

**§ 153A-364. (Repealed effective January 1, 2021) Periodic inspections for hazardous or unlawful conditions.**

(a) The inspection department may make periodic inspections, subject to the board of commissioners' directions, for unsafe, unsanitary, or otherwise hazardous and unlawful conditions in buildings or structures within its territorial jurisdiction. However, when the inspection department determines that a safety hazard exists in one of the dwelling units within a multifamily building, which in the opinion of the inspector poses an immediate threat to the occupant, the inspection department may inspect, in the absence of a specific complaint and actual knowledge of the unsafe condition, additional dwelling units in the multifamily building to determine if that same safety hazard exists. Except as provided in subsection (b) of this section, the inspection department may make periodic inspections only when there is reasonable cause to believe that unsafe, unsanitary, or otherwise hazardous or unlawful conditions may exist in a residential building or structure. For purposes of this section, the term "reasonable cause" means any of the following: (i) the property has a history of more than four verified violations of the housing ordinances or codes within a rolling 12-month period; (ii) there has been a complaint that substandard conditions exist within the building or there has been a request that the building be inspected; (iii) the inspection department has actual knowledge of an unsafe condition within the building; or (iv) violations of the local ordinances or codes are visible from the outside of the property. In conducting inspections authorized under this section, the inspection department shall not discriminate between single-family and multifamily buildings or between owner-occupied and tenant-occupied buildings. In exercising these powers, each member of the inspection department has a right, upon presentation of proper credentials, to enter on any premises within the territorial jurisdiction of the department at any reasonable hour for the purposes of inspection or other enforcement action. Nothing in this section shall be construed to prohibit periodic inspections in accordance with State fire prevention code or as otherwise required by State law.

(b) A county may require periodic inspections as part of a targeted effort to respond to blighted or potentially blighted conditions within a geographic area that has been designated by the county commissioners. However, the total aggregate of targeted areas in the county at any one time shall not be greater than one square mile or five percent (5%) of the area within the county, whichever is greater. A targeted area designated by the county shall reflect the county's stated neighborhood revitalization strategy and shall consist of property that meets the definition of a "blighted area" or "blighted parcel" as those terms are defined in G.S. 160A-503(2) and G.S. 160A-503(2a), respectively, except that for purposes of this subsection the planning commission is not required to make a determination as to the property. The county shall (i) provide notice to all owners and residents of properties in the affected area about the periodic inspections plan and information regarding a public hearing regarding the plan; (ii) hold a public hearing regarding the plan; and (iii) establish a plan to address the ability of low-income residential property owners to comply with minimum housing code standards. A residential building or structure that is subject to periodic inspections by the North Carolina Housing Finance Agency (hereinafter "Agency") shall not be subject to periodic inspections under this subsection if the Agency has issued a finding that the building or structure is in compliance with federal standards established by the United States Department of Housing and Urban Development to assess the physical condition of residential property. The owner or manager of a residential building or structure subject to periodic inspections by the Agency shall, within 10 days of receipt, submit to the inspection department a copy of the Compliance Results Letter issued by the Agency showing that the residential building or structure is in compliance with federal housing inspection standards. If the owner or manager fails to submit a copy of the Compliance Results Letter as provided in this subsection, the residential building or structure shall be subject to periodic inspections as provided in this subsection until the Compliance Results Letter is submitted to the inspection department.

(c) In no event may a county do any of the following: (i) adopt or enforce any ordinance that would require any owner or manager of rental property to obtain any permit or permission from the county to lease or rent residential real property or to register rental property with the county, except for those individual rental units that have either more than four verified violations of housing ordinances or codes in a rolling 12-month period or two or more verified violations in a rolling 30-day period, or upon the property being identified within the top ten percent (10%) of properties with crime or disorder problems as set forth in a local ordinance; (ii) require that an owner or manager of residential rental property enroll or participate in any governmental program as a condition of obtaining a certificate of occupancy; (iii) levy a special fee or tax on residential rental property that is not also levied against other commercial and residential properties, unless expressly authorized by general law or applicable only to an individual rental unit or property described in clause (i) of this subsection and the fee does not exceed five hundred dollars (\$500.00) in any 12-month period in which the unit or property is found to have verified violations; (iv) provide that any violation of a rental registration ordinance is punishable as a criminal offense; or (v) require any owner or manager of rental property to submit to an inspection before receiving any utility service provided by the city. For purposes of this section, the term "verified violation" means all of the following:

- (1) The aggregate of all violations of housing ordinances or codes found in an individual rental unit of residential real property during a 72-hour period.
- (2) Any violations that have not been corrected by the owner or manager within 21 days of receipt of written notice from the county of the violations. Should the same violation occur more than two times in a 12-month period, the owner or manager may not have the option of correcting the violation. If the housing ordinance or code provides that any form of prohibited tenant behavior constitutes a violation by the owner or manager of the rental property, it shall be deemed a correction of the tenant-related violation if the owner or manager, within 30 days of receipt of written notice of the tenant-related violation, brings a summary ejectment action to have the tenant evicted.

(d) Repealed by Session Laws 2016-122, s. 1, effective January 1, 2017.

(e) If a property is identified by the county as being in the top ten percent (10%) of properties with crime or disorder problems, the county shall notify the landlord of any crimes, disorders, or other violations that will be counted against the property to allow the landlord an opportunity to attempt to correct the problems. In addition, the county and the county sheriff's office shall assist the landlord in addressing any criminal activity, which may include testifying in court in a summary ejectment action or other matter to aid in evicting a tenant who has been charged with a crime. If the county or the county sheriff's office does not cooperate in evicting a tenant, the tenant's behavior or activity at issue shall not be counted as a crime or disorder problem as set forth in the local ordinance, and the property may not be included in the top ten percent (10%) of properties as a result of that tenant's behavior or activity.

(f) If the county takes action against an individual rental unit under this section, the owner of the individual rental unit may appeal the decision to the housing appeals board or the zoning board of adjustment, if operating, or the planning board if created under G.S. 153A-321, or if neither is created, the governing board. The board shall fix a reasonable time for hearing appeals, shall give due notice to the owner of the individual rental unit, and shall render a decision within a reasonable time. The owner may appear in person or by agent or attorney. The board may reverse or affirm the action, wholly or partly, or may modify the action appealed from, and may make any decision and order that in the opinion of the board ought to be made in the matter.
