A BILL TO BE ENTITLED

AN ACT TO RAISE THE CAP ON THE NUMBER OF CHARTER SCHOOLS AND TO IMPLEMENT RECOMMENDATIONS OF THE BLUE RIBBON COMMISSION ON CHARTER SCHOOLS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-238.29D(b) reads as rewritten:

"(b) The State Board shall authorize no more than five charter schools per year in one local school administrative unit. The State Board shall authorize no more than ~~100~~106 charter schools statewide. If more than five charter schools in one local school administrative unit or more than ~~100~~106 schools statewide meet the standards for final approval, the State Board shall give priority to applications that are most likely to further State education policies and to strengthen the educational program offered in the local school administrative units in which they are located. The State Board shall also give priority to applications for schools that will be located within local school administrative units that have no charter schools."

SECTION 2. G.S. 115C-238.29C is amended by adding a new subsection to read:

"(a1) The chartering entity shall continuously evaluate its process for reviewing applications in an effort to identify the characteristics of charter school founding members, boards, and academic programs that are predictive of later success of charter schools."

SECTION 3. G.S. 115C-238.29G reads as rewritten:

§ 115C-238.29G. Causes for nonrenewal or termination; disputes.

(a) The State Board of Education, or a chartering entity subject to the approval of the State Board of Education, may terminate or not renew a charter upon any of the following grounds:

- (1) Failure to meet the requirements for student performance contained in the charter;
- (1a) Failure to meet the standards for academic growth and academic performance developed by the State Board of Education in accordance with subsection (a1) of this section;
- (2) Failure to meet generally accepted standards of fiscal management;
- (3) Violations of law;
- (4) Material violation of any of the conditions, standards, or procedures set forth in the charter;
- (5) Two-thirds of the faculty and instructional support personnel at the school request that the charter be terminated or not renewed; or

1 (6) Other good cause identified.

2 (a1) The State Board of Education shall develop a diagnostic process of oversight to
3 enable a timely response to inadequate performance by a school. Under this process, a school
4 that demonstrates low growth in student performance and low student performance shall be
5 reviewed and the results of the review shall determine subsequent action relative to the school.
6 By the end of the second year of operation, the minimum standard for academic growth for a
7 charter school shall be a year's growth in individual student performance in a school year.

8 If the State Board of Education finds that a charter school has failed to meet its projected
9 levels of improvement in student performance or had low levels of student performance for two
10 consecutive years, the State Board may terminate or fail to renew that charter at the end of the
11 school year in which that finding is made.
