

**GENERAL ASSEMBLY OF NORTH CAROLINA
SESSION 2013**

**SESSION LAW 2013-307
SENATE BILL 132**

AN ACT TO INCLUDE INSTRUCTION IN THE SCHOOL HEALTH EDUCATION PROGRAM ON THE PREVENTABLE CAUSES OF PRETERM BIRTH, INCLUDING INDUCED ABORTION AS A CAUSE OF PRETERM BIRTH IN SUBSEQUENT PREGNANCIES, AND TO PROVIDE SUCH INFORMATION TO CHARTER, NONPUBLIC, AND HOME SCHOOL STUDENTS.

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 115C-81(e1)(4) reads as rewritten:

"(4) Each local school administrative unit shall provide a reproductive health and safety education program commencing in the seventh grade that includes the following instruction:

- a. Teaches that abstinence from sexual activity outside of marriage is the expected standard for all school-age children.
- b. Presents techniques and strategies to deal with peer pressure and offering positive reinforcement.
- c. Presents reasons, skills, and strategies for remaining or becoming abstinent from sexual activity.
- d. Teaches that abstinence from sexual activity is the only certain means of avoiding out-of-wedlock pregnancy, sexually transmitted diseases when transmitted through sexual contact, including HIV/AIDS, and other associated health and emotional problems.
- e. Teaches that a mutually faithful monogamous heterosexual relationship in the context of marriage is the best lifelong means of avoiding sexually transmitted diseases, including HIV/AIDS.
- f. Teaches the positive benefits of abstinence until marriage and the risks of premarital sexual activity.
- g. Provides opportunities that allow for interaction between the parent or legal guardian and the student.
- h. Provides factually accurate biological or pathological information that is related to the human reproductive system.
- i. Teaches about the preventable risks for preterm birth in subsequent pregnancies, including induced abortion, smoking, alcohol consumption, the use of illicit drugs, and inadequate prenatal care.

Materials used in this instruction shall be age appropriate for use with students. Information conveyed during the instruction shall be objective and based upon scientific research that is peer reviewed and accepted by professionals and credentialed experts in the field of sexual health education."

SECTION 1.1. G.S. 115C-238.29F(a) reads as rewritten:

"(a) Health and Safety Standards. – A charter school shall meet the same health and safety requirements required of a local school administrative unit. The Department of Public Instruction shall ensure that charter schools provide parents and guardians with information about meningococcal meningitis and influenza and their vaccines at the beginning of every school year. This information shall include the causes, symptoms, and how meningococcal meningitis and influenza are spread and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Department of Public Instruction shall also ensure that charter schools provide parents and guardians with information about cervical cancer, cervical dysplasia, human papillomavirus, and the vaccines available to prevent these diseases. This information shall be provided at the beginning of the school year to parents of children entering grades five ~~through~~ through 12. This information shall include the causes and symptoms of these diseases, how they are transmitted, how they may be prevented by vaccination, including the benefits and possible side effects of vaccination, and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Department of Public Instruction shall also ensure that charter schools provide students in grades seven through 12 with information annually on the preventable risks for preterm birth in subsequent pregnancies, including induced abortion, smoking, alcohol consumption, the use of illicit drugs, and inadequate prenatal care.

The Department of Public Instruction shall also ensure that charter schools provide students in grades nine through 12 with information annually on the manner in which a parent may lawfully abandon a newborn baby with a responsible person, in accordance with G.S. 7B-500.

The Department of Public Instruction shall also ensure that the guidelines for individual diabetes care plans adopted by the State Board of Education under G.S. 115C-12(31) are implemented in charter schools in which students with diabetes are enrolled and that charter schools otherwise comply with the provisions of G.S. 115C-375.3."

SECTION 1.2. G.S. 115C-548 reads as rewritten:

"§ 115C-548. Attendance; health and safety regulations.

Each private church school or school of religious charter shall make, and maintain annual attendance and disease immunization records for each pupil enrolled and regularly attending classes. Attendance by a child at any school to which this Part relates and which complies with this Part shall satisfy the requirements of compulsory school attendance so long as the school operates on a regular schedule, excluding reasonable holidays and vacations, during at least nine calendar months of the year. Each school shall be subject to reasonable fire, health and safety inspections by State, county and municipal authorities as required by law.

The Division of Nonpublic Education, Department of Administration, shall ensure that materials are provided to these schools so that they can provide parents and guardians with information about meningococcal meningitis and influenza and their vaccines at the beginning of every school year. This information may be provided electronically or on the Division's Web page. This information shall include the causes, symptoms, and how meningococcal meningitis and influenza are spread and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Division of Nonpublic Education, Department of Administration, shall also ensure that materials are provided to these schools so that they can provide parents and guardians with information about cervical cancer, cervical dysplasia, human papillomavirus, and the vaccines available to prevent these diseases. This information may be provided electronically or on the Division's Web page. This information shall include the causes and symptoms of these diseases, how they are transmitted, how they may be prevented by vaccination, including the benefits and possible side effects of vaccination, and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Division of Nonpublic Education, Department of Administration, shall also ensure that information is available to these schools so that they can provide information annually on the preventable risks for preterm birth in subsequent pregnancies, including induced abortion, smoking, alcohol consumption, the use of illicit drugs, and inadequate prenatal care.

The Division of Nonpublic Education, Department of Administration, shall also ensure that information is available to these schools so that they can provide information on the manner in which a parent may lawfully abandon a newborn baby with a responsible person, in accordance with G.S. 7B-500."

SECTION 1.3. G.S. 115C-556 reads as rewritten:

"§ 115C-556. Attendance; health and safety regulations.

Each qualified nonpublic school shall make, and maintain annual attendance and disease immunization records for each pupil enrolled and regularly attending classes. Attendance by a child at any school to which this Part relates and which complies with this Part shall satisfy the requirements of compulsory school attendance so long as the school operates on a regular schedule, excluding reasonable holidays and vacations, during at least nine calendar months of

the year. Each school shall be subject to reasonable fire, health and safety inspections by State, county and municipal authorities as required by law.

The Division of Nonpublic Education, Department of Administration, shall ensure that materials are provided to each qualified nonpublic school so that the school can provide parents and guardians with information about meningococcal meningitis and influenza and their vaccines at the beginning of every school year. This information may be provided electronically or on the Division's Web page. This information shall include the causes, symptoms, and how meningococcal meningitis and influenza are spread and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Division of Nonpublic Education, Department of Administration, shall also ensure that materials are provided to each qualified nonpublic school so that the school can provide parents and guardians with information about cervical cancer, cervical dysplasia, human papillomavirus, and the vaccines available to prevent these diseases. This information may be provided electronically or on the Division's Web page. This information shall include the causes and symptoms of these diseases, how they are transmitted, how they may be prevented by vaccination, including the benefits and possible side effects of vaccination, and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Division of Nonpublic Education, Department of Administration, shall also ensure that information is available to each qualified nonpublic school so that the school can provide information annually on the preventable risks for preterm birth in subsequent pregnancies, including induced abortion, smoking, alcohol consumption, the use of illicit drugs, and inadequate prenatal care.

The Division of Nonpublic Education, Department of Administration, shall also ensure that information is available to each qualified nonpublic school so that the school can provide information on the manner in which a parent may lawfully abandon a newborn baby with a responsible person, in accordance with G.S. 7B-500."

SECTION 1.4. G.S. 115C-565 reads as rewritten:

"§ 115C-565. **Requirements exclusive.**

No school which complies with this Part shall be subject to any other provision of law relating to education except requirements of law respecting immunization. The Division of Nonpublic Education, Department of Administration, shall provide to home schools information about meningococcal meningitis and influenza and their vaccines. This information may be provided electronically or on the Division's Web page. The information shall include the causes, symptoms, and how meningococcal meningitis and influenza are spread and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Division of Nonpublic Education, Department of Administration, shall also provide to home schools information about cervical cancer, cervical dysplasia, human papillomavirus, and the vaccines available to prevent these diseases. This information may be provided electronically or on the Division's Web page. This information shall include the causes and symptoms of these diseases, how they are transmitted, how they may be prevented by vaccination, including the benefits and possible side effects of vaccination, and the places where parents and guardians may obtain additional information and vaccinations for their children.

The Division of Nonpublic Education, Department of Administration, shall also provide to home schools information on the preventable risks for preterm birth in subsequent pregnancies, including induced abortion, smoking, alcohol consumption, the use of illicit drugs, and inadequate prenatal care. This information may be provided electronically or on the Division's Web page.

The Division of Nonpublic Education, Department of Administration, shall also provide to home schools information on the manner in which a parent may lawfully abandon a newborn baby with a responsible person, in accordance with G.S. 7B-500. This information may be provided electronically or on the Division's Web page."

SECTION 2. To facilitate the implementation of this act, within 60 days of this act becoming effective and annually thereafter, the Department of Health and Human Services, Division of Public Health, shall provide to the Department of Public Instruction and the Division of Nonpublic Education, Department of Administration, sample educational materials with the most current information available about the preventable risks for preterm birth in

subsequent pregnancies, including induced abortion, smoking, alcohol consumption, the use of illicit drugs, and inadequate prenatal care.

SECTION 3. This act is effective when it becomes law and applies beginning with the 2013-2014 school year.

In the General Assembly read three times and ratified this the 9th day of July, 2013.
