WILLIAM FRIDAY INSTITUTE FOR HIGHER EDUCATION LEADERSHIP

SECTION 6.28.(a) The General Assembly makes the following findings:

- (1) There is a serious and continuing need for systematic education and training and education within The University of North Carolina to prepare men and women to perform effectively in progressively responsible positions of administrative leadership in colleges and universities in North Carolina and the nation.
- (2) The Board of Governors of The University of North Carolina (UNC) and the staff in the Office of the President are in agreement that The University of North Carolina must provide a mechanism by which talented faculty and staff within the UNC system can move into administrative positions.
- (3) A significant component of increasing the strength of The University of North Carolina is increasing the administrative acumen of its faculty, department chairs, deans, and other administrators to prepare them for leadership positions.
- (4) Historically, academic administrators moved into their positions directly from the faculty, but the complexities of leadership make such changes nearly impossible today.

- (5) Business and industry focus on succession planning, climate surveys, and leadership development, but universities have been slower to respond to the need to develop talent within the organization.
- (6) Some universities have developed leadership programs, and the best of these programs nationally are those that are responsive to the culture of the institution or system.
- (7) Establishing an institute for higher education leadership development will help change the current pattern within the UNC system by providing ongoing professional development for faculty and administrators on UNC campuses.
- (8) Faculty and administrators will have opportunities to learn "best practices" from their colleagues as well as from national experts in key areas, and models will be provided that can be transferred back to the campuses.
- (9) Administrative internships on campuses and at the Office of the President will provide aspiring administrators opportunities to experience new environments and to learn leadership skills through observation and participation.
- (10) It is critical that The University of North Carolina provide opportunities for faculty within the system to advance professionally without having to leave North Carolina.

SECTION 6.28 (b) The Board of Governors of The University of North Carolina shall establish the William Friday Institute for Higher Education Leadership (the "Institute"). The Board of Governors of The University of North Carolina shall also establish an advisory board for the Institute.

SECTION 6.28.(c) The purpose of the Institute is to enable students, faculty, and administrators on the campuses of The University of North Carolina to explore and validate their interest in and fitness for careers in academic administration and to gain skills, insight, information, contacts, and experience through ongoing professional leadership development programs.

"§ 108A-58. Transfer of property for purposes of qualifying for medical assistance; periods of ineligibility.

(a) Any person, otherwise eligible, who, either while receiving medical assistance benefits or within the time period mandated by controlling federal law, sells, gives, assigns or transfers countable real or personal property or an interest in real or personal property for the purpose of retaining or establishing eligibility for medical assistance benefits, shall be ineligible to receive medical assistance benefits as set forth in section 1917(c) of the Social Security Act. Countable real and personal property includes real property, excluding a homesite, unless other applicable federal or State law requires the homesite to be counted for transfer of property purposes, intangible personal property, nonessential motor and recreational vehicles, nonincome producing business equipment, boats and motors. The provisions of this act shall not apply to the sale, gift, assignment or transfer of real or personal property if and to the extent that the person applying for medical assistance would have been eligible for such assistance notwithstanding ownership of such property or an interest therein.

(b) Any sale, gift, assignment or transfer of real or personal property or an interest in real or personal property, as provided in subsection (a) of this section, shall be presumed to have been made for the purpose of retaining or establishing eligibility for medical assistance benefits unless the person, or the person's legal representative, who sells, gives, assigns or transfers the property or interest, receives valuable

consideration at least equal to the fair market value, less encumbrances, of the property or interest.

(c) Any person who sells, gives, assigns or transfers real or personal property or an interest in real or personal property for the purpose of retaining or establishing eligibility for medical assistance benefits, as provided in subsection (a) of this section, shall, after the time of transfer, be ineligible to receive these benefits until an amount equal to the uncompensated value of the property or interest has been expended by or on behalf of the person for the person's maintenance and support, including medical expenses, paid or incurred, or shall be ineligible based on the period of time required under section 1917(c) of the Social Security Act.

(d) The sale, gift, assignment or transfer for a consideration less than fair market value, less encumbrances, of any tangible personal property which was acquired with the proceeds of sale, assignment or transfer of real or intangible personal property described in subsection (a) of this section or in exchange for such real or intangible personal property shall be presumed to have been for the purpose of evading the provisions of this section if the acquisition and sale, gift, assignment or transfer of the tangible personal property is by or on behalf of a person receiving medical assistance or within the time period mandated by controlling federal law and the consequences of the sale, gift, assignment or transfer of such tangible personal property shall be determined under the provisions of subsections (c) and (f) of this section.

(e) The presumptions created by subsections (b) and (d) may be overcome if the person receiving or applying for medical assistance, or the person's legal representative, establishes by the greater weight of the evidence that the sale, gift, assignment or transfer was exclusively for some purpose other than retaining or establishing eligibility for medical assistance benefits.

(f) For the purpose of establishing uncompensated value under subsection (c), the value of property or an interest therein shall be the fair market value of the property or interest at the time of the sale, gift, assignment or transfer, less the amount of compensation, if any, received for the property or interest. There shall be a rebuttable presumption that the fair market value of real property is the most recent property tax value of the property, as ascertained according to Subchapter II of Chapter 105 of the General Statutes. Fair market value for purpose of this subsection shall be such value, determined as above set out, less any legally enforceable encumbrances to which the property is subject.

SECTION 15.1. The Office of State Budget and Management, in consultation with the Department of Justice, shall study the cost of the DCI-PIN system, which allows State and local law enforcement agencies to access criminal information from desktop terminals and mobile data laptops installed in vehicles. The study shall include an assessment of the Division's operational, personnel, and overhead costs related to the DCI-PIN system on a per-unit cost basis. The study shall also include a survey of the funding sources used by other states for their DCI-PIN systems. The Office of State Budget and Management shall report its findings and recommendations to the Chairs of the Senate and House of Representatives Appropriations Committees, the Chairs of the Senate and House of Representatives Appropriations Subcommittees on Justice and Public Safety, and the Fiscal Research Division on or before March 1, 2005.

REDUCE BACKLOG OF RAPE KITS/ADMISSIBILITY OF FORENSIC EVIDENCE

SECTION 15.2.(a) Of the funds appropriated to the Department of Justice in this act, the sum of two hundred fifty thousand dollars (\$250,000) shall be used to contract with private entities to reduce the backlog of rape kits in storage in local law enforcement agencies as of July 1, 2004. The Department shall contract with private entities to analyze bodily fluids, DNA evidence, as "DNA" is defined in G.S. 15A-266.2, or both, from rape kits that are evidence in cases in which a suspect has not been identified. In addition to the funds appropriated, the Department shall maximize the use of federal grant funds to expedite the elimination of the backlog.

SECTION 15.2.(b) The Department of Justice shall report, on or before May 1, 2005, to the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety on the number of rape kits analyzed by private entities and how many of those analyses resulted in arrests or convictions.

SECTION 15.2.(c) Chapter 8 of the General Statutes is amended by adding a new Article to read:

"Article 7C.

"Admissibility of Forensic Evidence.

"§ 8-58.20. Forensic analysis admissible as evidence.

(a) In any criminal prosecution, a laboratory report of a written forensic analysis, including an analysis of the defendant's DNA, or a forensic sample alleged to be the defendant's DNA, as that term is defined in G.S. 15A-266.2(2), that states the results of the analysis and that is signed and sworn to by the person performing the analysis may be admissible in evidence without the testimony of the analyst who prepared the report in accordance with the requirements of this section.

(b) A forensic analysis, to be admissible under this section, shall be performed in accordance with rules or procedures adopted by the State Bureau of Investigation, or by another laboratory certified by the American Society of Crime Laboratory Directors (ASCLD), for the submission, identification, analysis, and storage of forensic analyses. The analyses of DNA samples and typing results of DNA samples shall be performed in accordance with the rules or procedures of the State Bureau of Investigation or other ASCLD-certified laboratory.

(c) The analyst who analyzes the forensic sample and signs the report shall complete an affidavit on a form developed by the State Bureau of Investigation. In the affidavit, the analyst shall state (i) that the person is qualified by education, training, and experience to perform the analysis, (ii) the name and location of the laboratory where the analysis was performed, and (iii) that performing the analysis is part of that person's regular duties. The analyst shall also aver in the affidavit that the tests were performed pursuant to the ASCLD standards for that discipline and that the evidence was handled in accordance with established and accepted procedures while in the custody of the laboratory. The affidavit shall be sufficient to constitute prima facie evidence regarding the person's qualifications. The analyst shall attach the affidavit to the laboratory report and shall provide the affidavit to the investigating officer and the district attorney in the prosecutorial district in which the criminal charges are pending. An affidavit by a forensic analyst sworn to and properly executed before an official authorized to administer oaths is admissible in evidence without further authentication in any criminal proceeding with respect to the forensic analysis administered and the procedures followed.

(d) The district attorney shall serve a copy of the laboratory report and affidavit on the attorney of record for the defendant, or on the defendant if that person has no attorney, no later than five business days after receiving the report and affidavit, or 30 business days before any proceeding in which the report may be used against the defendant, whichever occurs first.

(e) Upon receipt of a copy of the laboratory report and affidavit, the attorney of record for the defendant or the defendant if that person has no attorney, shall have 15 business days to file a written objection to the use of the laboratory report and affidavit at any proceeding against the defendant. The written objection shall be filed with the court in which the matter is pending with a copy provided to the district attorney.

(f) If the defendant's attorney of record, or the defendant if that person has no attorney, fails to file a written objection with the court to the use of the laboratory report and affidavit within the time allowed by this section, then the laboratory report and affidavit may be admitted in evidence in any proceeding without the testimony of the analyst subject to the presiding judge ruling otherwise at the proceeding when offered. If, however, a written objection is filed, this section does not apply and the admissibility of the evidence shall be determined and governed by the appropriate rules of evidence."

SECTION 15.2.(d) It is the intent of the General Assembly that the Department of Justice hire only non-sworn personnel to fill vacant positions in the State Bureau of Investigation laboratory for which the regular duties do not include serving warrants, responding to crimes prior to the crime scene being secured by other law enforcement officers, or entering hazardous situations that may require the use of force, unless there is a compelling reason to employ sworn agents in these positions. No less than 30 days prior to filling those positions with sworn agents, the Department shall consult with the Joint Legislative Commission on Governmental Operations and report to the Chairs of the Senate and House of Representatives Appropriations Committees and Appropriations Subcommittees on Justice and Public Safety. Nothing in this subsection shall prevent the Department from promoting sworn personnel who were hired prior to July 1, 2004, into such positions.

SECTION 15.2.(e) Subsection (c) of this section becomes effective December 1, 2004, and applies to offenses committed on or after that date. The remainder of this section becomes effective July 1, 2004.

- (1) The sum of \$1,791,936 is transferred to a Reserve Fund to meet the Maintenance of Effort requirements of section 254(a)(7) of the Help America Vote Act, Public Law 107-252.
- (2) The sum of \$1,665,650 currently appropriated to Fund 1100 Administration for the SEIMS RCC is transferred to a Reserve Fund for the State Board of Elections.
- (3) The sum of \$1,922,215 is transferred in the 2003-2004 fiscal year and the sum of \$1,521,918 is transferred in the 2004-2005 fiscal year to the Election Fund established by S.L. 2003-12 to meet the five percent (5%) matching requirement of Title II Help America Vote Act, Public Law 107-252 for the 2003-2005 fiscal biennium. Of that amount, ~~\$1,188,760~~ ~~\$1,232,508~~ shall be available for expenditure in the 2003-2004 fiscal year, and the remaining ~~\$733,455~~ ~~\$2,211,625~~ shall be available for expenditure only during the 2004-2005 fiscal year. The money shall only be expended as federal funds are available to match, and if the amount available to the State is less than projected, the unexpended remainder of the \$1,922,215 for the 2003-2004 fiscal year and \$1,521,918 for the 2004-2005 fiscal year shall revert to the General Fund on the earlier of:
 - a. June 30, 2006; or
 - b. A determination by the Office of State Budget and Management that the unexpended remainder will not be needed.

"SECTION 25.1.(b) The 107th Congress established the Help America Vote Act (HAVA) as Public Law 107-252 establishing a program to assist in the administration of federal elections and provide assistance with the administration of certain federal

elections laws and programs; establish minimum election administration standards for states and units of local government with the responsibility for the administration of federal elections. In HAVA, Congress authorized appropriations for elections assistance in the form of a matching grant program (Title II of HAVA, Requirements Payments) for which states are required as one condition of the Election Assistance Requirements Payments to match federal allocations with a five percent (5%) match of State dollars. The federal government has additional requirements, including a required state plan and a stipulation for each participating state to implement the Maintenance of Effort (MOE) requirements of Title II, section 254(a)(7) of HAVA. The MOE requires that the state maintain the expenditures of the state for activities funded by the payment at a level that is not less than the level of such expenditures maintained by the state for the fiscal year ending prior to November 2000. Congress authorized up to \$1.4 billion for Requirements Payments, and \$810 million for Title II requirements grants was funded for fiscal year 2003. ~~Title II requirements funding has not been passed by Congress for fiscal years 2004 2005 and 2005 2006 but is currently proposed at \$500 million for each year.~~

Based upon the 2003 and 2004 approved funding, it is estimated that North Carolina will receive ~~\$22.6 million~~ \$23,431,708 of the Title II funding if North Carolina meets all the conditions of the Election Assistance program, including not only the five percent (5%) state match but also maintenance of its expenditure level on HAVA activities at the expense level the State Board of Elections had in State fiscal year 1999-2000. Actual expenditures for the State Elections Information Management System (SEIMS), which is a qualified HAVA activity, in 1999-2000 were three million four hundred fifty-seven thousand five hundred eighty-five dollars and six cents (\$3,457,585.06). The authorized expenditures on SEIMS in 2002-2003 by the State Board of Elections is one million six hundred sixty-five thousand six hundred fifty dollars (\$1,665,650). The difference in expenditure levels is one million seven hundred ninety-one thousand nine hundred thirty-five dollars and six cents (\$1,791,935.06). To meet HAVA's Title II MOE requirement, North Carolina has to appropriate from its General Fund to a Reserve on a recurring basis (or for as long as Congress requires the MOE as a condition of states' being eligible to receive Requirements Payments), the amount of three million four hundred fifty-seven thousand five hundred eighty-five dollars and six cents (\$3,457,585.06) annually.

For the State to meet its obligatory five percent (5%) match for HAVA's Title II Requirements Payments, North Carolina has to match ~~twenty-two million six hundred thousand dollars (\$22,600,000)~~ twenty-three million four hundred thirty-one thousand seven hundred eight dollars (\$23,431,708) estimated federal funds in 2003-2004; ~~thirteen million nine hundred forty-four thousand dollars (\$13,944,000)~~ forty-two million forty-six thousand one hundred dollars (\$42,046,100) estimated federal funds in 2004-2005. The State's match is ~~one million one hundred eighty-eight thousand seven hundred sixty dollars (\$1,188,760)~~ in 2003-2004 and ~~seven hundred thirty-three thousand four hundred fifty-five dollars (\$733,455)~~ in 2004-2005; one million two hundred thirty-two thousand five hundred eight dollars (\$1,232,508) in 2003-2004 and two million two hundred eleven thousand six hundred twenty-five dollars (\$2,211,625) in 2004-2005. The nonrecurring match total required for the 2003-2005 fiscal biennium from the General Fund is one million nine hundred twenty-two thousand two hundred fifteen dollars (\$1,922,215)."

The Department shall deny any request for payment or reimbursement of the cost of any task for which preapproval is required if the owner, operator, or landowner failed to obtain preapproval of the task. The Department shall pay or reimburse the cost of a task ~~for which preapproval is not required~~ only if the cost is eligible to be paid under G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1) and if the Department determines that the cost is reasonable and necessary. The Commission shall may adopt rules governing reimbursement of necessary and reasonable and necessary costs and, consistent with any rules adopted by the Commission, the Department shall develop, implement, and periodically revise a schedule of costs that the Department determines to be reasonable and necessary costs for specific tasks.

Statements that specify tasks for which preapproval is required and schedules of reasonable and necessary costs for specific tasks are statements within the meaning of G.S. 150B-2(8a)g. In all cases, the Department shall require an owner, operator, or landowner to submit documentation sufficient to establish that a cost is eligible to be paid or reimbursed under this Part before the Department pays or reimburses the cost.

- (2) Except as provided in subdivisions (3) and (4) of this subsection, the Department shall not preapprove any task the cost of which is to be paid or reimbursed from the Commercial Fund unless the Department determines, based on the scope of the work to be performed and the schedule of reasonable and necessary costs, that sufficient funds will be available in the Commercial Fund to pay a claim for payment or reimbursement of the cost of that task within 90 days after the Department determines that the owner, operator, or landowner has submitted a claim with documentation sufficient to establish that the owner, operator, or landowner is eligible to have the claim paid under this Part. Except as provided in subdivisions (3) and (4) of this subsection, the Department shall not preapprove any task the cost of which is to be paid or reimbursed from the Noncommercial Fund unless the Department determines, based on the scope of the work to be performed and the schedule of reasonable and necessary costs, that sufficient funds will be available in the Noncommercial Fund to pay a claim for payment or reimbursement of the cost of that task within 90 days after the Department determines that the owner, operator, or landowner has submitted a claim with documentation sufficient to establish that the owner, operator, or landowner is eligible to have the claim paid under this Part. This subsection shall not be construed to establish a cause of action against the Commission or the Department for any failure to pay or reimburse any cost within any specific period of time. This subsection shall not be construed to establish a defense to any action to enforce the requirements of either G.S. 143-215.84 or subsection (a) of this section. This subsection shall not be construed to invalidate any rule of the Commission related to preapproval of tasks that will result in a cost that is eligible to be paid or reimbursed under G.S. 143-215.94B(b), 143-215.94B(b1), or 143-215.94D(b1), provided, however, that the Department may specify additional tasks for which preapproval is required as provided in this subsection.
- (3) The Department may preapprove a task the cost of which is to be paid or reimbursed from the Commercial Fund or the Noncommercial Fund when sufficient funds will not be available to pay a claim for payment or reimbursement of the cost of that task within the 90-day period described in subdivision (2) of this subsection if the owner, operator, or landowner specifically requests that the task be preapproved and agrees that the claim for payment or reimbursement of the cost will not be paid until after the Department has paid all claims for payment or reimbursement of costs for tasks that the Department has preapproved pursuant to subdivision (2) of this subsection.
- (4) The Department may preapprove a task the cost of which is to be paid or reimbursed from the Commercial Fund or the Noncommercial Fund when sufficient funds will not be available to pay a claim for payment or reimbursement of the cost of that task within the 90-day period described in subdivision (2) of this subsection if the discharge or release creates an emergency situation. An emergency situation exists when a discharge or release of petroleum results in an imminent threat

to human health or the environment. A claim for payment or reimbursement of costs for tasks that are preapproved under this subdivision shall be paid or reimbursed on the same basis as tasks that are preapproved under subdivision (2) of this subsection."

SECTION 30.10.(e) Section 10 of S.L. 2003-352 reads as rewritten:

"SECTION 10. The definitions set out in G.S. 143-212 and G.S. 143-215.94A apply to this section. The rights and obligations of an owner, an operator, or a landowner to whom either G.S. 143-215.94E(b1) ~~applies~~ or G.S. 143-215.94E(c1) apply who is eligible to have costs paid or reimbursed under G.S. 143-215.94B or G.S. 143-215.94D shall be governed by G.S. 143-215.94E as modified by this section. The Department shall establish the degree of risk to human health and the environment posed by a discharge or release of petroleum from a commercial underground storage tank and shall determine a schedule for further assessment and cleanup that is based on the degree of risk to human health and the environment posed by the discharge or release. ~~release and that gives priority to the assessment and cleanup of discharges and releases that pose the greatest risk.~~ If any of the costs of assessment and cleanup of the discharge or release from a commercial underground storage tank are eligible to be paid from the Commercial Fund, the Department shall also consider the availability of funds in the Commercial Fund and the order in which the discharge or release was reported in determining the schedule. The Department shall establish the degree of risk to human health and the environment posed by a discharge or release of petroleum from a noncommercial underground storage tank and shall determine a schedule for further assessment and cleanup that is based on the degree of risk to human health and the environment posed by the discharge or release and that gives priority to the assessment and cleanup of discharges and releases that pose the greatest risk. If any of the costs of assessment or cleanup of the discharge or release from a noncommercial underground storage tank are eligible to be paid from the Noncommercial Fund, the Department shall also consider the availability of funds in the Noncommercial Fund and the order in which the discharge or release was reported in determining the schedule. The Department may revise the ~~schedule that applies~~ schedules that apply to the assessment and cleanup of any discharge or release at any time based on its reassessment of any of the foregoing factors. The lack of availability of funds in the Commercial Fund or the Noncommercial Fund shall not relieve an owner or operator of responsibility to immediately undertake to collect and remove the discharge or release or to conduct any assessment or cleanup ordered by the Department or be a defense against any violations and penalties issued to the owner or operator for failure to conduct required assessment or cleanup. If the owner or operator takes initial steps to collect and remove the discharge or release as required by the Department and completes initial assessment required to determine degree of risk, the owner or operator shall not be subject to any violation or penalty for any failure to proceed with further assessment or cleanup under G.S. 143-215.84 or G.S. 143-215.94E before the owner or operator is authorized to proceed with further assessment or cleanup pursuant to the schedule set by the Department. Once the Department has determined a schedule for the assessment and cleanup of a discharge or release from a commercial underground storage tank or a noncommercial underground storage tank, an owner, operator, or other person responsible for the assessment and cleanup is not eligible to have the costs of the assessment or cleanup paid or reimbursed from the Commercial Fund or the Noncommercial Fund until such time as further assessment or cleanup is authorized by the Department pursuant to the schedule. An owner, operator, or other person may undertake further assessment or cleanup before receiving authorization from the Department. An owner, operator, or other person who undertakes further assessment or cleanup before receiving authorization from the Department shall be reimbursed only after the Department has paid or reimbursed the costs for all assessments and cleanups that the Department has authorized."

SECTION 30.10.(f) The Environmental Review Commission and the Joint Legislative Transportation Oversight Committee shall jointly study the desirability and feasibility of altering or eliminating the role of the State of North Carolina and the Department of Environment and Natural Resources in the implementation of Part 2A of Article 21A of Chapter 143 of the General Statutes. In conducting this study, the Commission shall consider:

- (1) The requirements of applicable federal law.
- (2) What role the State should play in assisting owners and operators of underground storage tanks in meeting applicable financial responsibility requirements and the availability and adequacy of private insurance for that purpose.
- (3) The adequacy of current and projected revenue available to the Commercial Leaking Petroleum Underground Storage Tank Cleanup Fund and the Noncommercial Leaking Petroleum Underground Storage Tank Cleanup Fund under existing law to achieve the purposes for which those funds were established.
- (4) The desirability and feasibility of privatizing the administration of Part 2A of Article 21A of Chapter 143 of the General Statutes by transferring control and direction of the Commercial Fund and the Noncommercial Fund to a private entity or, in the alternative, of abolishing or narrowing the purposes for which those funds are used.
- (5) What role the State should play in the cleanup of discharges and releases from petroleum underground storage tanks when no owner or operator can be identified or located or when the owner or operator fails to proceed with assessment or cleanup due to insolvency, inadequate resources, or other reasons.
- (6) The extent to which current regulatory oversight and inspection of underground storage tanks, including enforcement, under Part 2B of Article 21A of Chapter 143 of the General Statutes is adequate and effective in preventing discharges and releases of petroleum from underground storage tanks.
- (7) The impact of privatization and of any other options identified during the course of the study on the solvency of the Commercial Fund and the Noncommercial Fund.
- (8) The impact of privatization and of any other options identified during the course of the study, including abolishing the Commercial Fund or the Noncommercial Fund or narrowing the purposes for which those funds are used, on the cleanup of discharges and releases of petroleum to standards established by federal or State law, the long-term public health and safety, and protection of the environment.
