## GENERAL ASSEMBLY OF NORTH CAROLINA **SESSION 2013**

Η

## HOUSE DRH70187-LM-17 (01/30)

	Short Title:	Rewrite Underground Damage Prevention Act. (Public)
	Sponsors:	Representatives Hager, Moffitt, and Murry (Primary Sponsors).
	Referred to:	
1		A BILL TO BE ENTITLED
2	AN ACT REW	RITING THE LAWS REGULATING UNDERGROUND UTILITY DAMAGE
3	PREVENT	
4		ssembly of North Carolina enacts:
5		<b>CTION 1.</b> Article 8 of Chapter 87 of the General Statutes is repealed.
6		CTION 2. Chapter 87 of the General Statutes is amended by adding the
7	following new	Article to read:
8		" <u>Article 8A.</u>
9		"Underground Utility Safety and Damage Prevention Act.
10	" <u>§ 87-115. Sho</u>	
11		e may be cited as the "Underground Utility Safety and Damage Prevention Act."
12		claration of policy and purpose.
13		al Assembly of North Carolina hereby declares as a matter of public policy that it
14		protect the citizens and workforce of this State from the dangers inherent in
15		demolishing in areas where underground lines, systems, or infrastructure are
16		the surface of the ground, and it is necessary to protect from costly damage
17		acilities used for producing, storing, conveying, transmitting, or distributing
18		, petroleum, petroleum products, hazardous liquids, water, steam, or sewage. In
19		out this public policy and to satisfy these compelling interests, the General
20		enacted the provisions of this Article providing for a systematic, orderly, and
21		ss to identify existing facilities in advance of any excavation or demolition in this
22		plement safe digging practices.
23 24	" <u>§ 87-117. Def</u>	
24 25		ing definitions apply in this Article:
23 26	<u>(1)</u>	<u>APWA. – The American Public Works Association or its successor</u>
20 27	( <b>2</b> )	organization or entity.
27	<u>(2)</u>	<u>Business continuation plan. – A plan that includes actions to be taken in an</u> effort to provide uninterrupted service during catastrophic events.
28 29	(2)	Contract Locator. – A person hired by an operator to identify and mark
29 30	<u>(3)</u>	· · · ·
30 31	(A)	facilities.
31 32	<u>(4)</u>	<u>Damage. – The substantial weakening of structural or lateral support of a</u> facility; penetration or destruction of protective coating, housing, or other
52 33		protective device of a facility; or the partial or complete severance of a
33 34		facility.
54		<u>raenny.</u>

	General Assemb	oly of North Carolina	Session 2013
1	<u>(5)</u>	Demolish or demolition Any operation by which a st	ructure or mass of
2		material is wrecked, razed, rendered, moved, or remov	
3		including the use of any tools, equipment, or discharge of	
4	(6)	Designer. – Any architect, engineer, or other person who	±
5		drawing or blueprint for a construction or other pro-	pject that requires
6		excavation or demolition work.	
7	<u>(7)</u>	Design notice A communication to the Notification	Center in which a
8		request for identifying existing facilities for advance pla	anning purposes is
9		made. A design notice may not be used for excavation pur	poses.
10	<u>(8)</u>	Emergency An event involving a clear and immine	ent danger to life,
11		health, or property, the interruption of essential utilit	y services, or the
12		blockage of transportation facilities, including high	<u>ghways, railways,</u>
13		waterways, or airways that require immediate action.	
14	<u>(9)</u>	Excavate or excavation. – An operation for the purpose of	
15		removal of earth, rock, or other materials in or on the	-
16		manual or mechanized equipment or by discharge of ex	
17		but not limited to, auguring, backfilling, boring, digging	
18		directional drilling, driving, grading, horizontal direction	
19		drilling, plowing-in, pounding, pulling-in, ripping, scrapi	ing, trenching, and
20		tunneling.	
21	<u>(10)</u>	Excavator. – A person engaged in excavation or demolitio	
22	<u>(11)</u>	Extraordinary circumstances Circumstances that make	-
23		the operator to comply with the provisions of this	Article, including
24	(10)	hurricanes, tornadoes, floods, ice, snow, and acts of God.	1 1
25 26	<u>(12)</u>	Facility. – Any underground line, underground system	
26 27		infrastructure used for producing, storing, convey	
27 28		identifying, locating, or distributing communication,	
28 29		petroleum, petroleum products, hazardous liquids, water, Provided there is no encroachment on any operator's right	
30		or permitted use, for the purposes of this Article, the foll	•
31		considered an underground facility: (i) swimming po	
32		systems; (ii) petroleum storage systems under Part 2A	
33		Chapter 143 of the General Statutes; (iii) septic tanks u	
34		Chapter 130A of the General Statutes; and (iv) liquef	
35		systems under Article 5 of Chapter 119 of the General S	· · · · · ·
36		system is subject to Title 49 C.F.R. § 192 or § 195.	,
37	<u>(13)</u>	Locator. – An individual who identifies and marks facilities	es for operators.
38	(14)	Mechanized equipment. – Equipment operated by mea	ans of mechanical
39		power including, but not limited to, trenchers, bulldoze	rs, power shovels,
40		augers, backhoes, scrapers, drills, horizontal directional dr	ills, cable and pipe
41		plows, and other equipment used for plowing-in or pulling	<u>g-in cable or pipe.</u>
42	<u>(15)</u>	Nonmechanized equipment. – Hand tools.	
43	<u>(16)</u>	Notice Oral, written, or electronic communication t	to the Notification
44		Center from any person planning to excavate or demolis	
45		informs an operator of the person's intent to excavate or de	
46	<u>(17)</u>	Notification Center A North Carolina member-ow	
47		corporation sponsored by operators that will (i) provide	
48		which a person can notify operators of proposed	
49		demolitions; (ii) maintain information concerning receip	
50		proposed excavation and demolition activities as provid	
51		and (iii) maintain information received from operato	rs concerning the

	General Assemb	ly of North Carolina	Session 2013
1		location of the operators' facilities and the operator	rs' positive responses to
2		marking of the facilities. The Notification Center is	
3		way for identifying or marking facilities for oper	
4		Center is not an agency of the State or any	
5		subdivisions, and is not subject to the provisions of	
6		133 of the General Statutes.	<u> </u>
7	(18)	Operator. – Any person, public utility, communic	ations or cable service
8		provider, municipality, electrical utility, or electric of	or telephone cooperative
9		that owns or operates a facility in this State.	
0	<u>(19)</u>	Person Any individual, owner, corporation, part	tnership, association, or
1		any other entity organized under the laws of a	ny state, any political
2		subdivision of a state, or any other instrumental	lity of a state, or any
3		authorized representative thereof.	
4	<u>(20)</u>	Positive response An automated information	n system that allows
5		excavators, locators, operators, and other interested	parties to determine the
6		status of a locate request.	
7	<u>(21)</u>	Subaqueous A facility that is under a body of	water, including rivers,
8		streams, lakes, waterways, swamps, and bogs.	
9	<u>(22)</u>	Tolerance zone If the diameter of the facility is	known, the distance of
20		one-half of the known diameter plus 24 inches	on either side of the
21		designated center line or, if the diameter of the fac	cility is not marked, 24
22		inches on either side of the outside edge of the mark	
23		for subaqueous facilities, a clearance of 15 feet	on either side of the
24		indicated facility.	
25	<u>(23)</u>	Working day Every day, except Saturday, Sunday,	or State legal holidays.
26		ve to the State the power to regulate.	
27		ns in this Article supersede and preempt any ordinan	<u>ce adopted by a city or</u>
.8	• • •	orts to do any of the following:	
.9	<u>(1)</u>	Require operators to obtain permits from a city or co	ounty in order to identify
80		facilities.	
1	<u>(2)</u>	Require pre-marking or marking of facilities.	1
2	<u>(3)</u>	Specify the types of paint or other marking devices	that are used to identify
3		facilities.	
4	<u>(4)</u>	Require removal of unexpired marks. The removal of	f expired marks shall be
5		the responsibility of the city or county.	
36		s associated with compliance; effect of permit.	
37	•	expenses associated with an excavator's compliance v	-

		tober 1, 2013, must remain members. Operators	
51	existence on OC	noter 1, 2015, must remain members. Operators	with more than 50,000

## General Assembly of North Carolina

1			00 miles of facilities who are not members on October 1, 2013, must join no
2			ber 1, 2014. Operators with more than 25,000 customers or 500 miles of
3			e not members on October 1, 2013, must join no later than October 1, 2015. All
4			o not meet one of the criteria provided in this subsection and Divisions 1-14 in
5			of Transportation, Transportation Program and Asset Management function,
6 7			er than October 1, 2016. The board of directors of the Notification Center shall
7 8	-		sonable method of apportioning the costs of operating the Notification Center
8 9			per operators.
9 10	<u>(c)</u>		Notification Center shall have the following duties and responsibilities: Maintain a record of the notices received under subsection (d) of this section
10		<u>(1)</u>	for at least four years.
11		(2)	Receive and transmit notices as provided in subsection (d) of this section.
12		$\frac{(2)}{(3)}$	Develop and update, as needed, a business continuation plan.
13 14			Provide a positive response system.
14		$\frac{(4)}{(5)}$	Establish and operate a damage prevention training program for members of
15 16		<u>(J)</u>	the Notification Center. No person may recover damages in any manner or
17			form from the Notification Center arising out of or related to the manner in
18			which the Notification Center conducts a damage prevention training
19			program.
20	(d)	The N	Notification Center shall receive notice from any person intending to excavate
20		-	he State and shall, at a minimum, transmit the following information to the
22	appropria		
23	<u>uppropria</u>	<u>(1)</u>	The name, address, and telephone number of the person providing the notice
24		<u>(1)</u>	and, if different, the person responsible for the proposed excavation or
25			demolition.
26		(2)	The starting date of the proposed excavation or demolition.
27		$\underline{(3)}$	The anticipated duration of the proposed excavation or demolition.
28		(4)	The type of proposed excavation or demolition operation to be conducted.
29		(5)	The location of the proposed excavation or demolition.
30		(6)	Whether or not explosives are to be used in the proposed excavation or
31		<u> </u>	demolition.
32	" <u>§</u> 87-121	L. Facil	ity operator responsibilities.
33	<u>(a)</u>	An op	perator shall provide to the excavator the following:
34		(1)	The horizontal location and description of all of the operator's facilities in
35			the area where the proposed excavation or demolition is to occur. The
36			location shall be marked by stakes, soluble paint, flags, or any combination
37			thereof, as appropriate, depending upon the conditions in the area of the
38			proposed excavation or demolition. The operator shall, when marking as
39			provided under this subdivision, use the APWA Uniform Color Code. If the
40			diameter or width of the facility is greater than four inches, the dimension of
41			the facility shall be indicated at least every 25 feet in the area of the
42			proposed excavation or demolition. An operator who operates multiple
43			facilities in the area of the proposed excavation or demolition shall locate
44			each facility.
45		<u>(2)</u>	Any other information that would assist the excavator in identifying and
46			thereby avoiding damage to the marked facilities.
47	<u>(b)</u>		ss otherwise provided in a written agreement between the operator and the
48		-	perator shall provide to the excavator the information required by subsection (a)
49	of this see		ithin the times provided below:
50		<u>(1)</u>	For a facility, within three full working days after the day notice of the
51			proposed excavation or demolition was provided to the Notification Center.

	General Assembly of North Carolina Session 2013
1	(2) For a subaqueous facility, within 10 full working days after the day notice of
2	the proposed excavation or demolition was provided to the Notification
3	Center.
4	(3) If the operator declares an extraordinary circumstance, the times provided in
5	this subsection shall not apply.
6	(c) The operator shall provide a positive response to the Notification Center before the
7	expiration of the time provided in subsection (b) of this section. The response shall indicate
8	whether and to what extent the operator is able to provide the information required by
9	subsection (a) of this section to respond to the notice from the excavator.
10	(d) If the operator determines that provisions for marking subaqueous facilities are
11	required, the operator will provide a positive response to the Notification Center not more than
12	three full working days after notice has been provided by the excavator.
13	(e) If extraordinary circumstances prevent the operator from marking the location of the
14	facilities within the time specified in subsection (b) of this section, the operator shall either
15	notify the excavator directly or notify the excavator through the Notification Center. When
16	providing the notification under this subsection, the operator shall state the date and time when
17	the location will be marked.
18	(f) An operator shall prepare or cause to be prepared installation records of all facilities
19	installed on or after the date this Article becomes effective in a public street, alley, or
20	right-of-way dedicated to public use, excluding service drops and services lines. The operator
21	shall maintain these records in the operator's possession while the facility is in service.
22	(g) All facilities installed by or on behalf of operators on or after the date this Article
23	becomes effective shall be electronically locatable using a locating method that is generally
24	accepted by operators in the particular industry or trade in which the operator is engaged.
25	(h) A locator shall notify the operator if the locator becomes aware of an error or
26	omission in the records or documentation showing the location of the operator's facilities. The
27	operator must update its records to correct any error or omission.
28	(i) An operator may reject an excavation or demolition notice due to homeland security
29	considerations based upon federal statutes or federal regulations until the operator can confirm
30	the legitimacy of the notice. The operator shall notify the person making the notice of the
31	denial and may request additional information through the positive response system.
32	(j) <u>Gravity fed sanitary sewers</u> installed prior to the date this Article becomes effective
33	and all storm water facilities shall be exempt from the location requirements provided in
34	subsection (a) of this section. Neither the excavator nor the person financially responsible for
35	the excavation will be liable for any damage to an unmarked gravity fed sanitary sewer line or
36	unmarked storm water facility if the person doing the excavation exercises due care to protect
37	existing facilities when there is evidence of the existence of those facilities near the proposed
38	excavation area.
39 40	(k) An operator who does not become a member of the Notification Center as required by $C = 87,120$ (k) may not measure for demographic to a facility around by an executor who has
40	by G.S. 87-120(b) may not recover for damages to a facility caused by an excavator who has
41	complied with the provisions of this Article and has exercised reasonable care in the
42	performance of the excavation or demolition.
43	" <u>§ 87-122. Excavator responsibilities.</u>
44 45	(a) Before commencing any excavation or demolition operation, the person responsible
	for the excavation or demolition shall provide or cause to be provided notice to the Notification
46 47	<u>Center of his or her intent to excavate or demolish. Notice for any excavation or demolition that</u> does not involve a subaqueous facility must be given within three to 12 full working days
47	before the proposed commencement date of the excavation or demolition. Notice for any
48 49	excavation or demolition in the vicinity of a subaqueous facility must be given within 10 to 20
49 50	full working days before the proposed commencement date of the excavation or demolition.
50 51	Notice given pursuant to this subsection shall expire 15 full working days after the date notice
51	Trouce given pursuant to this subsection shall explice 15 turn working days after the date notice

## **General Assembly of North Carolina** Session 2013 1 was given. No excavation or demolition may continue after this 15-day period unless the 2 person responsible for the excavation or demolition provides a subsequent notice which shall 3 be provided in the same manner as the original notice required by this subsection. When 4 demolition of a building is proposed, the operator shall be given a reasonable time in which to 5 remove or protect the operator's facilities before the demolition commences. 6 The notice required by subsection (a) of this section shall, at a minimum, contain all (b) 7 of the following: 8 (1)The name, address, and telephone number of the person providing the notice. 9 (2) The anticipated starting date of the proposed excavation or demolition. The anticipated duration of the proposed excavation or demolition. 10 (3) 11 (4)The type of proposed excavation or demolition operation to be conducted. The location of the proposed excavation or demolition, not to exceed 12 (5) 13 one-quarter mile in geographical length, or five adjoining addresses, not to 14 exceed one-quarter mile in geographical length. 15 Whether or not explosives are to be used in the proposed excavation or (6) demolition. 16 17 An excavator shall comply with the following: (c) 18 (1)When the excavation area cannot be clearly and adequately identified within 19 the area described in the notice, the excavator shall designate the route, 20 specific area to be excavated, or both by pre-marking the area before the 21 operator performs a locate. Pre-marking shall be made with soluble white 22 paint, white flags, or white stakes. 23 Confirm through the Notification Center's positive response system prior to (2) 24 excavation or demolition that all operators have responded and that all 25 facilities that may be affected by the proposed excavation or demolition have 26 been marked. 27 Plan the excavation or demolition to avoid damage to or minimize (3) 28 interference with facilities in or near the construction area. 29 Begin excavation or demolition prior to the specified waiting period only if (4) 30 the excavator has confirmed that all operators have responded with an 31 appropriate positive response. 32 If the operator declares extraordinary circumstances, the excavator shall not (5) 33 excavate or demolish until after the time and date that the operator has 34 provided in the operator's response. 35 If an operator fails to respond to the positive response system, the excavator (6)36 may proceed if there are no visible indications of a facility at the proposed 37 excavation or demolition area, such as a pole, marker, pedestal, meter, or 38 valve. However, if the excavator is aware of or observes indications of an 39 unmarked facility at the proposed excavation or demolition area, the 40 excavator shall not begin excavation or demolition until an additional call is 41 made to the Notification Center detailing the facility and an arrangement is 42 made for the facility to be marked by the operator within three hours from 43 the time the additional call is received by the Notification Center. 44 Beginning on the date provided in the excavator's notice to the Notification (7) 45 Center, the excavator shall preserve the staking, marking, or other designation until they are no longer required. When a mark is no longer 46 47 visible or is destroyed, but the excavation or demolition continues in the 48 vicinity of the facility, the excavator shall request a re-mark from the 49 Notification Center to ensure the protection of the facility.

General Assemb	oly of North Carolina	Session 2013
<u>(8)</u>	When demolition of a building is proposed, the exc	avator shall give the
	operator a reasonable time in which to remove or p	-
	facilities before demolition commences.	-
<u>(9)</u>	An excavator shall not perform any excavation or d	lemolition within the
	tolerance zone unless the excavator complies with	all of the following
	conditions:	
	<u>a.</u> <u>The excavator shall not use mechanized</u>	equipment, except
	noninvasive equipment specifically designed of	
	the integrity of the facility, within the marked	tolerance zone of an
	existing facility until:	
	<u>1.</u> <u>The excavator has visually identified th</u>	ne precise location of
	the facility or has visually confirmed that	t no facility is present
	up to the depth of excavation; and	
	2. The excavator has taken reasonable pre-	cautions to avoid any
	substantial weakening of the facility's	structural or lateral
	support, or both, or penetration or destru	action of the facilities
	or their protective coatings; and	
	3. <u>The excavator may use mechanical mea</u>	ans, as necessary, for
	the initial penetration and removal of	f pavement or other
	materials requiring use of mechanical	means of excavation
	but only to the depth of the pavement o	
	parallel type excavations within the	
	existing facility shall be visually identif	
	exceed 50 feet along the line of excavation	
	The excavator shall exercise due care a	
	the facilities when exposing these facilities

General Assembly of North CarolinaSession 2013
(1) By designating the location of all facilities owned by the operator within the
area of the proposed excavation as provided in G.S. 87-121(a).
(2) By providing to the person submitting the design notice the best available
description of all facilities in the area of the proposed excavation, which may
include drawings of facilities already built in the area or other facility
records that are maintained by the operator.
(3) Allowing the person submitting the design notice or any other authorized
person to inspect the drawings or other records for all facilities within the
proposed area of excavation at a location that is acceptable to the operator.
(c) An operator may reject a design notice based upon homeland security
considerations pending the operator obtaining additional information confirming the legitimacy
of the notice. The operator shall notify the person making the request through a design notice of
the denial and may request additional information through the positive response system.
"§ 87-127. Absence of facility location.
If an operator who has been given notice as provided in G.S. 87-120(d) by the Notification
Center fails to respond to that notice as provided in G.S. 87-121 or fails to properly locate the
facility, the person excavating is free to proceed with the excavation. Neither the excavator nor
the person financially responsible for the excavation will be liable to the nonresponding or
improperly responding operator for damages to the operator's facilities if the person doing the
excavating exercises due care to protect existing facilities when there is evidence of the
existence of those facilities near the proposed excavation area.
" <u>§ 87-128. Civil penalties.</u>
Any person who violates any provision of this Article shall be subject to a civil penalty not
to exceed two thousand five hundred dollars (\$2,500) for each violation. The provisions of this
Article do not affect any civil remedies for personal injury or property damage otherwise
available to any person, except as otherwise specifically provided for in this Article. The
penalty provisions of this Article are cumulative to and not in conflict with provisions of law
with respect to civil remedies for personal injury or property damage. The clear proceeds of any
civil penalty assessed under this section shall be used as provided in Section 7(a) of Article IX
of the North Carolina Constitution.
" <u>§ 87-129. Severability.</u>
If any provision of this Article or the application thereof to any person or circumstance is
held invalid, such invalidity shall not affect other provisions or applications, and to this end the
provisions of this Article are severable."
SECTION 3. This act becomes effective October 1, 2014, and applies to all
activities regulated by the provisions of Article 8A of Chapter 87 of the General Statutes, as
enacted by this act, that occur on or after that date.

37 enacted by this act, that occur on or after that date.
