(d) Compensation of Trustees. – The trustees shall be paid during sessions of the Board at the prevailing rate established for members of State boards and commissions, and they shall be reimbursed for all necessary expenses that they incur through service on the Board.
(e) Oath. — Each trustee other than the ex officio members shall, within 10 days after his appointment, take an oath of office, that, so far as it devolves upon him, he will diligently and honestly administer the affairs of the said Board, and that he will not knowingly violate or willingly permit to be violated any of the provisions of law applicable to the Retirement System. Such oath shall be subscribed to by the member making it, and certified by the officer before whom it is taken, and immediately filed in the office of the Secretary of State: Provided, that where a local governmental official designated by the Governor has taken an oath of office in connection with the local governmental office that he holds, the oath for his local governmental office shall be deemed to be sufficient, and he shall not be required to take the oath hereinabove provided.

(f) Voting Rights. — Each trustee shall be entitled to one vote in the Board. A majority of affirmative votes in attendance shall be necessary for a decision by the trustees at any meeting of said Board. The Board of Trustees shall also, from time to time, in its discretion, adopt rules and regulations to prevent injustices and inequalities which might otherwise arise in the administration of this Chapter.

(h) Officers and Other Employees, Salaries and Expenses. — The State Treasurer shall be ex officio chair of the Board of Trustees and shall appoint a director. The Board of Trustees shall engage such actuarial and other service as shall be required to transact the business of the Retirement System. The compensation of all persons engaged by the Board of Trustees, and all other expenses of the Board necessary for the operation of the Retirement System, shall be paid at such rates and in such amounts as the Board of Trustees shall approve.

(i) Actuarial Data. — The Board of Trustees shall keep in convenient form such data as shall be necessary for actuarial valuation of the various funds of the Retirement System, and for checking the experience of the System.

(j) Record of Proceedings; Annual Report. — The Board of Trustees shall keep a record of all of its proceedings which shall be open to public inspection. It shall publish annually a report showing the fiscal transactions of the Retirement System for the preceding year, the amount of the accumulated cash and securities of the System, and the last balance sheet showing the financial condition of the System by means of an actuarial valuation of the assets and liabilities of the Retirement System. It shall also publish annually a report on supplemental insurance offerings that are made available to retirees and the extent to which retirees participate in those offerings.

The Medical Board shall arrange for and pass upon all medical examinations required under the provisions of this Chapter, and shall investigate all essential statements and certificates by or on behalf of a member in connection with an application for disability retirement, and shall report in writing to the Board of Trustees its conclusion and recommendations upon all the matters referred to it. A person serving on the medical board shall be immune individually from civil liability for monetary damages, except to the extent covered by insurance, for any act or failure to act arising out of that service, except where any of the following apply:
The person was not acting within the scope of that person's official duties.

The person was not acting in good faith.

The person committed gross negligence or willful or wanton misconduct that resulted in the damages or injury.

The person derived an improper financial benefit, either directly or indirectly, from the transaction.

The person incurred the liability from the operation of a motor vehicle.

Duties of Actuary. – The Board of Trustees shall designate an actuary who shall be the technical adviser of the Board of Trustees on matters regarding the operation of the funds created by the provisions of this Chapter and shall perform such other duties as are required in connection therewith. For purposes of the annual valuation of System assets, the experience studies, and all other actuarial calculations required by this Chapter, all the assumptions used by the System's actuary, including mortality tables, interest rates, annuity factors, and employer contribution rates, shall be set out in the actuary's periodic reports or other materials provided to the Board of Trustees. These materials, once accepted by the Board, shall be considered part of the Plan documentation governing this Retirement System; similarly, the Board's minutes relative to all actuarial assumptions used by the System shall also be considered part of the Plan documentation governing this Retirement System, with the result of precluding any employer discretion in the determination of benefits payable hereunder, consistent with Section 401(a)(25) of the Internal Revenue Code.

Immediately after the establishment of the Retirement System the actuary shall make such investigation of the mortality, service and compensation experience of the members of the System as he shall recommend and the Board of Trustees shall authorize, and on the basis of such investigation he shall recommend for adoption by the Board of Trustees such tables and such rates as are required in subsection (o), paragraphs (1) and (2), of this section. The Board of Trustees shall adopt tables and certify rates, and as soon as practicable thereafter the actuary shall make a valuation based on such tables and rates of the assets and liabilities of the funds created by this Chapter.

In the year 1945, and at least once in each five-year period thereafter, the actuary shall make an actuarial investigation into the mortality, service and compensation experience of the members and beneficiaries of the Retirement System, and shall make a valuation of the assets and liabilities of the funds of the System, and taking into account the result of such investigation and valuation, the Board of Trustees shall:

1. Adopt for the Retirement System such mortality, service and other tables as shall be deemed necessary; and
2. Certify the rates of contributions payable by the participating units on account of new entrants at various ages.

On the basis of such tables and interest assumption rate as the Board of Trustees shall adopt, the actuary shall make an annual valuation of the assets and liabilities of the funds of the System created by this Chapter. The annual valuation shall include a supplementary section that provides an analysis of assets on a market basis using the 30-year treasury rate as of December 31 of the year of the valuation as the discount rate.

Notwithstanding any law, rule, regulation or policy to the contrary, any board, agency, department, institution or subdivision of the State maintaining lists of names and addresses in the administration of their programs may upon request provide to the Retirement System information limited to social security numbers, current name and addresses of persons identified by the System as members, beneficiaries, and beneficiaries of members of the System. The System shall use such information for the sole purpose of notifying members, beneficiaries, and beneficiaries of members of their rights to and accruals of benefits in the Retirement System. Any social security number, current name and address so obtained and any
information concluded therefrom and the source thereof shall be treated as confidential and shall not be divulged by any employee of the Retirement System or of the Department of State Treasurer except as may be necessary to notify the member, beneficiary, or beneficiary of the member of their rights to and accruals of benefits in the Retirement System. Any person, officer, employee or former employee violating this provision shall be guilty of a Class 1 misdemeanor; and if such offending person be a public official or employee, he shall be dismissed from office or employment and shall not hold any public office or employment in this State for a period of five years thereafter.

(r) Fraud Investigations and Compliance Investigations. – Access to Persons and Records. – In the course of conducting a fraud investigation or compliance investigation, the Retirement Systems Division, or authorized representatives who are assisting the Retirement Systems Division staff, shall:

1. Have ready access to persons and may examine and copy all books, records, reports, vouchers, correspondence, files, personnel files, investments, and any other documentation of any employer. The review of State tax returns shall be limited to matters of official business, and the Division's report shall not violate the confidentiality provisions of tax laws.

2. Have such access to persons, records, papers, reports, vouchers, correspondence, books, and any other documentation that is in the possession of any individual, private corporation, institution, association, board, or other organization which pertain to the following:
   a. Amounts received pursuant to a grant or contract from the federal government, the State, or its political subdivisions.
   b. Amounts received, disbursed, or otherwise handled on behalf of the federal government or the State.

3. Have the authority, and shall be provided with ready access, to examine and inspect all property, equipment, and facilities in the possession of any employer agency or any individual, private corporation, institution, association, board, or other organization that were furnished or otherwise provided through grant, contract, or any other type of funding by the employer agency.

With respect to the requirements of sub-subdivision (2)b. of this subsection, providers of social and medical services to a beneficiary shall make copies of records they maintain for services provided to a beneficiary available to the Retirement Systems Division, or to the authorized representatives who are assisting the Retirement Systems Division staff. Copies of the records of social and medical services provided to a beneficiary will permit verification of the health or other status of a beneficiary as required for the payment of benefits under Article 3 of this Chapter. The Retirement Systems Division, or authorized representatives who are assisting the Retirement Systems Division staff, shall request records in writing by providing the name of each beneficiary for whom records are sought, the purpose of the request, the statutory authority for the request, and a reasonable period of time for the production of record copies by the provider. A provider may charge, and the Retirement Systems Division, or authorized representatives who are assisting the Retirement Systems Division staff, shall, in accordance with G.S. 90-411, pay a reasonable fee to the provider for copies of the records provided in accordance with this subsection.

(s) Fraud Investigative Reports and Work Papers or Compliance Investigative Reports and Work Papers. – The Director of the Retirement Systems Division shall maintain for 10 years a complete file of all fraud investigative reports, compliance investigative reports, and reports of other examinations, investigations, surveys, and reviews issued under the Director's authority. Fraud investigation work papers, compliance investigation work papers, and other
evidence or related supportive material directly pertaining to the work of the Retirement Systems Division of the Department of State Treasurer shall be retained according to an agreement between the Director of Retirement and State Archives. To promote intergovernmental cooperation and avoid unnecessary duplication of fraud or compliance investigative effort, and notwithstanding local unit personnel policies to the contrary, pertinent work papers and other supportive material relating to issued fraud investigation reports or compliance investigative reports may be, at the discretion of the Director of Retirement and unless otherwise prohibited by law, made available for inspection by duly authorized representatives of the State and federal government who desire access to and inspection of such records in connection with some matter officially before them, including criminal investigations. Except as provided in this section, or upon an order issued in Wake County Superior Court upon 10 days' notice and hearing finding that access is necessary to a proper administration of justice, fraud or compliance investigation work papers and related supportive material shall be kept confidential, including any information developed as a part of the investigation.

(t) Fraud Reports May Be Anonymous. – The identity of any person reporting fraud, waste, and abuse to the Retirement Systems Division shall be kept confidential and shall not be maintained as a public record within the meaning of G.S. 132-1.

(u) Immunity. – A person serving on the Local Governmental Employees' Retirement System Board of Trustees shall be immune individually from civil liability for monetary damages, except to the extent covered by insurance, for any act or failure to act arising out of that service, except where any of the following apply:

(2) The person was not acting in good faith.
(3) The person committed gross negligence or willful or wanton misconduct that resulted in the damages or injury.
