#### **§ 99C-2. Duties of ski area operators and skiers.**

(a) A ski area operator shall be responsible for the maintenance and safe operation of any passenger tramway in his ski area and insure that such is in conformity with the rules and regulations prescribed and adopted by the North Carolina Department of Labor pursuant to G.S. 95-120(1) as such appear in the North Carolina Administrative Procedures Act. The North Carolina Department of Labor shall conduct certifications and inspections of passenger tramways.

A ski area operator's responsibility regarding passenger tramways shall include, but is not limited to, insuring operating personnel are adequately trained and are adequate in number; meeting all standards set forth for terminals, stations, line structures, and line equipment; meeting all rules and regulations regarding the safe operation and maintenance of all passenger lifts and tramways, including all necessary inspections and record keeping.

(b) A skier shall have the following responsibilities:

- (1) To know the range of the skier's abilities to negotiate any ski slope or trail and to ski within the limits of such ability;
  - (2) To maintain control of the skier's speed and course at all times when skiing and to maintain a proper lookout so as to be able to avoid other skiers and obvious hazards and inherent risks, including variations in terrain, snow, or ice conditions, bare spots and rocks, trees and other forms of forest growth or forest debris;
  - (3) To stay clear of snow grooming equipment, all vehicles, pole lines, lift towers, signs, snowmaking equipment, and any other equipment on the ski slopes and trails;

  - (5) To wear retention straps, ski brakes, or other devices to prevent runaway skis or snowboards;
  - (6) Before beginning to ski from a stationary position or before entering a ski slope or trail from the side, to avoid moving skiers already on the ski slope or trail;
  - (7) To not move uphill on any passenger tramway or use any ski slope or trail while such person's ability to do so is impaired by the consumption of alcohol or by the use of any narcotic or other drug or while such person is under the influence of alcohol or any narcotic or any drug;
  - (8) If involved in a collision with another skier or person, to not leave the vicinity of the collision before giving his name and current address to an employee of the ski area operator, a member of the ski patrol, or the other skier or person with whom the skier collided, except in those cases when medical treatment is required; in which case, said information shall be provided as soon as practical after the medical treatment has been obtained. If the other person involved in the collision is unknown, the skier shall leave the personal identification required by this subsection with the ski area operator;

  - (14) Not to embark upon a passenger tramway without the authority of the ski area operator;
  - (15) If using freestyle terrain, to know the range of the skier's abilities to negotiate the terrain and to avoid conditions and obstacles beyond the limits of such ability that a visible inspection should have revealed.
- (c) A ski area operator shall have the following responsibilities:
- (1) To mark all trails and maintenance vehicles and to furnish such vehicles with flashing or rotating lights that shall be in operation whenever the vehicles are working or moving in the ski area;

- (2) To mark with a visible sign or other warning implement the location of any hydrant or similar equipment that is used in snowmaking operations and located anywhere in the ski area;

(1981, c. 939, s. 1.)

**§ 99C-4. Competition.**

The ski area operator shall, prior to the beginning of a competition, allow each competitor a reasonable visual inspection of the course or area where the competition is to be held. The competitor shall be held to assume risk of all course conditions including, but not limited to, weather and snow conditions, course construction or layout, and obstacles which a visual inspection should have revealed. No liability shall attach to a ski area operator for injury or death of any competitor proximately caused by such assumed risk. (1981, c. 939, s. 1.)

**§ 99C-5. Operation of passenger tramway.**

The operation of a passenger tramway shall not constitute the operation of a common carrier. (1981, c. 939, s. 1.)
