Article 19.
Planning and Regulation of Development.

(a) All of the powers granted by this Article may be exercised by any city within its corporate limits. In addition, any city may exercise these powers within a defined area extending not more than one mile beyond its limits. With the approval of the board or boards of county commissioners with jurisdiction over the area, a city of 10,000 or more population but less than 25,000 may exercise these powers over an area extending not more than two miles beyond its limits and a city of 25,000 or more population may exercise these powers over an area extending not more than three miles beyond its limits. The boundaries of the city's extraterritorial jurisdiction shall be the same for all powers conferred in this Article. No city may exercise extraterritorially any power conferred by this Article that it is not exercising within its corporate limits. In determining the population of a city for the purposes of this Article, the city council and the board of county commissioners may use the most recent annual estimate of population as certified by the Secretary of the North Carolina Department of Administration.

(a1) Any municipality planning to exercise extraterritorial jurisdiction under this Article shall notify the owners of all parcels of land proposed for addition to the area of extraterritorial jurisdiction, as shown on the county tax records. The notice shall be sent by first-class mail to the last addresses listed for affected property owners in the county tax records. The notice shall inform the landowner of the effect of the extension of extraterritorial jurisdiction, of the landowner's right to participate in a public hearing prior to adoption of any ordinance extending the area of extraterritorial jurisdiction, as provided in G.S. 160A-364, and the right of all residents of the area to apply to the board of county commissioners to serve as a representative on the planning board and the board of adjustment, as provided in G.S. 160A-362. The notice shall be mailed at least four weeks prior to the public hearing. The person or persons mailing the notices shall certify to the city council that the notices were sent by first-class mail, and the certificate shall be deemed conclusive in the absence of fraud.

(b) Any council wishing to exercise extraterritorial jurisdiction under this Article shall adopt, and may amend from time to time, an ordinance specifying the areas to be included based upon existing or projected urban development and areas of critical concern to the city, as evidenced by officially adopted plans for its development. Boundaries shall be defined, to the extent feasible, in terms of geographical features identifiable on the ground. A council may, in its discretion, exclude from its extraterritorial jurisdiction areas lying in another county, areas separated from the city by barriers to urban growth, or areas whose projected development will have minimal impact on the city. The boundaries specified in the ordinance shall at all times be drawn on a map, set forth in a written description, or shown by a combination of these techniques. This delineation shall be maintained in the manner provided in G.S. 160A-22 for the delineation of the corporate limits, and shall be recorded in the office of the register of deeds of each county in which any portion of the area lies.

(c) Where the extraterritorial jurisdiction of two or more cities overlaps, the jurisdictional boundary between them shall be a line connecting the midway points of the overlapping area unless the city councils agree to another boundary line within the overlapping area based upon existing or projected patterns of development.
(d) If a city fails to adopt an ordinance specifying the boundaries of its extraterritorial jurisdiction, the county of which it is a part shall be authorized to exercise the powers granted by this Article in any area beyond the city's corporate limits. The county may also, on request of the city council, exercise any or all these powers in any or all areas lying within the city’s corporate limits or within the city's specified area of extraterritorial jurisdiction.

(e) No city may hereafter extend its extraterritorial powers under this Article into any area for which the county at that time has adopted and is enforcing a zoning ordinance and subdivision regulations and within which it is enforcing the State Building Code. However, the city may do so where the county is not exercising all three of these powers, or when the city and the county have agreed upon the area within which each will exercise the powers conferred by this Article.

(f) When a city annexes, or a new city is incorporated in, or a city extends its jurisdiction to include, an area that is currently being regulated by the county, the county regulations and powers of enforcement shall remain in effect until (i) the city has adopted such regulations, or (ii) a period of 60 days has elapsed following the annexation, extension or incorporation, whichever is sooner. During this period the city may hold hearings and take any other measures that may be required in order to adopt its regulations for the area.

(f1) When a city relinquishes jurisdiction over an area that it is regulating under this Article to a county, the city regulations and powers of enforcement shall remain in effect until (i) the county has adopted this regulation or (ii) a period of 60 days has elapsed following the action by which the city relinquished jurisdiction, whichever is sooner. During this period the county may hold hearings and take other measures that may be required in order to adopt its regulations for the area.

(g) When a local government is granted powers by this section subject to the request, approval, or agreement of another local government, the request, approval, or agreement shall be evidenced by a formally adopted resolution of that government's legislative body. Any such request, approval, or agreement can be rescinded upon two years’ written notice to the other legislative bodies concerned by repealing the resolution. The resolution may be modified at any time by mutual agreement of the legislative bodies concerned.

(h) Nothing in this section shall repeal, modify, or amend any local act which defines the boundaries of a city's extraterritorial jurisdiction by metes and bounds or courses and distances.

(i) Whenever a city or county, pursuant to this section, acquires jurisdiction over a territory that theretofore has been subject to the jurisdiction of another local government, any person who has acquired vested rights under a permit, certificate, or other evidence of compliance issued by the local government surrendering jurisdiction may exercise those rights as if no change of jurisdiction had occurred. The city or county acquiring jurisdiction may take any action regarding such a permit, certificate, or other evidence of compliance that could have been taken by the local government surrendering jurisdiction pursuant to its ordinances and regulations. Except as provided in this subsection, any building, structure, or other land use in a territory over which a city or county has acquired jurisdiction is subject to the ordinances and regulations of the city or county.

(j) Repealed by Session Laws 1973, c. 669, s. 1.

(k) As used in this subsection, "bona fide farm purposes" is as described in G.S. 153A-340. As used in this subsection, "property" means a single tract of property or an identifiable portion of a single tract. Property that is located in the geographic area of a municipality's extraterritorial jurisdiction and that is used for bona fide farm purposes is exempt from exercise of the municipality's extraterritorial jurisdiction under this Article. Property that is located in the
geographic area of a municipality's extraterritorial jurisdiction and that ceases to be used for bona\nde fide farm purposes shall become subject to exercise of the municipality's extraterritorial\njurisdiction under this Article. For purposes of complying with 44 C.F.R. Part 60, Subpart A,\nproperty that is exempt from the exercise of extraterritorial jurisdiction pursuant to this subsection\nshall be subject to the county's floodplain ordinance or all floodplain regulation provisions of the\ncounty's unified development ordinance.

(l) A municipality may provide in its zoning ordinance that an accessory building of a
"bona fide farm" as defined by G.S. 153A-340(b) has the same exemption from the building code\nas it would have under county zoning as provided by Part 3 of Article 18 of Chapter 153A of the\nGeneral Statutes.

This subsection applies only to the City of Raleigh and the Towns of Apex, Cary,\nFuquay-Varina, Garner, Holly Springs, Knightdale, Morrisville, Rolesville, Wake Forest,\nWendell, and Zebulon. (1959, c. 1204; 1961, c. 103; c. 548, ss. 1, 13/4; c. 1217; 1963, cc. 519,\n889, 1076, 1105; 1965, c. 121; c. 348, s. 2; c. 450, s. 1; c. 864, ss. 3-6; 1967, cc. 15, 22, 149; c.\n197, s. 2; cc. 246, 685; c. 1208, s. 3; 1969, cc. 11, 53; c. 1010, s. 5; c. 1099; 1971, c. 698, s. 1; c.\n1076, s. 3; 1973, c. 426, s. 56; c. 525; c. 669, s. 1; 1977, c. 882; c. 912, ss. 2, 4; 1995 (Reg. Sess.,\n1996), c. 746, s. 1; 2005-418, s. 10; 2011-34, ss. 1, 2; 2011-363, s. 4; 2014-120, s. 15.)

§ 160A-360.1. Permit choice.

If a rule or ordinance changes between the time a permit application is submitted and a permit\ndecision is made, then G.S. 143-755 shall apply. (2014-120, s. 16(c).)

(a) Any city may by ordinance create or designate one or more boards or commissions to\nperform the following duties:

(1) Make studies of the area within its jurisdiction and surrounding areas;
(2) Determine objectives to be sought in the development of the study area;
(3) Prepare and adopt plans for achieving these objectives;
(4) Develop and recommend policies, ordinances, administrative procedures, and\nother means for carrying out plans in a coordinated and efficient manner;
(5) Advise the council concerning the use and amendment of means for carrying\nout plans;
(6) Exercise any functions in the administration and enforcement of various means\nfor carrying out plans that the council may direct;
(7) Perform any other related duties that the council may direct.

(b) A board or commission created or designated pursuant to this section may include, but\nshall not be limited to, one or more of the following:

(1) A planning board or commission of any size (with not fewer than three\nmembers) or composition deemed appropriate, organized in any manner\ndeemed appropriate;
(2) A joint planning board created by two or more local governments pursuant to\nArticle 20, Part 1, of this Chapter. (1919, c. 23, s. 1; C.S., s. 2643; 1945, c. 1040,\ns. 2; 1955, cc. 489, 1252; 1959, c. 327, s. 2; c. 390; 1971, c. 698, s. 1; 1973, c.\n426, s. 57; 1979, 2nd Sess., c. 1247, s. 35; 1997-309, s. 7; 1997-456, s. 27;\n2004-199, s. 41(a).)

When a city elects to exercise extraterritorial zoning or subdivision-regulation powers under G.S. 160A-360, it shall in the ordinance creating or designating its planning board provide a means of proportional representation based on population for residents of the extraterritorial area to be regulated. Representation shall be provided by appointing at least one resident of the entire extraterritorial zoning and subdivision regulation area to the planning board and the board of adjustment that makes recommendations or grants relief in these matters. For purposes of this section, an additional member must be appointed to the planning board or board of adjustment to achieve proportional representation only when the population of the entire extraterritorial zoning and subdivision area constitutes a full fraction of the municipality's population divided by the total membership of the planning board or board of adjustment. Membership of joint municipal county planning agencies or boards of adjustment may be appointed as agreed by counties and municipalities. Any advisory board established prior to July 1, 1983, to provide the required extraterritorial representation shall constitute compliance with this section until the board is abolished by ordinance of the city. The representatives on the planning board and the board of adjustment shall be appointed by the board of county commissioners with jurisdiction over the area. When selecting a new representative to the planning board or to the board of adjustment as a result of an extension of the extraterritorial jurisdiction, the board of county commissioners shall hold a public hearing on the selection. A notice of the hearing shall be given once a week for two successive calendar weeks in a newspaper having general circulation in the area. The board of county commissioners shall select appointees only from those who apply at or before the public hearing. The county shall make the appointments within 45 days following the public hearing. Once a city provides proportional representation, no power available to a city under G.S. 160A-360 shall be ineffective in its extraterritorial area solely because county appointments have not yet been made. If there is an insufficient number of qualified residents of the area to meet membership requirements, the board of county commissioners may appoint as many other residents of the county as necessary to make up the requisite number. When the extraterritorial area extends into two or more counties, each board of county commissioners concerned shall appoint representatives from its portion of the area, as specified in the ordinance. If a board of county commissioners fails to make these appointments within 90 days after receiving a resolution from the city council requesting that they be made, the city council may make them. If the ordinance so provides, the outside representatives may have equal rights, privileges, and duties with the other members of the board to which they are appointed, regardless of whether the matters at issue arise within the city or within the extraterritorial area; otherwise they shall function only with respect to matters within the extraterritorial area. (1959, c. 1204; 1961, c. 103; c. 548, ss. 1, 13/4; c. 1217; 1963, cc. 519, 889, 1076, 1105; 1965, c. 121; c. 348, s. 2; c. 450, s. 1; c. 864, ss. 3-6; 1967, cc. 15, 22, 149; c. 197, s. 2; cc. 246, 685; c. 1208, s. 3; 1969, cc. 11, 53; c. 1010, s. 5; c. 1099; 1971, c. 698, s. 1; 1983, c. 584, ss. 1-4; 1995 (Reg. Sess., 1996), c. 746, s. 2; 2005-418, s. 11.)

(a) A city or its designated planning board may accept, receive, and disburse in furtherance of its functions any funds, grants, and services made available by the federal government and its agencies, the State government and its agencies, any local government and its agencies, and any private and civic sources. Any city, or its designated planning board with the concurrence of the council, may enter into and carry out contracts with the State and federal governments or any agencies thereof under which financial or other planning assistance is made available to the city.
and may agree to and comply with any reasonable conditions that are imposed upon such assistance.

(b) Any city, or its designated planning board with the concurrence of the council, may enter into and carry out contracts with any other city, county, or regional council or planning agency under which it agrees to furnish technical planning assistance to the other local government or planning agency. Any city, or its designated planning board with the concurrence of its council, may enter into and carry out contracts with any other city, county, or regional council or planning agency under which it agrees to pay the other local government or planning board for technical planning assistance.

(c) Any city council is authorized to make any appropriations that may be necessary to carry out any activities or contracts authorized by this Article or to support, and compensate members of, any planning board that it may create pursuant to this Article, and to levy taxes for these purposes as a necessary expense.

(d) A city may elect to combine any of the ordinances authorized by this Article into a unified ordinance. Unless expressly provided otherwise, a city may apply any of the definitions and procedures authorized by law to any or all aspects of the unified ordinance and may employ any organizational structure, board, commission, or staffing arrangement authorized by law to any or all aspects of the ordinance.

(e) If the city is found to have illegally exacted a tax, fee, or monetary contribution for development or a development permit not specifically authorized by law, the city shall return the tax, fee, or monetary contribution plus interest of six percent (6%) per annum. (1919, c. 23, s. 1; C.S., s. 2643; 1945, c. 1040, s. 2; 1955, cc. 489, 1252; 1959, c. 327, s. 2; c. 390; 1971, c. 698, s. 1; 1983, c. 377, s. 9; 2004-199, s. 41(b); 2005-418, s. 1(a); 2007-371, s. 2.)

(a) Before adopting, amending, or repealing any ordinance authorized by this Article, the city council shall hold a public hearing on it. A notice of the public hearing shall be given once a week for two successive calendar weeks in a newspaper having general circulation in the area. The notice shall be published the first time not less than 10 days nor more than 25 days before the date fixed for the hearing. In computing such period, the day of publication is not to be included but the day of the hearing shall be included.

(b) If the adoption or modification of the ordinance would result in any of the changes listed in this subsection and those changes would be located five miles or less from the perimeter boundary of a military base, the governing body of the local government shall provide written notice of the proposed changes by certified mail, or by any other written means reasonably designed to provide actual notice, to the commander of the military base or the commander’s designee not less than 10 days nor more than 25 days before the date fixed for the public hearing. Prior to the date of the public hearing, the military may provide comments or analysis to the board [governing body of the local government] regarding the compatibility of the proposed changes with military operations at the base. If the board [governing body of the local government] does not receive a response within 30 days of the notice, the military is deemed to waive the comment period. If the military provides comments or analysis regarding the compatibility of the proposed ordinance or amendment with military operations at the base, the governing body of the local government shall take the comments and analysis into consideration before making a final determination on the ordinance. The proposed changes requiring notice are:

(1) Changes to the zoning map.
Changes that affect the permitted uses of land.

Changes relating to telecommunications towers or windmills.

Changes to proposed new major subdivision preliminary plats.

An increase in the size of an approved subdivision by more than fifty percent (50%) of the subdivision’s total land area including developed and undeveloped land. (1923, c. 250, s. 4; C.S., s. 2776(u); 1927, c. 90; 1955, c. 1334, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 58; 1977, c. 912, s. 5; 1979, 2nd Sess., c. 1247, s. 36; 1981, c. 891, s. 1; 2004-75, s. 2; 2005-426, s. 1(a); 2013-59, s. 2.)

(a) A cause of action as to the validity of any ordinance adopting or amending a zoning map or approving a special use, conditional use, or conditional zoning district request adopted under this Article or other applicable law shall accrue upon adoption of such ordinance and shall be brought within two months as provided in G.S. 1-54.1.

(b) Except as otherwise provided in subsection (a) of this section, an action challenging the validity of any zoning or unified development ordinance or any provision thereof adopted under this Article or other applicable law shall be brought within one year of the accrual of such action. Such an action accrues when the party bringing such action first has standing to challenge the ordinance. A challenge to an ordinance on the basis of an alleged defect in the adoption process shall be brought within three years after the adoption of the ordinance.

(c) Nothing in this section or in G.S. 1-54(10) or G.S. 1-54.1 shall bar a party in an action involving the enforcement of a zoning or unified development ordinance from raising as a defense to such enforcement action the invalidity of the ordinance. Nothing in this section or in G.S. 1-54(10) or G.S. 1-54.1 shall bar a party who files a timely appeal from an order, requirement, decision, or determination made by an administrative official contending that such party is in violation of a zoning or unified development ordinance from raising in the appeal the invalidity of such ordinance as a defense to such order, requirement, decision, or determination. A party in an enforcement action or appeal may not assert the invalidity of the ordinance on the basis of an alleged defect in the adoption process unless the defense is formally raised within three years of the adoption of the challenged ordinance.

(d) When a use constituting a violation of a zoning or unified development ordinance is in existence prior to adoption of the zoning or unified development ordinance creating the violation, and that use is grandfathered and subsequently terminated for any reason, a city shall bring an enforcement action within 10 years of the date of the termination of the grandfathered status, unless the violation poses an imminent hazard to health or public safety. (1981, c. 891, s. 3; 1995 (Reg. Sess., 1996), c. 746, s. 7; 2011-326, s. 22(b); 2011-384, s. 4; 2013-413, s. 5(b).)

(a) Subject to the provisions of the ordinance, any ordinance adopted pursuant to authority conferred by this Article may be enforced by any remedy provided by G.S. 160A-175.

(b) When any ordinance adopted pursuant to authority conferred by this Article is to be applied or enforced in any area outside the territorial jurisdiction of the city as described in G.S. 160A-360(a), the city and the property owner shall certify that the application or enforcement of the city ordinance is not under coercion or otherwise based upon any representation by the city that the city’s approval of any land use planning would be withheld from the property owner.
without the application or enforcement of the city ordinance outside the territorial jurisdiction of the city. The certification may be evidenced by a signed statement of the parties on any approved plat recorded in accordance with this Article. (1971, c. 698, s. 1; 2015-246, s. 3.)

Any city ordinance regularly adopted before January 1, 1972, under authority of general laws revised and reenacted in Chapter 160A, Article 19, or under authority of any city charter or local act concerning the same subject matter, is validated with respect to its application within the corporate limits of the city and as to its application within the extraterritorial jurisdiction of the city. Such an ordinance, and any city ordinance adopted since January 1, 1972, under authority of general laws revised and reenacted in Chapter 160A, Article 19, are hereby validated, notwithstanding the fact that such ordinances were not recorded pursuant to G.S. 160A-360(b) or 160A-364 and notwithstanding the fact that the adopting city council did not also adopt an ordinance defining or delineating by specific description the areas within its extraterritorial jurisdiction pursuant to G.S. 160A-360; provided that this act shall be deemed to validate ordinances of cities in Mecklenburg County only with respect to their application within the corporate limits of such cities. (1973, c. 669, s. 2.)

Part 2. Subdivision Regulation.

A city may by ordinance regulate the subdivision of land within its territorial jurisdiction. In addition to final plat approval, the ordinance may include provisions for review and approval of sketch plans and preliminary plats. The ordinance may provide for different review procedures for differing classes of subdivisions. The ordinance may be adopted as part of a unified development ordinance or as a separate subdivision ordinance. Decisions on approval or denial of preliminary or final plats may be made only on the basis of standards explicitly set forth in the subdivision or unified development ordinance. Whenever the ordinance includes criteria for decision that require application of judgment, those criteria must provide adequate guiding standards for the entity charged with plat approval. (1955, c. 1334, s. 1; 1971, c. 698, s. 1; 2005-418, s. 2(a).)

(a) A subdivision control ordinance may provide for the orderly growth and development of the city; for the coordination of transportation networks and utilities within proposed subdivisions with existing or planned streets and highways and with other public facilities; for the dedication or reservation of recreation areas serving residents of the immediate neighborhood within the subdivision or, alternatively, for provision of funds to be used to acquire recreation areas serving residents of the development or subdivision or more than one subdivision or development within the immediate area, and rights-of-way or easements for street and utility purposes including the dedication of rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11; and for the distribution of population and traffic in a manner that will avoid congestion and overcrowding and will create conditions that substantially promote public health, safety, and the general welfare.

(b) The ordinance may require a plat be prepared, approved, and recorded pursuant to the provisions of the ordinance whenever any subdivision of land takes place. The ordinance may include requirements that plats show sufficient data to determine readily and reproduce accurately.
on the ground the location, bearing, and length of every street and alley line, lot line, easement boundary line, and other property boundaries, including the radius and other data for curved property lines, to an appropriate accuracy and in conformance with good surveying practice.

(c) The ordinance may provide for the more orderly development of subdivisions by requiring the construction of community service facilities in accordance with municipal plans, policies, and standards. To assure compliance with these and other ordinance requirements, the ordinance may provide for performance guarantees to assure successful completion of required improvements at the time the plat is recorded as provided in subsection (b) of this section. For any specific development, the type of performance guarantee shall be at the election of the developer.

(d) The ordinance may provide for the reservation of school sites in accordance with comprehensive land use plans approved by the council or the planning board. In order for this authorization to become effective, before approving such plans the council or planning board and the board of education with jurisdiction over the area shall jointly determine the specific location and size of any school sites to be reserved, which information shall appear in the comprehensive land use plan. Whenever a subdivision is submitted for approval which includes part or all of a school site to be reserved under the plan, the council or planning board shall immediately notify the board of education and the board of education shall promptly decide whether it still wishes the site to be reserved. If the board of education does not wish to reserve the site, it shall so notify the council or planning board and no site shall be reserved. If the board of education does wish to reserve the site, the subdivision shall not be approved without such reservation. The board of education shall then have 18 months beginning on the date of final approval of the subdivision within which to acquire the site by purchase or by initiating condemnation proceedings. If the board of education has not purchased or begun proceedings to condemn the site within 18 months, the subdivider may treat the land as freed of the reservation.

(e) The ordinance may provide that a developer may provide funds to the city whereby the city may acquire recreational land or areas to serve the development or subdivision, including the purchase of land that may be used to serve more than one subdivision or development within the immediate area. All funds received by the city pursuant to this subsection shall be used only for the acquisition or development of recreation, park, or open space sites. Any formula enacted to determine the amount of funds that are to be provided under this subsection shall be based on the value of the development or subdivision for property tax purposes. The ordinance may allow a combination or partial payment of funds and partial dedication of land when the governing body of the city determines that this combination is in the best interests of the citizens of the area to be served.

(f) The ordinance may provide that in lieu of required street construction, a developer may be required to provide funds that the city may use for the construction of roads to serve the occupants, residents, or invitees of the subdivision or development and these funds may be used for roads which serve more than one subdivision or development within the area. All funds received by the city pursuant to this subsection shall be used only for development of roads, including design, land acquisition, and construction. However, a city may undertake these activities in conjunction with the Department of Transportation under an agreement between the city and the Department of Transportation. Any formula adopted to determine the amount of funds the developer is to pay in lieu of required street construction shall be based on the trips generated from the subdivision or development. The ordinance may require a combination of partial payment of funds and partial dedication of constructed streets when the governing body of the city determines that a combination is in the best interests of the citizens of the area to be served.
(g) For purposes of this section, all of the following shall apply with respect to performance guarantees:

(1) The term "performance guarantee" shall mean any of the following forms of guarantee:
   a. Surety bond issued by any company authorized to do business in this State.
   b. Letter of credit issued by any financial institution licensed to do business in this State.
   c. Other form of guarantee that provides equivalent security to a surety bond or letter of credit.

(2) The performance guarantee shall be returned or released, as appropriate, in a timely manner upon the acknowledgement by the city or county that the improvements for which the performance guarantee is being required are complete. If the improvements are not complete and the current performance guarantee is expiring, the performance guarantee shall be extended, or a new performance guarantee issued, for an additional period until such required improvements are complete. A developer shall demonstrate reasonable, good faith progress toward completion of the required improvements that are the subject of the performance guarantee or any extension. The form of any extension shall remain at the election of the developer.

(3) The amount of the performance guarantee shall not exceed one hundred twenty-five percent (125%) of the reasonably estimated cost of completion at the time the performance guarantee is issued. Any extension of the performance guarantee necessary to complete required improvements shall not exceed one hundred twenty-five percent (125%) of the reasonably estimated cost of completion of the remaining incomplete improvements still outstanding at the time the extension is obtained.

(4) The performance guarantee shall only be used for completion of the required improvements and not for repairs or maintenance after completion.

(5) No person shall have or may claim any rights under or to any performance guarantee provided pursuant to this subsection or in the proceeds of any such performance guarantee other than the following:
   a. The local government to whom such performance guarantee is provided.
   b. The developer at whose request or for whose benefit such performance guarantee is given.
   c. The person or entity issuing or providing such performance guarantee at the request of or for the benefit of the developer. (1955, c. 1334, s. 1; 1961, c. 1168; 1971, c. 698, s. 1; 1973, c. 426, s. 59; 1985, c. 146, ss. 1, 2; 1987, c. 747, ss. 9, 18; 1989 (Reg. Sess., 1990), c. 1024, s. 39; 2005-426, s. 2(a); 2015-187, s. 1(a); 2017-40, s. 3(a); 2017-102, ss. 31(a), (b).)
§ 160A-373. Ordinance to contain procedure for plat approval; approval prerequisite to plat recordation; statement by owner.

Any subdivision ordinance adopted pursuant to this Part shall contain provisions setting forth the procedures to be followed in granting or denying approval of a subdivision plat prior to its registration.

The ordinance may provide that final decisions on preliminary plats and final plats are to be made by:

1. The city council,
2. The city council on recommendation of a designated body, or
3. A designated planning board, technical review committee, or other designated body or staff person.

From and after the effective date of a subdivision ordinance that is adopted by the city, no subdivision plat of land within the city's jurisdiction shall be filed or recorded until it shall have been submitted to and approved by the council or appropriate agency, as specified in the subdivision ordinance, and until this approval shall have been entered on the face of the plat in writing by an authorized representative of the city. The Review Officer, pursuant to G.S. 47-30.2, shall not certify a plat of a subdivision of land located within the territorial jurisdiction of a city that has not been approved in accordance with these provisions, nor shall the clerk of superior court order or direct the recording of a plat if the recording would be in conflict with this section.

(1955, c. 1334, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 60; 1997-309, s. 8; 2005-418, s. 3(a).)

§ 160A-374. Effect of plat approval on dedications.

The approval of a plat shall not be deemed to constitute or effect the acceptance by the city or public of the dedication of any street or other ground, public utility line, or other public facility shown on the plat. However, any city council may by resolution accept any dedication made to the public of lands or facilities for streets, parks, public utility lines, or other public purposes, when the lands or facilities are located within its subdivision-regulation jurisdiction. Acceptance of dedication of lands or facilities located within the subdivision-regulation jurisdiction but outside the corporate limits of a city shall not place on the city any duty to open, operate, repair, or maintain any street, utility line, or other land or facility, and a city shall in no event be held to answer in any civil action or proceeding for failure to open, repair, or maintain any street located outside its corporate limits. Unless a city, county or other public entity operating a water system shall have agreed to begin operation and maintenance of the water system or water system facilities within one year of the time of issuance of a certificate of occupancy for the first unit of housing in the subdivision, a city or county shall not, as part of its subdivision regulation applied to facilities or land outside the corporate limits of a city, require dedication of water systems or facilities as a condition for subdivision approval.

(1955, c. 1334, s. 1; 1971, c. 698, s. 1; 1983 (Reg. Sess., 1984), c. 1080; 1985, c. 635.)

(a) If a city adopts an ordinance regulating the subdivision of land as authorized herein, any person who, being the owner or agent of the owner of any land located within the jurisdiction of that city, thereafter subdivides his land in violation of the ordinance or transfers or sells land by reference to, exhibition of, or any other use of a plat showing a subdivision of the land before the plat has been properly approved under such ordinance and recorded in the office of the appropriate
register of deeds, shall be guilty of a Class 1 misdemeanor. The description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring land shall not exempt the transaction from this penalty. The city may bring an action for injunction of any illegal subdivision, transfer, conveyance, or sale of land, and the court shall, upon appropriate findings, issue an injunction and order requiring the offending party to comply with the subdivision ordinance. Building permits required pursuant to G.S. 160A-417 may be denied for lots that have been illegally subdivided. In addition to other remedies, a city may institute any appropriate action or proceedings to prevent the unlawful subdivision of land, to restrain, correct, or abate the violation, or to prevent any illegal act or conduct.

(b) The provisions of this section shall not prohibit any owner or its agent from entering into contracts to sell or lease by reference to an approved preliminary plat for which a final plat has not yet been properly approved under the subdivision ordinance or recorded with the register of deeds, provided the contract does all of the following:

1. Incorporates as an attachment a copy of the preliminary plat referenced in the contract and obligates the owner to deliver to the buyer a copy of the recorded plat prior to closing and conveyance.

2. Plainly and conspicuously notifies the prospective buyer or lessee that a final subdivision plat has not been approved or recorded at the time of the contract, that no governmental body will incur any obligation to the prospective buyer or lessee with respect to the approval of the final subdivision plat, that changes between the preliminary and final plats are possible, and that the contract or lease may be terminated without breach by the buyer or lessee if the final recorded plat differs in any material respect from the preliminary plat.

3. Provides that if the approved and recorded final plat does not differ in any material respect from the plat referred to in the contract, the buyer or lessee may not be required by the seller or lessor to close any earlier than five days after the delivery of a copy of the final recorded plat.

4. Provides that if the approved and recorded final plat differs in any material respect from the preliminary plat referred to in the contract, the buyer or lessee may not be required by the seller or lessor to close any earlier than 15 days after the delivery of the final recorded plat, during which 15-day period the buyer or lessee may terminate the contract without breach or any further obligation and may receive a refund of all earnest money or prepaid purchase price.

(c) The provisions of this section shall not prohibit any owner or its agent from entering into contracts to sell or lease land by reference to an approved preliminary plat for which a final plat has not been properly approved under the subdivision ordinance or recorded with the register of deeds where the buyer or lessee is any person who has contracted to acquire or lease the land for the purpose of engaging in the business of construction of residential, commercial, or industrial buildings on the land, or for the purpose of resale or lease of the land to persons engaged in that kind of business, provided that no conveyance of that land may occur and no contract to lease it may become effective until after the final plat has been properly approved under the subdivision ordinance and recorded with the register of deeds. (1955, c. 1334, s. 1; 1971, c. 698, s. 1; 1977, c. 820, s. 2; 1993, c. 539, s. 1087; 1994, Ex. Sess., c. 24, s. 14(c); 2005-426, s. 3(a).)

§ 160A-376. Definition.
(a) For the purpose of this Part, "subdivision" means all divisions of a tract or parcel of land into two or more lots, building sites, or other divisions when any one or more of those divisions is created for the purpose of sale or building development (whether immediate or future) and shall include all divisions of land involving the dedication of a new street or a change in existing streets; but the following shall not be included within this definition nor be subject to the regulations authorized by this Part:

1. The combination or recombination of portions of previously subdivided and recorded lots where the total number of lots is not increased and the resultant lots are equal to or exceed the standards of the municipality as shown in its subdivision regulations.

2. The division of land into parcels greater than 10 acres where no street right-of-way dedication is involved.

3. The public acquisition by purchase of strips of land for the widening or opening of streets or for public transportation system corridors.

4. The division of a tract in single ownership whose entire area is no greater than two acres into not more than three lots, where no street right-of-way dedication is involved and where the resultant lots are equal to or exceed the standards of the municipality, as shown in its subdivision regulations.

5. The division of a tract into parcels in accordance with the terms of a probated will or in accordance with intestate succession under Chapter 29 of the General Statutes.

(b) A city may provide for expedited review of specified classes of subdivisions.

(c) The city may require only a plat for recordation for the division of a tract or parcel of land in single ownership if all of the following criteria are met:

1. The tract or parcel to be divided is not exempted under subdivision (2) of subsection (a) of this section.

2. No part of the tract or parcel to be divided has been divided under this subsection in the 10 years prior to division.

3. The entire area of the tract or parcel to be divided is greater than five acres.

4. After division, no more than three lots result from the division.

5. After division, all resultant lots comply with all of the following:
   a. Any lot dimension size requirements of the applicable land-use regulations, if any.
   b. The use of the lots is in conformity with the applicable zoning requirements, if any.
   c. A permanent means of ingress and egress is recorded for each lot.

(a) When a subdivision ordinance adopted under this Part provides that the decision whether to approve or deny a preliminary or final subdivision plat is to be made by a city council or a planning board, other than a planning board comprised solely of members of a city planning staff, and the ordinance authorizes the council or planning board to make a quasi-judicial decision
in deciding whether to approve the subdivision plat, then that quasi-judicial decision of the council or planning board shall be subject to review by the superior court by proceedings in the nature of certiorari. The provisions of G.S. 160A-381(c), 160A-388(e2)(2), and 160A-393 shall apply to those appeals.

(b) When a subdivision ordinance adopted under this Part provides that a city council, planning board, or staff member is authorized to make only an administrative or ministerial decision in deciding whether to approve a preliminary or final subdivision plat, then any party aggrieved by that administrative or ministerial decision may seek to have the decision reviewed by filing an action in superior court seeking appropriate declaratory or equitable relief. Such an action must be filed within the time frame specified in G.S. 160A-381(c) for petitions in the nature of certiorari.

(c) For purposes of this section, an ordinance shall be deemed to authorize a quasi-judicial decision if the city council or planning board is authorized to decide whether to approve or deny the plat based not only upon whether the application complies with the specific requirements set forth in the ordinance, but also on whether the application complies with one or more generally stated standards requiring a discretionary decision to be made by the city council or planning board. (2009-421, s. 2(a); 2013-126, s. 12.)

§ 160A-381. Grant of power.

(a) For the purpose of promoting health, safety, morals, or the general welfare of the community, any city may adopt zoning and development regulation ordinances. These ordinances may be adopted as part of a unified development ordinance or as a separate ordinance. A zoning ordinance may regulate and restrict the height, number of stories and size of buildings and other structures, the percentage of lots that may be occupied, the size of yards, courts and other open spaces, the density of population, the location and use of buildings, structures and land. The ordinance shall provide density credits or severable development rights for dedicated rights-of-way pursuant to G.S. 136-66.10 or G.S. 136-66.11.

(b) Expired.

(b1) These regulations may provide that a board of adjustment may determine and vary their application in harmony with their general purpose and intent and in accordance with general or specific rules therein contained, provided no change in permitted uses may be authorized by variance.

(c) The regulations may also provide that the board of adjustment, the planning board, or the city council may issue special use permits or conditional use permits in the classes of cases or situations and in accordance with the principles, conditions, safeguards, and procedures specified therein and may impose reasonable and appropriate conditions and safeguards upon these permits. Conditions and safeguards imposed under this subsection shall not include requirements for which the city does not have authority under statute to regulate nor requirements for which the courts have held to be unenforceable if imposed directly by the city. When deciding special use permits
or conditional use permits, the city council or planning board shall follow quasi-judicial procedures. Notice of hearings on special or conditional use permit applications shall be as provided in G.S. 160A-388(a2). No vote greater than a majority vote shall be required for the city council or planning board to issue such permits. For the purposes of this section, vacant positions on the board and members who are disqualified from voting on a quasi-judicial matter shall not be considered "members of the board" for calculation of the requisite majority. Every such decision of the city council or planning board shall be subject to review of the superior court in the nature of certiorari in accordance with G.S. 160A-388.

Where appropriate, such conditions may include requirements that street and utility rights-of-way be dedicated to the public and that provision be made of recreational space and facilities.

(d) A city council member shall not vote on any zoning map or text amendment where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. Members of appointed boards providing advice to the city council shall not vote on recommendations regarding any zoning map or text amendment where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member.

(e) As provided in this subsection, cities may adopt temporary moratoria on any city development approval required by law, except for the purpose of developing and adopting new or amended plans or ordinances as to residential uses. The duration of any moratorium shall be reasonable in light of the specific conditions that warrant imposition of the moratorium and may not exceed the period of time necessary to correct, modify, or resolve such conditions. Except in cases of imminent and substantial threat to public health or safety, before adopting an ordinance imposing a development moratorium with a duration of 60 days or any shorter period, the governing board shall hold a public hearing and shall publish a notice of the hearing in a newspaper having general circulation in the area not less than seven days before the date set for the hearing. A development moratorium with a duration of 61 days or longer, and any extension of a moratorium so that the total duration is 61 days or longer, is subject to the notice and hearing requirements of G.S. 160A-364. Absent an imminent threat to public health or safety, a development moratorium adopted pursuant to this section shall not apply to any project for which a valid building permit issued pursuant to G.S. 160A-417 is outstanding, to any project for which a conditional use permit application or special use permit application has been accepted, to development set forth in a site-specific or phased development plan approved pursuant to G.S. 160A-385.1, to development for which substantial expenditures have already been made in good faith reliance on a prior valid administrative or quasi-judicial permit or approval, or to preliminary or final subdivision plats that have been accepted for review by the city prior to the call for public hearing to adopt the moratorium. Any preliminary subdivision plat accepted for review by the city prior to the call for public hearing, if subsequently approved, shall be allowed to proceed to final plat approval without being subject to the moratorium.

Any ordinance establishing a development moratorium must expressly include at the time of adoption each of the following:

(1) A clear statement of the problems or conditions necessitating the moratorium and what courses of action, alternative to a moratorium, were considered by the city and why those alternative courses of action were not deemed adequate.
(2) A clear statement of the development approvals subject to the moratorium and how a moratorium on those approvals will address the problems or conditions leading to imposition of the moratorium.

(3) An express date for termination of the moratorium and a statement setting forth why that duration is reasonably necessary to address the problems or conditions leading to imposition of the moratorium.

(4) A clear statement of the actions, and the schedule for those actions, proposed to be taken by the city during the duration of the moratorium to address the problems or conditions leading to imposition of the moratorium.

No moratorium may be subsequently renewed or extended for any additional period unless the city shall have taken all reasonable and feasible steps proposed to be taken by the city in its ordinance establishing the moratorium to address the problems or conditions leading to imposition of the moratorium and unless new facts and conditions warrant an extension. Any ordinance renewing or extending a development moratorium must expressly include, at the time of adoption, the findings set forth in subdivisions (1) through (4) of this subsection, including what new facts or conditions warrant the extension.

Any person aggrieved by the imposition of a moratorium on development approvals required by law may apply to the appropriate division of the General Court of Justice for an order enjoining the enforcement of the moratorium, and the court shall have jurisdiction to issue that order. Actions brought pursuant to this section shall be set down for immediate hearing, and subsequent proceedings in those actions shall be accorded priority by the trial and appellate courts. In any such action, the city shall have the burden of showing compliance with the procedural requirements of this subsection.

(f) In order to encourage construction that uses sustainable design principles and to improve energy efficiency in buildings, a city may charge reduced building permit fees or provide partial rebates of building permit fees for buildings that are constructed or renovated using design principles that conform to or exceed one or more of the following certifications or ratings:

(1) Leadership in Energy and Environmental Design (LEED) certification or higher rating under certification standards adopted by the U.S. Green Building Council.

(2) A One Globe or higher rating under the Green Globes program standards adopted by the Green Building Initiative.

(3) A certification or rating by another nationally recognized certification or rating system that is equivalent or greater than those listed in subdivisions (1) and (2) of this subsection.

(g) A zoning or unified development ordinance may not differentiate in terms of the regulations applicable to fraternities or sororities between those fraternities or sororities that are approved or recognized by a college or university and those that are not.

(h) Any zoning and development regulation ordinance relating to building design elements adopted under this Part, under Part 2 of this Article, or under any recommendation made under G.S. 160A-452(6)c. may not be applied to any structures subject to regulation under the North Carolina Residential Code for One- and Two-Family Dwellings except under one or more of the following circumstances:
(1) The structures are located in an area designated as a local historic district pursuant to Part 3C of Article 19 of Chapter 160A of the General Statutes.

(2) The structures are located in an area designated as a historic district on the National Register of Historic Places.

(3) The structures are individually designated as local, State, or national historic landmarks.

(4) The regulations are directly and substantially related to the requirements of applicable safety codes adopted under G.S. 143-138.

(5) Where the regulations are applied to manufactured housing in a manner consistent with G.S. 160A-383.1 and federal law.

(6) Where the regulations are adopted as a condition of participation in the National Flood Insurance Program.

Regulations prohibited by this subsection may not be applied, directly or indirectly, in any zoning district, special use district, conditional use district, or conditional district unless voluntarily consented to by the owners of all the property to which those regulations may be applied as part of and in the course of the process of seeking and obtaining a zoning amendment or a zoning, subdivision, or development approval, nor may any such regulations be applied indirectly as part of a review pursuant to G.S. 160A-383 of any proposed zoning amendment for consistency with an adopted comprehensive plan or other applicable officially adopted plan. For the purposes of this subsection, the phrase “building design elements” means exterior building color; type or style of exterior cladding material; style or materials of roof structures or porches; exterior nonstructural architectural ornamentation; location or architectural styling of windows and doors, including garage doors; the number and types of rooms; and the interior layout of rooms. The phrase “building design elements” does not include any of the following: (i) the height, bulk, orientation, or location of a structure on a zoning lot; (ii) the use of buffering or screening to minimize visual impacts, to mitigate the impacts of light and noise, or to protect the privacy of neighbors; or (iii) regulations adopted pursuant to this Article governing the permitted uses of land or structures subject to the North Carolina Residential Code for One- and Two-Family Dwellings.

(i) Nothing in subsection (h) of this section shall affect the validity or enforceability of private covenants or other contractual agreements among property owners relating to building design elements.

(j) Fence wraps displaying signage when affixed to perimeter fencing at a construction site are exempt from zoning regulation pertaining to signage under this Article until the certificate of occupancy is issued for the final portion of any construction at that site or 24 months from the time the fence wrap was installed, whichever is shorter. If construction is not completed at the end of 24 months from the time the fence wrap was installed, the city may regulate the signage but shall continue to allow fence wrapping materials to be affixed to the perimeter fencing. No fence wrap affixed pursuant to this subsection may display any advertising other than advertising sponsored by a person directly involved in the construction project and for which monetary compensation for the advertisement is not paid or required. (1923, c. 250, s. 1; C.S., s. 2776(r); 1967, c. 1208, s. 1; 1971, c. 698, s. 1; 1981, c. 891, s. 5; 1985, c. 442, s. 1; 1987, c. 747, s. 11; 1995, c. 357, s. 1; 2005-426, s. 1.8(b); 2007-381, s. 2; 2011-286, s. 2; 2013-126, s. 4; 2013-413, s. 6(b); 2014-115, s. 17; 2015-86, s. 1; 2015-246, ss. 3.1(a), 4(b), 16; 2015-286, s. 1.8(b).

(a) For any or all these purposes, the city may divide its territorial jurisdiction into districts of any number, shape, and area that may be deemed best suited to carry out the purposes of this Part; and within those districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures, or land. Such districts may include, but shall not be limited to, general use districts, in which a variety of uses are permissible in accordance with general standards; overlay districts, in which additional requirements are imposed on certain properties within one or more underlying general or special use districts; and special use districts or conditional use districts, in which uses are permitted only upon the issuance of a special use permit or a conditional use permit and conditional zoning districts, in which site plans and individualized development conditions are imposed.

(b) Property may be placed in a special use district, conditional use district, or conditional district only in response to a petition by the owners of all the property to be included. Specific conditions applicable to these districts may be proposed by the petitioner or the city or its agencies, but only those conditions mutually approved by the city and the petitioner may be incorporated into the zoning regulations or permit requirements. Conditions and site-specific standards imposed in a conditional district shall be limited to those that address the conformance of the development and use of the site to city ordinances and an officially adopted comprehensive or other plan and those that address the impacts reasonably expected to be generated by the development or use of the site.

A statement analyzing the reasonableness of the proposed rezoning shall be prepared for each petition for a rezoning to a special or conditional use district, or a conditional district, or other small-scale rezoning.

(c) Except as authorized by the foregoing, all regulations shall be uniform for each class or kind of building throughout each district, but the regulations in one district may differ from those in other districts. (1923, c. 250, s. 2; C.S., s. 2776(s); 1931, c. 176, s. 1; 1933, c. 7; 1963, c. 1058, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 60; 1985, c. 607, s. 1; 2005-426, s. 6(a.).)

(a) Zoning regulations shall be made in accordance with a comprehensive plan.
(b) Prior to adopting or rejecting any zoning amendment, the governing board shall adopt one of the following statements which shall not be subject to judicial review:

(1) A statement approving the zoning amendment and describing its consistency with an adopted comprehensive plan and explaining why the action taken is reasonable and in the public interest.

(2) A statement rejecting the zoning amendment and describing its inconsistency with an adopted comprehensive plan and explaining why the action taken is reasonable and in the public interest.

(3) A statement approving the zoning amendment and containing at least all of the following:
   a. A declaration that the approval is also deemed an amendment to the comprehensive plan. The governing board shall not require any additional request or application for amendment to the comprehensive plan.
   b. An explanation of the change in conditions the governing board took into account in amending the zoning ordinance to meet the development needs of the community.
c. Why the action was reasonable and in the public interest.

(c) Prior to consideration by the governing board of the proposed zoning amendment, the planning board shall advise and comment on whether the proposed amendment is consistent with any comprehensive plan. The planning board shall provide a written recommendation to the governing board that addresses plan consistency and other matters as deemed appropriate by the planning board, but a comment by the planning board that a proposed amendment is inconsistent with the comprehensive plan shall not preclude consideration or approval of the proposed amendment by the governing board.

(d) Zoning regulations shall be designed to promote the public health, safety, and general welfare. To that end, the regulations may address, among other things, the following public purposes: to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to lessen congestion in the streets; to secure safety from fire, panic, and dangers; and to facilitate the efficient and adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. The regulations shall be made with reasonable consideration, among other things, as to the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout such city. The regulations may not include, as a basis for denying a zoning or rezoning request from a school, the level of service of a road facility or facilities abutting the school or proximately located to the school.

(e) As used in this section, "comprehensive plan" includes a unified development ordinance and any other officially adopted plan that is applicable. (1923, c. 250, s. 3; C.S., s. 2776(t); 1971, c. 698, s. 1; 2005-426, s. 7(a); 2006-259, s. 28; 2017-10, s. 2.4(c); 2018-5, s. 34.18(b).)

(a) The General Assembly finds and declares that manufactured housing offers affordable housing opportunities for low and moderate income residents of this State who could not otherwise afford to own their own home. The General Assembly further finds that some local governments have adopted zoning regulations which severely restrict the placement of manufactured homes. It is the intent of the General Assembly in enacting this section that cities reexamine their land use practices to assure compliance with applicable statutes and case law, and consider allocating more residential land area for manufactured homes based upon local housing needs.

(b) For purposes of this section, the term "manufactured home" is defined as provided in G.S. 143-145(7).

(c) A city may not adopt or enforce zoning regulations or other provisions which have the effect of excluding manufactured homes from the entire zoning jurisdiction.

(d) A city may adopt and enforce appearance and dimensional criteria for manufactured homes. Such criteria shall be designed to protect property values, to preserve the character and integrity of the community or individual neighborhoods within the community, and to promote the health, safety and welfare of area residents. The criteria shall be adopted by ordinance.

(e) In accordance with the city's comprehensive plan and based on local housing needs, a city may designate a manufactured home overlay district within a residential district. Such overlay district may not consist of an individual lot or scattered lots, but shall consist of a defined area within which additional requirements or standards are placed upon manufactured homes.

(f) Nothing in this section shall be construed to preempt or supersede valid restrictive covenants running with the land. The terms "mobile home" and "trailer" in any valid restrictive
covenants running with the land shall include the term "manufactured home" as defined in this section. (1987, c. 805, s. 1.)

A city may amend the ordinances applicable within its planning jurisdiction to provide flexibility to farming operations that are located within a city or county voluntary agricultural district or enhanced voluntary agricultural district adopted under Article 61 of Chapter 106 of the General Statutes. Amendments to applicable ordinances may include provisions regarding on-farm sales, pick-your-own operations, road signs, agritourism, and other activities incident to farming. For purposes of this section, the term "farming" shall have the same meaning as set forth in G.S. 106-581.1. (2005-390, s. 7.)

§ 160A-383.3. Reasonable accommodation of amateur radio antennas.
A city ordinance based on health, safety, or aesthetic considerations that regulates the placement, screening, or height of the antennas or support structures of amateur radio operators must reasonably accommodate amateur radio communications and must represent the minimum practicable regulation necessary to accomplish the purpose of the city. A city may not restrict antennas or antenna support structures of amateur radio operators to heights of 90 feet or lower unless the restriction is necessary to achieve a clearly defined health, safety, or aesthetic objective of the city. (2007-147, s. 1.)

§ 160A-383.4. Local energy efficiency incentives.
(a) Land-Use Development Incentives. – Counties and municipalities, for the purpose of reducing the amount of energy consumption by new development, and thereby promoting the public health, safety, and welfare, may adopt ordinances to grant a density bonus, make adjustments to otherwise applicable development requirements, or provide other incentives to a developer or builder within the county or municipality and its extraterritorial planning jurisdiction if the developer or builder agrees to construct new development or reconstruct existing development in a manner that the county or municipality determines, based on generally recognized standards established for such purposes, makes a significant contribution to the reduction of energy consumption.

(b) Repealed by Session Laws 2009-95, s. 1, effective June 11, 2009. (2007-241, ss. 1, 2; 2008-22, s. 1; 2009-95, s. 1.)

(a) The following definitions apply in this section:
(1) Activities of daily living. – Bathing, dressing, personal hygiene, ambulation or locomotion, transferring, toileting, and eating.
(2) Caregiver. – An individual 18 years of age or older who (i) provides care for a mentally or physically impaired person and (ii) is a first or second degree relative of the mentally or physically impaired person for whom the individual is caring.
(3) First or second degree relative. – A spouse, lineal ascendant, lineal descendant, sibling, uncle, aunt, nephew, or niece and includes half, step, and in-law relationships.
(4) Mentally or physically impaired person. – A person who is a resident of this State and who requires assistance with two or more activities of daily living as certified in writing by a physician licensed to practice in this State.

(5) Temporary family health care structure. – A transportable residential structure, providing an environment facilitating a caregiver's provision of care for a mentally or physically impaired person, that (i) is primarily assembled at a location other than its site of installation, (ii) is limited to one occupant who shall be the mentally or physically impaired person, (iii) has no more than 300 gross square feet, and (iv) complies with applicable provisions of the State Building Code and G.S. 143-139.1(b). Placing the temporary family health care structure on a permanent foundation shall not be required or permitted.

(b) A city shall consider a temporary family health care structure used by a caregiver in providing care for a mentally or physically impaired person on property owned or occupied by the caregiver as the caregiver's residence as a permitted accessory use in any single-family residential zoning district on lots zoned for single-family detached dwellings.

(c) A city shall consider a temporary family health care structure used by an individual who is the named legal guardian of the mentally or physically impaired person a permitted accessory use in any single-family residential zoning district on lots zoned for single-family detached dwellings in accordance with this section if the temporary family health care structure is placed on the property of the residence of the individual and is used to provide care for the mentally or physically impaired person.

(d) Only one temporary family health care structure shall be allowed on a lot or parcel of land. The temporary family health care structures under subsections (b) and (c) of this section shall not require a special use permit or be subjected to any other local zoning requirements beyond those imposed upon other authorized accessory use structures, except as otherwise provided in this section. Such temporary family health care structures shall comply with all setback requirements that apply to the primary structure and with any maximum floor area ratio limitations that may apply to the primary structure.

(e) Any person proposing to install a temporary family health care structure shall first obtain a permit from the city. The city may charge a fee of up to one hundred dollars ($100.00) for the initial permit and an annual renewal fee of up to fifty dollars ($50.00). The city may not withhold a permit if the applicant provides sufficient proof of compliance with this section. The city may require that the applicant provide evidence of compliance with this section on an annual basis as long as the temporary family health care structure remains on the property. The evidence may involve the inspection by the city of the temporary family health care structure at reasonable times convenient to the caregiver, not limited to any annual compliance confirmation, and annual renewal of the doctor's certification.

(f) Notwithstanding subsection (i) of this section, any temporary family health care structure installed under this section may be required to connect to any water, sewer, and electric utilities serving the property and shall comply with all applicable State law, local ordinances, and other requirements, including Part 5 of this Article, as if the temporary family health care structure were permanent real property.
g) No signage advertising or otherwise promoting the existence of the temporary health care structure shall be permitted either on the exterior of the temporary family health care structure or elsewhere on the property.

h) Any temporary family health care structure installed pursuant to this section shall be removed within 60 days in which the mentally or physically impaired person is no longer receiving or is no longer in need of the assistance provided for in this section. If the temporary family health care structure is needed for another mentally or physically impaired person, the temporary family health care structure may continue to be used, or may be reinstated on the property within 60 days of its removal, as applicable.

i) The city may revoke the permit granted pursuant to subsection (e) of this section if the permit holder violates any provision of this section or G.S. 160A-202. The city may seek injunctive relief or other appropriate actions or proceedings to ensure compliance with this section or G.S. 160A-202.

j) Temporary family health care structures shall be treated as tangible personal property for purposes of taxation. (2014-94, s. 2.)

(a) The city council shall provide for the manner in which zoning regulations and restrictions and the boundaries of zoning districts shall be determined, established and enforced, and from time to time amended, supplemented or changed, in accordance with the provisions of this Article. The procedures adopted pursuant to this section shall provide that whenever there is a zoning map amendment, the owner of that parcel of land as shown on the county tax listing, and the owners of all parcels of land abutting that parcel of land as shown on the county tax listing, shall be mailed a notice of a public hearing on the proposed amendment by first class mail at the last addresses listed for such owners on the county tax abstracts. This notice must be deposited in the mail at least 10 but not more than 25 days prior to the date of the public hearing. Except for a city-initiated zoning map amendment, when an application is filed to request a zoning map amendment and that application is not made by the owner of the parcel of land to which the amendment would apply, the applicant shall certify to the city council that the owner of the parcel of land as shown on the county tax listing has received actual notice of the proposed amendment and a copy of the notice of public hearing. The person or persons required to provide notice shall certify to the city council that proper notice has been provided in fact, and such certificate shall be deemed conclusive in the absence of fraud.

(b) The first class mail notice required under subsection (a) of this section shall not be required if the zoning map amendment directly affects more than 50 properties, owned by a total of at least 50 different property owners, and the city elects to use the expanded published notice provided for in this subsection. In this instance, a city may elect to either make the mailed notice provided for in subsection (a) of this section or may as an alternative elect to publish notice of the hearing as required by G.S. 160A-364, but provided that each advertisement shall not be less than one-half of a newspaper page in size. The advertisement shall only be effective for property owners who reside in the area of general circulation of the newspaper which publishes the notice. Property owners who reside outside of the newspaper circulation area, according to the address listed on the most recent property tax listing for the affected property, shall be notified according to the provisions of subsection (a) of this section.

(b1) Actual notice of the proposed amendment and a copy of the notice of public hearing required under subsection (a) of this section shall be by any manner permitted under G.S. 1A-1,
Rule 4(j). If notice cannot with due diligence be achieved by personal delivery, registered or certified mail, or by a designated delivery service authorized pursuant to 26 U.S.C. § 7502(f)(2), notice may be given by publication consistent with G.S. 1A-1, Rule 4(j1). This subsection applies only to an application to request a zoning map amendment where the application is not made by the owner of the parcel of land to which the amendment would apply. This subsection does not apply to a city-initiated zoning map amendment.

(c) When a zoning map amendment is proposed, the city shall prominently post a notice of the public hearing on the site proposed for rezoning or on an adjacent public street or highway right-of-way. When multiple parcels are included within a proposed zoning map amendment, a posting on each individual parcel is not required, but the city shall post sufficient notices to provide reasonable notice to interested persons. (1923, c. 250, s. 4; C.S., s. 2776(u); 1927, c. 90; 1971, c. 698, s. 1; 1985, c. 595, s. 2; 1987, c. 807, s. 1; 1989 (Reg. Sess., 1990), c. 980, s. 1; 1993, c. 469, s. 1; 1995, c. 546, s. 1; 2005-418, s. 4(a); 2009-178, s. 2.)

(a) Citizen Comments. –
(1) Zoning ordinances may from time to time be amended, supplemented, changed, modified or repealed. If any resident or property owner in the city submits a written statement regarding a proposed amendment, modification, or repeal to a zoning ordinance to the clerk to the board at least two business days prior to the proposed vote on such change, the clerk to the board shall deliver such written statement to the city council. If the proposed change is the subject of a quasi-judicial proceeding under G.S. 160A-388, the clerk shall provide only the names and addresses of the individuals providing written comment, and the provision of such names and addresses to all members of the board shall not disqualify any member of the board from voting.
(2), (3) Repealed by Session Laws 2015-160, s. 1, effective August 1, 2015, and applicable to zoning ordinance changes initiated on or after that date.
(b) Amendments in zoning ordinances shall not be applicable or enforceable without consent of the owner with regard to buildings and uses for which either (i) building permits have been issued pursuant to G.S. 160A-417 prior to the enactment of the ordinance making the change or changes so long as the permits remain valid and unexpired pursuant to G.S. 160A-418 and unrevoked pursuant to G.S. 160A-422 or (ii) a vested right has been established pursuant to G.S. 160A-385.1 and such vested right remains valid and unexpired pursuant to G.S. 160A-385.1.
(c) Amendments in zoning ordinances, subdivision ordinances, and unified development ordinances shall not be applicable or enforceable without the written consent of the owner with regard to a multi-phased development as defined in G.S. 160A-385.1(b)(7). A multi-phased development shall be vested for the entire development with the zoning ordinances, subdivision ordinances, and unified development ordinances then in place at the time a site plan approval is granted for the initial phase of the multi-phased development. A right which has been vested as provided for in this subsection shall remain vested for a period of seven years from the time a site plan approval is granted for the initial phase of the multi-phased development. (1923, c. 250, s. 5; C.S., s. 2776(v); 1959, c. 434, s. 1; 1965, c. 864, s. 1; 1971, c. 698, s. 1; 1977, c. 912, s. 7; 1985,

(a) The General Assembly finds and declares that it is necessary and desirable, as a matter of public policy, to provide for the establishment of certain vested rights in order to ensure reasonable certainty, stability, and fairness in the land-use planning process, secure the reasonable expectations of landowners, and foster cooperation between the public and private sectors in the area of land-use planning. Furthermore, the General Assembly recognizes that city approval of land-use development typically follows significant landowner investment in site evaluation, planning, development costs, consultant fees, and related expenses.

The ability of a landowner to obtain a vested right after city approval of a site specific development plan or a phased development plan will preserve the prerogatives and authority of local elected officials with respect to land-use matters. There will be ample opportunities for public participation and the public interest will be served. These provisions will strike an appropriate balance between private expectations and the public interest, while scrupulously protecting the public health, safety, and welfare.

(b) Definitions. –

(1) "Landowner" means any owner of a legal or equitable interest in real property, including the heirs, devisees, successors, assigns, and personal representative of such owner. The landowner may allow a person holding a valid option to purchase to act as his agent or representative for purposes of submitting a proposed site specific development plan or a phased development plan under this section, in the manner allowed by ordinance.

(2) "City" shall have the same meaning as set forth in G.S. 160A-1(2).

(3) "Phased development plan" means a plan which has been submitted to a city by a landowner for phased development which shows the type and intensity of use for a specific parcel or parcels with a lesser degree of certainty than the plan determined by the city to be a site specific development plan.

(4) "Property" means all real property subject to zoning regulations and restrictions and zone boundaries by a city.

(5) "Site specific development plan" means a plan which has been submitted to a city by a landowner describing with reasonable certainty the type and intensity of use for a specific parcel or parcels of property. Such plan may be in the form of, but not be limited to, any of the following plans or approvals: A planned unit development plan, a subdivision plat, a preliminary or general development plan, a conditional or special use permit, a conditional or special use district zoning plan, or any other land-use approval designation as may be utilized by a city. Unless otherwise expressly provided by the city, such a plan shall include the approximate boundaries of the site; significant topographical and other natural features effecting development of the site; the approximate location on the site of the proposed buildings, structures, and other
improvements; the approximate dimensions, including height, of the proposed buildings and other structures; and the approximate location of all existing and proposed infrastructure on the site, including water, sewer, roads, and pedestrian walkways. What constitutes a site specific development plan under this section that would trigger a vested right shall be finally determined by the city pursuant to an ordinance, and the document that triggers such vesting shall be so identified at the time of its approval. However, at a minimum, the ordinance to be adopted by the city shall designate a vesting point earlier than the issuance of a building permit. A variance shall not constitute a site specific development plan, and approval of a site specific development plan with the condition that a variance be obtained shall not confer a vested right unless and until the necessary variance is obtained. Neither a sketch plan nor any other document which fails to describe with reasonable certainty the type and intensity of use for a specified parcel or parcels of property may constitute a site specific development plan.

(6) "Vested right" means the right to undertake and complete the development and use of property under the terms and conditions of an approved site specific development plan or an approved phased development plan.

(7) "Multi-phased development" means a development containing 100 acres or more that (i) is submitted for site plan approval for construction to occur in more than one phase and (ii) is subject to a master development plan with committed elements, including a requirement to offer land for public use as a condition of its master development plan approval.

c) Establishment of vested right. – A vested right shall be deemed established with respect to any property upon the valid approval, or conditional approval, of a site specific development plan or a phased development plan, following notice and public hearing by the city with jurisdiction over the property. Such vested right shall confer upon the landowner the right to undertake and complete the development and use of said property under the terms and conditions of the site specific development plan or the phased development plan including any amendments thereto. A city may approve a site specific development plan or a phased development plan upon such terms and conditions as may reasonably be necessary to protect the public health, safety, and welfare. Such conditional approval shall result in a vested right, although failure to abide by such terms and conditions will result in a forfeiture of vested rights. A city shall not require a landowner to waive his vested rights as a condition of developmental approval. A site specific development plan or a phase development plan shall be deemed approved upon the effective date of the city's action or ordinance relating thereto.

(d) Duration and termination of vested right. –

(1) A right which has been vested as provided for in this section shall remain vested for a period of two years. This vesting shall not be extended by any amendments or modifications to a site specific development plan unless expressly provided by the city.
(2) Notwithstanding the provisions of subsection (d)(1), a city may provide that rights shall be vested for a period exceeding two years but not exceeding five years where warranted in light of all relevant circumstances, including, but not limited to, the size and phasing of development, the level of investment, the need for the development, economic cycles, and market conditions. These determinations shall be in the sound discretion of the city.

(3) Notwithstanding the provisions of (d)(1) and (d)(2), the city may provide by ordinance that approval by a city of a phased development plan shall vest the zoning classification or classifications so approved for a period not to exceed five years. The document that triggers such vesting shall be so identified at the time of its approval. The city still may require the landowner to submit a site specific development plan for approval by the city with respect to each phase or phases in order to obtain final approval to develop within the restrictions of the vested zoning classification or classifications. Nothing in this section shall be construed to require a city to adopt an ordinance providing for vesting of rights upon approval of a phased development plan.

(4) Following approval or conditional approval of a site specific development plan or a phased development plan, nothing in this section shall exempt such a plan from subsequent reviews and approvals by the city to ensure compliance with the terms and conditions of the original approval, provided that such reviews and approvals are not inconsistent with said original approval. Nothing in this section shall prohibit the city from revoking the original approval for failure to comply with applicable terms and conditions of the approval or the zoning ordinance.

(5) Upon issuance of a building permit, the provisions of G.S. 160A-418 and G.S. 160A-422 shall apply, except that a permit shall not expire or be revoked because of the running of time while a vested right under this section is outstanding.

(6) A right which has been vested as provided in this section shall terminate at the end of the applicable vesting period with respect to buildings and uses for which no valid building permit applications have been filed.

(e) Subsequent changes prohibited; exceptions. –

(1) A vested right, once established as provided for in this section, precludes any zoning action by a city which would change, alter, impair, prevent, diminish, or otherwise delay the development or use of the property as set forth in an approved site specific development plan or an approved phased development plan, except:
   a. With the written consent of the affected landowner;
   b. Upon findings, by ordinance after notice and a public hearing, that natural or man-made hazards on or in the immediate vicinity of the property, if uncorrected, would pose a serious threat to the public health,
safety, and welfare if the project were to proceed as contemplated in the site specific development plan or the phased development plan;

c. To the extent that the affected landowner receives compensation for all costs, expenses, and other losses incurred by the landowner, including, but not limited to, all fees paid in consideration of financing, and all architectural, planning, marketing, legal, and other consultant's fees incurred after approval by the city, together with interest thereon at the legal rate until paid. Compensation shall not include any diminution in the value of the property which is caused by such action;

d. Upon findings, by ordinance after notice and a hearing, that the landowner or his representative intentionally supplied inaccurate information or made material misrepresentations which made a difference in the approval by the city of the site specific development plan or the phased development plan; or

e. Upon the enactment or promulgation of a State or federal law or regulation which precludes development as contemplated in the site specific development plan or the phased development plan, in which case the city may modify the affected provisions, upon a finding that the change in State or federal law has a fundamental effect on the plan, by ordinance after notice and a hearing.

(2) The establishment of a vested right shall not preclude the application of overlay zoning which imposes additional requirements but does not affect the allowable type or intensity of use, or ordinances or regulations which are general in nature and are applicable to all property subject to land-use regulation by a city, including, but not limited to, building, fire, plumbing, electrical, and mechanical codes. Otherwise applicable new regulations shall become effective with respect to property which is subject to a site specific development plan or a phased development plan upon the expiration or termination of the vesting rights period provided for in this section.

(3) Notwithstanding any provision of this section, the establishment of a vested right shall not preclude, change or impair the authority of a city to adopt and enforce zoning ordinance provisions governing nonconforming situations or uses.

(f) Miscellaneous provisions.

(1) A vested right obtained under this section is not a personal right, but shall attach to and run with the applicable property. After approval of a site specific development plan or a phased development plan, all successors to the original landowner shall be entitled to exercise such rights.

(2) Nothing in this section shall preclude judicial determination, based on common law principles or other statutory provisions, that a vested right exists in a particular case or that a compensable taking has occurred. Except as expressly provided in this section, nothing in this section shall be construed to alter the existing common law.
(3) In the event a city fails to adopt an ordinance setting forth what constitutes a site specific development plan triggering a vested right, a landowner may establish a vested right with respect to property upon the approval of a zoning permit, or otherwise may seek appropriate relief from the Superior Court Division of the General Court of Justice. (1989 (Reg. Sess., 1990), c. 996, s. 2; 2016-111, s. 2.)

§ 160A-386: Repealed by Session Laws 2015-160, s. 2, effective August 1, 2015, and applicable to zoning ordinance changes initiated on or after that date.

§ 160A-387. Planning board; zoning plan; certification to city council.

In order to initially exercise the powers conferred by this Part, a city council shall create or designate a planning board under the provisions of this Article or of a special act of the General Assembly. The planning board shall prepare or shall review and comment upon a proposed zoning ordinance, including both the full text of such ordinance and maps showing proposed district boundaries. The planning board may hold public hearings in the course of preparing the ordinance. Upon completion, the planning board shall make a written recommendation regarding adoption of the ordinance to the city council. The city council shall not hold its required public hearing or take action until it has received a recommendation regarding ordinance from the planning board. Following its required public hearing, the city council may refer the ordinance back to the planning board for any further recommendations that the board may wish to make prior to final action by the city council in adopting, modifying and adopting, or rejecting the ordinance.

Subsequent to initial adoption of a zoning ordinance, all proposed amendments to the zoning ordinance or zoning map shall be submitted to the planning board for review and comment. If no written report is received from the planning board within 30 days of referral of the amendment to that board, the governing board may proceed in its consideration of the amendment without the planning board report. The governing board is not bound by the recommendations, if any, of the planning board.

(1923, c. 250, s. 6; C.S., s. 2776(w); 1967, c. 1208, s. 2; 1971, c. 698, s. 1; 1973, c. 426, s. 60; 1977, c. 912, s. 8; 2005-418, s. 7(a.).)

§ 160A-388. Board of adjustment.

(a) Composition and Duties. – The zoning or unified development ordinance may provide for the appointment and compensation of a board of adjustment consisting of five or more members, each to be appointed for three years. In appointing the original members or in the filling of vacancies caused by the expiration of the terms of existing members, the city council may appoint certain members for less than three years so that the terms of all members shall not expire at the same time. The council may appoint and provide compensation for alternate members to serve on the board in the absence or temporary disqualification of any regular member or to fill a vacancy pending appointment of a member. Alternate members shall be appointed for the same term, at the same time, and in the same manner as regular members. Each alternate member serving on behalf of any regular member has all the powers and duties of a regular member. The ordinance may designate a planning board or governing board to perform any of the duties of a board of adjustment in addition to its other duties and may create and designate specialized boards to hear technical appeals.

(a1) Provisions of Ordinance. – The zoning or unified development ordinance may provide that the board of adjustment hear and decide special and conditional use permits, requests for
variances, and appeals of decisions of administrative officials charged with enforcement of the ordinance. As used in this section, the term "decision" includes any final and binding order, requirement, or determination. The board of adjustment shall follow quasi-judicial procedures when deciding appeals and requests for variances and special and conditional use permits. The board shall hear and decide all matters upon which it is required to pass under any statute or ordinance that regulates land use or development.

(a2) Notice of Hearing. – Notice of hearings conducted pursuant to this section shall be mailed to the person or entity whose appeal, application, or request is the subject of the hearing; to the owner of the property that is the subject of the hearing if the owner did not initiate the hearing; to the owners of all parcels of land abutting the parcel of land that is the subject of the hearing; and to any other persons entitled to receive notice as provided by the zoning or unified development ordinance. In the absence of evidence to the contrary, the city may rely on the county tax listing to determine owners of property entitled to mailed notice. The notice must be deposited in the mail at least 10 days, but not more than 25 days, prior to the date of the hearing. Within that same time period, the city shall also prominently post a notice of the hearing on the site that is the subject of the hearing or on an adjacent street or highway right-of-way.

(b) Repealed by Session Laws 2013-126, s. 1, effective October 1, 2013, and applicable to actions taken on or after that date by any board of adjustment.

(b1) Appeals. – The board of adjustment shall hear and decide appeals from decisions of administrative officials charged with enforcement of the zoning or unified development ordinance and may hear appeals arising out of any other ordinance that regulates land use or development, pursuant to all of the following:

(1) Any person who has standing under G.S. 160A-393(d) or the city may appeal a decision to the board of adjustment. An appeal is taken by filing a notice of appeal with the city clerk. The notice of appeal shall state the grounds for the appeal.

(2) The official who made the decision shall give written notice to the owner of the property that is the subject of the decision and to the party who sought the decision, if different from the owner. The written notice shall be delivered by personal delivery, electronic mail, or by first-class mail.

(3) The owner or other party shall have 30 days from receipt of the written notice within which to file an appeal. Any other person with standing to appeal shall have 30 days from receipt from any source of actual or constructive notice of the decision within which to file an appeal.

(4) It shall be conclusively presumed that all persons with standing to appeal have constructive notice of the decision from the date a sign containing the words "Zoning Decision" or "Subdivision Decision" in letters at least six inches high and identifying the means to contact an official for information about the decision is prominently posted on the property that is the subject of the decision, provided the sign remains on the property for at least 10 days. Posting of signs is not the only form of constructive notice. Any such posting shall be the responsibility of the landowner or applicant. Verification of the posting shall be provided to the official who made the decision. Absent an ordinance provision to the contrary, posting of signs shall not be required.
(5) The official who made the decision shall transmit to the board all documents and exhibits constituting the record upon which the action appealed from is taken. The official shall also provide a copy of the record to the appellant and to the owner of the property that is the subject of the appeal if the appellant is not the owner.

(6) An appeal of a notice of violation or other enforcement order stays enforcement of the action appealed from unless the official who made the decision certifies to the board of adjustment after notice of appeal has been filed that because of the facts stated in an affidavit, a stay would cause imminent peril to life or property or because the violation is transitory in nature, a stay would seriously interfere with enforcement of the ordinance. In that case, enforcement proceedings shall not be stayed except by a restraining order, which may be granted by a court. If enforcement proceedings are not stayed, the appellant may file with the official a request for an expedited hearing of the appeal, and the board of adjustment shall meet to hear the appeal within 15 days after such a request is filed. Notwithstanding the foregoing, appeals of decisions granting a permit or otherwise affirming that a proposed use of property is consistent with the ordinance shall not stay the further review of an application for permits or permissions to use such property; in these situations the appellant may request and the board may grant a stay of a final decision of permit applications or building permits affected by the issue being appealed.

(7) Subject to the provisions of subdivision (6) of this subsection, the board of adjustment shall hear and decide the appeal within a reasonable time.

(8) The official who made the decision shall be present at the hearing as a witness. The appellant shall not be limited at the hearing to matters stated in the notice of appeal. If any party or the city would be unduly prejudiced by the presentation of matters not presented in the notice of appeal, the board shall continue the hearing. The board of adjustment may reverse or affirm, wholly or partly, or may modify the decision appealed from and shall make any order, requirement, decision, or determination that ought to be made. The board shall have all the powers of the official who made the decision.

(9) When hearing an appeal pursuant to G.S. 160A-400.9(e) or any other appeal in the nature of certiorari, the hearing shall be based on the record below and the scope of review shall be as provided in G.S. 160A-393(k).

(10) The parties to an appeal that has been made under this subsection may agree to mediation or other forms of alternative dispute resolution. The ordinance may set standards and procedures to facilitate and manage such voluntary alternative dispute resolution.

(c) Special and Conditional Use Permits. – The ordinance may provide that the board of adjustment may hear and decide special and conditional use permits in accordance with standards
and procedures specified in the ordinance. Reasonable and appropriate conditions may be imposed upon these permits.

(d) Variances. – When unnecessary hardships would result from carrying out the strict letter of a zoning ordinance, the board of adjustment shall vary any of the provisions of the ordinance upon a showing of all of the following:

1. Unnecessary hardship would result from the strict application of the ordinance. It shall not be necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property.

2. The hardship results from conditions that are peculiar to the property, such as location, size, or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a variance.

3. The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that circumstances exist that may justify the granting of a variance shall not be regarded as a self-created hardship.

4. The requested variance is consistent with the spirit, purpose, and intent of the ordinance, such that public safety is secured, and substantial justice is achieved.

No change in permitted uses may be authorized by variance. Appropriate conditions may be imposed on any variance, provided that the conditions are reasonably related to the variance. Any other ordinance that regulates land use or development may provide for variances consistent with the provisions of this subsection.

(e) Voting.–

1. The concurring vote of four-fifths of the board shall be necessary to grant a variance. A majority of the members shall be required to decide any other quasi-judicial matter or to determine an appeal made in the nature of certiorari. For the purposes of this subsection, vacant positions on the board and members who are disqualified from voting on a quasi-judicial matter shall not be considered members of the board for calculation of the requisite majority if there are no qualified alternates available to take the place of such members.

2. A member of any board exercising quasi-judicial functions pursuant to this Article shall not participate in or vote on any quasi-judicial matter in a manner that would violate affected persons' constitutional rights to an impartial decision maker. Impemissible violations of due process include, but are not limited to, a member having a fixed opinion prior to hearing the matter that is not susceptible to change, undisclosed ex parte communications, a close familial, business, or other associational relationship with an affected person, or a financial interest in the outcome of the matter. If an objection is raised to a member's participation and that member does not recuse himself or herself, the remaining members shall by majority vote rule on the objection.
(e1) Recodified as subdivision (e)(2) by Session Laws 2013-126, s. 1, effective October 1, 2013, and applicable to actions taken on or after that date by any board of adjustment.

(e2) Quasi-Judicial Decisions and Judicial Review. –

(1) The board shall determine contested facts and make its decision within a reasonable time. Every quasi-judicial decision shall be based upon competent, material, and substantial evidence in the record. Each quasi-judicial decision shall be reduced to writing and reflect the board's determination of contested facts and their application to the applicable standards. The written decision shall be signed by the chair or other duly authorized member of the board. A quasi-judicial decision is effective upon filing the written decision with the clerk to the board or such other office or official as the ordinance specifies. The decision of the board shall be delivered by personal delivery, electronic mail, or by first-class mail to the applicant, property owner, and to any person who has submitted a written request for a copy, prior to the date the decision becomes effective. The person required to provide notice shall certify that proper notice has been made.

(2) Every quasi-judicial decision shall be subject to review by the superior court by proceedings in the nature of certiorari pursuant to G.S. 160A-393. A petition for review shall be filed with the clerk of superior court by the later of 30 days after the decision is effective or after a written copy thereof is given in accordance with subdivision (1) of this subsection. When first-class mail is used to deliver notice, three days shall be added to the time to file the petition.

(f) Oaths. – The chair of the board or any member acting as chair and the clerk to the board are authorized to administer oaths to witnesses in any matter coming before the board. Any person who, while under oath during a proceeding before the board of adjustment, willfully swears falsely is guilty of a Class 1 misdemeanor.

(g) Subpoenas. – The board of adjustment through the chair, or in the chair’s absence anyone acting as chair, may subpoena witnesses and compel the production of evidence. To request issuance of a subpoena, persons with standing under G.S. 160A-393(d) may make a written request to the chair explaining why it is necessary for certain witnesses or evidence to be compelled. The chair shall issue requested subpoenas he or she determines to be relevant, reasonable in nature and scope, and not oppressive. The chair shall rule on any motion to quash or modify a subpoena. Decisions regarding subpoenas made by the chair may be appealed to the full board of adjustment. If a person fails or refuses to obey a subpoena issued pursuant to this subsection, the board of adjustment or the party seeking the subpoena may apply to the General Court of Justice for an order requiring that its subpoena be obeyed, and the court shall have jurisdiction to issue these orders after notice to all proper parties. (1923, c. 250, s. 7; C.S., s. 2776(x); 1929, c. 94, s. 1; 1947, c. 311; 1949, c. 979, ss. 1, 2; 1963, c. 1058, s. 3; 1965, c. 864, s. 2; 1967, c. 197, s. 1; 1971, c. 698, s. 1; 1977, c. 912, ss. 9-12; 1979, c. 50; 1979, 2nd Sess., c. 1247, s. 37; 1981, c. 891, s. 7; 1985, c. 397, s. 2; c. 689, s. 30; 1991, c. 512, s. 2; 1993, c. 539, s. 1088; 1994, Ex. Sess., c. 24, s. 14(c); 2005-418, s. 8(a); 2009-421, s. 5; 2013-126, ss. 1, 2(a), 2(b); 2013-410, s. 25(a).)

If a building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained, or any building, structure or land is used in violation of this Part or of any ordinance or other regulation made under authority conferred thereby, the city, in addition to other remedies, may institute any appropriate action or proceedings to prevent the unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use, to restrain, correct or abate the violation, to prevent occupancy of the building, structure or land, or to prevent any illegal act, conduct, business or use in or about the premises. (1923, c. 250, s. 8; C.S., s. 2776(y); 1971, c. 698, s. 1.)

§ 160A-390. Conflict with other laws.
   (a) When regulations made under authority of this Part require a greater width or size of yards or courts, or require a lower height of a building or fewer number of stories, or require a greater percentage of a lot to be left unoccupied, or impose other higher standards than are required in any other statute or local ordinance or regulation, regulations made under authority of this Part shall govern. When the provisions of any other statute or local ordinance or regulation require a greater width or size of yards or courts, or require a lower height of a building or a fewer number of stories, or require a greater percentage of a lot to be left unoccupied, or impose other higher standards than are required by the regulations made under authority of this Part, the provisions of that statute or local ordinance or regulation shall govern.
   (b) When adopting regulations under this Part, a city may not use a definition of dwelling unit, bedroom, or sleeping unit that is more expansive than any definition of the same in another statute or in a rule adopted by a State agency. (1923, c. 250, s. 9; C.S., s. 2776(z); 1971, c. 698, s. 1; 2015-246, s. 18(b).)

§ 160A-391. Other statutes not repealed.
This Part shall not repeal any zoning act or city planning act, local or general, now in force, except those that are repugnant to or inconsistent herewith. This Part shall be construed to be an enlargement of the duties, powers, and authority contained in other laws authorizing the appointment and proper functioning of city planning commissions or zoning commissions by any city or town in the State of North Carolina. (1923, c. 250, s. 11; C.S., s. 2776(aa); 1971, c. 698, s. 1.)

§ 160A-392. Part applicable to buildings constructed by State and its subdivisions; exception.
All of the provisions of this Part are hereby made applicable to the erection, construction, and use of buildings by the State of North Carolina and its political subdivisions.
Notwithstanding the provisions of any general or local law or ordinance, no land owned by the State of North Carolina may be included within an overlay district or a special use or conditional use district without approval of the Council of State. (1951, c. 1203, s. 1; 1971, c. 698, s. 1; 1985, c. 607, s. 2; 2004-199, s. 41(e); 2005-280, s. 1.)

§ 160A-393. Appeals in the nature of certiorari.
   (a) Applicability. – This section applies to appeals of quasi-judicial decisions of decision-making boards when that appeal is to superior court and in the nature of certiorari as required by this Article.
   (b) For purposes of this section, the following terms mean:
(1) Decision-making board. – A city council, planning board, board of adjustment, or other board making quasi-judicial decisions appointed by the city council under this Article or under comparable provisions of any local act or any interlocal agreement authorized by law.

(2) Person. – Any legal entity authorized to bring suit in the legal entity's name.

(3) Quasi-judicial decision. – A decision involving the finding of facts regarding a specific application of an ordinance and the exercise of discretion when applying the standards of the ordinance. Quasi-judicial decisions include decisions involving variances, special and conditional use permits, and appeals of administrative determinations. Decisions on the approval of site plans are quasi-judicial in nature if the ordinance authorizes a decision-making board to approve or deny the site plan based not only upon whether the application complies with the specific requirements set forth in the ordinance, but also on whether the application complies with one or more generally stated standards requiring a discretionary decision on the findings of fact to be made by the decision-making board.

(c) Filing the Petition. – An appeal in the nature of certiorari shall be initiated by filing with the superior court a petition for writ of certiorari. The petition shall:

   (1) Statement the facts that demonstrate that the petitioners have standing to seek review.

   (2) Set forth the grounds upon which the petitioners contend that an error was made.

   (3) Set forth with particularity the allegations and facts, if any, in support of allegations that, as the result of impermissible conflict as described in G.S. 160A-388(e)(2), or locally adopted conflict rules, the decision-making body was not sufficiently impartial to comply with due process principles.

   (4) Set forth the relief the petitioners seek.

(d) Standing. – A petition may be filed under this section only by a petitioner who has standing to challenge the decision being appealed. The following persons shall have standing to file a petition under this section:

   (1) Any person meeting any of the following criteria:

      a. Has an ownership interest in the property that is the subject of the decision being appealed, a leasehold interest in the property that is the subject of the decision being appealed, or an interest created by easement, restriction, or covenant in the property that is the subject of the decision being appealed.

      b. Has an option or contract to purchase the property that is the subject of the decision being appealed.

      c. Was an applicant before the decision-making board whose decision is being appealed.
(2) Any other person who will suffer special damages as the result of the decision being appealed.

(3) An incorporated or unincorporated association to which owners or lessees of property in a designated area belong by virtue of their owning or leasing property in that area, or an association otherwise organized to protect and foster the interest of the particular neighborhood or local area, so long as at least one of the members of the association would have standing as an individual to challenge the decision being appealed, and the association was not created in response to the particular development or issue that is the subject of the appeal.

(4) A city whose decision-making board has made a decision that the council believes improperly grants a variance from or is otherwise inconsistent with the proper interpretation of an ordinance adopted by that council.

(e) Respondent. – The respondent named in the petition shall be the city whose decision-making board made the decision that is being appealed, except that if the petitioner is a city that has filed a petition pursuant to subdivision (4) of subsection (d) of this section, then the respondent shall be the decision-making board. If the petitioner is not the applicant before the decision-making board whose decision is being appealed, the petitioner shall also name that applicant as a respondent. Any petitioner may name as a respondent any person with an ownership or leasehold interest in the property that is the subject of the decision being appealed who participated in the hearing, or was an applicant, before the decision-making board.

(f) Writ of Certiorari. – Upon filing the petition, the petitioner shall present the petition and a proposed writ of certiorari to the clerk of superior court of the county in which the matter arose. The writ shall direct the respondent city, or the respondent decision-making board if the petitioner is a city that has filed a petition pursuant to subdivision (4) of subsection (d) of this section, to prepare and certify to the court the record of proceedings below within a specified date. The writ shall also direct that the petitioner shall serve the petition and the writ upon each respondent named therein in the manner provided for service of a complaint under Rule 4(j) of the Rules of Civil Procedure, except that, if the respondent is a decision-making board, the petition and the writ shall be served upon the chair of that decision-making board. Rule 4(j)(5)d. of the Rules of Civil Procedure shall apply in the event the chair of a decision-making board cannot be found. No summons shall be issued. The clerk shall issue the writ without notice to the respondent or respondents if the petition has been properly filed and the writ is in proper form. A copy of the executed writ shall be filed with the court.

(g) Answer to the Petition. – The respondent may, but need not, file an answer to the petition, except that, if the respondent contends that any petitioner lacks standing to bring the appeal, that contention must be set forth in an answer served on all petitioners at least 30 days prior to the hearing on the petition.

(h) Intervention. – Rule 24 of the Rules of Civil Procedure shall govern motions to intervene as a petitioner or respondent in an action initiated under this section with the following exceptions:

(1) Any person described in subdivision (1) of subsection (d) of this section shall have standing to intervene and shall be allowed to intervene as a matter of right.
(2) Any person, other than one described in subdivision (1) of subsection (d) of this section, who seeks to intervene as a petitioner must demonstrate that the person would have had standing to challenge the decision being appealed in accordance with subdivisions (2) through (4) of subsection (d) of this section.

(3) Any person, other than one described in subdivision (d)(1) of this section, who seeks to intervene as a respondent must demonstrate that the person would have had standing to file a petition in accordance with subdivisions (2) through (4) of subsection (d) of this section if the decision-making board had made a decision that is consistent with the relief sought by the petitioner.

(i) The Record. – The record shall consist of all documents and exhibits submitted to the decision-making board whose decision is being appealed, together with the minutes of the meeting or meetings at which the decision being appealed was considered. Upon request of any party, the record shall also contain an audio or videotape of the meeting or meetings at which the decision being appealed was considered if such a recording was made. Any party may also include in the record a transcript of the proceedings, which shall be prepared at the cost of the party choosing to include it. The parties may agree, or the court may direct, that matters unnecessary to the court's decision be deleted from the record or that matters other than those specified herein be included. The record shall be bound and paginated or otherwise organized for the convenience of the parties and the court. A copy of the record shall be served by the municipal respondent, or the respondent decision-making board, upon all petitioners within three days after it is filed with the court.

(j) Hearing on the Record. – The court shall hear and decide all issues raised by the petition by reviewing the record submitted in accordance with subsection (h) of this section. Except that the court may, in its discretion, allow the record to be supplemented with affidavits, testimony of witnesses, or documentary or other evidence if, and to the extent that, the record is not adequate to allow an appropriate determination of the following issues:

(1) Whether a petitioner or intervenor has standing.

(2) Whether, as a result of impermissible conflict as described in G.S. 160A-388(e)(2), or locally adopted conflict rules, the decision-making body was not sufficiently impartial to comply with due process principles.

(3) Whether the decision-making body erred for the reasons set forth in sub-subdivisions a. and b. of subdivision (1) of subsection (k) of this section.

(k) Scope of Review. –

(1) When reviewing the decision of a decision-making board under the provisions of this section, the court shall ensure that the rights of petitioners have not been prejudiced because the decision-making body's findings, inferences, conclusions, or decisions were:

   a. In violation of constitutional provisions, including those protecting procedural due process rights.
   b. In excess of the statutory authority conferred upon the city or the authority conferred upon the decision-making board by ordinance.
   c. Inconsistent with applicable procedures specified by statute or ordinance.
d. Affected by other error of law.
e. Unsupported by substantial competent evidence in view of the entire record.
f. Arbitrary or capricious.

(2) When the issue before the court is whether the decision-making board erred in interpreting an ordinance, the court shall review that issue de novo. The court shall consider the interpretation of the decision-making board, but is not bound by that interpretation, and may freely substitute its judgment as appropriate.

(3) The term "competent evidence," as used in this subsection, shall not preclude reliance by the decision-making board on evidence that would not be admissible under the rules of evidence as applied in the trial division of the General Court of Justice if (i) the evidence was admitted without objection or (ii) the evidence appears to be sufficiently trustworthy and was admitted under such circumstances that it was reasonable for the decision-making board to rely upon it. The term "competent evidence," as used in this subsection, shall not be deemed to include the opinion testimony of lay witnesses as to any of the following:

a. The use of property in a particular way would affect the value of other property.
b. The increase in vehicular traffic resulting from a proposed development would pose a danger to the public safety.
c. Matters about which only expert testimony would generally be admissible under the rules of evidence.

(1) Decision of the Court. – Following its review of the decision-making board in accordance with subsection (k) of this section, the court may affirm the decision, reverse the decision and remand the case with appropriate instructions, or remand the case for further proceedings. If the court does not affirm the decision below in its entirety, then the court shall be guided by the following in determining what relief should be granted to the petitioners:

(1) If the court concludes that the error committed by the decision-making board is procedural only, the court may remand the case for further proceedings to correct the procedural error.

(2) If the court concludes that the decision-making board has erred by failing to make findings of fact such that the court cannot properly perform its function, then the court may remand the case with appropriate instructions so long as the record contains substantial competent evidence that could support the decision below with appropriate findings of fact. However, findings of fact are not necessary when the record sufficiently reveals the basis for the decision below or when the material facts are undisputed and the case presents only an issue of law.

(3) If the court concludes that the decision by the decision-making board is not supported by substantial competent evidence in the record or is based upon an error of law, then the court may remand the case with an order that directs the decision-making board to take whatever action should
have been taken had the error not been committed or to take such other action as is necessary to correct the error. Specifically:

a. If the court concludes that a permit was wrongfully denied because the denial was not based on substantial competent evidence or was otherwise based on an error of law, the court may remand with instructions that the permit be issued, subject to reasonable and appropriate conditions.

b. If the court concludes that a permit was wrongfully issued because the issuance was not based on substantial competent evidence or was otherwise based on an error of law, the court may remand with instructions that the permit be revoked.

(m) Ancillary Injunctive Relief. – Upon motion of a party to a proceeding under this section, and under appropriate circumstances, the court may issue an injunctive order requiring any other party to that proceeding to take certain action or refrain from taking action that is consistent with the court's decision on the merits of the appeal. (2009-421, s. 1(a); 2013-126, ss. 13, 14.)

§ 160A-394. Reserved for future codification purposes.

Part 3A. Historic Districts.

Part 3B. Historic Properties Commissions.

Part 3C. Historic Districts and Landmarks.

§ 160A-400.1. Legislative findings.

The historical heritage of our State is one of our most valued and important assets. The conservation and preservation of historic districts and landmarks stabilize and increase property values in their areas and strengthen the overall economy of the State. This Part authorizes cities and counties of the State within their respective zoning jurisdictions and by means of listing, regulation, and acquisition:

(1) To safeguard the heritage of the city or county by preserving any district or landmark therein that embodies important elements of its culture, history, architectural history, or prehistory; and

(2) To promote the use and conservation of such district or landmark for the education, pleasure and enrichment of the residents of the city or county and the State as a whole. (1989, c. 706, s. 2.)

§ 160A-400.2. Exercise of powers by counties as well as cities.

The term "municipality" or "municipal" as used in G.S. 160A-400.1 through 160A-400.14 shall be deemed to include the governing board or legislative board of a county, to the end that counties may exercise the same powers as cities with respect to the establishment of historic districts and designation of landmarks. (1989, c. 706, s. 2; 1989 (Reg. Sess., 1990), c. 1024, s. 40.)
§ 160A-400.3. Character of historic district defined.

Historic districts established pursuant to this Part shall consist of areas which are deemed to be of special significance in terms of their history, prehistory, architecture, and/or culture, and to possess integrity of design, setting, materials, feeling, and association. (1989, c. 706, s. 2.)

§ 160A-400.4. Designation of historic districts.

(a) Any municipal governing board may, as part of a zoning or other ordinance enacted or amended pursuant to this Article, designate and from time to time amend one or more historic districts within the area subject to the ordinance. Such ordinance may treat historic districts either as a separate use district classification or as districts which overlay other zoning districts. Where historic districts are designated as separate use districts, the zoning ordinance may include as uses by right or as conditional uses those uses found by the Preservation Commission to have existed during the period sought to be restored or preserved, or to be compatible with the restoration or preservation of the district.

(b) No historic district or districts shall be designated under subsection (a) of this section until:

1. An investigation and report describing the significance of the buildings, structures, features, sites or surroundings included in any such proposed district, and a description of the boundaries of such district has been prepared, and

2. The Department of Natural and Cultural Resources, acting through the State Historic Preservation Officer or his or her designee, shall have made an analysis of and recommendations concerning such report and description of proposed boundaries. Failure of the department to submit its written analysis and recommendations to the municipal governing board within 30 calendar days after a written request for such analysis has been received by the Department of Natural and Cultural Resources shall relieve the municipality of any responsibility for awaiting such analysis, and said board may at any time thereafter take any necessary action to adopt or amend its zoning ordinance.

(c) The municipal governing board may also, in its discretion, refer the report and proposed boundaries under subsection (b) of this section to any local preservation commission or other interested body for its recommendations prior to taking action to amend the zoning ordinance. With respect to any changes in the boundaries of such district subsequent to its initial establishment, or the creation of additional districts within the jurisdiction, the investigative studies and reports required by subdivision (1) of subsection (b) of this section shall be prepared by the preservation commission, and shall be referred to the local planning agency for its review and comment according to procedures set forth in the zoning ordinance. Changes in the boundaries of an initial district or proposal for additional districts shall also be submitted to the Department of Natural and Cultural Resources in accordance with the provisions of subdivision (2) of subsection (b) of this section.

On receipt of these reports and recommendations, the municipality may proceed in the same manner as would otherwise be required for the adoption or amendment of any appropriate zoning ordinance provisions.
(d) The provisions of G.S. 160A-201 apply to zoning or other ordinances pertaining to historic districts, and the authority under G.S. 160A-201(b) for the ordinance to regulate the location or screening of solar collectors may encompass requiring the use of plantings or other measures to ensure that the use of solar collectors is not incongruous with the special character of the district. (1989, c. 706, s. 2; 2009-553, s. 4; 2015-241, s. 14.30(s.).)

§ 160A-400.5. Designation of landmarks; adoption of an ordinance; criteria for designation.

Upon complying with G.S. 160A-400.6, the governing board may adopt and from time to time amend or repeal an ordinance designating one or more historic landmarks. No property shall be recommended for designation as a historic landmark unless it is deemed and found by the preservation commission to be of special significance in terms of its historical, prehistorical, architectural, or cultural importance, and to possess integrity of design, setting, workmanship, materials, feeling and/or association.

The ordinance shall describe each property designated in the ordinance, the name or names of the owner or owners of the property, those elements of the property that are integral to its historical, architectural, or prehistorical value, including the land area of the property so designated, and any other information the governing board deems necessary. For each building, structure, site, area, or object so designated as a historic landmark, the ordinance shall require that the waiting period set forth in this Part be observed prior to its demolition. For each designated landmark, the ordinance may also provide for a suitable sign on the property indicating that the property has been so designated. If the owner consents, the sign shall be placed upon the property. If the owner objects, the sign shall be placed on a nearby public right-of-way. (1989, c. 706, s. 2.)

§ 160A-400.6. Required landmark designation procedures.

As a guide for the identification and evaluation of landmarks, the commission shall undertake, at the earliest possible time and consistent with the resources available to it, an inventory of properties of historical, architectural, prehistorical, and cultural significance within its jurisdiction. Such inventories and any additions or revisions thereof shall be submitted as expeditiously as possible to the Office of Archives and History. No ordinance designating a historic building, structure, site, area or object as a landmark nor any amendment thereto may be adopted, nor may any property be accepted or acquired by a preservation commission or the governing board of a municipality, until all of the following procedural steps have been taken:

(1) The preservation commission shall (i) prepare and adopt rules of procedure, and (ii) prepare and adopt principles and guidelines, not inconsistent with this Part, for altering, restoring, moving, or demolishing properties designated as landmarks.

(2) The preservation commission shall make or cause to be made an investigation and report on the historic, architectural, prehistorical, educational or cultural significance of each building, structure, site, area or object proposed for designation or acquisition. Such investigation or report shall be forwarded to the Office of Archives and History, North Carolina Department of Natural and Cultural Resources.

(3) The Department of Natural and Cultural Resources, acting through the State Historic Preservation Officer shall either upon request of the department or at the initiative of the preservation commission be given
an opportunity to review and comment upon the substance and effect of the designation of any landmark pursuant to this Part. Any comments shall be provided in writing. If the Department does not submit its comments or recommendation in connection with any designation within 30 days following receipt by the Department of the investigation and report of the commission, the commission and any city or county governing board shall be relieved of any responsibility to consider such comments.

(4) The preservation commission and the governing board shall hold a joint public hearing or separate public hearings on the proposed ordinance. Reasonable notice of the time and place thereof shall be given. All meetings of the commission shall be open to the public, in accordance with the North Carolina Open Meetings Law, Chapter 143, Article 33C.

(5) Following the joint public hearing or separate public hearings, the governing board may adopt the ordinance as proposed, adopt the ordinance with any amendments it deems necessary, or reject the proposed ordinance.

(6) Upon adoption of the ordinance, the owners and occupants of each designated landmark shall be given written notification of such designation insofar as reasonable diligence permits. One copy of the ordinance and all amendments thereto shall be filed by the preservation commission in the office of the register of deeds of the county in which the landmark or landmarks are located. In the case of any landmark property lying within the zoning jurisdiction of a city, a second copy of the ordinance and all amendments thereto shall be kept on file in the office of the city or town clerk and be made available for public inspection at any reasonable time. A third copy of the ordinance and all amendments thereto shall be given to the city or county building inspector. The fact that a building, structure, site, area or object has been designated a landmark shall be clearly indicated on all tax maps maintained by the county or city for such period as the designation remains in effect.

(7) Upon the adoption of the landmarks ordinance or any amendment thereto, it shall be the duty of the preservation commission to give notice thereof to the tax supervisor of the county in which the property is located. The designation and any recorded restrictions upon the property limiting its use for preservation purposes shall be considered by the tax supervisor in appraising it for tax purposes. (1989, c. 706, s. 2; 2002-159, s. 35(m); 2012-18, s. 1.24; 2015-241, s. 14.30(s).)

Before it may designate one or more landmarks or historic districts, a municipality shall establish or designate a historic preservation commission. The municipal governing board shall
determine the number of the members of the commission, which shall be at least three, and the length of their terms, which shall be no greater than four years. A majority of the members of such a commission shall have demonstrated special interest, experience, or education in history, architecture, archaeology, or related fields. All the members shall reside within the territorial jurisdiction of the municipality as established pursuant to G.S. 160A-360. The commission may appoint advisory bodies and committees as appropriate.

In lieu of establishing a historic preservation commission, a municipality may designate as its historic preservation commission, (i) a separate historic districts commission or a separate historic landmarks commission established pursuant to this Part to deal only with historic districts or landmarks respectively, (ii) a planning board established pursuant to this Article, or (iii) a community appearance commission established pursuant to Part 7 of this Article. In order for a commission or board other than the preservation commission to be designated, at least three of its members shall have demonstrated special interest, experience, or education in history, architecture, or related fields. At the discretion of the municipality the ordinance may also provide that the preservation commission may exercise within a historic district any or all of the powers of a planning board or a community appearance commission.

A county and one or more cities in the county may establish or designate a joint preservation commission. If a joint commission is established or designated, the county and cities involved shall determine the residence requirements of members of the joint preservation commission. (1989, c. 706, s. 2; 2005-418, s. 12.)

A preservation commission established pursuant to this Part may, within the zoning jurisdiction of the municipality:

(1) Undertake an inventory of properties of historical, prehistorical, architectural, and/or cultural significance;

(2) Recommend to the municipal governing board areas to be designated by ordinance as "Historic Districts"; and individual structures, buildings, sites, areas, or objects to be designated by ordinance as "Landmarks";

(3) Acquire by any lawful means the fee or any lesser included interest, including options to purchase, to properties within established districts or to any such properties designated as landmarks, to hold, manage, preserve, restore and improve the same, and to exchange or dispose of the property by public or private sale, lease or otherwise, subject to covenants or other legally binding restrictions which will secure appropriate rights of public access and promote the preservation of the property;

(4) Restore, preserve and operate historic properties;

(5) Recommend to the governing board that designation of any area as a historic district or part thereof, or designation of any building, structure, site, area, or object as a landmark, be revoked or removed for cause;

(6) Conduct an educational program with respect to historic properties and districts within its jurisdiction;

(7) Cooperate with the State, federal, and local governments in pursuance of the purposes of this Part. The governing board or the commission when authorized by the governing board may contract with the State, or the United States of
America, or any agency of either, or with any other organization provided the terms are not inconsistent with State or federal law;

(8) Enter, solely in performance of its official duties and only at reasonable times, upon private lands for examination or survey thereof. However, no member, employee or agent of the commission may enter any private building or structure without the express consent of the owner or occupant thereof;

(9) Prepare and recommend the official adoption of a preservation element as part of the municipality's comprehensive plan;

(10) Review and act upon proposals for alterations, demolitions, or new construction within historic districts, or for the alteration or demolition of designated landmarks, pursuant to this Part; and

(11) Negotiate at any time with the owner of a building, structure, site, area, or object for its acquisition or its preservation, when such action is reasonably necessary or appropriate. (1989, c. 706, s. 2.)

§ 160A-400.9. Certificate of appropriateness required.

(a) From and after the designation of a landmark or a historic district, no exterior portion of any building or other structure (including masonry walls, fences, light fixtures, steps and pavement, or other appurtenant features), nor above-ground utility structure nor any type of outdoor advertising sign shall be erected, altered, restored, moved, or demolished on such landmark or within such district until after an application for a certificate of appropriateness as to exterior features has been submitted to and approved by the preservation commission. The municipality shall require such a certificate to be issued by the commission prior to the issuance of a building permit or other permit granted for the purposes of constructing, altering, moving, or demolishing structures, which certificate may be issued subject to reasonable conditions necessary to carry out the purposes of this Part. A certificate of appropriateness shall be required whether or not a building or other permit is required.

For purposes of this Part, "exterior features" shall include the architectural style, general design, and general arrangement of the exterior of a building or other structure, including the kind and texture of the building material, the size and scale of the building, and the type and style of all windows, doors, light fixtures, signs, and other appurtenant fixtures. In the case of outdoor advertising signs, "exterior features" shall be construed to mean the style, material, size, and location of all such signs. Such "exterior features" may, in the discretion of the local governing board, include historic signs, color, and significant landscape, archaeological, and natural features of the area.

Except as provided in (b) below, the commission shall have no jurisdiction over interior arrangement and shall take no action under this section except to prevent the construction, reconstruction, alteration, restoration, moving, or demolition of buildings, structures, appurtenant fixtures, outdoor advertising signs, or other significant features in the district which would be incongruous with the special character of the landmark or district.

(b) Notwithstanding subsection (a) of this section, jurisdiction of the commission over interior spaces shall be limited to specific interior features of architectural, artistic or historical significance in publicly owned landmarks; and of privately owned historic landmarks for which consent for interior review has been given by the owner. Said consent of an owner for interior review shall bind future owners and/or successors in title, provided such consent has been filed in the office of the register of deeds of the county in which the property is located and indexed.
according to the name of the owner of the property in the grantee and grantor indexes. The landmark designation shall specify the interior features to be reviewed and the specific nature of the commission's jurisdiction over the interior.

(c) Prior to any action to enforce a landmark or historic district ordinance, the commission shall (i) prepare and adopt rules of procedure, and (ii) prepare and adopt principles and guidelines not inconsistent with this Part for new construction, alterations, additions, moving and demolition. The ordinance may provide, subject to prior adoption by the preservation commission of detailed standards, for the review and approval by an administrative official of applications for a certificate of appropriateness or of minor works as defined by ordinance; provided, however, that no application for a certificate of appropriateness may be denied without formal action by the preservation commission.

Prior to issuance or denial of a certificate of appropriateness the commission shall take such steps as may be reasonably required in the ordinance and/or rules of procedure to inform the owners of any property likely to be materially affected by the application, and shall give the applicant and such owners an opportunity to be heard. In cases where the commission deems it necessary, it may hold a public hearing concerning the application. All meetings of the commission shall be open to the public, in accordance with the North Carolina Open Meetings Law, Chapter 143, Article 33C.

(d) All applications for certificates of appropriateness shall be reviewed and acted upon within a reasonable time, not to exceed 180 days from the date the application for a certificate of appropriateness is filed, as defined by the ordinance or the commission's rules of procedure. As part of its review procedure, the commission may view the premises and seek the advice of the Division of Archives and History or such other expert advice as it may deem necessary under the circumstances.

(e) An appeal may be taken to the Board of Adjustment from the commission's action in granting or denying any certificate, which appeals (i) may be taken by any aggrieved party, (ii) shall be taken within times prescribed by the preservation commission by general rule, and (iii) shall be in the nature of certiorari. Any appeal from the Board of Adjustment's decision in any such case shall be heard by the superior court of the county in which the municipality is located.

(f) All of the provisions of this Part are hereby made applicable to construction, alteration, moving and demolition by the State of North Carolina, its political subdivisions, agencies and instrumentalities, provided however they shall not apply to interiors of buildings or structures owned by the State of North Carolina. The State and its agencies shall have a right of appeal to the North Carolina Historical Commission or any successor agency assuming its responsibilities under G.S. 121-12(a) from any decision of a local preservation commission. The commission shall render its decision within 30 days from the date that the notice of appeal by the State is received by it. The current edition of the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings shall be the sole principles and guidelines used in reviewing applications of the State for certificates of appropriateness. The decision of the commission shall be final and binding upon both the State and the preservation commission. (1989, c. 706, s. 2.)

§ 160A-400.10. Conflict with other laws.
Whenever any ordinance adopted pursuant to this Part requires a longer waiting period or imposes other higher standards with respect to a designated historic landmark or district than are established under any other statute, charter provision, or regulation, this Part shall govern.
Whenever the provisions of any other statute, charter provision, ordinance or regulation require a longer waiting period or impose other higher standards than are established under this Part, such other statute, charter provision, ordinance or regulation shall govern. (1989, c. 706, s. 2.)

§ 160A-400.11. Remedies.
In case any building, structure, site, area or object designated as a historic landmark or located within a historic district designated pursuant to this Part is about to be demolished whether as the result of deliberate neglect or otherwise, materially altered, remodeled, removed or destroyed, except in compliance with the ordinance or other provisions of this Part, the city or county, the historic preservation commission, or other party aggrieved by such action may institute any appropriate action or proceedings to prevent such unlawful demolition, destruction, material alteration, remodeling or removal, to restrain, correct or abate such violation, or to prevent any illegal act or conduct with respect to such building, structure, site, area or object. Such remedies shall be in addition to any others authorized by this Chapter for violation of a municipal ordinance. (1989, c. 706, s. 2.)

A city or county governing board is authorized to make appropriations to a historic preservation commission established pursuant to this Part in any amount that it may determine necessary for the expenses of the operation of the commission, and may make available any additional amounts necessary for the acquisition, restoration, preservation, operation, and management of historic buildings, structures, sites, areas or objects designated as historic landmarks or within designated historic districts, or of land on which such buildings or structures are located, or to which they may be removed. (1989, c. 706, s. 2.)

§ 160A-400.13. Protection of certain landmarks; permissible changes.
(a) Objects of Remembrance. – G.S. 100-2.1 supersedes this Part with regard to the removal or relocation of a historic landmark designated under this Part that meets the definition of an "object of remembrance" as defined in G.S. 100-2.1.

(b) Other Historic Landmarks. – Nothing in this Part shall be construed to prevent the ordinary maintenance or repair of any exterior architectural feature in a historic district or of a landmark which does not involve a change in design, material or appearance thereof, nor to prevent the construction, reconstruction, alteration, restoration, moving or demolition of any such feature which the building inspector or similar official shall certify is required by the public safety because of an unsafe or dangerous condition. Nothing in this Part shall be construed to prevent a property owner from making any use of his property that is not prohibited by other law. Nothing in this Part shall be construed to prevent a) the maintenance, or b) in the event of an emergency the immediate restoration, of any existing above-ground utility structure without approval by the preservation commission. (1989, c. 706, s. 2; 2015-170, s. 3(d).)

(a) An application for a certificate of appropriateness authorizing the relocation, demolition or destruction of a designated landmark or a building, structure or site within the district may not be denied except as provided in subsection (c). However, the effective date of such a certificate may be delayed for a period of up to 365 days from the date of approval. The maximum period of delay authorized by this section shall be reduced by the commission where it finds that
the owner would suffer extreme hardship or be permanently deprived of all beneficial use of or return from such property by virtue of the delay. During such period the preservation commission shall negotiate with the owner and with any other parties in an effort to find a means of preserving the building or site. If the preservation commission finds that a building or site within a district has no special significance or value toward maintaining the character of the district, it shall waive all or part of such period and authorize earlier demolition, or removal.

If the commission or planning board has voted to recommend designation of a property as a landmark or designation of an area as a district, and final designation has not been made by the local governing board, the demolition or destruction of any building, site, or structure located on the property of the proposed landmark or in the proposed district may be delayed by the commission or planning board for a period of up to 180 days or until the local governing board takes final action on the designation, whichever occurs first.

(b) The governing board of any municipality may enact an ordinance to prevent the demolition by neglect of any designated landmark or any building or structure within an established historic district. Such ordinance shall provide appropriate safeguards to protect property owners from undue economic hardship.

(c) An application for a certificate of appropriateness authorizing the demolition or destruction of a building, site, or structure determined by the State Historic Preservation Officer as having statewide significance as defined in the criteria of the National Register of Historic Places may be denied except where the commission finds that the owner would suffer extreme hardship or be permanently deprived of all beneficial use or return by virtue of the denial. (1989, c. 706, s. 2; 1991, c. 514, s. 1; 2005-418, s. 13.)

§ 160A-400.15. Demolition by neglect to contributing structures outside local historic districts.

Notwithstanding G.S. 160A-400.14 or any other provision of law, the governing board of any municipality may apply its demolition by neglect ordinances to contributing structures located outside the local historic district within an adjacent central business district. The governing board may modify and revise its demolition by neglect ordinances as necessary to implement this section and to further its intent. This section is applicable to any municipality with a population in excess of 100,000, provided such municipality (i) has designated portions of the central business district and its adjacent historic district as an Urban Progress Zone as defined in G.S. 143B-437.09 and (ii) is recognized by the State Historic Preservation Office and the U.S. Department of the Interior as a Certified Local Government in accordance with the National Historic Preservation Act of 1966, as amended (16 U.S.C. § 470, et seq.), and the applicable federal regulations (36 C.F.R. Part 61), but is located in a county that has not received the same certification. (2011-367, s. 1.)

§ 160A-400.16. Reserved for future codification purposes.

§ 160A-400.17. Reserved for future codification purposes.

§ 160A-400.18. Reserved for future codification purposes.

Part 3D. Development Agreements.

(a) The General Assembly finds:

(1) Large-scale development projects often occur in multiple phases extending over a period of years, requiring a long-term commitment of both public and private resources.

(2) Such large-scale developments often create potential community impacts and potential opportunities that are difficult or impossible to accommodate within traditional zoning processes.

(3) Because of their scale and duration, such large-scale projects often require careful integration between public capital facilities planning, financing, and construction schedules and the phasing of the private development.

(4) Because of their scale and duration, such large-scale projects involve substantial commitments of private capital by developers, which developers are usually unwilling to risk without sufficient assurances that development standards will remain stable through the extended period of the development.

(5) Because of their size and duration, such developments often permit communities and developers to experiment with different or nontraditional types of development concepts and standards, while still managing impacts on the surrounding areas.

(6) To better structure and manage development approvals for such large-scale developments and ensure their proper integration into local capital facilities programs, local governments need the flexibility in negotiating such developments.

(b) Local governments and agencies may enter into development agreements with developers, subject to the procedures and requirements of this Part. In entering into such agreements, a local government may not exercise any authority or make any commitment not authorized by general or local act and may not impose any tax or fee not authorized by otherwise applicable law.

(c) This Part is supplemental to the powers conferred upon local governments and does not preclude or supersede rights and obligations established pursuant to other law regarding building permits, site-specific development plans, phased development plans, or other provisions of law. (2005-426, s. 9(a).)

The following definitions apply in this Part:

(1) Comprehensive plan. – The comprehensive plan, land-use plan, small area plans, neighborhood plans, transportation plan, capital improvement plan, official map, and any other plans regarding land use and development that have been officially adopted by the governing board.

(2) Developer. – A person, including a governmental agency or redevelopment authority, who intends to undertake any development and who has a legal or equitable interest in the property to be developed.

(3) Development. – The planning for or carrying out of a building activity, the making of a material change in the use or appearance of any structure or property, or the dividing of land into two or more parcels. "Development", as designated in a law or development permit, includes the planning for and all
other activity customarily associated with it unless otherwise specified. When appropriate to the context, "development" refers to the planning for or the act of developing or to the result of development. Reference to a specific operation is not intended to mean that the operation or activity, when part of other operations or activities, is not development. Reference to particular operations is not intended to limit the generality of this item.

(4) Development permit. – A building permit, zoning permit, subdivision approval, special or conditional use permit, variance, or any other official action of local government having the effect of permitting the development of property.

(5) Governing body. – The city council of a municipality.

(6) Land development regulations. – Ordinances and regulations enacted by the appropriate governing body for the regulation of any aspect of development and includes zoning, subdivision, or any other land development ordinances.

(7) Laws. – All ordinances, resolutions, regulations, comprehensive plans, land development regulations, policies, and rules adopted by a local government affecting the development of property, and includes laws governing permitted uses of the property, density, design, and improvements.

(8) Local government. – Any municipality that exercises regulatory authority over and grants development permits for land development or which provides public facilities.

(9) Local planning board. – Any planning board established pursuant to G.S. 160A-361.

(10) Person. – An individual, corporation, business or land trust, estate, trust, partnership, association, two or more persons having a joint or common interest, State agency, or any legal entity.

(11) Property. – All real property subject to land-use regulation by a local government and includes any improvements or structures customarily regarded as a part of real property.

(12) Public facilities. – Major capital improvements, including, but not limited to, transportation, sanitary sewer, solid waste, drainage, potable water, educational, parks and recreational, and health systems and facilities. (2005-426, s. 9(a).)

§ 160A-400.22. Local governments authorized to enter into development agreements; approval of governing body required.

(a) A local government may establish procedures and requirements, as provided in this Part, to consider and enter into development agreements with developers. A development agreement must be approved by the governing body of a local government by ordinance.

(b) The development agreement may, by ordinance, be incorporated, in whole or in part, into any planning, zoning, or subdivision ordinance adopted by the local government. (2005-426, s. 9(a); 2015-246, s. 19(d).)

§ 160A-400.23. Developed property criteria; permissible durations of agreements.

(a) A local government may enter into a development agreement with a developer for the development of property as provided in this Part for developable property of any size, including property that is subject to an executed brownfields agreement pursuant to Part 5 of Article 9 of
Chapter 130A of the General Statutes. Development agreements shall be of a reasonable term specified in the agreement.

(b) Repealed by Session Laws 2015-246, s. 19(b), effective October 1, 2015. (2005-426, s. 9(a); 2013-413, s. 44(b); 2014-115, s. 17; 2015-246, s. 19(b).)

Before entering into a development agreement, a local government shall conduct a public hearing on the proposed agreement following the procedures set forth in G.S. 160A-364 regarding zoning ordinance adoption or amendment. The notice for the public hearing must specify the location of the property subject to the development agreement, the development uses proposed on the property, and must specify a place where a copy of the proposed development agreement can be obtained. In the event that the development agreement provides that the local government shall provide certain public facilities, the development agreement shall provide that the delivery date of such public facilities will be tied to successful performance by the developer in implementing the proposed development (such as meeting defined completion percentages or other performance standards). (2005-426, s. 9(a).)

§ 160A-400.25. What development agreement must provide; what it may provide; major modification requires public notice and hearing.
(a) A development agreement shall at a minimum include all of the following:

(1) A legal description of the property subject to the agreement and the names of its legal and equitable property owners.

(2) The duration of the agreement. However, the parties are not precluded from entering into subsequent development agreements that may extend the original duration period.

(3) The development uses permitted on the property, including population densities and building types, intensities, placement on the site, and design.

(4) A description of public facilities that will service the development, including who provides the facilities, the date any new public facilities, if needed, will be constructed, and a schedule to assure public facilities are available concurrent with the impacts of the development.

(5) A description, where appropriate, of any reservation or dedication of land for public purposes and any provisions to protect environmentally sensitive property.

(6) A description of all local development permits approved or needed to be approved for the development of the property together with a statement indicating that the failure of the agreement to address a particular permit, condition, term, or restriction does not relieve the developer of the necessity of complying with the law governing their permitting requirements, conditions, terms, or restrictions.

(7) A description of any conditions, terms, restrictions, or other requirements determined to be necessary by the local government for the public health, safety, or welfare of its citizens.
(8) A description, where appropriate, of any provisions for the preservation and restoration of historic structures.

(b) A development agreement may provide that the entire development or any phase of it be commenced or completed within a specified period of time. The development agreement must provide a development schedule, including commencement dates and interim completion dates at no greater than five-year intervals; provided, however, the failure to meet a commencement or completion date shall not, in and of itself, constitute a material breach of the development agreement pursuant to G.S. 160A-400.27 but must be judged based upon the totality of the circumstances. The development agreement may include other defined performance standards to be met by the developer. The developer may request a modification in the dates as set forth in the agreement. Consideration of a proposed major modification of the agreement shall follow the same procedures as required for initial approval of a development agreement.

(c) If more than one local government is made party to an agreement, the agreement must specify which local government is responsible for the overall administration of the development agreement.

(d) The development agreement also may cover any other matter not inconsistent with this Part.

(e) Any performance guarantees under the development agreement shall comply with G.S. 160A-372(g).

§ 160A-400.26. Law in effect at time of agreement governs development; exceptions.

(a) Unless the development agreement specifically provides for the application of subsequently enacted laws, the laws applicable to development of the property subject to a development agreement are those in force at the time of execution of the agreement.

(b) Except for grounds specified in G.S. 160A-385.1(e), a local government may not apply subsequently adopted ordinances or development policies to a development that is subject to a development agreement.

(c) In the event State or federal law is changed after a development agreement has been entered into and the change prevents or precludes compliance with one or more provisions of the development agreement, the local government may modify the affected provisions, upon a finding that the change in State or federal law has a fundamental effect on the development agreement, by ordinance after notice and a hearing.

(d) This section does not abrogate any rights preserved by G.S. 160A-385 or G.S. 160A-385.1, or that may vest pursuant to common law or otherwise in the absence of a development agreement. (2005-426, s. 9(a).)

§ 160A-400.27. Periodic review to assess compliance with agreement; material breach by developer; notice of breach; cure of breach or modification or termination of agreement.

(a) Procedures established pursuant to G.S. 160A-400.22 must include a provision for requiring periodic review by the zoning administrator or other appropriate officer of the local government at least every 12 months, at which time the developer must be required to demonstrate good faith compliance with the terms of the development agreement.

(b) If, as a result of a periodic review, the local government finds and determines that the developer has committed a material breach of the terms or conditions of the agreement, the local government shall serve notice in writing, within a reasonable time after the periodic review, upon
the developer setting forth with reasonable particularity the nature of the breach and the evidence supporting the finding and determination, and providing the developer a reasonable time in which to cure the material breach.

(c) If the developer fails to cure the material breach within the time given, then the local government unilaterally may terminate or modify the development agreement; provided, the notice of termination or modification may be appealed to the board of adjustment in the manner provided by G.S. 160A-388(b). (2005-426, s. 9(a).)

§ 160A-400.28. Amendment or cancellation of development agreement by mutual consent of parties or successors in interest.

A development agreement may be amended or canceled by mutual consent of the parties to the agreement or by their successors in interest. (2005-426, s. 9(a).)

§ 160A-400.29. Validity and duration of agreement entered into prior to change of jurisdiction; subsequent modification or suspension.

(a) Except as otherwise provided by this Part, any development agreement entered into by a local government before the effective date of a change of jurisdiction shall be valid for the duration of the agreement, or eight years from the effective date of the change in jurisdiction, whichever is earlier. The parties to the development agreement and the local government assuming jurisdiction have the same rights and obligations with respect to each other regarding matters addressed in the development agreement as if the property had remained in the previous jurisdiction.

(b) A local government assuming jurisdiction may modify or suspend the provisions of the development agreement if the local government determines that the failure of the local government to do so would place the residents of the territory subject to the development agreement, or the residents of the local government, or both, in a condition dangerous to their health or safety, or both. (2005-426, s. 9(a).)

§ 160A-400.30. Developer to record agreement within 14 days; burdens and benefits inure to successors in interest.

Within 14 days after a local government enters into a development agreement, the developer shall record the agreement with the register of deeds in the county where the property is located. The burdens of the development agreement are binding upon, and the benefits of the agreement shall inure to, all successors in interest to the parties to the agreement. (2005-426, s. 9(a).)

§ 160A-400.31. Applicability to local government of constitutional and statutory procedures for approval of debt.

In the event that any of the obligations of the local government in the development agreement constitute debt, the local government shall comply, at the time of the obligation to incur the debt and before the debt becomes enforceable against the local government, with any applicable constitutional and statutory procedures for the approval of this debt. (2005-426, s. 9(a).)

§ 160A-400.32. Relationship of agreement to building or housing code; comprehensive plan amendment.

(a) A development agreement adopted pursuant to this Chapter shall not exempt the property owner or developer from compliance with the State Building Code or State or local
housing codes that are not part of the local government's planning, zoning, or subdivision regulations.

(b) When the governing board approves the rezoning of any property associated with a development agreement adopted pursuant to this Chapter, the provisions of G.S. 160A-383 apply. (2005-426, s. 9(a); 2017-10, s. 2.4(d).)

Part 3E. Wireless Telecommunications Facilities.

§ 160A-400.50. Purpose and compliance with federal law.

(a) The purpose of this section is to ensure the safe and efficient integration of facilities necessary for the provision of advanced mobile broadband and wireless telecommunications services throughout the community and to ensure the ready availability of reliable wireless service to the public, government agencies, and first responders, with the intention of furthering the public safety and general welfare.

(a1) The deployment of wireless infrastructure is critical to ensuring first responders can provide for the health and safety of all residents of North Carolina and that, consistent with section 6409 of the federal Middle Class Tax Relief and Job Creation Act of 2012, 47 U.S.C. § 1455(a), which creates a national wireless emergency communications network for use by first responders that in large measure will be dependent on facilities placed on existing wireless communications support structures, it is the policy of this State to facilitate the placement of wireless communications support structures in all areas of North Carolina. The following standards shall apply to a city's actions, as a regulatory body, in the regulation of the placement, construction, or modification of a wireless communications facility.

(b) The placement, construction, or modification of wireless communications facilities shall be in conformity with the Federal Communications Act, 47 U.S.C. § 332 as amended, section 6409 of the federal Middle Class Tax Relief and Job Creation Act of 2012, 47 U.S.C. § 1455(a), and in accordance with the rules promulgated by the Federal Communications Commission.

(c) This Part shall not be construed to authorize a city to require the construction or installation of wireless facilities or to regulate wireless services other than as set forth herein. (2007-526, s. 1; 2013-185, s. 1; 2017-159, s. 2(c).)

The following definitions apply in this Part.

(1) Antenna. – Communications equipment that transmits, receives, or transmits and receives electromagnetic radio signals used in the provision of all types of wireless communications services.

(1a) Applicable codes. – The North Carolina State Building Code and any other uniform building, fire, electrical, plumbing, or mechanical codes adopted by a recognized national code organization together with State or local amendments to those codes enacted solely to address imminent threats of destruction of property or injury to persons.

(2) Application. – A request that is submitted by an applicant to a city for a permit to collocate wireless facilities or to approve the installation, modification, or replacement of a utility pole, city utility pole, or wireless support structure.
(2a) Base station. – A station at a specific site authorized to communicate with mobile stations, generally consisting of radio receivers, antennas, coaxial cables, power supplies, and other associated electronics.

(3) Building permit. – An official administrative authorization issued by the city prior to beginning construction consistent with the provisions of G.S. 160A-417.

(3a) City right-of-way. – A right-of-way owned, leased, or operated by a city, including any public street or alley that is not a part of the State highway system.

(3b) City utility pole. – A pole owned by a city in the city right-of-way that provides lighting, traffic control, or a similar function.

(4) Collocation. – The placement, installation, maintenance, modification, operation, or replacement of wireless facilities on, under, within, or on the surface of the earth adjacent to existing structures, including utility poles, city utility poles, water towers, buildings, and other structures capable of structurally supporting the attachment of wireless facilities in compliance with applicable codes. The term "collocation" does not include the installation of new utility poles, city utility poles, or wireless support structures.

(4a) Communications facility. – The set of equipment and network components, including wires and cables and associated facilities used by a communications service provider to provide communications service.

(4b) Communications service. – Cable service as defined in 47 U.S.C. § 522(6), information service as defined in 47 U.S.C. § 153(24), telecommunications service as defined in 47 U.S.C. § 153(53), or wireless services.

(4c) Communications service provider. – A cable operator as defined in 47 U.S.C. § 522(5); a provider of information service, as defined in 47 U.S.C. § 153(24); a telecommunications carrier, as defined in 47 U.S.C. § 153(51); or a wireless provider.

(4d) Eligible facilities request. – A request for modification of an existing wireless tower or base station that involves collocation of new transmission equipment or replacement of transmission equipment but does not include a substantial modification.

(5) Equipment compound. – An area surrounding or near the base of a wireless support structure within which a wireless facility is located.

(5a) Fall zone. – The area in which a wireless support structure may be expected to fall in the event of a structural failure, as measured by engineering standards.

(6) Land development regulation. – Any ordinance enacted pursuant to this Part.
(6a) Micro wireless facility. – A small wireless facility that is no larger in dimension than 24 inches in length, 15 inches in width, and 12 inches in height and that has an exterior antenna, if any, no longer than 11 inches.

(7) Search ring. – The area within which a wireless support facility or wireless facility must be located in order to meet service objectives of the wireless service provider using the wireless facility or wireless support structure.

(7a) Small wireless facility. – A wireless facility that meets both of the following qualifications:
   a. Each antenna is located inside an enclosure of no more than six cubic feet in volume or, in the case of an antenna that has exposed elements, the antenna and all of its exposed elements, if enclosed, could fit within an enclosure of no more than six cubic feet.
   b. All other wireless equipment associated with the facility has a cumulative volume of no more than 28 cubic feet. For purposes of this sub-subdivision, the following types of ancillary equipment are not included in the calculation of equipment volume: electric meters, concealment elements, telecommunications demarcation boxes, ground-based enclosures, grounding equipment, power transfer switches, cut-off switches, vertical cable runs for the connection of power and other services, or other support structures.

(7b) Substantial modification. – The mounting of a proposed wireless facility on a wireless support structure that substantially changes the physical dimensions of the support structure. A mounting is presumed to be a substantial modification if it meets any one or more of the criteria listed below. The burden is on the local government to demonstrate that a mounting that does not meet the listed criteria constitutes a substantial change to the physical dimensions of the wireless support structure.
   a. Increasing the existing vertical height of the structure by the greater of (i) more than ten percent (10%) or (ii) the height of one additional antenna array with separation from the nearest existing antenna not to exceed 20 feet.
   b. Except where necessary to shelter the antenna from inclement weather or to connect the antenna to the tower via cable, adding an appurtenance to the body of a wireless support structure that protrudes horizontally from the edge of the wireless support structure the greater of (i) more than 20 feet or (ii) more than the width of the wireless support structure at the level of the appurtenance.
   c. Increasing the square footage of the existing equipment compound by more than 2,500 square feet.

(8) Utility pole. – A structure that is designed for and used to carry lines, cables, wires, lighting facilities, or small wireless facilities for telephone, cable television, electricity, lighting, or wireless services.
(8a) Water tower. – A water storage tank, a standpipe, or an elevated tank situated on a support structure originally constructed for use as a reservoir or facility to store or deliver water.

(9) Wireless facility. – Equipment at a fixed location that enables wireless communications between user equipment and a communications network, including (i) equipment associated with wireless communications and (ii) radio transceivers, antennas, wires, coaxial or fiber-optic cable, regular and backup power supplies, and comparable equipment, regardless of technological configuration. The term includes small wireless facilities. The term shall not include any of the following:

a. The structure or improvements on, under, within, or adjacent to which the equipment is collocated.
b. Wireline backhaul facilities.
c. Coaxial or fiber-optic cable that is between wireless structures or utility poles or city utility poles or that is otherwise not immediately adjacent to or directly associated with a particular antenna.

(9a) Wireless infrastructure provider. – Any person with a certificate to provide telecommunications service in the State who builds or installs wireless communication transmission equipment, wireless facilities, or wireless support structures for small wireless facilities but that does not provide wireless services.

(9b) Wireless provider. – A wireless infrastructure provider or a wireless services provider.

(9c) Wireless services. – Any services, using licensed or unlicensed wireless spectrum, including the use of Wi-Fi, whether at a fixed location or mobile, provided to the public using wireless facilities.

(9d) Wireless services provider. – A person who provides wireless services.

(10) Wireless support structure. – A new or existing structure, such as a monopole, lattice tower, or guyed tower that is designed to support or capable of supporting wireless facilities. A utility pole or a city utility pole is not a wireless support structure. (2007-526, s. 1; 2013-185, s. 1; 2017-159, ss. 2(a)-(c).)

§ 160A-400.51A. Local authority.

A city may plan for and regulate the siting or modification of wireless support structures and wireless facilities in accordance with land development regulations and in conformity with this Part. Except as expressly stated, nothing in this Part shall limit a city from regulating applications to construct, modify, or maintain wireless support structures, or construct, modify, maintain, or collocate wireless facilities on a wireless support structure based on consideration of land use, public safety, and zoning considerations, including aesthetics, landscaping, structural design, setbacks, and fall zones, or State and local building code requirements, consistent with the provisions of federal law provided in G.S. 160A-400.50. For purposes of this Part, public safety includes, without limitation, federal, State, and local safety regulations but does not include requirements relating to radio frequency emissions of wireless facilities. (2013-185, s. 1.)
§ 160A-400.52. Construction of new wireless support structures or substantial modifications of wireless support structures.

(a) Repealed by Session Laws 2013-185, s. 1, effective October 1, 2013, and applicable to applications received on or after that date.

(b) Any person that proposes to construct a new wireless support structure or substantially modify a wireless support structure within the planning and land-use jurisdiction of a city must do both of the following:

1. Submit a completed application with the necessary copies and attachments to the appropriate planning authority.

2. Comply with any local ordinances concerning land use and any applicable permitting processes.

(c) A city's review of an application for the placement or construction of a new wireless support structure or substantial modification of a wireless support structure shall only address public safety, land development, or zoning issues. In reviewing an application, the city may not require information on or evaluate an applicant's business decisions about its designed service, customer demand for its service, or quality of its service to or from a particular area or site. A city may not require information that concerns the specific need for the wireless support structure, including if the service to be provided from the wireless support structure is to add additional wireless coverage or additional wireless capacity. A city may not require proprietary, confidential, or other business information to justify the need for the new wireless support structure, including propagation maps and telecommunication traffic studies. In reviewing an application, the city may review the following:

1. Applicable public safety, land use, or zoning issues addressed in its adopted regulations, including aesthetics, landscaping, land-use based location priorities, structural design, setbacks, and fall zones.

2. Information or materials directly related to an identified public safety, land development, or zoning issue including evidence that no existing or previously approved wireless support structure can reasonably be used for the wireless facility placement instead of the construction of a new wireless support structure, that residential, historic, and designated scenic areas cannot be served from outside the area, or that the proposed height of a new wireless support structure or initial wireless facility placement or a proposed height increase of a substantially modified wireless support structure, or replacement wireless support structure is necessary to provide the applicant's designed service.

3. A city may require applicants for new wireless facilities to evaluate the reasonable feasibility of collocating new antennas and equipment on an existing wireless support structure or structures within the applicant's search ring. Collocation on an existing wireless support structure is not reasonably feasible if collocation is technically or commercially impractical or the owner of the existing wireless support structure is unwilling to enter into a contract for such use at fair market value. Cities
may require information necessary to determine whether collocation on existing wireless support structures is reasonably feasible.

(d) Repealed by Session Laws 2013-185, s. 1, effective October 1, 2013, and applicable to applications received on or after that date.

(e) The city shall issue a written decision approving or denying an application under this section within a reasonable period of time consistent with the issuance of other land-use permits in the case of other applications, each as measured from the time the application is deemed complete.

(f) A city may fix and charge an application fee, consulting fee, or other fee associated with the submission, review, processing, and approval of an application to site new wireless support structures or to substantially modify wireless support structures or wireless facilities that is based on the costs of the services provided and does not exceed what is usual and customary for such services. Any charges or fees assessed by a city on account of an outside consultant shall be fixed in advance and incorporated into a permit or application fee and shall be based on the reasonable costs to be incurred by the city in connection with the regulatory review authorized under this section. The foregoing does not prohibit a city from imposing additional reasonable and cost based fees for costs incurred should an applicant amend its application. On request, the amount of the consultant charges incorporated into the permit or application fee shall be separately identified and disclosed to the applicant. The fee imposed by a city for review of the application may not be used for either of the following:

1. Travel time or expenses, meals, or overnight accommodations incurred in the review of an application by a consultant or other third party.

2. Reimbursements for a consultant or other third party based on a contingent fee basis or a results-based arrangement.

(g) The city may condition approval of an application for a new wireless support structure on the provision of documentation prior to the issuance of a building permit establishing the existence of one or more parties, including the owner of the wireless support structure, who intend to locate wireless facilities on the wireless support structure. A city shall not deny an initial land-use or zoning permit based on such documentation. A city may condition a permit on a requirement to construct facilities within a reasonable period of time, which shall be no less than 24 months.

(h) The city may not require the placement of wireless support structures or wireless facilities on city owned or leased property, but may develop a process to encourage the placement of wireless support structures or facilities on city owned or leased property, including an expedited approval process.

(i) This section shall not be construed to limit the provisions or requirements of any historic district or landmark regulation adopted pursuant to Part 3C of this Article. (2007-526, s. 1; 2013-185, s. 1.)

§ 160A-400.53. Collocation and eligible facilities requests of wireless support structures.

(a) Pursuant to section 6409 of the federal Middle Class Tax Relief and Job Creation Act of 2012, 47 U.S.C. § 1455(a), a city may not deny and shall approve any eligible facilities request as provided in this section. Nothing in this Part requires an application and approval for routine maintenance or limits the performance of routine maintenance on wireless support structures and facilities, including in-kind replacement of wireless facilities. Routine maintenance includes activities associated with regular and general upkeep of transmission equipment, including the
replacement of existing wireless facilities with facilities of the same size. A city may require an application for collocation or an eligible facilities request.

(a1) A collocation or eligible facilities request application is deemed complete unless the city provides notice that the application is incomplete in writing to the applicant within 45 days of submission or within some other mutually agreed upon time frame. The notice shall identify the deficiencies in the application which, if cured, would make the application complete. A city may deem an application incomplete if there is insufficient evidence provided to show that the proposed collocation or eligible facilities request will comply with federal, State, and local safety requirements. A city may not deem an application incomplete for any issue not directly related to the actual content of the application and subject matter of the collocation or eligible facilities request. An application is deemed complete on resubmission if the additional materials cure the deficiencies indicated.

(a2) The city shall issue a written decision approving an eligible facilities request application within 45 days of such application being deemed complete. For a collocation application that is not an eligible facilities request, the city shall issue its written decision to approve or deny the application within 45 days of the application being deemed complete.

(a3) A city may impose a fee not to exceed one thousand dollars ($1,000) for technical consultation and the review of a collocation or eligible facilities request application. The fee must be based on the actual, direct, and reasonable administrative costs incurred for the review, processing, and approval of a collocation application. A city may engage a third-party consultant for technical consultation and the review of a collocation application. The fee imposed by a city for the review of the application may not be used for either of the following:

(1) Travel expenses incurred in a third-party's review of a collocation application.

(2) Reimbursement for a consultant or other third party based on a contingent fee basis or results-based arrangement.

(b), (c) Repealed by Session Laws 2013-185, s. 1, effective October 1, 2013, and applicable to applications received on or after that date. (2007-526, s. 1; 2013-185, s. 1.)

§ 160A-400.54. Collocation of small wireless facilities.

(a) Except as expressly provided in this Part, a city shall not prohibit, regulate, or charge for the collocation of small wireless facilities.

(b) A city may not establish a moratorium on (i) filing, receiving, or processing applications or (ii) issuing permits or any other approvals for the collocation of small wireless facilities.

(c) Small wireless facilities that meet the height requirements of G.S. 160A-400.55(b)(2) shall only be subject to administrative review and approval under subsection (d) of this section if they are collocated (i) in a city right-of-way within any zoning district or (ii) outside of city rights-of-way on property other than single-family residential property.

(d) A city may require an applicant to obtain a permit to collocate a small wireless facility. A city shall receive applications for, process, and issue such permits subject to the following requirements:

(1) A city may not, directly or indirectly, require an applicant to perform services unrelated to the collocation for which approval is sought. For purposes of this subdivision, "services unrelated to the collocation,"
includes in-kind contributions to the city such as the reservation of fiber, conduit, or pole space for the city.

(2) The wireless provider completes an application as specified in form and content by the city. A wireless provider shall not be required to provide more information to obtain a permit than communications service providers that are not wireless providers.

(3) A permit application shall be deemed complete unless the city provides notice otherwise in writing to the applicant within 30 days of submission or within some other mutually agreed upon time frame. The notice shall identify the deficiencies in the application which, if cured, would make the application complete. The application shall be deemed complete on resubmission if the additional materials cure the deficiencies identified.

(4) The permit application shall be processed on a nondiscriminatory basis and shall be deemed approved if the city fails to approve or deny the application within 45 days from the time the application is deemed complete or a mutually agreed upon time frame between the city and the applicant.

(5) A city may deny an application only on the basis that it does not meet any of the following: (i) the city's applicable codes; (ii) local code provisions or regulations that concern public safety, objective design standards for decorative utility poles, city utility poles, or reasonable and nondiscriminatory stealth and concealment requirements, including screening or landscaping for ground-mounted equipment; (iii) public safety and reasonable spacing requirements concerning the location of ground-mounted equipment in a right-of-way; or (iv) the historic preservation requirements in subsection 160A-400.55(i). The city must (i) document the basis for a denial, including the specific code provisions on which the denial was based and (ii) send the documentation to the applicant on or before the day the city denies an application. The applicant may cure the deficiencies identified by the city and resubmit the application within 30 days of the denial without paying an additional application fee. The city shall approve or deny the revised application within 30 days of the date on which the application was resubmitted. Any subsequent review shall be limited to the deficiencies cited in the prior denial.

(6) An application must include an attestation that the small wireless facilities shall be collocated on the utility pole, city utility pole, or wireless support structure and that the small wireless facilities shall be activated for use by a wireless services provider to provide service no later than one year from the permit issuance date, unless the city and the wireless provider agree to extend this period or a delay is caused by a lack of commercial power at the site.
(7) An applicant seeking to collocate small wireless facilities at multiple locations within the jurisdiction of a city shall be allowed at the applicant's discretion to file a consolidated application for no more than 25 separate facilities and receive a permit for the collocation of all the small wireless facilities meeting the requirements of this section. A city may remove small wireless facility collocations from a consolidated application and treat separately small wireless facility collocations (i) for which incomplete information has been provided or (ii) that are denied. The city may issue a separate permit for each collocation that is approved.

(8) The permit may specify that collocation of the small wireless facility shall commence within six months of approval and shall be activated for use no later than one year from the permit issuance date, unless the city and the wireless provider agree to extend this period or a delay is caused by a lack of commercial power at the site.

(e) Subject to the limitations provided in G.S. 160A-296(a)(6), a city may charge an application fee that shall not exceed the lesser of (i) the actual, direct, and reasonable costs to process and review applications for collocated small wireless facilities; (ii) the amount charged by the city for permitting of any similar activity; or (iii) one hundred dollars ($100.00) per facility for the first five small wireless facilities addressed in an application, plus fifty dollars ($50.00) for each additional small wireless facility addressed in the application. In any dispute concerning the appropriateness of a fee, the city has the burden of proving that the fee meets the requirements of this subsection.

(f) Subject to the limitations provided in G.S. 160A-296(a)(6), a city may impose a technical consulting fee for each application, not to exceed five hundred dollars ($500.00), to offset the cost of reviewing and processing applications required by this section. The fee must be based on the actual, direct, and reasonable administrative costs incurred for the review, processing, and approval of an application. A city may engage an outside consultant for technical consultation and the review of an application. The fee imposed by a city for the review of the application shall not be used for either of the following:

(1) Travel expenses incurred in the review of a collocation application by an outside consultant or other third party.

(2) Direct payment or reimbursement for an outside consultant or other third party based on a contingent fee basis or results-based arrangement.

In any dispute concerning the appropriateness of a fee, the city has the burden of proving that the fee meets the requirements of this subsection.

(g) A city may require a wireless services provider to remove an abandoned wireless facility within 180 days of abandonment. Should the wireless services provider fail to timely remove the abandoned wireless facility, the city may cause such wireless facility to be removed and may recover the actual cost of such removal, including legal fees, if any, from the wireless services provider. For purposes of this subsection, a wireless facility shall be deemed abandoned at the earlier of the date that the wireless services provider indicates that it is abandoning such facility or the date that is 180 days after the date that such wireless facility ceases to transmit a signal, unless the wireless services provider gives the city reasonable evidence that it is diligently working to place such wireless facility back in service.
(h) A city shall not require an application or permit or charge fees for (i) routine maintenance; (ii) the replacement of small wireless facilities with small wireless facilities that are the same size or smaller; or (iii) installation, placement, maintenance, or replacement of micro wireless facilities that are suspended on cables strung between existing utility poles or city utility poles in compliance with applicable codes by or for a communications service provider authorized to occupy the city rights-of-way and who is remitting taxes under G.S. 105-164.4(a)(4c) or G.S. 105-164.4(a)(6).

(i) Nothing in this section shall prevent a city from requiring a work permit for work that involves excavation, affects traffic patterns, or obstructs vehicular traffic in the city right-of-way. (2017-159, s. 2(c); 2018-145, s. 7(a), (b.).)

(a) A city shall not enter into an exclusive arrangement with any person for use of city rights-of-way for the construction, operation, marketing, or maintenance of wireless facilities or wireless support structures or the collocation of small wireless facilities.

(b) Subject to the requirements of G.S. 160A-400.54, a wireless provider may collocate small wireless facilities along, across, upon, or under any city right-of-way. Subject to the requirements of this section, a wireless provider may place, maintain, modify, operate, or replace associated utility poles, city utility poles, conduit, cable, or related appurtenances and facilities along, across, upon, and under any city right-of-way. The placement, maintenance, modification, operation, or replacement of utility poles and city utility poles associated with the collocation of small wireless facilities, along, across, upon, or under any city right-of-way shall be subject only to review or approval under subsection (d) of G.S. 160A-400.54 if the wireless provider meets all the following requirements:

(1) Each new utility pole and each modified or replacement utility pole or city utility pole installed in the right-of-way shall not exceed 50 feet above ground level.

(2) Each new small wireless facility in the right-of-way shall not extend more than 10 feet above the utility pole, city utility pole, or wireless support structure on which it is collocated.

(c) Nothing in this section shall be construed to prohibit a city from allowing utility poles, city utility poles, or wireless facilities that exceed the limits set forth in subdivision (1) of subsection (b) of this section.

(d) Applicants for use of a city right-of-way shall comply with a city's undergrounding requirements prohibiting the installation of above-ground structures in the city rights-of-way without prior zoning approval, if those requirements (i) are nondiscriminatory with respect to type of utility, (ii) do not prohibit the replacement of structures existing at the time of adoption of the requirements, and (iii) have a waiver process.

(e) Notwithstanding subsection (d) of this section, in no instance in an area zoned single-family residential where the existing utilities are installed underground may a utility pole, city utility pole, or wireless support structure exceed forty (40) feet above ground level, unless the city grants a waiver or variance approving a taller utility pole, city utility pole, or wireless support structure.

(f) Except as provided in this part, a city may assess a right-of-way charge under this section for use or occupation of the right-of-way by a wireless provider, subject to the restrictions
set forth under G.S. 160A-296(a)(6). In addition, charges authorized by this section shall meet all of the following requirements:

1. The right-of-way charge shall not exceed the direct and actual cost of managing the city rights-of-way and shall not be based on the wireless provider's revenue or customer counts.

2. The right-of-way charge shall not exceed that imposed on other users of the right-of-way, including publicly, cooperatively, or municipally owned utilities.

3. The right-of-way charge shall be reasonable and nondiscriminatory.

Nothing in this subsection is intended to establish or otherwise affect rates charged for attachments to utility poles, city utility poles, or wireless support structures. At its discretion, a city may provide free access to city rights-of-way on a nondiscriminatory basis in order to facilitate the public benefits of the deployment of wireless services.

(g) Nothing in this section is intended to authorize a person to place, maintain, modify, operate, or replace a privately owned utility pole or wireless support structure or to collocate small wireless facilities on a privately owned utility pole, a privately owned wireless support structure, or other private property without the consent of the property owner.

(h) A city may require a wireless provider to repair all damage to a city right-of-way directly caused by the activities of the wireless provider, while occupying, installing, repairing, or maintaining wireless facilities, wireless support structures, city utility poles, or utility poles and to return the right-of-way to its functional equivalence before the damage. If the wireless provider fails to make the repairs required by the city within a reasonable time after written notice, the city may undertake those repairs and charge the applicable party the reasonable and documented cost of the repairs. The city may maintain an action to recover the costs of the repairs.

(i) This section shall not be construed to limit local government authority to enforce historic preservation zoning regulations consistent with Part 3C of Article 19 of this Chapter, the preservation of local zoning authority under 47 U.S.C. § 332(c)(7), the requirements for facility modifications under 47 U.S.C. § 1455(a), or the National Historic Preservation Act of 1966, 54 U.S.C. § 300101, et seq., as amended, and the regulations, local acts, and city charter provisions adopted to implement those laws.

(j) A wireless provider may apply to a city to place utility poles in the city rights-of-way, or to replace or modify utility poles or city utility poles in the public rights-of-way, to support the collocation of small wireless facilities. A city shall accept and process the application in accordance with the provisions of G.S. 160A-400.54(d), applicable codes, and other local codes governing the placement of utility poles or city utility poles in the city rights-of-way, including provisions or regulations that concern public safety, objective design standards for decorative utility poles or city utility poles, or reasonable and nondiscriminatory stealth and concealment requirements, including those relating to screening or landscaping, or public safety and reasonable spacing requirements. The application may be submitted in conjunction with the associated small wireless facility application. (2017-159, s. 2(c).)

§ 160A-400.56. Access to city utility poles to install small wireless facilities.

(a) A city may not enter into an exclusive arrangement with any person for the right to collocate small wireless facilities on city utility poles. A city shall allow any wireless provider to collocate small wireless facilities on its city utility poles at just, reasonable, and nondiscriminatory rates, terms, and conditions, but in no instance may the rate exceed fifty dollars ($50.00) per city
utility pole per year. The North Carolina Utilities Commission shall not consider this subsection as evidence in a proceeding initiated pursuant to G.S. 62-350(c).

(b) A request to collocate under this section may be denied only if there is insufficient capacity or for reasons of safety, reliability, and generally applicable engineering principles, and those limitations cannot be remedied by rearranging, expanding, or otherwise reengineering the facilities at the reasonable and actual cost of the city to be reimbursed by the wireless provider. In granting a request under this section, a city shall require the requesting entity to comply with applicable safety requirements, including the National Electrical Safety Code and the applicable rules and regulations issued by the Occupational Safety and Health Administration.

(c) If a city that operates a public enterprise as permitted by Article 16 of this Chapter has an existing city utility pole attachment rate, fee, or other term with an entity, then, subject to termination provisions, that attachment rate, fee, or other term shall apply to collocations by that entity or its related entities on city utility poles.

(d) Following receipt of the first request from a wireless provider to collocate on a city utility pole, a city shall, within 60 days, establish the rates, terms, and conditions for the use of or attachment to the city utility poles that it owns or controls. Upon request, a party shall state in writing its objections to any proposed rate, terms, and conditions of the other party.

(e) In any controversy concerning the appropriateness of a rate for a collocation attachment to a city utility pole, the city has the burden of proving that the rates are reasonably related to the actual, direct, and reasonable costs incurred for use of space on the pole for such period.

(f) The city shall provide a good-faith estimate for any make-ready work necessary to enable the city utility pole to support the requested collocation, including pole replacement if necessary, within 60 days after receipt of a complete application. Make-ready work, including any pole replacement, shall be completed within 60 days of written acceptance of the good-faith estimate by the applicant. For purposes of this section, the term "make-ready work" means any modification or replacement of a city utility pole necessary for the city utility pole to support a small wireless facility in compliance with applicable safety requirements, including the National Electrical Safety Code, that is performed in preparation for a collocation installation.

(g) The city shall not require more make-ready work than that required to meet applicable codes or industry standards. Fees for make-ready work shall not include costs related to preexisting or prior damage or noncompliance. Fees for make-ready work, including any pole replacement, shall not exceed actual costs or the amount charged to other communications service providers for similar work and shall not include any consultant fees or expenses.

(h) Nothing in this Part shall be construed to apply to an entity whose poles, ducts, and conduits are subject to regulation under section 224 of the Communications Act of 1934, 47 U.S.C. § 151, et seq., as amended, or under G.S. 62-350.

(i) This section shall not apply to an excluded entity. Nothing in this section shall be construed to affect the authority of an excluded entity to deny, limit, restrict, or determine the rates, fees, terms, and conditions for the use of or attachment to its utility poles, city utility poles, or wireless support structures by a wireless provider. This section shall not be construed to alter or affect the provisions of G.S. 62-350, and the rates, terms, or conditions for the use of poles, ducts, or conduits by communications service providers, as defined in G.S. 62-350, are governed solely by G.S. 62-350. For purposes of this section, "excluded entity" means (i) a city that owns or operates a public enterprise pursuant to Article 16 of this Chapter consisting of an electric power generation, transmission, or distribution system or (ii) an electric membership corporation organized under Chapter 117 of the General Statutes that owns or controls poles, ducts, or conduits,
but which is exempt from regulation under section 224 of the Communications Act of 1934, 47 U.S.C. § 151 et seq., as amended. (2017-159, s. 2(c.).)

§ 160A-400.57. Applicability.
(a) A city shall not adopt or enforce any ordinance, rule, regulation, or resolution that regulates the design, engineering, construction, installation, or operation of any small wireless facility located in an interior structure or upon the site of any stadium or athletic facility. This subsection does not apply to a stadium or athletic facility owned or otherwise controlled by the city. This subsection does not prohibit the enforcement of applicable codes.
(b) Nothing contained in this Part shall amend, modify, or otherwise affect any easement between private parties. Any and all rights for the use of a right-of-way are subject to the rights granted pursuant to an easement between private parties.
(c) Except as provided in this Part or otherwise specifically authorized by the General Statutes, a city may not adopt or enforce any regulation on the placement or operation of communications facilities in the rights-of-way of State-maintained highways or city rights-of-way by a provider authorized by State law to operate in the rights-of-way of State-maintained highways or city rights-of-way and may not regulate any communications services.
(d) Except as provided in this Part or specifically authorized by the General Statutes, a city may not impose or collect any tax, fee, or charge to provide a communications service over a communications facility in the right-of-way.
(e) The approval of the installation, placement, maintenance, or operation of a small wireless facility pursuant to this Part does not authorize the provision of any communications services or the installation, placement, maintenance, or operation of any communications facility, including a wireline backhaul facility, other than a small wireless facility, in the right-of-way. (2017-159, s. 2(c.).)

§ 160A-400.58. Reserved for future codification purposes.

Part 4. Acquisition of Open Space.

§ 160A-401. Legislative intent.
It is the intent of the General Assembly in enacting this Part to provide a means whereby any county or city may acquire, by purchase, gift, grant, devise, lease, or otherwise, and through the expenditure of public funds, the fee or any lesser interest or right in real property in order to preserve, through limitation of their future use, open spaces and areas for public use and enjoyment. (1963, c. 1129, s. 1; 1971, c. 698, s. 1; 2011-284, s. 116.)

The General Assembly finds that the rapid growth and spread of urban development in the State is encroaching upon, or eliminating, many open areas and spaces of varied size and character, including many having significant scenic or esthetic values, which areas and spaces if preserved and maintained in their present open state would constitute important physical, social, esthetic, or economic assets to existing and impending urban development. The General Assembly declares that it is necessary for sound and proper urban development and in the public interest of the people of this State for any county or city to expend or advance public funds for, or to accept by purchase, gift, grant, devise, lease, or otherwise, the fee or any lesser interest or right in real property so as
to acquire, maintain, improve, protect, limit the future use of, or otherwise conserve open spaces and areas within their respective jurisdictions as defined by this Article.

The General Assembly declares that the acquisition of interests or rights in real property for the preservation of open spaces and areas constitutes a public purpose for which public funds may be expended or advanced. (1963, c. 1129, s. 2; 1971, c. 698, s. 1; 2011-284, s. 117.)

§ 160A-403. Counties or cities authorized to acquire and reconvey real property.

Any county or city in the State may acquire by purchase, gift, grant, devise, lease, or otherwise, the fee or any lesser interest, development right, easement, covenant, or other contractual right of or to real property within its respective jurisdiction, when it finds that the acquisition is necessary to achieve the purposes of this Part. Any county or city may also acquire the fee to any property for the purpose of conveying or leasing the property back to its original owner or other person under covenants or other contractual arrangements that will limit the future use of the property in accordance with the purposes of this Part, but when this is done, the property may be conveyed back to its original owner but to no other person by private sale. (1963, c. 1129, s. 3; 1971, c. 698, s. 1; 2011-284, s. 118.)

Any county or city may enter into any agreement with any other county or city for the purpose of jointly exercising the authority granted by this Part. (1963, c. 1129, s. 4; 1971, c. 698, s. 1.)

Any county or city, in order to exercise the authority granted by this Part, may:

1. Enter into and carry out contracts with the State or federal government or any agencies thereof under which grants or other assistance are made to the county or city;
2. Accept any assistance or funds that may be granted by the State or federal government with or without a contract;
3. Agree to and comply with any reasonable conditions imposed upon grants;
4. Make expenditures from any funds so granted. (1963, c. 1129, s. 5; 1971, c. 698, s. 1.)

For the purposes set forth in this Part, a county or city may appropriate funds not otherwise limited as to use by law. (1963, c. 1129, s. 6; 1971, c. 698, s. 1; 1973, c. 426, s. 60; 1975, c. 664, s. 14.)

(a) For the purpose of this Part an "open space" or "open area" is any space or area (i) characterized by great natural scenic beauty or (ii) whose existing openness, natural condition, or present state of use, if retained, would enhance the present or potential value of abutting or surrounding urban development, or would maintain or enhance the conservation of natural or scenic resources.

(b) For the purposes of this Part "open space" or "open area" and the "public use and enjoyment" of interests or rights in real property shall also include open space land and open space uses. The term "open space land" means any undeveloped or predominantly undeveloped land in
an urban area that has value for one or more of the following purposes: (i) park and recreational purposes, (ii) conservation of land and other natural resources, or (iii) historic or scenic purposes. The term "open space uses" means any use of open space land for (i) park and recreational purposes, (ii) conservation of land and other natural resources, or (iii) historic or scenic purposes. (1963, c. 1129, s. 7; 1969, c. 35, s. 1; 1971, c. 698, s. 1.)

Part 5. Building Inspection.

§ 160A-411. Inspection department.

Every city in the State is hereby authorized to create an inspection department, and may appoint one or more inspectors who may be given the titles of building inspector, electrical inspector, plumbing inspector, housing inspector, zoning inspector, heating and air-conditioning inspector, fire prevention inspector, or deputy or assistant inspector, or such other titles as may be generally descriptive of the duties assigned. The department may be headed by a superintendent or director of inspections. Every city shall perform the duties and responsibilities set forth in G.S. 160A-412 either by: (i) creating its own inspection department; (ii) creating a joint inspection department in cooperation with one or more other units of local government, pursuant to G.S. 160A-413 or Part 1 of Article 20 of this Chapter; (iii) contracting with another unit of local government for the provision of inspection services pursuant to Part 1 of Article 20 of this Chapter; or (iv) arranging for the county in which it is located to perform inspection services within the city's jurisdiction as authorized by G.S. 160A-413 and G.S. 160A-360. Such action shall be taken no later than the applicable date in the schedule below, according to the city's population as published in the 1970 United States Census:

- Cities over 75,000 population – July 1, 1979
- Cities between 50,001 and 75,000 – July 1, 1981
- Cities between 25,001 and 50,000 – July 1, 1983
- Cities 25,000 and under – July 1, 1985.

In the event that any city shall fail to provide inspection services by the date specified above or shall cease to provide such services at any time thereafter, the Commissioner of Insurance shall arrange for the provision of such services, either through personnel employed by his department or through an arrangement with other units of government. In either event, the Commissioner shall have and may exercise within the city's jurisdiction all powers made available to the city council with respect to building inspection under Part 5 of Article 19, and Part 1 of Article 20 of this Chapter. Whenever the Commissioner has intervened in this manner, the city may assume provision of inspection services only after giving the Commissioner two years' written notice of its intention to do so; provided, however, that the Commissioner may waive this requirement or permit assumption at an earlier date if he finds that such earlier assumption will not unduly interfere with arrangements he has made for the provision of those services. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1977, c. 531, s. 5.)

On and after the applicable date set forth in the schedule in G.S. 160A-411, no city shall employ an inspector to enforce the State Building Code as a member of a city or joint inspection department who does not have one of the following types of certificates issued by the North Carolina Code Officials Qualification Board attesting to his qualifications to hold such position:
(i) a probationary certificate, valid for one year only; (ii) a standard certificate; or (iii) a limited certificate which shall be valid only as an authorization for him to continue in the position held on the date specified in G.S. 143-151.13(c) and which shall become invalid if he does not successfully complete in-service training specified by the Qualification Board within the period specified in G.S. 143-151.13(c). An inspector holding one of the above certificates can be promoted to a position requiring a higher level certificate only upon issuance by the Board of a standard certificate or probationary certificate appropriate for such new position. (1977, c. 531, s. 6.)

§ 160A-412. Duties and responsibilities.

(a) The duties and responsibilities of an inspection department and of the inspectors therein shall be to enforce within their territorial jurisdiction State and local laws relating to

1. The construction of buildings and other structures;
2. The installation of such facilities as plumbing systems, electrical systems, heating systems, refrigeration systems, and air-conditioning systems;
3. The maintenance of buildings and other structures in a safe, sanitary, and healthful condition;
4. Other matters that may be specified by the city council.

(a1) The duties and responsibilities set forth in subsection (a) of this section shall include the receipt of applications for permits and the issuance or denial of permits, the making of any necessary inspections in a timely manner, the issuance or denial of certificates of compliance, the issuance of orders to correct violations, the bringing of judicial actions against actual or threatened violations, the keeping of adequate records, and any other actions that may be required in order adequately to enforce those laws. The city council shall have the authority to enact reasonable and appropriate provisions governing the enforcement of those laws.

(b) Except as provided in G.S. 160A-424, a city may not adopt or enforce a local ordinance or resolution or any other policy that requires regular, routine inspections of buildings or structures constructed in compliance with the North Carolina Residential Code for One- and Two-Family Dwellings in addition to the specific inspections required by the North Carolina Building Code without first obtaining approval from the North Carolina Building Code Council. The North Carolina Building Code Council shall review all applications for additional inspections requested by a city and shall, in a reasonable manner, approve or disapprove the additional inspections. This subsection does not limit the authority of the city to require inspections upon unforeseen or unique circumstances that require immediate action.

(b1) In performing the specific inspections required by the North Carolina Building Code, the inspector shall conduct all inspections requested by the permit holder for each scheduled inspection visit. For each requested inspection, the inspector shall inform the permit holder of instances in which the work inspected fails to meet the requirements of the North Carolina Residential Code for One- and Two-Family Dwellings or the North Carolina Building Code.

(c)-(e) Recodified as G.S. 160A-413.5(a)-(c) by Session Laws 2018-29, s. 1(b)-(d), effective July 1, 2018.

(f) Each inspection department shall implement a process for an informal internal review of inspection decisions made by the department's inspectors. This process shall include, at a minimum, the following:

1. Initial review by the supervisor of the inspector.
2. The provision in or with each permit issued by the department of (i) the name, phone number, and e-mail address of the supervisor of each
inspector and (ii) a notice of availability of the informal internal review process.

(3) Procedures the department shall follow when a permit holder or applicant requests an internal review of an inspector's decision.

Nothing in this subsection shall limit or abrogate any rights available under Chapter 150B of the General Statutes to a permit holder or applicant.

(g) **(Expires October 1, 2019 – see note.)** If a specific building framing inspection as required by the North Carolina Residential Code for One- and Two-Family Dwellings results in 15 or more separate violations of that Code, the inspector shall forward a copy of the inspection report to the Department of Insurance. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 2013-118, s. 1(b); 2015-145, ss. 8.2, 9(c); 2017-130, ss. 1(b), 2(b), 3(b), 4(b); 2018-29, ss. 1(b)-(d), 6(b).)

§ 160A-413. Joint inspection department; other arrangements.

A city council may enter into and carry out contracts with another city, county, or combination thereof under which the parties agree to create and support a joint inspection department for the enforcement of State and local laws specified in the agreement. The governing boards of the contracting parties are authorized to make any necessary appropriations for this purpose.

In lieu of a joint inspection department, a city council may designate an inspector from any other city or county to serve as a member of its inspection department with the approval of the governing body of the other city or county. A city may also contract with an individual who is not a city or county employee but who holds one of the applicable certificates as provided in G.S. 160A-411.1 or G.S. 153A-351.1 or with the employer of an individual who holds one of the applicable certificates as provided in G.S. 160A-411.1 or G.S. 153A-351.1. The inspector, if designated from another city or county under this section, shall, while exercising the duties of the position, be considered a municipal employee. The city shall have the same potential liability, if any, for inspections conducted by an individual who is not an employee of the city as it does for an individual who is an employee of the city. The company or individual with whom the city contracts shall have errors and omissions and other insurance coverage acceptable to the city.

The city council of any city may request the board of county commissioners of the county in which the city is located to direct one or more county building inspectors to exercise their powers within part or all of the city's jurisdiction, and they shall thereupon be empowered to do so until the city council officially withdraws its request in the manner provided in G.S. 160A-360(g). (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 64; 1993, c. 232, s. 3; 1999-372, s. 3; 2001-278, s. 2.)

§ 160A-413.1: Reserved for future codification purposes.

§ 160A-413.2: Reserved for future codification purposes.

§ 160A-413.3: Reserved for future codification purposes.

§ 160A-413.4: Reserved for future codification purposes.

§ 160A-413.5. Alternate inspection method for component or element.
(a) Notwithstanding the requirements of this Article, a city shall accept, without further responsibility to inspect, a design or other proposal for a component or element in the construction of buildings from a licensed architect or licensed engineer provided all of the following apply:

(1) The design or other proposal is completed under valid seal of the licensed architect or licensed engineer.

(2) Field inspection of the installation or completion of the component or element of the building is performed by a licensed architect or licensed engineer or a person under the direct supervisory control of the licensed architect or licensed engineer.

(3) The licensed architect or licensed engineer provides the city with a signed written document stating the component or element of the building so inspected under subdivision (2) of this subsection is in compliance with the North Carolina State Building Code or the North Carolina Residential Code for One- and Two-Family Dwellings. The inspection certification required under this subdivision shall be provided by electronic or physical delivery and its receipt shall be promptly acknowledged by the city through reciprocal means.

(b) Upon the receipt of a signed written document as required under subsection (a) of this section, notwithstanding the issuance of a certificate of occupancy, the city, its inspection department, and the inspectors shall be discharged and released from any liabilities, duties and responsibilities imposed by this Article or in common law from any claim arising out of or attributed to the component or element in the construction of the building for which the signed written document was submitted.

(c) Other than what may be required by subsection (a) of this section, no further certification by a licensed architect or licensed engineer shall be required for any component or element designed and sealed by a licensed architect or licensed engineer for the manufacturer of the component or element under the North Carolina State Building Code or the North Carolina Residential Code for One- and Two-Family Dwellings.

(d) As used in this section, the following definitions shall apply:

(1) Component. – Any assembly, subassembly, or combination of elements designed to be combined with other components to form part of a building or structure. Examples of a component include an excavated footing trench containing no concrete.

(2) Element. – A combination of products designed to be combined with other elements to form all or part of a building component.

Components and elements are not systems. (2015-145, ss. 8.2, 9(c); 2017-130, ss. 1(b), 2(b), 3(b), 4(b); 2018-29, ss. 1(a)-(e).)

§ 160A-413.6. Mutual aid contracts.

(a) Any two or more cities or counties may enter into contracts with each other to provide mutual aid and assistance in the administration and enforcement of State and local laws pertaining to the North Carolina State Building Code. Mutual aid contracts may include provisions addressing the scope of aid provided, for reimbursement or indemnification of the aiding party for loss or damage incurred by giving aid, for delegating authority to a designated official or employee to request aid or to send aid upon request, and any other provisions not inconsistent with law.
(b) Unless the mutual aid contract says otherwise, while working with the requesting city or county under the authority of this section, a Code-enforcement official shall have the same jurisdiction, powers, rights, privileges, and immunities, including those relating to the defense of civil actions and payment of judgments, as the Code-enforcement officials of the requesting agency.

(c) Nothing in this section shall deprive any party to a mutual aid contract under this section of its discretion to send or decline to provide aid to another party to the contract under any circumstances, whether or not obligated by the contract to do so. In no case shall a party to a mutual aid contract or any of its officials or employees be held to answer in any civil or criminal action for declining to send aid whether or not obligated by contract to do so. (2018-29, s. 5(b).)

(a) A city council may appropriate any available funds for the support of its inspection department any funds that it deems necessary. It may provide for paying inspectors fixed salaries or it may reimburse them for their services by paying over part or all of any fees collected. It may fix reasonable fees for issuing permits, for inspections, and for other services of the inspection department.

(b) When an inspection, for which the permit holder has paid a fee to the city, is performed by a marketplace pool Code-enforcement official upon request of the Insurance Commissioner under G.S. 143-151.12(9)a., the city shall promptly return to the permit holder the fee collected by the city for such inspection. This applies to the following inspections: plumbing, electrical systems, general building restrictions and regulations, heating and air-conditioning, and the general construction of buildings.

(c) All fees collected under this section shall be used for support of the administration and activities of the inspection department and for no other purpose. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 2015-145, s. 7.2; 2018-29, s. 3(b).)

§ 160A-415. Conflicts of interest.

No member of an inspection department shall be financially interested or employed by a business that is financially interested in the furnishing of labor, material, or appliances for the construction, alteration, or maintenance of any building within the city's jurisdiction or any part or system thereof, or in the making of plans or specifications therefor, unless he is the owner of the building. No member of an inspection department or other individual or an employee of a company contracting with a city to conduct inspections shall engage in any work that is inconsistent with his or her duties or with the interest of the city, as determined by the city. The city must find a conflict of interest if any of the following is the case:

(1) If the individual, company, or employee of a company contracting to perform inspections for the city has worked for the owner, developer, contractor, or project manager of the project to be inspected within the last two years.

(2) If the individual, company, or employee of a company contracting to perform inspections for the city is closely related to the owner, developer, contractor, or project manager of the project to be inspected.

(3) If the individual, company, or employee of a company contracting to perform inspections for the city has a financial or business interest in the project to be inspected.
The provisions of this section do not apply to a firefighter whose primary duties are fire suppression and rescue, but who engages in some fire inspection activities as a secondary responsibility of the firefighter's employment as a firefighter, except no firefighter may inspect any work actually done, or materials or appliances supplied, by the firefighter or the firefighter's business within the preceding six years. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1993, c. 232, s. 4; 1998-122, s. 1; 1999-372, s. 4.)

§ 160A-416. Failure to perform duties.
   (a) If any member of an inspection department shall willfully fail to perform the duties required of him by law, or willfully shall improperly issue a permit, or shall give a certificate of compliance without first making the inspections required by law, or willfully shall improperly give a certificate of compliance, he shall be guilty of a Class 1 misdemeanor.
   (b) A member of the inspection department shall not be in violation of this section when the city, its inspection department, or one of the inspectors accepted a signed written document of compliance with the North Carolina State Building Code or the North Carolina Residential Code for One- and Two-Family Dwellings from a licensed architect or licensed engineer in accordance with G.S. 160A-412(c). (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1993, c. 539, s. 1089; 1994, Ex. Sess., c. 24, s. 14(c); 2015-145, s. 9(d.).)

   (a) Except as provided in subsection (a2) of this section, no person shall commence or proceed with any of the following without first securing from the inspection department with jurisdiction over the site of the work any and all permits required by the State Building Code and any other State or local laws applicable to the work:
      (1) The construction, reconstruction, alteration, repair, movement to another site, removal, or demolition of any building or structure.
      (2) The installation, extension, or general repair of any plumbing system except that in any one- or two-family dwelling unit a permit shall not be required for the connection of a water heater that is being replaced, provided that the work is performed by a person licensed under G.S. 87-21, who personally examines the work at completion and ensures that a leak test has been performed on the gas piping, and provided the energy use rate or thermal input is not greater than that of the water heater which is being replaced, there is no change in fuel, energy source, location, capacity, or routing or sizing of venting and piping, and the replacement is installed in accordance with the current edition of the State Building Code.
      (3) The installation, extension, alteration, or general repair of any heating or cooling equipment system.
      (4) The installation, extension, alteration, or general repair of any electrical wiring, devices, appliances, or equipment except that in any one- or two-family dwelling unit a permit shall not be required for repair or replacement of electrical lighting fixtures or devices, such as receptacles and lighting switches, or for the connection of an existing branch circuit
to an electric water heater that is being replaced, provided that all of the following requirements are met:

a. With respect to electric water heaters, the replacement water heater is placed in the same location and is of the same or less capacity and electrical rating as the original.

b. With respect to electrical lighting fixtures and devices, the replacement is with a fixture or device having the same voltage and the same or less amperage.

c. The work is performed by a person licensed under G.S. 87-43.

d. The repair or replacement installation meets the current edition of the State Building Code, including the State Electrical Code.

However, a permit is not required for the installation, maintenance, or replacement of any load control device or equipment by an electric power supplier, as defined in G.S. 62-133.8, or an electrical contractor contracted by the electric power supplier, so long as the work is subject to supervision by an electrical contractor licensed under Article 4 of Chapter 87 of the General Statutes. The electric power supplier shall provide such installation, maintenance, or replacement in accordance with (i) an activity or program ordered, authorized, or approved by the North Carolina Utilities Commission pursuant to G.S. 62-133.8 or G.S. 62-133.9 or (ii) a similar program undertaken by a municipal electric service provider, whether the installation, modification, or replacement is made before or after the point of delivery of electric service to the customer. The exemption under this subdivision applies to all existing installations.

(a1) A permit shall be in writing and shall contain a provision that the work done shall comply with the State Building Code and all other applicable State and local laws. Nothing in this section shall require a city to review and approve residential building plans submitted to the city pursuant to Section R-110 of Volume VII of the North Carolina State Building Code; provided that the city may review and approve such residential building plans as it deems necessary. No permits shall be issued unless the plans and specifications are identified by the name and address of the author thereof, and if the General Statutes of North Carolina require that plans for certain types of work be prepared only by a licensed architect or licensed engineer, no permit shall be issued unless the plans and specifications bear the North Carolina seal of a licensed architect or of a licensed engineer. When any provision of the General Statutes of North Carolina or of any ordinance requires that work be done by a licensed specialty contractor of any kind, no permit for the work shall be issued unless the work is to be performed by such a duly licensed contractor.

(a2) No permit issued under Articles 9 or 9C of Chapter 143 shall be required for any construction, installation, repair, replacement, or alteration performed in accordance with the current edition of the North Carolina State Building Code and costing fifteen thousand dollars ($15,000) or less in any single family residence or farm building unless the work involves any of the following:

(1) The addition, repair or replacement of load bearing structures. However, no permit is required for replacements of windows, doors, exterior siding, or the pickets, railings, stair treads, and decking of porches and exterior decks.

(2) The addition or change in the design of plumbing. However, no permit is required for replacements otherwise meeting the requirements of this subsection that do not change size or capacity.
(3) The addition, replacement or change in the design of heating, air conditioning, or electrical wiring, devices, appliances, or equipment, other than like-kind replacement of electrical devices and lighting fixtures.

(4) The use of materials not permitted by the North Carolina Residential Code for One- and Two-Family Dwellings.

(5) The addition (excluding replacement) of roofing.

(a3) A city shall not require more than one permit for the complete installation or replacement of any natural gas, propane gas, or electrical appliance on an existing structure when the installation or replacement is performed by a person licensed under G.S. 87-21 or G.S. 87-43. The cost of the permit for such work shall not exceed the cost of any one individual trade permit issued by that city, nor shall the city increase the costs of any fees to offset the loss of revenue caused by this provision.

(b) No permit shall be issued pursuant to subsection (a) for any land-disturbing activity, as defined in G.S. 113A-52(6), for any activity covered by G.S. 113A-57, unless an erosion and sedimentation control plan has been approved by the Sedimentation Pollution Control Commission pursuant to G.S. 113A-54(d)(4) or by a local government pursuant to G.S. 113A-61 for the site of the activity or a tract of land including the site of the activity.

(c) Repealed by Session Laws 2014-115, s. 15(b), effective August 11, 2014.

(d) No permit shall be issued pursuant to subdivision (1) of subsection (a) of this section where the cost of the work is thirty thousand dollars ($30,000) or more, other than for improvements to an existing single-family residential dwelling unit as defined in G.S. 87-15.5(7) that the owner occupies as a residence, or for the addition of an accessory building or accessory structure as defined in the North Carolina Uniform Residential Building Code, the use of which is incidental to that residential dwelling unit, unless the name, physical and mailing address, telephone number, facsimile number, and electronic mail address of the lien agent designated by the owner pursuant to G.S. 44A-11.1(a) is conspicuously set forth in the permit or in an attachment thereto. The building permit may contain the lien agent's electronic mail address. The lien agent information for each permit issued pursuant to this subsection shall be maintained by the inspection department in the same manner and in the same location in which it maintains its record of building permits issued. Where the improvements to a real property leasehold are limited to the purchase, transportation, and setup of a manufactured home, as defined in G.S. 143-143.9(6), the purchase price of the manufactured home shall be excluded in determining whether the cost of the work is thirty thousand dollars ($30,000) or more.

(e) No city may withhold issuing a building permit or certificate of occupancy that otherwise would be eligible to be issued under this section to compel, with respect to another property or parcel, completion of work for a separate permit or compliance with land use regulations under this Article unless otherwise authorized by law or unless the city reasonably determines the existence of a public safety issue directly related to the issuance of a building permit or certificate of occupancy.

(f) Violation of this section constitutes a Class 1 misdemeanor. (1905, c. 506, s. 26; Rev., s. 2986; 1915, c. 192, s. 3; C.S., s. 2748; 1957, c. 817; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 65; 1981, c. 677, s. 1; 1983, c. 377, s. 3; c. 614, s. 1; 1987 (Reg. Sess., 1988), c. 1000, s. 2; 1993, c. 539, s. 1090; 1994, Ex. Sess., c. 24, s. 14(c); 1993 (Reg. Sess., 1994), c. 741, s. 2; 2002-165, s. 2.20; 2008-198, s. 8(d); 2009-532, s. 3; 2012-158, s. 5; 2013-58, s. 3; 2013-117, s. 5;

A permit issued pursuant to G.S. 160A-417 shall expire by limitation six months, or any lesser time fixed by ordinance of the city council, after the date of issuance if the work authorized by the permit has not been commenced. If after commencement the work is discontinued for a period of 12 months, the permit therefor shall immediately expire. No work authorized by any permit that has expired shall thereafter be performed until a new permit has been secured. (1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-419. Changes in work.

After a permit has been issued, no changes or deviations from the terms of the application, plans and specifications, or the permit, except where changes or deviations are clearly permissible under the State Building Code, shall be made until specific written approval of proposed changes or deviations has been obtained from the inspection department. (1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-420. Inspections of work in progress.

Subject to the limitation imposed by G.S. 160A-412(b), as the work pursuant to a permit progresses, local inspectors shall make as many inspections thereof as may be necessary to satisfy them that the work is being done according to the provisions of any applicable State and local laws and of the terms of the permit. In exercising this power, members of the inspection department shall have a right to enter on any premises within the jurisdiction of the department at all reasonable hours for the purposes of inspection or other enforcement action, upon presentation of proper credentials. If a permit has been obtained by an owner exempt from licensure under G.S. 87-1(b)(2), no inspection shall be conducted without the owner being personally present, unless the plans for the building were drawn and sealed by an architect licensed pursuant to Chapter 83A of the General Statutes. (1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-421. Stop orders.

(a) Whenever any building or structure or part thereof is being demolished, constructed, reconstructed, altered, or repaired in a hazardous manner, or in substantial violation of any State or local building law, or in a manner that endangers life or property, the appropriate inspector may order the specific part of the work that is in violation or presents such a hazard to be immediately stopped. The stop order shall be in writing, directed to the person doing the work, and shall state the specific work to be stopped, the specific reasons therefor, and the conditions under which the work may be resumed.

(b) The owner or builder may appeal from a stop order involving alleged violation of the State Building Code or any approved local modification thereof to the North Carolina Commissioner of Insurance or his designee within a period of five days after the order is issued. Notice of appeal shall be given in writing to the Commissioner of Insurance or his designee, with a copy to the local inspector. The Commissioner of Insurance or his designee shall promptly conduct an investigation and the appellant and the inspector shall be permitted to submit relevant evidence. The Commissioner of Insurance or his designee shall as expeditiously as possible provide a written statement of the decision setting forth the facts found, the decision reached, and
the reasons for the decision. Pending the ruling by the Commissioner of Insurance or his designee on an appeal no further work shall take place in violation of a stop order. In the event of dissatisfaction with the decision, the person affected shall have the options of:

(1) Appealing to the Building Code Council, or
(2) Appealing to the Superior Court as provided in G.S. 143-141.

(c) The owner or builder may appeal from a stop order involving alleged violation of a local zoning ordinance by giving notice of appeal in writing to the board of adjustment. The appeal shall be heard and decided within the period established by the ordinance, or if none is specified, within a reasonable time. No further work shall take place in violation of a stop order pending a ruling.

(d) Violation of a stop order shall constitute a Class 1 misdemeanor.

§ 160A-422. Revocation of permits.

The appropriate inspector may revoke and require the return of any permit by notifying the permit holder in writing stating the reason for the revocation. Permits shall be revoked for any substantial departure from the approved application, plans, or specifications; for refusal or failure to comply with the requirements of any applicable State or local laws; or for false statements or misrepresentations made in securing the permit. Any permit mistakenly issued in violation of an applicable State or local law may also be revoked.

§ 160A-423. Certificates of compliance.

At the conclusion of all work done under a permit, the appropriate inspector shall make a final inspection, and if he finds that the completed work complies with all applicable State and local laws and with the terms of the permit, he shall issue a certificate of compliance. No new building or part thereof may be occupied, and no addition or enlargement of an existing building may be occupied, and no existing building that has been altered or moved may be occupied, until the inspection department has issued a certificate of compliance. A temporary certificate of compliance may be issued permitting occupancy for a stated period of specified portions of the building that the inspector finds may safely be occupied prior to final completion of the entire building. Violation of this section shall constitute a Class 1 misdemeanor.

§ 160A-424. Periodic inspections for hazardous or unlawful conditions.

(a) The inspection department may make periodic inspections, subject to the council’s directions, for unsafe, unsanitary, or otherwise hazardous and unlawful conditions in buildings or structures within its territorial jurisdiction. However, when the inspection department determines that a safety hazard exists in one of the dwelling units within a multifamily building, which in the opinion of the inspector poses an immediate threat to the occupant, the inspection department may inspect, in the absence of a specific complaint and actual knowledge of the unsafe condition, additional dwelling units in the multifamily building to determine if that same safety hazard exists. Except as provided in subsection (b) of this section, the inspection department may make periodic inspections only when there is reasonable cause to believe that unsafe, unsanitary, or otherwise hazardous or unlawful conditions may exist in a residential building or structure. For purposes of this section, the term “reasonable cause” means any of the following: (i) the property has a history
of more than four verified violations of the housing ordinances or codes within a rolling 12-month period; (ii) there has been a complaint that substandard conditions exist within the building or there has been a request that the building be inspected; (iii) the inspection department has actual knowledge of an unsafe condition within the building; or (iv) violations of the local ordinances or codes are visible from the outside of the property. In conducting inspections authorized under this section, the inspection department shall not discriminate between single-family and multifamily buildings or between owner-occupied and tenant-occupied buildings. In exercising this power, members of the department shall have a right to enter on any premises within the jurisdiction of the department at all reasonable hours for the purposes of inspection or other enforcement action, upon presentation of proper credentials. Nothing in this section shall be construed to prohibit periodic inspections in accordance with State fire prevention code or as otherwise required by State law.

(b) A city may require periodic inspections as part of a targeted effort to respond to blighted or potentially blighted conditions within a geographic area that has been designated by the city council. However, the total aggregate of targeted areas in the city at any one time shall not be greater than one square mile or five percent (5%) of the area within the city, whichever is greater. A targeted area designated by the city shall reflect the city's stated neighborhood revitalization strategy and shall consist of property that meets the definition of a "blighted area" or "blighted parcel" as those terms are defined in G.S. 160A-503(2) and G.S. 160A-503(2a), respectively, except that for purposes of this subsection the planning commission is not required to make a determination as to the property. The city shall (i) provide notice to all owners and residents of properties in the affected area about the periodic inspections plan and information regarding a public hearing regarding the plan; (ii) hold a public hearing regarding the plan; and (iii) establish a plan to address the ability of low-income residential property owners to comply with minimum housing code standards. A residential building or structure that is subject to periodic inspections by the North Carolina Housing Finance Agency (hereinafter "Agency") shall not be subject to periodic inspections under this subsection if the Agency has issued a finding that the building or structure is in compliance with federal standards established by the United States Department of Housing and Urban Development to assess the physical condition of residential property. The owner or manager of a residential building or structure subject to periodic inspections by the Agency shall, within 10 days of receipt, submit to the inspection department a copy of the Compliance Results Letter issued by the Agency showing that the residential building or structure is in compliance with federal housing inspection standards. If the owner or manager fails to submit a copy of the Compliance Results Letter as provided in this subsection, the residential building or structure shall be subject to periodic inspections as provided in this subsection until the Compliance Results Letter is submitted to the inspection department.

(c) In no event may a city do any of the following: (i) adopt or enforce any ordinance that would require any owner or manager of rental property to obtain any permit or permission from the city to lease or rent residential real property or to register rental property with the city, except for those individual rental units that have either more than four verified violations in a rolling 12-month period or two or more verified violations in a rolling 30-day period, or upon the property being identified within the top ten percent (10%) of properties with crime or disorder problems as set forth in a local ordinance; (ii) require that an owner or manager of residential rental property enroll or participate in any governmental program as a condition of obtaining a certificate of occupancy; (iii) levy a special fee or tax on residential rental property that is not also levied against other commercial and residential properties, unless expressly authorized by general law or
applicable only to an individual rental unit or property described in subdivision (i) of this subsection and the fee does not exceed five hundred dollars ($500.00) in any 12-month period in which the unit or property is found to have verified violations; (iv) provide that any violation of a rental registration ordinance is punishable as a criminal offense; or (v) require any owner or manager of rental property to submit to an inspection before receiving any utility service provided by the city. For purposes of this section, the term "verified violation" means all of the following:

(1) The aggregate of all violations of housing ordinances or codes found in an individual rental unit of residential real property during a 72-hour period.

(2) Any violations that have not been corrected by the owner or manager within 21 days of receipt of written notice from the city of the violations. Should the same violation occur more than two times in a 12-month period, the owner or manager may not have the option of correcting the violation. If the housing ordinance or code provides that any form of prohibited tenant behavior constitutes a violation by the owner or manager of the rental property, it shall be deemed a correction of the tenant-related violation if the owner or manager, within 30 days of receipt of written notice of the tenant-related violation, brings a summary ejectment action to have the tenant evicted.

(d) Repealed by Session Laws 2016-122, s. 2, effective January 1, 2017.

(e) If a property is identified by the city as being in the top ten percent (10%) of properties with crime or disorder problems, the city shall notify the landlord of any crimes, disorders, or other violations that will be counted against the property to allow the landlord an opportunity to attempt to correct the problems. In addition, the city and the city's police department or, if the city has no police department, the county sheriff's office shall assist the landlord in addressing any criminal activity, which may include testifying in court in a summary ejectment action or other matter to aid in evicting a tenant who has been charged with a crime. If the city, the city's police department, or where applicable the county sheriff's office does not cooperate in evicting a tenant, the tenant's behavior or activity at issue shall not be counted as a crime or disorder problem as set forth in the local ordinance, and the property may not be included in the top ten percent (10%) of properties as a result of that tenant's behavior or activity.

(f) If the city takes action against an individual rental unit under this section, the owner of the individual rental unit may appeal the decision to the housing appeals board or the zoning board of adjustment, if operating, or the planning board, if created under G.S. 160A-361, or if neither is created, the governing board. The board shall fix a reasonable time for hearing appeals, shall give due notice to the owner of the individual rental unit, and shall render a decision within a reasonable time. The owner may appear in person or by agent or attorney. The board may reverse or affirm the action, wholly or partly, or may modify the action appealed from, and may make any decision and order that in the opinion of the board ought to be made in the matter. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 2011-281, s. 2; 2014-103, s. 13(b); 2016-122, s. 2.)

§ 160A-425. Defects in buildings to be corrected.

When a local inspector finds any defects in a building, or finds that the building has not been constructed in accordance with the applicable State and local laws, or that a building because of its condition is dangerous or contains fire hazardous conditions, it shall be his duty to notify the
owner or occupant of the building of its defects, hazardous conditions, or failure to comply with law. The owner or occupant shall each immediately remedy the defects, hazardous conditions, or violations of law in the property he owns. (1905, c. 506, s. 28; Rev., s. 3009; 1915, c. 192, s. 14; C.S., s. 2771; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 67.)

   (a) Residential Building and Nonresidential Building or Structure. – Every building that shall appear to the inspector to be especially dangerous to life because of its liability to fire or because of bad condition of walls, overloaded floors, defective construction, decay, unsafe wiring or heating system, inadequate means of egress, or other causes, shall be held to be unsafe, and the inspector shall affix a notice of the dangerous character of the structure to a conspicuous place on the exterior wall of the building.
   (b) Nonresidential Building or Structure. – In addition to the authority granted in subsection (a) of this section, an inspector may declare a nonresidential building or structure within a community development target area to be unsafe if it meets both of the following conditions:
      (1) It appears to the inspector to be vacant or abandoned.
      (2) It appears to the inspector to be in such dilapidated condition as to cause or contribute to blight, disease, vagrancy, fire or safety hazard, to be a danger to children, or to tend to attract persons intent on criminal activities or other activities that would constitute a public nuisance.
   (c) If an inspector declares a nonresidential building or structure to be unsafe under subsection (b) of this section, the inspector must affix a notice of the unsafe character of the structure to a conspicuous place on the exterior wall of the building. For the purposes of this section, the term "community development target area" means an area that has characteristics of an urban progress zone under G.S. 143B-437.09, a "nonresidential redevelopment area" under G.S. 160A-503(10), or an area with similar characteristics designated by the city council as being in special need of revitalization for the benefit and welfare of its citizens.
   (d) A municipality may expand subsections (b) and (c) of this section to apply to residential buildings by adopting an ordinance. Before adopting such an ordinance, a municipality shall hold a public hearing and shall provide notice of the hearing at least 10 days in advance of the hearing. (1905, c. 50-6, s. 15; Rev., s. 3010; 1915, c. 192, s. 15; C.S., s. 2773; 1929, c. 199, s. 1; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 2000-164, s. 1; 2001-386, s. 1; 2006-252, s. 2.19; 2009-263, s. 2.)

   If any person shall remove any notice that has been affixed to any building or structure by a local inspector of any municipality and that states the dangerous character of the building or structure, he shall be guilty of a Class 1 misdemeanor. (1905, c. 506, s. 15; Rev., s. 3799; C.S., s. 2775; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1993, c. 539, s. 1093; 1994, Ex. Sess., c. 24, s. 14(c.).)

§ 160A-428. Action in event of failure to take corrective action.
   If the owner of a building or structure that has been condemned as unsafe pursuant to G.S. 160A-426 shall fail to take prompt corrective action, the local inspector shall give him written notice, by certified or registered mail to his last known address or by personal service:
(1) That the building or structure is in a condition that appears to meet one or more of the following conditions:
   a. Constitutes a fire or safety hazard.
   b. Is dangerous to life, health, or other property.
   c. Is likely to cause or contribute to blight, disease, vagrancy, or danger to children.
   d. Has a tendency to attract persons intent on criminal activities or other activities which would constitute a public nuisance.

(2) That a hearing will be held before the inspector at a designated place and time, not later than 10 days after the date of the notice, at which time the owner shall be entitled to be heard in person or by counsel and to present arguments and evidence pertaining to the matter; and

(3) That following the hearing, the inspector may issue such order to repair, close, vacate, or demolish the building or structure as appears appropriate.

If the name or whereabouts of the owner cannot after due diligence be discovered, the notice shall be considered properly and adequately served if a copy thereof is posted on the outside of the building or structure in question at least 10 days prior to the hearing and a notice of the hearing is published in a newspaper having general circulation in the city at least once not later than one week prior to the hearing. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 2000-164, s. 2; 2009-263, s. 4.)

§ 160A-429. Order to take corrective action.
If, upon a hearing held pursuant to the notice prescribed in G.S. 160A-428, the inspector shall find that the building or structure is in a condition that constitutes a fire or safety hazard or renders it dangerous to life, health, or other property, he shall make an order in writing, directed to the owner of such building or structure, requiring the owner to remedy the defective conditions by repairing, closing, vacating, or demolishing the building or structure or taking other necessary steps, within such period, not less than 60 days, as the inspector may prescribe; provided, that where the inspector finds that there is imminent danger to life or other property, he may order that corrective action be taken in such lesser period as may be feasible. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 68; 1977, c. 912, s. 13.)

§ 160A-430. Appeal; finality of order if not appealed.
Any owner who has received an order under G.S. 160A-429 may appeal from the order to the city council by giving notice of appeal in writing to the inspector and to the city clerk within 10 days following issuance of the order. In the absence of an appeal, the order of the inspector shall be final. The city council shall hear and render a decision in an appeal within a reasonable time. The city council may affirm, modify and affirm, or revoke the order. (1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 69; 2000-164, s. 4.)

§ 160A-431. Failure to comply with order.
If the owner of a building or structure fails to comply with an order issued pursuant to G.S. 160A-429 from which no appeal has been taken, or fails to comply with an order of the city council following an appeal, he shall be guilty of a Class 1 misdemeanor. (1905, c. 506, s. 15; Rev., s. 3802; 1915, c. 192, s. 19; C.S., s. 2774; 1929, c. 199, s. 2; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1993, c. 539, s. 1094; 1994, Ex. Sess., c. 24, s. 14(c.).)

(a) [Action Authorized.] – Whenever any violation is denominated a misdemeanor under the provisions of this Part, the city, either in addition to or in lieu of other remedies, may initiate any appropriate action or proceedings to prevent, restrain, correct, or abate the violation or to prevent the occupancy of the building or structure involved.

(a1) Repealed by Session Laws 2009-263, s. 1, effective October 1, 2009.

(b) Removal of Building. – In the case of a building or structure declared unsafe under G.S. 160A-426 or an ordinance adopted pursuant to G.S. 160A-426, a city may, in lieu of taking action under subsection (a), cause the building or structure to be removed or demolished. The amounts incurred by the city in connection with the removal or demolition shall be a lien against the real property upon which the cost was incurred. The lien shall be filed, have the same priority, and be collected in the same manner as liens for special assessments provided in Article 10 of this Chapter. If the building or structure is removed or demolished by the city, the city shall sell the usable materials of the building and any personal property, fixtures, or appurtenances found in or attached to the building. The city shall credit the proceeds of the sale against the cost of the removal or demolition. Any balance remaining from the sale shall be deposited with the clerk of superior court of the county where the property is located and shall be disbursed by the court to the person found to be entitled thereto by final order or decree of the court.

(b1) Additional Lien. – The amounts incurred by the city in connection with the removal or demolition shall also be a lien against any other real property owned by the owner of the building or structure and located within the city limits or within one mile of the city limits, except for the owner's primary residence. The provisions of subsection (b) of this section apply to this additional lien, except that this additional lien is inferior to all prior liens and shall be collected as a money judgment.

(c) [Nonexclusive Remedy.] – Nothing in this section shall be construed to impair or limit the power of the city to define and declare nuisances and to cause their removal or abatement by summary proceedings, or otherwise. (1905, c. 506, ss. 30, 31; Rev., ss. 3004, 3005; 1915, c. 192, s. 12; C.S., ss. 2766, 2767; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 2000-164, s. 3; 2001-386, s. 2; 2001-448, s. 2; 2002-118, s. 2; 2003-23, s. 1; 2003-42, s. 1; 2004-6, s. 1; 2007-216, s. 2; 2008-59, s. 2; 2009-9, s. 2; 2009-263, ss. 1, 3.)

The inspection department shall keep complete and accurate records in convenient form of all applications received, permits issued, inspections and reinspections made, defects found, certificates of compliance granted, and all other work and activities of the department. These records shall be kept in the manner and for the periods prescribed by the North Carolina Department of Natural and Cultural Resources. Periodic reports shall be submitted to the city council and to the Commissioner of Insurance as they shall by ordinance, rule, or regulation require. (1905, c. 506, ss. 30, 31; Rev., ss. 3004, 3005; 1915, c. 192, s. 12; C.S., ss. 2766, 2767; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1983, c. 377, s. 7; 2015-241, s. 14.30(s).)

Unless otherwise provided by law, appeals from any order, decision, or determination by a member of a local inspection department pertaining to the State Building Code or other State building laws shall be taken to the Commissioner of Insurance or his designee or other official specified in G.S. 143-139, by filing a written notice with him and with the inspection department within a period of 10 days after the order, decision, or determination. Further appeals may be taken

The city council of every incorporated city shall pass one or more ordinances establishing and defining fire limits, which shall include the principal business portions of the city and which shall be known as primary fire limits. In addition, the council may, in its discretion, establish and define one or more separate areas within the city as secondary fire limits. (1905, c. 506, s. 7; Rev., s. 2985; 1917, c. 136, subch. 8, s. 2; C.S., ss. 2746, 2802; 1961, c. 240; 1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-436. Restrictions within primary fire limits.

Within the primary fire limits of any city, as established and defined by ordinance, no frame or wooden building or structure or addition thereto shall hereafter be erected, altered, repaired, or moved (either into the limits or from one place to another within the limits), except upon the permit of the local inspection department approved by the city council and by the Commissioner of Insurance or his designee. The city council may make additional regulations for the prevention, extinguishment, or mitigation of fires within the primary fire limits. (1905, c. 506, s. 8; Rev., s. 2988; 1915, c. 192, s. 5; C.S., s. 2750; 1969, c. 1065, s. 1; 1971, c. 698, s. 1; 1989, c. 681, s. 8.)

§ 160A-437. Restriction within secondary fire limits.

Within any secondary fire limits of any city or town, as established and defined by ordinance, no frame or wooden building or structure or addition thereto shall be erected, altered, repaired, or moved except in accordance with any rules and regulations established by ordinance of the areas. (1905, c. 506, s. 8; Rev., s. 2988; 1915, c. 192, s. 5; C.S., s. 2750; 1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-438. Failure to establish primary fire limits.

If the council of any city shall fail or refuse to establish and define the primary fire limits of the city as required by law, after having such failure or refusal called to their attention in writing by the State Commissioner of Insurance, the Commissioner shall have the power to establish the limits upon making a determination that they are necessary and in the public interest. (1905, c. 506, s. 7; Rev., s. 3608; C.S., s. 2747; 1969, c. 1065, s. 1; 1971, c. 698, s. 1.)

§ 160A-439. Ordinance authorized as to repair, closing, and demolition of nonresidential buildings or structures; order of public officer.

(a) Authority. – The governing body of the city may adopt and enforce ordinances relating to nonresidential buildings or structures that fail to meet minimum standards of maintenance, sanitation, and safety established by the governing body. The minimum standards shall address only conditions that are dangerous and injurious to public health, safety, and welfare and identify circumstances under which a public necessity exists for the repair, closing, or demolition of such buildings or structures. The ordinance shall provide for designation or appointment of a public officer to exercise the powers prescribed by the ordinance, in accordance with the procedures specified in this section. Such ordinance shall only be applicable within the corporate limits of the city.
(b) Investigation. – Whenever it appears to the public officer that any nonresidential building or structure has not been properly maintained so that the safety or health of its occupants or members of the general public are jeopardized for failure of the property to meet the minimum standards established by the governing body, the public officer shall undertake a preliminary investigation. If entry upon the premises for purposes of investigation is necessary, such entry shall be made pursuant to a duly issued administrative search warrant in accordance with G.S. 15-27.2 or with permission of the owner, the owner's agent, a tenant, or other person legally in possession of the premises.

(c) Complaint and Hearing. – If the preliminary investigation discloses evidence of a violation of the minimum standards, the public officer shall issue and cause to be served upon the owner of and parties in interest in the nonresidential building or structure a complaint. The complaint shall state the charges and contain a notice that a hearing will be held before the public officer (or his or her designated agent) at a place within the county scheduled not less than 10 days nor more than 30 days after the serving of the complaint; that the owner and parties in interest shall be given the right to answer the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the complaint; and that the rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the public officer.

(d) Order. – If, after notice and hearing, the public officer determines that the nonresidential building or structure has not been properly maintained so that the safety or health of its occupants or members of the general public is jeopardized for failure of the property to meet the minimum standards established by the governing body, the public officer shall state in writing findings of fact in support of that determination and shall issue and cause to be served upon the owner thereof an order. The order may require the owner to take remedial action, within a reasonable time specified, subject to the procedures and limitations herein.

(e) Limitations on Orders. –

(1) An order may require the owner to repair, alter, or improve the nonresidential building or structure in order to bring it into compliance with the minimum standards established by the governing body or to vacate and close the nonresidential building or structure for any use.

(2) An order may require the owner to remove or demolish the nonresidential building or structure if the cost of repair, alteration, or improvement of the building or structure would exceed fifty percent (50%) of its then current value. Notwithstanding any other provision of law, if the nonresidential building or structure is designated as a local historic landmark, listed in the National Register of Historic Places, or located in a locally designated historic district or in a historic district listed in the National Register of Historic Places and the governing body determines, after a public hearing as provided by ordinance, that the nonresidential building or structure is of individual significance or contributes to maintaining the character of the district, and the nonresidential building or structure has not been condemned as unsafe, the order may require that the nonresidential building or structure be vacated and closed until it is brought into compliance with the minimum standards established by the governing body.

(3) An order may not require repairs, alterations, or improvements to be made to vacant manufacturing facilities or vacant industrial warehouse facilities to preserve the original use. The order may require such building or structure to
be vacated and closed, but repairs may be required only when necessary to maintain structural integrity or to abate a health or safety hazard that cannot be remedied by ordering the building or structure closed for any use.

(f) Action by Governing Body Upon Failure to Comply With Order. –

(1) If the owner fails to comply with an order to repair, alter, or improve or to vacate and close the nonresidential building or structure, the governing body may adopt an ordinance ordering the public officer to proceed to effectuate the purpose of this section with respect to the particular property or properties that the public officer found to be jeopardizing the health or safety of its occupants or members of the general public. The property or properties shall be described in the ordinance. The ordinance shall be recorded in the office of the register of deeds and shall be indexed in the name of the property owner or owners in the grantor index. Following adoption of an ordinance, the public officer may cause the building or structure to be repaired, altered, or improved or to be vacated and closed. The public officer may cause to be posted on the main entrance of any nonresidential building or structure so closed a placard with the following words: "This building is unfit for any use; the use or occupation of this building for any purpose is prohibited and unlawful." Any person who occupies or knowingly allows the occupancy of a building or structure so posted shall be guilty of a Class 3 misdemeanor.

(2) If the owner fails to comply with an order to remove or demolish the nonresidential building or structure, the governing body may adopt an ordinance ordering the public officer to proceed to effectuate the purpose of this section with respect to the particular property or properties that the public officer found to be jeopardizing the health or safety of its occupants or members of the general public. No ordinance shall be adopted to require demolition of a nonresidential building or structure until the owner has first been given a reasonable opportunity to bring it into conformity with the minimum standards established by the governing body. The property or properties shall be described in the ordinance. The ordinance shall be recorded in the office of the register of deeds and shall be indexed in the name of the property owner or owners in the grantor index. Following adoption of an ordinance, the public officer may cause the building or structure to be removed or demolished.

(g) Action by Governing Body Upon Abandonment of Intent to Repair. – If the governing body has adopted an ordinance or the public officer has issued an order requiring the building or structure to be repaired or vacated and closed and the building or structure has been vacated and closed for a period of two years pursuant to the ordinance or order, the governing body may make findings that the owner has abandoned the intent and purpose to repair, alter, or improve the building or structure and that the continuation of the building or structure in its vacated and closed status would be inimical to the health, safety, and welfare of the municipality in that it would continue to deteriorate, would create a fire or safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, or would cause or contribute to blight and the deterioration of property values in the area. Upon such findings, the governing body may, after the expiration of the two-year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:
(1) If the cost to repair the nonresidential building or structure to bring it into compliance with the minimum standards is less than or equal to fifty percent (50%) of its then current value, the ordinance shall require that the owner either repair or demolish and remove the building or structure within 90 days; or

(2) If the cost to repair the nonresidential building or structure to bring it into compliance with the minimum standards exceeds fifty percent (50%) of its then current value, the ordinance shall require the owner to demolish and remove the building or structure within 90 days.

In the case of vacant manufacturing facilities or vacant industrial warehouse facilities, the building or structure must have been vacated and closed pursuant to an order or ordinance for a period of five years before the governing body may take action under this subsection. The ordinance shall be recorded in the office of the register of deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index. If the owner fails to comply with the ordinance, the public officer shall effectuate the purpose of the ordinance.

(h) Service of Complaints and Orders. – Complaints or orders issued by a public officer pursuant to an ordinance adopted under this section shall be served upon persons either personally or by registered or certified mail so long as the means used are reasonably designed to achieve actual notice. When service is made by registered or certified mail, a copy of the complaint or order may also be sent by regular mail. Service shall be deemed sufficient if the registered or certified mail is refused, but the regular mail is not returned by the post office within 10 days after the mailing. If regular mail is used, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected. If the identities of any owners or the whereabouts of persons are unknown and cannot be ascertained by the public officer in the exercise of reasonable diligence, and the public officer makes an affidavit to that effect, the serving of the complaint or order upon the owners or other persons may be made by publication in a newspaper having general circulation in the city at least once no later than the time that personal service would be required under this section. When service is made by publication, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected.

(i) Liens. –

(1) The amount of the cost of repairs, alterations, or improvements, or vacating and closing, or removal or demolition by the public officer shall be a lien against the real property upon which the cost was incurred, which lien shall be filed, have the same priority, and be collected as the lien for special assessment provided in Article 10 of Chapter 160A of the General Statutes.

(2) If the real property upon which the cost was incurred is located in an incorporated city, the amount of the costs is also a lien on any other real property of the owner located within the city limits except for the owner's primary residence. The additional lien provided in this subdivision is inferior to all prior liens and shall be collected as a money judgment.

(3) If the nonresidential building or structure is removed or demolished by the public officer, he or she shall offer for sale the recoverable materials of the building or structure and any personal property, fixtures, or appurtenances found in or attached to the building or structure and shall credit the proceeds of the sale, if any, against the cost of the removal or demolition, and any balance remaining shall be deposited in the superior court by the public officer, shall be
secured in a manner directed by the court, and shall be disbursed by the court to the persons found to be entitled thereto by final order or decree of the court. Nothing in this section shall be construed to impair or limit in any way the power of the governing body to define and declare nuisances and to cause their removal or abatement by summary proceedings or otherwise.

(j) Ejectment. — If any occupant fails to comply with an order to vacate a nonresidential building or structure, the public officer may file a civil action in the name of the city to remove the occupant. The action to vacate shall be in the nature of summary ejectment and shall be commenced by filing a complaint naming as parties-defendant any person occupying the nonresidential building or structure. The clerk of superior court shall issue a summons requiring the defendant to appear before a magistrate at a certain time, date, and place not to exceed 10 days from the issuance of the summons to answer the complaint. The summons and complaint shall be served as provided in G.S. 42-29. The summons shall be returned according to its tenor, and if on its return it appears to have been duly served and if at the hearing the public officer produces a certified copy of an ordinance adopted by the governing body pursuant to subsection (f) of this section to vacate the occupied nonresidential building or structure, the magistrate shall enter judgment ordering that the premises be vacated and all persons be removed. The judgment ordering that the nonresidential building or structure be vacated shall be enforced in the same manner as the judgment for summary ejectment entered under G.S. 42-30. An appeal from any judgment entered under this subsection by the magistrate may be taken as provided in G.S. 7A-228, and the execution of the judgment may be stayed as provided in G.S. 7A-227. An action to remove an occupant of a nonresidential building or structure who is a tenant of the owner may not be in the nature of a summary ejectment proceeding pursuant to this subsection unless the occupant was served with notice, at least 30 days before the filing of the summary ejectment proceeding, that the governing body has ordered the public officer to proceed to exercise his duties under subsection (f) of this section to vacate and close or remove and demolish the nonresidential building or structure.

(k) Civil Penalty. — The governing body may impose civil penalties against any person or entity that fails to comply with an order entered pursuant to this section. However, the imposition of civil penalties shall not limit the use of any other lawful remedies available to the governing body for the enforcement of any ordinances adopted pursuant to this section.

(l) Powers Supplemental. — The powers conferred by this section are supplemental to the powers conferred by any other law. An ordinance adopted by the governing body may authorize the public officer to exercise any powers necessary or convenient to carry out and effectuate the purpose and provisions of this section, including the following powers in addition to others herein granted:

1. To investigate nonresidential buildings and structures in the city to determine whether they have been properly maintained in compliance with the minimum standards so that the safety or health of the occupants or members of the general public are not jeopardized.

2. To administer oaths, affirmations, examine witnesses, and receive evidence.

3. To enter upon premises pursuant to subsection (b) of this section for the purpose of making examinations in a manner that will do the least possible inconvenience to the persons in possession.

4. To appoint and fix the duties of officers, agents, and employees necessary to carry out the purposes of the ordinances adopted by the governing body.
(5) To delegate any of his or her functions and powers under the ordinance to other officers and agents.

(m) Appeals. – The governing body may provide that appeals may be taken from any decision or order of the public officer to the city's housing appeals board or zoning board of adjustment. Any person aggrieved by a decision or order of the public officer shall have the remedies provided in G.S. 160A-446.

(n) Funding. – The governing body is authorized to make appropriations from its revenues necessary to carry out the purposes of this section and may accept and apply grants or donations to assist in carrying out the provisions of the ordinances adopted by the governing body.

(o) No Effect on Just Compensation for Taking by Eminent Domain. – Nothing in this section shall be construed as preventing the owner or owners of any property from receiving just compensation for the taking of property by the power of eminent domain under the laws of this State, nor as permitting any property to be condemned or destroyed except in accordance with the police power of the State.

(p) Definitions. –

(1) "Parties in interest" means all individuals, associations, and corporations who have interests of record in a nonresidential building or structure and any who are in possession thereof.

(2) "Vacant industrial warehouse" means any building or structure designed for the storage of goods or equipment in connection with manufacturing processes, which has not been used for that purpose for at least one year and has not been converted to another use.

(3) "Vacant manufacturing facility" means any building or structure previously used for the lawful production or manufacturing of goods, which has not been used for that purpose for at least one year and has not been converted to another use. (2007-414, s. 1.)

(a) Petition to Appoint a Receiver. – The governing body of a municipality or its delegated commission may petition the superior court for the appointment of a receiver to rehabilitate, demolish, or sell a vacant building, structure, or dwelling upon the occurrence of any of the following, each of which is deemed a nuisance per se:

(1) The owner fails to comply with an order issued pursuant to G.S. 160A-429, related to building or structural conditions that constitute a fire or safety hazard or render the building or structure dangerous to life, health, or other property, from which no appeal has been taken.

(2) The owner fails to comply with an order of the city council following an appeal of an inspector's order issued pursuant to G.S. 160A-429.

(3) The governing body of the municipality adopts any ordinance pursuant to subdivision (f)(1) of G.S. 160A-439, related to nonresidential buildings or structures that fail to meet minimum standards of maintenance, sanitation, and safety, and orders a public officer to continue enforcement actions prescribed by the ordinance with respect to the named nonresidential building or structure. The public officer may submit a petition on behalf of the governing body to the superior court for the
appointment of a receiver, and if granted by the superior court, the petition shall be considered an appropriate means of complying with the ordinance. In the event the superior court does not grant the petition, the public officer and the governing body may take action pursuant to the ordinance in any manner authorized in G.S. 160A-439.

(4) The owner fails to comply with an order to repair, alter, or improve, remove, or demolish a dwelling issued under G.S. 160A-443, related to dwellings that are unfit for human habitation.

(5) Any owner or partial owner of a vacant building, structure, or dwelling, with or without the consent of other owners of the property, submits a request to the governing body in the form of a sworn affidavit requesting the governing body to petition the superior court for appointment of a receiver for the property pursuant to this section.

(b) Petition for Appointment of Receiver. – The petition for the appointment of a receiver shall include all of the following: (i) a copy of the original violation notice or order issued by the city or, in the case of an owner request to the governing body for a petition for appointment of a receiver, a verified pleading that avers that at least one owner consents to the petition; (ii) a verified pleading that avers that the required rehabilitation or demolition has not been completed; and (iii) the names of the respondents, which shall include the owner of the property, as recorded with the register of deeds, any mortgagee with a recorded interest in the property, and all other parties in interest, as defined in G.S. 160A-442(5). If the petition fails to name a respondent as required by this subsection, the proceeding may continue, but the receiver's lien for expenses incurred in rehabilitating, demolishing, or selling the vacant building, structure, or dwelling, as authorized by subsection (f) of this section, shall not have priority over the lien of that respondent.

(c) Notice of Proceeding. – Within 10 days after filing the petition, the city shall give notice of the pendency and nature of the proceeding by regular and certified mail to the last known address of all owners of the property, as recorded with the register of deeds, any mortgagee with a recorded interest in the property, and all other parties in interest, as defined in G.S. 160A-442(5). Within 30 days of the date on which the notice was mailed, an owner of the property, as recorded with the register of deeds, any mortgagee with a recorded interest in the property, and all other parties in interest, as defined in G.S. 160A-442(5), may apply to intervene in the proceeding and to be appointed as receiver. If the city fails to give notice to any owner of the property, as recorded with the register of deeds, any mortgagee with a recorded interest in the property, and all other parties in interest, as defined in G.S. 160A-442(5), as required by this subsection, the proceeding may continue, but the receiver's lien for expenses incurred in rehabilitating, demolishing, or selling the vacant building, structure, or dwelling, as authorized by subsection (f) of this section, shall not have priority over the lien of that owner, as recorded with the register of deeds, any mortgagee with a recorded interest in the property, and all other parties in interest, as defined in G.S. 160A-442(5).

(d) Appointment of Receiver. – The court shall appoint a qualified receiver if the provisions of subsections (b) and (c) of this section have been satisfied. If the court does not appoint a person to rehabilitate or demolish the property pursuant to subsection (e) of this section, or if the court dismisses such an appointee, the court shall appoint a qualified receiver for the purpose of rehabilitating and managing the property, demolishing the property, or selling the property to a buyer. To be considered qualified, a receiver must demonstrate to the court (i) the
financial ability to complete the purchase or rehabilitation of the property; (ii) the knowledge of, or experience in, the rehabilitation of vacant real property; (iii) the ability to obtain any necessary insurance; and (iv) the absence of any building code violations issued by the city on other real property owned by the person or any member, principal, officer, major stockholder, parent, subsidiary, predecessor, or others affiliated with the person or the person's business. No member of the petitioning city's governing body or a public officer of the petitioning city is qualified to be appointed as a receiver in that action. If, at any time, the court determines that the receiver is no longer qualified, the court may appoint another qualified receiver.

(e) Rehabilitation Not by Receiver. – The court may, instead of appointing a qualified receiver to rehabilitate or sell a vacant building, structure, or dwelling, appoint an owner, mortgagee, or other parties in interest in the property, as defined in G.S. 160A-442, to rehabilitate or demolish the property if that person (i) demonstrates the ability to complete the rehabilitation or demolition within a reasonable time, (ii) agrees to comply with a specified schedule for rehabilitation or demolition, and (iii) posts a bond in an amount determined by the court as security for the performance of the required work in compliance with the specified schedule. After the appointment, the court shall require the person to report to the court on the progress of the rehabilitation or demolition, according to a schedule determined by the court. If, at any time, it appears to the city or its delegated commission that the owner, mortgagee, or other person appointed under this subsection is not proceeding with due diligence or in compliance with the court-ordered schedule, the city or its delegated commission may apply to the court for immediate revocation of that person's appointment and for the appointment of a qualified receiver. If the court revokes the appointment and appoints a qualified receiver, the bond posted by the owner, mortgagee, or other person shall be applied to the receiver's expenses in rehabilitating, demolishing, or selling the vacant building, structure, or dwelling.

(f) Receiver Authority Exclusive. – Upon the appointment of a receiver under subsection (d) of this section and after the receiver records a notice of receivership in the county in which the property is located that identifies the property, all other parties are divested of any authority to collect rents or other income from or to rehabilitate, demolish, or sell the building, structure, or dwelling subject to the receivership. Any party other than the appointed receiver who actively attempts to collect rents or other income from or to rehabilitate, demolish, or sell the property may be held in contempt of court and shall be subject to the penalties authorized by law for that offense. Any costs or fees incurred by a receiver appointed under this section and set by the court shall constitute a lien against the property, and the receiver's lien shall have priority over all other liens and encumbrances, except taxes or other government assessments.

(g) Receiver's Authority to Rehabilitate or Demolish. – In addition to all necessary and customary powers, a receiver appointed to rehabilitate or demolish a vacant building, structure, or dwelling shall have the right of possession with authority to do all of the following:

1. Contract for necessary labor and supplies for rehabilitation or demolition.
2. Borrow money for rehabilitation or demolition from an approved lending institution or through a governmental agency or program, using the receiver's lien against the property as security.
3. Manage the property prior to rehabilitation or demolition and pay operational expenses of the property, including taxes, insurance, utilities, general maintenance, and debt secured by an interest in the property.
(4) Collect all rents and income from the property, which shall be used to pay for current operating expenses and repayment of outstanding rehabilitation or demolition expenses.

(5) Manage the property after rehabilitation, with all the powers of a landlord, for a period of up to two years and apply the rent received to current operating expenses and repayment of outstanding rehabilitation or demolition expenses.

(6) Foreclose on the receiver's lien or accept a deed in lieu of foreclosure.

(h) Receiver's Authority to Sell. – In addition to all necessary and customary powers, a receiver appointed to sell a vacant building, structure, or dwelling shall have the authority to do all of the following: (i) sell the property to the highest bidder at public sale, following the same presale notice provisions that apply to a mortgage foreclosure under Article 2A of Chapter 45 of the General Statutes, and (ii) sell the property privately for fair market value if no party to the receivership objects to the amount and procedure. In the notice of public sale authorized under this subsection, it shall be sufficient to describe the property by a street address and reference to the book and page or other location where the property deed is registered. Prior to any sale under this subsection, the applicants to bid in the public sale or the proposed buyer in the private sale shall demonstrate the ability and experience needed to rehabilitate the property within a reasonable time. After deducting the expenses of the sale, the amount of outstanding taxes and other government assessments, and the amount of the receiver's lien, the receiver shall apply any remaining proceeds of the sale first to the city's costs and expenses, including reasonable attorneys' fees, and then to the liens against the property in order of priority. Any remaining proceeds shall be remitted to the property owner.

(i) Receiver Forecloses on Lien. – A receiver may foreclose on the lien authorized by subsection (f) of this section by selling the property subject to the lien at a public sale, following public notice and notice to interested parties in the manner as a mortgage foreclosure under Article 2A of Chapter 45 of the General Statutes. After deducting the expenses of the sale and the amount of any outstanding taxes and other government assessments, the receiver shall apply the proceeds of the sale to the liens against the property, in order of priority. In lieu of foreclosure, and only if the receiver has rehabilitated the property, an owner may pay the receiver's costs, fees, including reasonable attorneys' fees, and expenses or may transfer his or her ownership in the property to either the receiver or an agreed upon third party for an amount agreed to by all parties to the receivership as being the property's fair market value.

(j) Deed After Sale. – Following the court's ratification of the sale of the property under this section, the receiver shall sign a deed conveying title to the property to the buyer, free and clear of all encumbrances, other than restrictions that run with the land. Upon the sale of the property, the receiver shall at the same time file with the court a final accounting and a motion to dismiss the action.

(k) Receiver's Tenure. – The tenure of a receiver appointed to rehabilitate, demolish, or sell a vacant building, structure, or dwelling shall extend no longer than two years after the rehabilitation, demolition, or sale of the property. Any time after the rehabilitation, demolition, or sale of the property, any party to the receivership may file a motion to dismiss the receiver upon the payment of the receiver's outstanding costs, fees, and expenses. Upon the expiration of the receiver's tenure, the receiver shall file a final accounting with the court that appointed the receiver.

(l) Administrative Fee Charged. – The city may charge the owner of the building, structure, or dwelling subject to the receivership an administrative fee that is equal to five percent
(5%) of the profits from the sale of the building, structure, or dwelling or one hundred dollars ($100.00), whichever is less. (2018-65, s. 1(a.).)

§ 160A-441. Exercise of police power authorized.

It is hereby found and declared that the existence and occupation of dwellings in this State that are unfit for human habitation are inimical to the welfare and dangerous and injurious to the health, safety and morals of the people of this State, and that a public necessity exists for the repair, closing or demolition of such dwellings. Whenever any city or county of this State finds that there exists in the city or county dwellings that are unfit for human habitation due to dilapidation, defects increasing the hazards of fire, accidents or other calamities, lack of ventilation, light or sanitary facilities, or due to other conditions rendering the dwellings unsafe or unsanitary, or dangerous or detrimental to the health, safety, morals, or otherwise inimical to the welfare of the residents of the city or county, power is hereby conferred upon the city or county to exercise its police powers to repair, close or demolish the dwellings in the manner herein provided. No ordinance enacted by the governing body of a county pursuant to this Part shall be applicable within the corporate limits of any city unless the city council of the city has by resolution expressly given its approval thereto.

In addition to the exercise of police power authorized herein, any city may by ordinance provide for the repair, closing or demolition of any abandoned structure which the city council finds to be a health or safety hazard as a result of the attraction of insects or rodents, conditions creating a fire hazard, dangerous conditions constituting a threat to children or frequent use by vagrants as living quarters in the absence of sanitary facilities. Such ordinance, if adopted, may provide for the repair, closing or demolition of such structure pursuant to the same provisions and procedures as are prescribed herein for the repair, closing or demolition of dwellings found to be unfit for human habitation. (1939, c. 287, s. 1; 1969, c. 913, s. 1; 1971, c. 698, s. 1; 1973, c. 426, s. 60; 1975, c. 664, s. 15.)

§ 160A-442. Definitions.

The following terms shall have the meanings whenever used or referred to as indicated when used in this Part unless a different meaning clearly appears from the context:

1. "City" means any incorporated city or any county.
2. "Dwelling" means any building, structure, manufactured home or mobile home, or part thereof, used and occupied for human habitation or intended to be so used, and includes any outhouses and appurtenances belonging thereto or usually enjoyed therewith, except that it does not include any manufactured home or mobile home, which is used solely for a seasonal vacation purpose. Temporary family health care structures, as defined in G.S. 160A-383.5, shall be considered dwellings for purposes of this Part, provided that any ordinance provision requiring minimum square footage shall not apply to such structures.
3. "Governing body" means the council, board of commissioners, or other legislative body, charged with governing a city or county.
(3a) "Manufactured home" or "mobile home" means a structure as defined in G.S. 143-145(7).

(4) "Owner" means the holder of the title in fee simple and every mortgagee of record.

(5) "Parties in interest" means all individuals, associations and corporations who have interests of record in a dwelling and any who are in possession thereof.

(6) "Public authority" means any housing authority or any officer who is in charge of any department or branch of the government of the city, county, or State relating to health, fire, building regulations, or other activities concerning dwellings in the city.

(7) "Public officer" means the officer or officers who are authorized by ordinances adopted hereunder to exercise the powers prescribed by the ordinances and by this Part. (1939, c. 287, s. 2; 1941, c. 140; 1953, c. 675, s. 29; 1961, c. 398, s. 1; 1969, c. 913, s. 2; 1971, c. 698, s. 1; 1973, c. 426, s. 60; 1983, c. 401, ss. 1, 2; 2014-94, s. 5.)

§ 160A-443. Ordinance authorized as to repair, closing, and demolition; order of public officer.

Upon the adoption of an ordinance finding that dwelling conditions of the character described in G.S. 160A-441 exist within a city, the governing body of the city is hereby authorized to adopt and enforce ordinances relating to dwellings within the city's territorial jurisdiction that are unfit for human habitation. These ordinances shall include the following provisions:

(1) That a public officer be designated or appointed to exercise the powers prescribed by the ordinance.

(2) That whenever a petition is filed with the public officer by a public authority or by at least five residents of the city charging that any dwelling is unfit for human habitation or whenever it appears to the public officer (on his own motion) that any dwelling is unfit for human habitation, the public officer shall, if his preliminary investigation discloses a basis for such charges, issue and cause to be served upon the owner of and parties in interest in such dwellings a complaint stating the charges in that respect and containing a notice that a hearing will be held before the public officer (or his designated agent) at a place within the county in which the property is located fixed not less than 10 days nor more than 30 days after the serving of the complaint; that the owner and parties in interest shall be given the right to file an answer to the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the complaint; and that the rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the public officer.

(3) That if, after notice and hearing, the public officer determines that the dwelling under consideration is unfit for human habitation, he shall state in writing his findings of fact in support of that determination and shall issue and cause to be served upon the owner thereof an order,

a. If the repair, alteration or improvement of the dwelling can be made at a reasonable cost in relation to the value of the dwelling (the ordinance
of the city may fix a certain percentage of this value as being reasonable), requiring the owner, within the time specified, to repair, alter or improve the dwelling in order to render it fit for human habitation. The order may require that the property be vacated and closed only if continued occupancy during the time allowed for repair will present a significant threat of bodily harm, taking into account the nature of the necessary repairs, alterations, or improvements; the current state of the property; and any additional risks due to the presence and capacity of minors under the age of 18 or occupants with physical or mental disabilities. The order shall state that the failure to make timely repairs as directed in the order shall make the dwelling subject to the issuance of an unfit order under subdivision (4) of this section; or

b. If the repair, alteration or improvement of the dwelling cannot be made at a reasonable cost in relation to the value of the dwelling (the ordinance of the city may fix a certain percentage of this value as being reasonable), requiring the owner, within the time specified in the order, to remove or demolish such dwelling. However, notwithstanding any other provision of law, if the dwelling is located in a historic district of the city and the Historic District Commission determines, after a public hearing as provided by ordinance, that the dwelling is of particular significance or value toward maintaining the character of the district, and the dwelling has not been condemned as unsafe, the order may require that the dwelling be vacated and closed consistent with G.S. 160A-400.14(a).

(4) That, if the owner fails to comply with an order to repair, alter or improve or to vacate and close the dwelling, the public officer may cause the dwelling to be repaired, altered or improved or to be vacated and closed; that the public officer may cause to be posted on the main entrance of any dwelling so closed, a placard with the following words: "This building is unfit for human habitation; the use or occupation of this building for human habitation is prohibited and unlawful." Occupation of a building so posted shall constitute a Class 1 misdemeanor. The duties of the public officer set forth in this subdivision shall not be exercised until the governing body shall have by ordinance ordered the public officer to proceed to effectuate the purpose of this Article with respect to the particular property or properties which the public officer shall have found to be unfit for human habitation and which property or properties shall be described in the ordinance. This ordinance shall be recorded in the office of the register of deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index.

(5) That, if the owner fails to comply with an order to remove or demolish the dwelling, the public officer may cause such dwelling to be removed or demolished. The duties of the public officer set forth in this subdivision shall not be exercised until the governing body shall have by ordinance ordered the public officer to proceed to effectuate the purpose of this Article with respect to the particular property or properties which the public officer shall have found to be unfit for human habitation and which property or properties shall be
described in the ordinance. No such ordinance shall be adopted to require demolition of a dwelling until the owner has first been given a reasonable opportunity to bring it into conformity with the housing code. This ordinance shall be recorded in the office of the register of deeds in the county wherein the property or properties are located and shall be indexed in the name of the property owner in the grantor index.

(5a) If the governing body shall have adopted an ordinance as provided in subdivision (4) of this section, or the public officer shall have:

a. In a municipality located in counties which have a population in excess of 71,000 by the last federal census (including the entirety of any municipality located in more than one county at least one county of which has a population in excess of 71,000), other than municipalities with a population in excess of 190,000 by the last federal census, issued an order, ordering a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a, and if the dwelling has been vacated and closed for a period of one year pursuant to the ordinance or order;

b. In a municipality with a population in excess of 190,000 by the last federal census, commenced proceedings under the substandard housing regulations regarding a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a., and if the dwelling has been vacated and closed for a period of one year pursuant to the ordinance or after such proceedings have commenced,

then if the governing body shall find that the owner has abandoned the intent and purpose to repair, alter or improve the dwelling in order to render it fit for human habitation and that the continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the municipality in that the dwelling would continue to deteriorate, would create a fire and safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, would cause or contribute to blight and the deterioration of property values in the area, and would render unavailable property and a dwelling which might otherwise have been made available to ease the persistent shortage of decent and affordable housing in this State, then in such circumstances, the governing body may, after the expiration of such one year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within 90 days; or

b. If it is determined that the repair of the dwelling to render it fit for human habitation cannot be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed.
in the name of the property owner in the grantor index. If the owner fails to comply with this ordinance, the public officer shall effectuate the purpose of the ordinance.

This subdivision only applies to municipalities located in counties which have a population in excess of 71,000 by the last federal census (including the entirety of any municipality located in more than one county at least one county of which has a population in excess of 71,000).

[This subdivision does not apply to the local government units listed in subdivision (5b) of this section.]

(5b) If the governing body shall have adopted an ordinance as provided in subdivision (4) of this section, or the public officer shall have:

a. In a municipality other than municipalities with a population in excess of 190,000 by the last federal census, issued an order, ordering a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a, and if the dwelling has been vacated and closed for a period of one year pursuant to the ordinance or order;

b. In a municipality with a population in excess of 190,000 by the last federal census, commenced proceedings under the substandard housing regulations regarding a dwelling to be repaired or vacated and closed, as provided in subdivision (3)a, and if the dwelling has been vacated and closed for a period of one year pursuant to the ordinance or after such proceedings have commenced, then if the governing body shall find that the owner has abandoned the intent and purpose to repair, alter or improve the dwelling in order to render it fit for human habitation and that the continuation of the dwelling in its vacated and closed status would be inimical to the health, safety, morals and welfare of the municipality in that the dwelling would continue to deteriorate, would create a fire and safety hazard, would be a threat to children and vagrants, would attract persons intent on criminal activities, would cause or contribute to blight and the deterioration of property values in the area, and would render unavailable property and a dwelling which might otherwise have been made available to ease the persistent shortage of decent and affordable housing in this State, then in such circumstances, the governing body may, after the expiration of such one year period, enact an ordinance and serve such ordinance on the owner, setting forth the following:

a. If it is determined that the repair of the dwelling to render it fit for human habitation can be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require that the owner either repair or demolish and remove the dwelling within 90 days; or

b. If it is determined that the repair of the dwelling to render it fit for human habitation cannot be made at a cost not exceeding fifty percent (50%) of the then current value of the dwelling, the ordinance shall require the owner to demolish and remove the dwelling within 90 days.

This ordinance shall be recorded in the Office of the Register of Deeds in the county wherein the property or properties are located and shall be indexed in
the name of the property owner in the grantor index. If the owner fails to comply with this ordinance, the public officer shall effectuate the purpose of the ordinance.

This subdivision applies to the Cities of Eden, Lumberton, Roanoke Rapids, and Whiteville, to the municipalities in Lee County, and the Towns of Bethel, Farmville, Newport, and Waynesville only.

(6) Liens. –
   a. That the amount of the cost of repairs, alterations or improvements, or vacating and closing, or removal or demolition by the public officer shall be a lien against the real property upon which the cost was incurred, which lien shall be filed, have the same priority, and be collected as the lien for special assessment provided in Article 10 of this Chapter.
   b. If the real property upon which the cost was incurred is located in an incorporated city, then the amount of the cost is also a lien on any other real property of the owner located within the city limits or within one mile thereof except for the owner's primary residence. The additional lien provided in this sub-subdivision is inferior to all prior liens and shall be collected as a money judgment.
   c. If the dwelling is removed or demolished by the public officer, he shall sell the materials of the dwelling, and any personal property, fixtures or appurtenances found in or attached to the dwelling, and shall credit the proceeds of the sale against the cost of the removal or demolition and any balance remaining shall be deposited in the superior court by the public officer, shall be secured in a manner directed by the court, and shall be disbursed by the court to the persons found to be entitled thereto by final order or decree of the court. Nothing in this section shall be construed to impair or limit in any way the power of the city to define and declare nuisances and to cause their removal or abatement by summary proceedings, or otherwise.

(7) If any occupant fails to comply with an order to vacate a dwelling, the public officer may file a civil action in the name of the city to remove such occupant. The action to vacate the dwelling shall be in the nature of summary ejectment and shall be commenced by filing a complaint naming as parties-defendant any person occupying such dwelling. The clerk of superior court shall issue a summons requiring the defendant to appear before a magistrate at a certain time, date and place not to exceed 10 days from the issuance of the summons to answer the complaint. The summons and complaint shall be served as provided in G.S. 42-29. The summons shall be returned according to its tenor, and if on its return it appears to have been duly served, and if at the hearing the public officer produces a certified copy of an ordinance adopted by the governing body pursuant to subdivision (5) authorizing the officer to proceed to vacate the occupied dwelling, the magistrate shall enter judgment ordering that the premises be vacated and that all persons be removed. The judgment ordering that the dwelling be vacated shall be enforced in the same manner as the judgment for summary ejectment entered under G.S. 42-30. An appeal from
any judgment entered hereunder by the magistrate may be taken as provided in G.S. 7A-228, and the execution of such judgment may be stayed as provided in G.S. 7A-227. An action to remove an occupant of a dwelling who is a tenant of the owner may not be in the nature of a summary ejectment proceeding pursuant to this paragraph unless such occupant was served with notice at least 30 days before the filing of the summary ejectment proceeding that the governing body has ordered the public officer to proceed to exercise his duties under subdivisions (4) and (5) of this section to vacate and close or remove and demolish the dwelling.

(8) That whenever a determination is made pursuant to subdivision (3) of this section that a dwelling must be vacated and closed, or removed or demolished, under the provisions of this section, notice of the order shall be given by first-class mail to any organization involved in providing or restoring dwellings for affordable housing that has filed a written request for such notices. A minimum period of 45 days from the mailing of such notice shall be given before removal or demolition by action of the public officer, to allow the opportunity for any organization to negotiate with the owner to make repairs, lease, or purchase the property for the purpose of providing affordable housing. The public officer or clerk shall certify the mailing of the notices, and the certification shall be conclusive in the absence of fraud. Only an organization that has filed a written request for such notices may raise the issue of failure to mail such notices, and the sole remedy shall be an order requiring the public officer to wait 45 days before causing removal or demolition. (1939, c. 287, s. 3; 1969, c. 868, ss. 1, 2; 1971, c. 698, s. 1; 1973, c. 426, s. 70; 1983, c. 698; 1987, c. 542; 1989, c. 562; 1991, c. 208, s. 1; c. 315, s. 1; c. 581, s. 1; 1993, c. 539, s. 1095; c. 553, ss. 58, 59; 1994, Ex. Sess., c. 24, s. 14(c); 1995, c. 347, s. 1; c. 509, s. 112; c. 733, ss. 1, 2; 1997-101, ss. 1, 2; 1997-414, s. 1; 1997-449, s. 1; 1998-26, s. 1; 1998-87, s. 1; 2000-186, s. 1; 2001-283, s. 1; 2001-448, s. 3; 2002-118, s. 3; 2005-200, s. 3; 2009-279, s. 7.)

(a) A city shall, by ordinance, require that by January 1, 2000, every dwelling unit leased as rental property within the city shall have, at a minimum, a central or electric heating system or sufficient chimneys, flues, or gas vents, with heating appliances connected, so as to heat at least one habitable room, excluding the kitchen, to a minimum temperature of 68 degrees Fahrenheit measured three feet above the floor with an outside temperature of 20 degrees Fahrenheit.

(b) If a dwelling unit contains a heating system or heating appliances that meet the requirements of subsection (a) of this section, the owner of the dwelling unit shall not be required to install a new heating system or heating appliances, but the owner shall be required to maintain the existing heating system or heating appliances in a good and safe working condition. Otherwise, the owner of the dwelling unit shall install a heating system or heating appliances that meet the requirements of subsection (a) of this section and shall maintain the heating system or heating appliances in a good and safe working condition.

(c) Portable kerosene heaters are not acceptable as a permanent source of heat as required by subsection (a) of this section but may be used as a supplementary source in single family dwellings and duplex units. An owner who has complied with subsection (a) shall not be held in
violation of this section where an occupant of a dwelling unit uses a kerosene heater as a primary source of heat.

(d) This section applies only to cities with a population of 200,000 or over, according to the most recent decennial federal census.

(e) Nothing in this section shall be construed as:
   (1) Diminishing the rights of or remedies available to any tenant under a lease agreement, statute, or at common law; or
   (2) Prohibiting a city from adopting an ordinance with more stringent heating requirements than provided for by this section. (1999-14, s. 1.)

§ 160A-444. Standards.

An ordinance adopted by a city under this Part shall provide that the public officer may determine that a dwelling is unfit for human habitation if he finds that conditions exist in the dwelling that render it dangerous or injurious to the health, safety or morals of the occupants of the dwelling, the occupants of neighboring dwellings, or other residents of the city. Defective conditions may include the following (without limiting the generality of the foregoing): defects therein increasing the hazards of fire, accident, or other calamities; lack of adequate ventilation, light, or sanitary facilities; dilapidation; disrepair; structural defects; uncleanliness. The ordinances may provide additional standards to guide the public officers, or his agents, in determining the fitness of a dwelling for human habitation. (1939, c. 287, s. 4; 1971, c. 698, s. 1; 1973, c. 426, s. 60.)

(a) Complaints or orders issued by a public officer pursuant to an ordinance adopted under this Part shall be served upon persons either personally or by registered or certified mail. When service is made by registered or certified mail, a copy of the complaint or order may also be sent by regular mail. Service shall be deemed sufficient if the registered or certified mail is unclaimed or refused, but the regular mail is not returned by the post office within 10 days after the mailing. If regular mail is used, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected.

   (a1) If the identities of any owners or the whereabouts of persons are unknown and cannot be ascertained by the public officer in the exercise of reasonable diligence, or, if the owners are known but have refused to accept service by registered or certified mail, and the public officer makes an affidavit to that effect, then the serving of the complaint or order upon the owners or other persons may be made by publication in a newspaper having general circulation in the city at least once no later than the time at which personal service would be required under the provisions of this Part. When service is made by publication, a notice of the pending proceedings shall be posted in a conspicuous place on the premises thereby affected.

   (b) Repealed by Session Laws 1997, c. 201, s. 1. (1939, c. 287, s. 5; 1965, c. 1055; 1969, c. 868, ss. 3, 4; 1971, c. 698, s. 1; 1973, c. 426, s. 60; 1977, c. 912, s. 14; 1979, 2nd Sess., c. 1247, s. 38; 1991, c. 526, s. 1; 1997-201, s. 1.)

§ 160A-446. Remedies.

(a) The governing body may provide for the creation and organization of a housing appeals board to which appeals may be taken from any decision or order of the public officer, or may provide for such appeals to be heard and determined by its zoning board of adjustment.
(b) The housing appeals board, if created, shall consist of five members to serve for
three-year staggered terms. It shall have the power to elect its own officers, to fix the times and
places for its meetings, to adopt necessary rules of procedure, and to adopt other rules and
regulations for the proper discharge of its duties. It shall keep an accurate record of all its
proceedings.

(c) An appeal from any decision or order of the public officer may be taken by any person
aggrieved thereby or by any officer, board or commission of the city. Any appeal from the public
officer shall be taken within 10 days from the rendering of the decision or service of the order by
filing with the public officer and with the board a notice of appeal which shall specify the grounds
upon which the appeal is based. Upon the filing of any notice of appeal, the public officer shall
forthwith transmit to the board all the papers constituting the record upon which the decision
appealed from was made. When an appeal is from a decision of the public officer refusing to allow
the person aggrieved thereby to do any act, his decision shall remain in force until modified or
reversed. When any appeal is from a decision of the public officer requiring the person aggrieved
to do any act, the appeal shall have the effect of suspending the requirement until the hearing by
the board, unless the public officer certifies to the board, after the notice of appeal is filed with
him, that because of facts stated in the certificate (a copy of which shall be furnished the appellant),
a suspension of his requirement would cause imminent peril to life or property. In that case the
requirement shall not be suspended except by a restraining order, which may be granted for due
cause shown upon not less than one day's written notice to the public officer, by the board, or by
a court of record upon petition made pursuant to subsection (f) of this section.

(d) The appeals board shall fix a reasonable time for hearing appeals, shall give due notice
to the parties, and shall render its decision within a reasonable time. Any party may appear in
person or by agent or attorney. The board may reverse or affirm, wholly or partly, or may modify
the decision or order appealed from, and may make any decision and order that in its opinion ought
to be made in the matter, and to that end it shall have all the powers of the public officer, but the
concurring vote of four members of the board shall be necessary to reverse or modify any decision
or order of the public officer. The board shall have power also in passing upon appeals, when
practical difficulties or unnecessary hardships would result from carrying out the strict letter of the
ordinance, to adapt the application of the ordinance to the necessities of the case to the end that
the spirit of the ordinance shall be observed, public safety and welfare secured, and substantial
justice done.

(e) Every decision of the board shall be subject to review by proceedings in the nature of
certiorari instituted within 15 days of the decision of the board, but not otherwise.

(f) Any person aggrieved by an order issued by the public officer or a decision rendered
by the board may petition the superior court for an injunction restraining the public officer from
carrying out the order or decision and the court may, upon such petition, issue a temporary
injunction restraining the public officer pending a final disposition of the cause. The petition shall
be filed within 30 days after issuance of the order or rendering of the decision. Hearings shall be
had by the court on a petition within 20 days, and shall be given preference over other matters on
the court's calendar. The court shall hear and determine the issues raised and shall enter such final
order or decree as law and justice may require. It shall not be necessary to file bond in any amount
before obtaining a temporary injunction under this subsection.

(g) If any dwelling is erected, constructed, altered, repaired, converted, maintained, or used
in violation of this Part or of any ordinance or code adopted under authority of this Part or any
valid order or decision of the public officer or board made pursuant to any ordinance or code
adopted under authority of this Part, the public officer or board may institute any appropriate action or proceedings to prevent the unlawful erection, construction, reconstruction, alteration or use, to restrain, correct or abate the violation, to prevent the occupancy of the dwelling, or to prevent any illegal act, conduct or use in or about the premises of the dwelling. (1939, c. 287, s. 6; c. 386; 1969, c. 868, s. 5; 1971, c. 698, s. 1.)

Nothing in this Part shall be construed as preventing the owner or owners of any property from receiving just compensation for the taking of property by the power of eminent domain under the laws of this State, nor as permitting any property to be condemned or destroyed except in accordance with the police power of the State. (1939, c. 386; 1943, c. 196; 1971, c. 698, s. 1.)

An ordinance adopted by the governing body of the city may authorize the public officer to exercise any powers necessary or convenient to carry out and effectuate the purpose and provisions of this Part, including the following powers in addition to others herein granted:

1. To investigate the dwelling conditions in the city in order to determine which dwellings therein are unfit for human habitations;
2. To administer oaths, affirmations, examine witnesses and receive evidence;
3. To enter upon premises for the purpose of making examinations in a manner that will do the least possible inconvenience to the persons in possession;
4. To appoint and fix the duties of officers, agents and employees necessary to carry out the purposes of the ordinances; and
5. To delegate any of his functions and powers under the ordinance to other officers and other agents. (1939, c. 287, s. 7; 1971, c. 698, s. 1; 1973, c. 426, s. 60.)

§ 160A-449. Administration of ordinance.
The governing body of any city adopting an ordinance under this Part shall, as soon as possible thereafter, prepare an estimate of the annual expenses or costs to provide the equipment, personnel and supplies necessary for periodic examinations and investigations of the dwellings in the city for the purpose of determining the fitness of dwellings for human habitation, and for the enforcement and administration of its ordinances adopted under this Part. The city is authorized to make appropriations from its revenues necessary for this purpose and may accept and apply grants or donations to assist it in carrying out the provisions of the ordinances. (1939, c. 287, s. 8; 1971, c. 698, s. 1.)

§ 160A-450. Supplemental nature of Part.
Nothing in this Part shall be construed to abrogate or impair the powers of the courts or of any department of any city to enforce any provisions of its charter or its ordinances or regulations, nor to prevent or punish violations thereof; and the powers conferred by this Part shall be in addition and supplemental to the powers conferred by any other law. (1939, c. 287, s. 9; 1971, c. 698, s. 1.)

Part 7. Community Appearance Commissions.

Each municipality and county in the State may create a special commission, to be known as the official appearance commission for the city or county. The commission shall consist of not less than seven nor more than 15 members, to be appointed by the governing body of the municipality or county for such terms, not to exceed four years, as the governing body may by ordinance provide. All members shall be residents of the municipality's or county's area of planning and zoning jurisdiction at the time of appointment. Where possible, appointments shall be made in such a manner as to maintain on the commission at all times a majority of members who have had special training or experience in a design field, such as architecture, landscape design, horticulture, city planning, or a closely related field. Members of the commission may be reimbursed for actual expenses incidental to the performance of their duties within the limits of any funds available to the commission, but shall serve without pay unless otherwise provided in the ordinance establishing the commission. Membership of the commission is declared to be an office that may be held concurrently with any other elective or appointive office pursuant to Article VI, Sec. 9, of the Constitution.

A county and one or more cities in the county may establish a joint appearance commission. If a joint commission is established, the county and the city or cities involved shall determine the residence requirements for members of the joint commission. (1971, c. 896, s. 6; c. 1058; 1973, c. 426, s. 63.)

The commission, upon its appointment, shall make careful study of the visual problems and needs of the municipality or county within its area of zoning jurisdiction, and shall make any plans and carry out any programs that will, in accordance with the powers herein granted, enhance and improve the visual quality and aesthetic characteristics of the municipality or county. To this end, the governing board may confer upon the appearance commission the following powers and duties:

1. To initiate, promote and assist in the implementation of programs of general community beautification in the municipality or county;

2. To seek to coordinate the activities of individuals, agencies and organizations, public and private, whose plans, activities and programs bear upon the appearance of the municipality or county;

3. To provide leadership and guidance in matters of area or community design and appearance to individuals, and to public and private organizations, and agencies;

4. To make studies of the visual characteristics and problems of the municipality or county, including surveys and inventories of an appropriate nature, and to recommend standards and policies of design for the entire area, any portion or neighborhood thereof, or any project to be undertaken;

5. To prepare both general and specific plans for the improved appearance of the municipality or county. These plans may include the entire area or any part thereof, and may include private as well as public property. The plans shall set forth desirable standards and goals for the aesthetic enhancement of the municipality or county or any part thereof within its area of planning and zoning jurisdiction, including public ways and areas, open spaces, and public and private buildings and projects;

6. To participate, in any way deemed appropriate by the governing body of the municipality or county and specified in the ordinance establishing the
commission, in the implementation of its plans. To this end, the governing body may include in the ordinance the following powers:

a. To request from the proper officials of any public agency or body, including agencies of the State and its political subdivisions, its plans for public buildings, facilities, or projects to be located within the municipality or its area of planning and zoning jurisdiction of the city or county.

b. To review these plans and to make recommendations regarding their aesthetic suitability to the appropriate agency, or to the municipal or county planning or governing board. All plans shall be reviewed by the commission in a prompt and expeditious manner, and all recommendations of the commission with regard to any public project shall be made in writing. Copies of the recommendations shall be transmitted promptly to the planning or governing body of the city or county, and to the appropriate agency.

c. To formulate and recommend to the appropriate municipal planning or governing board the adoption or amendment of ordinances (including the zoning ordinance, subdivision regulations, and other local ordinances regulating the use of property) that will, in the opinion of the commission, serve to enhance the appearance of the municipality and its surrounding areas.

d. To direct the attention of city or county officials to needed enforcement of any ordinance that may in any way affect the appearance of the city or county.

e. To seek voluntary adherence to the standards and policies of its plans.

f. To enter, in the performance of its official duties and at reasonable times, upon private lands and make examinations or surveys.

g. To promote public interest in and an understanding of its recommendations, studies, and plans, and to that end to prepare, publish and distribute to the public such studies and reports as will, in the opinion of the commission, advance the cause of improved municipal or county appearance.

h. To conduct public meetings and hearings, giving reasonable notice to the public thereof. (1971, c. 896, s. 6; c. 1058.)

§ 160A-453. Staff services; advisory council.

The commission may recommend to the municipal or county governing board suitable arrangements for the procurement or provision of staff or technical services for the commission, and the governing board may appropriate such amount as it deems necessary to carry out the purposes for which it was created. The commission may establish an advisory council or other committees. (1971, c. 896, s. 6; c. 1058.)

The commission shall, no later than April 15 of each year, submit to the municipal or county governing body a written report of its activities, a statement of its expenditures to date for the current fiscal year, and its requested budget for the next fiscal year. All accounts and funds of the
commission shall be administered substantially in accordance with the requirements of the Municipal Fiscal Control Act or the County Fiscal Control Act. (1971, c. 896, s. 6; c. 1058.)

§ 160A-455. Receipt and expenditure of funds.

The commission may receive contributions from private agencies, foundations, organizations, individuals, the State or federal government, or any other source, in addition to any sums appropriated for its use by the city or county governing body. It may accept and disburse these funds for any purpose within the scope of its authority as herein specified. All sums appropriated by the city or county to further the work and purposes of the commission are deemed to be for a public purpose. (1971, c. 896, s. 6; c. 1058; 1975, c. 664, s. 16.)

§ 160A-456. Community development programs and activities.

(a) Any city is authorized to engage in, to accept federal and State grants and loans for, and to appropriate and expend funds for community development programs and activities. In undertaking community development programs and activities, in addition to other authority granted by law, a city may engage in the following activities:

1. Programs of assistance and financing of rehabilitation of private buildings principally for the benefit of low and moderate income persons, or for the restoration or preservation of older neighborhoods or properties, including direct repair, the making of grants or loans, the subsidization of interest payments on loans, and the guaranty of loans;

2. Programs concerned with employment, economic development, crime prevention, child care, health, drug abuse, education, and welfare needs of persons of low and moderate income.

(b) Any city council may exercise directly those powers granted by law to municipal redevelopment commissions and those powers granted by law to municipal housing authorities, and may do so whether or not a redevelopment commission or housing authority is in existence in such city. Any city council desiring to do so may delegate to any redevelopment commission or to any housing authority the responsibility of undertaking or carrying out any specified community development activities. Any city council and any board of county commissioners may by agreement undertake or carry out for each other any specified community development activities. Any city council may contract with any person, association, or corporation in undertaking any specified community development activities. Any county or city board of health, county board of social services, or county or city board of education, may by agreement undertake or carry out for any city council any specified community development activities.

(c) Any city council undertaking community development programs or activities may create one or more advisory committees to advise it and to make recommendations concerning such programs or activities.

(d) Any city council proposing to undertake any loan guaranty or similar program for rehabilitation of private buildings is authorized to submit to its voters the question whether such program shall be undertaken, such referendum to be conducted pursuant to the general and local laws applicable to special elections in such city.

(d1) Any city may receive and dispense funds from the Community Development Block Grant Section 108 Loan Guarantee program, Subpart M, 24 CFR 570.700 et seq., either through application to the North Carolina Department of Commerce or directly from the federal
government, in accordance with State and federal laws governing these funds. Any city that receives these funds directly from the federal government may pledge current and future CDBG funds for use as loan guarantees in accordance with State and federal laws governing these funds. A city may implement the receipt, dispensing, and pledging of CDBG funds under this subsection by borrowing CDBG funds and lending all or a portion of those funds to a third party in accordance with applicable laws governing the CDBG program.

Any city that has pledged current or future CDBG funds for use as loan guarantees prior to the enactment of this subsection is authorized to have taken such action. A pledge of future CDBG funds under this subsection is not a debt or liability of the State or any political subdivision of the State or a pledge of the faith and credit of the State or any political subdivision of the State. The pledging of future CDBG funds under this subsection does not directly, indirectly, or contingently obligate the State or any political subdivision of the State to levy or to pledge any taxes.

(e) Repealed by Session Laws 1985, c. 665, s. 5.

(e1) All program income from Economic Development Grants from the Small Cities Community Development Block Grant Program may be retained by recipient cities in "economically distressed counties", as defined in G.S. 143B-437.01, for the purposes of creating local economic development revolving loan funds. Such program income derived through the use by cities of Small Cities Community Development Block Grant money includes but is not limited to: (i) payment of principal and interest on loans made by the county using Community Development Block Grant Funds; (ii) proceeds from the lease or disposition of real property acquired with Community Development Block Grant Funds; and (iii) any late fees associated with loan or lease payments in (i) and (ii) above. The local economic development revolving loan fund set up by the city shall fund only those activities eligible under Title I of the federal Housing and Community Development Act of 1974, as amended (P.L. 93-383), and shall meet at least one of the three national objectives of the Housing and Community Development Act. Any expiration of G.S. 143B-437.01 or G.S. 105-129.3 shall not affect this subsection as to designations of economically distressed counties made prior to its expiration. (1975, c. 435, s. 1; c. 689, s. 1; c. 879, s. 46; 1983, c. 908, s. 4; 1985, c. 665, s. 5; 1987, c. 464, s. 10; 1987 (Reg. Sess., 1988), c. 992, s. 2; 1995, c. 310, s. 3; 1995 (Reg. Sess., 1996), c. 13, s. 3.9; c. 575, s. 3; 2006-259, s. 27(b).)

In addition to the powers granted by G.S. 160A-456, any city is authorized, either as a part of a community development program or independently thereof, and without the necessity of compliance with the Urban Redevelopment Law, to exercise the following powers:

1. To acquire, by voluntary purchase from the owner or owners, real property which is either:
   a. Blighted, deteriorated, deteriorating, undeveloped, or inappropriately developed from the standpoint of sound community development and growth;
   b. Appropriate for rehabilitation or conservation activities;
   c. Appropriate for housing construction or the economic development of the community; or
   d. Appropriate for the preservation or restoration of historic sites, the beautification of urban land, the conservation of open space, natural resources, and scenic areas, the provision of recreational opportunities, or the guidance of urban development;
(2) To clear, demolish, remove, or rehabilitate buildings and improvements on land so acquired; and

(3) To retain property so acquired for public purposes, or to dispose, through sale, lease, or otherwise, of any property so acquired to any person, firm, corporation, or governmental unit; provided, the disposition of such property shall be undertaken in accordance with the procedures of Article 12 of this Chapter, or the procedures of G.S. 160A-514, or any applicable local act or charter provision modifying such procedures; or subsection (4) of this section.

(4) To sell, exchange, or otherwise transfer real property or any interest therein in a community development project area to any redeveloper at private sale for residential, recreational, commercial, industrial or other uses or for public use in accordance with the community development plan, subject to such covenants, conditions and restrictions as may be deemed to be in the public interest or to carry out the purposes of this Article; provided that such sale, exchange or other transfer, and any agreement relating thereto, may be made only after approval of the municipal governing body and after a public hearing; a notice of the public hearing shall be given once a week for two successive weeks in a newspaper having general circulation in the municipality, and the notice shall be published the first time not less than 10 days nor more than 25 days preceding the public hearing; and the notice shall disclose the terms of the sale, exchange or transfer. At the public hearing the appraised value of the property to be sold, exchanged or transferred shall be disclosed; and the consideration for the conveyance shall not be less than the appraised value.

(1977, c. 660, s. 1; 1983, c. 797, ss. 1, 2.)

In addition to the powers granted by G.S. 160A-456 and G.S. 160A-457, any city is authorized, either as a part of a community development program or independently thereof, to enter into contracts or agreements with any person, association, or corporation to undertake and carry out specified activities in furtherance of the purposes of Urban Development Action Grants authorized by the Housing and Community Development Act of 1977 (P.L. 95-128) or any amendment thereto which is a continuation of such grant programs by whatever designation, including the authority to enter into and carry out contracts or agreements to extend loans, loan subsidies, or grants to persons, associations, or corporations and to dispose of real or personal property by private sale in furtherance of such contracts or agreements.

Any enabling legislation contained in local acts which refers to "Urban Development Action Grants" or the Housing and Community Development Act of 1977 (P.L. 95-128) shall be construed also to refer to any continuation of such grant programs by whatever designation. (1981, c. 865, ss. 1, 2.)

§ 160A-457.2. Urban homesteading programs.

A city may establish a program of urban homesteading, in which residential property of little or no value is conveyed to persons who agree to rehabilitate the property and use it, for a minimum number of years, as their principal place of residence. Residential property is considered of little or no value if the cost of bringing the property into compliance with the city’s housing code exceeds
sixty percent (60%) of the property's appraised value on the county tax records. In undertaking such a program a city may:

1. Acquire by purchase, gift or otherwise, but not eminent domain, residential property specifically for the purpose of reconveyance in the urban homesteading program or may transfer to the program residential property acquired for other purposes, including property purchased at a tax foreclosure sale.

2. Under procedures and standards established by the city, convey residential property by private sale under G.S. 160A-267 and for nominal monetary consideration to persons who qualify as grantees.

3. Convey property subject to conditions that:
   a. Require the grantee to use the property as his or her principal place of residence for a minimum number of years,
   b. Require the grantee to rehabilitate the property so that it meets or exceeds minimum code standards,
   c. Require the grantee to maintain insurance on the property,
   d. Set any other specific conditions (including, but not limited to, design standards) or actions that the city may require, and
   e. Provide for the termination of the grantee's interest in the property and its reversion to the city upon the grantee's failure to meet any condition so established.

4. Subordinate the city's interest in the property to any security interest granted by the grantee to a lender of funds to purchase or rehabilitate the property. (1987, c. 464, s. 8; 1997-456, s. 27.)

Any city may enact and enforce erosion and sedimentation control ordinances as authorized by Article 4 of Chapter 113A of the General Statutes, and in such enactment and enforcement shall comply with all applicable provisions of Article 4. (1979, 2nd Sess., c. 1247, s. 39.)

Any city may enact and enforce floodway regulation ordinances as authorized by Part 6 of Article 21 of Chapter 143 of the General Statutes, and in such enactment and enforcement shall comply with all applicable provisions of Part 6. (1979, 2nd Sess., c. 1247, s. 39.)

Cities may enact and enforce mountain ridge protection ordinances pursuant to Article 14 of Chapter 113A of the General Statutes, and in such enactment and enforcement shall comply with all applicable provisions of Article 14 unless the city has removed itself from the coverage of Article 14 through the procedure provided by law. (1983, c. 676, s. 3.)

§ 160A-458.3. Downtown development projects.
(a) In this section, "downtown development project" means a capital project in the city's central business district, as that district is defined by the city council, comprising one or more buildings and including both public and private facilities. By way of illustration but not limitation,
such a project might include a single building comprising a publicly owned parking structure and publicly owned convention center and a privately owned hotel or office building.

(b) If the city council finds that it is likely to have a significant effect on the revitalization of the central business district, the city may acquire, construct, own, and operate or participate in the acquisition, construction, ownership, and operation of a downtown development project or of specific facilities within such a project. The city may enter into binding contracts with one or more private developers with respect to acquiring, constructing, owning, or operating such a project. Such a contract may, among other provisions, specify the following:

1. The property interests of both the city and the developer or developers in the project, provided that the property interests of the city shall be limited to facilities for a public purpose;
2. The responsibilities of the city and the developer or developers for construction of the project;
3. The responsibilities of the city and the developer or developers with respect to financing the project.

Such a contract may be entered into before the acquisition of any real property necessary to the project.

(c) A downtown development project may be constructed on property acquired by the developer or developers, on property directly acquired by the city, or on property acquired by the city while exercising the powers, duties, and responsibilities of a redevelopment commission pursuant to G.S. 160A-505 or G.S. 160A-456.

(d) In connection with a downtown development project, the city may convey interests in property owned by it, including air rights over public facilities, as follows:

1. If the property was acquired while the city was exercising the powers, duties, and responsibilities of a redevelopment commission, the city may convey property interests pursuant to the "Urban Redevelopment Law" or any local modification thereof.
2. If the property was acquired by the city directly, the city may convey property interests pursuant to G.S. 160A-457, and Article 12 of Chapter 160A of the General Statutes does not apply to such dispositions.
3. In lieu of conveying the fee interest in air rights, the city may convey a leasehold interest for a period not to exceed 99 years, using the procedures of subparagraphs (1) or (2) of this subsection, as applicable.

(e) The contract between the city and the developer or developers may provide that the developer or developers shall be responsible for construction of the entire downtown development project. If so, the contract shall include such provisions as the city council deems sufficient to assure that the public facility or facilities included in the project meet the needs of the city and are constructed at a reasonable price. A project constructed pursuant to this paragraph is not subject to Article 8 of Chapter 143 of the General Statutes, provided that city funds constitute no more than fifty percent (50%) of the total costs of the downtown development project. Federal funds available for loan to private developers in connection with a downtown development project shall not be considered city funds for purposes of this subsection.

(f) Operation. – The city may contract for the operation of any public facility or facilities included in a downtown redevelopment project by a person, partnership, firm or corporation, public or private. Such a contract shall include provisions sufficient to assure that any such facility or facilities are operated for the benefit of the citizens of the city.
(g) Grant funds. – To assist in the financing of its share of a downtown development project, the city may apply for, accept and expend grant funds from the federal or State governments. (1987, c. 619, s. 1.)

§ 160A-458.4. Designation of transportation corridor official maps.

Any city may establish transportation corridor official maps and may enact and enforce ordinances pursuant to Article 2E of Chapter 136 of the General Statutes. (1987, c. 747, s. 23; 1998-184, s. 4.)

§ 160A-458.5. Restriction of certain forestry activities prohibited.

(a) The following definitions apply to this section:

(1) Development. – Any activity, including timber harvesting, that is associated with the conversion of forestland to nonforest use.

(2) Forest management plan. – A document that defines a landowner’s forest management objectives and describes specific measures to be taken to achieve those objectives. A forest management plan shall include silvicultural practices that both ensure optimal forest productivity and environmental protection of land by either commercially growing timber through the establishment of forest stands or by ensuring the proper regeneration of forest stands to commercial levels of production after the harvest of timber.

(3) Forestland. – Land that is devoted to growing trees for the production of timber, wood, and other forest products.

(4) Forestry. – The professional practice embracing the science, business, and art of creating, conserving, and managing forests and forestland for the sustained use and enjoyment of their resources, materials, or other forest products.

(5) Forestry activity. – Any activity associated with the growing, managing, harvesting, and related transportation, reforestation, or protection of trees and timber, provided that such activities comply with existing State rules and regulations pertaining to forestry.

(b) A city shall not adopt or enforce any ordinance, rule, regulation, or resolution that regulates either:

(1) Forestry activity on forestland that is taxed on the basis of its present-use value as forestland under Article 12 of Chapter 105 of the General Statutes.

(2) Forestry activity that is conducted in accordance with a forest management plan that is prepared or approved by a forester registered in accordance with Chapter 89B of the General Statutes.

(c) This section shall not be construed to limit, expand, or otherwise alter the authority of a city to:

(1) Regulate activity associated with development. A city may deny a building permit or refuse to approve a site or subdivision plan for either a period of up to:

a. Three years after the completion of a timber harvest if the harvest results in the removal of all or substantially all of the trees that were protected under city regulations governing development from the tract of land for which the permit or approval is sought.
b. Five years after the completion of a timber harvest if the harvest results in the removal of all or substantially all of the trees that were protected under city regulations governing development from the tract of land for which the permit or approval is sought and the harvest was a willful violation of the city regulations.

(2) Regulate trees pursuant to any local act of the General Assembly.
(3) Adopt ordinances that are necessary to comply with any federal or State law, regulation, or rule.
(4) Exercise its planning or zoning authority under this Article.
(5) Regulate and protect streets under Article 15 of this Chapter. (2005-447, s. 2.)

(a) A city may adopt and enforce a stormwater control ordinance to protect water quality and control water quantity. A city may adopt a stormwater management ordinance pursuant to this Chapter, its charter, other applicable laws, or any combination of these powers.
(b) A federal, State, or local government project shall comply with the requirements of a city stormwater control ordinance unless the federal, State, or local government agency has a National Pollutant Discharge Elimination System (NPDES) stormwater permit that applies to the project. A city may take enforcement action to compel a State or local government agency to comply with a stormwater control ordinance that implements the National Pollutant Discharge Elimination System (NPDES) stormwater permit issued to the city. To the extent permitted by federal law, including Chapter 26 of Title 33 of the United States Code, a city may take enforcement action to compel a federal government agency to comply with a stormwater control ordinance.
(c) A city may implement illicit discharge detection and elimination controls, construction site stormwater runoff controls, and post-construction runoff controls through an ordinance or other regulatory mechanism to the extent allowable under State law.
(d) A city that holds a National Pollutant Discharge Elimination System (NPDES) permit issued pursuant to G.S. 143-214.7 may adopt an ordinance, applicable within its corporate limits and its planning jurisdiction, to establish the stormwater control program necessary for the city to comply with the permit. A city may adopt an ordinance that bans illicit discharges within its corporate limits and its planning jurisdiction. A city may adopt an ordinance, applicable within its corporate limits and its planning jurisdiction, that requires (i) deed restrictions and protective covenants to ensure that each project, including the stormwater management system, will be maintained so as to protect water quality and control water quantity and (ii) financial arrangements to ensure that adequate funds are available for the maintenance and replacement costs of the project.
(e) Unless the city requests the permit condition in its permit application, the Environmental Management Commission may not require as a condition of a National Pollutant Discharge Elimination System (NPDES) stormwater permit issued pursuant to G.S. 143-214.7 that a city implement the measure required by 40 Code of Federal Regulations § 122.34(b)(3)(1 July 2003 Edition) in its extraterritorial jurisdiction. (2006-246, s. 17(b).)

§ 160A-459.1. Program to finance energy improvements.
(a) Purpose. – The General Assembly finds it is in the best interest of the citizens of North Carolina to promote and encourage renewable energy and energy efficiency within the State in
order to conserve energy, promote economic competitiveness, and expand employment in the State. The General Assembly also finds that a city has an integral role in furthering this purpose by promoting and encouraging renewable energy and energy efficiency within the city's territorial jurisdiction. In furtherance of this purpose, a city may establish a program to finance the purchase and installation of distributed generation renewable energy sources or energy efficiency improvements that are permanently affixed to residential, commercial, or other real property.

(b) Financing Assistance. – A city may establish a revolving loan fund and a loan loss reserve fund for the purpose of financing or assisting in the financing of the purchase and installation of distributed generation renewable energy sources or energy efficiency improvements that are permanently fixed to residential, commercial, or other real property. A city may establish other local government energy efficiency and distributed generation renewable energy source finance programs funded through federal grants. A city may use State and federal grants and loans and its general revenue for this financing. The annual interest rate charged for the use of funds from the revolving fund may not exceed eight percent (8%) per annum, excluding other fees for loan application review and origination. The term of any loan originated under this section may not be greater than 20 years.

(c) Definition. – As used in this Article, "renewable energy source" has the same meaning as "renewable energy resource" in G.S. 62-133.8. (2009-522, s. 1; 2010-167, s. 4(c).)
