serving in a
principal or supervisor position and who are eligible to achieve
career status on or before June 30, 1997.

A school administrator shall cease to be employed pursuant to
G.S. 115C-325 if the school administrator: (i) voluntarily relinquishes career
status or the opportunity to achieve career status through promotion,
resignation, or otherwise; or (ii) is dismissed or demoted or whose contract
is not renewed pursuant to G.S. 115C-325.

(3) For purposes of this section, school administrator means a:

a. Principal;

b. Assistant principal;

c. Supervisor; or

d. Director,

whose major function includes the direct or indirect supervision of teaching
or of any other part of the instructional program.

(4) Nothing in this section shall be construed to confer career status on any
assistant principal or director, or to make an assistant principal eligible for
career status as an assistant principal or a director eligible for career status as
director.

(b) Local boards of education shall employ school administrators who are ineligible for
career status as provided in G.S. 115C-325(c)(3), upon the recommendation of the
superintendent. The initial contract between a school administrator and a local board of
education shall be for two to four years, ending on June 30 of the final 12 months of the
contract. In the case of a subsequent contract between a principal or assistant principal and a
local board of education, the contract shall be for a term of four years. In the case of an initial
contract between a school administrator and a local board of education, the first year of the
contract may be for a period of less than 12 months provided the contract becomes effective on
or before September 1. A local board of education may, with the written consent of the school
administrator, extend, renew, or offer a new school administrator’s contract at any time after the
first 12 months of the contract so long as the term of the new, renewed, or extended contract
does not exceed four years. Rolling annual contract renewals are not allowed. Nothing in this
section shall be construed to prohibit the filling of an administrative position on an interim or
temporary basis.

(c) The term of employment shall be stated in a written contract that shall be entered
into between the local board of education and the school administrator. The school
administrator shall not be dismissed or demoted during the term of the contract except for the
grounds and by the procedure by which a career teacher may be dismissed or demoted for cause
as set forth in G.S. 115C-325, G.S. 115C-325.4.
(d) If a superintendent intends to recommend to the local board of education that the school administrator be offered a new, renewed, or extended contract, the superintendent shall submit the recommendation to the local board for action. The local board may approve the superintendent's recommendation or decide not to offer the school administrator a new, renewed, or extended school administrator's contract.

If a superintendent decides not to recommend that the local board of education offer a new, renewed, or extended school administrator's contract to the school administrator, the superintendent shall give the school administrator written notice of his or her decision and the reasons for his or her decision no later than May 1 of the final year of the contract. The superintendent's reasons may not be arbitrary, capricious, discriminatory, personal, or political, political, or prohibited by State or federal law. No action by the local board or further notice to the school administrator shall be necessary unless the school administrator files with the superintendent a written request, within 10 days of receipt of the superintendent's decision, for a hearing before the local board. Failure to file a timely request for a hearing shall result in a waiver of the right to appeal the superintendent's decision. If a school administrator files a timely request for a hearing, the local board shall conduct a hearing pursuant to the provisions of G.S. 115C-45(c) and make a final decision on whether to offer the school administrator a new, renewed, or extended school administrator's contract.

If the local board decides not to offer the school administrator a new, renewed, or extended school administrator's contract, the local board shall notify the school administrator of its decision by June 1 of the final year of the contract. A decision not to offer the school administrator a new, renewed, or extended contract may be for any cause that is not arbitrary, capricious, discriminatory, personal, or political, political, or prohibited by State or federal law. The local board's decision not to offer the school administrator a new, renewed, or extended school administrator's contract is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes.

(e) Repealed by Session Laws 1995, c. 369, s. 1.

(f) If the superintendent or the local board of education fails to notify a school administrator by June 1 of the final year of the contract that the school administrator will not be offered a new school administrator's contract, the school administrator shall be entitled to 30 days of additional employment or severance pay beyond the date the school administrator receives written notice that a new contract will not be offered.

(g) If, prior to appointment as a school administrator, the school administrator held career status as a teacher in the local school administrative unit in which he or she is employed as a school administrator, a school administrator shall retain career status as a teacher if the school administrator is not offered a new, renewed, or extended contract by the local board of education, unless the school administrator voluntarily relinquished that right or is dismissed or demoted pursuant to G.S. 115C-325.

(h) An individual who holds a provisional assistant principal's certificate/license and who is employed as an assistant principal under G.S. 115C-284(c) shall be considered a school administrator for purposes of this section. Notwithstanding subsection (b) of this section, a local board may enter into one-year contracts with a school administrator who holds a provisional assistant principal's certificate/license. If the school administrator held career status as a teacher in the local school administrative unit prior to being employed as an assistant principal and the State Board for any reason does not extend the school administrator's provisional assistant principal's certificate, the school administrator shall retain career status as a teacher unless the school administrator voluntarily relinquished that right or is dismissed or demoted under G.S. 115C-325. Nothing in this subsection or G.S. 115C-284(c) shall be construed to require a local board to extend or renew the contract of a school administrator who holds a provisional assistant principal's certificate/license."

If the employee is a teacher with career status as defined under G.S. 115C-325(a)(6), or a teacher as defined under G.S. 115C-325.1(6), G.S. 115C-325.1(6) either the principal, the assistant principal who supervises the teacher, or an assistance team assigned under G.S. 115C-105.38 shall conduct the evaluation. If the employee is a school administrator as defined under G.S. 115C-287.1(a)(3), either the superintendent or the superintendent's designee shall conduct the evaluation.

All teachers in low-performing schools who have been employed for less than three consecutive years shall be observed at least three times annually by the principal or the principal's designee and at least once annually by a teacher and shall be evaluated at least once annually by a principal. This section shall not be construed to limit the duties and authority of an assistance team assigned to a low-performing school under G.S. 115C-105.38.

A local board shall use the performance standards and criteria adopted by the State Board and may adopt additional evaluation criteria and standards. All other provisions of this section shall apply if a local board uses an evaluation other than one adopted by the State Board.

(b) Mandatory Improvement Plans. –

(2a) If a licensed employee in a low-performing school receives a rating on any standard on an evaluation that is below proficient or otherwise represents unsatisfactory or below standard performance in an area that the licensed employee was expected to demonstrate, the individual or team that conducted the evaluation shall recommend to the superintendent that (i) the employee receive a mandatory improvement plan designed to improve the employee's performance, (ii) the superintendent recommend to the local board that if the employee is a career status teacher the employee be dismissed or demoted and if the employee is a teacher on contract the teacher's contract not be recommended for renewal, or (iii) if the employee engaged in inappropriate conduct or performed inadequately to such a degree that such conduct or performance causes substantial harm to the educational environment that a proceeding for immediate dismissal or demotion be instituted. If the individual or team that conducted the evaluation elects not to make any of the above recommendations, the said individual or team shall notify the superintendent of this decision. The superintendent shall determine whether to develop a mandatory improvement plan, to not recommend renewal of the employee's contract, or to recommend a dismissal proceeding.

The results of the second assessment shall constitute substantial evidence of the employee's inadequate performance.

(d) State Board Notification. – If a local board dismisses an employee of a low-performing school who is a teacher with career status for any reason except a reduction in force under G.S. 115C-325(e)(1), or dismisses an employee who is a teacher on contract for cause or elects to not renew an employee's contract as a result of a superintendent's recommendation under subsection (b) or (c) of this section, it shall notify the State Board of the action, and the State Board annually shall provide to all local boards the names of those individuals. If a local board hires one of these individuals, within 60 days the superintendent or the superintendent's designee shall observe the employee, develop a mandatory improvement plan to assist the employee, and submit the plan to the State Board. Local boards also may adopt rules requiring the annual evaluation of nonlicensed employees. A local board shall use the performance standards and criteria adopted by the State Board and may adopt additional evaluation criteria and standards. (e) Dismissal Proceedings Without a Mandatory Improvement Plan. – The absence of a mandatory improvement plan as described in this section shall not prohibit a superintendent from initiating a dismissal proceeding against a teacher under the provisions of G.S. 115C-325 or G.S. 115C-325.4. However, the superintendent shall not be entitled to the substantial evidence provision in subsection (d) of this section if such mandatory improvement plan is not utilized.

If a local board hires one of these teachers, within 60 days the superintendent or the superintendent's designee shall observe the teacher, develop a mandatory improvement plan to assist the teacher, and submit the plan to the State Board. The State Board shall review the mandatory improvement plan and may provide comments and suggestions to the superintendent. If on the next evaluation the teacher receives a rating on any standard that was an area of concern on the mandatory improvement plan that is again below proficient or a rating that otherwise represents unsatisfactory or below standard performance, the local board shall notify the State Board, and the State Board shall initiate a proceeding to revoke the teacher's license under G.S. 115C-296(d). If on this next evaluation the teacher receives at least a proficient rating on all of the overall performance standards that were areas of concern on the mandatory improvement plan, the local board shall notify the State Board that the teacher is in good standing, and the State Board shall not continue to provide the teacher's name to local boards under this subsection unless the teacher has career status and is subsequently dismissed under G.S. 115C-325 except for a reduction in force or is a teacher on contract who is subsequently dismissed under G.S. 115C-325.4. If, however, on this next evaluation the teacher receives a developing rating on any standards that were areas of concern on the mandatory improvement plan, the teacher shall have one more year to bring the rating to proficient if the local board elects to renew the teacher's contract. If by the end of this second year the teacher is not proficient in all standards that were areas of concern on the mandatory improvement plan, the local board shall notify the State Board, and the State Board shall initiate a proceeding to revoke the teacher's license under G.S. 115C-296(d).

Each constituent institution of higher education would be directed to establish NC GAP as part of its undergraduate admission program.

SECTION 11.17.(b) The Board of Governors of The University of North Carolina and the State Board of Community Colleges shall report their findings and recommendations regarding NC GAP to the Joint Legislative Education Oversight Committee by March 1, 2014. SECTION 12B.3.(b) Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

<table>
<thead>
<tr>
<th>FAMILY SIZE</th>

SECTION 12B.3.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.
(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(4) No payments shall be made for transportation services or registration fees charged by child care facilities.

(5) Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

(6) The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

SECTION 12B.3.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 12B.3.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 12B.3.(f) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star rated facilities. For those counties with an inadequate number of four- and five-star rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four- and five-star rated facilities for nonstar rated programs, such as religious programs.

SECTION 12B.3.(g) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (f) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 12B.3.(h) Payment for subsidized child care services provided with Work First Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development for the subsidized child care program.

SECTION 12B.3.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

(1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.

(2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.
(3) The child for whom a child care subsidy is sought is a citizen of the United States.

SECTION 12B.3.(j) Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

CHILD CARE ALLOCATION FORMULA

The mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

(1) Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than seventy-five percent (75%) of the State median income.

(2) No county's allocation shall be less than ninety percent (90%) of its State fiscal year 2001-2002 initial child care subsidy allocation.

(3) For fiscal years 2013-2014 and 2014-2015, the Division of Child Development and Early Education shall base the formula identified in subdivision (1) of this subsection on the same data source used for the 2012-2013 fiscal year.

(4) The Department of Health and Human Services shall allocate to counties all State funds appropriated for child care subsidy and shall not withhold funds during the 2013-2014 and 2014-2015 fiscal years.

SECTION 12B.4.(b) The Department of Health and Human Services may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including North Carolina Partnership for Children, Inc., funds within a county.

CHILD CARE FUNDS MATCHING REQUIREMENTS
SECTION 12B.5. No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of a disaster as defined in G.S. 166A-19.3(6).

CHILD CARE REVOLVING LOAN
SECTION 12B.6. Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

ADMINISTRATIVE ALLOWANCE FOR COUNTY DEPARTMENTS OF SOCIAL SERVICES/USE OF SUBSIDY FUNDS FOR FRAUD DETECTION
SECTION 12B.7.(a) The Department of Health and Human Services, Division of Child Development and Early Education, shall fund the allowance that county departments of social services may use for administrative costs at four percent (4%) of the county's total child care subsidy funds allocated in the Child Care Development Fund Block Grant plan or eighty thousand dollars ($80,000), whichever is greater.
SECTION 12B.7.(b) Each county department of social services may use up to two percent (2%) of child care subsidy funds allocated to the county for fraud detection and investigation initiatives.

SECTION 12B.7.(c) The Department of Health and Human Services, Division of Child Development and Early Education, shall submit a progress report on the use of child care subsidy funds under subsection (b) of this section to the Joint Legislative Committee on Health and Human Services and the Fiscal Research Division no later than May 1, 2014, and submit a follow-up report on the use of those funds no later than January 1, 2015.

SECTION 12B.8.(b) DCDEE shall report the results of the study to the Joint Legislative Committee on Health and Human Services, the Joint Legislative Education Oversight Committee, the Joint Legislative Oversight Committee on Information Technology, and the Fiscal Research Division no later than April 1, 2014.

North Carolina Partnership for Children, Inc.-funded activities shall include assisting child care facilities with (i) improving quality, including helping one-, two-, and three-star rated facilities increase their star ratings and (ii) implementing prekindergarten programs. State funding for local partnerships shall also be used for evidence-based or evidence-informed programs for children from birth to five years of age that do the following:

The North Carolina Partnership for Children, Inc., shall develop a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships shall be required to participate in the contract management system and shall be directed by the North Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.
SECTION 12B.9.(c) Salaries. – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for Children, Inc., shall base the schedule on the following criteria:

(1) The population of the area serviced by a local partnership.
(2) The amount of State funds administered.
(3) The amount of total funds administered.
(4) The professional experience of the individual to be compensated.
(5) Any other relevant factors pertaining to salary, as determined by the North Carolina Partnership for Children, Inc.

The salary schedule shall be used only to determine the maximum amount of State funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement an individual's salary in excess of the amount set by the salary schedule established under this subsection.

SECTION 12B.9.(d) Match Requirements. – It is the intent of the General Assembly to continue to increase the percentage of the match of cash and in-kind contributions required of the North Carolina Partnership for Children, Inc., and the local partnerships. The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the biennium. Of the funds the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least eleven percent (11%), and in-kind donated resources shall be equal to no more than three percent (3%) for a total match requirement of fourteen percent (14%) for the 2013-2014 fiscal year; and contributions of cash shall be equal to at least eleven percent (11%), and in-kind donated resources shall be equal to no more than four percent (4%) for a total match requirement of fifteen percent (15%) for the 2014-2015 fiscal year. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Employment Security Commission in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships, also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

Failure to obtain a fourteen percent (14%) match by June 30 of the 2013-2014 fiscal year and a fifteen percent (15%) match by June 30 of the 2014-2015 fiscal year shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the
Joint Legislative Commission on Governmental Operations in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 12D.2.(b) It is the intent of the General Assembly to create a State-County Special Assistance program that allows counties greater flexibility in serving individual needs within their communities and greater control over how county funds are used to support this program in light of the fact that counties are required to pay for fifty percent (50%) of the costs of this program. To that end, the General Assembly directs the Department of Health and Human Services to establish a pilot program in accordance with subsection (c) of this section.

SECTION 12D.2.(c) The Department of Health and Human Services, Division of Aging and Adult Services (Department), shall establish a pilot program to implement a tiered rate structure within the State-County Special Assistance program for individuals residing in group homes, in-home living arrangements, and assisted living residences as defined in G.S. 131D-2.1. The purposes of the pilot program are to (i) determine the best way to implement a block grant for this program statewide and (ii) test the feasibility and effectiveness of implementing a tiered rate structure to address program participants' intensity of need, including medication management. The Department shall select a minimum of four and a maximum of six counties to participate in the pilot program, at least two of which shall be rural counties and at least two of which shall be urban counties. The pilot program shall (i) be implemented during the 2013-2014 fiscal year, (ii) operate for at least a 12-month period, and (iii) comply with any agreements in effect between the State of North Carolina and the United States government.

SECTION 12D.2.(d) The Department shall implement the pilot program in collaboration with the local departments of social services in the counties selected for participation. As part of the pilot program, the selected counties shall receive a State General Fund allocation as a block grant to be equally matched with county general funds. The General Fund allocation provided to each county participating in the pilot program shall be calculated based upon the average annual Special Assistance expenditures for that county during the 2011-2013 fiscal biennium, adjusted for the amount of projected annual growth in the number of Special Assistance recipients in that county during the 2013-2015 fiscal biennium. These funds may be used to pay for room, board, and personal care services, including medication.
management, for individuals eligible to receive State-County Special Assistance, subject to the following limitations and requirements:

1. These funds shall not be used to cover any portion of the cost of providing services for which an individual receives Medicaid coverage.
2. The pilot program shall comply with all federal and State requirements governing the existing State-County Special Assistance program, except that Section 12D.3 does not apply to the pilot program.
3. The tiered rate structure shall be based upon intensity of need, and an individual's placement within a tier shall be based upon an independent assessment of the individual's need for room, board, and assistance with activities of daily living, including medication management.

SECTION 12D.2.(e) By February 1, 2014, the Department shall submit a progress report on the implementation and operation of the pilot program, including any obstacles to implementation; and by February 1, 2015, the Department shall submit a final report on the results of the pilot program, along with any recommendations based on these results, to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division. The report due by February 1, 2015, shall include information from all participating counties on at least all of the following:

1. The amount of the tiered rates implemented as part of the pilot program.
2. The cost methodology for determining these tiered rates.
3. The number of individuals participating in the pilot program while residing in a group home.
4. The number of individuals participating in the pilot program while residing in an in-home living arrangement.
5. The number of individuals participating in the pilot program while residing in an assisted living residence as defined by G.S. 131D-2.1, broken down by facility type.
6. A comparison of the number of recipients of State-County Special Assistance prior to and during the pilot program, broken down by county and living arrangement.
7. Any other information the Department deems relevant for determining the best way to implement a block grant statewide for the State-County Special Assistance program.

GENERAL PROVISIONS

SECTION 12J.1.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

(1) A delineation of the proposed allocations by program or activity, including State and federal match requirements.
(2) A delineation of the proposed State and local administrative expenditures.
(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.
(4) A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.
(5) A projection of current year expenditures by program or activity.
(6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.
SECTION 12J.1.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the block grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for fiscal years 2013-2014 and 2014-2015, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star rated facilities for four-year-old children.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services, the Joint Legislative Commission on Governmental Operations, and the Fiscal Research Division.

SECTION 12J.1.(d) Except as otherwise provided, appropriations from federal Block Grant funds are made for each year of the fiscal biennium ending June 30, 2015, according to the schedule enacted for State fiscal years 2013-2014 and 2014-2015 or until a new schedule is enacted by the General Assembly.

SECTION 12J.1.(e) All changes to the budgeted allocations to the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and the Office of State Budget and Management shall consult with the Joint Legislative Commission on Governmental Operations for review prior to implementing the changes. The report shall include an itemized listing of affected programs, including associated changes in budgeted allocations. All changes to the budgeted allocations to the Block Grants shall be reported immediately to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

In conducting the demonstration project, the Department shall enter into a contract with a third party that can deploy floating arrays of in-lake, long-distance circulators to reduce or prevent the adverse impacts of excessive nutrient loads, such as algal blooms, taste and odor problems in drinking water, and low levels of dissolved oxygen. At a minimum, the in-lake mechanical system chosen must meet the following criteria:

1. Floating equipment shall be capable of continuous operation on solar power only during day, night, and extended overcast conditions 365 days per year. Continuous operation shall be defined as operating a minimum of ninety-seven percent (97%) of the total hours during the course of one year on solar power without reliance on any connection to the alternating current power grid.

2. Achieve a total flow rate through the impellers on a continuous basis for 24 hours per day of 72,000 gallons per minute in the Morgan Creek arm and 36,000 gallons per minute in the Haw River arm.

3. The circulation equipment shall be constructed primarily of Type 316 stainless steel metal for strength and superior corrosion resistance. Each machine shall also undergo a passivation bath, also known as stainless steel pickling, to restore corrosion resistance to the welds and other areas of imperfection.

4. The circulation equipment shall be mechanically operated by a motor that has the following characteristics:
   a. Is brushless (brush motors requiring brush replacement are not acceptable).
   b. Uses a direct drive with no gearbox to avoid lubrication maintenance.
   c. Contains stainless steel bearings requiring no scheduled lubrication with a rated bearing life expectancy greater than 100,000 hours of continuous operation.
   d. Is designed for a marine outdoor environment by having a sealed housing with polymeric encapsulated internal windings for superior corrosion resistance capable of withstanding environmental conditions of one hundred percent (100%) humidity, -40 degree to 140 degree Fahrenheit ambient temperature range, freeze resistance, condensation resistance, and splash resistance.
   e. Has a 10 year or greater replacement warranty.

5. The circulation equipment shall be supplied with a motor controller and power management with the following features:
a. An anti-jam reverse feature that is automated and self-clearing for a locked rotor triggered by high current occurrences caused by a jammed impeller.
b. Scheduled reverse cycles with daily reverse impeller cycling for self-clearing of impeller to minimize fouling.
c. Motor health status monitoring and recording that includes scheduled speed, commanded speed, actual speed, motor current, motor voltage, and motor controller errors.
d. Temperature-compensated charging so that battery charging parameters are automatically adjusted for optimum results based on battery temperature.
e. Power conservation and continued operation mode managed by a programmed algorithm for reducing motor load and continuing operation by incremental speed reduction that is automatically enabled when extended low-sunlight conditions occur or battery reserve power is reduced.
f. A NEMA 4 enclosure for protection against condensation and moisture in a marine environment with internal circuit boards that are conformal coated for added protection against moisture.

(6) The battery power storage shall be a single battery (unless multiple batteries are connected in series) to avoid charging problems and shall have the following characteristics:

a. A battery rating capacity, at a 24-hour discharge rate in watt hours, at least 50 times the motor load in watts during normal operation (full speed, peak load).
b. Is a submersible battery to avoid temperature extremes and extend battery life.
c. Complies with DOT HMR49 nonspillable battery requirements.
d. Is UL listed and compliant to UL 1989.
e. Is maintenance-free and does not require rewatering.
f. Has a temperature sensor that monitors battery housing temperature and not ambient temperature to optimize charging cycles and extend battery life.
g. Is encased in double wall plastic and mounted in a stainless steel cage for safety and battery protection purposes.

(7) The photovoltaic modules on the unit shall have the following characteristics:

a. Have a nominal wattage rating that is five times the normal operating wattage of the motor to ensure continuous operation of the motor and impeller in all seasons.
b. Are monocrystalline and not multicrystalline to ensure adequate power collection during low-sunlight conditions.
c. Are certified to UL 1703 Class C, IEC 61215, and IEC 60364 standards.
d. Have 25-year manufacturer performance warranties.

(8) The digital controller of the machine shall have the following features:

a. Flashing light-emitting diodes in the control box readily accessible by service personnel and providing continuous electrical diagnostics so the state of the power system can easily be determined.
b. Capability to store within controller memory a 30-day rolling log of all primary machine operation parameters.

(9) The machine shall have an adjustable horizontal water intake that is capable of being field adjusted to a set level below the water surface without requiring machine removal or reinstallation. The intake shall bring a one-foot thick horizontal layer of water into the machine and include a singular hose of adequate length to reach the required intake depth setting. The flow through the hose and intake shall not exceed one foot per second.

(10) The circulation equipment shall operate normally with the following maintenance features:
a. No scheduled lubrication requirements for any system component, including motor and motor bearings.
b. No brush replacement on motor, gearbox replacement, or motor replacement to be expected during a 25-year expected life of the circulation equipment.

c. Flotation shall contain expanded polystyrene foam beads that are steamed together to minimize water adsorption.
d. The flotation shall not sink should the flotation encasement be punctured. Encasements shall be resistant to damage due to animals, ice, bumps by watercraft, and contact deterioration from petroleum products and should be suitable for marine use.

(12) The circulation equipment shall be capable of being held in position by either attachment to mooring blocks at the bottom of the reservoir or tethering to the shore.

Any contract entered into under this subsection shall not be subject to Article 3 or Article 8 of Chapter 143 of the General Statutes. Once installed, the Department shall monitor and evaluate the performance of the circulators in reducing the adverse impacts of harmful algal blooms and excessive chlorophyll and in providing other nutrient mitigation measures in the Haw River arm and the Morgan Creek arm of Jordan Lake and report the results of the monitoring and evaluation as provided in subsection (b) of this section.

(b)  The Fund may be used to pay for notification for:

1. Notification, to the extent practicable, of persons aged 18 and older who reside in any dwelling unit, and the senior official in charge of any business, at which drinking water is supplied from a private drinking water well or improved spring that is located within 1,500 feet of, and at risk from, known groundwater contamination. The senior official in charge of the business shall take reasonable measures to notify all employees of the business of the
groundwater contamination, including posting a notice of the contamination in a form and at a location that is readily accessible to the employees of the business. The Fund may also be used by the Department to pay the

(2) The costs of testing of private drinking water wells and improved springs for suspected contamination up to once every three years upon request by a person who uses the well and for the well, or more frequent testing if the concentration of one or more contaminants in a private drinking water well is increasing over time and there is a significant risk that the concentration of a contaminant will exceed the drinking water action levels set forth in subsection (c) of this section within a three-year period.

(3) Additional testing to confirm the results of a previous test.

(4) The temporary or permanent provision of alternative drinking water supplies to persons whose drinking water well or improved spring is contaminated. Under this subsection, an alternative drinking water supply includes the repair, such as use of a filtration system, or replacement of a contaminated well or the connection to a public water supply.

The Fund shall not be used to provide alternative water supply to households with incomes greater than three hundred percent (300%) of the current federal poverty level. The Fund may be used to provide alternative drinking water supplies if the Department determines that the concentration of one or more contaminants in the private drinking water well or improved spring exceeds the federal maximum contaminant level, or the federal drinking water action level as defined in 40 Code of Federal Regulations § 141.1 through § 141.571 (1 July 2007) and 40 Code of Federal Regulations § 143.3 (1 July 2007). The Fund may also be used to provide alternative drinking water supplies as provided in this section if the Department determines that the concentration of one or more contaminants in a private drinking water well is increasing over time and that there is a significant risk that the concentration of a contaminant will exceed the federal maximum contaminant level or drinking water action level, or the State groundwater standard. A determination of the concentration of a contaminant shall be based on a sample of water collected from the private drinking water well within the past 12 months.

(c1) In disbursing monies from the Fund, the Department shall give preference to provision of permanent replacement water supplies by connection to public water supplies and repair or replacement of contaminated wells over the provision of temporary water supplies. In providing alternative drinking water supplies, the Department shall give preference to connection to a public water supply system or to construction of a new private drinking water well over the use of a filtration system if the Department determines that the costs of periodic required maintenance of the filtration system would be cost-prohibitive for users of the alternative drinking water supply.

(c2) If the Department provides an alternative drinking water supply by extension of a waterline, the Department may disburse from the Fund no more than ten to fifty thousand dollars ($10,000)($50,000) per household or other service connection. For projects where more than 10 residences are eligible for alternative water supplies under this section, no more than one-third of the total cost of the project may be paid from the Fund. The Department may combine monies from the Fund with monies from other sources in order to pay the total cost of the project.

(c3) The Fund shall be used to provide alternative drinking water supplies only if the Department determines that the person or persons who are responsible for the contamination of the private drinking water well is or are not financially viable or cannot be identified or located and if the Department determines that one of the following applies:

(1) The contamination of the private drinking water well is naturally occurring.
(2) The owner of the property on which the private drinking water well is located did not cause or contribute to the contamination or control the source of the contamination.

(3) The source of the contamination is the application or disposal of a hazardous substance or pesticide that occurred without the consent of the owner of the property on which the private drinking water well is located.

(c4) The Department may use up to one hundred thousand dollars ($100,000) annually of the monies in the Fund to pay the personnel and other direct costs associated with the implementation of this section.

(c5) The Fund shall not be used for remediation of groundwater contamination.

(c6) Nothing in this section expands, contracts, or modifies the obligation of responsible parties under Article 9 or 10 of Chapter 130A of the General Statutes, this Article, or Article 21A of this Chapter to assess contamination, identify receptors, or remediate groundwater or soil contamination.

(c7) In disbursing monies from the Fund for replacement water supplies, the Department shall give priority to circumstances in which a well is contaminated as the result of nonnaturally occurring groundwater contamination in the area over circumstances in which a well has naturally occurring contamination.

(d) The Department shall establish criteria by which the Department is to evaluate applications and disburse monies from this Fund and may adopt any rules necessary to implement this section.

(e) The Department, in consultation with the Commission for Public Health and local health departments, shall report no later than October 1 of each year to the Environmental Review Commission, the House of Representatives Appropriations Subcommittee on Natural and Economic Resources, Senate Appropriations Committee on Natural and Economic Resources, and the Fiscal Research Division on the implementation of this section. The report shall include the purpose and amount of all expenditures from the Fund during the prior fiscal year, a discussion of the benefits and deficiencies realized as a result of the section, and may also include recommendations for any legislative action."

The study shall consider all of the following:
(1) The usual, average, historic costs of various phases of assessment and cleanup of noncommercial UST releases in order to determine areas of potential costs savings.

(3) The feasibility of assigning risk to noncommercial UST releases earlier in the assessment and cleanup process in order to limit reimbursement of costs of initial abatement actions.

(4) The feasibility of partial cleanup at lower priority noncommercial UST releases.

(5) The feasibility of issuing notices similar to the Notices of No Further Action for partially cleaned up, stabilized, lower priority noncommercial UST sites in order to facilitate property transfers.

(6) Methods to strengthen liability protections for buyers and lenders of residential properties that have known noncommercial UST releases in order to facilitate property transfers.

(7) Methods to employ land-use restrictions on residential properties where petroleum contamination remains at lower risk sites in order to limit cleanup at these sites, while still informing the public of risk, and facilitating property transfers.

(8) Methods to increase the participation of noncommercial UST owners in the costs of assessments and cleanups.

(9) Any other matter the Department deems relevant to improve the solvency of the Fund.

SECTION 14.15.(c) The Department shall report its findings and recommendations, including any legislative proposals, to the Environmental Review Commission, the Senate Appropriations Committee on Natural and Economic Resources, the House of Representatives Appropriations Subcommittee on Natural and Economic Resources, and the Fiscal Research Division no later than April 1, 2014.

If the ownership of any such vessel is transferred from one governmental entity to another or to a nonprofit rescue squad or if a vessel owned by a nonprofit rescue squad is transferred to another nonprofit rescue squad or governmental entity, the Commission shall issue a new permanent certificate of number, displaying the same identification number, without charge to the successor entity. When any such vessel is sold to a private owner or otherwise transferred to private ownership, the applicable certificate of number shall be deemed to have expired immediately prior to the transfer. Prior to further use on the waters of this State, the new owner shall obtain a certificate of number pursuant to the provisions of this Chapter. (8) Whether it would be beneficial to the State if the funds appropriated in this act to the Center for the 2014-2015 fiscal year, and any funds that might be appropriated to the Center in future fiscal years, were instead appropriated to the Department of Commerce for purposes of establishing and implementing a competitive grants process.

SECTION 15.32.(b) By March 1, 2014, the Center shall report the findings of the review required by subsection (a) of this section to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division. The report shall include information on the amount of grant funds received or preapproved for receipt by each department, the use of the funds, the State match expended to receive the funds, and the period to be covered by each grant. If the department intends to continue the program beyond the end of the grant period, the department shall report on the proposed method for continuing the funding of the program at the end of the grant period. The Department may also consult with any private for-profit or nonprofit firm about the possibility of converting the facility to other use. In developing a proposal for future use of each facility, the Department shall give priority to converting the facility to other
criminal justice use. Consistent with existing law and the future needs of the Department of Public Safety, the State may provide for the transfer or the lease of any of these facilities to counties, municipalities, State agencies, federal agencies, or private firms wishing to convert them to other use. The Department of Public Safety may also consider converting some of the facilities recommended for closing from one security custody level to another, where that conversion would be cost-effective. A prison unit under lease to a county pursuant to the provisions of this section for use as a jail is exempt for the period of the lease from any of the minimum standards adopted by the Secretary of Health and Human Services pursuant to G.S. 153A-221 for the housing of adult prisoners that would subject the unit to greater standards than those required of a unit of the State prison system.

Therefore, the Department of Justice and the Department of Public Safety are prohibited from using these assets for such purposes without the prior approval of the General Assembly.

These funds shall not be expended for any other purpose, except as provided for in this act, and shall not be expended for additional prison personnel positions until the new facilities are within 120 days of projected completion, except that the Department may establish critical positions prior to 120 days of completion representing no more than twenty percent (20%) of the total estimated number of positions.

This section does apply to vendors providing services that are not billed on a fee-for-service basis, such as temporary staffing. Nothing in this section shall preclude the Department from contracting with a provider for services at rates that provide greater documentable cost avoidance for the State than do the rates contained in this section or at rates that are less favorable to the State but that will ensure the continued access to care.

SECTION 35.12.(b) The appropriate classification for placement of principals and assistant principals on the salary schedule, except for principals in alternative schools and in cooperative innovative high schools, shall be determined in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Number of Teachers Supervised</th>
</tr>

<tbody>
<tr>
<td>Assistant Principal</td>
<td>Fewer than 11 Teachers</td>

<tr>

</tr>
<tr>
<td>Principal VI</td>
<td>66-100 Teachers</td>
</tr>
<tr>
<td>Principal VII</td>
<td>More than 100 Teachers</td>
</tr>
</tbody>
</table>

The number of teachers supervised includes teachers and assistant principals paid from State funds only; it does not include teachers or assistant principals paid from non-State funds or the principal or teacher assistants.

The beginning classification for principals in alternative schools and in cooperative innovative high school programs shall be the Principal III level. Principals in alternative schools who supervise 33 or more teachers shall be classified according to the number of teachers supervised.

SECTION 35.12.(c) A principal shall be placed on the step on the salary schedule that reflects total number of years of experience as a certificated employee of the public schools and an additional step for every three years of experience as a principal. Provided, however, a principal who acquires an additional step for the 2013-2014 or 2014-2015 fiscal years shall not receive a corresponding increase in salary during the 2013-2015 fiscal biennium. A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and 1999-2000 school years for improvement in student performance or maintaining a safe and orderly school.

SECTION 35.12.(d) Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars ($126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars ($253.00) per month.

SECTION 35.12.(e) Longevity pay for principals and assistant principals shall be as provided for State employees under the State Personnel Act.

SECTION 35.12.(f) If a principal is reassigned to a higher job classification because the principal is transferred to a school within a local school administrative unit with a larger number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the higher job classification.

If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

SECTION 35.12.(g) Participants in an approved full-time masters in-school administration program shall receive up to a 10-month stipend at the beginning salary of an assistant principal during the internship period of the masters program. The stipend shall not exceed the difference between the beginning salary of an assistant principal plus the cost of tuition, fees, and books and any fellowship funds received by the intern as a full-time student, including awards of the Principal Fellows Program. The Principal Fellows Program or the school of education where the intern participates in a full-time masters in-school administration
program shall supply the Department of Public Instruction with certification of eligible full-time interns.

SECTION 35.12.(h) During the 2013-2015 fiscal biennium, the placement on the salary schedule of an administrator with a one-year provisional assistant principal's certificate shall be at the entry-level salary for an assistant principal or the appropriate step on the teacher salary schedule, whichever is higher.

SECTION 35.12.(i) Public school employees and State agency employees paid on the school based administrator salary schedule shall not move up on salary schedules or receive automatic step increases, or other increments during the 2014-2015 fiscal year unless authorized by the General Assembly.

(c) Project Priorities and Funding Recommendations. – The Department shall assign a priority to each project within each of the two categories listed under subsection (b) of this section, either by giving the project a number with "1" assigned to the highest priority, or by recommending no funding. The Department shall state its reasons for recommending the funding, deferral, or elimination of a project. The Department shall determine the priority of a project based on the following criteria: federal requirements, a project's proximity to transportation infrastructure and other critical State and federal assets, and a project's ability to further the mission of the National Guard.

The unexpended portion of any appropriation from the General Fund of the State for the purposes set out in this Article, Article, or in Article 17 of this Chapter, remaining at the end of any biennium, shall not revert to the General Fund of the State, but shall constitute part of a permanent fund to be expended from time to time in the manner and for the purposes set out in this Article."
