§ 131E-7. General powers.

(a) A municipality shall have all the powers necessary or convenient to carry out the purposes of this Part, including the following powers, which are in addition to the powers granted elsewhere in this Part:

- (1) To construct, equip, operate, and maintain hospital facilities;
- (2) To levy property taxes pursuant to G.S. 153A-149 or G.S. 160A-209 and to allocate those and other revenues whose use is not otherwise restricted by law to fund hospital facilities; a hospital district may levy annually a tax on property having a situs in the district under the rules and according to the procedures prescribed in the Machinery Act, Chapter 105 of the General Statutes, Subchapter II, and a hospital district may allocate those and other revenues whose use is not otherwise restricted by law to fund hospital facilities;
- (3) To issue bonds and notes pursuant to the Local Government Finance Act, Chapter 159 of the General Statutes, for the financing of hospital facilities;

- (5) To acquire real or personal property, including existing hospital facilities, by purchase, grant, gift, devise, lease, condemnation, or otherwise;
- (6) To establish a fee schedule for services received from hospital facilities and to make services available regardless of ability to pay.

(b) A municipality or a public hospital may contract with or enter into any arrangement with other public hospitals or municipalities of this or other states, the State of North Carolina, federal, or public agencies, or with any person, private organization, or nonprofit corporation or association for the provision of health care. The municipality or public hospital may pay for or contribute its share of the cost of any such contract or arrangement from revenues available for these purposes, including revenues rising from the provision of health care.

(c) Any two or more municipalities may enter into agreements to jointly exercise the powers, privileges, and authorities granted by this Part. These agreements may provide for:

- (1) The appointment of a board, composed of representatives of the parties to the agreement, to supervise and manage a hospital facility;
- (2) The authority and duties of the board and the compensation of its members;
- (3) The proportional share of the costs of acquisition, construction, improvement, maintenance, or operation of hospital facilities;
- (4) The duration, amendment, and termination of the agreement and the disposition of property on termination of the agreement; and
- (5) Any other matters as necessary.

(d) A municipality may lease any hospital facility, or part, to a nonprofit association on terms and conditions consistent with the purposes of this Part. The municipality will determine the length of the lease. No lease executed under this subsection shall be deemed to convey a freehold interest.

(e) A municipality shall not sell nor convey any rights of ownership the municipality has in any hospital facility, including the buildings, land and equipment associated with the hospital, to any corporation or other business entity operated for profit, except that nothing herein shall prohibit the sale of surplus buildings, surplus land or surplus equipment by a municipality to any corporation or other business entity operated for profit.

A municipality may lease any hospital facility, or part, to any corporation, foreign or domestic, authorized to do business in North Carolina on terms and conditions consistent with the purposes of this Part and with G.S. 160A-272. The municipality shall determine the length of the lease; however, no lease under this subsection shall be longer than 10 years, including options to renew or extend the original term of the lease, except that leases of surplus buildings, surplus land or surplus equipment may be for any length of time determined by the municipality. The lease shall provide that the hospital facility will be operated as a community general hospital open to the general public and that the lessee will accept Medicare and Medicaid patients. No lease executed under this subsection shall be deemed to convey a freehold interest. No bonds, notes nor other evidences of indebtedness shall be issued by a municipality to finance equipment for or the acquisition, extension, construction, reconstruction, improvement, enlargement, or betterment of any hospital facility when the facility is leased to a corporation, foreign or domestic, authorized to do business in North Carolina.

For purposes of this subsection, "surplus" means any building, land or equipment which is not required for use in the delivery of necessary health care services by a hospital facility at the time of the sale, conveyance of ownership rights, or lease.

This subsection shall not be construed to affect any pending litigation nor to reflect any legislative intent as to any prior authorized or executed agreements. This subsection shall be effective from January 1, 1984 until June 30, 1984.

(f) In addition to the general and special powers conferred by this Part, a municipality is authorized to exercise powers necessary to implement the powers under this Part. (1983, c. 775, s. 1; 1993, c. 529, s. 5.3; 1995, c. 509, s. 71.)

§ 131E-7.1. Public hospitals' managed care development authorized.

A public hospital as defined in G.S. 159-39(a) may acquire an ownership interest, in whole or in part, in a nonprofit or for-profit managed care company, including a health maintenance organization, physician hospital organization, physician organization, management services organization, or preferred provider organization with which the public hospital is also directly or indirectly a contracting provider. Ownership interest may be evidenced by the ownership or acquired by the purchase of stock. This ownership or acquisition of stock is the exercise of a health care function and is not the investment of idle funds within the meaning of G.S. 159-30 and G.S.159-39(g). (1995 (Reg. Sess., 1996), c. 713, s. 1.)

§ 131E-8. Sale of hospital facilities to nonprofit corporations.

(a) A municipality as defined in G.S. 131E-6(5) or hospital authority as defined in G.S. 131E-16(14), upon such terms and conditions as it deems wise, with or without monetary consideration, may sell or convey to a nonprofit corporation organized under Chapter 55A of the General Statutes any rights of ownership the municipality or hospital authority has in a hospital facility including the building, land and equipment associated with the hospital, if the nonprofit corporation is legally committed to continue to operate the facility as a community general hospital open to the general public, free of discrimination based upon race, creed, color, sex or national origin. The nonprofit corporation shall also agree, as a condition of the municipality or hospital authority's conveying ownership, to provide such services to indigent patients as the municipality or hospital authority and the nonprofit corporation shall agree. The nonprofit corporation shall further agree that should it fail to operate the facility as a community general hospital open to the general public or should the nonprofit corporation dissolve without a successor nonprofit corporation to carry out the terms and conditions of the agreement of conveyance, all ownership rights in the hospital facility, including the building, land and equipment associated with the hospital, shall revert to the municipality or hospital authority or successor entity originally conveying the hospital.

(b) When either general obligation bonds or revenue bonds issued for the benefit of the hospital to be conveyed are outstanding at the time of sale or conveyance, then the nonprofit corporation must agree to the following:

By the effective date of sale or conveyance, the nonprofit corporation shall place into an escrow fund money or direct obligations of, or obligations the principal of and interest on which, are unconditionally guaranteed by the United States of America (as approved by the Local Government Commission), the principal of and interest on which, when due and payable, will provide sufficient money to pay the principal of and the interest and redemption premium, if any, on all bonds then

outstanding to the maturity date or dates of such bonds or to the date or dates specified for the redemption thereof. The nonprofit corporation shall furnish to the Local Government Commission such evidence as the Commission may require that the securities purchased will satisfy the requirements of this section. A hospital which has placed funds in escrow to retire outstanding general obligation or revenue bonds, as provided in this section, shall not be considered a public hospital, and G.S. 159-39(a)(3) shall be inapplicable to such hospitals.

(c) Any sale or conveyance under this section must be approved by the municipality or hospital authority by a resolution adopted at a regular meeting of the governing body on 10 days' public notice. Notice shall be given by publication describing the hospital facility to be conveyed, the proposed monetary consideration or lack thereof, and the governing body's intent to authorize the sale or conveyance.

(d) Neither G.S. 153A-176 nor Article 12 of Chapter 160A of the General Statutes shall apply to sales or conveyances pursuant to this section.

(e) A sale or conveyance of substantially all the equipment is a sale or conveyance of hospital facility. (1983, c. 775, s. 1; 1989, c. 444.)

§ 131E-8.1. Maintenance of Health Education Facilities.

(a) This section shall apply to all sales and leases of a hospital facility by a municipality or hospital authority where any portion of the facility was constructed with a capital grant from the Area Health Education Centers Program (AHEC).

(b) The municipality or hospital authority shall give specific notice of intent to sell or lease and of any public hearing to the Director of the local AHEC program and the Director of the AHEC Program at the University of North Carolina School of Medicine at Chapel Hill.

(c) The municipality or hospital authority may provide continued access to the identical or equivalent facilities suitable for continuation of AHEC activities, including all services being provided under the existing operating contract. The municipality or hospital authority may convey all ownership rights in the hospital facility, or any part thereof, to the local AHEC Program without monetary consideration. Further, the municipality or hospital authority may reimburse the local AHEC Program for any funds used for the original construction of any office for AHEC provided by AHEC to establish or continue the hospital facility.

(d) No portion of this section shall be construed to alter rights or obligations of the operating contracts between the hospital facility and AHEC. (1983 (Reg. Sess., 1984), c. 1056, s. 1; 1985 (Reg. Sess., 1986), c. 995.)

§ 131E-9. Governing authority of hospital facilities.

(a) The governing body of a municipality may establish by resolution an office, board, or other municipal agency to plan, establish, construct, maintain, or operate a hospital facility. The resolution shall prescribe the powers, duties, compensation, and tenure of the members of the governing authority. The municipality shall remain responsible for the expenses of planning, establishment, construction, maintenance and operation of the hospital facilities.

(b) (1) The county board of commissioners of a county may establish by resolution a county hospital authority to plan, establish, construct, maintain, or operate a hospital facility. The authority shall be referred to as "_____ County Hospital Authority."

(2) The county hospital authority shall consist of six appointed members and one ex officio member.

- (3) The appointed members of the authority shall be appointed by the county board of commissioners. All appointed members shall be residents of the county. Three of the members shall be residents of a city in the county and the remaining three members shall not be residents of the same city or cities in which the other three members appointed under this subdivision reside.
- (4) For the initial appointments to the county hospital authority, two of the members shall be appointed for a term of three years, two for a term of four years, and two for a term of five years to achieve staggered terms. All subsequent appointments shall be for five-year terms.
- (5) The ex officio member of the county hospital authority shall be a member of the county board of commissioners. The ex officio member's term on the hospital authority shall be commensurate with his or her term as a member of the county board of commissioners.
- (6) When any member of the county hospital authority resigns or is removed from office before the expiration of the member's term, the county board of commissioners shall appoint a person to serve the unexpired portion of the term.

(c) Any authority vested in a county under this Part or any authority or power that may be exercised by a hospital authority under the Hospital Authorities Act, Chapter 131E, Article 2, Part B, may be vested by resolution of the county board of commissioners in a county hospital authority established under this section. However, a county hospital authority shall exercise only the powers and duties prescribed in the county board of commissioners' resolution. The county board of commissioners shall determine in the resolution the compensation, traveling and any other expenses which shall be paid to each member of the county hospital authority. However, the expenses to plan, establish, construct and operate the hospital facility shall remain the responsibility of the county. (1983, c. 775, s. 1.)

§ 131E-10. Condemnation.

Every municipality is authorized to condemn property to carry out the purposes of this Part. In condemning property, a municipality shall proceed in the manner provided in Chapter 40A of the General Statutes or in the charter of the municipality. A municipality or its agents is authorized to enter upon land, provided no unnecessary damage is done, to make surveys and examinations relative to any condemnation proceeding. Notwithstanding the provisions of any other statute or of any applicable municipal charter, the municipality may take possession of property to be condemned at any time after the commencement of the condemnation proceeding. The municipality shall not be precluded from abandonment of the condemnation of property in any case where possession has not taken place. (1983, c. 775, s. 1.)

§ 131E-11. Federal and State aid.

Every municipality or nonprofit association is authorized to accept and disburse federal and State moneys, whether made available by grant, loan, gift or devise, to carry out the purposes of this Part. All federal moneys shall be accepted and disbursed upon the terms and conditions prescribed by the United States, if the terms and conditions are consistent with State law. All State moneys shall be accepted and disbursed upon the terms and conditions prescribed by either or both

the State and the North Carolina Medical Care Commission. Unless the terms and conditions provide otherwise, the chief financial officer of the municipality shall deposit all moneys received under this section and keep them in separate trust funds. (1983, c. 775, s. 1.)

§ 131E-12. Public purposes.

The exercise of the powers, privileges, and authorities conferred on municipalities by this Part are public and government functions, exercised for a public purpose and matters of public necessity. In the case of a county, the exercise of the powers, privileges and authorities conferred by this Part is a county function and purpose, as well as a public and governmental function. In the case of any municipality other than a county, the exercise of the powers, privileges, and authorities conferred by this Part is a municipal function and purpose, as well as a public and governmental function. (1983, c. 775, s. 1.)

§ 131E-13. Lease or sale of hospital facilities to or from for-profit or nonprofit corporations or other business entities by municipalities and hospital authorities.

(a) A municipality or hospital authority as defined in G.S. 131E-16(14), may lease, sell, or convey any hospital facility, or part, to a corporation, foreign or domestic, authorized to do business in North Carolina, subject to these conditions, which shall be included in the lease, agreement of sale, or agreement of conveyance:

- (1) The corporation shall continue to provide the same or similar clinical hospital services to its patients in medical-surgery, obstetrics, pediatrics, outpatient and emergency treatment, including emergency services for the indigent, that the hospital facility provided prior to the lease, sale, or conveyance. These services may be terminated only as prescribed by Certificate of Need Law prescribed in Article 9 of Chapter 131E of the General Statutes, or, if Certificate of Need Law is inapplicable, by review procedure designed to guarantee public participation pursuant to rules adopted by the Secretary of the Department of Health and Human Services.
- (2) The corporation shall ensure that indigent care is available to the population of the municipality or area served by the hospital authority at levels related to need, as previously demonstrated and determined mutually by the municipality or hospital authority and the corporation.
- (3) The corporation shall not enact financial admission policies that have the effect of denying essential medical services or treatment solely because of a patient's immediate inability to pay for the services or treatment.
- (4) The corporation shall ensure that admission to and services of the facility are available to beneficiaries of governmental reimbursement programs (Medicaid/Medicare) without discrimination or preference because they are beneficiaries of those programs.
- (5) The corporation shall prepare an annual report that shows compliance with the requirements of the lease, sale, or conveyance.

The corporation shall further agree that if it fails to substantially comply with these conditions, or if it fails to operate the facility as a community general hospital open to the general public and free of discrimination based on race, creed, color, sex, or national origin unless relieved of this responsibility by operation of law, or if the corporation dissolves without a successor corporation to carry out the terms and conditions of the lease, agreement of sale, or agreement of conveyance, all ownership or other rights in the hospital facility, including the building, land and equipment associated with the hospital, shall revert to the municipality or hospital authority or successor entity originally conveying the hospital; provided that any building, land, or equipment associated with the hospital facility that the corporation has constructed or acquired since the sale may revert only upon payment to the corporation of a sum equal to the cost less depreciation of the building, land, or equipment.

This section shall not apply to leases, sales, or conveyances of nonmedical services or commercial activities, including the gift shop, cafeteria, the flower shop, or to surplus hospital property that is not required in the delivery of necessary hospital services at the time of the lease, sale, or conveyance.

(b) In the case of a sale or conveyance, if either general obligation bonds or revenue bonds issued for the benefit of the hospital to be conveyed are outstanding at the time of sale or conveyance, then the corporation shall agree to the following:

By the effective date of sale or conveyance, the corporation shall place into an escrow fund money or direct obligations of, or obligations the principal of and interest on which, are unconditionally guaranteed by the United States of America (as approved by the Local Government Commission), the principal of and interest on which, when due and payable, will provide sufficient money to pay the principal of and the interest and redemption premium, if any, on all bonds then outstanding to the maturity date or dates of such bonds or to the date or dates specified for the redemption thereof. The corporation shall furnish to the Local Government Commission such evidence as the Commission may require that the securities purchased will satisfy the requirements of this section. A hospital which has placed funds in escrow to retire outstanding general obligation or revenue bonds, as provided in this section, shall not be considered a public hospital, and G.S. 159-39(a)(3) shall be inapplicable to such hospitals.

No bonds, notes or other evidences of indebtedness shall be issued by a municipality or hospital authority to finance equipment for or the acquisition, extension, construction, reconstruction, improvement, enlargement, or betterment of any hospital facility if the facility has been sold or conveyed to a corporation, foreign or domestic, authorized to do business in North Carolina.

(c) In the case of a lease, the municipality or hospital authority shall determine the length of the lease. No lease executed under this section shall be deemed to convey a freehold interest. Any sublease or assignment of the lease shall be subject to the conditions prescribed by this section. If the term of the lease is more than 10 years, and either general obligation bonds or revenue bonds issued for the benefit of the hospital to be leased are outstanding at the time of the lease, then the corporation shall agree to the following:

By the effective date of the lease, the corporation shall place into an escrow fund money or direct obligations of, or obligations the principal of and interest on which, are unconditionally guaranteed by the United States of America (as approved by the Local Government Commission), the principal of and interest on which, when due and payable, will provide sufficient money to pay the principal of and the interest and redemption premium, if any, on all bonds then outstanding to the maturity date or dates of such bonds or to the date or dates specified for the redemption thereof. The corporation shall furnish to the Local Government Commission such evidence as the Commission may require that the securities purchased will satisfy the requirements of this section.

No bonds, notes or other evidences of indebtedness shall be issued by a municipality or hospital authority to finance equipment for or the acquisition, extension, construction, reconstruction, improvement, enlargement, or betterment of any hospital facility when the facility is leased to a corporation, foreign or domestic, authorized to do business in North Carolina.

(d) The municipality or hospital authority shall comply with the following procedures before leasing, selling, or conveying a hospital facility, or part thereof:

- (1) The municipality or hospital authority shall first adopt a resolution declaring its intent to sell, lease, or convey the hospital facility at a regular meeting on 10 days' public notice. Notice shall be given by publication in one or more papers of general circulation in the affected area describing the intent to lease, sell, or convey the hospital facility involved, known potential buyers or lessees, a solicitation of additional interested buyers or lessees and intent to negotiate the terms of the lease or sale. Specific notice, given by certified mail, shall be given to the local office of each state-supported program that has made a capital expenditure in the hospital facility, to the Department of Health and Human Services, and to the Office of State Budget and Management.
- (2) At the meeting to adopt a resolution of intent, the municipality or hospital authority shall request proposals for lease or purchase by direct solicitation of at least five prospective lessees or buyers. The solicitation shall include a copy of G.S. 131E-13.
- (3) The municipality or hospital authority shall conduct a public hearing on the resolution of intent not less than 15 days after its adoption. Notice of the public hearing shall be given by publication at least 15 days before the hearing. All interested persons shall be heard at the public hearing.
- (4) Before considering any proposal to lease or purchase, the municipality or hospital authority shall require information on charges, services, and indigent care at similar facilities owned or operated by the proposed lessee or buyer.
- (5) Not less than 45 days after adopting a resolution of intent and not less than 30 days after conducting a public hearing on the resolution of intent, the municipality or hospital authority shall conduct a public hearing on proposals for lease or purchase that have been made. Notice of the public

hearings shall be given by publication at least 10 days before the hearing. The notice shall state that copies of proposals for lease or purchase are available to the public.

- (6) The municipality or hospital authority shall make copies of the proposals to lease or purchase available to the public at least 10 days before the public hearing on the proposals.
- (7) Not less than 60 days after adopting a resolution of intent, the municipality or hospital authority at a regular meeting shall approve any lease, sale, or conveyance by a resolution. The municipality or hospital authority shall adopt this resolution only upon a finding that the lease, sale, or conveyance is in the public interest after considering whether the proposed lease, sale, or conveyance will meet the health-related needs of medically underserved groups, such as low income persons, racial and ethnic minorities, and handicapped persons. Notice of the regular meeting shall be given at least 10 days before the meeting and shall state that copies of the lease, sale, or conveyance proposed for approval are available.
- (8) At least 10 days before the regular meeting at which any lease, sale, or conveyance is approved, the municipality or hospital authority shall make copies of the proposed contract available to the public.

(e) Notwithstanding the provisions of subsections (c) and (d) of this section or G.S. 131E-23, a hospital authority as defined in G.S. 131E-16(14) or a municipality may lease or sublease hospital land to a corporation or other business entity, whether for profit or not for profit, and may participate as an owner, joint venturer, or other equity participant with a corporation or other business entity for the development, construction, and operation of medical office buildings and other health care or hospital facilities, so long as the municipality, hospital authority, or other entity continues to maintain its primary community general hospital facilities as required by subsection (a) of this section.

(f) A municipality or hospital authority may permit or consent to the pledge of hospital land or leasehold estates in hospital land to facilitate the development, construction, and operation of medical office buildings and other health care or hospital facilities. A municipality or hospital authority also may, as lessee, enter into master leases or agreements to fund for temporary vacancies relating to hospital land or hospital facilities for use in the provision of health care.

(g) Neither G.S. 153A-176 nor Article 12 of Chapter 160A of the General Statutes shall apply to leases, subleases, sales, or conveyances under this Chapter.

(h) A municipality or hospital authority that has complied with the requirements of subdivisions (1) through (6) of subsection (d) of this section but has not, following good-faith negotiations, approved any lease, sale, or conveyance as required by subdivisions (7) and (8) of subsection (d) of this section may, not less than 120 days following the public hearing required by subdivision (5) of subsection (d) of this section, solicit additional prospective lessees or buyers not previously solicited as required by subdivision (2) of subsection (d) of this section and may approve any lease, sale, or

conveyance without the necessity to repeat compliance with the requirements of subdivisions (1) through (6) of subsection (d) of this section, except for the following:

- (1) Before considering any proposal to lease or purchase the hospital facility or part thereof, the municipality or hospital authority shall require information on charges, services, and indigent care at similar facilities leased, owned, or operated by the proposed lessee or buyer.
- (2) The municipality or hospital authority shall declare its intent to approve any lease or sale in the manner authorized by this subsection at a regular or special meeting held on 10 days' public notice. Such notice shall state that copies of the lease, sale, or conveyance proposed for approval will be available 10 days prior to the regular or special meeting required by subdivision (3) of this subsection and that the lease, sale, or conveyance shall be considered for approval at a regular or special meeting not less than 10 days following the regular or special meeting required by this subsection. Notice shall be given by publication in one or more papers of general circulation in the affected area describing the intent to lease, sell, or convey the hospital facility involved and the potential buyer or lessee.
- (3) Not less than 10 days following the regular or special meeting required by subdivision (2) of this subsection, the municipality or hospital authority shall approve any lease, sale, or conveyance by a resolution at a regular or special meeting.
- (4) At least 10 days before the regular or special meeting at which any lease, sale, or conveyance is approved, the municipality or hospital authority shall make copies of the proposed contract available to the public. (1983 (Reg. Sess., 1984), c. 1066, s. 1; 1997-233, s. 2; 1997-443, s. 11A.118(a); 2000-140, s. 93.1(a); 2001-424, s. 12.2(b); 2015-288, s. 3.)

§ 131E-14. Lease or sale of hospital facilities to certain nonprofit corporations.

If a municipality or hospital authority leases, sells, or conveys a hospital facility, or part, to a nonprofit corporation of which a majority of voting members of its governing body is not appointed or controlled by the municipality or hospital authority, the procedural requirements set forth in G.S. 131E-13(d) shall apply. (1983 (Reg. Sess., 1984), c. 1066, s. 2.)

§ 131E-14.1. Branch facilities.

Notwithstanding anything in this Article, any municipality owning and operating a hospital organized under the provisions of this Part or Part 3 or any nonprofit corporation which leases or operates a hospital facility pursuant to an agreement with the municipality may erect, remodel, enlarge, purchase, finance, and operate branches and related facilities within this State but outside the boundaries of the county subject to the following limitations:

- (1) No moneys derived from the exercise by the owning municipality of its power of taxation shall be expended on facilities located outside its boundaries;

- (2) No moneys derived from the issuance by the owning municipality of its bonds or notes shall be expended on facilities located outside its boundaries;
- (3) The owning municipality shall not possess the power of eminent domain or have the right of condemnation with respect to hospital facilities located outside its boundaries; and
- (4) The power conferred on counties by G.S. 153A-169 and G.S. 153A-170 to adopt ordinances regulating the use of county-owned property and parking on county-owned property shall not extend to hospital facilities located outside its boundaries unless the board of commissioners of the county in which the facility is located shall by resolution permit any such ordinance to be applicable within its jurisdiction.
- (5), (6) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 676, s. 1. (1983, c. 578, s. 1; 1993 (Reg. Sess., 1994), c. 676, s. 1.)

§ 131E-14.2. Conflict of interest.

(a) No member of the board of directors or employee of a public hospital, as defined in G.S. 159-39(a), or that person's spouse shall do either of the following:

- (1) Acquire any interest, direct or indirect, in any hospital facility or in any property included or planned to be included in a hospital facility.
- (2) Have any direct interest in any contract or proposed contract for materials or services to be furnished or used in connection with any hospital facility, except an employment contract for an employee. This restriction shall not apply to any contract, undertaking, or other transaction with a bank or banking institution, savings and loan association or public utility in the regular course of its business provided that the contract, undertaking, or other transaction shall be authorized by the board by specific resolution on which no director having direct interest shall vote.

(b) The fact that a person or that person's spouse owns ten percent (10%) or less stock of a corporation or has a ten percent (10%) or less ownership in any other business entity or is an employee of that corporation or other business entity does not make the person have a "direct interest" as this phrase is used in subsection (a) of this section; provided that, in order for the exception to apply, the contract, undertaking, or other transaction shall be authorized by the board of directors by specific resolution on which no director or employee having an interest, direct or indirect, shall vote.

(c) If a member of the board of directors or an employee of a public hospital or that person's spouse owns or controls an interest, direct or indirect, in any property included or planned to be included in any hospital facility, the member of the board of directors or the employee shall immediately disclose the same in writing to the board and the disclosure shall be entered upon the minutes of the board. Failure to disclose shall constitute misconduct in office and shall be grounds for removal.

(c1) Subsection (a) of this section shall not apply if the director or employee is not involved in making or administering the contract. A director or employee is involved in administering a contract if the director or employee oversees the performance of or interprets the contract. A

director or employee is involved in making a contract if the director or employee participates in the development of specifications or terms or in the preparation or award of the contract. A director or employee is not involved in making or administering a contract solely because of the performance of ministerial duties related to the contract. A director is also involved in making a contract if the board of directors takes action on the contract, whether or not the director actually participates in that action, unless the contract is approved under an exception to this section under which the director is allowed to benefit and is prohibited from voting.

(d) Subsection (a) of this section shall not apply to any member of the board of directors of a public hospital if (i) the undertaking or contract or series of undertakings or contracts between the public hospital and one of its officials is approved by specific resolution of the board adopted in an open and public meeting and recorded in its minutes; (ii) the official entering into the contract or undertaking with the public hospital does not in an official capacity participate in any way or vote; and (iii) the amount does not exceed twelve thousand five hundred dollars (\$12,500) for medically related services and twenty-five thousand dollars (\$25,000) for other goods or services within a 12-month period, or the contract is for medically related or administrative services that are provided by a director who serves on the board as an ex officio representative of the hospital medical staff pursuant to a hospital bylaw adopted prior to January 1, 2005, or that are provided by the spouse of that director.

(e) Subsection (a) of this section shall not apply to any employment relationship between a public hospital and the spouse of a member of the board of directors of the public hospital.

(f) A contract entered into in violation of this section is void. A contract that is void under this section may continue in effect until an alternative can be arranged when: (i) immediate termination would result in harm to the public health or welfare, and (ii) the continuation is approved as provided in this subsection. A public hospital that is a party to the contract may request approval to continue contracts under this subsection from the chairman of the Local Government Commission. Approval of continuation of contracts under this subsection shall be given for the minimum period necessary to protect the public health or welfare. (2001-409, s. 6; 2005-70, s. 1; 2006-264, s. 64(b).)

§ 131E-17. Creation of a hospital authority.

(a) A hospital authority may be created whenever a city council or a county board of commissioners finds and adopts a resolution finding that it is in the interest of the public health and welfare to create a hospital authority.

(b) After the adoption of a resolution creating a hospital authority, the mayor or the chairman of the county board of commissioners shall appoint commissioners in accordance with G.S. 131E-18.

(c) The commissioners shall be a public body and a body corporate and politic upon the completion of the procedures described in G.S. 131E-19. (1943, c. 780, s. 4; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-18. Commissioners.

(a) The mayor or the chairman of the county board shall appoint the commissioners of the authority. There shall be not less than six and not more than 30 commissioners. Upon a finding that it is in the public interest, the commissioners may adopt a resolution increasing or decreasing the number of commissioners by a fixed number; Provided that no decrease in the number of commissioners shall shorten a commissioner's term. A certified copy of the resolution and a list of nominees shall be submitted to the mayor or the chairman of the county board of commissioners for appointments in accordance with the procedures set forth in subsection (d) of this section.

(b) For the initial appointments of commissioners, one-third of the commissioners shall be appointed for a term of one year, one-third for a term of two years, and one-third for a term of three years to achieve staggered terms. All subsequent appointments shall be for three-year terms. A commissioner shall hold office until a successor has been appointed and qualified. Vacancies from resignation or removal from office shall be filled for the unexpired portion of the term.

(c) The mayor or the chairman of the county board of commissioners shall name the first chair of the authority. Thereafter, the commissioners shall elect each subsequent chair from their members. The commissioners shall elect from their members the first vice-chair and all subsequent vice-chairs.

(d) When a commissioner resigns, is removed from office, completes a term of office, or when there is an increase in the number of commissioners, the remaining commissioners shall submit to the mayor or the chairman of the county board of commissioners a list of nominees for appointment to the commission. The mayor or the chairman of the county board of commissioners shall appoint, only from the nominees, the number of commissioners necessary to fill all vacancies. However, the mayor or the chairman of the county board of commissioners may require the commissioners to submit as many additional lists of nominees as he or she may desire.

(e) The mayor shall file with the city clerk, or the chairman of the county board of commissioners shall file with the county clerk, a certificate of appointment or reappointment of a commissioner. The certificate shall be conclusive evidence of the due and proper appointment of the commissioner.

(g) For a county with a population of less than 75,000, according to the most recent decennial federal census, the following exceptions to the provisions of this section shall apply:

(1) The commissioners shall be appointed by the county board of commissioners rather than the chairman of the county board of commissioners;

(2) In making appointments under subsection (d) of this section, the county board of commissioners shall consider the nominations of the commissioners of the authority, but the county board of the

commissioners is not bound by the nominations and may choose any qualified person.

The foregoing exceptions shall not apply when a county with a population of less than 75,000 jointly establishes a hospital authority with a city.

(h) A majority of the commissioners shall constitute a quorum. (1943, c. 780, s. 5; 1971, c. 799; 1973, c. 792; 1981, c. 525, s. 1; 1983, c. 775, s. 1.)

§ 131E-19. Incorporation of a hospital authority.

(a) After the commissioners are appointed, they shall present to the Secretary of State an application for incorporation as a hospital authority. The application shall be signed by each of the commissioners and shall set forth:

- (1) That the city council or the county board of commissioners has found that it is in the interest of the public health and welfare to create a hospital authority;
- (2) That the mayor or the chairman of the county board of commissioners has appointed them as commissioners;
- (3) The name and official residence of each of the commissioners;
- (4) A certified copy of the appointment evidencing the commissioners' right to office, and the date and place of induction into and taking of office;
- (5) That they desire the hospital authority to become a public body and a body corporate and politic under this Part;
- (6) The term of office of each of the commissioners;
- (7) The name which is proposed for the corporation; and
- (8) The location and principal office of the corporation.

The application shall be subscribed and sworn to by each of the commissioners before an officer authorized by the laws of this State to take and certify oaths. This officer shall certify upon the application that he or she personally knows the commissioners and knows them to be the officers as asserted in the application, and that each subscribed to the application and took the oath in the officer's presence.

(b) The Secretary of State shall examine the application. If he or she finds that the name proposed for the corporation is not identical with that of a person or of any other corporation in this State or so nearly similar so as to lead to confusion and uncertainty, the application shall be filed and recorded in the appropriate book of record in the Secretary of State's office. The Secretary of State shall then make and issue to the commissioners a certificate of incorporation pursuant to this Part, under the Seal of the State, and shall record the certificate with the application.

(c) A hospital authority's name or the location or principal office of the corporation may be changed by the adoption of a resolution by the majority of the authority's commissioners. A copy of the resolution, duly verified by the chair and secretary of the commission before an officer authorized by the laws of this State to take and certify oaths, shall be delivered to the Secretary of State, along with a conformed copy. If the Secretary of State finds that the proposed name is not identical with that of a person or any corporation of this State, or so nearly similar as to lead to confusion and uncertainty, the resolution shall be filed and recorded in the appropriate book of record in the Secretary of State's office. A resolution changing the location or principal office of the hospital authority shall be filed and recorded in the appropriate book of record in the Secretary of State's office. The Secretary of State shall then return to the authority the conformed copy,

together with a certificate stating that the attached copy is a true copy of the document in the Secretary of State's office, that shows the date of filing.

(d) In any legal proceeding, a copy of the certificate of incorporation, certified by the Secretary of State, shall be admissible in evidence and shall be conclusive proof of its filing and contents and the incorporation of the hospital authority in accordance with this Part. (1943, c. 780, s. 4; 1966, c. 988, s. 1; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-20. Boundaries of the authority.

(a) The territorial boundaries of a hospital authority shall include the city or county creating the authority and the area within 10 miles from the territorial boundaries of that city or county. However, a hospital authority may engage in health care activities in a county outside its territorial boundaries pursuant to:

- (1) An agreement with a hospital facility if only one hospital currently exists in that county;
- (2) An agreement with any hospital if more than one hospital currently exists in that county; or
- (3) An agreement with any health care agency if no hospital currently exists in that county.

In no event shall the territorial boundaries of a hospital authority include, in whole or in part, the area of any previously existing hospital authority. All priorities shall be determined on the basis of the time of issuance of the certificates of incorporation by the Secretary of State.

(b) After the creation of an authority, the subsequent existence within its territorial boundaries of more than one city or county shall in no way affect the territorial boundaries of the authority. (1943, c. 780, s. 4; 1971, c. 799; 1983, c. 775, s. 1; 1993, c. 529, s. 6.1.)

§ 131E-21. Conflict of interest.

(a) No commissioner or employee of the hospital authority or that person's spouse shall do either of the following:

- (1) Acquire any interest, direct or indirect, in any hospital facility or in any property included or planned to be included in a hospital facility.
- (2) Have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used in connection with any hospital facility, except an employment contract for an employee. The foregoing restriction shall not apply to any contract, undertaking, or other transaction with a bank or banking institution, savings and loan association or public utility in the regular course of its business; Provided that any such contract, undertaking, or other transaction shall be authorized by the commissioners by specific resolution on which no commissioner having an interest, direct or indirect, shall vote.

(b) The fact that a person or that person's spouse owns ten percent (10%) or less stock of a corporation or has a ten percent (10%) or less ownership in any other business entity or is an employee of that corporation or other business entity does not make the person have an "interest, direct or indirect" as this phrase is used in subsection (a) of this section; provided that, in order for the exception to apply, the contract, undertaking or other transaction shall be authorized by the

commissioners by specific resolution on which no commissioner or employee having an interest, direct or indirect, shall vote.

(c) If a commissioner or employee of an authority or that person's spouse owns or controls an interest, direct or indirect, in any property included or planned to be included in any hospital facility, the commissioner or employee shall immediately disclose the same in writing to the authority and the disclosure shall be entered upon the minutes of the authority. Failure to disclose shall constitute misconduct in office and shall be grounds for a commissioner's removal from office under G.S. 131E-22.

(d) Subsection (a) of this section shall not apply to any commissioner of a hospital authority if (i) the undertaking or contract or series of undertakings or contracts between the hospital authority and one of its officials is approved by specific resolution of the governing body adopted in an open and public meeting and recorded in its minutes and the amount does not exceed twelve thousand five hundred dollars (\$12,500) for medically related services and twenty-five thousand dollars (\$25,000) for other goods or services within a 12-month period; and (ii) the official entering into the contract or undertaking with the hospital authority does not in an official capacity participate in any way or vote.

(e) Subsection (a) of this section shall not apply to any employment relationship between a hospital authority and the spouse of a commissioner of the hospital authority.

(f) A contract entered into in violation of this section is void. A contract that is void under this section may continue in effect until an alternative can be arranged when: (i) immediate termination would result in harm to the public health or welfare, and (ii) the continuation is approved as provided in this subsection. A hospital authority that is a party to the contract may request approval to continue contracts under this subsection from the chairman of the Local Government Commission. Approval of continuation of contracts under this subsection shall be given for the minimum period necessary to protect the public health or welfare. (1943, c. 780, s. 7; 1971, c. 749; 1983, c. 775, s. 1; 1983 (Reg. Sess., 1984), c. 1058, s. 1; 2001-409, s. 7.)

§ 131E-22. Removal of commissioners.

(a) The appointing authority, as stated in G.S. 131E-18, may remove a commissioner for inefficiency, neglect of duty, or misconduct in office. A commissioner may be removed only after he or she has been given a copy of the charges and provided the opportunity to be heard in person or by counsel. A commissioner is entitled to at least 10 days after receipt of the notice to prepare for a hearing before the mayor or the chairman of the county.

(b) An obligee of the authority may file with the mayor or the chairman of the county board of commissioners written charges that the authority is willfully violating the laws of the State or a term, provision, or covenant to any contract to which the authority is a party. The mayor or the chairman of the county board of commissioners shall give each of the commissioners a copy of the charges at least 10 days prior to the hearing on the charges. The commissioners shall be provided an opportunity to be heard in person or by counsel. The mayor or the chairman of the county board of commissioners shall, within 15 days after receipt of the charges, remove any commissioners of the authority who are found to have acquiesced in any willful violation. If a commissioner has not filed a written statement before the hearing with the authority stating his or her objections to or lack of participation in the violation, the commissioner shall be deemed to have acquiesced in a willful violation.

(c) If, after due and diligent search, a commissioner to whom charges are required to be delivered cannot be found within the county where the authority is located, the charges shall be

deemed to be served upon the commissioner when it is mailed to the commissioner at the commissioner's last known address as the same appears on the records of the authority.

(d) In the event of the removal of any commissioner, the mayor shall file in the office of the city clerk, or the chairman of the county board of commissioners shall file with the county clerk, a record of the proceedings together with the charges against the commissioner and the findings. (1943, c. 780, s. 8; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-23. Powers of the authority.

(a) An authority shall have all powers necessary or convenient to carry out the purposes of this Part, including the following powers, which are in addition to those powers granted elsewhere in this Part:

- (1) To investigate hospital, medical, and health conditions and the means of improving those conditions;

(b) No property belonging to any city, town, or county, any government, religious or charitable organization, or to any existing hospital or clinic may be acquired without its consent. No property belonging to a public utility corporation may be acquired without the approval of the commission or other officer or agency, if any, having regulatory power over the corporation.

(c) The right of eminent domain shall not be exercised unless and until a certificate of public convenience and necessity for the facility has been issued by the North Carolina Utilities Commission. The proceedings leading up to issuing of the certificate of public convenience and necessity, and the right of appeal from the proceedings shall be governed by the Public Utilities Act, Chapter 62 of the General Statutes, and the rights under that act are hereby expressly reserved to all interested parties in the proceedings. In addition to the powers now granted by law to the North Carolina Utilities Commission, the Utilities Commission is authorized to investigate and examine all facilities set up or attempted to be set up under this Part and to determine the question of public convenience and necessity for the facility. (1943, s. 780, s. 10; 1971, c. 799; 1981, c. 919, s. 18; 1983, c. 775, s. 1.)

§ 131E-25. Zoning and building laws.

All hospital facilities of the authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the hospital facility is situated. (1943, c. 780, s. 11; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-26. Revenue bonds and notes.

(a) A hospital authority shall have the power to issue revenue bonds under the Local Government Revenue Bond Act, Chapter 159 of the General Statutes, Article 5, or the bond and revenue anticipation provisions of Chapter 159 of the General Statutes, Article 9, for the purpose of acquiring, constructing, reconstructing, improving, enlarging, bettering, equipping, extending or operating hospital facilities.

(b) A hospital authority shall have the power to borrow for the purposes above enumerated upon its notes or other evidences of indebtedness, subject to the approval of the Local Government Commission as provided in G.S. 131E-32(c). Such approval shall be required regardless of the amount of any such borrowing. Any borrowing by a hospital authority before the date of ratification of Part 2 of Article 2 of this Chapter, whether or not approved by the Local Government Commission, is valid, ratified and confirmed. (1983, c. 775, s. 1.)

§ 131E-27. Contracts with federal government.

A hospital authority is authorized:

- (1) To borrow money and accept grants from the federal government for or to aid in the construction of a hospital facility;
- (2) To acquire any land acquired by the federal government for the construction of a hospital facility; and
- (3) To acquire, lease or manage any hospital facility constructed or owned by the federal government.

To these ends, a hospital authority is authorized to enter into contracts, mortgages, trust indentures, leases or other agreements giving the federal government the right to supervise and approve the construction, maintenance and operation of the hospital facility. It is the purpose and intent of this Part to authorize every hospital authority to do any and all things necessary to secure

the financial aid and cooperation of the federal government in the construction, maintenance, and operation of hospital facilities. (1943, c. 780, s. 19; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-28: Repealed by Session Laws 2016-5, s. 5.3(a), effective May 11, 2016.

§ 131E-29. Audits and recommendations.

Each hospital authority shall file with the mayor of the city or the chairman of the county board of commissioners at least annually an audit report by a certified public accountant of its activities for the preceding year, and shall make any recommendations necessary to carry out the purposes of this Part. (1943, c. 780, s. 22; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-30. Appropriations.

Each year the governing body of a city or county in which the hospital authority is located may appropriate and transfer funds to the authority. The appropriations shall be from the General Fund and may not exceed five percent (5%) of the General Fund. Money appropriated and paid to the hospital authority by a city or county shall be deemed a necessary expense of the city or county. However, the appropriations shall not be deemed to be a revenue of the authority for the purpose of bonds of the hospital authority issued under the Local Government Revenue Bond Act, Chapter 159 of the General Statutes, Article 5. (1943, c. 780, s. 25; 1971, c. 780, s. 23; c. 799; 1983, c. 775, s. 1.)

§ 131E-31. Transfers of property by a city or county to a hospital authority.

(a) A city or county may lease, sell, convey, or otherwise transfer, with or without consideration or with nominal consideration, any property, whether real or personal or mixed, to a hospital authority whose territorial boundaries include at least part of the city or county. A hospital authority is authorized to accept such lease, transfer, assignment or conveyance and to bind itself to the performance and observation of any agreements and conditions required by the city or county.

(b) If a city or county sells, conveys, or otherwise irrevocably transfers to a hospital authority property with a market value in excess of two hundred fifty thousand dollars (\$250,000), and if the hospital authority accepts this property, the mayor of the city or the chairman of the county board of commissioners shall have the right to name additional commissioners to serve on the authority. The number of additional commissioners shall be such that the proportion of additional commissioners to existing commissioners is approximately equal to the proportion of the total value being transferred to the hospital authority to the total value of property already held by the authority. The determination of the ratios will be made solely by the governing body of the city or county transferring the property to the hospital authority; however, in no event shall fewer than two nor more than nine commissioners be added to the hospital authority. The total number of commissioners shall be increased by the number of commissioners added under this subsection. The times of commencement and expiration of the initial terms of the commissioners being added shall be determined by agreement between the hospital authority and the governing body of the city or county. After the expiration of the initial terms, subsequent terms will be three years. Copies of the agreement setting out the number of persons being added and the terms of each shall be filed with the clerk of the city or the clerk of the county board of commissioners making the transfer and, thereafter, copies of the reports referred to in G.S. 131E-29 shall be filed with the clerk of the

city or the clerk of the county board of commissioners. (1943, c. 780, s. 26; 1961, c. 988, s. 2; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-32. Purchase money security interests.

(a) An authority shall have the power and authority to purchase real or personal property under installment contracts, purchase money mortgages or deeds of trust, or other instruments, which create in the property purchased a security interest to secure payment of the purchase price and interest thereon. No deficiency judgment may be rendered against any authority for breach of an obligation authorized by this section. Any contract made or entered into by an authority before the date of ratification of Part 2 of Article 2 of this Chapter which would have been valid hereunder is valid, ratified and confirmed.

(b) A hospital authority may contract pursuant to this section in an amount of less than seven hundred fifty thousand dollars (\$750,000), adjusted, as hereinafter provided, in any single transaction without the approval of the Local Government Commission: Provided, however, that the approval of the Local Government Commission shall be required for any single contract pursuant to this section if the aggregate dollar amount of all such contracts outstanding after any such single transaction, exclusive of revenue bonds issued pursuant to G.S. 131E-26 and federal contracts entered pursuant to G.S. 131E-27, would exceed ten percent (10%) of the total operating revenues, as hereinafter defined, of the hospital authority for its most recently completed fiscal year as set forth in the audited financial statements of such authority for such fiscal year. The approval of the Local Government Commission shall be required with respect to any single contract pursuant to this section in an amount of seven hundred fifty thousand dollars (\$750,000) or more, adjusted as hereinafter provided.

(c) Approval of the Local Government Commission under this section or as required by G.S. 131E-26(b) shall be obtained in accordance with such rules and regulations as the Local Government Commission may prescribe and shall be evidenced by the secretary's certificate on the contract or note or other evidence of indebtedness. In determining whether to approve any such contract or borrowing, the Local Government Commission shall consider whether the hospital authority can demonstrate the financial responsibility and capability of the hospital authority to fulfill its obligations with respect to such contract or borrowing. The Local Government Commission may approve the application without other findings, if it finds that (i) the proposed project or the purpose of the borrowing is necessary and expedient, (ii) the contract or the borrowing, under the circumstances, is preferable to a bond issue for the same purpose, (iii) the sums to fall due under the contract or borrowing are adequate and not excessive for the proposed purpose, (iv) the authority's debt management procedures are good, or that reasonable assurances have been given that its debt will henceforth be managed in strict compliance with law and (v) the authority is not in default on any of its debt service obligations. Any contract or borrowing subject to this subsection requiring the approval of the Local Government Commission that does not bear the secretary's certificate thereon shall be void, and it shall be unlawful for any officer, employee or agent of a hospital authority to make any payments of money thereunder. An order of the Local Government Commission approving any such contract or borrowing shall not be regarded as an approval of the legality of the contract or borrowing in any respect.

(d) The seven hundred fifty thousand dollars (\$750,000) amount referred to in G.S. 131E-32(b) shall be in effect from July 15, 1983 through September 30, 1984. For each twelve-month period thereafter, the seven hundred fifty thousand dollar (\$750,000) amount shall be the figure in effect for the preceding twelve-month period, adjusted to reflect the change in the

preceding twelve-month period in the Department of Commerce Composite Construction Cost Index.

(e) For purposes of G.S. 131E-32(b), the "total operating revenues" of a hospital authority for a fiscal year means patient revenue, less provisions for contractual adjustments, uncompensated care and bad debts, plus other operating revenues, all as determined in accordance with generally accepted accounting principles. (1983, c. 775, s. 1.)

§ 131E-33. Part controlling.

Insofar as the provisions of this Part are inconsistent with the provisions of any other law, the provisions of this Part shall be controlling; however this Part shall not be construed as preventing a city, town, or county from establishing and operating a hospital under the authority of any other law now or hereafter in effect. (1943, c. 780, s. 28; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-34: Repealed by Session Laws 2011-326, s. 17, effective June 27, 2011.

§§ 131E-35 through 131E-39. Reserved for future codification purposes.

Part 3. Hospital District Act.

§ 131E-40. Title and purpose.

- (a) This Part shall be known as the "Hospital District Act."
- (b) It is the purpose of this Part to authorize the creation of hospital districts to furnish hospital, clinical and similar services to the people of this State.
- (c) This Part provides an additional and alternative method for the provision of hospital, clinical and similar services.
- (d) This Part shall be construed liberally to effect its purposes. (1983, c. 775, s. 1.)

§ 131E-41. Methods of creation of a hospital district.

(a) The voters of an area may petition their county board of commissioners and the North Carolina Medical Care Commission for the creation of a hospital district. All of the area proposed to be included within a hospital district must be located within one county. The petition shall be signed by at least 500 voters of the area described in the petition. However, if the area has less than 1,100 voters, then the minimum number of petitioners shall be 250 voters. The petition shall set forth:

- (1) A description of the area to be included within the proposed hospital district;
- (2) The names of all municipalities located in whole or in part in the proposed hospital district;
- (3) The names of all publicly owned hospitals in the proposed hospital district;
- (4) The purpose or purposes sought to be accomplished by the creation of the hospital district; and
- (5) The proposed name of the hospital district.

The petition shall be delivered to the county board of commissioners of the county in which the proposed hospital district would be located. If the county board of commissioners approves the

creation of the hospital district, they shall have the petition delivered to the North Carolina Medical Care Commission for review under G.S. 131E-42.

(b) In the alternative, the county board of commissioners, in its discretion, may create a hospital district by resolution. This authority exists only when one hospital district already exists in the county, or when a special tax levy for hospital purposes has been authorized or is now authorized with respect to a portion of the county. This power is limited to establishing a hospital district in the area lying outside the existing hospital district or outside the portion of the county in which a hospital tax levy has been or is now authorized. When a county board of commissioners exercises its power under this subsection, all other provisions of this Part shall be applicable, except as modified by this subsection. (1949, c. 766, s. 5; 1953, c. 1045, s. 1; 1959, cc. 877, 1074; 1971, c. 780, s. 37.4; 1973, c. 476, s. 152; c. 494, s. 45; c. 1090, s. 1; 1983, c. 775, s. 1.)

§ 131E-42. Hearing and determination.

(a) After receipt of a petition for the creation of a hospital district that meets the requirements of G.S. 131E-41(a) and that has been approved by the county board of commissioners, the North Carolina Medical Care Commission shall give notice of a hearing on the creation of a hospital district. The notice of hearing shall be posted at the county courthouse door and at three public places within the proposed district. In addition, notice of hearing shall be published at least once for three successive weeks in a newspaper circulating in the proposed district. The notice of hearing shall specify:

- (1) The date of hearing which shall not be earlier than 20 days after the first posting and publication of notice;
- (2) The location of the hearing, which shall be within the county in which the proposed district would be located; and
- (3) That any interested person may appear and be heard at the hearing.

(b) At the time and place specified in the notice of hearing, the North Carolina Medical Care Commission, or its designee, shall hear all interested persons, and, if necessary, adjourn and reconvene at a later time.

(c) After the hearing, the North Carolina Medical Care Commission shall determine if it is in the public interest and beneficial to the residents of the area to create a hospital district, and, if it is, shall adopt a resolution creating the hospital district. The resolution shall define the area to be included in the hospital district. The area shall either be the one described in the petition or a part of that area. However, no municipality, in whole or in part, shall be included in a hospital district unless the governing body of the municipality shall have approved by resolution the inclusion and shall have filed a certified copy of the resolution with the North Carolina Medical Care Commission.

(d) Each hospital district shall be designated by the North Carolina Medical Care Commission as the "_____ Hospital District of _____ County," inserting in the blank spaces a name identifying the locality and the name of the county.

(e) The North Carolina Medical Care Commission shall give notice of the creation of a hospital district. The notice shall be published at least once for two successive weeks in the newspaper in which the notice of hearing required by G.S. 131E-42(a) was published. A notice substantially in the following form, the blanks first being properly filled in, with the printed or written signature of the executive secretary of the North Carolina Medical Care Commission appended, shall be published with the resolution:

The foregoing resolution was passed by the North Carolina Medical Care Commission on the _____ day of _____, ____; it was first published on the _____ day of _____, _____.

Any action or proceeding questioning the validity of the resolution or creation of the _____ Hospital District of _____ County or the inclusion in the district of any of the areas described in the resolution must be commenced within thirty days after the first publication of this resolution.

§ 131E-43. Limitation of actions.

Any action or proceeding in any court to set aside a resolution of the North Carolina Medical Care Commission creating any hospital district, or questioning the validity of the resolution, or the creation of any hospital district, or the inclusion in the district of any of the territory described in the resolution creating the district, must be commenced within 30 days after the first publication of the resolution and notice required by G.S. 131E-42(e). Thereafter, no right of action or defense founded upon the invalidity of a resolution or the creation of a district or the inclusion of any territory in the district shall be asserted, nor shall the validity of the resolution or the creation of the district or the inclusion of any territory be open to question in any court upon any ground, except in any action or proceeding commenced within the 30-day period. (1949, c. 766, s. 5; 1951, c. 805; 1953, c. 1045, s. 2; 1973, c. 476, s. 152; c. 1090, s. 1; 1983, c. 775, s. 1.)

§ 131E-44. General powers.

§ 131E-45. County taxes.

The county board of commissioners may levy a tax for the financing of the operation, equipment, and maintenance of any hospital operated by the district, including any public or nonprofit hospital, if the tax is approved by a majority of the qualified voters of the hospital district who shall vote on the question of levying the tax. The county board of commissioners shall determine the rate or amount of taxes that will be levied if approved by the voters of the district. The election on the question of levying the tax may be held at any time fixed by the county board of commissioners and shall be conducted in the same manner as bond elections held under G.S. 159-61. (1949, c. 766, s. 5; 1953, c. 1045, s. 6; 1983, c. 775, s. 1.)

§ 131E-46. Referendum on repeal of tax levy.

(a) The board of commissioners of the county in which a hospital district was created under the provisions of this Part may, if a tax levy was authorized by referendum under G.S. 131E-45, call a referendum on the repeal of the authority to levy a tax. Such referendum may be called only if there are no outstanding general obligation bonds of the district.

(b) The question on the ballot shall be:

FOR removal of the right of the board of county commissioners to levy and collect a tax in _____ Hospital District of _____ County,

AGAINST removal of the right of the board of county commissioners to levy and collect a tax in _____ Hospital District of _____ County."

(c) The referendum shall be conducted in the same manner as bond elections held under G.S. 159-61. No new registration of voters shall be required.

(d) If a majority of the votes cast are in favor of the question, then beginning on the first day of the fiscal year following the date of the referendum, the board of county commissioners shall have no authority to levy a tax in the hospital district unless the voters approve under G.S. 131E-45. No referendum may be held within one year of the date of a referendum under this section. (1983, c. 775, s. 1.)

Construction and Enlargement of Hospitals.

§ 131E-70. Construction and enlargement of local hospitals.

(a) The Department is authorized to continue surveys of all counties in the State to determine:

- (1) The hospital needs of the county;
- (2) The economic ability of various areas to support adequate hospital service;
- (3) What assistance by the State, if any, is necessary to supplement other available funds; to finance the construction of new hospitals and health centers, additions to existing hospitals and health centers; and to finance equipment necessary to provide adequate hospital service for the citizens of the county;

and to periodically report this information, together with its recommendations, to the Governor, who shall transmit the reports to the General Assembly for any legislative action necessary to ensure an adequate statewide hospital program.

(b) The Department is authorized to act as the agency of the State to develop and administer a statewide plan in accordance with rules adopted by the Medical Care Commission for the

construction and maintenance of hospitals, public health centers and related facilities and to receive and administer funds which may be provided by the General Assembly and by the federal government.

(c) The Department is authorized to develop statewide plans for the construction and maintenance of hospitals, medical centers and related facilities, or other plans necessary in order to meet the requirements and receive the benefits of applicable federal legislation.

(d) The Department is authorized to adopt rules to carry out the intent and purposes of this Article.

Provided, however, if the Business Occupancy outpatient location is to be operated within 30 feet of any hospital facility, or any portion thereof, which is classified as Health Care Occupancy or Ambulatory Health Care Occupancy under the Life Safety Code of the National Fire Protection Association, the hospital shall provide plans and specifications to the Department for review and approval as required for hospital construction or renovations in a manner described by the Department.

§ 131E-77. Licensure requirement.

(a) No person or governmental unit shall establish or operate a hospital in this state without a license. An infirmary is not required to obtain a license under this Part.

(b) The Commission shall prescribe by rule that any licensee or prospective applicant seeking to make specified types of alteration or addition to its facilities or to construct new facilities shall submit plans and specifications before commencement to the Department for preliminary inspection and approval or recommendations with respect to compliance with the applicable rules under this Part.

(c) An applicant for licensing under this Part shall provide information related to hospital operations as requested by the Department. The required information shall be submitted by the applicant on forms provided by the Department and established by rule.

- (2) The licensed hospital in the immediately adjoining county described in subdivision (1) of this subsection closed or otherwise ceased providing hospital services to patients no more than three years prior to the date the applicant hospital first applied to license a facility in such immediately adjoining county.

If the Department approves a hospital's initial request to include within its hospital license a facility in an immediately adjoining county, then any other hospital services thereafter developed and operated by the applicant in such immediately adjoining county in accordance with applicable law may also be included within and covered by the license issued to the applicant by the Department.

(f) The operator shall post the license on the licensed premises in an area accessible to the public. (1947, c. 933, s. 6; 1949, c. 920, ss. 3, 4; 1963, c. 66; 1973, c. 476, s. 152; c. 1090, s. 1; 1975, c. 718, s. 2; 1983, c. 775, s. 1; 2003-284, s. 34.2(a); 2005-276, s. 41.2(b); 2005-346, s. 3; 2009-451, s. 10.76(e); 2011-145, s. 18.10(c); 2011-391, s. 42.1; 2016-94, s. 12G.3(a); 2017-57, s. 11G.2(a).)

§ 131E-78. Adverse action on a license.

(a) The Department shall have the authority to deny, suspend, revoke, annul, withdraw, recall, cancel, or amend a license in any case when it finds a substantial failure to comply with the provisions of this Part or any rule promulgated under this Part.

(b) Repealed by Session Laws 2007-444, s. 1, effective August 23, 2007.

(b1) The Secretary may suspend the admission of any new patients to specific areas of a hospital or suspend specific services of a hospital licensed under this Article where the conditions of the hospital constitute a substantial failure to comply with the provisions of this Part or any rule adopted under this Part and are dangerous to the health or safety of the patients. When the Secretary suspends admissions or specific services, the suspension shall be limited to the smallest possible components of the hospital. The Department shall provide consultation to assist the hospital in correcting the conditions that led to the suspension in order that the suspension can be lifted at the earliest possible time after the Secretary is satisfied that conditions or circumstances merit removal of the suspension. In determining whether to suspend admissions or services under this subsection, the Secretary shall consider the following factors:

- (1) The character and degree of impact of the conditions at the hospital on the health and safety of its patients.
- (2) The character and degree of impact that the proposed suspension of admissions or services would have on the functionality of the hospital and the availability of services necessary to the community or to current patients of the hospital.
- (3) Whether all other reasonable means for correcting the problem have been exhausted and no less restrictive alternative to suspension of admissions or service exists.

(c) Repealed by Session Laws 2007-444, s. 1, effective August 23, 2007.

(c1) A hospital may contest any adverse action on its license under this section in accordance with Chapter 150B of the General Statutes. (1947, c. 933, s. 6; 1973, c. 476, s. 152; c. 1090, s. 1; 1981, c. 614, ss. 16, 17; 1983, c. 775, s. 1; 1987, c. 827, s. 1; 2007-444, s. 1.)

§ 131E-78.5. Designation as primary stroke center.

(a) The Department shall designate as a primary stroke center any hospital licensed under this Article that demonstrates to the Department that the hospital is certified by the Joint Commission or other nationally recognized accrediting body that requires conformance to best practices for stroke care in order to be identified as a primary stroke center. A hospital that is certified by the Joint Commission or other nationally recognized accrediting body that requires conformance to best practices for stroke care in order to be identified as a primary stroke center shall report the certification to the Department within 90 days of receiving that certification. A hospital shall inform the Department of any changes to its certification status within 30 days of any change.

(b) Each hospital designated as a primary stroke center pursuant to this section shall make efforts to coordinate the provision of appropriate acute stroke care with other hospitals licensed in this State through a formal written agreement. The agreement shall, at a minimum, address (i) transportation of acute stroke patients to hospitals designated as

primary stroke centers and (ii) acceptance by hospitals designated as primary stroke centers of acute stroke patients initially treated at hospitals that are not capable of providing appropriate stroke care.

(c) The Department shall maintain within the Division of Health Service Regulation, Office of Emergency Services, a list of the hospitals designated as primary stroke centers in accordance with this section and post the list on the Department's Internet Web site. Annually on June 1, the Department shall transmit this list to the medical director of each licensed emergency medical services provider in this State.

(d) A hospital licensed under this Article shall not advertise or hold itself out to the public as a primary stroke center unless certified as a primary stroke center by the Joint Commission or other nationally recognized accrediting body that requires conformance to best practices for stroke care in order to be identified as a primary stroke center.

(e) Nothing in this section shall be construed to do any of the following:

(1) Establish a standard of medical practice for stroke patients.

(2) Restrict in any way the authority of any hospital to provide services authorized under its hospital license.

(f) The Department may adopt rules to implement the provisions of this section. (2013-44, s. 1.)

§ 131E-79. Rules and enforcement.

(a) The Commission shall promulgate rules necessary to implement this Article.

(b) The Department shall enforce this Article and the rules of the Commission. (1947, c. 933, s. 6; 1973, c. 476, s. 152; 1983, c. 775, s. 1.)

(a) Any hospital or other health care facility licensed pursuant to this Chapter or Chapter 122C of the General Statutes, health maintenance organization, local health department, community health center, medical office, or facility operated by a health care provider licensed under Chapter 90 of the General Statutes, providing patient counseling by a physician, a registered nurse, or any other appropriately trained health care professional shall be deemed in compliance with the rules adopted by the North Carolina Board of Pharmacy regarding patient counseling.

(b) As used in this section, "patient counseling" means the effective communication of information to the patient or representative in order to improve therapeutic outcomes by maximizing proper use of prescription medications and devices. (1993, c. 529, s. 7.7.)

§ 131E-79.2. Educating parents of newborns regarding pertussis disease.

(a) Each hospital licensed under this Article shall provide to the parents of newborns delivered at the hospital free, medically accurate educational information about pertussis disease and the availability of the tetanus-diphtheria and pertussis (Tdap) vaccine to protect against pertussis disease. The hospital shall provide this educational information to parents during the postpartum period and prior to the mother's discharge from the hospital. As used in this section, "postpartum period" means the period of time between the mother's admittance to the hospital for delivery of the newborn child through the first few hours after childbirth.

(b) The educational information provided to parents pursuant to this section shall include, at a minimum, the most current recommendations of the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices regarding the use of tetanus-toxoid-diphtheria-acellular pertussis (Tdap) vaccine to reduce the burden of pertussis in infants.

(c) Nothing in this section shall be construed to require a hospital to provide or pay for any vaccination against pertussis disease. (2013-161, s. 1.)

§ 131E-80. Inspections.

(a) The Department shall make or cause to be made inspections as it may deem necessary. Any hospital licensed under this Part shall at all times be subject to inspections by the Department according to the rules of the Commission. Except as provided under G.S. 131E-77(b) of this Part, after the hospital's initial licensing, any location included or added to the hospital's accreditation through an accrediting body approved pursuant to section 1865(a) of the Social Security Act, shall be deemed to be part of the hospital's license; provided, however, that all locations may be subject to inspections which the Department deems necessary to validate compliance with the requirements set forth in this Part.

(b) The Department may delegate to any state officer or agency the authority to inspect hospitals. The Department may revoke this delegated authority at its discretion and make its own inspections.

(c) Authorized representatives of the Department shall have at all times the right of proper entry upon any and all parts of the premises of any place in which entry is necessary to carry out the provisions of this Part or the rules adopted by the Commission; and it shall be unlawful for any person to resist a proper entry by such authorized representative upon any premises other than a private dwelling. However, no representative shall, by this entry onto the premises, endanger the health or well being of any patient being treated in the hospital.

(d) To enable the Department to determine compliance with this Part and the rules promulgated under the authority of this Part and to investigate complaints made against a hospital licensed under this Part, while maintaining the confidentiality of the complainant, the Department shall have the authority to review any writing or other record in any recording medium which pertains to the admission, discharge, medication, treatment, medical condition, or history of persons who are or have been patients of the hospital licensed under this Part and the personnel records of those individuals employed by the licensed hospital. The examinations of these records is permitted notwithstanding the provisions of G.S. 8-53, "Communications between physician and patient," or any other provision of law relating to the confidentiality of communications between physician and patient. Proceedings of medical review committees are exempt from the provisions of this section. The hospital, its employees, and any person interviewed during these inspections shall be immune from liability for damages resulting from the disclosure of any information to the Department. Any confidential or privileged information received from review of records or interviews shall be kept confidential by the Department and not disclosed without written authorization of the patient, employee or legal representative, or unless disclosure is ordered by a court of competent jurisdiction. The Department shall institute appropriate policies and procedures to ensure that this information shall not be disclosed without authorization or court order. The Department shall not disclose the name of anyone who has furnished information concerning a hospital without the consent of that person. Any officer, administrator, or employee of the Department who willfully discloses confidential or privileged information without

appropriate authorization or court order shall be guilty of a Class 3 misdemeanor and upon conviction shall only be fined in the discretion of the court but not in excess of five hundred dollars (\$500.00). Neither the names of persons furnishing information nor any confidential or privileged information obtained from records or interviews shall be considered "public records" within the meaning of G.S. 132-1, "Public Records" defined.

(e) Information received by the Commission and the Department through filed reports, license applications, or inspections that are required or authorized by the provisions of this Part, may be disclosed publicly except where this disclosure would violate the confidential relationship existing between physician and patient. However, no such public disclosure shall identify the patient involved without permission of the patient or court order. (1947, c. 933, s. 6; 1973, c. 476, s. 152; c. 1090, s. 1; 1981, c. 586, s. 3; 1983, c. 775, s. 1; 1993, c. 539, s. 957; 1994, Ex. Sess., c. 24, s. 14(c); 2009-487, s. 4(b).)

§ 131E-81. Penalties.

(a) Any person establishing, conducting, managing, or operating any hospital without a license is guilty of a Class 3 misdemeanor, and upon conviction is only liable for a fine of not more than fifty dollars (\$50.00) for the first offense and not more than five hundred dollars (\$500.00) for each subsequent offense. Each day of a continuing violation after conviction is a separate offense.

(b) Except as otherwise provided in this Part, any person that willfully violates any provision of this Part, willfully fails to perform any act required by this Part, or willfully performs any act prohibited by this Part is guilty of a Class 1 misdemeanor. (1947, c. 933, s. 6; 1983, c. 775, s. 1; 1993, c. 539, s. 958; 1994, Ex. Sess., c. 24, s. 14(c); 2021-84, s. 10.)

§ 131E-82. Injunction.

(a) Notwithstanding the existence or pursuit of any other remedy, the Department may, in the manner provided by law, maintain an action in the name of the State for injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, management or operation of a hospital without a license.

(b) If any person shall hinder the proper performance of duty of the Secretary or a representative in carrying out the provisions of this Part, the Secretary may institute an action in the superior court of the county in which the hindrance occurred for injunctive relief against the continued hindrance, irrespective of all other remedies at law.

(c) Actions under this section shall be in accordance with Article 37 of Chapter 1 of the General Statutes, and Rule 65 of the Rules of Civil Procedure. (1947, c. 933, s. 6; 1973, c. 476, s. 152; 1983, c. 775, s. 1.)

§ 131E-83. Temporary change of hospital bed capacity.

A hospital may temporarily increase its bed capacity by up to ten percent (10%) over its licensed bed capacity by utilizing observation beds for hospital inpatients if the hospital notifies and obtains the approval of the Division of Health Service Regulation. For purposes of this section, "temporarily" means not longer than 60 consecutive days. (2001-410, s. 1; 2007-182, s. 1.)

§ 131E-84. Waiver of rules for hospitals that provide temporary shelter or temporary services during a disaster or emergency.

(a) The Division of Health Service Regulation may temporarily waive, during disasters or emergencies declared in accordance with Article 1A of Chapter 166A of the General Statutes, any rules of the Commission pertaining to a hospital to the extent necessary to allow the hospital to provide temporary shelter and temporary services requested by the emergency management agency. The Division may identify, in advance of a declared disaster or emergency, rules that may be waived, and the extent to which the rules may be waived, upon a declaration of disaster or emergency in accordance with Article 1A of Chapter 166A of the General Statutes. The Division may also waive rules under this subsection during a declared disaster or emergency upon the request of an emergency management agency and may rescind the waiver if, after investigation, the Division determines the waiver poses an unreasonable risk to the health, safety, or welfare of any of the persons occupying the hospital. The emergency management agency requesting temporary shelter or temporary services shall notify the Division within 72 hours of the time the preapproved waivers are deemed by the emergency management agency to apply.

(b) As used in this section, "emergency management agency" is as defined in G.S. 166A-19.3. (2007-444, s. 2; 2012-12, s. 2(t).)

§ 131E-84.05. Patient visitation by clergy, including during declared disasters or emergencies.

Notwithstanding G.S. 131E-84, Chapter 166A of the General Statutes, or any other provision of law to the contrary, each hospital licensed under this Article shall allow a clergy member to visit any patient admitted to the hospital who requests or consents to be visited by a clergy member during the patient's hospital stay, including a hospital stay that occurs during a declared disaster or emergency. A hospital may require a visiting clergy member to submit to health screenings necessary to prevent the spread of infectious diseases, and, notwithstanding anything to the contrary in this section, a hospital may restrict a visiting clergy member who does not pass a health screening requirement or who has tested positive for an infectious disease. A hospital may require a visiting clergy member to adhere to infection control procedures, including wearing personal protective equipment, as long as the infection control procedures do not interfere with the religious beliefs of the patient or the visiting clergy member. (2021-156, s. 1.)

§ 131E-84.1. Human trafficking public awareness sign.

Each hospital licensed under this Article shall prominently display in its emergency room or emergency department in a place that is clearly conspicuous and visible to employees and the public a public awareness sign created and provided by the North Carolina Human Trafficking Commission that contains the National Human Trafficking Resource hotline information. (2017-57, s. 17.4(d); 2017-197, s. 5.8.)

Part 3. Hospital Privileges.

§ 131E-85. Hospital privileges and procedures.

(a) The granting or denial of privileges to practice in hospitals to physicians licensed under Chapter 90 of the General Statutes, Article 1, dentists, optometrists, and podiatrists and the scope and delineation of such privileges shall be determined by the governing body of the hospital on a non-discriminatory basis. Such determinations shall be based upon the applicant's education, training, experience, demonstrated competence and ability, and judgment and character of the applicant, and the reasonable objectives and regulations of the hospital, including, but not limited to appropriate utilization of hospital facilities, in which privileges are sought. Nothing in this Part shall be deemed to mandate hospitals to grant or deny to any such individuals or others privileges to practice in hospitals, or to offer or provide any type of care.

(b) The procedures to be followed by a licensed hospital in considering applications of dentists, optometrists, and podiatrists for privileges to practice in such hospitals shall be similar to those applicable to applications of physicians licensed under Chapter 90 of the General Statutes, Article 1. Such procedures shall be available upon request.

(c) In addition to the granting or denial of privileges, the governing body of each hospital may suspend, revoke, or modify privileges.

(d) All applicants or individuals who have privileges shall comply with all applicable medical staff bylaws, rules and regulations, including the policies and procedures governing the qualifications of applicants and the scope and delineation of privileges.

(e) The Department shall not issue or renew a license under this Article unless the applicant has demonstrated that the procedures followed in determining hospital privileges are in accordance with this Part and rules of the Department. (1981, c. 659, s. 10; 1983, c. 775, s. 1; 1987, c. 859, s. 18; 1989, c. 446; 1997-75, s. 2.)

§ 131E-86. Limited privileges.

(a) It shall be unlawful for an individual who is not licensed under Chapter 90 of the General Statutes, Article 1, to admit a patient to a hospital without written proof in accordance with the policy of the governing body of the hospital that a physician licensed under Chapter 90 of the General Statutes, Article 1, who is a member of the medical staff will be responsible for the performance of a basic medical appraisal and for the medical needs of the patient. The governing body of a hospital may waive this requirement for a dentist licensed under Chapter 90 of the General Statutes, Article 2, to the extent authorized by this statute, who has successfully completed a postgraduate program in oral and maxillofacial surgery accredited by the American Dental Association.

(b) The governing body of each hospital shall not grant privileges that exceed the scope of a license. (1983, c. 775, s. 1.)

§ 131E-87. Reports of disciplinary action; immunity from liability.

The chief administrative officer of each licensed hospital in the State shall report to the appropriate occupational licensing board the details, as prescribed by the board, of any revocation, suspension, limitation, or voluntary reduction of privileges of a health care provider to practice in that hospital. Each hospital shall also report to the board its medical staff resignations. Reports concerning physician privileges and resignations shall be made in accordance with G.S. 90-14.13. Any person making a report required by this section shall be immune from any resulting criminal prosecution or civil liability unless the person knew the report was false or acted in reckless disregard of whether the report was false. (1983, c. 775, s. 1; 1987, c. 859, s. 16; 2006-144, s. 9.)

§ 131E-89. Reserved for future codification purposes.

Part 4. Discharge from Hospital.

§ 131E-90. Authority of administrator; refusal to leave after discharge.

The case of a patient who refuses or fails to leave the hospital upon discharge by the attending physician shall be reviewed by two physicians licensed to practice medicine in this State, one of whom may be the attending physician. If in the opinion of the physicians, the patient should be discharged as cured or as no longer needing treatment or for the reason that treatment cannot benefit the patient's case or for other good and sufficient reasons, the patient's refusal to leave shall constitute a trespass. The patient shall be guilty of a Class 3 misdemeanor. (1965, c. 258; 1983, c. 775, s. 1; 1993, c. 539, s. 959; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 131E-91. Fair billing and collections practices for hospitals and ambulatory surgical facilities.

(a) All hospitals and ambulatory surgical facilities licensed pursuant to this Chapter shall, upon request of the patient, present an itemized list of charges to all discharged patients detailing in language comprehensible to an ordinary layperson the specific nature of the charges or expenses incurred by the patient. Patient bills that are not itemized shall include notification to the patient of the right to request, free of charge, an itemized bill. A patient may request an itemized list of charges at any time within three years after the date of discharge or so long as the hospital or ambulatory surgical facility, a collections agency, or another assignee of the hospital or ambulatory surgical facility asserts the patient has an obligation to pay the bill. Each hospital and ambulatory surgical facility shall establish a method for patients to inquire about or dispute a bill.

(b) If a patient has overpaid the amount due to the hospital or ambulatory surgical facility, whether as the result of insurance coverage, patient error, health care facility billing error, or other cause, and the overpayment is not in dispute or on appeal, the hospital or ambulatory surgical facility shall provide the patient with a refund within 45 days of receiving notice of the overpayment.

(c) A hospital or ambulatory surgical facility shall not bill insured patients for charges that would have been covered by their insurance had the hospital or ambulatory surgical facility submitted the claim or other information required to process the claim within the allotted time requirements of the insurer.

(d) Hospitals and ambulatory surgical facilities shall abide by the following reasonable collections practices:

- (1) A hospital or ambulatory surgical facility shall not refer a patient's unpaid bill to a collections agency, entity, or other assignee during the pendency of a patient's application for charity care or financial assistance under the hospital's or ambulatory surgical facility's charity care or financial assistance policies.

- (2) A hospital or ambulatory surgical facility shall provide a patient with a written notice that the patient's bill will be subject to collections activity at least 30 days prior to the referral being made.
- (3) A hospital or ambulatory surgical facility that contracts with a collections agency, entity, or other assignee shall require the collections agency, entity, or other assignee to inform the patient of the hospital's or ambulatory surgical facility's charity care and financial assistance policies when engaging in collections activity.
- (4) A hospital or ambulatory surgical facility shall require a collections agency, entity, or other assignee to obtain the written consent of the hospital or ambulatory surgical facility prior to the collections agency, entity, or other assignee filing a lawsuit to collect the debt.
- (5) For debts arising from the provision of care by a hospital or ambulatory surgical center, the doctrine of necessities as it existed at common law shall apply equally to both spouses, except where they are permanently living separate and apart, but shall in no event create any liability between the spouses as to each other. No lien arising out of a judgment for a debt owed a hospital or ambulatory surgical facility under this section shall attach to the judgment debtors' principal residence, or, if the land upon which the principal residence is located is greater than five acres, then no lien shall attach to the judgment debtors' principal residence and the surrounding five acres, held by them as tenants by the entirety or that was held by them as tenants by the entirety prior to the death of either spouse where the tenancy terminated as a result of the death of either spouse.
- (6) For debts arising from the provision of care by a hospital or ambulatory surgical center to a minor, there shall be no execution on or otherwise forced sale of the principal residence of the custodial parent or parents for a judgment obtained for the outstanding debt until such time as the minor is either no longer residing with the custodial parent or parents or until the minor reaches the age of majority, whichever occurs first.

(e) The Commission shall adopt rules to ensure that this section is properly implemented. The Department shall not issue or renew a license under this Article unless the applicant has demonstrated that the requirements of this subsection are being met. Part 5. Medical Review Committee.

§ 131E-95. Medical review committee.

(a) A member of a duly appointed medical review committee who acts without malice or fraud shall not be subject to liability for damages in any civil action on account of any act, statement or proceeding undertaken, made, or performed within the scope of the functions of the committee.

(b) The proceedings of a medical review committee, the records and materials it produces and the materials it considers shall be confidential and not considered public records within the meaning of G.S. 132-1, " 'Public records' defined", and shall not be subject to discovery or introduction into evidence in any civil action against a hospital, an ambulatory surgical facility licensed under Chapter 131E of the General Statutes, or a provider of professional health services which results from matters which are the subject of evaluation and review by the committee. No person who was in attendance at a meeting of the committee shall be required to testify in any civil action as to any evidence or other matters produced or presented during the proceedings of the committee or as to any findings, recommendations, evaluations, opinions, or other actions of the committee or its members. However, information, documents, or records otherwise available are not immune from discovery or use in a civil action merely because they were presented during proceedings of the committee. Documents otherwise available as public records within the meaning of G.S. 132-1 do not lose their status as public records merely because they were presented or considered during proceedings of the committee. A member of the committee or a person who testifies before the committee may testify in a civil action but cannot be asked about the person's testimony before the committee or any opinions formed as a result of the committee hearings.

(c) Information that is confidential and is not subject to discovery or use in civil actions under this section may be released to a professional standards review organization that performs any accreditation or certification including the Joint Commission on Accreditation of Healthcare Organizations, or to a patient safety organization or its designated contractors. Information released under this subsection shall be limited to that which is reasonably necessary and relevant to the standards review organization's determination to grant or continue accreditation or certification, or the patient safety organization's or its contractors' analysis of patient safety and health care quality. Information released under this subsection retains its confidentiality and is not subject to discovery or use in any civil actions as provided under this section, and the standards review or patient safety organization shall keep the information confidential subject to this section, except as necessary to carry out the organization's patient safety, accreditation, or certification activities. For the purposes of this section, "patient safety organization" means an entity that collects and analyzes patient safety or health care quality data of providers for the purpose of improving patient safety and the quality of health care delivery and includes, but is not limited to, an entity formed pursuant to Public Law No. 109-41. (1973, c. 1111; 1981, c. 725; 1983, c. 775, s. 1; 1999-222, s. 2; 2002-179, s. 19; 2004-149, s. 2.5; 2006-144, s. 3.2.)

Part 6. Risk Management.

§ 131E-96. Risk management programs.

(a) Each hospital shall develop and maintain a risk management program which is designed to identify, analyze, evaluate, and manage risks of injury to patients, visitors, employees, and property through loss reduction and prevention techniques and quality assurance activities, as prescribed in rules promulgated by the Commission.

(b) The Department shall not issue or renew a license under this Article unless the applicant is in compliance with this section. (1987, c. 859, s. 17.)

Part 7. Confidential Information.

§ 131E-97. Confidentiality of patient information.

(a) Medical records compiled and maintained by health care facilities in connection with the admission, treatment, and discharge of individual patients are not public records as defined by Chapter 132 of the General Statutes.

(b) Charges, accounts, credit histories, and other personal financial records compiled and maintained by health care facilities in connection with the admission, treatment, and discharge of individual patients are not public records as defined by Chapter 132 of the General Statutes. (1993 (Reg. Sess., 1994), c. 570, s. 10.)

§ 131E-97.1. Confidentiality of personnel information.

(a) Except as provided in subsection (b) of this section, the personnel files of employees or former employees, and the files of applicants for employment maintained by a public hospital as defined in G.S. 159-39 or maintained by a hospital that has been sold or conveyed pursuant to G.S. 131E-8 are not public records as defined by Chapter 132 of the General Statutes.

(b) Repealed by Session Laws, 1997-517, s. 3.

(c) Information regarding the qualifications, competence, performance, character, fitness, or conditions of appointment of an independent contractor who provides health care services under a contract with a public hospital as defined in G.S. 159-39, or with a hospital which has been sold or conveyed pursuant to G.S. 131E-8, is not a public record as defined by Chapter 132 of the General Statutes. Information regarding a hearing or investigation of a complaint, charge, or grievance by or against an independent contractor who provides health care services under a contract with a public hospital as defined in G.S. 159-39 or with a hospital which has been sold or conveyed pursuant to G.S. 131E-8, is not a public record as defined by Chapter 132 of the General Statutes. Final action making an appointment or discharge or removal by a public hospital having final authority for the appointment or discharge or removal shall be taken in an open meeting, unless otherwise exempted by law. The following information with respect to each independent contractor of health care services of a public hospital, as defined by G.S. 159-39, is a matter of public record: name; age; date of original contract; beginning and ending dates; position title; position descriptions; and total compensation of current and former positions; and the date of the most recent promotion, demotion, transfer, suspension, separation, or other change in position classification. (1993 (Reg. Sess., 1994), c. 570, s. 10; 1995, c. 99, s. 1; c. 509, s. 135.2(q); 1997-517, s. 3.)

§ 131E-97.2. Confidentiality of credentialing information.

Information acquired by a public hospital, as defined in G.S. 159-39, a hospital that has been sold or conveyed pursuant to G.S. 131E-8, a State-owned or State-operated hospital, or by persons acting for or on behalf of a hospital, in connection with the credentialing and peer review of persons having or applying for privileges to practice in the hospital is confidential and is not a public record under Chapter 132 of the General Statutes; provided that information otherwise available to the public shall not become confidential merely because it was acquired by the hospital or by persons acting for or on behalf of the hospital. (1993 (Reg. Sess., 1994), c. 570, s. 10; 1995, c. 509, s. 135.2(r).)

§ 131E-97.3. Confidentiality of competitive health care information.

(a) For the purposes of this section, competitive health care information means information relating to competitive health care activities by or on behalf of hospitals and public hospital authorities. Competitive health care information does not include any of the information hospitals and ambulatory surgical facilities are required to report under G.S. 131E-214.12. Competitive health care information shall be confidential and not a public record under Chapter 132 of the General Statutes; provided that any contract entered into by or on behalf of a public hospital or public hospital authority, as defined in G.S. 159-39, shall be a public record unless otherwise exempted by law, or the contract contains competitive health care information, the determination of which shall be as provided in subsection (b) of this section.

(b) If a public hospital or public hospital authority is requested to disclose any contract which the hospital or hospital authority believes in good faith contains or constitutes competitive health care information, the hospital or hospital authority may either redact the portions of the contract believed to constitute competitive health care information prior to disclosure, or if the entire contract constitutes competitive health care information, refuse disclosure of the contract. The person requesting disclosure of the contract may institute an action pursuant to G.S. 132-9 to compel disclosure of the contract or any redacted portion thereof. In any action brought under this subsection, the issue for decision by the court shall be whether the contract, or portions of the contract withheld, constitutes competitive health care information, and in making its determination, the court shall be guided by the procedures and standards applicable to protective orders requested under Rule 26(c)(7) of the Rules of Civil Procedure. For the purposes of this section, competitive health care information includes, but is not limited to, contracts entered into by or on behalf of a public hospital or public hospital authority to purchase a medical practice. Before rendering a decision, the court shall review the contract in camera and hear arguments from the parties. If the court finds that the contract constitutes or contains competitive health care information, the court may either deny disclosure or may make such other appropriate orders as are permitted under Rule 26(c) of the Rules of Civil Procedure.

(c) Nothing in this section shall be deemed to prevent an elected public body, in closed session, which has responsibility for the hospital, the Attorney General, or the State Auditor from having access to this confidential information. The disclosure to any public entity does not affect the confidentiality of the information. Members of the public entity shall have a duty not to further disclose the confidential information. (1993 (Reg. Sess., 1994), c. 570, s. 10; 2001-516, s. 5; 2007-508, s. 8.5; 2013-382, s. 10.4.)

§ 131E-98. Inmate medical records.

Notwithstanding any other provision of law, a hospital does not breach patient confidentiality by providing the Division of Adult Correction and Juvenile Justice of the Department of Public Safety with the medical records of inmates who receive medical treatment at the hospital while in the custody of the Division. A hospital complying with a

request from the Division of Adult Correction and Juvenile Justice of the Department of Public Safety or its agent for a copy of the medical records of an inmate who received medical services while in custody shall be immune from liability in any civil action for the release of the inmate's medical record. (1993, c. 321, s. 178(b); 2011-145, s. 19.1(h); 2017-186, s. 2(wwwwww).)

§ 131E-99. Confidentiality of health care contracts.

Except for the information a hospital or an ambulatory surgical facility is required to report under G.S. 131E-214.12, the financial terms and other competitive health care information directly related to the financial terms in a health care services contract between a hospital or a medical school and a managed care organization, insurance company, employer, or other payer is confidential and not a public record under Chapter 132 of the General Statutes. Nothing in this section shall prevent an elected public body which has responsibility for the hospital or medical school from having access to this confidential information in a closed session. The disclosure to a public body does not affect the confidentiality of the information. Members of the public body shall have a duty not to further disclose the confidential information. (1995 (Reg. Sess., 1996), c. 713, s. 2; 1997-123, ss. 1, 2; 2013-382, s. 10.5.)

Article 6.

Health Care Facility Licensure Act.

Part 1. Nursing Home Licensure Act.

§ 131E-100. Title; purpose.

- (a) This Part shall be known as the "Nursing Home Licensure Act."
- (b) The purpose of the Nursing Home Licensure Act is to establish authority and duty for the Department to inspect and license private nursing homes. (1983, c. 775, s. 1.)

§ 131E-101. Definitions.

As used in this Part, unless otherwise specified:

- (1) "Adult care home", as distinguished from a nursing home, means a facility operated as a part of a nursing home and which provides residential care for aged or disabled persons whose principal need is a home with the shelter or personal care their age or disability requires. Medical care in an adult care home is usually occasional or incidental, such as may be required in the home of any individual or family, but the administration of medication is supervised. Continuing planned medical and nursing care to meet the resident's needs may be provided under the direct supervision of a physician, nurse, or home health agency. Adult care homes are to be distinguished from nursing homes subject to licensure under this Part.
- (1a) "Combination home" means a nursing home offering one or more levels of care, including any combination of skilled nursing, intermediate care, and adult care home.

- (2) "Commission" means the North Carolina Medical Care Commission.
- (3) "Community advisory committee" means a nursing home advisory committee established for the statutory purpose of working to carry out the intent of the Nursing Home Patients' Bill of Rights (Chapter 131E, Article 6, Part 2) in accordance with G.S. 143B-181.1.
- (4) Repealed by Session Laws 1995, c. 535, s. 21.
- (5) "Medical review committee" means a committee of a State or local professional society, of a medical staff of a licensed hospital, of physicians having privileges within the nursing home or of a peer review corporation or organization which is formed for the purpose of evaluating the quality, cost of or necessity for health care services under applicable federal statutes.
- (6) "Nursing home" means a facility, however named, which is advertised, announced, or maintained for the express or implied purpose of providing nursing or convalescent care for three or more persons unrelated to the licensee. A "nursing home" is a home for chronic or convalescent patients, who, on admission, are not as a rule, acutely ill and who do not usually require special facilities such as an operating room, X-ray facilities, laboratory facilities, and obstetrical facilities. A "nursing home" provides care for persons who have remedial ailments or other ailments, for which medical and nursing care are indicated; who, however, are not sick enough to require general hospital care. Nursing care is their primary need, but they will require continuing medical supervision.
- (7) "Peer review committee" means any committee appointed in accordance with G.S. 131E-108, "Peer review."
- (8) "Quality assurance committee" means a committee, agency, or department of a state or local professional organization, of a medical staff of a licensed hospital, nursing home, of nurses or aides on the staff of a nursing home, or adult care home, of physicians having privileges within the nursing home, or adult care home, or of a peer review corporation or organization that is formed for the purpose of evaluating the quality, cost of, or necessity for health care services under applicable federal and State statutes, regulations, and rules. (1961, c. 51, s. 3; 1981, c. 833; 1983, c. 775, s. 1; 1995, c. 535, s. 21; 2004-149, s. 2.1.)

§ 131E-102. Licensure requirements.

(a) No person shall operate a nursing home without a license obtained from the Department. Any person may operate a nursing home or a combination home, as defined in this Part, in the same building or in two or more buildings adjoining or next to each other on the same site. Both a nursing home and a combination home must be licensed by the Department under this Part.

(b) Applications shall be available from the Department, and each application filed with the Department shall contain all necessary and reasonable information that the Department may by rule require. A license shall be granted to the applicant upon a determination by the Department that the applicant has complied with the provisions of this Part and the rules promulgated under this Part. The Department shall charge the applicant a nonrefundable annual license fee in the amount of four hundred twenty dollars (\$420.00) plus a nonrefundable annual per-bed fee of seventeen dollars and fifty cents (\$17.50).

(c) A license to operate a nursing home shall be annually renewed upon the filing and the Department's approval of the renewal application. A license shall not be renewed if outstanding fees and penalties imposed by the State against the home have not been paid. Fines and penalties for which an appeal is pending are exempt from consideration. The renewal application shall be available from the Department and shall contain all necessary and reasonable information that the Department may by rule require.

(d) Each license shall be issued only for the premises and persons named in the application and shall not be transferable or assignable except with the written approval of the Department.

(e) In order for a nursing home to maintain its license it shall not intentionally impede the proper performance of the duties of a lawfully appointed community advisory committee as set forth in G.S. 131E-128(h). (1961, c. 51, s. 3; 1963, c. 859; 1983, c. 775, s. 1; 1993, c. 530, s. 1; 2003-284, s. 34.3(a); 2005-276, s. 41.2(c); 2009-451, s. 10.76(g).)

§ 131E-103. Adverse action on a license.

(a) Subject to subsection (b), the Department shall have the authority to deny a new or renewal application for a license, and to amend, recall, suspend or revoke an existing license upon a determination that there has been a substantial failure to comply with the provisions of this Part or the rules promulgated under this Part.

(b) The provisions of Chapter 150B of the General Statutes, the Administrative Procedure Act, shall govern all administrative action and judicial review in cases where the Department has taken the action described in subsection (a). A petition for a contested case shall be filed within 20 days after the Department mails the licensee a notice of its decision to deny a renewal application, or to recall, suspend, or revoke an existing license. (1961, c. 51, s. 3; 1983, c. 775, s. 1; 1987, c. 827, s. 1; 1991, c. 143, s. 2, c. 761, s. 24.)

§ 131E-104. Rules and enforcement.

(a) The Commission is authorized to adopt, amend, and repeal all rules necessary for the implementation of this Part.

(b) The Commission shall adopt rules for the operation of the adult care portion of a combination home. The rules shall provide that for each requirement applicable to freestanding adult care homes or freestanding nursing homes, the combination home may choose to operate the adult care portion of the home in compliance with either the requirement applicable to freestanding adult care homes or the higher standard applicable to freestanding nursing homes.

(c) The Department shall enforce the rules adopted or amended by the Commission with respect to nursing homes. (1961, c. 51, s. 3; 1973, c. 476, s. 128; 1981, c. 614, s. 1; 1983, c. 775, s. 1; 1995, c. 535, s. 22; 2000-154, s. 6.1.)

§ 131E-105. Inspections.

(a) The Department shall inspect any nursing home and any adult care home operated as a part of a nursing home in accordance with rules adopted by the Commission.

(b) Notwithstanding the provisions of G.S. 8-53, "Communications between physician and patient," or any other provision of law relating to the confidentiality of communications between physician and patient, the representatives of the Department, when necessary for investigating compliance with this Part or rules promulgated by the Commission, may review any writing or other record in any recording medium which pertains to the admission, discharge, medication, treatment, medical condition, or history of persons who are or have been patients of the facility

being inspected unless that patient objects in writing to review of that patient's records. Physicians, psychologists, psychiatrists, nurses, and anyone else interviewed by representatives of the Department may disclose to these representatives information related to any inquiry, notwithstanding the existence of the physician-patient privilege in G.S. 8-53, "Communications between physician and patient," or any other rules of law, if the patient has not made written objection to this disclosure. The facility, its employees, and any person interviewed during these inspections shall be immune from liability for damages resulting from the disclosure of any information which is provided without malice or fraud to the Department. Any confidential or privileged information received from review of records or interviews shall be kept confidential by the Department and not disclosed without written authorization of the patient or legal representative or unless disclosure is ordered by a court of competent jurisdiction. The Department shall institute appropriate policies and procedures to ensure that this information shall not be disclosed without authorization or court order. The Department shall not disclose the name of anyone who has furnished information concerning a facility without consent of that person. Neither the names of persons furnishing information nor any confidential or privileged information obtained from records or interviews shall be considered "public records" within the meaning of G.S. 132-1, "'Public records' defined." Prior to releasing any information or allowing any inspections referred to in this subsection, the patient must upon admission be advised in writing by the facility that the patient has the right to object in writing to the release of information or review of the records and that by an objection in writing the patient may prohibit the inspection or release of the records.

(c) Authorized representatives of the Department with identification to this effect shall have at all times the right of proper entry upon any and all parts of the premises of any place in which entry is necessary to carry out the provisions of this Part or the rules adopted by the Commission. It shall be unlawful for any person to resist a proper entry by an authorized representative upon any premises other than a private dwelling. (1981, c. 586, s. 1; c. 614, s. 1; 1983, c. 775, s. 1; 1995, c. 535, s. 23.)

§ 131E-106. Evaluation of residents in adult care homes.

The Department shall prescribe the method of evaluation of residents in the adult care portion of a combination home in order to determine when any of these residents is in need of professional medical and nursing care as provided in licensed nursing homes. (1963, c. 859; 1981, c. 833; 1983, c. 775, s. 1; 1995, c. 535, s. 24.)

§ 131E-107. Quality assurance, medical, or peer review committees.

(a) A member of a duly appointed quality assurance, medical or peer review committee shall not be subject to liability for damages in any civil action on account of any act, statement or proceeding undertaken, made, or performed within the scope of the functions of the committee, if the committee member acts without malice or fraud, and if such peer review committee is approved and operates in accordance with G.S. 131E-108.

(b) The proceedings of a quality assurance, medical, or peer review committee, the records and materials it produces and the materials it considers shall be confidential and not considered public records within the meaning of G.S. 132-1, "'Public records' defined", and shall not be subject to discovery or introduction into evidence in any civil action against a nursing home or a provider of professional health services that results from matters that are the subject of evaluation and review by the committee. No person who was in attendance at a meeting of the committee

shall be required to testify in any civil action as to any evidence or other matters produced or presented during the proceedings of the committee or as to any findings, recommendations, evaluations, opinions, or other actions of the committee or its members. However, information, documents, or records otherwise available are not immune from discovery or use in a civil action merely because they were presented during proceedings of the committee. Documents otherwise available as public records within the meaning of G.S. 132-1 do not lose their status as public records merely because they were presented or considered during proceedings of the committee. A member of the committee or a person who testifies before the committee may testify in a civil action but cannot be asked about the person's testimony before the committee or any opinions formed as a result of the committee hearings. (1983, c. 775, s. 1; 2004-149, s. 2.2.)

§ 131E-108. Peer review.

It is not a violation of G.S. 131E-117(5) for medical records to be disclosed to a private peer review committee if:

- (1) The peer review committee has been approved by the Department;
- (2) The purposes of the peer review committee are to:
 - a. Survey facilities to verify a high level of quality care through evaluation and peer assistance;
 - b. Resolve written complaints in a responsible and professional manner; and
 - c. Develop a basic core of knowledge and standards useful in establishing a means of measuring quality of care; and
- (3) The peer review committee keeps such records confidential. (1979, c. 707; 1983, c. 775, s. 1; 1997-456, s. 27.)

§ 131E-109. Penalties.

(a) Any person establishing, conducting, managing, or operating any nursing home without a license is guilty of a Class 3 misdemeanor, and upon conviction is only liable for a fine of not more than five hundred dollars (\$500.00) for the first offense and not more than five hundred dollars (\$500.00) for each subsequent offense. Each day of a continuing violation after conviction is a separate offense.

(b) Any person acting under the authority of the Department that gives advance notice to an operator of a nursing home of the date or time that the nursing home is to be inspected is guilty of a Class 3 misdemeanor. The inspection of a nursing home for initial licensure is exempt from the prohibition of prior notice. All subsequent inspections shall comply with this subsection.

(c) The Secretary or a designee of the Secretary may suspend the admission of any new patients or residents at any nursing home or domiciliary home where the conditions of the nursing home or domiciliary home are detrimental to the health or safety of the patient or resident. This suspension remains in effect until the Secretary is satisfied that conditions or circumstances merit the removal of the suspension. This subsection is in addition to the authority to suspend or revoke the license of the home. Any facility wishing to contest a suspension of admissions is entitled to an administrative hearing as provided in the Administrative Procedure Act, Chapter 150B of the General Statutes. The petition

for a contested case shall be filed in the Office of Administrative Hearings within 20 days after the Department mails a written notice of suspension of admissions to the facility.

(d) Except as otherwise provided in this Part, any person that violates any provision of this Part, willfully fails to perform any act required by this Part, or willfully performs any act prohibited by this Part is guilty of a Class 1 misdemeanor.

(e) The clear proceeds of civil penalties provided for in this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1977, c. 656, ss. 1, 2; 1981, c. 667, ss. 1, 2; 1983, c. 775, s. 1; 1991, c. 143, s. 3; c. 761, s. 25; 1993, c. 539, s. 960; 1994, Ex. Sess., c. 24, s. 14(c); 1998-215, s. 78(c); 2021-84, s. 11.)

§131E-110. Injunction.

(a) Notwithstanding the existence or pursuit of any other remedy, the Department may, in the manner provided by law, maintain an action in the name of the State for injunction or other process against any person to restrain or prevent the establishment, conduct, management or operation of a nursing home without a license.

(b) If any person shall hinder the proper performance of duty of the Secretary or a representative in carrying out the provisions of this Part, the Secretary may institute an action in the superior court of the county in which the hindrance occurred for injunctive relief against the continued hindrance, irrespective of all other remedies at law.

(c) Actions under this section shall be in accordance with Article 37 of Chapter 1 of the General Statutes and Rule 65 of the Rules of Civil Procedure. (1983, c. 775, s. 1.)

§ 131E-111: Recodified as § 131E-255 by Session Laws 1995 (Reg. Sess., 1996), c. 713, s. 3(a), as amended by Session Laws 1995 (Reg. Sess., 1996), c. 713, s. 3(b).

§ 131E-112. Waiver of rules for health care facilities that provide temporary shelter or temporary services during a disaster or emergency.

(a) The Division of Health Service Regulation may temporarily waive, during disasters or emergencies declared in accordance with Article 1A of Chapter 166A of the General Statutes, any rules of the Commission pertaining to facilities or home care agencies to the extent necessary to allow the facility or home care agency to provide temporary shelter and temporary services requested by the emergency management agency. The Division may identify, in advance of a declared disaster or emergency, rules that may be waived, and the extent the rules may be waived, upon a disaster or emergency being declared in accordance with Article 1A of Chapter 166A of the General Statutes. The Division may also waive rules under this subsection during a declared disaster or emergency upon the request of an emergency management agency and may rescind the waiver if, after investigation, the Division determines the waiver poses an unreasonable risk to the health, safety, or welfare of any of the persons occupying the facility. The emergency management agency requesting temporary shelter or temporary services shall notify the Division within 72 hours of the time the preapproved waivers are deemed by the emergency management agency to apply.

(b) As used in this section, "emergency management agency" is as defined in G.S. 166A-19.3. (1999-307, s. 1; 2007-182, s. 1; 2012-12, s. 2(u).)

§ 131E-112.5. (Effective April 1, 2022) Secretary to establish visitation protocols during declared disasters and emergencies.

(a) As used in this section and G.S. 131E-112.6, the following terms have the following meanings:

- (1) Disaster declaration. – As defined in G.S. 166A-19.3(3).
- (2) Emergency. – As defined in G.S. 166A-19.3(6).
- (3) Facility. – A nursing home or combination home licensed under this Part.
- (4) Normal visitation policy. – The visitation policy that was in effect at a facility on January 1, 2020.

(b) The Secretary shall, in consultation with licensed operators of nursing homes and combination homes, and any other stakeholders the Secretary deems relevant, establish visitation protocols for residents of these facilities that will become effective during a disaster declaration or emergency that results in the suspension or curtailment of a facility's normal visitation policy for any reason. The visitation protocols shall provide for at least the following:

- (1) Each resident shall have the right to designate one preapproved visitor and one preapproved alternate visitor. The preapproved visitor, or if the preapproved visitor is unavailable, the preapproved alternate visitor, shall be allowed to visit the resident at least twice per month during any period of time during which the facility's normal visitation policy is suspended or curtailed for any reason during the declared disaster or emergency.
- (2) Prior to admission, each facility shall explain and provide to each resident written notification of the visitation protocols established by the Secretary under this section.
- (3) Visitation under these protocols shall be subject to Centers for Medicare and Medicaid Services directives and to the guidelines, conditions, and limitations established by the facility as part of its normal visitation policy. (2021-145, s. 2(a).)

§ 131E-112.6. (Effective April 1, 2022) Patient visitation rights for nursing home residents and combination home residents during a disaster declaration or emergency.

Notwithstanding any provision of this Part, Chapter 166A of the General Statutes, or any other provision of law to the contrary, the visitation protocols established by the Secretary under G.S. 131E-112.5 shall be in effect during any period of time when (i) there is a declared disaster or emergency and (ii) a nursing home or combination home licensed under this Part suspends or restricts the normal visitation policy for any reason. (2021-145, s. 2(a).)

§ 131E-113. Immunization of employees and residents.

The verification from the physician shall include the name of the controlled substance, the prescribed dosage and frequency, and the condition for which the substance is prescribed. If the result of an applicant's or employee's examination and screening indicates the presence of a controlled substance, the nursing home may require

a second examination and screening to verify the results of the prior examination and screening.

(b) A nursing home may require random examination and screening for controlled substances as a condition of continued employment. If the nursing home has reasonable grounds to believe that an employee is an abuser of a controlled substance, the nursing home may require that employee to undergo examination and screening for controlled substances as a condition of continued employment.

(c) A nursing home and an officer or employee of a nursing home that, in good faith, comply with this section are not liable for the failure of the nursing home to employ or continue the employment of an individual on the basis of the results of an examination and screening of the applicant or employee for controlled substances.

(d) An entity and officers and employees of an entity that perform controlled substance examination and screening in accordance with Article 20 of Chapter 95 of the General Statutes shall be immune from civil liability for conducting or failing to conduct the examination and screening if the examination and screening are requested and received in compliance with this section and with Article 20 of Chapter 95 of the General Statutes.

(e) The results of an examination and screening conducted at the request of a nursing home in accordance with this section are confidential and not a public record under Chapter 132 of the General Statutes. shall prevent the patient and facility from entering a written agreement for the facility to manage the patient's financial affairs. In the event that the facility manages the patient's financial affairs, it shall have an accounting available for inspection and shall furnish the patient with a quarterly statement of the patient's account. The patient shall have reasonable access to this account at reasonable hours; the patient or facility may terminate the agreement for the facility to manage the patient's financial affairs at any time upon five days' notice.

A revocation shall be effected by mailing to the licensee by registered mail, or by personal service of, a notice setting forth the particular reasons for such action. Such revocation shall become effective 20 days after the mailing or service of the notice, unless the applicant or licensee, within such 20-day period, files a petition for a contested case, in which case the notice shall be deemed to be suspended. At any time at or prior to the hearing, the Department may rescind the notice of revocation upon being satisfied that the reasons for the revocation have been or will be removed.

§ 131E-128. Nursing home advisory committees.

(a) It is the purpose of the General Assembly that community advisory committee members function as representatives of the Office of the State Long-Term Care

Ombudsman and through their designation work to maintain the intent of the Nursing Home Resident's Bill of Rights within the nursing homes in this State, including nursing homes operated by hospitals licensed under Article 5 of G.S. Chapter 131E. It is the further purpose of the General Assembly that the committees promote community involvement and cooperation with nursing homes and an integration of these homes into a system of care for the elderly.

- (b) (1) A community advisory committee shall be established in each county which has a nursing home, including a nursing home operated by a hospital licensed under Article 5 of G.S. Chapter 131E, shall serve all the homes in the county, and shall work with each home in the best interest of the persons residing in each home. In a county which has one, two, or three nursing homes, the committee shall have five members. In a county with four or more nursing homes, the committee shall have one additional member for each nursing home in excess of three, and may have up to five additional members per committee at the discretion of the county commissioners.
- (2) In each county with four or more nursing homes, the committee shall establish a subcommittee of no more than five members and no fewer than three members from the committee for each nursing home in the county. Each member must serve on at least one subcommittee.
- (3) Boards of county commissioners are encouraged to appoint the Nursing Home Community Advisory Committees. Of the members, a minority (not less than one-third, but as close to one-third as possible) must be chosen from among persons nominated by a majority of the chief administrators of nursing homes in the county and of the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes. If the nursing home administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes fail to make a nomination within 45 days after written notification has been sent to them by the board of county commissioners requesting a nomination, these appointments may be made by the board of county commissioners without nominations.
- (4) Notwithstanding any other provision of this Article, appointment to a nursing home community advisory committee is contingent upon designation of the appointee by the Office of the State Long-Term Care Ombudsman in accordance with G.S. 143B-181.18. A designated appointee is directly accountable to the State Long-Term Care Ombudsman Program in order to perform the duties as a representative of the Office of the State Long-Term Care Ombudsman. Removal of the appointee's designation by the Office of the State Long-Term Care Ombudsman automatically rescinds the appointment to the nursing home community advisory committee.

- (5) Any individual who serves as a community advisory committee member must go through the Office of the State Long-Term Care Ombudsman's certification and designation process and meet the certification and designation requirements in accordance with the State Long-Term Care Ombudsman Program Policies and Procedures.

(c) Each committee member shall serve an initial term of one year. Any person reappointed to a second or subsequent term in the same county shall serve a three-year term. Persons who were originally nominees of nursing home chief administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes, or who were appointed by the board of county commissioners when the nursing home administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes failed to make nominations, may not be reappointed without the consent of a majority of the nursing home chief administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes within the county. If the nursing home chief administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes fail to approve or reject the reappointment within 45 days of being requested by the board of county commissioners, the commissioners may reappoint the member if they so choose.

(d) Any vacancy shall be filled by appointment of a person for a one-year term. Any person replacing a member nominated by the chief administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes or a person appointed when the chief administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes failed to make a nomination shall be selected from among persons nominated by the administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes, as provided in subsection (b). If the county commissioners fail to appoint members to a committee, or fail to fill a vacancy, the appointment shall be made or vacancy filled by the Office of the State Long-Term Care Ombudsman no sooner than 45 days after the commissioners have been notified of the appointment or vacancy if nomination or approval of the nursing home administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes is not required. If nominations or approval of the nursing home administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes is required, the appointment shall be made or vacancy filled by the Office of the State Long-Term Care Ombudsman no sooner than 45 days after the commissioners have received the nomination or approval, or no sooner than 45 days after the 45-day period for action by the nursing home administrators and the governing bodies of the hospitals licensed under Article 5 of G.S. Chapter 131E, which operate nursing homes.

(e) The committee shall elect from its members a chair, to serve a one-year term.

(f) Each member must be a resident of the county which the committee serves. No person or immediate family member of a person with a financial interest in a home served

by a committee, or employee or governing board member or immediate family member of an employee or governing board member of a home served by a committee, or immediate family member of a patient in a home served by a committee may be a member of a committee. Membership on a committee shall not be considered an office as defined in G.S. 128-1 or G.S. 128-1.1. Any county commissioner who is appointed to the committee shall be deemed to be serving on the committee in an ex officio capacity. Members of the committee shall serve without compensation, but may be reimbursed for the amount of actual expenses incurred by them in the performance of their duties. The names of the committee members and the date of expiration of their terms shall be filed with the Office of the State Long-Term Care Ombudsman, which shall supply a copy to the Division of Health Service Regulation.

(g) The Office of the State Long-Term Care Ombudsman shall develop training requirements for certification and designation in accordance with 45 C.F.R. § 1324.13(c)(2). Each committee member must receive certification training as specified by the State Long-Term Care Ombudsman Program Policies and Procedures and be designated as representatives of the State Long-Term Care Ombudsman Program prior to exercising any power under subsection (h) of this section. The State Long-Term Care Ombudsman Program shall provide the committees with information, guidelines, training, and consultation to direct them in the performance of their duties.

- (h) (1) Each committee shall apprise itself of the general conditions under which the persons are residing in the homes, and shall work for the best interests of the persons in the homes. This may include assisting persons who have grievances with the home and facilitating the resolution of grievances at the local level.
- (2) Each committee shall quarterly visit the nursing home it serves. For each official quarterly visit, a majority of the committee members shall be present. In addition, each committee may visit the nursing home it serves whenever it deems it necessary to carry out its duties. In counties with four or more nursing homes, the subcommittee assigned to a home shall perform the duties of the committee under this subdivision, and a majority of the subcommittee members must be present for any visit.
- (3) Each member of a committee shall have the right to enter into the facility the committee serves in order to carry out the members' responsibilities. In a county where subcommittees have been established, this right of access shall be limited to homes served by those subcommittees to which the member has been appointed.
- (4) The committee or subcommittee may communicate through its chair with the Department or any other agency in relation to the interest of any patient. Where a facility has failed to correct a Type B Violation within the time specified for correction by the Department or its authorized representative, the Department shall assess the facility a civil penalty in the amount of up to four hundred dollars (\$400.00) for each day that the violation continues beyond the date specified for correction without just reason for such failure. The Department or its authorized representative shall ensure that the violation has been corrected.

The counting of the 12-month period shall be tolled during any time when the facility is being operated by a court-appointed temporary manager pursuant to law.

(b) Repealed by Session Laws 2011-249, s. 3, effective June 23, 2011.

Chapter 131E, Article 6, Part 4, but the performance of incidental, limited ambulatory surgical procedures which do not constitute an ambulatory surgical program as

defined in subdivision (1a) and which are performed in a physician or dentist's office does not make that office an ambulatory surgical facility.

- (1a) "Ambulatory surgical program" means a formal program for providing on a same-day basis those surgical procedures which require local, regional or general anesthesia and a period of post-operative observation to patients whose admission for more than 24 hours is determined, prior to surgery or gastrointestinal endoscopy, to be medically unnecessary.

The Department shall charge the applicant a nonrefundable annual base license fee in the amount of eight hundred fifty dollars (\$850.00) plus a nonrefundable annual per-operating room fee in the amount of seventy-five dollars (\$75.00).

The renewal application shall be available from the Department and shall contain all necessary and reasonable information that the Department may by rule require.

(d) Each license shall be issued only for the premises and persons named in the application and shall not be transferable or assignable except with the written approval of the Department.

(a) Subject to subsection (b), the Department is authorized to deny a new or renewal application for a license, and to amend, recall, suspend or revoke an existing license upon a

determination that there has been a substantial failure to comply with the provisions of this Part or the rules promulgated under this Part.

(b) The provisions of Chapter 150A of the General Statutes, the Administrative Procedure Act, shall govern all administrative action and judicial review in cases where the Department has taken the action described in subsection (a). (1977, 2nd Sess., c. 1214, s. 1; 1983, c. 775, s. 1.)

§ 131E-149. Rules and enforcement.

The Department is authorized to delegate to a State officer, agent, board, bureau or division of State government the authority to make inspections according to the rules adopted by the Commission. The Department may revoke this delegated authority in its discretion.

(b) Notwithstanding the provisions of G.S. 8-53, "Communications between physician and patient," or any other provision of law relating to the confidentiality of communications between physician and patient, the representatives of the Department who make these inspections may review any writing or other record in any recording medium which pertains to the admission, discharge, medication, treatment, medical condition, or history of persons who are or have been patients of the facility being inspected unless that patient objects in writing to review of that patient's records. Physicians, psychologists, psychiatrists, nurses, and anyone else involved in giving treatment at or through a facility who may be interviewed by representatives of the Department may disclose to these representatives information related to an inquiry, notwithstanding the existence of the physician-patient privilege in G.S. 8-53, "Communication between physician and patient," or any other rule of law; Provided the patient has not made written objection to this disclosure. The facility, its employees, and any person interviewed during these inspections shall be immune from liability for damages resulting from the disclosure of any information to the Department. Any confidential or privileged information received from review of records or interviews shall be kept confidential by the Department and not disclosed without written authorization of the patient or legal representative, or unless disclosure is ordered by a court of competent jurisdiction. The Department shall institute appropriate policies and procedures to ensure that this information shall not be disclosed without authorization or court order. The Department shall not disclose the name of anyone who has furnished information concerning a facility without the consent of that person. Neither the names of persons furnishing information nor any confidential or privileged information obtained from records or interviews shall be considered "public records" within the meaning of G.S. 132-1, "Public records' defined." Prior to releasing any information or allowing any inspections referred to in this section, the patient must be advised in writing by the facility that the patient has the right to object in writing to this release of information or review of the records and that by objecting in writing, the patient may prohibit the inspection or release of the records. Each day of continuing violation after conviction is considered a separate offense. (1977, 2nd Sess., c. 1214, s. 1; 1983, c. 775, s. 1; 1993, c. 539, s. 962; 1994, Ex. Sess., c. 24, s. 14(c).)

(a) Notwithstanding the existence or pursuit of any other remedy, the Department may, in the manner provided by law, maintain an action in the name of the State for injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, management or operation of an ambulatory surgical facility without a license.

(b) If any person shall hinder the proper performance of duty of the Secretary or a representative in carrying out the provisions of this Part, the Secretary may institute an action in the superior court of the county in which the hindrance occurred for injunctive relief against the continued hindrance, irrespective of all other remedies at law.

(a) The Department shall make or cause to be made inspections of Cardiac Rehabilitation Programs as it deems necessary. The Department is empowered to delegate to a State officer, agent, board, bureau or division of State government the authority to make these inspections according to the rules promulgated by the Department. In addition, an individual who is not a State officer or agent and who is delegated the authority to make these inspections must be approved by the Department. The Department may revoke this delegated authority in its discretion.

(b) Notwithstanding the provisions of G.S. 8-53, "Communications between physician and patient," or any other provision of law relating to the confidentiality of communications between physician and patient, the representatives of the Department who make these inspections may review any writing or other record in any recording medium which pertains to the admission, discharge, medication, treatment, medical condition, or history of persons who are or have been patients of the program being inspected unless that patient objects in writing to review of that patient's records. Physicians, psychiatrists, nurses, and anyone else involved in giving treatment at or through a program who may be interviewed by representatives of the Department may disclose to these representatives information related to any inquiry, notwithstanding the existence of the physician-patient privilege in G.S. 8-53, "Communication between physician and patient," or any other rule of law, provided the patient has not made written objection to this disclosure. The program, its employees, and any person interviewed during these inspections shall be immune from liability for damages resulting from the disclosure of any information to the Department. Any confidential or privileged information received from review of records or interviews shall be kept confidential by the Department and not disclosed without written authorization of the patient or legal representative, or unless disclosure is ordered by a court of competent jurisdiction. The Department shall institute appropriate policies and procedures to ensure that this information shall not be disclosed without authorization or court order. The Department shall not disclose the name of anyone who has furnished information concerning a facility without the consent of that person. Neither the names of persons furnishing information nor any confidential or privileged information obtained from records or interviews shall be considered "public records" within the meaning of G.S. 132-1, "'Public records' defined." Prior to releasing any information or allowing any inspections referred to in this section, the patient must be advised in writing by the program that the patient has the right to object in writing to the release of information or review of the records and that by an objection in writing the patient may prohibit the inspection or release of the records. (1983, c. 775, s. 1.)

Article 9.

Certificate of Need.

§ 131E-175. Findings of fact.

The General Assembly of North Carolina makes the following findings:

- (1) That the financing of health care, particularly the reimbursement of health services rendered by health service facilities, limits the effect of free market competition and government regulation is therefore necessary to control costs, utilization, and distribution of new health service facilities and the bed complements of these health service facilities.
- (2) That the increasing cost of health care services offered through health service facilities threatens the health and welfare of the citizens of this State in that citizens need assurance of economical and readily available health care.
- (3) That, if left to the market place to allocate health service facilities and health care services, geographical maldistribution of these facilities and services would occur and, further, less than equal access to all population groups, especially those that have traditionally been medically underserved, would result.
- (3a) That access to health care services and health care facilities is critical to the welfare of rural North Carolinians, and to the continued viability of rural communities, and that the needs of rural North Carolinians should be considered in the certificate of need review process.
- (4) That the proliferation of unnecessary health service facilities results in costly duplication and underuse of facilities, with the availability of excess capacity leading to unnecessary use of expensive resources and overutilization of health care services.
- (5) Repealed by Session Laws 1987, c. 511, s. 1.
- (6) That excess capacity of health service facilities places an enormous economic burden on the public who pay for the construction and operation of these facilities as patients, health insurance subscribers, health plan contributors, and taxpayers.
- (7) That the general welfare and protection of lives, health, and property of the people of this State require that new institutional health services to be offered within this State be subject to review and evaluation as to need, cost of service, accessibility to services, quality of care, feasibility, and other criteria as determined by provisions of this Article or by the North Carolina Department of Health and Human Services pursuant to provisions of this Article prior to such services being offered or developed in order that only appropriate and needed institutional health services are made available in the area to be served.
- (8) That because persons who have received exemptions under Section 11.9(a) of S.L. 2000-67, as amended, and under Section 11.69(b) of S.L. 1997-443, as amended by Section 12.16C(a) of S.L. 1998-212, and as amended by Section 1

- of S.L. 1999-135, have had sufficient time to complete development plans and initiate construction of beds in adult care homes.
- (9) That because with the enactment of this legislation, beds allowed under the exemptions noted above and pending development will count in the inventory of adult care home beds available to provide care to residents in the State Medical Facilities Plan.
 - (10) That because State and county expenditures provide support for nearly three-quarters of the residents in adult care homes through the State County Special Assistance program, and excess bed capacity increases costs per resident day, it is in the public interest to promote efficiencies in delivering care in those facilities by controlling and directing their growth in an effort to prevent underutilization and higher costs and provide appropriate geographical distribution.
 - (11) That physicians providing gastrointestinal endoscopy services in unlicensed settings should be given an opportunity to obtain a license to provide those services to ensure the safety of patients and the provision of quality care.
 - (12) That demand for gastrointestinal endoscopy services is increasing at a substantially faster rate than the general population given the procedure is recognized as a highly effective means to diagnose and prevent cancer. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 1; 1983, c. 775, s. 1; 1987, c. 511, s. 1; 1993, c. 7, s. 1; 1997-443, s. 11A.118(a); 2001-234, s. 1; 2005-346, s. 5.)

An ambulatory surgical facility may be operated as a part of a physician or

dentist's office, provided the facility is licensed under Part 4 of Article 6 of this Chapter, but the performance of incidental, limited ambulatory surgical procedures which do not constitute an ambulatory surgical program and which are performed in a physician's or dentist's office does not make that office an ambulatory surgical facility.

- (1c) Ambulatory surgical program. – A formal program for providing on a same-day basis those surgical procedures which require local, regional, or general anesthesia and a period of post-operative observation to patients whose admission for more than 24 hours is determined, prior to surgery or gastrointestinal endoscopy, to be medically unnecessary.
- (2) Bed capacity. – Space used exclusively for inpatient care, including space designed or remodeled for licensed inpatient beds even though temporarily not used for such purposes. The number of beds to be counted in any patient room shall be the maximum number for which adequate square footage is provided as established by rules of the Department except that single beds in single rooms are counted even if the room contains inadequate square footage. Capital expenditure includes, in addition, the fair market value of an acquisition made by donation, lease, or comparable arrangement by which a person obtains equipment, the expenditure for which would have been considered a capital expenditure under this Article if the person had acquired it by purchase.
- (2e) Repealed by Session Laws 2005-325, s. 1, effective for hospices and hospice offices December 31, 2005.
- (2f) Cardiac catheterization equipment. – The equipment used to provide cardiac catheterization services.

- (3) Define, by rule, procedures for submission of periodic reports by persons or health service facilities subject to agency review under this Article;

- (4) Develop policy, criteria, and standards for health service facilities planning; shall conduct statewide registration and inventories of and make determinations of need for health service facilities, health services as specified in G.S. 131E-176(16)f., and equipment as specified in G.S. 131E-176(16)f1., which shall include consideration of adequate geographic location of equipment and services; and develop a State Medical Facilities Plan;

The Secretary of Health and Human Services shall have final decision-making authority with regard to all functions described in this section. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 1; 1983, c. 713, s. 96; c. 775, ss. 1, 6; 1987, c. 511, s. 1; 1991, c. 692, s. 2; 1993, c. 7, s. 3; c. 383, ss. 2, 3; 1997-443, s. 11A.118(a); 2007-323, s. 30.4(a); 2011-284, s. 90.)

§ 131E-178. Activities requiring certificate of need.

(a) No person shall offer or develop a new institutional health service without first obtaining a certificate of need from the Department; provided, however, no person who provides gastrointestinal endoscopy procedures in one or more gastrointestinal endoscopy rooms located in a nonlicensed setting, shall be required to obtain a certificate of need to license that setting as an ambulatory surgical facility with the existing number of gastrointestinal endoscopy rooms, provided that:

- (1) The license application is postmarked for delivery to the Division of Health Service Regulation by December 31, 2006;
- (2) The applicant verifies, by affidavit submitted to the Division of Health Service Regulation within 60 days of the effective date of this act, that the facility is in operation as of the effective date of this act or that the completed application for the building permit for the facility was submitted by the effective date of this act;

- (3) The facility has been accredited by The Accreditation Association for Ambulatory Health Care, The Joint Commission on Accreditation of Healthcare Organizations, or The American Association for Accreditation of Ambulatory Surgical Facilities by the time the license application is postmarked for delivery to the Division of Health Service Regulation of the Department; and
- (4) The license application includes a commitment and plan for serving indigent and medically underserved populations.

All other persons proposing to obtain a license to establish an ambulatory surgical facility for the provision of gastrointestinal endoscopy procedures shall be required to obtain a certificate of need. The annual State Medical Facilities Plan shall not include policies or need determinations that limit the number of gastrointestinal endoscopy rooms that may be approved.

(b) No person shall make an acquisition by donation, lease, transfer, or comparable arrangement without first obtaining a certificate of need from the Department, if the acquisition would have been a new institutional health service if it had been made by purchase. In determining whether an acquisition would have been a new institutional health service, the capital expenditure for the asset shall be deemed to be the fair market value of the asset or the cost of the asset, whichever is greater.

(c) No person shall incur an obligation for a capital expenditure which is a new institutional health service without first obtaining a certificate of need from the Department. An obligation for a capital expenditure is incurred when:

- (1) An enforceable contract, excepting contracts which are expressly contingent upon issuance of a certificate of need, is entered into by a person for the construction, acquisition, lease or financing of a capital asset;
- (2) A person takes formal action to commit funds for a construction project undertaken as his own contractor; or
- (3) In the case of donated property, the date on which the gift is completed.

(d) Where the estimated cost of a proposed capital expenditure, including the fair market value of equipment acquired by purchase, lease, transfer, or other comparable arrangement, is certified by a licensed architect or engineer to be equal to or less than the expenditure minimum for capital expenditure for new institutional health services, such expenditure shall be deemed not to exceed the amount for new institutional health services regardless of the actual amount expended, provided that the following conditions are met:

- (1) The certified estimated cost is prepared in writing 60 days or more before the obligation for the capital expenditure is incurred. Certified cost estimates shall be available for inspection at the facility and sent to the Department upon its request.
- (2) The facility on whose behalf the expenditure was made notifies the Department in writing within 30 days of the date on which such expenditure is made if the expenditure exceeds the expenditure minimum for capital expenditures. The notice shall include a copy of the certified cost estimate.

(e) The Department may grant certificates of need which permit capital expenditures only for predevelopment activities. Predevelopment activities include the preparation of architectural designs, plans, working drawings, or specifications, the preparation of studies and surveys, and the acquisition of a potential site. (1977, 2nd Sess., c. 1182, s. 2; 1979, c. 876, s. 2; 1981, c. 651, s. 3; 1983, c. 775, s. 1; 1983 (Reg. Sess., 1984), c. 1110, s. 3; 1985, c. 740, s. 3; 1985 (Reg. Sess., 1986),

c. 1001, s. 1; 1987, c. 511, s. 1; c. 768; 1991, c. 692, s. 3; 1993, c. 7, s. 4; 2005-346, s. 7; 2007-182, s. 1.)

§ 131E-179. Research activities.

(a) Notwithstanding any other provisions of this Article, a health service facility may offer new institutional health services to be used solely for research, or incur the obligation of a capital expenditure solely for research, without a certificate of need, if the Department grants an exemption. The Department shall grant an exemption if the health service facility files a notice of intent with the Department in accordance with rules promulgated by the Department and if the Department finds that the offering or obligation will not:

- (1) Affect the charges of the health service facility for the provision of medical or other patient care services other than services which are included in the research;
- (2) Substantially change the bed capacity of the facility; or
- (3) Substantially change the medical or other patient care services of the facility.

(b) After a health service facility has received an exemption pursuant to subsection (a) of this section, it shall not offer the new institutional health services, or use a facility acquired through the capital expenditure, in a manner which affects the charges of the facility for the provision of medical or other patient care services, other than the services which are included in the research and shall not charge patients for the use of the service for which an exemption has been granted, without first obtaining a certificate of need from the Department; provided, however, that any facility or service acquired or developed under the exemption provided by this section shall not be subject to the foregoing restrictions on its use if the facility or service could otherwise be offered or developed without a certificate of need.

(c) Any of the activities described in subsection (a) of this section shall be deemed to be solely for research even if they include patient care provided on an occasional and irregular basis and not as a part of the research program. (1983, c. 775, s. 1; 1987, c. 511, s. 1; 1991, c. 692, s. 4.)

§ 131E-180: Repealed by Session Laws 2005-325, s. 2, effective August 26, 2005.

§ 131E-180.1: Expired.

§ 131E-181. Nature of certificate of need.

(a) A certificate of need shall be valid only for the defined scope, physical location, and person named in the application. A certificate of need shall not be transferred or assigned except as provided in G.S. 131E-189(c).

(b) A recipient of a certificate of need, or any person who may subsequently acquire, in any manner whatsoever permitted by law, the service for which that certificate of need was issued, is required to materially comply with the representations made in its application for that certificate of need. The Department shall require any recipient of a certificate of need, or its successor, whose service is in operation to submit to the Department evidence that the recipient, or its successor, is in material compliance with the representations made in its application for the certificate of need which granted the recipient the right to operate that service. In determining whether the recipient of a certificate of need, or its successor, is operating a service which materially differs from the representations made in its application for that certificate of need, the Department shall consider cost increases to the recipient, or its successor, including, but not limited to, the following:

- (1) Any increase in the consumer price index;
- (2) Any increased cost incurred because of Government requirements, including federal, State, or any political subdivision thereof; and
- (3) Any increase in cost due to professional fees or the purchase of services and supplies.

(c) Whenever a certificate of need is issued more than 12 months after the application for the certificate of need began review, the Department shall adjust the capital expenditure amount proposed by increasing it to reflect any inflation in the Department of Commerce's Construction Cost Index that has occurred since the date when the application began review; and the Department shall use this recalculated capital expenditure amount in the certificate of need issued for the project.

(d) A project authorized by a certificate of need is complete when the health service or the health service facility for which the certificate of need was issued is licensed and certified and is in material compliance with the representations made in the certificate of need application. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 5; 1983, c. 775, s. 1; 1985, c. 521, s. 1; 1985 (Reg. Sess., 1986), c. 968, s. 1; 1987, c. 511, s. 1; 1989, c. 233, c. 751, s. 9(c); 1991, c. 692, s. 5; 1991 (Reg. Sess., 1992), c. 959, s. 85; 1993, c. 7, s. 5.)

§ 131E-182. Application.

(a) The Department in its rules shall establish schedules for submission and review of completed applications. The schedules shall provide that applications for similar proposals in the same service area will be reviewed together.

(b) An application for a certificate of need shall be made on forms provided by the Department. The application forms, which may vary according to the type of proposal, shall require such information as the Department, by its rules deems necessary to conduct the review. An applicant shall be required to furnish only that information necessary to determine whether the proposed new institutional health service is consistent with the review criteria implemented under G.S. 131E-183 and with duly adopted standards, plans and criteria.

(c) An application fee is imposed on an applicant for a certificate of need. An applicant must submit the fee with the application. The fee is not refundable, regardless of whether a certificate of need is issued. Fees collected under this section shall be credited to the General Fund as nontax revenue. The application fee is five thousand dollars (\$5,000) plus an amount equal to three-tenths of one percent (.3%) of the amount of the capital expenditure proposed in the application that exceeds one million dollars (\$1,000,000). In no event may the fee exceed fifty thousand dollars (\$50,000). (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 6; 1983, c. 713, s. 97; c. 775, ss. 1, 6; 1987, c. 511, s. 1; 2005-325, s. 3; 2005-346, s. 8; 2007-323, s. 30.4(b).)

§ 131E-183. Review criteria.

(a) The Department shall review all applications utilizing the criteria outlined in this subsection and shall determine that an application is either consistent with or not in conflict with these criteria before a certificate of need for the proposed project shall be issued.

- (1) (**See note**) The proposed project shall be consistent with applicable policies and need determinations in the State Medical Facilities Plan, the need determination of which constitutes a determinative limitation on the provision of any health service, health service facility, health service facility beds, dialysis stations, operating rooms, or home health offices that may be approved.

- (2) Repealed by Session Laws 1987, c. 511, s. 1.
- (3) The applicant shall identify the population to be served by the proposed project, and shall demonstrate the need that this population has for the services proposed, and the extent to which all residents of the area, and, in particular, low income persons, racial and ethnic minorities, women, handicapped persons, the elderly, and other underserved groups are likely to have access to the services proposed.
- (3a) In the case of a reduction or elimination of a service, including the relocation of a facility or a service, the applicant shall demonstrate that the needs of the population presently served will be met adequately by the proposed relocation or by alternative arrangements, and the effect of the reduction, elimination or relocation of the service on the ability of low income persons, racial and ethnic minorities, women, handicapped persons, and other underserved groups and the elderly to obtain needed health care.
- (4) Where alternative methods of meeting the needs for the proposed project exist, the applicant shall demonstrate that the least costly or most effective alternative has been proposed.
- (5) Financial and operational projections for the project shall demonstrate the availability of funds for capital and operating needs as well as the immediate and long-term financial feasibility of the proposal, based upon reasonable projections of the costs of and charges for providing health services by the person proposing the service.
- (6) The applicant shall demonstrate that the proposed project will not result in unnecessary duplication of existing or approved health service capabilities or facilities.
- (7) The applicant shall show evidence of the availability of resources, including health manpower and management personnel, for the provision of the services proposed to be provided.
- (8) The applicant shall demonstrate that the provider of the proposed services will make available, or otherwise make arrangements for, the provision of the necessary ancillary and support services. The applicant shall also demonstrate that the proposed service will be coordinated with the existing health care system.
- (9) An applicant proposing to provide a substantial portion of the project's services to individuals not residing in the health service area in which the project is located, or in adjacent health service areas, shall document the special needs and circumstances that warrant service to these individuals.
- (10) When applicable, the applicant shall show that the special needs of health maintenance organizations will be fulfilled by the project. Specifically, the applicant shall show that the project accommodates:
 - a. The needs of enrolled members and reasonably anticipated new members of the HMO for the health service to be provided by the organization; and
 - b. The availability of new health services from non-HMO providers or other HMOs in a reasonable and cost-effective manner which is consistent with the basic method of operation of the HMO. In assessing

the availability of these health services from these providers, the applicant shall consider only whether the services from these providers:

1. Would be available under a contract of at least five years' duration;
2. Would be available and conveniently accessible through physicians and other health professionals associated with the HMO;
3. Would cost no more than if the services were provided by the HMO; and
4. Would be available in a manner which is administratively feasible to the HMO.

(11) Repealed by Session Laws 1987, c. 511, s. 1.

(12) Applications involving construction shall demonstrate that the cost, design, and means of construction proposed represent the most reasonable alternative, and that the construction project will not unduly increase the costs of providing health services by the person proposing the construction project or the costs and charges to the public of providing health services by other persons, and that applicable energy saving features have been incorporated into the construction plans.

(13) The applicant shall demonstrate the contribution of the proposed service in meeting the health-related needs of the elderly and of members of medically underserved groups, such as medically indigent or low income persons, Medicaid and Medicare recipients, racial and ethnic minorities, women, and handicapped persons, which have traditionally experienced difficulties in obtaining equal access to the proposed services, particularly those needs identified in the State Health Plan as deserving of priority. For the purpose of determining the extent to which the proposed service will be accessible, the applicant shall show:

- a. The extent to which medically underserved populations currently use the applicant's existing services in comparison to the percentage of the population in the applicant's service area which is medically underserved;
- b. Its past performance in meeting its obligation, if any, under any applicable regulations requiring provision of uncompensated care, community service, or access by minorities and handicapped persons to programs receiving federal assistance, including the existence of any civil rights access complaints against the applicant;
- c. That the elderly and the medically underserved groups identified in this subdivision will be served by the applicant's proposed services and the extent to which each of these groups is expected to utilize the proposed services; and
- d. That the applicant offers a range of means by which a person will have access to its services. Examples of a range of means are outpatient services, admission by house staff, and admission by personal physicians.

- (14) The applicant shall demonstrate that the proposed health services accommodate the clinical needs of health professional training programs in the area, as applicable.
- (15) through (18) Repealed by Session Laws 1987, c. 511, s. 1.
- (18a) The applicant shall demonstrate the expected effects of the proposed services on competition in the proposed service area, including how any enhanced competition will have a positive impact upon the cost effectiveness, quality, and access to the services proposed; and in the case of applications for services where competition between providers will not have a favorable impact on cost effectiveness, quality, and access to the services proposed, the applicant shall demonstrate that its application is for a service on which competition will not have a favorable impact.
- (19) Repealed by Session Laws 1987, c. 511, s. 1.
- (20) An applicant already involved in the provision of health services shall provide evidence that quality care has been provided in the past.
- (21) Repealed by Session Laws 1987, c. 511, s. 1.

(b) The Department is authorized to adopt rules for the review of particular types of applications that will be used in addition to those criteria outlined in subsection (a) of this section and may vary according to the purpose for which a particular review is being conducted or the type of health service reviewed. No such rule adopted by the Department shall require an academic medical center teaching hospital, as defined by the State Medical Facilities Plan, to demonstrate that any facility or service at another hospital is being appropriately utilized in order for that academic medical center teaching hospital to be approved for the issuance of a certificate of need to develop any similar facility or service.

(c) Repealed by Session Laws 1987, c. 511, s. 1. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 7; 1983, c. 775, s. 1; c. 920, s. 2; 1983 (Reg. Sess., 1984), c. 1002, s. 10; 1985, c. 445, s. 1; 1987, c. 511, s. 1; 1991, c. 692, s. 6; c. 701, s. 2; 1993, c. 7, s. 6; 2001-242, s. 3.)

§ 131E-184. Exemptions from review.

(a) Except as provided in subsection (b) of this section, the Department shall exempt from certificate of need review a new institutional health service if it receives prior written notice from the entity proposing the new institutional health service, which notice includes an explanation of why the new institutional health service is required, for any of the following:

- (1) To eliminate or prevent imminent safety hazards as defined in federal, State, or local fire, building, or life safety codes or regulations.
 - (1a) To comply with State licensure standards.
 - (1b) To comply with accreditation or certification standards which must be met to receive reimbursement under Title XVIII of the Social Security Act or payments under a State plan for medical assistance approved under Title XIX of that act.
- (2) Repealed by Session Laws 1987, c. 511, s. 1.
- (3) To provide data processing equipment.
- (4) To provide parking, heating or cooling systems, elevators, or other basic plant or mechanical improvements, unless these activities are integral

portions of a project that involves the construction of a new health service facility or portion thereof and that is subject to certificate of need review.

- (5) To replace or repair facilities destroyed or damaged by accident or natural disaster.
- (6) To provide any nonhealth service facility or service.
- (7) To provide replacement equipment.
- (8) To acquire an existing health service facility, including equipment owned by the health service facility at the time of acquisition. A facility not currently licensed as an adult care home that was licensed as an adult care home within the preceding 12 months is considered an existing health service facility for the purposes of this subdivision.
- (9) To develop or acquire a physician office building regardless of cost, unless a new institutional health service other than defined in G.S. 131E-176(16)b. is offered or developed in the building.

(b) Those portions of a proposed project which are not proposed for one or more of the purposes under subsection (a) of this section are subject to certificate of need review, if these non-exempt portions of the project are new institutional health services under G.S. 131E-176(16).

(c) The Department shall exempt from certificate of need review any conversion of existing acute care beds to psychiatric beds provided all of the following are true:

- (1) The hospital proposing the conversion has executed a contract with the Department's Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, one or more of the area mental health, developmental disabilities, and substance abuse authorities, or a combination thereof to provide psychiatric beds to patients referred by the contracting agency or agencies.
- (2) The total number of beds to be converted shall not be more than twice the number of beds for which the contract pursuant to subdivision (1) of this subsection shall provide.

(d) In accordance with, and subject to the limitations of G.S. 148-19.1, the Department shall exempt from certificate of need review the construction and operation of a new chemical dependency or substance abuse facility for the purpose of providing inpatient chemical dependency or substance abuse services solely to inmates of the Division of Adult Correction and Juvenile Justice of the Department of Public Safety. If an inpatient chemical dependency or substance abuse facility provides services both to inmates of the Division of Adult Correction and Juvenile Justice of the Department of Public Safety and to members of the general public, only the portion of the facility that serves inmates shall be exempt from certificate of need review.

(e) The Department shall exempt from certificate of need review a capital expenditure that exceeds the two million dollar (\$2,000,000) threshold set forth in G.S. 131E-176(16)b. if all of the following conditions are met:

- (1) The proposed capital expenditure would meet all of the following requirements:

- a. Be used solely for the purpose of renovating, replacing on the same site, or expanding any of the following existing facilities:
 - 1. Nursing home facility.
 - 2. Adult care home facility.
 - 3. Intermediate care facility for individuals with intellectual disabilities.
 - b. Not result in a change in bed capacity, as defined in G.S. 131E-176(5), or the addition of a health service facility or any other new institutional health service other than that allowed in G.S. 131E-176(16)b.
- (2) The entity proposing to incur the capital expenditure provides prior written notice to the Department, which notice includes documentation that demonstrates that the proposed capital expenditure would be used for one or more of the following purposes:
- a. Conversion of semiprivate resident rooms to private rooms.
 - b. Providing innovative, homelike residential dining spaces, such as cafes, kitchenettes, or private dining areas to accommodate residents and their families or visitors.
 - c. Renovating, replacing, or expanding residential living or common areas to improve the quality of life of residents.

(f) The Department shall exempt from certificate of need review the purchase of any replacement equipment that exceeds the two million dollar (\$2,000,000) threshold set forth in G.S. 131E-176(22a) if all of the following conditions are met:

- (1) The equipment being replaced is located on the main campus.
- (2) The Department has previously issued a certificate of need for the equipment being replaced. This subdivision does not apply if a certificate of need was not required at the time the equipment being replaced was initially purchased by the licensed health service facility.
- (3) The licensed health service facility proposing to purchase the replacement equipment shall provide prior written notice to the Department, along with supporting documentation to demonstrate that it meets the exemption criteria of this subsection.

(g) The Department shall exempt from certificate of need review any capital expenditure that exceeds the two million dollar (\$2,000,000) threshold set forth in G.S. 131E-176(16)b. if all of the following conditions are met:

- (1) The sole purpose of the capital expenditure is to renovate, replace on the same site, or expand the entirety or a portion of an existing health service facility that is located on the main campus.
- (2) The capital expenditure does not result in (i) a change in bed capacity as defined in G.S. 131E-176(5) or (ii) the addition of a health service facility or any other new institutional health service other than that allowed in G.S. 131E-176(16)b.
- (3) The licensed health service facility proposing to incur the capital expenditure shall provide prior written notice to the Department, along

with supporting documentation to demonstrate that it meets the exemption criteria of this subsection.

(h) The Department must exempt from certificate of need review the acquisition or reopening of a Legacy Medical Care Facility. The person seeking to operate a Legacy Medical Care Facility shall give the Department written notice of all of the following:

(1) Its intention to acquire or reopen a Legacy Medical Care Facility within the same county and the same service area as the facility that ceased continuous operations. If the Legacy Medical Care Facility will become operational in a new location within the same county and the same service area as the facility that ceased continuous operations, then the person responsible for giving the written notice required by this section shall notify the Department, as soon as reasonably practicable and prior to becoming operational, of the new location of the Legacy Medical Care Facility. For purposes of this subdivision, "service area" means the service area identified in the North Carolina State Medical Facilities Plan in effect at the time the written notice required by this section is given to the Department.

(2) That the facility will be operational within 36 months of the notice.

The Department shall extend the time by which a facility must be operational in order to be exempt from certificate of need review under this subsection by one additional 36-month period if the person seeking to reopen or acquire the Legacy Medical Care Facility gives the Department written notice of extension within 36 months of the original notice of intent to acquire or reopen the Legacy Medical Care Facility. The written notice of extension must notify the Department (i) that the person has undertaken all reasonable efforts to make the facility operational within 36 months of the notice of intent, (ii) that, despite these reasonable efforts, the person does not anticipate the facility will be operational within that time, and (iii) of its intention that the facility will be operational within 36 months of the notice of extension. (1983, c. 775, s. 1; 1987, c. 511, s. 1; 1991 (Reg. Sess., 1992), c. 1030, s. 37; 1993, c. 7, s. 7; 2001-424, s. 25.19(c); 2002-159, s. 41; 2009-145, s. 1; 2009-487, s. 3; 2011-145, s. 19.1(h); 2013-360, s. 12G.3(b); 2013-363, s. 4.6; 2014-100, s. 12G.1(a); 2015-288, s. 2; 2017-184, s. 7(a); 2017-186, s. 2(XXXXX); 2018-81, s. 3(b); 2018-145, s. 15; 2019-76, s. 20.)

§ 131E-185. Review process.

(a) Repealed by Session Laws 1987, c. 511, s. 1.

(a1) Except as provided in subsection (c) of this section, there shall be a time limit of 90 days for review of the applications, beginning on the day established by rule as the day on which applications for the particular service in the service area shall begin review.

(1) Any person may file written comments and exhibits concerning a proposal under review with the Department, not later than 30 days after the date on which the application begins review. These written comments may include:

- a. Facts relating to the service area proposed in the application;
- b. Facts relating to the representations made by the applicant in its application, and its ability to perform or fulfill the representations made;

- c. Discussion and argument regarding whether, in light of the material contained in the application and other relevant factual material, the application complies with relevant review criteria, plans, and standards.
- (2) No more than 20 days from the conclusion of the written comment period, the Department shall ensure that a public hearing is conducted at a place within the appropriate service area if one or more of the following circumstances apply; the review to be conducted is competitive; the proponent proposes to spend five million dollars (\$5,000,000) or more; a written request for a public hearing is received before the end of the written comment period from an affected party as defined in G.S. 131E-188(c); or the agency determines that a hearing is in the public interest. At such public hearing oral arguments may be made regarding the application or applications under review; and this public hearing shall include the following:
- a. An opportunity for the proponent of each application under review to respond to the written comments submitted to the Department about its application;
 - b. An opportunity for any person, except one of the proponents, to comment on the applications under review;
 - c. An opportunity for a representative of the Department, or such other person or persons who are designated by the Department to conduct the hearing, to question each proponent of applications under review with regard to the contents of the application;

The Department shall maintain a recording of any required public hearing on an application until such time as the Department's final decision is issued, or until a final agency decision is issued pursuant to a contested case hearing, whichever is later; and any person may submit a written synopsis or verbatim statement that contains the oral presentation made at the hearing.

- (3) The Department may contract or make arrangements with a person or persons located within each service area for the conduct of such public hearings as may be necessary. The Department shall publish, in each service area, notice of the contracts that it executes for the conduct of those hearings.
- (4) Within 15 days from the beginning of the review of an application or applications proposing the same service within the same service area, the Department shall publish notice of the deadline for receipt of written comments, of the time and place scheduled for the public hearing regarding the application or applications under review, and of the name and address of the person or agency that will preside.
- (5) The Department shall maintain all written comments submitted to it during the written comment stage and any written submissions received at the public hearing as part of the Department's file respecting each application or group of applications under review by it. The application, written comments, and public hearing comments, together with all documents that the Department used in arriving at its decision, from whatever source, and any documents that reflect or set out the Department's final analysis of the application or applications under review, shall constitute the Department's record for the application or applications under review.

(a2) When an expedited review has been approved by the Department, no public hearing shall be held. The Department may contact the applicant and request additional or clarifying information, amendments to, or substitutions for portions of the application. The Department may negotiate conditions to be imposed on the certificate of need with the applicant.

(b) Repealed by Session Laws 1991 (Reg. Sess., 1992), c. 900, s. 137(a).

(c) The Department may extend the review period for a period not to exceed 60 days and provide notice of such extension to all applicants. For expedited reviews, the Department may extend the review period only if it has requested additional substantive information from the applicant. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, ss. 9, 10; 1983, c. 775, s. 1; 1987, c. 511, s. 1; 1991, c. 692, s. 7; 1991 (Reg. Sess., 1992), c. 900, s. 137(a), (b); 1993, c. 7, s. 8; 2005-325, s. 4.)

§ 131E-186. Decision.

(a) Within the prescribed time limits in G.S. 131E-185, the Department shall issue a decision to "approve," "approve with conditions," or "deny," an application for a new institutional health service. Approvals involving new or expanded bed capacity for nursing care or intermediate care for individuals with intellectual disabilities shall include a condition that specifies the earliest possible date the new institutional health service may be certified for participation in the Medicaid program. The date shall be set far enough in advance to allow the Department to identify funds to pay for care in the new or expanded facility in its existing Medicaid budget or to include these funds in its State Medicaid budget request for the year in which Medicaid certification is expected.

(b) Within five business days after it makes a decision on an application, the Department shall provide written notice of all the findings and conclusions upon which it based its decision, including the criteria used by the Department in making its decision, to the applicant. (1977, 2nd Sess., c. 1182, s. 2; 1983, c. 775, s. 1; 1987, c. 511, s. 1; 1991 (Reg. Sess., 1992), c. 900, s. 137(c); 2019-76, s. 21.)

§ 131E-187. Issuance of a certificate of need.

(a),(b) Repealed by Session Laws 2009-373, s. 1, effective July 31, 2009.

(c) The Department shall issue a certificate of need in accordance with the time line requirements of this section but only after all applicable conditions of approval that can be satisfied before issuance of the certificate of need have been met. The Department shall issue a certificate of need within:

- (1) Thirty-five days of the date of the decision referenced in G.S. 131E-186, when no request for a contested case hearing has been filed in accordance with G.S. 131E-188.
- (2) Five business days after it receives a file-stamped copy of the notice of voluntary dismissal, unless the voluntary dismissal is a stipulation of dismissal without prejudice.
- (3) Thirty-five days of the date of the written notice of the final agency decision affirming or approving the issuance, unless a notice of appeal to the North Carolina Court of Appeals is timely filed.
- (4) Twenty days after a mandate is issued by the North Carolina Court of Appeals affirming the issuance of a certificate of need, unless a notice of appeal or

petition for discretionary review to the North Carolina Supreme Court is timely filed.

- (5) Five business days after the North Carolina Supreme Court issues a mandate affirming the issuance of a certificate of need or an order declining to certify the case for discretionary review if the order declining to certify the case disposes of the appeal in its entirety. (1977, 2nd Sess., c. 1182, s. 2; 1983, c. 775, s. 1; 1987, c. 511, s. 1; 2009-373, s. 1.)

§ 131E-188. Administrative and judicial review.

(a) After a decision of the Department to issue, deny or withdraw a certificate of need or exemption or to issue a certificate of need pursuant to a settlement agreement with an applicant to the extent permitted by law, any affected person, as defined in subsection (c) of this section, shall be entitled to a contested case hearing under Article 3 of Chapter 150B of the General Statutes. A petition for a contested case shall be filed within 30 days after the Department makes its decision. When a petition is filed, the Department shall send notification of the petition to the proponent of each application that was reviewed with the application for a certificate of need that is the subject of the petition. Any affected person shall be entitled to intervene in a contested case.

A contested case shall be conducted in accordance with the following timetable:

- (1) An administrative law judge or a hearing officer, as appropriate, shall be assigned within 15 days after a petition is filed.
- (2) The parties shall complete discovery within 90 days after the assignment of the administrative law judge or hearing officer.
- (3) The hearing at which sworn testimony is taken and evidence is presented shall be held within 45 days after the end of the discovery period.
- (4) The administrative law judge or hearing officer shall make a final decision within 75 days after the hearing.
- (5) Repealed by Session Laws 2011-398, s. 46, as amended by Session Laws 2011-326, s. 23, effective January 1, 2012, and applicable to contested cases commenced on or after that date.

The administrative law judge or hearing officer assigned to a case may extend the deadlines in subdivisions (2) through (4) so long as the administrative law judge or hearing officer makes a final decision in the case within 270 days after the petition is filed.

(a1) On or before the date of filing a petition for a contested case hearing on the approval of an applicant for a certificate of need, the petitioner shall deposit a bond with the clerk of superior court where the new institutional health service that is the subject of the petition is proposed to be located. The bond shall be secured by cash or its equivalent in an amount equal to five percent (5%) of the cost of the proposed new institutional health service that is the subject of the petition, but may not be less than five thousand dollars (\$5,000) and may not exceed fifty thousand dollars (\$50,000). A petitioner who received approval for a certificate of need and is contesting only a condition in the certificate is not required to file a bond under this subsection.

The applicant who received approval for the new institutional health service that is the subject of the petition may bring an action against a bond filed under this subsection in the superior court of the county where the bond was filed. Upon finding that the petition for a contested case was frivolous or filed to delay the applicant, the court may award the applicant part or all of the bond filed under this subsection. At the conclusion of the contested case, if the court does not find that the petition for a contested case was frivolous or filed to delay the applicant, the petitioner shall be entitled to the return of the bond deposited with the superior court upon demonstrating to the clerk of superior court where the bond was filed that the contested case hearing is concluded.

(b) Any affected person who was a party in a contested case hearing shall be entitled to judicial review of all or any portion of any final decision in the following manner. The appeal shall be to the Court of Appeals as provided in G.S. 7A-29(a). The procedure for the appeal shall be as provided by the rules of appellate procedure. The appeal of the final decision shall be taken within 30 days of the receipt of the written notice of final decision, and notice of appeal shall be filed with the Office of Administrative Hearings and served on the Department and all other affected persons who were parties to the contested hearing.

(b1) Before filing an appeal of a final decision granting a certificate of need, the affected person shall deposit a bond with the Clerk of the Court of Appeals. The bond requirements of this subsection shall not apply to any appeal filed by the Department.

- (1) The bond shall be secured by cash or its equivalent in an amount equal to five percent (5%) of the cost of the proposed new institutional health service that is the subject of the appeal, but may not be less than five thousand dollars (\$5,000) and may not exceed fifty thousand dollars (\$50,000); provided that the applicant who received approval of the certificate of need may petition the Court of Appeals for a higher bond amount for the payment of such costs and damages as may be awarded pursuant to subdivision (2) of this subsection. This amount shall be determined by the Court in its discretion, not to exceed three hundred thousand dollars (\$300,000). A holder of a certificate of need who is appealing only a condition in the certificate is not required to file a bond under this subsection.
- (2) If the Court of Appeals finds that the appeal was frivolous or filed to delay the applicant, the court shall remand the case to the superior court of the county where a bond was filed for the contested case hearing on the certificate of need. The superior court may award the holder of the certificate of need part or all of the bond. The court shall award the holder of the certificate of need reasonable attorney fees and costs incurred in the appeal to the Court of Appeals. If the Court of Appeals does not find that the appeal was frivolous or filed to delay the applicant and does not remand the case to superior court for a possible award of all or part of the bond to the holder of the certificate of need, the person originally filing the bond shall be entitled to a return of the bond.

(c) The term "affected persons" includes: the applicant; any individual residing within the service area or the geographic area served or to be served by the applicant; any individual who regularly uses health service facilities within that geographic area or the service area; any person who provides services, similar to the services under review, to individuals residing within the service area or the geographic area proposed to be served by the applicant; any person who, prior to receipt by the agency of the proposal being reviewed, has provided written notice to the agency of an intention to provide similar services in the future to individuals residing within the service area or the geographic area to be served by the applicant; third party payers who reimburse health service facilities for services in the service area in which the project is proposed to be located; and any agency which establishes rates for health service facilities or HMOs located in the service area in which the project is proposed to be located. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 11; 1983, c. 775, s. 1; 1983 (Reg. Sess., 1984), c. 1000, s. 1; 1987, c. 511, s. 1; 1991, c. 692, s. 8; c. 701, s. 3; 1993, c. 7, s. 9; 1997-443, s. 11A.118(a); 2005-325, s. 5; 2007-182, s. 1; 2009-373, s. 2; 2011-326, s. 23; 2011-398, s. 46.)

§ 131E-189. Withdrawal of a certificate of need.

(a) The Department shall specify in each certificate of need the time the holder has to make the service or equipment available or to complete the project and the timetable to be followed. The timetable shall be the one proposed by the holder of the certificate of need unless the Department specifies a different timetable in its decision letter. The holder of the certificate shall submit such periodic reports on his progress in meeting the timetable as may be required by the Department. If no progress report is provided or, after reviewing the progress, the Department determines that the holder of the certificate is not meeting the timetable and the holder cannot demonstrate that it is making good faith efforts to meet the timetable, the Department may withdraw the certificate. If the Department determines that the holder of the certificate is making a good faith effort to meet the timetable, the Department may, at the request of the holder, extend the timetable for a specified period.

(b) The Department may withdraw any certificate of need, if the holder of the certificate fails to develop the service in a manner consistent with the representations made in the application or with any condition or conditions the Department placed on the certificate of need.

(c) The Department may immediately withdraw any certificate of need if the holder of the certificate, before completion of the project or operation of the facility, transfers ownership or control of the facility, the project, or the certificate of need. Any transfer after that time will be subject to the requirement that the service be provided consistent with the representations made in the application and any applicable conditions the Department placed on the certificate of need. Transfers resulting from death or personal illness or other good cause, as determined by the Department, shall not result in withdrawal if the Department receives prior written notice of the transfer and finds good cause. Transfers resulting from death shall not result in withdrawal.

(d) Notwithstanding subsections (a), (b), or (c) of this section, a certificate of need issued by the Department for the construction of a health service facility on or after October

1, 2021, expires if the holder of the certificate of need fails to execute or commit to a contract for design services for the project authorized by the certificate of need within the following time frames:

- (1) For a project that costs over fifty million dollars (\$50,000,000), the holder of the certificate of need shall execute or commit to a contract for design services for the project authorized by the certificate of need within four years after the date the Department's decision to approve the certificate of need for that project becomes final.
- (2) For a project that costs fifty million dollars (\$50,000,000) or less, the holder of the certificate of need shall execute or commit to a contract for design services for the project authorized by the certificate of need within two years after the date the Department's decision to approve the certificate of need for that project becomes final.

(e) Notwithstanding subsections (a), (b), or (c) of this section, a certificate of need issued by the Department for the construction of a health service facility prior to October 1, 2021, expires if the holder of the certificate of need fails to execute or commit to a contract for design services for the project authorized by the certificate of need within the following time frames:

- (1) For a project that costs over fifty million dollars (\$50,000,000), the holder of the certificate of need shall execute or commit to a contract for design services for the project authorized by the certificate of need by October 1, 2025.
- (2) For a project that costs fifty million dollars (\$50,000,000) or less, the holder of the certificate of need shall execute or commit to a contract for design services for the project authorized by the certificate of need by October 1, 2023.

(f) Notwithstanding subsections (d) and (e) of this section, certificates of need that (i) are issued for the construction of a health service facility prior to October 1, 2021, and (ii) have a specific deadline to execute or commit to a contract for design services for the project authorized by the certificate of need will not expire unless the holder fails to execute or commit to a contract for design services by the deadline specified in the certificate of need.

(g) In the event the holder of a certificate of need is unable to execute or commit to a contract for design services for the project due to developments beyond the control of the holder of the certificate of need or for other good cause, the time for performance shall be extended by a period equal to the period during which performance of the obligation has been delayed or failed to be performed. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 12; 1983, c. 775, s. 1; 1987, c. 511, s. 1; 1993, c. 7, s. 10; 2021-129, s. 2.)

§ 131E-190. Enforcement and sanctions.

(a) Only those new institutional health services which are found by the Department to be needed as provided in this Article and granted certificates of need shall be offered or developed within the State.

(b) No formal commitments made for financing, construction, or acquisition regarding the offering or development of a new institutional health service shall be made by any person unless a certificate of need for such service or activities has been granted.

(c) Repealed by Session Laws 1993, c. 7, s. 11.

(d) If any person proceeds to offer or develop a new institutional health service without having first obtained a certificate of need for such services, the penalty for such violation of this Article and rules hereunder may include the withholding of federal and State funds under Titles V, XVIII, and XIX of the Social Security Act for reimbursement of capital and operating expenses related to the provision of the new institutional health service.

(e) The Department may revoke or suspend the license of any person who proceeds to offer or develop a new institutional health service without having first obtained a certificate of need for such services.

(f) The Department may assess a civil penalty of not more than twenty thousand dollars (\$20,000) against any person who knowingly offers or develops any new institutional health service within the meaning of this Article without a certificate of need issued under this Article and the rules pertaining thereto, or in violation of the terms or conditions of such a certificate, whenever it determines a violation has occurred and each time the service is provided in violation of this provision. In determining the amount of the penalty the Department shall consider the degree and extent of harm caused by the violation and the cost of rectifying the damage. A person who is assessed a penalty shall be notified of the penalty by registered or certified mail. The notice shall state the reasons for the penalty. If a person fails to pay a penalty, the Department shall refer the matter to the Attorney General for collection. For the purpose of this subsection, the word "person" shall not include an individual in his capacity as an officer, director, or employee of a person as otherwise defined in this Article.

The clear proceeds of penalties provided for in this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(g) No agency of the State or any of its political subdivisions may appropriate or grant funds or financially assist in any way a person, applicant, or facility which is or whose project is in violation of this Article.

(h) If any person proceeds to offer or develop a new institutional health service without having first obtained a certificate of need for such services, the Secretary of Health and Human Services or any person aggrieved, as defined by G.S. 150B-2(6), may bring a civil action for injunctive relief, temporary or permanent, against the person offering, developing or operating any new institutional health service. The action may be brought in the superior court of any county in which the health service facility is located or in the superior court of Wake County.

(i) If the Department determines that the recipient of a certificate of need, or its successor, is operating a service which materially differs from the representations made in its application for that certificate of need, the Department may bring an action in Wake County Superior Court or the superior court of any county in which the certificate of need is to be utilized for injunctive relief, temporary or permanent, requiring the recipient, or its successor, to materially comply with the representations in its application. The Department may also bring an action in Wake County Superior Court or the superior court of any county in which the certificate of need is to be utilized to enforce the provisions of this subsection and G.S. 131E-181(b) and the rules adopted in accordance with this subsection and G.S. 131E-181(b). (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 13; 1983, c. 775, s. 1; 1985 (Reg. Sess., 1986), c. 968, s. 2; 1987, c. 511, s. 1; 1991, c. 692, s. 9; 1993, c. 7, s. 11; 1997-443, s. 11A.118(a); 1998-215, s. 80.)

Article 10.

Hospice Licensure Act.

§ 131E-200. Title; purpose.

This Article shall be known as the "Hospice Licensure Act." The purpose of this Article is to establish licensing requirements for hospices. (1983 (Reg. Sess., 1984), c. 1022, s. 1; 1987, c. 34.)

§ 131E-201. Definitions.

As used in this Article, unless a different meaning or construction is clearly required by the context:

- (1) "Commission" means the North Carolina Medical Care Commission.
- (2) "Department" means the Department of Health and Human Services.
- (3) "Hospice" means any coordinated program of home care with provision for inpatient care for terminally ill patients and their families. This care is provided by a medically directed interdisciplinary team, directly or through an agreement under the direction of an identifiable hospice administration. A hospice program of care provides palliative and supportive medical and other health services to meet the physical, psychological, social, spiritual, and special needs of patients and their families, which are experienced during the final stages of terminal illness and during dying and bereavement.

- (3a) "Hospice inpatient facility" means a freestanding licensed hospice facility or a designated inpatient unit in an existing health service facility which provides palliative and supportive medical and other health services to meet the physical, psychological, social, spiritual, and special needs of terminally ill patients and their families in an inpatient setting.
- (4) "Hospice patient" means a patient diagnosed as terminally ill by a physician licensed to practice medicine in North Carolina, who the physician anticipates to have a life expectancy of weeks or months, generally not to exceed six months, and who alone, or in conjunction with designated family members, has voluntarily requested and been accepted into a licensed hospice program.
- (5) "Hospice patient's family" means the hospice patient's immediate kin, including a spouse, brother, sister, child, or parent. Other relations and individuals with significant personal ties to the hospice patient may be designated as members of the hospice patient's family by mutual agreement among the hospice patient, the relation or individual and the hospice team.
- (5a) "Hospice residential care facility" means a freestanding licensed hospice facility which provides palliative and supportive medical and other health services to meet the physical, psychological, social, spiritual, and special needs of terminally ill patients and their families in a group residential setting.
- (5b) "Hospice services" means the provision of palliative and supportive medical and other health services to meet the physical, psychological, social, spiritual, and special needs of patients and their families, which are experienced during the final stages of terminal illness and during dying and bereavement.
- (6) "Hospice team" or "Interdisciplinary team" means the following hospice personnel: physician licensed to practice medicine in North Carolina; nurse holding a valid, current license as required by North Carolina law; social worker; clergy member; and trained hospice volunteer. Other health care practitioners may be included on the team as the needs of the patient dictate or at the request of the physician. Other providers of special services may also be included as the needs of the patient dictate.
- (7) "Identifiable hospice administration" means an administrative group, individual, or legal entity that has an identifiable organizational structure, accountable to a governing board directly or through a chief executive officer. This administration shall be responsible for the management of all aspects of the program.
- (8) "Palliative care" means treatment directed at controlling pain, relieving other symptoms, and focusing on the special needs of the patient and family as they experience the stress of the dying process, rather than the treatment aimed at investigation and intervention for the purpose of cure or prolongation of life. (1983 (Reg. Sess., 1984), c. 1022, s. 1; 1993, c. 376, s. 5; 1997-443, s. 11A.118(a).)

§ 131E-203. Coverage.

(a) Except as provided in subsection (b) of this section, no person or other entity shall operate or represent himself or itself to the public as operating a hospice, a hospice inpatient facility, or a hospice residential care facility, or offer or represent himself or itself to the public as offering hospice services without obtaining a license from the Department pursuant to this Article.

(b) Hospices administered by local health departments established under Article 2 of Chapter 130A of the General Statutes shall not be required to be licensed under this Article. Additionally, health care facilities and agencies licensed under Article 5 or 6 of Chapter 131E of the General Statutes shall not be required to be separately licensed under this Article. However, any facility or agency exempted from licensure under this subsection which operates a hospice, a hospice inpatient facility, or a hospice residential care facility, or offers hospice services shall be subject to rules adopted pursuant to this Article.

§ 131E-205. Adverse action on a license; appeal procedures.

(a) The Department may suspend, revoke, cancel, or amend a license when there has been a substantial failure to comply with this Article or with rules and regulations adopted thereunder.

(b) Chapter 150A of the General Statutes, the Administrative Procedure Act, shall govern all administrative action pursuant to subsection (a) and all judicial review arising therefrom. (1983 (Reg. Sess., 1984), c. 1022, s. 1.)

§ 131E-206. Injunction.

(a) Notwithstanding the existence or pursuit of any other remedy, the Department may maintain an action in the name of the State for injunctive relief or other process against any person to restrain or prevent the establishment, conduct, management, or operation of a hospice without a license.

(b) Notwithstanding the provisions of G.S. 131E-203(b) or the existence of any other remedy, the Department may maintain an action in the name of the State for injunctive relief or other process against any person to restrain or prevent substantial noncompliance with this Article or the rules adopted thereunder.

(c) If any person shall hinder the proper performance of duty of the Department in carrying out the provisions of this Article, the Department may institute an action in the superior court of the county in which the hindrance occurred for injunctive relief against the continued hindrance. (1983 (Reg. Sess., 1984), c. 1022, s. 1.)

§ 131E-207. Confidentiality.

(a) Notwithstanding G.S. 8-53 or any other law relating to confidentiality of communications between physician and patient, in the course of an inspection conducted under G.S. 131E-204:

- (1) Department representatives may review any writing or other record concerning the admission, discharge, medication, treatment, medical condition, or history of any person who is or has been a hospice patient; and
- (2) Any person involved in treating a patient at or through a hospice may disclose information to a Department representative unless the patient objects in writing to review of his records or disclosure of the information. A hospice shall not release any information or allow any inspections under this section without first informing each affected patient in writing of his right to object to and thereby prohibit release of information or review of records pertaining to him.

A hospice, its employees and any other person interviewed in the course of an inspection shall be immune from liability for damages resulting from disclosure of any information to the Department.

(b) The Department shall not disclose:

- (1) Any confidential or privileged information obtained under this section unless the patient or his legal representative authorizes disclosure in writing or unless a court of competent jurisdiction orders disclosure; or
- (2) The name of anyone who has furnished information concerning a hospice without that person's consent.

The Department shall institute appropriate policies and procedures to ensure that unauthorized disclosure does not occur. Any Department employee who willfully discloses this information without appropriate authorization or court order shall be guilty of a Class 3 misdemeanor and upon conviction only fined at the discretion of the court but not to exceed five hundred dollars (\$500.00).

(c) All confidential or privileged information obtained under this section and the names of persons providing this information shall be exempt from Chapter 132 of the General Statutes. (1983 (Reg. Sess., 1984), c. 1022, s. 1; 1993, c. 539, s. 965; 1994, Ex. Sess., c. 24, s. 14(c).)

Article 11A.

Medical Care Data.

§ 131E-214. Title and purpose.

(a) This Article is the Medical Care Data Act.

(b) The General Assembly finds that, as a result of rising medical care costs and the concern expressed by medical care providers, medical care consumers, third-party payors, and health care planners involved with planning for the provision of medical care, there is an urgent and continuing need to understand patterns and trends in the use and cost of medical care services in this State. The purposes of this Article are as follows:

- (1) To ensure that there is an information base containing medical care data from throughout the State that can be used to improve the appropriate and efficient use of medical care services and maintain an acceptable quality of health care services in this State.
- (2) To ensure that the necessary medical care data is available to university researchers, State public policymakers, and all other interested persons to improve the decision-making process regarding access, identified needs, patterns of medical care, charges, and use of appropriate medical care services.
- (3) To ensure that a data processor receiving data under this Article protects patient confidentiality.

These purposes are to be accomplished by requiring that all hospitals and freestanding ambulatory surgical facilities submit information necessary for a review and comparison of charges, utilization patterns, and quality of medical services to a data processor that maintains a statewide database of medical care data and that makes medical care data available to interested persons, including medical care providers, third-party payors, medical care consumers, and health care planners. (1995, c. 517, s. 39(b).)

- (5) Patient identifying information. – The name, address, social security number, or similar information by which the identity of a patient can be determined with reasonable accuracy and speed either directly or by reference to other publicly available information. - (6) Statewide data processor. – A data processor certified by the Division as capable of complying with the requirements of G.S. 131E-214.4. The Division may deny, suspend, or revoke a certificate, in accordance with Chapter 150B of the General Statutes, if the statewide data processor does not comply with or is not capable of complying with the requirements of G.S. 131E-214.4. The Division may promulgate rules concerning the receipt, consideration, and limitation of a certificate applied for or issued under this Article. (1995, c. 517, s. 39(b); 1997-443, s. 11A.118(a); 2007-182, s. 1; 2008-119, s. 2; 2011-145, s. 19.1(h); 2012-83, s. 44; 2017-186, s. 2(yyyyy); 2019-76, s. 22.)

§ 131E-214.2. Data submission required.

Except as prohibited by federal law or regulation, each hospital and freestanding ambulatory surgical facility shall submit patient data to a statewide data processor within 60 calendar days after the close of each calendar quarter for patients that were discharged or died during that quarter. (1995, c. 517, s. 39(b).)

 - (4) Analyze the patient data.
 - (5) Compile reports from the patient data and make the reports available upon request to interested persons at a reasonable charge determined by the data processor.
 - (6) Ensure that adequate measures are taken to provide system security for all data and information received from hospitals and freestanding ambulatory surgical facilities pursuant to this Article.
 - (7) Protect the confidentiality of patient records and comply with applicable laws and regulations concerning patient confidentiality, including the confidentiality of patient-identifying information. The data processor shall not disclose patient-identifying information unless (i) the information was originally submitted by the party requesting disclosure or (ii) the State Health Director requests specific individual records for the purpose of protecting and promoting the public health under Chapter 130A of the General Statutes, and the disclosure is not otherwise prohibited by federal law or regulation. Such records shall be made available to the State Health Director at a reasonable charge. Such records made available to the State Health Director are not public records; the State Health Director shall maintain their confidentiality and shall not make the records available notwithstanding G.S. 130A-374(a)(2).

(b) The Department of Health and Human Services may take adverse action against a hospital under G.S. 131E-78 or G.S. 122C-24 or against a freestanding ambulatory surgical center under G.S. 131E-148 for a violation of this Article. (1995, c. 517, s. 39(b); 1997-443, s. 11A.118(a).)

Article 13.

Temporary Management of Long-Term Care Facilities.

§ 131E-230. Legislative findings.

The General Assembly finds that:

- (1) A substantial number of citizens of this State now reside, or in the future may reside, in long-term care facilities within this State;
- (2) Improper operation of long-term care facilities may tend to create a substantial risk of serious physical injury to residents;
- (3) The closure of a long-term care facility can have adverse effects on the residents thereof, especially if the closure and transfer of residents is done hastily;
- (4) The general health and welfare of the people of this State, particularly those persons residing in long-term care facilities within this State, would be enhanced by development of a procedure for the court appointment of a temporary manager to assure the proper operation of a long-term care facility in certain instances until a manager chosen by the facility is prepared to properly operate the facility, or until the residents can be safely transferred to a proper alternative setting; and

- (5) The use of a temporary manager is intended as a temporary measure and the ongoing or long-term operation of a nursing facility by a temporary manager is neither beneficial nor appropriate. (1993, c. 390, s. 1.)

§ 131E-231. Definitions.

As used in this Article, unless otherwise specified:

- (1) "Long-term care facility" means a nursing home as defined in G.S. 131E-101(6) and an adult care home as defined in G.S. 131D-2.1(3) or G.S. 131E-101(4).
- (2) "Resident" means a person who has been admitted to a long-term care facility.
- (3) "Respondent" means the person or entity holding a license pursuant to G.S. 131E-102 or G.S. 131D-2.4 or a person or entity operating a long-term care facility subject to licensure without a license. (1993, c. 390, s. 1; 1995, c. 535, s. 26; 2008-187, s. 38(b); 2009-462, s. 4(1).)

§ 131E-232. Who may petition; contents of petition.

The Department may petition a court of competent jurisdiction to appoint a temporary manager to operate a long-term care facility. The petition shall set forth material facts showing that one or more of the grounds for appointment of a temporary manager set forth in G.S. 131E-234 exist, that the facts set forth in the petition have been brought to the attention of the respondent, and that the conditions described in the petition have not been remedied within a reasonable period of time. The petition shall also set forth a brief description of the action or actions necessary to remedy the alleged conditions. (1993, c. 390, s. 1.)

§ 131E-233. Procedures for appointment; evidence in defense.

(a) The procedure for petitioning the superior court for the appointment of a temporary manager, including service of process shall be in accordance with the North Carolina Rules of Civil Procedure. If personal service of a copy of the petition cannot be made with due diligence upon the respondent, service may be made upon the respondent by sending a copy of the summons and petition to the respondent by registered mail at the respondent's last known address and by hand-delivering or mailing a copy to the administrative or staff person in charge of the facility.

(b) A hearing shall be held on the petition within 20 days of service of the petition upon the respondent. Both the Department and the respondent may present evidence and written and oral argument at the hearing regarding the allegations of the petition. It shall be relevant evidence in defense to a petition that the conditions alleged in the petition do not in fact exist, that such conditions do not exist to the extent alleged, or that such conditions have been remedied or removed.

- (c)
 - (1) Upon petition by the Department for emergency intervention, a court may order the appointment of an emergency temporary manager after finding that there is reasonable cause to believe that:
 - a. Conditions or a pattern of conditions exist in the long-term care facility that create an immediate substantial risk of death or serious physical harm to residents; or
 - b. The long-term care facility is closing or intends to close before the time in which a hearing would ordinarily be scheduled, and:
 1. Adequate arrangements for relocating residents have not been made, or

2. Quick relocation would not be in the best interest of residents.
- (2) The court shall appoint an emergency temporary manager to serve until a hearing is conducted in accordance with ordinary procedures and shall direct the temporary manager to make only such changes in administration as necessary to protect the health or safety of residents until the emergency condition is resolved.
 - (3) The court shall schedule a hearing on the appointment of an emergency temporary manager within three days after service of notice of the filing of the petition. Notice of the filing of the petition and other relevant information, including the factual basis of the belief that an emergency temporary manager is needed shall be served upon the facility as provided in this Article. The notice shall be given at least 24 hours prior to the hearing of the petition for emergency intervention, except that the court may issue an immediate emergency order ex parte upon a finding as fact that:
 - a. The conditions specified above exist, and
 - b. There is likelihood that a resident may suffer irreparable injury or death if the order is delayed.

The order shall contain a show-cause notice to each person upon whom the notice is served directing the person to appear immediately or at any time up to and including the time for the hearing of the petition for emergency services and show cause, if any exists, for the dissolution or modification of the order. Unless dissolved by the court for good cause shown, the emergency order ex parte shall be in effect until the hearing is held on the petition for emergency services. At the hearing, if the court determines that the emergency continues to exist, the court may order the provision of emergency services in accordance with subsections (a) and (b) of this section. (1993, c. 390, s. 1; 1999-334, s. 1.11.)

§ 131E-234. Grounds for appointment of temporary manager.

Upon a showing by the Department that one or more of the following grounds exist, the court may appoint a temporary manager for an initial period of 30 days or the first review by a superior court judge pursuant to G.S. 131E-243, whichever is longer:

- (1) Conditions or a pattern of conditions exist in the long-term care facility that create a substantial risk of death or serious physical harm to residents or that death or serious physical harm has occurred, and it is probable that the facility will not or cannot immediately remedy those conditions or pattern of conditions, or the facility has shown a pattern of failure to comply with applicable laws and rules and continues to fail to comply;
- (2) The long-term care facility is operating without a license;
- (3) The license of the long-term care facility has been revoked or the long-term care facility is closing or intends to close and: (i) adequate arrangements for relocating residents have not been made, or (ii) quick relocation would not be in the best interest of the residents; or
- (4) A previous court order has been issued requiring the respondent to act or refrain from acting in a manner directly affecting the care of the residents and the

respondent has failed to comply with the court order. (1993, c. 390, s. 1; 1999-334, s. 1.12.)

§ 131E-235. Alternative to appointment of temporary manager.

(a) After the hearing described in G.S. 131E-233(b), if the court finds that the evidence warrants the granting of the relief sought and the respondent applies to the court for permission to promptly remove or remedy the conditions or pattern specified in the petition and demonstrates the ability to promptly undertake and complete the removal or remedying of such conditions or pattern, the court, in lieu of appointing a temporary manager, may issue an order permitting the respondent to remove or remedy the conditions in accordance with a time schedule and subject to conditions determined by the court, including the posting of security for the performance of the work as may be fixed by the court.

(b) If, after entry of an order pursuant to subsection (a) of this section, it appears that the respondent is not proceeding in accordance with the court's order in removing or remedying the conditions found by the court to exist, the Department, upon notice to the respondent, may move the court for an order appointing a temporary manager pursuant to the court's findings at the original hearing. If upon hearing the matter, the court finds that the respondent is not proceeding in accordance with the court's order, the court may appoint a temporary manager as authorized by G.S. 131E-234. If the respondent has posted security to ensure removal or remedying of the conditions found by the court, the security or any part of the security as is necessary may be used by the temporary manager to remedy the conditions. (1993, c. 390, s. 1.)

§ 131E-236. Compensation of temporary manager.

The court shall set the compensation of the temporary manager. (1993, c. 390, s. 1.)

§ 131E-237. Candidates for temporary managers.

In the petition the Department shall nominate at least one candidate for temporary manager and shall include the name, address, and qualifications of each nominee. The Department shall maintain a list of persons qualified to act as temporary managers. The person or persons nominated by the Department to serve as temporary manager shall either be employed by the Department or be one of the persons on the list of qualified persons maintained by the Department. This nominee shall be approved by the court reviewing the Department's petition for appointment of a temporary manager. (1993, c. 390, s. 1.)

§ 131E-238. Temporary manager; powers and duties.

A temporary manager appointed under this section:

- (1) May exercise those powers and shall perform those duties ordered by the court;
- (2) Shall operate the long-term care facility in compliance with State and federal laws and assure the safety of the residents and the delivery of services to them;
- (3) May operate the facility under a temporary license issued by the Department in the event that the license of the original operator has been revoked or suspended or was never issued;
- (4) Shall have the same rights as the respondent to possession of the building in which the long-term care facility is located and of all goods and fixtures located in the building at the time the temporary manager is appointed. If the court finds that between the time the petition is filed and the temporary manager is

appointed, the respondent has transferred assets for the purpose of frustrating the intent of this section, the court may require the respondent to repay to the temporary manager the value of such transferred assets. The temporary manager shall take all actions necessary to protect and conserve the assets and property of which the temporary manager takes possession, and the proceeds of any transfer, and may use them only in the performance of the powers and duties set forth in this section and as may be ordered by the court;

- (5) May use the building, fixtures, furnishings, and any accompanying consumable goods in providing care and services to residents and to any other persons receiving services from the long-term care facility at the time the petition for temporary management was filed. The temporary manager shall collect payment for all goods and services provided to residents or others at the same rate and method of payment as was charged by the respondent at the time the petition for temporary management was filed, unless a different rate is set by the State or other third-party payors. The temporary manager shall owe a duty to the owner of the long-term care facility to protect and preserve, and to avoid the waste or diminution of, the building, fixtures, furnishings, consumable goods, receipts, and other assets of the facility and to prevent the use of those assets for any purpose other than the reasonable operation of the facility;
- (6) May correct or eliminate any deficiency in the structure or furnishings of the long-term care facility that endangers the safety or health of residents, provided the total cost of correction of all such deficiencies does not exceed one thousand dollars (\$1,000);
- (7) Shall submit to the court a plan in accordance with G.S. 131E-239 for correction or elimination of any deficiency or deficiencies in the structure or furnishings of the long-term care facility that endanger the safety or health of residents and that are estimated to exceed one thousand dollars (\$1,000), and shall carry out the plan with any modification approved by the court;
- (8) May enter into contracts and hire agents and employees to carry out the powers and duties created under this section, provided that the temporary manager must notify the court and the respondent prior to entering into any substantially new contract obligating the respondent to pay more than one thousand dollars (\$1,000);
- (9) Except as specified in G.S. 131E-241, shall honor all leases, mortgages, and secured transactions governing the building in which the long-term care facility is located and all goods and fixtures in the building of which the temporary manager has taken possession, but, in the case of a rental agreement, only to the extent of payments that are for the use of the property during the period of the temporary management, or, in the case of a purchase agreement, come due during the period of the temporary management;
- (10) Shall have full power to direct, manage, and discharge employees of the long-term care facility, consistent with applicable State and federal laws governing the employment of these employees;
- (11) If transfer of the residents is necessary, shall cooperate with the Department or local departments of social services or both in carrying out the transfer of residents to an alternative placement;

- (12) Shall be entitled to and shall take possession of all property or assets of residents in the possession of the respondents. The temporary manager shall preserve all property, assets, and records of residents of which the temporary manager takes possession and shall provide for the prompt transfer of the property, assets, and records to the alternative placement of any transferred resident. No owner, licensee, or administrator of a facility under temporary management shall be liable for the waste, mismanagement, or other negligent or intentional wrongful act of a temporary manager with respect to the property or assets of residents; and
- (13) May be held liable in his personal capacity only for his own gross negligence or intentional acts. (1993, c. 390, s. 1.)

§ 131E-239. Plan for correction of deficiencies in excess of one thousand dollars (\$1,000).

(a) If the temporary manager determines that it is necessary to correct a deficiency or deficiencies in the structure or furnishings reasonably estimated by the temporary manager to cost in excess of one thousand dollars (\$1,000), the temporary manager shall submit to the court a written plan that contains the following:

- (1) A description of the deficiency or deficiencies that require correction;
- (2) A description of the method proposed by the temporary manager for correction of the deficiency or deficiencies; and
- (3) An estimate of the cost of the correction or corrections.

(b) A copy of the plan shall be served upon the Department and the respondent on the same day that it is submitted to the court.

(c) If the Department or respondent makes a written request for a hearing within seven days after the submission of the plan to the court, a hearing on the proposed plan of correction shall be held. If a hearing is requested by a party, the hearing shall be held within 14 days of the written request. The Department, respondent, and temporary manager shall have the opportunity to present evidence at the hearing regarding the proposed plan. Upon hearing the evidence, the court may approve the plan, modify the plan, or, if the court determines as a result of the evidence that the alleged deficiency does not require correction, it may reject the plan. If no party requests a hearing on the plan in accordance with this subsection, the court may order the temporary manager to proceed to implement the plan.

(d) In the event of an emergency situation involving the structure or furnishings of the facility the correction of which will cost in excess of one thousand dollars (\$1,000) and where failure to correct the situation immediately will likely result in serious physical harm or death to residents, the temporary manager may proceed to correct the situation in the most economical and efficient manner under the circumstances without prior court approval of a plan. If the court later determines pursuant to G.S. 131E-244(b) that the expenditure was not necessary or reasonable under the circumstances, payment for the expenditure or any part determined to be unreasonable or unnecessary by the court, must be paid from the contingency fund described in G.S. 131E-242. If the payment was initially made by the temporary manager from the contingency fund, the respondent shall have no obligation to repay those funds to the contingency fund upon a finding that the expenditure was unreasonable or unnecessary. If the payment was initially made by the temporary manager from operating revenues of the facility, the respondent shall be entitled to repayment of those amounts from the contingency fund. (1993, c. 390, s. 1.)

§ 131E-240. Payment to temporary manager.

(a) A person served with notice of an order of the court appointing a temporary manager and of the temporary manager's name and address shall be liable to pay the temporary manager for any goods or services provided by the temporary manager after the date of the order if the person would have been liable for the goods or services supplied by the respondent or an agent of the respondent. The temporary manager shall give a receipt for each payment and shall keep a copy of each receipt on file. The temporary manager shall deposit amounts received in a special account and shall use this account for all disbursements.

(b) The temporary manager may bring an action to enforce the liability created by subsection (a) of this section. Proof of payment to the temporary manager is as effective in favor of the person making the payment as payment of the amount to the person who, but for this subsection, would have been entitled to receive the sum paid.

(c) A resident may not be discharged, nor may any contract or rights be forfeited or impaired, nor may forfeiture or liability be increased, by reason of an omission to pay a respondent, licensee, or other person a sum paid to the temporary manager. (1993, c. 390, s. 1.)

§ 131E-241. Avoidance of preexisting leases, mortgages, and contracts.

(a) A temporary manager shall not be required to honor any lease, mortgage, secured transaction, or other wholly or partially executory contract entered into by the respondent, licensee, or administrator of the long-term care facility if the temporary manager demonstrates to the court that the rental price, rate of interest, or other compensation to be paid under the contract or agreement is unreasonable in light of conditions existing at the time the agreement was entered into by the parties or in light of the relationship of the parties.

(b) If the temporary manager is in possession of real estate or goods subject to a lease, mortgage, security interest, or other contract that the temporary manager is permitted to avoid under subsection (a) of this section, and if the real estate or goods are necessary for the continued operation of the long-term care facility, the temporary manager may apply to the court to set a reasonable rental price, rate of interest, or other compensation to be paid by the temporary manager during the duration of the temporary management. The court shall hold a hearing on the application within 15 days after receipt of the application. At least 10 days prior to the hearing, the temporary manager shall send notice of the application to any known person with any beneficial interest in the property involved.

(c) Payment by the temporary manager of the amount determined by the court to be reasonable is a defense to any action against the temporary manager for payment or for possession of the goods or real estate subject to the lease, mortgage, security interest, or other contract involved by any person who received such notice, but the payment does not relieve the obligee of liability for the difference between the amount paid by the temporary manager and the amount due under the original lease, mortgage, or security interest involved. (1993, c. 390, s. 1.)

§ 131E-242. Contingency fund.

(a) The Department may maintain a temporary management contingency fund.

(b) Upon a showing that proper expenses of the temporary management under this Article exceed the operating funds of the long-term care facility, the court, in its discretion, may order that the Department provide funds from the contingency fund to the temporary manager to operate the facility and compensate the temporary manager.

(c) When the total funds available in the contingency fund exceed five hundred thousand dollars (\$500,000), the Department may reallocate any or all of the amount in excess of five hundred thousand dollars (\$500,000) for other activities intended to protect the health and property of residents. (1993, c. 390, s. 1; 1995, c. 535, s. 27; 1998-215, s. 78(d); 1999-334, s. 1.13.)

§ 131E-243. Review and termination of temporary management.

(a) The operations and continuing need for a temporary manager shall be reviewed by the court every 30 days following the appointment of the temporary manager.

(b) The court may order the replacement of a temporary manager upon a showing that the temporary manager has mismanaged the long-term care facility.

(c) The court shall order the termination of the temporary management upon the recommendation of the Department or upon a showing that the conditions leading to imposition of the temporary management have been resolved.

(d) When a long-term care facility is returned to its owner, the court may impose conditions to assure compliance with applicable laws and regulations. (1993, c. 390, s. 1.)

§ 131E-244. Accounting lien for expenses.

(a) Within 30 days after termination of the temporary management, the temporary manager shall give the court a complete accounting of:

- (1) All property of which the temporary manager took possession;
- (2) All funds collected under this Article;
- (3) Expenses of the temporary management; and
- (4) All disbursements or transfers of facility funds or other assets made during the period of temporary management. On the same day the accounting is filed with the court, the temporary manager shall serve on the respondent by registered mail a copy of this accounting.

(b) If the operating funds collected during the temporary management exceed the reasonable expenses of the temporary management, the court shall order payment of the excess to the respondent, after reimbursement to the contingency fund. If the operating funds are insufficient to cover the reasonable expenses of the temporary management, the respondent shall be liable for the deficiency, except as described in this section. If the respondent demonstrates to the court that repayment of amounts spent from the contingency fund would significantly impair the provision of appropriate care or services to residents, the court may order repayment over a period of time with or without interest or may order that the respondent be required to repay only part or none of the amount spent from the contingency fund. In reaching this decision, the court may consider all assets, revenues, debts and other obligations of the long-term care facility, the likelihood of the sale of the long-term care facility where repayment forgiveness would result in unjust enrichment of the respondent, and shall consider the impact of its determination on the provision of care to residents. The respondent may petition the court to determine the reasonableness of any expenses of the temporary management. The respondent shall not be responsible for expenses in excess of amounts the court finds to be reasonable. Payment recovered from the respondent shall be used to reimburse the contingency fund for amounts used by the temporary manager.

(c) The court may order that the Department have a lien for any reasonable costs of the temporary management that are not covered by the operating funds collected by the temporary manager and for any funds paid out of the contingency fund during the temporary management upon any beneficial interest, direct or indirect, of any respondent in the following property:

- (1) The building in which the long-term care facility is located;
- (2) The land on which the long-term care facility is located;
- (3) Any fixtures, equipment, or goods used in the operation of the long-term care facility; or
- (4) The proceeds from any conveyance of property described in subdivisions (1), (2), and (3) of this subsection made by the respondent within one year prior to the filing of the petition for temporary management unless such transfers were made in good faith, in the ordinary course of business, and without intent to frustrate the intent of subsection (b) of this section. Transfers made coincidental with serious deficiencies in resident care may be considered evidence of intent to frustrate the intent of subsection (b) of this section.

(d) To the extent permitted by other provisions of applicable State or federal law, the lien provided for in this section is superior to any lien or other interest that arises subsequent to the filing of the petition for temporary management under this section, except for a construction or mechanic's lien arising out of work performed with the express consent of the temporary manager.

(e) The clerk of court in the county in which the long-term care facility is located shall record the filing of the petition for temporary management in the lien docket opposite the names of the respondents and licensees named in the petition.

(f) Within 60 days after termination of the temporary management, the temporary manager shall file a notice of any lien created under this section. If the lien is on real property, the notice shall be filed with the clerk of court in the county where the long-term care facility is located and entered on the lien docket. If the lien is on personal property, the lien shall be filed with the person against whom the lien is claimed, and shall state the name of the temporary manager, the date of the petition for temporary management, the date of the termination of temporary management, a description of the property involved, and the amount claimed. No lien shall exist under this section against any person, on any property, or for any amount not specified in the notice filed under this section. (1993, c. 390, s. 1.)

§ 131E-245. Obligations of licensee.

Nothing in this Article shall relieve any respondent, licensee, or administrator of a long-term care facility placed in temporary management of any civil or criminal liability, or any duty imposed by law, by reason of acts or omissions of the respondent, licensee, or administrator prior to the appointment of the temporary manager. Nothing in this Article shall suspend during the temporary management any obligation of the respondent, licensee, or administrator for payment of taxes, other operating and maintenance expenses of the long-term care facility, nor the respondent, licensee, or administrator or any other person for the payment of mortgages or liens. No owner, licensee, or administrator shall be held personally liable for acts or omissions of the temporary manager or the temporary manager's employees during the term of the temporary management. No licensee or administrator may be held responsible or liable for licensure fines, sanctions or penalties, or other administrative sanctions, arising or imposed as a result of acts or omissions occurring during the period of temporary management unless those sanctions result from acts or omissions by the licensee or administrator. (1993, c. 390, s. 1.)

§ 131E-246. Conflict of laws.

In the event of a conflict between federal laws or regulations and State law or rules, the federal laws or regulations shall control. (1993, c. 390, s. 1.)

The Department shall include in the nurse aide registry any findings by the Department of neglect of a resident in a nursing facility or abuse of a resident in a nursing facility or misappropriation of the property of a resident in a nursing facility by a nurse aide.

(b) A nurse aide who wishes to contest a finding of resident neglect, resident abuse, or misappropriation of resident property made against the aide, is entitled to an administrative hearing as provided by the Administrative Procedure Act, Chapter 150B of the General Statutes. A petition for a contested case shall be filed within 30 days of the mailing of the written notice by certified mail of the Department's intent to place findings against the aide in the nurse aide registry.

(d) The Commission shall adopt, amend, and repeal all rules necessary for the implementation of this section.

(e) No person shall be liable for providing any information for the nurse aide registry if the information is provided in good faith. Neither an employer, potential employer, nor the Department shall be liable for using any information from the nurse aide registry if the information is used in good faith for the purpose of screening prospective applicants for employment or reviewing the employment status of an employee. (1991, c. 185, s. 1; c. 761, s. 26; 1995 (Reg. Sess., 1996), c. 713, ss. 3(a), (b).)

§ 131E-256. Health Care Personnel Registry.

(a) The Department shall establish and maintain a health care personnel registry containing the names of all health care personnel working in health care facilities in North Carolina who have:

- (1) Been subject to findings by the Department of:

(a1) The Department shall include in the registry a brief statement of any individual disputing the finding entered against the individual in the health care personnel registry pursuant to subdivision (1) of subsection (a) of this section.

Direct access includes any health care facility unlicensed staff that during the course of employment has the opportunity for direct contact with an individual or an individual's property, when that individual is a resident or person to whom services are provided.

(d) Health care personnel who wish to contest findings under subdivision (a)(1) of this section are entitled to an administrative hearing as provided by the Administrative Procedure Act, Chapter 150B of the General Statutes. A petition for a contested case shall be filed within 30 days of the mailing of the written notice of the Department's intent to place its findings about the person in the Health Care Personnel Registry.

(d2) Before hiring health care personnel into a health care facility or service, every employer at a health care facility shall access the Health Care Personnel Registry and shall note each incident of access in the appropriate business files.

(e) The Department shall provide an employer at a health care facility or potential employer at a health care facility of any person listed on the Health Care Personnel Registry information concerning the nature of the finding or allegation and the status of the investigation.

(f) No person shall be liable for providing any information for the health care personnel registry if the information is provided in good faith. Neither an employer, potential employer, nor the Department shall be liable for using any information from the health care personnel registry if the information is used in good faith for the purpose of

screening prospective applicants for employment or reviewing the employment status of an employee.

(g) Health care facilities shall ensure that the Department is notified of all allegations against health care personnel, including injuries of unknown source, which appear to be related to any act listed in subdivision (a)(1) of this section. Facilities must have evidence that all alleged acts are investigated and must make every effort to protect residents from harm while the investigation is in progress. The results of all investigations must be reported to the Department within five working days of the initial notification to the Department.

(g1) Health care facilities defined in subsection (b) of this section are permitted to provide confidential or other identifying information to the Health Care Personnel Registry, including social security numbers, taxpayer identification numbers, parent's legal surname prior to marriage, and dates of birth, for verifying the identity of accused health care personnel. Confidential or other identifying information received by the Health Care Personnel Registry is not a public record under Chapter 132 of the General Statutes.

(h) The North Carolina Medical Care Commission shall adopt, amend, and repeal all rules necessary for the implementation of this section.

(i) In the case of a finding of neglect under subdivision (1) of subsection (a) of this section, the Department shall establish a procedure to permit health care personnel to petition the Department to have his or her name removed from the registry upon a determination that:

- (1a) The health care personnel's name was added to the registry for a single finding of neglect;
- (2) The neglect involved in the original finding was a singular occurrence; and
- (3) The petition for removal is submitted after the expiration of the one-year period which began on the date the petitioner's name was added to the registry under subdivision (1) of subsection (a) of this section.

(i1) Health care personnel who wish to contest a decision by the Department to deny a removal of a single finding of neglect from the Health Care Personnel Registry under subdivision (1a) of subsection (i) of this section are entitled to an administrative hearing under Chapter 150B of the General Statutes. A petition for a contested case hearing shall be filed within 30 days of the mailing of the written notice of the Department's denial of a removal of a finding of neglect.

(j) Removal of a finding of neglect from the registry under this section may occur only once with respect to any person. (1995 (Reg. (c) Unless otherwise provided, none of the provisions of Part 4, Article 5, Chapter 153A and Part 4, Article 7, Chapter 160A shall apply to public hospitals.

(d) If any provision of this Article is inconsistent with any provision of any other law, the provision of this Article shall be controlling.

§ 131E-257.2. Privacy of employee personnel records.

(a) Notwithstanding the provisions of G.S. 132-6 or any other general law or local act concerning access to public records, personnel files of employees and applicants for employment maintained by a public hospital are subject to inspection and may be disclosed only as provided by this section. For purposes of this section, an employee's personnel file consists of any information in any form gathered by the public hospital with respect to an employee and, by way of illustration but not limitation, relating to the employee's application, selection or nonselection, performance, promotions, demotions, transfers, suspensions and other disciplinary actions, evaluation forms, employment contracts, leave, salary, and termination of employment. As used in this section, "employee" includes both current and former employees of a public hospital.

(b) The following information with respect to each public hospital employee is a matter of public record:

- (1) Name.
- (2) Age.
- (3) Date of original employment.
- (4) Current position title.
- (5) Date of the most recent promotion, demotion, transfer, suspension, separation or other change in position classification.
- (6) The office to which the employee is currently assigned.

In addition, the following information with respect to each licensed medical provider employed by or having privileges to practice in a public hospital shall be a matter of public record: educational history and qualifications, date and jurisdiction or original and current licensure; and information relating to medical board certifications or other qualifications of medical specialists.

(b1) In addition, the following information for the last completed fiscal year, beginning with the fiscal year ending in 2008, of a public hospital with respect to each Covered Officer and the five key employees (who are not Covered Officers) with the highest annual compensation of a public hospital is a matter of public record:

- (1) Base salary.
- (2) Bonus compensation.
- (3) Plan-based incentive compensation.
- (4) Dollar value of all other compensation, which includes any perquisites and other personal benefits.

(b2) As used in this section:

- (1) "Covered Officer" means each of the following:
 - a. All individuals serving as the public hospital's chief executive officer or acting in a similar capacity at any time during the last completed fiscal year, regardless of compensation level.
 - b. The public hospital's four most highly compensated executive officers, determined by the aggregate amount reportable under subdivisions (1) through (4) of subsection (b1) of this section, other than the chief executive officer, who were serving as executive officers at the end of the last completed fiscal year.
 - c. Any individual for whom disclosure would have been provided pursuant to sub-subdivision b. of this subsection but for the fact that the

individual's service as an executive officer of the public hospital terminated during the last completed fiscal year.

- (2) "Executive officer" means each employee of the public hospital specifically appointed by the governing board of the public hospital to serve as an officer.
- (3) "Key employee" means any person having responsibilities, powers, or influence similar to those of an officer. The term includes the chief management and administrative officials of a public hospital.

(b3) The governing board of a public hospital shall determine in what form and by whom this information will be maintained. Any person may have access to this information for the purpose of inspection, examination, and copying, during regular business hours, subject only to such rules and regulations for the safekeeping of public records as the governing board of the public hospital may have adopted. Any person denied access to this information may apply to the appropriate division of the General Court of Justice for an order compelling disclosure, and the court shall have jurisdiction to issue such orders.

(c) All information contained in a public hospital employee's personnel file, other than the information made public by subsection (b) of this section, is confidential and shall be open to inspection only in the following instances:

- (1) The employee or the employee's duly authorized agent may examine all portions of the employee's personnel file, except letters of reference solicited prior to employment.
- (2) A licensed physician designated in writing by the employee may examine the employee's medical record.
- (3) A public hospital employee having supervisory authority over the employee may examine all material in the employee's personnel file.
- (4) By order of a court of competent jurisdiction, any person may examine such portion of an employee's personnel file as may be ordered by the court.
- (5) An official of an agency of the State or federal government, or any political subdivision of the State, may inspect any portion of a personnel file when the inspection is deemed by the person having custody of the file to be inspected to be necessary and essential to the pursuance of a proper function of the inspecting agency, but no information shall be divulged for the purpose of assisting in criminal prosecution of the employee, or for the purpose of assisting in an investigation of the employee's tax liability. However, the official having custody of the records may release the name, address, and telephone number from a personnel file for the purpose of assisting in a criminal investigation.
- (6) An employee may sign a written release, to be placed with the employee's personnel file, that permits the person with custody of the file to provide, either in person, by telephone, or by mail, information specified in the release to prospective employers, educational institutions, or other persons specified in the release.

(d) Even if considered part of an employee's personnel file, the following information need not be disclosed to an employee nor to any other person:

- (1) Testing or examination material used solely to determine individual qualifications for appointment, employment, or promotion in the public hospital's service, when disclosure would compromise the objectivity or the fairness of the testing or examination process.

- (2) Investigative reports or memoranda and other information concerning the investigation of possible criminal actions of an employee, until the investigation is completed and no criminal action taken, or until the criminal action is concluded.
- (3) Information that might identify an undercover law enforcement officer or a law enforcement informer.
- (4) Notes, preliminary drafts, and internal communications concerning an employee. In the event such materials are used for any official personnel decision, then the employee or his duly authorized agent shall have a right to inspect such materials.

(e) The governing board of a public hospital may permit access, subject to limitations they may impose, to selected personnel files by a professional representative of a training, research, or academic institution if that representative certifies that he or she will not release information identifying the employees whose files are opened and that the information will be used solely for statistical, research, or teaching purposes. This certification shall be retained by the public hospital as long as each personnel file so examined is retained.

(f) The governing board of a public hospital that maintains personnel files containing information other than the information mentioned in subsection (b) of this section shall establish procedures whereby an employee who objects to material in his or her file on grounds that it is inaccurate or misleading may seek to have the material removed from the file or may place in the file a statement relating to the material.

(g) A public hospital director, trustee, officer, or employee who knowingly, willfully, and with malice permits any person to have access to information contained in a personnel file, except as is permitted by this section, is guilty of a Class 3 misdemeanor; however, conviction under this subsection shall be punishable only by a fine not to exceed five hundred dollars (\$500.00).

(h) Any person not specifically authorized by this section to have access to a personnel file designated as confidential, who shall knowingly and willfully examine in its official filing place, or remove, or copy any portion of a confidential personnel file shall be guilty of a Class 3 misdemeanor; however, conviction under this subsection shall be punishable, in the discretion of the court, by a fine not to exceed five hundred dollars (\$500.00). (1997-517, s. 2; 2007-508, s. 5.5.)

§ 131E-265. Criminal history record checks required for certain applicants for employment.

(a) Requirement; Nursing Home or Home Care Agency. – An offer of employment by a nursing home licensed under this Chapter to an applicant to fill a position that does not require the applicant to have an occupational license is conditioned on consent to a criminal history record check of the applicant. If the applicant has been a resident of this State for less than five years, then the offer of employment is conditioned on consent to a State and national criminal history record check of the applicant. The national criminal

history record check shall include a check of the applicant's fingerprints. If the applicant has been a resident of this State for five years or more, then the offer is conditioned on consent to a State criminal history record check of the applicant. An offer of employment by a home care agency licensed under this Chapter to an applicant to fill a position that requires entering the patient's home is conditioned on consent to a criminal history record check of the applicant. In addition, employment status change of a current employee of a home care agency licensed under this Chapter from a position that does not require entering the patient's home to a position that requires entering the patient's home shall be conditioned on consent to a criminal history record check of that current employee. If the applicant for employment or if the current employee who is changing employment status has been a resident of this State for less than five years, then the offer of employment or change in employment status is conditioned on consent to a State and national criminal history record check. The national criminal history record check shall include a check of the applicant's or current employee's fingerprints. If the applicant or current employee has been a resident of this State for five years or more, then the offer is conditioned on consent to a State criminal history record check of the applicant or current employee applying for a change in employment status. A nursing home or a home care agency shall not employ an applicant who refuses to consent to a criminal history record check required by this section. In addition, a home care agency shall not change a current employee's employment status from a position that does not require entering the patient's home to a position that requires entering the patient's home who refuses to consent to a criminal history record check required by this section. Within five business days of making the conditional offer of employment, a nursing home or home care agency shall submit a request to the Department of Public Safety under G.S. 143B-939 to conduct a State or national criminal history record check required by this section, or shall submit a request to a private entity to conduct a State criminal history record check required by this section. Notwithstanding G.S. 143B-939, the Department of Public Safety shall return the results of national criminal history record checks for employment positions not covered by Public Law 105-277 to the Department of Health and Human Services, Criminal Records Check Unit. Within five business days of receipt of the national criminal history of the person, the Department of Health and Human Services, Criminal Records Check Unit, shall notify the nursing home or home care agency as to whether the information received may affect the employability of the applicant. In no case shall the results of the national criminal history record check be shared with the nursing home or home care agency. Nursing homes and home care agencies shall make available upon request verification that a criminal history check has been completed on any staff covered by this section. All criminal history information received by the home or agency is confidential and may not be disclosed, except to the applicant as provided in subsection (b) of this section.

(a1) Requirement; Contract Agency of Nursing Home or Home Care Agency. – An offer of employment by a contract agency of a nursing home or home care agency licensed under this Chapter to an applicant to fill a position that does not require the applicant to have an occupational license is conditioned upon consent to a criminal history record check of the applicant. If the applicant has been a resident of this State for less than five years,

then the offer of employment is conditioned on consent to a State and national criminal history record check of the applicant. The national criminal history record check shall include a check of the applicant's fingerprints. If the applicant has been a resident of this State for five years or more, then the offer is conditioned on consent to a State criminal history record check of the applicant. A contract agency of a nursing home or home care agency shall not employ an applicant who refuses to consent to a criminal history record check required by this section. Within five business days of making the conditional offer of employment, a contract agency of a nursing home or home care agency shall submit a request to the Department of Public Safety under G.S. 143B-939 to conduct a State or national criminal history record check required by this section, or shall submit a request to a private entity to conduct a State criminal history record check required by this section. Notwithstanding G.S. 143B-939, the Department of Public Safety shall return the results of national criminal history record checks for employment positions not covered by Public Law 105-277 to the Department of Health and Human Services, Criminal Records Check Unit. Within five business days of receipt of the national criminal history of the person, the Department of Health and Human Services, Criminal Records Check Unit, shall notify the contract agency of the nursing home or home care agency as to whether the information received may affect the employability of the applicant. In no case shall the results of the national criminal history record check be shared with the contract agency of the nursing home or home care agency. Contract agencies of nursing homes and home care agencies shall make available upon request verification that a criminal history check has been completed on any staff covered by this section. All criminal history information received by the contract agency is confidential and may not be disclosed, except to the applicant as provided by subsection (b) of this section.

(b) Action. – If an applicant's criminal history record check reveals one or more convictions of a relevant offense, the nursing home or home care agency, or the contract agency of a nursing home or home care agency, shall consider all of the following factors in determining whether to hire the applicant:

- (1) The level and seriousness of the crime.
- (2) The date of the crime.
- (3) The age of the person at the time of the conviction.
- (4) The circumstances surrounding the commission of the crime, if known.
- (5) The nexus between the criminal conduct of the person and the job duties of the position to be filled.
- (6) The prison, jail, probation, parole, rehabilitation, and employment records of the person since the date the crime was committed.
- (7) The subsequent commission by the person of a relevant offense.

The fact of conviction of a relevant offense alone shall not be a bar to employment; however, the listed factors shall be considered by the nursing home or home care agency, or the contract agency of the nursing home or home care agency. If a nursing home, home care agency, or contract agency of a nursing home or home care agency disqualifies an applicant after consideration of the relevant factors, then the nursing home, home care agency, or contract agency may disclose information contained in the criminal history

record check that is relevant to the disqualification, but may not provide a copy of the criminal history record check to the applicant.

(c) Limited Immunity. – An entity and an officer or employee of an entity that, in good faith, complies with this section is not liable for the failure of the entity to employ an individual on the basis of information provided in the criminal history record check of the individual.

(d) Relevant Offense. – As used in this section, the term "relevant offense" has the same meaning as in G.S. 131D-40.

(e) Penalty for Furnishing False Information. – Any applicant for employment who willfully furnishes, supplies, or otherwise gives false information on an employment application that is the basis for a criminal history record check under this section shall be guilty of a Class A1 misdemeanor.

(f) Conditional Employment. – A nursing home or home care agency may employ an applicant conditionally prior to obtaining the results of a criminal history record check regarding the applicant if both of the following requirements are met:

- (1) The nursing home or home care agency shall not employ an applicant prior to obtaining the applicant's consent for a criminal history record check as required in subsection (a) of this section or the completed fingerprint cards as required in G.S. 143B-939.
- (2) The nursing home or home care agency shall submit the request for a criminal history record check not later than five business days after the individual begins conditional employment.

(g) Immunity From Liability. – An entity and officers and employees of an entity shall be immune from civil liability for failure to check an employee's history of criminal offenses if the employee's criminal history record check is requested and received in compliance with this section.

(h) For purposes of this section, the term "private entity" means a business regularly engaged in conducting criminal history record checks utilizing public records obtained from a State agency.
