   c. Compute the percentage that the county-adjusted property tax base per square mile is of the State-adjusted property tax base per square mile and weight the resulting percentage by a factor of one-tenth,
   d. Add the three weighted percentages to derive the county wealth as a percentage of the State average wealth.

(9) "Effective county tax rate" means the actual county tax rate multiplied by a weighted average of the three most recent annual sales assessment ratio studies.

If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.6.(d) Eligibility for Funds. – Except as provided in subsection (h) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.6.(e) Allocation of Funds. – Except as provided in subsection (g) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county wealth as a percentage of State average wealth by the State average current expense appropriations per student.) The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units. SECTION 7.6.(f) Formula for Distribution of Supplemental Funding Pursuant to This Section Only. – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.
SECTION 7.6.(g) Minimum Effort Required. – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only. This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws. If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 7.6.(h) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2009-2011 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

1. The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
2. The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

SECTION 7.6.(i) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2010, if it determines that counties have supplanted funds.

SECTION 7.6.(j) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

8 (3) Provide additional program enhancement teachers adequate to offer the standard course of study.

10 (4) Change the duty-free period allocation to one teacher assistant per 400 average daily membership.

12 (5) Provide a base for the consolidated funds allotment of at least seven hundred forty thousand seven hundred and forty dollars ($740,074), excluding textbooks for the 2009-2010 fiscal year and a base of seven hundred forty thousand seventy-four dollars ($740,074) for the 2010-2011 fiscal year.

16 (6) Allot vocational education funds for grade 6 as well as for grades 7-12. If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fully fund the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county administrative units.

SECTION 7.7.(b) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2009-2011 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

1 The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and

2 The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section. The State Board of Education shall adopt rules to implement this section.

SECTION 7.7.(c) Phase-Out Provisions. – If a local school administrative unit becomes ineligible for funding under this formula because of (i) an increase in the population of the county in which the local school administrative unit is located or (ii) an increase in the county-adjusted property tax base per student of the county in which the local school administrative unit is located, funding for that unit shall be continued for five years after the unit becomes ineligible.

SECTION 7.7.(d) Definitions. – As used in this section:

1 "Average daily membership" means within two percent (2%) of the average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual adopted by the State Board of Education.
"County-adjusted property tax base per student" means the total assessed property valuation for each county, adjusted using a weighted average of the three most recent annual sales assessment ratio studies, divided by the total number of students in average daily membership who reside within the county.

"Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.

"Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).

"State-adjusted property tax base per student" means the sum of all county-adjusted property tax bases divided by the total number of students in average daily membership who reside within the State.

"Supplant" means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.

"Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued during the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.7.(e) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2010, if it determines that counties have supplanted funds.

SECTION 7.7.(f) Use of Funds. – Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose, and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of each local school administrative unit and its schools such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

DISADVANTAGED STUDENT SUPPLEMENTAL FUNDING

SECTION 7.8.(a) Funds are appropriated in this act to address the capacity needs of local school administrative units to meet the needs of disadvantaged students. Each local school administrative unit shall use funds allocated to it for disadvantaged student supplemental funding to implement a plan jointly developed by the unit and the LEA Assistance Program team. The plan shall be based upon the needs of students in the unit not achieving grade level proficiency. The plan shall detail how these funds shall be used in conjunction with all other supplemental funding allotments such as Low-Wealth, Small County, At-Risk Student Services/Alternative Schools, and Improving Student Accountability, to provide instructional and other services that meet the educational needs of these students. Prior to the allotment of
disadvantaged student supplemental funds, the plan shall be approved by the State Board of Education.

Funds received for disadvantaged student supplemental funding shall be used, consistent with the policies and procedures adopted by the State Board of Education only to:

1. Provide instructional positions or instructional support position and/or professional development;
2. Provide intensive in-school and/or after-school remediation;
3. Purchase diagnostic software and progress monitoring tools; and
4. Provide funds for teacher bonuses and supplements. The State Board of Education shall set a maximum percentage of the funds that may be used for this purpose.

The State Board of Education may require districts receiving funding under the Disadvantaged Student Supplemental Fund to purchase the Education Value Added Assessment System in order to provide in-depth analysis of student performance and help identify strategies for improving student achievement. This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.

**SECTION 7.8.(b)** Funds appropriated to a local school administrative unit for disadvantaged student supplemental funding shall be allotted based on: (i) the local school administrative unit’s eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

1. For counties with wealth greater than ninety percent (90%) of the statewide average, a ratio of 19:9;
2. For counties with wealth not less than eighty percent (80%) and not greater than ninety percent (90%) of the statewide average, a ratio of 1:19.4;
3. For counties with wealth less than eighty percent (80%) of the statewide average, a ratio of 1:19.1; and
4. For LEAs receiving DSSF funds in 2005-2006, a ratio of 1:16. These LEAs shall receive no less than the DSSF amount allotted in 2006-2007.

For the purpose of this subsection, wealth shall be calculated under the low-wealth supplemental formula.

**STUDENTS WITH LIMITED ENGLISH PROFICIENCY**

**SECTION 7.9.(a)** The State Board of Education shall develop guidelines for identifying and providing services to students with limited proficiency in the English language.

The State Board shall allocate these funds to local school administrative units and to charter schools under a formula that takes into account the average percentage of students in the units or the charters over the past three years who have limited English proficiency. The State Board shall allocate funds to a unit or a charter school only if (i) average daily membership of the unit or the charter school includes at least 20 students with limited English proficiency or (ii) students with limited English proficiency comprise at least two and one-half percent (2.5%) of the average daily membership of the unit or charter school. For the portion of the funds that is allocated on the basis of the number of identified students, the maximum number of identified students for whom a unit or charter school receives funds shall not exceed ten and six-tenths percent (10.6%) of its average daily membership.

Local school administrative units shall use funds allocated to them to pay for classroom teachers, teacher assistants, tutors, textbooks, classroom materials/instructional supplies/equipment, transportation costs, and staff development of teachers for students with limited English proficiency. A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds.
SECTION 7.9.(b) The Department of Public Instruction shall prepare a current head count of the number of students classified with limited English proficiency by December 1 of each year. Students in the head count shall be assessed at least once every three years to determine their level of English proficiency. A student who scores "superior" on the standard English language proficiency assessment instrument used in this State shall not be included in the head count of students with limited English proficiency.

AT-RISK STUDENT SERVICES/ALTERNATIVE SCHOOLS

SECTION 7.10. The State Board of Education may use up to two hundred thousand dollars ($200,000) of the funds in the Alternative Schools/At-Risk Student allotment each year for the 2009-2010 fiscal year and for the 2010-2011 fiscal year to implement G.S. 115C-12(24).

SCHOOL CONNECTIVITY INITIATIVE

SECTION 7.11.(a) Up to three hundred thousand dollars ($300,000) may be transferred to the Office of the Governor for NC Virtual (NCV) within the Education Cabinet. These funds may be used for services to coordinate e-learning activities across all State educational agencies.

SECTION 7.11.(b) Of the funds allocated for the School Connectivity Initiative, the sum of two hundred fifty thousand dollars ($250,000) may be used to sustain the Education E-Learning Portal.

SECTION 7.11.(c) Funds allocated to the School Connectivity Initiative shall carry forward to the next fiscal year until the project is fully implemented by June 30, 2010.

LITIGATION RESERVE FUNDS

SECTION 7.12. The State Board of Education may expend up to five hundred thousand dollars ($500,000) each year for the 2009-2010 and 2010-2011 fiscal years from unexpended funds for certified employees' salaries to pay expenses related to pending litigation.

REPLACEMENT SCHOOL BUSES FUNDS

SECTION 7.13.(a) The State Board of Education may impose any of the following conditions on allotments to local boards of education for replacement school buses:

1. The local board of education shall use the funds only to make the first, second, third, or fourth year's payment on a financing contract entered into pursuant to G.S. 115C-528.

2. The term of a financing contract entered into under this section shall not exceed four years.

3. The local board of education shall purchase the buses only from vendors selected by the State Board of Education and on terms approved by the State Board of Education.

4. The Department of Administration, Division of Purchase and Contract, in cooperation with the State Board of Education, shall solicit bids for the direct purchase of school buses and activity buses and shall establish a statewide term contract for use by the State Board of Education. Local boards of education and other agencies shall be eligible to purchase from the statewide term contract. The State Board of Education shall also solicit bids for the financing of school buses.

5. A bus financed pursuant to this section shall meet all federal motor vehicle safety regulations for school buses.

6. Any other condition the State Board of Education considers appropriate.
SECTION 7.13.(b) Any term contract for the purchase or lease-purchase of school
buses or school activity buses shall not require vendor payment of the electronic procurement
transaction fee of the North Carolina E-Procurement Service.

DISCREPANCIES BETWEEN ANTICIPATED AND ACTUAL ADM

SECTION 7.14.(a) If the State Board of Education does not have sufficient
resources in the ADM Contingency Reserve line item to make allotment adjustments in
accordance with the Allotment Adjustments for ADM Growth provisions of the North Carolina
Public Schools Allotment Policy Manual, the State Board of Education may use funds
appropriated to State Aid for Public Schools for this purpose.

SECTION 7.14.(b) If the higher of the first or second month average daily
membership in a local school administrative unit is at least two percent (2%) or 100 students
lower than the anticipated average daily membership used for allotments for the unit, the State
Board of Education shall reduce allotments for the unit. The reduced allotments shall be based
on the higher of the first or second month average daily membership plus one-half of the
number of students overestimated in the anticipated average daily membership.

The allotments reduced pursuant to this subsection shall include only those
allotments that may be increased pursuant to the Allotment Adjustments for ADM Growth

CHARTER SCHOOL EVALUATION

SECTION 7.15.(a) The State Board of Education may spend up to fifty thousand
dollars ($50,000) a year from State Aid to Local School Administrative Units for the
2009-2010 and 2010-2011 fiscal years to evaluate charter schools. In particular, the State Board
of Education shall consider the extent to which charter schools have accomplished the
following six objectives, which are set out in G.S. 115C-238.29A:

1. Improve student learning;
2. Increase learning opportunities for all students, with special emphasis on
   expanded learning experiences for students who are identified as at risk of
   academic failure or academically gifted;
3. Encourage the use of different and innovative teaching methods;
4. Create new professional opportunities for teachers, including the
   opportunities to be responsible for the learning program at the school site;
5. Provide parents and students with expanded choices in the types of
   educational opportunities that are available within the public school system;
   and
6. Hold the schools established under this Part accountable for meeting
   measurable student achievement results and provide the schools with a
   method to change from rule-based to performance-based accountability
   systems.

SECTION 7.15.(b) The State Board of Education shall report the results of its
evaluation to the Joint Legislative Education Oversight Committee and the Fiscal Research
Division.

MENTOR TEACHER FUNDS

SECTION 7.16.(a) The State Board of Education shall allot funds for mentoring
services to local school administrative units based on the highest number of employees in the
preceding three school years who (i) are paid with State, federal, or local funds and (ii) are
either teachers paid on the first or second steps of the teacher salary schedule or instructional
support personnel paid on the first step of the instructional support personnel salary schedule.
Local school administrative units shall use these funds to provide mentoring support
to eligible employees in accordance with a plan approved by the State Board of Education. The
plan shall include information on how all mentors in the local school administrative unit will be
adequately trained to provide mentoring support.

**SECTION 7.16.(b)** The State Board of Education shall grant flexibility to a local
board of education regarding the use of mentor funds to provide mentoring support, provided
the local board submits a detailed plan on the use of the funds to the State Board and the State
Board approves that plan. The plan shall include information on how all mentors in the local
school administrative unit have been or will be adequately trained to provide mentoring
support.

Local boards of education shall use funds allocated for mentor teachers to provide
mentoring support to all State-paid newly certified teachers, second-year teachers who were
assigned mentors during the prior school year, and entry-level instructional support personnel
who have not previously been teachers.

**SECTION 7.16.(c)** Each local board of education with a plan approved pursuant to
subsection (b) of this section shall report to the State Board on the impact of its mentor
program on teacher retention. The State Board shall analyze these reports to determine the
characteristics of mentor programs that are most effective in retaining teachers and shall report
its findings to the Joint Legislative Education Oversight Committee by October 15 of each year
of the biennium.

**SECTION 7.16.(d)** In addition to the report required in subsection (c) of this
section, the State shall also evaluate the effectiveness of a representative sample of local
mentor programs and report on its findings to the Joint Legislative Education Oversight
Committee and the Fiscal Research Division by December 15 of each year of the biennium.
The evaluation shall focus on quantitative evidence, quality of service delivery, and satisfaction
of those involved. The report shall include the results of the evaluation and recommendations
both for improving mentor programs generally and for an appropriate level of State support for
mentor programs.

**LEARN AND EARN HIGH SCHOOLS**

**SECTION 7.17.(a)** Funds are appropriated in this act for the Learn and Earn high
school workforce development program. The purpose of the program is to create rigorous and
relevant high school options that provide students with the opportunity and assistance to earn
an associate degree or two years of college credit by the conclusion of the year after their senior
year in high school. The State Board of Education shall work closely with the Education
Cabinet and the New Schools Project in administering the program.

**SECTION 7.17.(b)** These funds shall be used to establish new high schools in
which a local school administrative unit, two- and four-year colleges and universities, and local
employers work together to ensure that high school and postsecondary college curricula operate
seamlessly and meet the needs of participating employers. Funds shall not be allotted until
Learn and Earn high schools are certified as operational.

**SECTION 7.17.(c)** During the first year of its operation, a high school established
under G.S. 115C-238.50 shall be allotted a principal regardless of the number of State-paid
teachers assigned to the school or the number of students enrolled in the school. The budget
flexibility authorized by G.S. 115C-105.25 does not apply to these positions.

**SECTION 7.17.(d)** The State Board of Education, in consultation with the State
Board of Community Colleges and The University of North Carolina Board of Governors, shall
conduct an annual evaluation of this program. The evaluation shall include measures as
identified in G.S. 115C-238.55. It shall also include: (i) an accounting of how funds and
personnel resources were utilized and their impact on student achievement, retention, and
employability; (ii) recommended statutory and policy changes; and (iii) recommendations for
improvement of the program. The State Board of Education shall report the results of this
evaluation to the Office of State Budget and Management, the Joint Legislative Education
Oversight Committee, and the Fiscal Research Division by January 15 of each fiscal year.

SECTION 7.17.(e) Enrollment fees and tuition for The University of North
Carolina courses in which Learn and Earn students are enrolled are allowable uses of these
funds. Tuition costs may include laboratory fees assessed to all students enrolled in the course
or a similar course.

SECTION 7.17.(f) Textbooks required for college courses in which Learn and
Earn students are enrolled may be purchased with these funds.

SECTION 7.17.(g) Payment of fees from these funds by local school
administrative units to partnering community colleges and universities are restricted to
technology or course fees. Funds appropriated in this act shall not be used to support the cost of
athletic or other student activity or campus fees not required by enrollment in a specific course.

SECTION 7.17.(h) The State Board of Education shall allot funds for university
enrollment, tuition and fees, and textbooks on the basis of and after verification of the credit
hour enrollment of Learn and Earn students in university courses. The State Board of Education
shall allot funds for community college fees and textbooks on the basis of and after verification
of the credit hour enrollment of Learn and Earn students in community college courses.

MORE AT FOUR PROGRAM AND OFFICE OF SCHOOL READINESS

SECTION 7.18.(a) The Department of Public Instruction shall continue the
implementation of the More at Four prekindergarten program for at-risk four-year-olds who are
at risk of failure in kindergarten. The program is available statewide to all counties that choose
to participate, including underserved areas. The goal of the program is to provide quality
prekindergarten services to a greater number of at-risk children in order to enhance
kindergarten readiness for these children. The program shall be consistent with standards and
assessments established jointly by the Department of Health and Human Services and the
Department of Public Instruction. The program shall include:

(1) A process and system for identifying children at risk of academic failure.
(2) A process and system for identifying children who are not being served in
formal early education programs, such as child care, public or private
preschools, Head Start, Early Head Start, early intervention programs, or
other such programs, who demonstrate educational needs, and who are
eligible to enter kindergarten the next school year, as well as children who
are underserved.
(3) A curriculum or several curricula that are research-based and/or built on
sound instructional theory. These curricula shall: (i) focus primarily on oral
language and emergent literacy; (ii) engage children through key
experiences and provide background knowledge requisite for formal learning
and successful reading in the early elementary years; (iii) involve active
learning; (iv) promote measurable kindergarten language-readiness skills
that focus on emergent literacy and mathematical skills; and (v) develop
skills that will prepare children emotionally and socially for kindergarten.
(4) An emphasis on ongoing family involvement with the prekindergarten
program.
(5) Evaluation of child progress through a statewide evaluation, as well as
ongoing assessment of the children by teachers.
(6) Guidelines for a system to reimburse local school boards and systems,
private child care providers, and other entities willing to establish and
provide prekindergarten programs to serve at-risk children.
A system built upon existing local school boards and systems, private child care providers, and other entities that demonstrate the ability to establish or expand prekindergarten capacity.

A quality-control system. Participating providers shall comply with standards and guidelines as established by the Department of Health and Human Services and the Department of Public Instruction. The Department may use the child care rating system to assist in determining program participation.

Standards for minimum teacher qualifications. A portion of the classroom sites initially funded shall have at least one teacher who is certified or provisionally certified in birth-to-kindergarten education.

A local contribution. Programs must demonstrate that they are accessing resources other than More at Four.

A system of accountability to include a yearly review. The Department shall contract with an independent research organization to produce an annual report to include longitudinal review of the program and academic, behavioral, and other child-specific outcomes. The review shall include a quasi-experimental research design of a representative sample of children who complete the More at Four program every year and shall report on their sustained progress until the end of grade 9. The review shall also study a representative sample of children who do not enter the More at Four program but who are of the same grade level and demographic as those who complete the program and their sustained progress shall also be reviewed until the end of grade 9. The review shall be presented to the Joint Legislative Education Oversight Committee by January 31 of every year.

Consideration of the reallocation of existing funds. In order to maximize current funding and resources, the Department of Health and Human Services and the Department of Public Instruction shall consider the reallocation of existing funds from State and local programs that provide prekindergarten-related care and services.

SECTION 7.18.(b) The Department of Public Instruction, in collaboration with the Department of Health and Human Services, shall implement a plan to expand More at Four program standards within existing resources to include four- and five-star-rated centers and schools serving four-year-olds and develop guidelines for these programs. The "NC Prekindergarten Program Standards" initiative shall recognize four- and five-star-rated centers that choose to apply and meet equivalent More at Four program standards as high quality prekindergarten classrooms. Classrooms meeting these standards shall have access to training and workshops for More at Four programs. Whenever expansion slots are available, these classrooms shall have first priority to receive them.

The More at Four program shall review the number of slots filled by counties on a monthly basis and shift the unfilled slots to counties with waiting lists. The shifting of slots shall occur through January 31 of each year, at which time any remaining funds for slots unfilled shall be used to meet the needs of the waiting list for subsidized child care.

SECTION 7.18.(c) The Department of Public Instruction shall submit a report by February 1, 2010, to the Joint Legislative Commission on Governmental Operations, the Joint Legislative Education Oversight Committee, the Senate Appropriations Committee on Education, the House of Representatives Appropriations Subcommittee on Education, and the Fiscal Research Division. This final report shall include the following:

1. The number of children participating in the program.
2. The number of children participating in the program who have never been served in other early education programs, such as child care, public or
private preschool, Head Start, Early Head Start, or early intervention programs.

(3) The expected expenditures for the programs and the source of the local match for each grantee.

(4) The location of program sites and the corresponding number of children participating in the program at each site.

(5) A comprehensive cost analysis of the program, including the cost per child served by the program.

(6) The status of the NC prekindergarten initiatives as outlined in this section.

**SECTION 7.18.(d)** For the 2009-2010 and the 2010-2011 fiscal years, the More at Four program shall establish income eligibility requirements for the program not to exceed seventy-five percent (75%) of the State median income. Up to twenty percent (20%) of children enrolled may have family incomes in excess of seventy-five percent (75%) of median income if they have other designated risk factors.

**SECTION 7.18.(e)** The More at Four program funding shall not supplant any funding for classrooms serving four-year-olds as of the 2005-2006 fiscal year. Support of existing four-year-old classrooms with More at Four program funding shall be permitted when current funding is eliminated, reduced, or redirected as required to meet other specified federal or State educational mandates.

**SECTION 7.18.(f)** If a county is unable to increase More at Four slots because of a documented lack of available resources necessary to provide the required local contribution for the additional slots allocated to the county for the 2009-2010 fiscal year or the 2010-2011 fiscal year, the contract agency for that county may appeal to the Office of School Readiness for an exception to the required local amount for those additional slots. The Office of School Readiness may grant an exception and allot funds to pay up to ninety percent (90%) of the full cost of the additional slots for that county if it finds that (i) there is in fact a documented lack of available resources in the county and (ii) granting the exception will not reduce access statewide to More at Four slots.

**DROPOUT PREVENTION GRANTS**

**SECTION 7.19.(a)** Dropout Prevention Grants. – The Committee on Dropout Prevention, as reestablished in Section 7.14 of S.L. 2008-107, shall select grant recipients as follows:

(1) Using the process for the review of grant applications in 2007, the Committee shall establish a cutoff score and award grants to applicants that meet the cutoff score.

(2) From the recipients of grants awarded under S.L. 2008-107, the Committee may establish a process to award additional funds to those grantees.

(3) Using the process outlined in Section 7.32(d) of S.L. 2007-323 consistent with subsection (b) of this section, the Committee may award grants to new applicants that did not apply for funding under that act.

**SECTION 7.19.(b)** Criteria for Dropout Prevention Grants. – The following criteria apply to all types of dropout prevention grants approved by the Committee:

(1) Grants shall be issued in varying amounts up to a maximum of one hundred fifty thousand dollars ($150,000).

(2) These grants shall be provided to innovative programs and initiatives that target students at risk of dropping out of school and that demonstrate the potential to (i) be developed into effective, sustainable, and coordinated dropout prevention and reentry programs in middle schools and high schools and (ii) serve as effective models for other programs.
(3) Priority shall be given to new programs and initiatives or to those that have begun within the last five school years.

(4) Grants shall be distributed geographically throughout the State and throughout the eight educational districts as defined in G.S. 115C-65. No more than three grants shall be awarded in any one county under this section in a single fiscal year.

(5) Grants may be made to local school administrative units, schools, local agencies, or nonprofit organizations.

(6) Grants shall be to programs and initiatives that hold all students to high academic and personal standards.

(7) Grant applications shall state (i) how grant funds will be used, (ii) what, if any, other resources will be used in conjunction with the grant funds, (iii) how the program or initiative will be coordinated to enhance the effectiveness of existing programs, initiatives, or services in the community, and (iv) a process for evaluating the success of the program or initiative.

(8) Programs and initiatives that receive grants under this section shall be based on best practices for helping at-risk students achieve successful academic progress, preventing students from dropping out of school, or for increasing the high school completion rate for those students who already have dropped out of school.

(9) Priority for grants shall be given to proposals that demonstrate input from the local community and coordination with other available programs or resources.

(10) Grantees shall assure their compliance with applicable laws and rules regulating conflicts of interest.

(11) Priority for grants shall be given to programs that would serve students in local schools that have a four-year cohort graduation rate of less than sixty-five percent (65%) and that are from counties that did not receive funding under S.L. 2007-323. The Committee shall establish a grant rating cutoff score at such a level as to allow for consideration of all viable grants in this priority category. The Committee may require grantees to provide supplemental information in response to any prior reviewer comments.

(12) The demonstrated need for a grant, level of collaboration, ability to increase attendance, persistence, academic success, ability to increase parental involvement, and graduation shall be given more weight than the quality of the written grant.

(13) Grants shall be made no later than November 1, 2009.

The Committee shall report to the Joint Legislative Commission on Dropout Prevention and High School Graduation and the Joint Legislative Education Oversight Committee on the grants awarded under this section by March 1, 2010.

SECTION 7.19.(c) Evaluation. – The Committee shall evaluate the impact of the dropout prevention grants awarded under this section. In evaluating the impact of the grants, the Committee shall consider:

(1) How grant funds were used, including the services provided for teen pregnancy prevention and for pregnant and parenting teens;

(2) The success of the program or initiative, as indicated by the evaluation process stated in its grant application;

(3) The extent to which the program or initiative has improved students' attendance, test scores, persistence, and graduation rates;

(4) How the program or initiative was coordinated to enhance the effectiveness of existing programs, initiatives, or services in the community;
(5) What, if any, other resources were used in conjunction with the grant funds;
(6) The sustainability of the program;
(7) The number, gender, ethnicity, and grade level of students being served as well as whether the student left school due to pregnancy or parenting responsibilities;
(8) The potential for the program to serve as a model for achieving successful academic progress for at-risk students; and
(9) Other indicators of the impact of the grant on dropout prevention.

The recipients of the dropout prevention grants awarded under this section shall report to the Committee on Dropout Prevention by January 31, 2011, and by September 30, 2011. The reports shall provide information to assist the Committee in conducting its evaluation. The reports shall include a statement that the recipients used grant funds for the purposes appropriated by the General Assembly and complied with applicable laws, regulations, and terms and conditions of the grant documents. The Committee shall make an interim report of the results of its evaluation of the grants awarded under this section by March 31, 2011, to the Joint Legislative Commission on Dropout Prevention and High School Graduation and to the Joint Legislative Education Oversight Committee. The Committee shall make a final report of the results of its evaluation of the grants awarded under subsection (c) of this section by November 15, 2011, to the Joint Legislative Commission on Dropout Prevention and High School Graduation and to the Joint Legislative Education Oversight Committee.

SECTION 7.19.(d) Of the funds appropriated in this act for the Committee on Dropout Prevention, the sum of six million five hundred forty-three thousand sixty dollars ($6,543,060) for the 2009-2010 and 2010-2011 fiscal years shall be used to award new grants, as well as additional grants to previous grant recipients, in accordance with subsection (b) of this section.

SECTION 10.1.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(4) Maximum payment rates shall also be calculated periodically by the Division of Child Development for transportation to and from child care provided by the child care provider, individual transporter, or transportation agency, and for fees charged by providers to parents. These payment rates shall be based upon information collected by market rate surveys.

SECTION 10.1.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.
SECTION 10.1.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide rate and regional market rates for each rated license level for each age category.

SECTION 10.1.(f) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. No separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 10.1.(g) Payment for subsidized child care services provided with Work First Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development for the subsidized child care program.

SECTION 10.1.(h) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. The mandatory thirty percent (30%) Smart Start subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) Smart Start subsidy allocation:

1. Funds shall be allocated based upon the projected cost of serving children in a county under age 11 in families with all parents working who earn less than seventy-five percent (75%) of the State median income.
2. No county's allocation shall be less than ninety percent (90%) of its State fiscal year 2001-2002 initial child care subsidy allocation.

SECTION 10.2.(b) The Department of Health and Human Services may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including Smart Start funds, within a county.

SECTION 10.2.(c) Notwithstanding subsection (a) of this section, the Department of Health and Human Services may reallocate up to twenty million dollars ($20,000,000) in federal block grant funds and State funds appropriated for fiscal years 2009-2010 and
2010-2011 for child care services. These funds shall be allocated to prevent termination of child care services or to maximize use of nonrecurring funds that are available.

CHILD CARE FUNDS MATCHING REQUIREMENT

SECTION 10.3. No local matching funds may be required by the Department of Health and Human Services as a condition of any locality’s receiving its initial allocation of child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of a disaster as defined in G.S. 166A-4(1).

The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Commission on Governmental Operations in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

modify or attenuate any collaboration or supervision requirement
related to the professional activities of any service provider,
practitioner, or licensee. Nothing in sub-subdivision b. or c. of this

SECTION 10.15.(e) Provider Performance Bonds and Visits. –
(1) Subject to the provisions of this subdivision, the Department may require
Medicaid-enrolled providers to purchase a performance bond in an amount
not to exceed one hundred thousand dollars ($100,000) naming as
beneficiary the Department of Health and Human Services, Division of
Medical Assistance, or provide to the Department a validly executed letter of
credit or other financial instrument issued by a financial institution or agency
honoring a demand for payment in an equivalent amount. The Department
may require the purchase of a performance bond or the submission of an
executed letter of credit or financial instrument as a condition of initial
enrollment, reenrollment, or reinstatement if:

a. The provider fails to demonstrate financial viability,
b. The Department determines there is significant potential for fraud
and abuse,
c. The Department otherwise finds it is in the best interest of the
Medicaid program to do so.

The Department shall specify the circumstances under which a performance
bond or executed letter of credit will be required.
(1a) The Department may waive or limit the requirements of this paragraph for individual Medicaid-enrolled providers or for one or more classes of Medicaid-enrolled providers based on the following:

a. The provider's or provider class's dollar amount of monthly billings to Medicaid.

b. The length of time an individual provider has been licensed, endorsed, certified, or accredited in this State to provide services.

c. The length of time an individual provider has been enrolled to provide Medicaid services in this State.

d. The provider's demonstrated ability to ensure adequate record keeping, staffing, and services.

e. The need to ensure adequate access to care.

In waiving or limiting requirements of this paragraph, the Department shall take into consideration the potential fiscal impact of the waiver or limitation on the State Medicaid Program. The Department shall provide to the affected provider written notice of the findings upon which its action is based and shall include the performance bond requirements and the conditions under which a waiver or limitation apply. The Department may adopt temporary rules in accordance with G.S. 150B-21.1 as necessary to implement this provision.

(2) Reimbursement is available for up to 30 visits per recipient per fiscal year for the following professional services: hospital outpatient providers, physicians, nurse practitioners, nurse midwives, clinics, health departments, optometrists, chiropractors, and podiatrists. The Department of Health and Human Services shall adopt medical policies in accordance with G.S. 108A-54.2 to distribute the allowable number of visits for each service or each group of services consistent with federal law. In addition, the Department shall establish a threshold of some number of visits for these services. The Department shall ensure that primary care providers or the appropriate CCNC network are notified when a patient is nearing the established threshold to facilitate care coordination and intervention as needed.

Prenatal services, all EPSDT children, emergency room visits, and mental health visits subject to independent utilization review are exempt from the visit limitations contained in this subdivision. Subject to appropriate medical review, the Department may authorize exceptions when additional care is medically necessary. Routine or maintenance visits above the established visit limit will not be covered unless necessary to actively manage a life threatening disorder or as an alternative to more costly care options.

SECTION 10.15.(f) Exceptions and Limitations on Services; Authorization of Co-Payments and Other Services.

(1) Exceptions to service limitations, eligibility requirements, and payments. – Service limitations, eligibility requirements, and payment bases in this section may be waived by the Department of Health and Human Services, with the approval of the Director of the Budget, to allow the Department to carry out pilot programs for prepaid health plans, contracting for services, managed care plans, or community-based services programs in accordance with plans approved by the United States Department of Health and Human Services or when the Department determines that such a waiver will result in a reduction in the total Medicaid costs for the recipient.
(2) Co-payment for Medicaid services. – The Department of Health and Human Services may establish co-payments up to the maximum permitted by federal law and regulation.

SECTION 10.15.(g) Rules, Reports, and Other Matters. –

(1) Rules. – The Department of Health and Human Services may adopt temporary or emergency rules according to the procedures established in G.S. 150B-21.1 and G.S. 150B-21.1A when it finds that these rules are necessary to maximize receipt of federal funds within existing State appropriations, to reduce Medicaid expenditures, and to reduce fraud and abuse. The Department of Health and Human Services shall adopt rules requiring providers to attend training as a condition of enrollment and may adopt temporary or emergency rules to implement the training requirement.

Prior to the filing of the temporary or emergency rules authorized under this subsection with the Rules Review Commission and the Office of Administrative Hearings, the Department shall consult with the Office of State Budget and Management on the possible fiscal impact of the temporary or emergency rule and its effect on State appropriations and local governments.

(2) Changes to Medicaid program; reports. – The Department shall report on any change it anticipates making in the Medicaid program that impacts the type or level of service, reimbursement methods, or waivers, any of which require a change in the State Plan or other approval by the Centers for Medicare and Medicaid Services (CMS). The reports shall be provided at the same time they are submitted to CMS for approval. In addition to the entities listed in subdivision (a)(4) of this section, the report shall be submitted to the Joint Legislative Health Care Oversight Committee.

DMA CONTRACT SHORTFALL

SECTION 10.16.(a) Budget approval is required by the Office of State Budget and Management prior to the Department of Health and Human Services, Division of Medical Assistance, entering into any new contract or the renewal or amendment of existing contracts that exceed the current contract amounts.

SECTION 10.16.(b) The Division of Medical Assistance shall make every effort to effect savings within its operational budget and use those savings to offset its contract shortfall. Notwithstanding G.S. 143C-6-4(b)(3), the department may use funds appropriated in this act to the department to cover the contract shortfall in the Division of Medical Assistance if insufficient funds exist within the division.

MEDICAID COST-CONTAINMENT ACTIVITIES

SECTION 10.17. The Department of Health and Human Services may use up to five million dollars ($5,000,000) in the 2009-2010 fiscal year and up to five million dollars ($5,000,000) in the 2010-2011 fiscal year in Medicaid funds budgeted for program services to support the cost of administrative activities when cost-effectiveness and savings are demonstrated. The funds shall be used to support activities that will contain the cost of the Medicaid Program, including contracting for services, hiring additional staff, or providing grants through the Office of Rural Health and Community Care to plan, develop, and implement cost-containment programs.

Medicaid cost-containment activities may include prospective reimbursement methods, incentive-based reimbursement methods, service limits, prior authorization of services, periodic medical necessity reviews, revised medical necessity criteria, service provision in the least costly settings, plastic magnetic stripped Medicaid identification cards for
issuance to Medicaid enrollees, fraud detection software or other fraud detection activities, technology that improves clinical decision making, credit balance recovery and data mining services, and other cost-containment activities. Funds may be expended under this section only after the Office of State Budget and Management has approved a proposal for the expenditure submitted by the Department. Proposals for expenditure of funds under this section shall include the cost of implementing the cost-containment activity and documentation of the amount of savings expected to be realized from the cost-containment activity. The Department shall provide a copy of proposals for expenditures under this section to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

MEDICAID SPECIAL FUND TRANSFER

SECTION 10.18. Of the funds transferred to the Department of Health and Human Services for Medicaid programs pursuant to G.S. 143C-9-1, there is appropriated from the Medicaid Special Fund to the Department of Health and Human Services the sum of forty-three million dollars ($43,000,000) for the 2009-2010 fiscal year and the sum of forty-three million dollars ($43,000,000) for the 2010-2011 fiscal year. These funds shall be allocated as prescribed by G.S. 143C-9-1(b) for Medicaid programs. Notwithstanding the prescription in G.S. 143C-9-1(b) that these funds not reduce State general revenue funding, these funds shall replace the reduction in general revenue funding effected in this act. The Department may also use funds in the Medicaid Special Fund to fund the settlement of the Disproportionate Share Hospital payment audit issues between the Department of Health and Human Services and the federal government related to fiscal years 1997-2002, and funds are appropriated from the Fund for the 2009-2010 fiscal year for this purpose.

EXTEND IMPLEMENTATION OF COMMUNITY ALTERNATIVES PROGRAMS REIMBURSEMENT SYSTEM

SECTION 10.19. Full implementation for the Community Alternatives Programs reimbursement system shall be not later than 12 months after the date on which the replacement Medicaid Management Information System becomes operational and stabilized.

SECTION 10.20.(a) Subject to approval from the Centers for Medicare and Medicaid Services (CMS), the Department of Health and Human Services, Division of Medical Assistance, shall, in consultation with the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, and Community Alternatives Program (CAP) stakeholders, develop a schedule of cost-sharing requirements for families of children with incomes above the Medicaid allowable limit to share in the costs of their child's Medicaid expenses under the CAP-MR/DD (Community Alternatives Program for Mental Retardation and Developmentally Disabled) Program and the CAP-C (Community Alternatives Program for Children). The cost-sharing amounts shall be based on a sliding scale of family income and shall take into account the impact on families with more than one child in the CAP programs. In developing the schedule, the Department shall also take into consideration how other states have implemented cost-sharing in their CAP programs. The Division of Medical Assistance may establish monthly deductibles as a means of implementing this cost-sharing. The Department shall provide for at least one public hearing and other opportunities for individuals to comment on the imposition of cost-sharing under the CAP program schedule.

SECTION 10.20.(b) The Division of Medical Assistance shall also, in collaboration with the Controller's Office of the Department of Health and Human Services, the
Division of Information Resource Management (DIRM), and the new vendor of the replacement Medicaid Management Information System, develop business rules, program policies and procedures, and define relevant technical requirements.

SECTION 10.20.(c) Prior to seeking approval from CMS, but not later than October 1, 2009, the Department shall report to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs, and to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division. The report shall include a summary of comments the Department has received at the public hearing, business rules, policies and procedures, and technical requirements of the initiative and shall also indicate any barriers to implementing the cost-sharing.

CONTINUE EFFORTS TO EXPAND COMMUNITY CARE AND IMPROVE QUALITY OF CARE FOR AGED, BLIND, AND DISABLED MEDICAID RECIPIENTS

SECTION 10.21. The Department of Health and Human Services shall continue its efforts to expand the scope of Community Care of North Carolina care management model to recipients of Medicaid and dually eligible individuals with a chronic condition and long-term care needs. In expanding the scope, the Department shall focus on the aged, blind, and disabled, and CAP-DA populations for improvement in management, cost-effectiveness, and local coordination of services through Community Care of North Carolina and in collaboration with local providers of care. The Department shall target personal care services, private duty nursing, home health, durable medical equipment, ancillary professional services, specialty care, residential services, including skilled nursing facilities, home infusion therapy, pharmacy, and other services determined target-worthy by the Department.

MEDICAID PROVIDER AND RECIPIENT APPEALS

SECTION 10.22.(a) For the purpose of expediting the resolution of community support provider appeals and thereby saving State and federal funds that are paid for services that are found to be unnecessary or otherwise ineligible for payment, the Department shall implement on a temporary basis a community support provider appeals process. The process shall be a substitute for informal provider appeals at the Department level and formal provider appeals by the Office of Administrative Hearings. The community support provider appeals process shall apply to a community support services provider:

(1) Who is aggrieved by a decision of the Department to reduce, deny, recoup, or recover reimbursement for community support services, or to deny, suspend, or revoke a provider agreement to provide community support services.

(2) Whose endorsement has been withdrawn or whose application for endorsement has been denied by a local management entity.

SECTION 10.22.(b) The community support provider appeals process shall be developed and implemented as follows:

(1) A hearing under this section shall be commenced by filing a petition with the chief hearings clerk of the Department within 30 days of the mailing of the notice by the Department of the action giving rise to the contested case. The petition shall identify the petitioner, be signed by the party or representative of the party, and shall describe the agency action giving rise to the contested case. As used in this section, "file or filing" means to place the paper or item to be filed into the care and custody of the chief hearings clerk of the Department and acceptance thereof by the chief hearings clerk, except that
the hearing officer may permit the papers to be filed with the hearing officer, in which event the hearing officer shall note thereon the filing date. The Department shall supply forms for use in these contested cases.

(2) If there is a timely request for an appeal, the Department shall promptly designate a hearing officer who shall hold an evidentiary hearing. The hearing officer shall conduct the hearing according to applicable federal law and regulations and shall ensure that:

a. Notice of the hearing is given not less than 15 days before the hearing. The notice shall state the date, hour, and place of the hearing and shall be deemed to have been given on the date that a copy of the notice is mailed, via certified mail, to the address provided by the petitioner in the petition for hearing.

b. The hearing is held in Wake County, except that the hearing officer may, after consideration of the numbers, locations, and convenience of witnesses and in order to promote the ends of justice, hold the hearing by telephone or other electronic means or hold the hearing in a county in which the petitioner resides.

c. Discovery is no more extensive or formal than that required by federal law and regulations applicable to the hearings. Prior to and during the hearing, a provider representative shall have adequate opportunity to examine the provider's own case file. No later than five days before the date of the hearing, each party to a contested case shall provide to each other party a copy of any documentary evidence that the party intends to introduce at the hearing and shall identify each witness that the party intends to call.

(3) The hearing officer shall have the power to administer oaths and affirmations, subpoena the attendance of witnesses, rule on prehearing motions, and regulate the conduct of the hearing. The following shall apply to hearings held pursuant to this section:

a. At the hearing, the parties may present such sworn evidence, law, and regulations as are relevant to the issues in the case.

b. The petitioner and the respondent agency each have a right to be represented by a person of his choice, including an attorney obtained at the party's own expense.

c. The petitioner and the respondent agency shall each have the right to cross-examine witnesses as well as make a closing argument summarizing his view of the case and the law.

d. The appeal hearing shall be recorded. If a petition for judicial review is filed pursuant to subsection (f) of this section, a transcript will be prepared and made part of the official report and shall be prepared at no cost to the appellant. In the absence of the filing of a petition for a judicial review, no transcript will be prepared unless requested by a party, in which case each party shall bear the cost of the transcript or part thereof or copy of the transcript or part thereof requested by the party. The recording of the appeal hearing may be erased or otherwise destroyed 180 days after the final decision is mailed as provided in G.S. 108A-79(i)(5).

(4) The hearing officer shall decide the case based upon a preponderance of the evidence, giving deference to the demonstrated knowledge and expertise of the agency as provided in G.S. 150B-34(a). The hearing officer shall prepare a proposal for the decision, citing relevant law, regulations, and evidence,
which shall be served upon the petitioner or the petitioner's representative by
certified mail, with a copy furnished to the respondent agency.

(5) The petitioner and the respondent agency shall have 15 days from the date of
the mailing of the proposal for decision to present written arguments in
opposition to or in support of the proposal for decision to the designated
official of the Department who will make the final decision. If neither
written arguments are presented, nor extension of time granted by the final
agency decision maker for good cause, within 15 days of the date of the
mailing of the proposal for decision, the proposal for decision becomes final.
If written arguments are presented, such arguments shall be considered and
the final decision shall be rendered. The final decision shall be rendered not
more than 90 days from the date of the filing of the petition. This time limit
may be extended by agreement of the parties or by final agency decision
maker, for good cause shown, for an additional period of up to 30 days. The
final decision shall be served upon the petitioner or the petitioner's
representative by certified mail, with a copy furnished to the respondent
agency. In the absence of a petition for judicial review filed pursuant to
subsection (f) of this section, the final decision shall be binding upon the
petitioner and the Department.

(6) A petitioner who is dissatisfied with the final decision of the Department
may file, within 30 days of the service of the decision, a petition for judicial
review in the Superior Court of Wake County or of the county from which
the case arose. The judicial review shall be conducted according to Article 4
of Chapter 150B of the General Statutes.

(7) In the event of a conflict between federal law or regulations and State law or
regulations, federal law or regulations shall control. This section applies to
all petitions that are filed by a Medicaid community support services
provider on or after July 1, 2008, and for all Medicaid community support
services provider petitions that have been filed at the Office of
Administrative Hearings previous to July 1, 2008, but for which a hearing on
the merits has not been commenced prior to that date. The requirement that
the agency decision must be rendered not more than 90 days from the date of
the filing of the petition for hearing shall not apply to (i) community support
services provider petitions that were filed at the Office of Administrative
Hearings or (ii) requests for a hearing under the Department's informal
settlement process prior to the effective date of this act. The Office of
Administrative Hearings shall transfer all cases affected by this section to
the Department of Health and Human Services within 30 days of the
effective date of this section. This act preempts the existing informal appeal
process and reconsideration review process at the Department of Health and
Human Services and the existing appeal process at the Office of
Administrative Hearings with regard to all appeals filed by Medicaid
community support services providers under the Medical Assistance
program.

SECTION 10.22.(c) Notwithstanding any other provision of law to the contrary,
the Department of Health and Human Services may, pursuant to its statutory authority or
federal Medicaid requirements, suspend the endorsement or Medicaid participation of a
provider of community support services pending a final agency decision based on a fair hearing
of the provider's appeal filed with the Department under its community support provider appeal
process. A provider of community support services whose endorsement, Medicaid
participation, or services have been suspended is not entitled to payment during the period the
appeal is pending, and the Department shall make no such payment to the provider during that period. If the final agency decision is in favor of the provider, the Department shall remove the suspension, commence payment for provider services, and reimburse the provider for payments withheld during the period of appeal. Contracts between the Department or a local management entity and the provider shall contain a provision indicating the circumstances under which a provider may appeal an agency decision and giving notice of the suspension of payments to the provider while the appeal is pending. This subsection applies to community support provider appeals pending in the Department of Health and Human Services or the Office of Administrative Hearings, as applicable, on and after July 1, 2008.

SECTION 10.22.(d) The Department's community support provider appeals process established under this section shall expire July 1, 2010. The Department shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on October 1, 2009, and March 1, 2010, on the effectiveness and efficiency of the community support provider appeals process.

SECTION 10.22.(e)

(1) General rule. – Notwithstanding any provision of State law or rules to the contrary, this subsection shall govern the process used by a Medicaid applicant or recipient to appeal a determination made by the Department of Health and Human Services to deny, terminate, suspend, or reduce Medicaid covered services. For purposes of this subsection, the phrase "adverse determination" means a determination by the Department to deny, terminate, suspend, or reduce Medicaid covered services. For purposes of this subsection, all references to an applicant or recipient include the applicant or recipient's parent, guardian, or legal representative; however, notice need only be given to a parent, guardian, or legal representative who has requested in writing to receive the notice.

(2) Notice. – Except as otherwise provided by federal law or regulation, at least 30 days before the effective date of an adverse determination, the Department shall notify the applicant or recipient, and the provider, if applicable, in writing of the determination and of the applicant's or recipient's right to appeal the determination. The notice shall be mailed on the date indicated on the notice as the date of the determination. The notice shall include:

a. An identification of the applicant or recipient whose services are being affected by the adverse determination, including full name and Medicaid identification number.

b. An explanation of what service is being denied, terminated, suspended, or reduced and the reason for the determination.

c. The specific regulation, statute, or medical policy that supports or requires the adverse determination.

i. The telephone number by which the applicant or recipient may contact a Legal Aid/Legal Services office.

(3) Appeals. – Except as provided by this subdivision and subdivisions of subsection (f) of this section, a request for a hearing to appeal an adverse determination of the Department under this section is a contested case subject to the provisions of Article 3 of Chapter 150B of the General Statutes. The applicant or recipient must request a hearing within 30 days of the mailing of the notice required by subdivision (2) of this subsection by sending an appeal request form to the Office of Administrative Hearings and the Department. The Department shall immediately forward a copy of the notice to the Office of Administrative Hearings electronically. The information contained in the notice is confidential unless the recipient appeals. The Office of Administrative Hearings may dispose of the records after one year. The Department may not influence, limit, or interfere with the applicant's or recipient's decision to request a hearing.

(4) Appeal request form. – Along with the notice required by subdivision (2) of this subsection, the Department shall also provide the applicant or recipient with an appeal request form which shall be no more than one side of one page. The form shall include the following:

The Department shall make a final decision in the case within 20 days of receipt of the decision and record from the administrative law judge and promptly notify the applicant or recipient of the final decision and of the right to judicial review of the decision pursuant to Article 4 of Chapter 150B of the General Statutes.

SECTION 10.22.(f)
Application. – This subsection applies only to contested Medicaid cases commenced by Medicaid applicants or recipients under subsection (f) of this section. Except as otherwise provided by subsection (f) of this section governing time lines and procedural steps, a contested Medicaid case commenced by a Medicaid applicant or recipient is subject to the provisions of Article 3 of Chapter 150B of the General Statutes. To the extent any provision in this subsection conflicts with another provision in Article 3 of Chapter 150B of the General Statutes, this subsection and subsection (e) of this section control.

Simple Procedures. – Notwithstanding any other provision of Article 3 of Chapter 150B of the General Statutes, the chief administrative law judge may limit and simplify the procedures that apply to a contested Medicaid case involving a Medicaid applicant or recipient in order to complete the case as quickly as possible. To the extent possible, the Hearings Division shall schedule and hear contested Medicaid cases within 45 days of submission of a request for appeal. The simplified procedure may include requiring that all prehearing motions be considered and ruled on by the administrative law judge in the course of the hearing of the case on the merits. An administrative law judge assigned to a contested Medicaid case shall make reasonable efforts in a case involving a Medicaid applicant or recipient who is not represented by an attorney to assure a fair hearing and to maintain a complete record of the hearing. The administrative law judge may allow brief extensions of the time limits contained in this section for good cause and to ensure that the record is complete. Good cause includes delays resulting from untimely receipt of documentation needed to render a decision and other unavoidable and unforeseen circumstances.

Mediation. – Upon receipt of an appeal request form as provided by subdivision (e)(4) of this section or other clear request for a hearing by a Medicaid applicant or recipient, the chief administrative law judge shall immediately notify the Mediation Network of North Carolina which shall within five days contact the petitioner to offer mediation in an attempt to resolve the dispute. If mediation is accepted, the mediation must be completed within 25 days of submission of the request for appeal. If mediation is successful, the mediator shall inform the Hearings Division, which shall confirm with the agency that a settlement has been achieved, and the case shall be dismissed. If the petitioner rejects the offer of mediation or the mediation is unsuccessful, the mediator shall notify the Hearings Division that the case will proceed to hearing. Nothing in this subdivision shall restrict the right to a contested case hearing.

Burden of proof. – The petitioner has the burden of proof to show entitlement to a requested benefit or the propriety of requested agency action when the agency has denied the benefit or refused to take the particular action. The agency has the burden of proof when the appeal is from an agency determination to impose a penalty or reduce, terminate, or suspend a benefit previously granted. The party with the burden of proof on any issue has the burden of going forward, and the administrative law judge shall not make any ruling on the preponderance of evidence until the close of all evidence.

Decision. – The administrative law judge assigned to a contested Medicaid case shall hear and decide the case without unnecessary delay. The Hearings Division shall send a copy of the audiotape or diskette of the hearing to the
agency within five days of completion of the hearing. The judge shall prepare a written decision and send it to the parties. The decision must be sent together with the record to the agency within 20 days of the conclusion of the hearing.

SECTION 10.22.(g) Nothing in this act shall prevent the Department of Health and Human Services from engaging in an informal review of the case with the applicant or recipient prior to issuing a notice of adverse determination as provided by subsection (e) of this section.

SECTION 10.22.(h) The appeals process for Medicaid applicants and recipients established under this section shall expire July 1, 2010. The Department of Health and Human Services and the Office of Administrative Hearings shall each report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division on October 1, 2009, and March 1, 2010, on the costs, effectiveness, and efficiency of the appeals process for Medicaid applicants and recipients and make recommendations regarding the continuation of the process.

SECTION 10.22.(i) The Department of Health and Human Services, Division of Medical Assistance, shall adopt a policy reducing the maximum allowable hours for community support services to eight hours per week. This subsection does not apply to community support services offered under a Medicaid managed care, capitated at-risk waiver.

CLAIRIFYING CHANGES TO STATE MEDICAID RESPONSIBILITIES

SECTION 10.23. Consistent with Sections 31.16.1(c) and (d) of S.L. 2007-323 that requires the State to assume responsibility for the nonfederal share of the costs of medical services provided under the Medicaid Program starting June 1, 2009, the counties shall neither bear any responsibility for settlement payments to providers or refunds of expenditure for program service claims paid on or before June 1, 2009. Counties will continue to participate in their share of administrative costs.

DMA REDUCTION OPTION FLEXIBILITY

SECTION 10.24.(a) The Department of Health and Human Services, Division of Medical Assistance, shall, in consultation with provider groups and other interested parties, review ways to improve health care quality, ensure appropriate use of services, improve clinical outcomes, and reduce the cost of care for beneficiaries with medically complex conditions as well as to strengthen fraud and abuse oversight efforts. In the review the Division shall explore all viable options to improve the quality of care and to control health care costs, including, but not limited to, the following options:

(1) Increasing utilization review and management practices to improve value and quality internally or with private vendors with proven records in other states’ Medicaid programs;

(2) Expanding and enhancing programs that increase Aged, Blind, and Disabled (ABD) Medicaid eligibles participation within CCNC's medical home efforts and/or encourage single physician care management;

(3) Developing and enhancing incentives for increased provider participation in CCNC;

(4) Requiring inpatient and outpatient care management for select Medicaid enrollees;

(5) Adopting specific network and physician performance and compliance standards within the Community Care of NC (CCNC) that are tied to any enhanced reimbursement structure;
(6) Initiative to address State nursing home payment methods and to offer incentives in payment methods to achieve certain quality and cost goals;
(7) Initiative to control drug cost and utilization as well as to maximize collection of supplemental rebates;
(8) Increasing third-party recovery and/or cost avoidance efforts, including enhancing Medicaid fraud and abuse oversight initiatives;
(9) Reducing or eliminating the occurrence of hospital "never events" – nonreimbursement for serious and costly errors in the provision of health care services that should never happen.

SECTION 10.24.(b) In order to consider all proposals prior to preparing adjustments to the fiscal year 2010-2011 budget, the Division shall report its recommendations on methods to better manage and save Medicaid costs to the Governor's Office by January 15 of 2010. All proposals shall include the steps necessary for implementation, including time frames, and the amount of projected savings over a five-year period.

An individual shall be determined to be eligible under this section without regard to the individual's ability to engage in, or actual engagement in, substantial gainful activity as defined in section 223 of the Social Security Act (42 U.S.C. § 423(d)(4)). In conducting annual redetermination of eligibility, the Department may not determine that an individual participating in HCWD is no longer disabled based solely on the individual's participation in employment or earned income;
   (3) The individual's unearned income does not exceed one hundred fifty percent (150%) of FPG, and countable resources for the individual do not exceed the resource limit for the minimum community spouse resource standard under 42 U.S.C. § 1396r, and as further determined by the Department. In determining an individual's countable income and resources, the Department may not consider income or resources that are disregarded under the State Medical Assistance Plan's financial methodology, including the sixty-five-dollar ($65.00) disregard, impairment-related work expenses, student earned-income exclusions, and other SSI program work incentive income disregards; and
(4) The individual is engaged in a substantial and reasonable work effort (employed) as provided in this subdivision and as further defined by the Department and allowable under federal law. Individuals who participate in HCWD but thereafter become unemployed for involuntary reasons, including health reasons, shall have continued eligibility in HCWD for up to 12 months from the time of involuntary unemployment, so long as the individual (i) maintains a connection with the workforce, as determined by the Department, (ii) meets all other eligibility criteria for HCWD during the period, and (iii) pays applicable fees, premiums, and co-payments.

(d) Fees, Premiums, and Co-Payments. – Individuals who participate in HCWD and have countable income greater than one hundred fifty percent (150%) of FPG shall pay an annual enrollment fee of fifty dollars ($50.00) to their county department of social services. Individuals who participate in HCWD and have countable income greater than or equal to two hundred percent (200%) of FPG shall pay a monthly premium in addition to the annual fee. The Department shall set a sliding scale for premiums, which is consistent with applicable federal law. An individual with countable income equal to or greater than four hundred fifty percent (450%) of FPG shall pay not less than one hundred percent (100%) of the cost of the premium, as determined by the Department. The premium shall be based on the experience of all individuals participating in the Medical Assistance Program. These deposits shall represent the return of General Fund appropriations provided to the Department of Health and Human Services to provide indigent care services at State-owned and operated mental hospitals. The treatment of any revenue derived from federal programs shall be in accordance with the requirements specified in the Code of Federal Regulations, Volume 2, Part 225.
PREFERRED DRUG LIST PROGRAM

SECTION 10.27.(a) In the event insufficient savings are realized from enhancing the utilization management of the Prescription Advantage List, increasing the utilization of generic drugs in place of brand-name drugs and increasing rebate collections on generic drugs, the Department of Health and Human Services shall establish and implement a preferred drug list program under the Division of Medical Assistance. The Department shall submit a medical assistance State Plan amendment to the Centers for Medicare and Medicaid Services (CMS) of the United States Department of Health and Human Services to implement the program.

SECTION 10.27.(b) The pharmaceutical and therapeutics committee of the Physician's Advisory Group (PAG) shall provide ongoing review of the preferred drug list. The Department shall maintain an updated preferred drug list in electronic format and shall make the list available to the public on the Department's Internet Web site.

The Department shall: (i) enter into a multistate purchasing pool; (ii) negotiate directly with manufacturers or labelers; or (iii) contract with a pharmacy benefit manager for negotiated discounts or rebates for all prescription drugs under the medical assistance program in order to achieve the lowest available price for such drugs under such program.

The Department may negotiate supplemental rebates from manufacturers that are in addition to those required by Title XIX of the federal Social Security Act. The committee shall consider a product for inclusion on the preferred drug list if the manufacturer provides a supplemental rebate. The Department may procure a sole source contract with an outside entity or contractor to conduct negotiations for supplemental rebates.

SECTION 10.27.(d) This section becomes effective if the Department cannot demonstrate by June 1, 2010, that twenty million seven hundred ninety-one thousand two hundred sixty-four dollars ($20,791,264) in prescription drug savings have been realized by employing the methods outlined in subsection (a) of this section.

MMIS system and to fund the central management of the project. In the event that prior year
earned revenue is not received in these amounts, the Department is authorized with approval of
the Office of State Budget and Management to use other over-realized receipts to the level
appropriated in this section for MMIS expenditures.

"(5) "Medical Assistance Program" means the Medical Assistance Program
established pursuant to G.S. 108A-54 and includes the North Carolina
Division of Medical Assistance and or its fiscal agent."

Assistance Program.
(3) Conspire to defraud the Medical Assistance Program by obtaining a false or
fraudulent claim allowed or paid.
(4) Knowingly make, use, or cause to be made or used, a false record or
statement to conceal, avoid, or decrease an obligation to pay or transmit
money or property to the Medical Assistance Program. Each claim presented
or caused to be presented in violation of this section is a separate violation."

SECTION 10.29.(c) G.S. 108A-70.12(b)(1) reads as rewritten:
"(b) Damages. –
(1) Except as provided in subdivision (2) of this subsection, a court shall assess

thousand dollars ($10,000) eleven thousand dollars ($11,000) plus three
times the amount of damages which the Medicaid Medical Assistance
Program sustained because of the act of the provider."

SECTION 10.29.(d) Article 2 of Chapter 108A of the General Statutes is amended
by adding the following new Part to read:
"Part 7A. Civil Action by Private Persons for Provider False Claims.
"§ 108A-70.17. Civil action filed by private persons.
(a) A person may initiate a civil action for a violation of G.S. 108A-70.12 on behalf of
the person and the State. The action shall be brought in the name of the State. The action may
be dismissed prior to service of the complaint upon the defendant under subsection (c) of this
section only if the court and the Attorney General have given written consent to the dismissal
and their reasons for consenting.
(b) A copy of the complaint and written disclosure of substantially all material evidence
and information the person possesses shall be served on the State. The complaint shall be filed
in camera, shall remain under seal for at least 120 days, and shall not be served on the
defendant until the court so orders. The State may elect to intervene and proceed with the
action within 120 days after it receives both the complaint and the material evidence and
information. The State may, for good cause shown, move the court for a partial lifting of the
seal to facilitate the investigative process or settlement.
(c) The State may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal. Any of these motions may be supported by affidavits or other submission in camera. The time period to respond to any complaint filed under this section shall commence 21 days after the complaint is unsealed and served upon the defendant.

(d) Before the expiration of the 120-day period or any extensions obtained under subsection (c) of this section, the State shall either proceed with the action, in which case the action shall be conducted by the State, or notify the court that it declines to take over the action, in which case the person initiating the action shall have the right to prosecute the action.

(e) When a person initiates an action under this section, no person other than the State may intervene or bring related action based on the facts underlying the pending action. If another action is filed based on the facts underlying the pending action while the complaint is sealed under subsections (b) and (c) of this section, the court may consolidate the actions or dismiss the subsequent action.

§ 108A-70.17A. Rights of private plaintiff and State.

(a) If the State proceeds with the action, it shall have the primary responsibility for prosecuting the action and shall not be bound by any act of the person initiating the action. The person bringing the action shall have the right to continue as a party to the action, subject to the limitations of this section.

(b) The State may dismiss the action notwithstanding the objections of the person initiating the action if the person has been notified by the State of the filing of the motion, and the court has provided the person with an opportunity for a hearing on the motion.

(c) The State may settle the action with the defendant notwithstanding the objections of the person initiating the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, such hearing may be held in camera.

(d) If the State proceeds with the action, the court may, in its discretion, impose limitations on the person's participation in the litigation as set forth in subsection (e) of this section. Such limitations must be imposed after any of the following:

(1) A showing by the State that unrestricted participation during the course of the litigation by the person initiating the action would interfere with or unduly delay the State's prosecution of the case, or would be repetitious, irrelevant, or for purposes of harassment.

(2) A showing by the defendant that unrestricted participation during the course of the litigation by the person initiating the action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense.

(e) Limitations on participation of the person initiating the action shall include all of the following:

(1) Limiting the number of witnesses the person may call.
(2) Limiting the length of the testimony of such witnesses.
(3) Limiting the person's cross-examination of witnesses.
(4) Other limits on the participation by the person initiating the action in the litigation as the court deems appropriate.

(f) If the State elects not to proceed with the action, the person who initiated the action shall have the right to conduct the action. If the State so requests, it shall be served with copies of all pleadings filed in the action and shall be supplied with copies of all deposition transcripts at the State's expense. When a person initiating the action proceeds with the action, the court, without limiting the status and rights of the person initiating the action, may nevertheless permit the State to intervene at a later date upon a showing of good cause.
Whether or not the State proceeds with the action, upon a showing by the State that certain actions of discovery by the person initiating the action would interfere with the State's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay the discovery for a period of not more than 60 days. The showing by the State shall be conducted in camera. The court may extend the 60-day period upon a further showing in camera that the State has pursued the criminal or civil investigation or proceedings with reasonable diligence and any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or prosecution of the criminal or civil matter.

Notwithstanding G.S. 108A-70.17(b), the State may elect to pursue its claim through any alternate remedy available to the State, including any administrative proceeding to determine a civil money penalty. Any finding of fact or conclusion of law made in the alternate proceeding that has become final shall be conclusive on all parties to an action under this Part. For purposes of this subsection, a finding or conclusion is final if it has been finally determined on appeal by a court of competent jurisdiction of the State, if the time for filing an appeal with respect to the finding or conclusion has expired, or if the finding or conclusions are not subject to judicial review.

§ 108A-70.17B. Award to qui tam plaintiff.

(a) Except as otherwise provided in this section, if the State proceeds with an action brought by a person under G.S. 108A-70.17, the person shall receive at least fifteen percent (15%) but not more than twenty-five percent (25%) of the proceeds of the action or settlement of the claim, if any, depending upon the extent to which the person substantially contributed to the prosecution of the action. The plaintiff's share in the proceeds of the action or settlement is administrative costs of the action. A share of the proceeds of an action or settlement of the claim shall not be awarded to the person initiating the action in State court under this Part if the person has received or may receive a share of the proceeds or settlement on the same facts brought in federal court. Where the action is one that the court finds to be based primarily on disclosures of specific information, other than information proved by the person initiating the action, relating to allegations or transactions in a criminal, civil, or administrative hearing, in a legislative, administrative, or State Auditor's report, hearing, audit, or investigation, or from the news media, the court may reduce the award under this subsection to such sums as it considers appropriate, but in no case more than ten percent (10%) of the proceeds of the action, taking into account the significance of the information and the role of the person initiating the action in advancing the case to litigation.

(b) If the State does not proceed with an action, the person initiating the action or settling the claim shall receive an amount that the court decides is reasonable for collecting the civil penalty and damages, if awarded. The amount shall be not less than twenty-five percent (25%) and not more than thirty percent (30%) of the proceeds of the action or settlement and shall be paid out of the proceeds.

(c) Notwithstanding subsections (a) and (b) of this section, if the person initiating the action is a person who primarily planned and initiated the violation of G.S. 108A-70.12 upon which the action was brought, that person shall be dismissed as a qui tam plaintiff and shall not receive any share of the proceeds of the action. If the person initiating the action is convicted of criminal conduct arising from the person's role in the violation of G.S. 108A-70.12, that person shall be dismissed from the civil action and shall not receive any share of the proceeds of the action. The dismissal shall not prejudice the right of the State to continue the action.

(d) If the State does not proceed with the action and the person initiating the action conducts the action, the court may award to the defendant its reasonable attorneys' fees and expenses if the defendant prevails in the action and if the court finds that the claim of the person bringing the action was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

§ 108A-70.17C. Certain actions barred.
(a) No court shall have jurisdiction over an action brought under this Part based on information discovered by a present or former employee of the State or a political subdivision of the State during the course of the present or former employee's employment unless that employee first, in good faith, exhausted existing internal procedures for reporting and seeking recovery of the falsely claimed sums through official channels, and unless the State or political subdivision failed to act on the information provided within a reasonable period of time.

(b) In no event may a person bring an action under this Part that is based upon allegations or transactions that are the subject of a criminal action, civil action, or an administrative proceeding in which the State is already a party.

(c) No court shall have jurisdiction over an action under this Part based upon the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing, in a legislative, administrative, or State Auditor's report, hearing, audit, or investigation, or from the news media, unless the action is brought by the Attorney General, or the person initiating the action is an original source of the information. For purposes of this section, "original source" means an individual who has direct and independent knowledge of the information on which the allegations are based and has voluntarily provided the information to the State before filing an action under this Part that is based on the information.

(d) The State is not liable for expenses a person incurs in bringing an action under this Part.

(e) G.S. 108A-70.14 and G.S. 108A-70.15 apply to this Part.

"§ 108A-70.17D. Procedure; statute of limitations.

(a) A civil action under this Part may not be brought after the later of either of the following:

(1) More than six years after the date on which the violation is committed.

(2) More than three years after the date when facts material to the right of the action are known or reasonably should have been known by the official of the State charged with responsibility to act in the circumstances.

(b) If the civil action is brought under subdivision (a)(2) of this section, it may not be brought more than 10 years after the date on which the violation is committed."

"§ 108A-70.15. Employee remedies.

(a) In the absence of fraud or malice, no person who furnishes information to officials of the State responsible for investigating false claims violations shall be liable for damages in a civil action for any oral or written statement made or any other action that is necessary to supply information required pursuant to this Part or Part 7A of this Article.

(b) Any employee of a provider who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by the employee's employer because of lawful acts done by the employee on behalf of the employee or others in furtherance of an action under G.S. 108A-70.12, G.S. 108A-70.12, or Part 7A of this Article, including investigation for, initiation of, testimony for, or assistance in an action filed or to be filed under G.S. 108A-70.12, G.S. 108A-70.12, or Part 7A of this Article, shall be entitled to all relief necessary to make the employee whole. Relief shall include reinstatement with the same seniority status as the employee would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees. An employee may bring an action in the appropriate court for the relief provided in this section."

SECTION 10.29.(f) Provided that the Medicaid False Claims State legislation is adopted, and the State legislation meets federal Center for Medicare and Medicaid Services criteria to receive ten percent (10%) bonuses subject to the False Claims Act, the Department of Health and Humans Services, Division of Medical Assistance, shall transfer three hundred

STATE-COUNTY SPECIAL ASSISTANCE

SECTION 10.51.(a) The eligibility of Special Assistance recipients residing in adult care homes on August 1, 1995, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from adoption of the Rate Setting Methodology Report and Related Services, providing these recipients are otherwise eligible. The maximum monthly rate for these residents in adult care home facilities shall be one thousand two hundred thirty-one dollars ($1,231) per month per resident.

SECTION 10.51.(b) Effective January 1, 2009, the maximum monthly rate for residents in adult care home facilities shall be one thousand two hundred seven dollars ($1,207) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section.

SECTION 10.51.(c) The maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars ($1,515) per month per resident unless adjusted by the Department in accordance with subsection (d) of this section.

SECTION 10.51.(d) Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State-County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for State-County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State-County Special Assistance to the Medicaid personal care services for adult care homes (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and prior to implementing this section, the Department may disregard a limited amount of...
income for individuals whose countable income exceeds the adjusted State-County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance rate prior to the adjustment and the Special Assistance rate after the adjustment shall be used to pay a portion of the cost of the ACH-PCS and reduce the Medicaid payment for the individual’s personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH-PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.51.(e) The Department of Health and Human Services shall recommend rates for State-County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates based on appropriate cost methodology and cost reports submitted by adult care homes that receive State-County Special Assistance funds and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers.

SPECIAL ASSISTANCE IN-HOME

SECTION 10.52. The Department of Health and Human Services may use funds from the existing State-County Special Assistance for Adults budget to provide Special Assistance payments to eligible individuals in in-home living arrangements. These payments may be made for up to 1,500 individuals during the 2009-2010 fiscal year and the 2010-2011 fiscal year. The standard monthly payment to individuals enrolled in the Special Assistance in-home program shall be seventy-five percent (75%) of the monthly payment the individual would receive if the individual resided in an adult care home and qualified for Special Assistance, except if a lesser payment amount is appropriate for the individual as determined by the local case manager. For State fiscal year 2009-2010, qualified individuals shall not receive payments at rates less than they would have been eligible to receive in State fiscal year 2008-2009. The Department shall implement Special Assistance in-home eligibility policies and procedures to assure that in-home program participants are those individuals who need and, but for the in-home program, would seek placement in an adult care home facility. The Department's policies and procedures shall include the use of a functional assessment. The Department shall make this in-home option available to all counties on a voluntary basis. To the maximum extent possible, the Department shall consider geographic balance in the dispersion of payments to individuals across the State.

To this end, the allocations shall be adjusted such that at the beginning of the fiscal year the Department shall distribute not less than one-twelfth of the LME's continuation allocation and subtract the amount of the adjusted distribution from the LME's total reimbursements for the fiscal year.

SECTION 10.60.(b) Of the funds appropriated for substance abuse services to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, for the 2009-2010 and 2010-2011 fiscal years, the sum of at least eight million dollars ($8,000,000) shall be allocated for regionally purchased locally hosted substance abuse services. These funds shall be used to support LMEs in establishing additional regionally purchased and locally hosted substance abuse programs. Funds appropriated shall be for the purpose of developing and enhancing the American Society of Addiction Medicine (ASAM) continuum of care at the community level. The Department of Health and Human Services shall work with LMEs in establishing these programs. LMEs shall
report to the Department of Health and Human Services on the LMEs' use of the funds. Reporting dates and frequency shall be as determined by the Department.

SECTION 10.60.(c) The Department shall encourage the conversion of the remaining non-single-stream LMEs to single-stream funding as soon as possible. The Department shall develop prompt-pay guidelines as part of single-stream funding requirements. The Department shall also develop standards for the removal of single-stream designation for those LMEs that do not continue to comply with the applicable requirements for single-stream funding, except that the Department's requirements shall allow for LMEs in the first year of single-stream funding to have a six-month grace period to comply with the requirements from the time the LME begins single-stream funding. For its report on performance measures, the Department shall include a matrix by LME and performance measure of those LMEs that are not meeting the performance measure.

SECTION 10.60.(d) The Department shall perform a services gap analysis of the Mental Health, Developmental Disabilities, and Substance Abuse Services System. The Department of Health and Human Services shall involve LMEs in performing the gap analysis. The Department shall not contract with an independent entity to perform the gap analysis. The Department shall report the results of its analysis to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services not later than January 1, 2010.

These beds or bed days shall be distributed across the State according to need as determined by the Department. The Department shall enter into contracts with the LMEs and community hospitals for the management of these beds or bed days. Local inpatient psychiatric beds or bed days shall be managed and controlled by the LME, including the determination of which local or State hospital the individual should be admitted to pursuant to an involuntary commitment order. Funds shall not be allocated to LMEs but shall be held in a statewide reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the LMEs and billed by the hospitals through the LMEs. LMEs shall remit claims for payment to the Division within 15 working days of receipt of a clean claim from the hospital and shall pay the hospital within 10 working days of receipt of payment from the Division. If the Department determines (i) that an LME is not effectively managing the beds or bed days for which it has responsibility, as
evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not reduced, or (ii) the LME has failed to comply with the prompt payment provisions of this subsection, the Department may contract with another LME to manage the beds or bed days, or, notwithstanding any other provision of law to the contrary, may pay the hospital directly. The Department shall develop reporting requirements for LMEs regarding the utilization of the beds or bed days. Funds appropriated in this section for the purchase of local inpatient psychiatric beds or bed days shall be used to purchase additional beds or bed days not currently funded by or through LMEs and shall not be used to supplant other funds available or otherwise appropriated for the purchase of psychiatric inpatient services under contract with community hospitals, including beds or bed days being purchased through Hospital Pilot funds appropriated in S.L. 2007-323.

**SECTION 10.60.(h)** Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, the sum of one million eight hundred seventy-six thousand two hundred forty-three dollars ($1,876,243) shall be allocated for the START crisis model for developmental disability services. Of these funds, the sum of one million six hundred fifty thousand dollars ($1,650,000) shall be used for telepsychiatry equipment to be owned by the LMEs and shall be distributed across the State according to need as determined by the Department.

**SECTION 10.60.(k)** The independent and supportive living apartments for persons with disabilities constructed from funds appropriated in this act for that purpose shall be affordable to persons with incomes at the Supplemental Security Income (SSI) level.

**SECTION 10.60.(l)** The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall implement the tiered CAP-MR/DD waiver program in accordance with Section 10.49(dd) of S.L. 2007-323. The Department shall implement the program with four tiers: (i) up to seventeen thousand five hundred dollars ($17,500); (ii) between seventeen thousand five hundred one dollars ($17,501) and forty-five thousand dollars ($45,000); (iii) between forty-five thousand one dollars ($45,001) and seventy-five thousand dollars ($75,000); and (iv) between seventy-five thousand one dollars ($75,001) and one hundred thousand dollars ($100,000). The Department shall review on a case-by-case basis tier funding in excess of one hundred thousand dollars ($100,000) and may authorize the excess amount based on standards adopted by the Department.

**SECTION 10.60.(m)** Of the funds appropriated in this act to the Department of Health and Human Services, Division of Medical Assistance, for the 2009-2010 fiscal year for CAP-MR/DD slots, a portion of these funds shall be allocated for slots managed under the North Carolina CAP-MR/DD 1915(c) Medicaid waiver and shall be used for tier one slots as described under Section 10.15(n) of S.L. 2008-107. In addition, a portion of these funds shall be allocated to fund CAP-MR/DD slots statewide to fund a combination of slots managed
General Assembly of North Carolina  
Session 2009

under the North Carolina CAP-MR/DD 1915(c) Medicaid waiver and slots managed under the North Carolina Piedmont Behavioral Health Care 1915(b) and (c) Medicaid waiver.

SECTION 10.60.(n) The Department of Health and Human Services shall implement a plan to catch up Piedmont Behavioral Health (PBH) CAP-MR/DD slots to the State average such that one percent (1%) of the funds for turnover CAP-MR/DD slots shall be transferred each year to PBH until PBH CAP-MR/DD slots reach the State per capita average of slots.

SECTION 10.60.(o) The Department of Health and Human Services shall ensure that veterans and their families comprise one of the target populations for mental health, developmental disabilities, and substance abuse services in order that this population is eligible for existing funding.

SECTION 10.60.(p) The Department of Health and Human Services shall develop a plan to return the service authorization, utilization review, and utilization management functions to LMEs for all clients. Not later than July 1, 2009, utilization review, utilization management, and service authorization for publicly funded mental health, developmental disabilities, and substance abuse services shall be returned to LMEs representing in total at least thirty percent (30%) of the State's population. An LME must be accredited for national accreditation under behavioral health care standards by a national accrediting entity approved by the Secretary and must demonstrate readiness to meet all requirements of the existing vendor contract with the Department for such services in order to provide service authorization, utilization review, and utilization management to Medicaid recipients in the LME catchment area. The Department shall comply with the requirements of S.L. 2007-323, Section 10.49(ee). The Department shall not contract with an outside vendor for service authorization, utilization review, or utilization management functions, or otherwise obligate the State for these functions beyond September 30, 2010. The Department shall require LMEs to include in their service authorization, utilization management, and utilization review, a review of assessments, as well as person-centered plans and random or triggered audits of services and assessments. The Department may also develop and implement a plan to return plan authorization for CAP-MR/DD slots to LMEs.

IMPROVE THE QUALITY OF CARE PROVIDED BY DIRECT CARE STAFF

SECTION 10.61. To enhance the quality of care provided to clients of the Division's State facilities by improving the recruitment and retention of direct care staff, the Department shall partner with the Office of State Personnel to study the turnover rate and salaries of health care technicians. The collaboration should result in the development of a career plan that links compensation to the demonstration of skills and competencies in those position classifications.

TRANSITION OF UTILIZATION MANAGEMENT OF COMMUNITY-BASED SERVICES TO THE LOCAL MANAGEMENT ENTITIES

SECTION 10.62. Consistent with the findings of the Mercer evaluation of Local Management Entities (LMEs), the Department of Health and Human Services shall collaborate with LMEs to enhance their administrative capabilities to assume utilization management responsibilities for the provision of community-based mental health, developmental disabilities, and substance abuse services. The Department may, with approval of the Office of State Budget and Management, use funds available to implement this section.

SENIOR CENTER OUTREACH

1. To expand the outreach capacity of senior centers to reach unserved or underserved areas; or
2. To provide start-up funds for new senior centers.

All of these funds shall be allocated by October 1 of each fiscal year.

SECTION 10.63.(b) Prior to funds being allocated pursuant to this section for start-up funds for a new senior center, the county commissioners of the county in which the new center will be located shall:

1. Formally endorse the need for such a center;

### Section 10.64.(b)
Changes in Federal Fund Availability
- If the Congress of the United States increases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Department shall not propose funding for new programs or activities not appropriated in this section.

- If the Congress of the United States decreases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall reduce State administration by at least the percentage of the reduction in federal funds. After determining the State administration, the remaining reductions shall be allocated proportionately across the program and activity appropriations identified for that Block Grant in this section.

- Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

### Section 10.64.(c)
Appropriations from federal block grant funds are made for the fiscal year ending June 30, 2011, according to the schedule enacted for State fiscal year 2009-2010 or until a new schedule is enacted by the North Carolina General Assembly.

### Section 10.64.(d)
All changes to the budgeted allocations to the Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and a report shall be submitted to the Joint Legislative Commission on Governmental Operations for review prior to implementing the changes. All changes to the budgeted allocations to the Block Grant shall be reported immediately to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

### Section 10.64.(e)
Payment for subsidized child care services provided with federal TANF funds shall comply with all regulations and policies issued by the Division of Child Development for the subsidized child care program.
SECTION 10.64.(f) If funds appropriated through the Child Care and Development Fund Block Grant for any program cannot be obligated or spent in that program within the obligation or liquidation periods allowed by the federal grants, the Department may move funds to child care subsidies, unless otherwise prohibited by federal requirements of the grant, in order to use the federal funds fully.

ADDITIONAL CHILD CARE AND DEVELOPMENT BLOCK GRANT

SECTION 10.64.(g) Funds from the Child Care and Development Block Grant made available through the American Reinvestment and Recovery Act shall be used to increase access to child care subsidy to the maximum extent possible and shall not be used to supplant other appropriations, regardless of the funding source, for child care subsidy. To help address the economic downturn and increasing unemployment in North Carolina, the Department of Health and Human Services, Division of Child Development shall temporarily adopt policies that facilitate and expedite the prudent expenditure of these funds as follows:

1. Permit the local purchasing agencies to issue time-limited vouchers to assist counties in managing onetime, nonrecurring subsidy funding,
2. Extend the current 30/60 day job search policy to six months when a recipient experiences a loss of employment,
3. Provide an upfront job search period of six months for former recipients that have lost employment since October 1, 2008,
4. Provide a job search period of six months for recipients that complete school and are entering the job market,
5. Notwithstanding any other provision of law, extend the 24-month education time limit and additional 12 months for a child care recipient that has lost a job since October 1, 2008, or otherwise need additional training to enhance their marketable skills for job placement due to the economic downturn and that have depleted their 24-month allowable education time.
6. Lower the number of hours a parent must be working in order to be eligible for subsidy to assist parents who are continuing to work but at reduced hours.

These principles shall apply to persons receiving subsidy prior to September 30, 2011, when the Child Care and Development Block grant funds received through the American Reinvestment and Recovery Act are required to be spent or returned to the federal government.

FOUNDER'S CREDIT

SECTION 24.3.(a) G.S. 105-130.5(b) is amended by adding a new subdivision to read:

"(b) The following deductions from federal taxable income shall be made in determining State net income:

…

(23) The amount of any exclusion of gain for qualified businesses allowed under Part 5 of this Article, to the extent included in federal taxable income, less the amount of the credits recaptured pursuant to G.S. 105-163.021; provided however, that a taxpayer is not required to claim this exclusion."

SECTION 24.3.(b) G.S. 105-134.6(b) is amended by adding a new subdivision to read:

"(b) Deductions. – The following deductions from taxable income shall be made in calculating North Carolina taxable income, to the extent each item is included in taxable income:

…

(19) The amount of the exclusion of gain for qualified businesses allowed under Part 5 of this Article, less the amount of the credits recaptured pursuant to G.S. 105-163.021; provided however, that a taxpayer is not required to claim this exclusion."

SECTION 24.3.(c) Part 5 of Article 4 of Chapter 105 of the General Statutes is amended by adding the following sections:

"§ 105-163.020. Exclusion of gain allowed.

(a) Election. – A taxpayer may elect to exclude from the taxpayer's income taxable under this Article any gain or other taxable income recognized for federal income tax purposes from the sale or exchange of qualified securities.
(b) Pass-Through Entity. – Except as provided in subsection (c) of this section, a taxpayer that is an owner of a pass-through entity may exclude from the taxpayer's income taxable under this Article an amount equal to the taxpayer's allocated share of the exclusion for which the pass-through entity is eligible under subsection (a) of this section.

(c) Qualified Grantee Pass-Through Entity. – If a taxpayer is an owner of a pass-through entity that was a qualified grantee business at the time of the taxpayer's investment in the pass-through entity, the taxpayer may exclude from the taxpayer's income taxable under this Article an amount equal to the gain or other taxable income recognized as a result of the taxpayer's ownership in the pass-through entity, multiplied by a fraction, the numerator of which is the total amount invested by the pass-through entity in qualified businesses and the denominator of which is the total amount invested by the pass-through entity. For purposes of this subsection, the amounts invested by a pass-through entity shall be the amounts invested immediately before the pass-through entity's sale or exchange producing the gain or taxable income excluded under this subsection.

"§ 105-163.021. Recapture of credit."

If a taxpayer claims an exclusion of gain from income pursuant to G.S. 105-163.020, the income tax of the taxpayer for the tax year for which the exclusion is claimed shall be increased by the amount of all credits previously claimed by the taxpayer pursuant to G.S. 105-163.011 with respect to qualified securities that (i) have been sold or exchanged and (ii) the gain from which has been excluded pursuant to G.S. 105-163.020.

"§ 105-163.022. Qualified securities."

(a) Qualifed Security. – Except as otherwise provided in this section, any equity security or subordinated debt instrument issued by a qualified business is a qualified security if it satisfies all of the following conditions:

(1) It is originally issued by the business on or after January 1, 2010.

(2) As of the date of issuance, the issuing business is a qualified business.

(3) The security or instrument is acquired by the taxpayer at its original issue in exchange for any tangible or intangible property or benefit to the business, including cash, promissory notes, services performed, contracts for services to be performed, or other equity securities of the business.

(4) It is held by the taxpayer for a continuous period of more than one year.

(5) No broker's fee or commission or other similar remuneration is paid or given directly or indirectly for soliciting the purchase.

(6) If the security or instrument was purchased by a pass-through entity, the entity met the requirements of G.S. 105-163.011(b1) at the time of purchase.

(b) Registration. – Securities of a qualified business acquired before the effective date of its registration are not qualified securities. Revocation of the registration of a qualified business pursuant to G.S. 105-163.010A does not affect the exclusion of gain from qualified securities acquired while the registration was in effect if all conditions for registration are satisfied.

(c) Effect of Redemptions and Other Distributions. – An equity security or subordinated debt instrument is not a qualified security to the extent the taxpayer purchased it with the proceeds of a redemption, dividend, or distribution made by the business that issued the security or instrument. For the purpose of this subsection, when a business makes a redemption, dividend, or distribution during the four-year period beginning two years before the issuance of securities or instruments to a taxpayer, the taxpayer is considered to have used the proceeds of the redemption, dividend, or distribution toward the purchase of the securities or instruments. A redemption, dividend, or distribution occurs when the business issuing the security or instrument does either of the following:
Purchases, directly or indirectly, any of its outstanding equity securities or subordinated debt, other than qualified securities, from the taxpayer or a related person.

(2) Declares a dividend or makes a distribution with respect to any of its outstanding equity securities or subordinated debt, other than qualified securities, to the taxpayer or a related person. This subdivision does not apply, however, to a distribution in connection with one of the following:

a. The reimbursement to the taxpayer of the reasonable costs of forming, syndicating, managing, and operating the business.

b. An increase in the taxpayer's taxes, penalties, or interest to the extent the increase is caused by the allocation to the taxpayer of income of the business.

The repayment of principal on subordinated debt is a purchase of the debt except to the extent the repayment is repayment of principal due on the subordinated debt at its maturity pursuant to the terms of the subordinated debt instrument. If a transaction is treated under section 304(a) of the Code as a distribution in redemption of the equity securities of a business, that business has, for the purpose of this subsection, purchased an amount of its equity securities equal to the amount treated as such a distribution under section 304(a) of the Code.

(d) Exception for Certain Transactions. – The following transactions are not treated as a redemption or distribution for the purposes of subsection (c) of this section:

(1) Any deemed liquidation of a business pursuant to section 708(b)(1)(A) of the Code by reason of the business becoming a disregarded entity for federal tax purposes, to the extent there is no actual distribution of money or other property to the taxpayer or a related person.

(2) Any deemed distribution or redemption by reason of a technical termination of a business pursuant to section 708(b)(1)(B) of the Code to the extent there is no actual distribution of money or other property to the taxpayer or a related person.

(e) Conversion of Other Securities. – Any equity security or subordinated debt instrument issued by a business and acquired by the taxpayer solely through the conversion of another equity security or subordinated debt instrument that was issued by the business and was a qualified security in the hands of the taxpayer is considered, for the purpose of this section, a qualified security in the hands of the taxpayer and acquired by the taxpayer on the date the taxpayer acquired the converted qualified security.

(f) Transfers. – In the case of a transfer by gift, by death, or from a pass-through entity to one of its owners, the transferee is considered, for the purpose of this section, to have acquired the qualified security in the same manner as the transferor and to have held it during any continuous period immediately preceding the transfer during which it was held or treated as held by the transferor.

In the case of a transaction described in section 351 or 721 of the Code or a reorganization described in section 368 of the Code, if qualified securities are exchanged for other securities, the other securities are considered, for the purpose of this section, qualified securities acquired on the date the exchanged qualified securities were acquired. In the case of a transaction described in section 351 or 721 of the Code, the newly acquired securities are considered qualified securities, however, only if, immediately after the transaction, the business issuing the securities owns, directly or indirectly, securities representing control, within the meaning of section 368(c) of the Code, of the business whose securities were exchanged.

§ 105-163.023. Limitations.

(a) Contributions and Exchanges of Property. – In the case of a transaction described in section 351 or 721 of the Code or a reorganization described in section 368 of the Code, if a
taxpayer contributes property to or exchanges property with a qualified business, the following rules apply:

(1) Qualified securities exchanged for property. – Except as otherwise provided in subdivision (3) of this subsection, a taxpayer who transfers property to a business in exchange for qualified securities in the business must, for purposes of determining North Carolina taxable income, recognize gain equal to the amount by which the fair market value of the property exceeded the taxpayer's basis in the property on the date the property was exchanged for the qualified securities. This gain must be recognized for the years for which the taxpayer claims an exclusion of gain under this Part with respect to the disposition of qualified securities received in exchange for the property.

(2) Contributions to capital. – Except as otherwise provided in subdivision (3) of this subsection, if the adjusted basis of a qualified security is adjusted due to a contribution to capital after the date the qualified security was issued originally, for purposes of determining North Carolina taxable income, the taxpayer must recognize gain equal to the amount by which the fair market value of the contributed property exceeded the taxpayer's basis in the property on the date the property was contributed. This gain must be recognized for the years for which the taxpayer claims an exclusion of gain under this Part with respect to the disposition of the qualified securities.

(3) Disposition of contributed property. – If a qualified business disposes of property contributed to it, the disposition occurs before the taxpayer who contributed the property claims an exclusion of gain pursuant to this Part with respect to qualified securities affected by the contribution, and the taxpayer recognizes gain from the disposition, then for purposes of subdivisions (1) and (2) of this subsection, the taxpayer's basis in the contributed property is increased by any gain the taxpayer recognized from the disposition.

(b) Transactions That Substantially Reduce the Risk of Loss. – If a taxpayer has entered into any transaction that substantially reduces the risk of loss from holding the qualified securities, there is no exclusion of gain under this Part from the sale or exchange of the qualified securities unless the taxpayer entered into the transaction on or after January 1, 2010, and elects to recognize gain as if the qualified securities were sold at fair market value on the date the taxpayer first entered into that transaction. The following are examples of a transaction that substantially reduces the risk of loss from holding the qualified securities:

(1) The taxpayer or a related person has made a short sale of substantially identical property.

(2) The taxpayer or a related person has acquired an option to sell substantially identical property at a fixed price."

**TOTALS** $17,600,000

**SECTION 25.3.(b)** Where the actual costs are different from the estimated costs under subsection (a) of this section, the Department may adjust the allocations among projects as needed. If any projects funded under subsection (a) of this section are delayed and the budgeted State funds cannot be used during the 2009-2010 fiscal year, or if the projects funded under subsection (a) of this section are accomplished at a lower cost, the Department may use the resulting fund availability to fund any of the following:

1. U.S. Army Corps of Engineers project feasibility studies.
2. U.S. Army Corps of Engineers projects whose schedules have advanced and require State-matching funds in fiscal year 2009-2010.
3. State-local water resources development projects.

Funds not expended or encumbered for these purposes shall revert to the General Fund at the end of the 2010-2011 fiscal year.

**SECTION 25.3.(c)** The Department shall make semiannual reports on the use of these funds to the Joint Legislative Commission on Governmental Operations, the Fiscal Research Division, and the Office of State Budget and Management. Each report shall include all of the following:

1. All projects listed in this section.
2. The estimated cost of each project.
3. The date that work on each project began or is expected to begin.
4. The date that work on each project was completed or is expected to be completed.
5. The actual cost of each project.

The semiannual reports shall also show those projects advanced in schedule, those projects delayed in schedule, and an estimate of the amount of funds expected to revert to the General Fund.

**PROCEDURES FOR DISBURSEMENT OF CAPITAL FUNDS**

**SECTION 25.4.** The appropriations made by the 2009 General Assembly for capital improvements shall be disbursed for the purposes provided by this act. Expenditure of funds shall not be made by any State department, institution, or agency until an allotment has been approved by the Governor as Director of the Budget. The allotment shall be approved only after full compliance with the State Budget Act, Chapter 143C of the General Statutes. Prior to the award of construction contracts for projects to be financed in whole or in part with self-liquidating appropriations, the Director of the Budget shall approve the elements of the method of financing of those projects including the source of funds, interest rate, and liquidation period. Provided, however, that if the Director of the Budget approves the method...
of financing a project, the Director shall report that action to the Joint Legislative Commission  
on Governmental Operations at its next meeting.

Where direct capital improvement appropriations include the purpose of furnishing  
fixed and movable equipment for any project, those funds for equipment shall not be subject to  
transfer into construction accounts except as authorized by the Director of the Budget. The  
expenditure of funds for fixed and movable equipment and furnishings shall be reviewed and  
approved by the Director of the Budget prior to commitment of funds.

Capital improvement projects authorized by the 2009 General Assembly shall be  
completed, including fixed and movable equipment and furnishings, within the limits of the  
amounts of the direct or self liquidating appropriations provided, except as otherwise provided  
in this act.

**BIOMEDICAL RESEARCH IMAGING CENTER**

**SECTION 25.5.(a)_ctl_** The General Assembly finds that continuing the construction  
of the Biomedical Research Imaging Center at the University of North Carolina at Chapel Hill  
is a vital component of the State's efforts to improve the health and wellness of its citizens. The  
General Assembly also finds that the construction of the Center will generate significant  
economic benefits to the State and its people, including more than 7,800 jobs and more than  
five hundred million dollars ($500,000,000) in total economic impact.

**SECTION 25.5.(b)_ctl_** In addition to ten million dollars ($10,000,000) appropriated  
herein for FY 2009-2010, it is the intention of the General Assembly to authorize a total of two  
hundred twenty-nine million five hundred thousand dollars ($229,500,000) of debt financing in  
subsequent years to complete the Biomedical Research Imaging Center. Debt repayment will  
be shared, with the General Fund providing seventy percent (70%) of debt service, the  
University of North Carolina at Chapel Hill providing fifteen percent (15%), and UNC  
Hospitals providing fifteen percent (15%) of debt service. In order to meet the cash flow  
requirements for construction of the project, it is anticipated that the following debt issuance  
schedule will be required:

<table>
<thead>
<tr>
<th>Fiscal Year</th>

<tbody>
<tr>
<td>2010-2011</td>

<tr>

</tr>
<tr>
<td>2013-2014</td>
<td>$4,500,000</td>
</tr>
</tbody>

**SECTION 25.5.(c)_ctl_** In order to maximize savings in the construction market, the  
General Assembly authorizes UNC-Chapel Hill and UNC Health Care to use interim financing  
to keep this project on schedule, in an amount not to exceed twenty-five million dollars  
($25,000,000), from funds available to the University of North Carolina at Chapel Hill from  
gifts, grants, receipts, self-liquidating indebtedness, Medicare reimbursements for education  
costs, or other funds, or any combination of these funds, but not including funds received for  
tuition or appropriated from the General Fund of the State. This financing will be subject to the  
approval of the President and the Board of Governors of the University of North Carolina. All  
interim debt will be reimbursed to the UNC-Chapel Hill and UNC Health Care from the  
proceeds of permanent indebtedness issued by the State pursuant to the schedule of issuance  
authorized in this provision and will be accomplished within 60 days of issuance.

**BIOMEDICAL RESEARCH IMAGING CENTER INCOME FROM PATENTS**

**SECTION 25.6.** In light of the significant financial support that the State provides  
to the Biomedical Research Imaging Center (BRIC), it is fitting for the State to share in any  
financial opportunities made possible by the State's support. To this end, the State shall receive
10% of the gross royalties derived from licensing or income from assignment or
sale of any patent resulting from research or other activities conducted at, by or under the
auspices of the BRIC, or developed with the aid of the BRIC's facilities, staff, or funds. This
provision shall supersede any other provision, statute, policy, rule, or regulation regarding
income from patents related to the BRIC.

CAPITAL IMPROVEMENT PROJECTS UTILIZING FEDERAL RECOVERY FUNDS

SECTION 25.7.(a) Notwithstanding the provisions of Article 8 of Chapter 143C of
the General Statutes, the Director of the Budget may authorize the construction of a capital
improvement project not specifically authorized by the General Assembly if such project is to
be funded by the American Recovery and Reinvestment Act of 2009. The Director of the
Budget shall report to the Joint Legislative Commission on Governmental Operations on any
capital project authorization made under this subsection no later than 30 days after making the
authorization.

Prior to authorizing the construction of a capital improvement project with an
estimated cost greater than two million dollars ($2,000,000), the Director shall consult with the
Joint Legislative Commission on Governmental Operations. If the Commission does not hold a
meeting to hear the consultation within 30 days of receiving the submission of the report, the
consultation requirement is satisfied.

SECTION 25.7.(b) Effective Date – This section is effective when it becomes law.
