PUBLIC SCHOOL PROCUREMENT OF INFORMATION TECHNOLOGY

SECTION 7.6.(a) The State Chief Information Officer (CIO) shall work with the North Carolina Department of Public Instruction (DPI) and the Governor’s Education Council to implement public school cooperative purchasing agreements for the procurement of information technology (IT) goods and services to support public schools. For purposes of this section, the phrase "public school cooperative purchasing agreement" means an agreement implemented pursuant to this section and available for local school administrative units, regional schools, charter schools, or some combination thereof, providing for collaborative or collective purchases of information technology goods and services in order to leverage economies of scale and to reduce costs.

SECTION 7.6.(b) Each public school cooperative purchasing agreement shall be based on a defined statewide information technology need to support education in the public schools. Enterprise agreements shall not exceed the participating State agencies’ ability to financially support the contracts.

The State CIO shall not enter into any enterprise information technology contracts without obtaining written agreements from participating State agencies regarding the apportionment of the contract cost. State agencies agreeing to participate in a contract shall:

1. Ensure that sufficient funds are budgeted to support their agreed shares of enterprise contracts throughout the life of the contract.
(2) Transfer the required funding to the Information Technology Internal Service Fund in sufficient time for the Office of Information Technology Services to meet vendor contract requirements.

All of the following conditions shall be met before payment for these agreements may be disbursed:

1. Any advance payment can be accomplished within the IT Internal Service Fund budget.
2. The State Controller receives conclusive evidence that the proposed agreement would be more cost-effective than a multiyear agreement that complies with G.S. 147-86.11.
3. The procurement complies in all other aspects with applicable statutes and rules.
4. The proposed agreement contains contract terms that protect the financial interest of the State against contractor nonperformance or insolvency through the creation of escrow accounts for funds, source codes, or both, or by any other reasonable means that have legally binding effect.

The Office of State Budget and Management shall ensure the savings from any authorized agreement shall be included in the IT Internal Service Fund rate calculations before approving annual proposed rates. Any savings resulting from the agreements shall be returned to agencies included in the contract in the form of reduced rates. Beginning October 1, 2013, ITS shall submit a quarterly written report of any authorizations granted under this section to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

INFORMATION TECHNOLOGY PERSONAL SERVICES CONTRACT REQUIREMENTS

SECTION 7.8. To facilitate compliance with this requirement, the Statewide Information Technology Procurement Office shall develop and document the following:

1. Standards for determining whether it is more appropriate for an agency to hire an employee or use the services of a vendor.
2. A process to monitor all State agency personal services contracts, as well as any other State contracts providing personnel to perform information technology functions.
3. A process for obtaining approval of contractor positions.

By October 1, 2013, the State CIO shall provide this plan to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

SECTION 7.9.(b) The Office of the State Chief Information Officer shall do all of the following to carry out the purposes of this section:

For projects where the capability already exists, the Office of the State CIO shall assist the agency with implementing the existing capability.

(2) Identify existing projects that can best support a specific information technology capability for multiple agencies and work to transition all agencies requiring the specific capability to the identified projects.

(3) When State agencies request approval for new projects, determine if the information technology project can be implemented using an existing application, or if the new project has the potential to support multiple agencies’ requirements.

(4) Provide quarterly reports on progress toward eliminating duplication to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

(5) Ensure that contracts for information technology allow the addition of other agencies’ requirements within the terms of the existing contracts.

SECTION 7.9.(c) The Office of the State Chief Information Officer shall include The University of North Carolina in the plan to prevent the duplication of information technology capabilities and resources, and the University shall provide all information requested to identify information technology capabilities and resources for the plan. "(e) Performance Contracting. – All contracts between a State agency and a private party for information technology projects shall include provisions for vendor performance review and accountability. The State CIO may require that these contract provisions require a performance bond, include monetary penalties, or require other performance assurance measures for projects that are not completed or performed within the specified time period or that involve costs in excess of those specified in the contract. The State CIO may utilize cost savings realized on government vendor partnerships, as defined in G.S. 143-135.9, as performance incentives for an information technology project vendor, require contract provisions requiring a vendor to provide a performance bond."
SECTION 7.9.(e) All State agencies shall coordinate any Geographic Information System (GIS) initiatives through the Center for Geographic Information and Analysis (CGIA) in the Office of Information Technology Services, as well as the Office of the State CIO, to ensure that existing capabilities are not being duplicated. The CGIA shall monitor and approve all new GIS-related information technology projects and expansion budget requests. By January 1 of each year, the CGIA shall submit a written report on GIS duplication to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division.

The Center may facilitate the piloting of potential solutions to State technology requirements. In operating the Center, the State CIO shall ensure that all State laws, rules, and policies are followed. Vendor participation in the Center shall not be construed to (i) create any type of preferred status for vendors or (ii) abrogate the requirement that the State CIO ensure that agency and statewide requirements for information technology support (including those for the Office of the State CIO and the Office of Information Technology Services) are awarded based on a competitive process that follows information technology procurement guidelines. Beginning July 1, 2013, the State CIO shall report to the Joint Legislative Oversight Committee on Information Technology on a quarterly basis on initiatives being developed and implemented within the Center, as well as on the sources and amounts of resources used to support the Center.

(To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county's wealth as a percentage of State average wealth by the State average current expense appropriations per student.) The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units. A county that maintains a county appropriation per student to the school local current expense fund of less than one hundred percent (100%) of the current expense appropriations per student to the school local current expense fund that the county could provide given the county's wealth and an average effort to fund public schools shall receive funding under this section at the same percentage that the county's appropriation per student to the school local current expense fund is of the current expense appropriations per student to the school local current expense fund that the county could provide given the county's wealth and an average effort to fund public schools.

SECTION 8.3.(g) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. The State Board of Education shall adopt rules to implement the requirements of this subsection.

SECTION 8.3.(h) Funds for EVAAS Data. – Notwithstanding the requirements of subsection (a) of this section, local school administrative units may utilize funds allocated under this section to purchase services that allow for extraction of data from the Education Value-Added Assessment System (EVAAS).

(6) Allot vocational education funds for grade six as well as for grades seven
through 12. If funds appropriated for each fiscal year for small school
system supplemental funding are not adequate to fully fund the program, the
State Board of Education shall reduce the amount allocated to each county
school administrative unit on a pro rata basis. This formula is solely a basis
for distribution of supplemental funding for certain county school
administrative units and is not intended to reflect any measure of the
adequacy of the educational program or funding for public schools. The
formula also is not intended to reflect any commitment by the General
Assembly to appropriate any additional supplemental funds for such county
administrative units.

SECTION 8.3A.(b) Nonsupplant Requirement. – A county in which a local school

year is less than ninety-five percent (95%) of the average of the local
expenditures per student for the three prior fiscal years.

(ii) that extraordinary circumstances caused the county to supplant local
current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement the requirements of
this subsection.

SECTION 8.3A.(c) Phase-Out Provisions. – If a local school administrative unit
becomes ineligible for funding under this formula because of (i) an increase in the population
of the county in which the local school administrative unit is located or (ii) an increase in the
county-adjusted property tax base per student of the county in which the local school
administrative unit is located, funding for that unit shall be continued for three years after the
unit becomes ineligible.

SECTION 8.3A.(d) Definitions. – As used in this section, the following definitions
apply:

(1) "Average daily membership" means within two percent (2%) of the average
daily membership as defined in the North Carolina Public Schools Allotment
Policy Manual adopted by the State Board of Education.

(2) "County-adjusted property tax base per student" means the total assessed
property valuation for each county, adjusted using a weighted average of the

expense appropriations and adjusted property tax valuations are available. If
real property in a county has been revalued one year prior to the most recent
sales assessment ratio study, a weighted average of the two most recent sales
assessment ratios shall be used. If property has been revalued during the year
of the most recent sales assessment ratio study, the sales assessment ratio for
the year of revaluation shall be used.

SECTION 8.3A.(e) Reports. – For the 2013-2014 fiscal year, the State Board of
Education shall report to the Fiscal Research Division prior to May 1, 2014, if it determines
that counties have suppled funds.

use at least twenty percent (20%) of the funds they receive pursuant to this section to improve
the academic performance of children who are performing at Level I or II on either reading or

Funding for such local administrative units shall be reduced in equal increments in each of the five years after the local administrative unit becomes ineligible. Funding shall be eliminated in the fifth fiscal year after the local administrative unit becomes ineligible.

Allotments for eligible local school administrative units shall not be reduced by more than twenty percent (20%) of the amount received in fiscal year 2012-2013 in any fiscal year.

credentials, and local school administrative units shall receive bonuses for each student who
earns an approved industry certification or credential.

(1) Students enrolled in public schools and in career and technical education
courses shall be exempt from paying any fees for one administration of
examinations leading to industry certifications and credentials pursuant to
rules adopted by the State Board of Education.

(2) Bonus funds shall be awarded to local school administrative units in
amounts provided under subdivision (4) of this section, pursuant to rules
adopted by the State Board of Education under this section. Each school year
the State Board of Education shall make an award to those local school
administrative units who have at least one student in one school having
earned an industry-recognized certification or credential that has been
identified by the State Board of Education, in consultation with the State
Department of Commerce, as an occupation in high need of additional
skilled employees at the time the student enrolled in a career and technical
education course that leads to an industry certification or credential.

(3) Bonus funds shall be used by local school administrative units to (i)

   ($500.00) value ranking.

(4) The State Board of Education, in consultation with the State Department of
Commerce, shall rank each industry certification based on academic rigor
and employment value and award five hundred dollars ($500.00) or two
hundred fifty dollars ($250.00) to the local school administrative unit per
student completing the industry certification based upon ranking. If funds
appropriated from the General Assembly for this purpose are insufficient to
provide bonuses for each industry certification that has been achieved, then
the State Board of Education shall prorate the bonus award amounts. Fifty
percent (50%) of the ranking shall be based on academic rigor and the
remaining fifty percent (50%) on employment value. Academic rigor and
employment value shall be based on the following elements:

a. Academic rigor shall be based on the number of instructional hours,
   including work experience or internship hours, required to earn the
   industry certification or credential, with a bonus given for
coursework that also provides community college credit.

b. Employment value shall be based on the entry wage, growth rate in
   employment for each occupational category, and average annual

certification or credential.
Each school year, at such time as agreed to by the Department of Commerce and the State Board of Education, the Department of Commerce shall provide the State Board of Education with a list of those occupations in high need of additional skilled employees. If the occupations identified in such list are not substantially the same as those occupations identified in the list from the prior year, reasonable notice of such changes shall be provided to local school administrative units.

Local school administrative units shall consult with their local industries, employers, and workforce development boards to identify industry certification and credentials that the local school administrative unit may offer to best meet State and local workforce needs.

"§ 115C-105.27. Development and approval of school improvement plans.

(a) School Improvement Team. – In order to improve student performance, each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35 and the goals set out in the mission statement for the public schools adopted by the State Board of Education. The principal of each school, representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building, and
parents of children enrolled in the school shall constitute a school improvement team. The team shall develop a school improvement plan to improve student performance.

Representatives of the assistant principals, instructional personnel, instructional support personnel, and teacher assistants shall be elected by their respective groups by secret ballot. Unless the local board of education has adopted an election policy, parents shall be elected by parents of children enrolled in the school in an election conducted by the parent and teacher organization of the school or, if none exists, by the largest organization of parents formed for this purpose. Parents serving on school improvement teams shall reflect the racial and socioeconomic composition of the students enrolled in that school and shall not be members of the building-level staff.

Parental involvement is a critical component of school success and positive student achievement; therefore, it is the intent of the General Assembly that parents, along with teachers, have a substantial role in developing school improvement plans. To this end, school improvement team meetings shall be held at a convenient time to assure substantial parent participation.

All school improvement plans shall be, to the greatest extent possible, data-driven. School improvement teams shall use the Education Value Added Assessment System (EVAAS) or a compatible and comparable system approved by the State Board of Education, to analyze student data to identify root causes for problems, to determine actions to address them, and to appropriately place students in courses such as Algebra I. School improvement plans shall contain clear, unambiguous targets, explicit indicators and actual measures, and expeditious time frames for meeting the measurement standards.

(a1) Open Meetings. – School improvement team meetings are subject to the open meetings requirements of Article 33C of Chapter 143 of the General Statutes. Deliberations on the school safety components of the plan shall be in closed session in accordance with G.S. 143-318.11(a)(8). The principal shall ensure that these requirements are met.

(a2) Public Records. – The school improvement plan, except for the school safety components of the plan, is a public record subject to Chapter 132 of the General Statutes and shall be posted on the school Web site. The names of the members of the school improvement team, their positions, and the date of their election to the school improvement team shall also be posted on the Web site.

The school safety components of the plan are not public records subject to Chapter 132 of the General Statutes.

(b) School Improvement Plan. – In order to improve student performance, the school improvement team at each school shall develop a school improvement plan that takes into consideration the annual performance goal for that school that is set by the State Board under G.S. 115C-105.35 and the goals set out in the mission statement for the public schools adopted by the State Board of Education. All school improvement plans shall be, to the greatest extent possible, data-driven. School improvement teams shall use the Education Value-Added Assessment System (EVAAS) or a compatible and comparable system approved by the State Board of Education to (i) analyze student data and identify root causes for problems, (ii) determine actions to address them, and (iii) appropriately place students in courses such as Algebra I. School improvement plans shall contain clear, unambiguous targets, explicit indicators and actual measures, and expeditious time frames for meeting the measurement standards.

The strategies for improving student performance:

(1) Shall include a plan for the use of staff development funds that may be made available to the school by the local board of education to implement the school improvement plan. The plan may provide that a portion of these
funds is used for mentor training and for release time and substitute teachers while mentors and teachers mentored are meeting;

(1a) Repealed by Session Laws 2012-142, s. 7A.1(c), effective July 2, 2012.

(2) Shall include a plan to address school safety and discipline concerns;

(3) May include a decision to use State funds in accordance with G.S. 115C-105.25;

(4) Shall include a plan that specifies the effective instructional practices and methods to be used to improve the academic performance of students identified as at risk of academic failure or at risk of dropping out of school;

(5) May include requests for waivers of State laws, rules, or policies for that school. A request for a waiver shall meet the requirements of G.S. 115C-105.26;

(6) Shall include a plan to provide a duty-free lunch period for every teacher on a daily basis or as otherwise approved by the school improvement team; and

(7) Shall include a plan to provide duty-free instructional planning time for every teacher under G.S. 115C-301.1, with the goal of providing an average of at least five hours of planning time per week.

(c) School Vote on the Plan. – Support among affected staff members is essential to successful implementation of a school improvement plan to address improved student performance at that school. The principal of the school shall present the proposed school improvement plan to all of the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for their review and vote. The vote shall be by secret ballot. The principal shall submit the school improvement plan to the local board of education only if the proposed school improvement plan has the approval of a majority of the staff who voted on the plan.

(c1) Consideration of the School Safety Components of the Plan. – The superintendent shall review the school safety components of the school improvement plans and make written recommendations on them to the local board of education. Prior to a vote to accept a school’s improvement plan in accordance with G.S. 115C-105.25(d), the local board of education shall review the school safety components of the plan for that school in closed session. The board shall make findings on the safety components of the plan. Neither the safety components of the plan nor the board’s findings on the safety components of the plan shall be set out in the minutes of the board.

(d) Adoption of the Plan. – The local board of education shall accept or reject the school improvement plan. The local board shall not make any substantive changes in any school improvement plan that it accepts. If the local board rejects a school improvement plan, the local board shall state with specificity its reasons for rejecting the plan; the school improvement team may then prepare another plan, present it to the principals, assistant principals, instructional personnel, instructional support personnel, and teacher assistants assigned to the school building for a vote, and submit it to the local board to accept or reject. If no school improvement plan is accepted for a school within 60 days after its initial submission to the local board, the school or the local board may ask to use the process to resolve disagreements recommended in the guidelines developed by the State Board under G.S. 115C-105.20(b)(5). If this request is made, both the school and local board shall participate in the process to resolve disagreements. If there is no request to use that process, then the local board may develop a school improvement plan for the school. The General Assembly urges the local board to utilize the school’s proposed school improvement plan to the maximum extent possible when developing such a plan.

(e) Effective Period of the Plan. – A school improvement plan shall remain in effect for no more than two years; however, the school improvement team may amend the plan as often as is necessary or appropriate. If, at any time, any part of a school improvement plan becomes
unlawful or the local board finds that a school improvement plan is impeding student performance at a school, the local board may vacate the relevant portion of the plan and may direct the school to revise that portion. The procedures set out in this subsection shall apply to amendments and revisions to school improvement plans.

(f) Elimination of Other Unnecessary Plans. – If a local board of education finds that a school improvement plan adequately covers another plan that the local school administrative unit is otherwise required to prepare, the local school administrative unit shall not be required to prepare an additional plan on the matter.

(g) Compliance With Requirements. – Any employee, parent, or other interested individual or organization is encouraged to notify the principal of any concerns regarding compliance with this section. In addition, any employee, parent, or other interested individual or organization may submit in writing to the superintendent concerns regarding compliance with this section. The superintendent shall make a good-faith effort to investigate the concern. The superintendent shall upon request provide a written response to the concern.

SECTION 12B.3.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. SECTION 12B.3.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:
Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than seventy-five percent (75%) of the State median income.

The Department of Health and Human Services shall allocate to counties all State funds appropriated for child care subsidy and shall not withhold funds during the 2013-2014 and 2014-2015 fiscal years.

(1) Effective for fiscal year 2013-2014, use twenty-five percent (25%) annual implementation which reflects a four-year phase-in approach through the end of the current Census cycle.

(2) Effective immediately following the next new Census data release, use one-third (1/3) annual implementation, which reflects a three-year phase-in approach for each Census cycle thereafter going forward.

SECTION 12B.4.(c) The Department of Health and Human Services may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Matching requirements shall not apply when funds are allocated because of a disaster as defined in G.S. 166A-19.3(6).

SUBPART XII-D. DIVISION OF AGING AND ADULT SERVICES

TIERED STATE-COUNTY SPECIAL ASSISTANCE PILOT

SECTION 12D.2.(a) It is the intent of the General Assembly to create a State-County Special Assistance program that allows counties greater flexibility in serving individual needs within their communities and greater control over how county funds are used to support this program in light of the fact that counties are required to pay for fifty percent (50%) of the costs of this program. To that end, the General Assembly directs the Department of Health and Human Services to establish a pilot program in accordance with subsection (b) of this section.

SECTION 12D.2.(b) The Department of Health and Human Services, Division of Aging and Adult Services, shall establish a pilot program to implement a tiered rate structure within the State-County Special Assistance program for individuals residing in group homes, in-home living arrangements, and assisted living residences as defined in G.S. 131D-2.1. The purposes of the pilot program are to (i) determine the best way to implement a block grant for this program statewide and (ii) test the feasibility and effectiveness of implementing a tiered rate structure to address program participants' intensity of need, including medication management. The Department shall select a minimum of four and a maximum of six counties to participate in the pilot program, at least two of which shall be rural counties and at least two of which shall be urban counties. 2011-2013 fiscal biennium, adjusted for the amount of projected annual growth in the number
of Special Assistance recipients in that county during the 2013-2015 fiscal biennium. These
funds may be used to pay for room, board, and personal care services, including medication
management, for individuals eligible to receive State-County Special Assistance, subject to the
following limitations and requirements:

(1) These funds shall not be used to cover any portion of the cost of providing
services for which an individual receives Medicaid coverage.

(2) The pilot program shall comply with all federal and State requirements
governing the existing State-County Special Assistance program, except that
Section 12D.3 does not apply to the pilot program.

(3) The tiered rate structure shall be based upon intensity of need, and an
individual's placement within a tier shall be based upon an independent
assessment of the individual's need for room, board, and assistance with
activities of daily living, including medication management.

SECTION 12D.2.(d) By no later than February 1, 2014, the Department shall
submit a progress report on the implementation and operation of the pilot program, including
any obstacles to implementation; and by no later than February 1, 2015, the Department shall
submit a final report on the results of the pilot program, along with any recommendations based
on these results, to the Joint Legislative Oversight Committee on Health and Human Services
and the Fiscal Research Division. The report due by February 1, 2015, shall include
information from all participating counties on at least all of the following:

in a group home.

(4) The number of individuals participating in the pilot program while residing
in an in-home living arrangement.

(5) The number of individuals participating in the pilot program while residing
in an assisted living residence as defined by G.S. 131D-2.1, broken down by
facility type.

(6) A comparison of the number of recipients of State-County Special
Assistance prior to and during the pilot program, broken down by county
and living arrangement.

(7) Any other information the Department deems relevant for determining the
best way to implement a block grant statewide for the State-County Special
Assistance program.

SECTION 12D.2(e) As used in this section, the term "group home" means any
facility that (i) is licensed under Chapter 122C of the General Statutes, (ii) meets the definition

"(8) State's annual Medicaid payment. – Forty-three million dollars ($43,000,000). Ninety-five million dollars ($95,000,000)."

SECTION 12H.19.(b) G.S. 108A-124 reads as rewritten:

This pro rata portion shall be based on the acquired hospital provider's percentage contribution to the State's annual Medicaid payment at the time of acquisition."

MODIFY MEDICAID RATE METHODOLOGIES FOR RECENTLY ACQUIRED PROVIDERS; CREATE REGIONAL BASE RATES FOR HOSPITALS

SECTION 12H.20.(a) The Department of Health and Human Services shall modify Medicaid rate methodologies to ensure that rates paid to hospital or physician providers that were acquired, merged, leased, or managed after December 31, 2011, do not exceed rates that would have been paid if the provider had not been acquired, merged, leased, or managed.

SECTION 12H.20.(b) The Department of Health and Human Services, Division of Medical Assistance, shall replace the existing base rates for individual hospitals with new regional base rates for all hospitals within a given region. The Department shall consult with hospitals to define the regions and to identify appropriate regional differences in order to establish regional base rates. The new regional base rates shall do the following:

2. Ensure the sustainability of small rural hospitals, ensuring access to care.

COMMUNITY CARE OF NORTH CAROLINA COST-EFFECTIVENESS AND OUTCOMES STUDY; CONTINUED REPORTING

SECTION 12H.21.(a) The Office of the State Auditor shall, as recommended in its January 2013 performance audit of the Medicaid Program, engage nationally recognized medical researchers to perform a scientifically valid study based upon actual data to determine whether the Community Care of North Carolina (CCNC) model saves money and improves health outcomes. This study shall begin during fiscal year 2013-2014 and shall, if possible, be completed by the end of that fiscal year. The Department of Health and Human Services shall, upon the direction of and in amounts specified by the Office of the State Auditor, make payments to the contractor hired by the Office of the State Auditor from the one hundred thousand dollars ($100,000) appropriated elsewhere in this budget for this study as well as from federal Medicaid matching funds available for this study.

SECTION 12H.21.(b) During fiscal year 2014-2015, the Department of Health and Human Services shall submit a report from a qualified entity with proven experience in conducting actuarial and health care studies on the Medicaid cost-savings achieved by the CCNC networks, which shall include children, adults, and the aged, blind, and disabled, to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 12H.21.(c) North Carolina Community Care Networks, Inc. (NCCCN), shall report quarterly to the Department and to the Office of State Budget and Management (OSBM) on the development of the statewide Enhanced Primary Care Case Management
System and its defined goals and deliverables as agreed upon in the contract. NCCCN shall submit biannual reports to the Secretary of Health and Human Services, OSBM, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division on the progress and results of implementing the quantitative, analytical, utilization, quality, cost containment, and access goals and deliverables set out in the contract. NCCCN shall conduct its own analysis of the CCNC system to identify any variations from the development plan for the Enhanced Primary Care Case Management System and its defined goals and deliverables set out in the contract between the Department of Health and Human Services, Division of Medical Assistance (DMA), and NCCCN. Upon identifying any variations, NCCCN shall develop and implement a plan to address the variations. NCCCN shall report the plan to DMA within 30 days after taking any action to implement the plan.

COMMUNITY CARE OF NORTH CAROLINA TO SET AND PAY PER MEMBER PER MONTH PAYMENTS ON PERFORMANCE BASIS TO ENCOURAGE BETTER CARE MANAGEMENT

SECTION 12H.22.(a) The Department of Health and Human Services shall contract with Community Care Networks, Inc. (NCCCN), to administer and distribute the funds currently allocated to per member per month (PMPM) payments for Community Care of North Carolina (CCNC) primary care providers. NCCCN shall distribute one hundred percent (100%) of the funds allocated to PMPM payments to primary care providers on a care management performance basis using criteria developed by NCCCN. In developing its pay for performance model, NCCCN shall (i) ensure an adequate statewide network of participating CCNC primary care providers and (ii) adopt a payment level of zero dollars ($0.00) for providers who do not satisfactorily participate in CCNC care management initiatives. Performance-based payments shall begin on July 1, 2014.

SECTION 12H.22.(b) PMPM payments from the Department to CCNC primary care providers shall continue until the implementation of the performance-based payment system.

SECTION 12H.22.(c) The Department shall consult with the Joint Legislative Oversight Committee on Health and Human Services on the performance-based payment proposal from NCCCN to incentivize better care management from primary care providers. If the Department submits a report and requests a meeting for the consultation, but the Oversight Committee does not hear the consultation within 90 days of the request, then the consultation requirement shall be deemed waived by the Oversight Committee. The report submitted for consultation shall include the following:

1. Measureable elements that will be used to differentiate care management performance-based payments from the existing PMPM payments.
2. A comparison of the performance plan to other measures such as the Healthcare Effectiveness Data and Information Set (HEDIS) or other national performance or quality measures.
3. The specific structure of when payments would be made.
4. An impact calculation of prospective payments under the performance-based payment plan and the current PMPM rates.

SECTION 12H.22.(d) Subsection (a) of this section is contingent upon both of the following:

1. The Department’s successful renegotiation of and modification to the existing contract or entering into a new contract with NCCCN to administer and distribute performance-based payments, as provided in subsection (a) of this section.
ACCOUNTING FOR MEDICAID RECEIVABLES AS NONTAX REVENUE

SECTION 12H.24.(a) Receivables reserved at the end of the 2013-2014 and 2014-2015 fiscal years shall, when received, be accounted for as nontax revenue for each of those fiscal years.

SECTION 12H.24.(b) For the 2013-2014 fiscal year, the Department of Health and Human Services shall deposit from its revenues one hundred ten million dollars ($110,000,000) with the Department of State Treasurer to be accounted for as nontax revenue. For the 2014-2015 fiscal year, the Department of Health and Human Services shall deposit from its revenues one hundred nine million dollars ($109,000,000) with the Department of State Treasurer to be accounted for as nontax revenue. These deposits shall represent the return of General Fund appropriations, nonfederal revenue, fund balances, or other resources from State-owned and State-operated hospitals which are used to provide indigent and non-indigent care services. The return from State-owned and State-operated hospitals to DHHS will be made from nonfederal resources in an amount equal to the amount of the payments from the Division of Medical Assistance for uncompensated care. The treatment of any revenue derived from federal programs shall be in accordance with the requirements specified in the Code of Federal Regulations, Title 2, Part 225.

MEDICAID SPECIAL FUND TRANSFER

SECTION 12H.25. Of the funds transferred to the Department of Health and Human Services for Medicaid programs pursuant to G.S. 143C-9-1, there is appropriated from the Medicaid Special Fund to the Department of Health and Human Services the sum of forty-three million dollars ($43,000,000) for the 2013-2014 fiscal year and the sum of forty-three million dollars ($43,000,000) for the 2014-2015 fiscal year. These funds shall be allocated as prescribed by G.S. 143C-9-1(b) for Medicaid programs. Notwithstanding the prescription in G.S. 143C-9-1(b) that these funds not reduce State general revenue funding, these funds shall replace the reduction in general revenue funding effected in this act.

MEDICAID COST CONTAINMENT ACTIVITIES

SECTION 12H.26.(a) The Department of Health and Human Services may use up to five million dollars ($5,000,000) in the 2013-2014 fiscal year and up to five million dollars ($5,000,000) in the 2014-2015 fiscal year in Medicaid funds budgeted for program services to support the cost of administrative activities when cost-effectiveness and savings are demonstrated. The funds shall be used to support activities that will contain the cost of the Medicaid Program, including contracting for services, hiring additional staff, funding pilot programs, Health Information Exchange and Health Information Technology (HIE/HIT) administrative activities, or providing grants through the Office of Rural Health and Community Care to plan, develop, and implement cost containment programs.

Medicaid cost containment activities may include prospective reimbursement methods, incentive-based reimbursement methods, service limits, prior authorization of services, periodic medical necessity reviews, revised medical necessity criteria, service provision in the least costly settings, plastic magnetic-stripped Medicaid identification cards for issuance to Medicaid enrollees, fraud detection software or other fraud detection activities, technology that improves clinical decision making, credit balance recovery and data mining services, and other cost containment activities. Funds may be expended under this section only after the Office of State Budget and Management has approved a proposal for the expenditure submitted by the Department. Proposals for expenditure of funds under this section shall
include the cost of implementing the cost containment activity and documentation of the amount of savings expected to be realized from the cost containment activity.

**SECTION 12H.26.(b)** The Department shall report annually on the expenditures under this section to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. The report shall include the methods used to achieve savings and the amount saved by these methods. The report is due to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division not later than December 1 of each year for the activities of the previous State fiscal year.

**MISCELLANEOUS MEDICAID PROVISIONS**

**SECTION 12H.27.(a)** Volume Purchase Plans and Single Source Procurement. – The Department of Health and Human Services, Division of Medical Assistance, may, subject to the approval of a change in the State Medicaid Plan, contract for services, medical equipment, supplies, and appliances by implementation of volume purchase plans, single source procurement, or other contracting processes in order to improve cost containment.

**SECTION 12H.27.(b)** Cost Containment Programs. – The Department of Health and Human Services, Division of Medical Assistance, may undertake cost containment programs, including contracting for services, preadmissions to hospitals, and prior approval for certain outpatient surgeries before they may be performed in an inpatient setting.

**SECTION 12H.27.(c)** Posting of Notices on Web Site. – For any public notice of change required pursuant to the provisions of 42 C.F.R. § 447.205, the Department shall, no later than seven business days after the date of publication, publish the same notice on its Web site on the same Web page as it publishes State Plan amendments, and the notice shall remain on the Web site continuously for 90 days.

**SECTION 12I.2.(a)** The Joint Legislative Oversight Committee on Health and Human Services shall appoint a subcommittee to study whether certified nurse-midwives should be given more flexibility in the practice of midwifery. In conducting the study, the subcommittee shall consider whether a certified nurse-midwife should be allowed to practice midwifery in collaboration with, rather than under the supervision of, a physician licensed to practice medicine under Article 1 of Chapter 90 of the General Statutes who is actively engaged in the practice of obstetrics.
SECTION 12I.2. (b) The subcommittee shall report its findings and recommendations to the Joint Legislative Oversight Committee on Health and Human Services on or before April 1, 2014, at which time it shall terminate.

GENERAL PROVISIONS

SECTION 12J.1.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

(1) A delineation of the proposed allocations by program or activity, including State and federal match requirements.

(2) A delineation of the proposed State and local administrative expenditures.

(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

(4) A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.

(5) A projection of current year expenditures by program or activity.

(6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

SECTION 12J.1.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the block grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for fiscal years 2013-2014 and 2014-2015, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used for the North Carolina Child Care Subsidy Program to pay for child care in four- or five-star rated facilities for four-year-old children.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services, the Joint Legislative Commission on Governmental Operations, and the Fiscal Research Division.

SECTION 12J.1.(d) Except as otherwise provided, appropriations from federal Block Grant funds are made for each year of the fiscal biennium ending June 30, 2015,
according to the schedule enacted for State fiscal years 2013-2014 and 2014-2015 or until a new schedule is enacted by the General Assembly.

SECTION 12J.1.(e) All changes to the budgeted allocations to the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and the Office of State Budget and Management shall consult with the Joint Legislative Commission on Governmental Operations for review prior to implementing the changes. The report shall include an itemized listing of affected programs, including associated changes in budgeted allocations. All changes to the budgeted allocations to the Block Grants shall be reported immediately to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

SECTION 14.14. G.S. 87-98 reads as rewritten:

"§ 87-98. Bernard Allen Memorial Emergency Drinking Water Fund.

(a) The Bernard Allen Memorial Emergency Drinking Water Fund is established under the control and direction of the Department. The Fund shall be a nonreverting, interest-bearing fund consisting of monies appropriated by the General Assembly or made available to the Fund from any other source and investment interest credited to the Fund.

(b) The Fund may be used to pay for notification for:

(1) Notification, to the extent practicable, of persons aged 18 and older who reside in any dwelling unit, and the senior official in charge of any business, at which drinking water is supplied from a private drinking water well or improved spring that is located within 1,500 feet of, and at risk from, known groundwater contamination. The senior official in charge of the business shall take reasonable measures to notify all employees of the business of the groundwater contamination, including posting a notice of the contamination in a form and at a location that is readily accessible to the employees of the business. The Fund may also be used by the Department to pay the

(2) The costs of testing of private drinking water wells and improved springs for suspected contamination up to once every three years upon request by a person who uses the well and the well, or more frequent testing if the concentration of one or more contaminants in a private drinking water well is increasing over time and there is a significant risk that the concentration of a contaminant will exceed the drinking water action levels set forth in subsection (c) of this section within a three-year period.

(3) Additional testing to confirm the results of a previous test.

(4) The temporary or permanent provision of alternative drinking water supplies to persons whose drinking water well or improved spring is contaminated. Under this subsection, an alternative drinking water supply includes the repair, such as use of a filtration system, or replacement of a contaminated well or the connection to a public water supply.

(5) Monitoring of filtration systems used in connection with temporary or permanent alternative drinking water supplies provided pursuant to this section.
(c) The Department shall disburse monies from the Fund based on financial need and on the risk to public health posed by groundwater contamination and shall give priority to the provision of services under this section to instances when an alternative source of funds is not available. The Fund shall not be used to provide alternative water supply to households with incomes greater than three hundred percent (300%) of the current federal poverty level. The Fund may be used to provide alternative drinking water supplies if the Department determines that the concentration of one or more contaminants in the private drinking water well or improved spring exceeds the federal maximum contaminant level, or the federal drinking water action level as defined in 40 Code of Federal Regulations § 141.1 through § 141.571 (1 July 2007) and 40 Code of Federal Regulations § 143.3 (1 July 2007). For a contaminant for which a federal maximum contaminant level or drinking water action level has not been established, the State groundwater standard established by the Environmental Management Commission for the concentration of that contaminant shall be used to determine whether the Fund may be used to provide alternative drinking water supplies. The Fund may also be used to provide alternative drinking water supplies as provided in this section if the Department determines that the concentration of one or more contaminants in a private drinking water well is increasing over time and that there is a significant risk that the concentration of a contaminant will exceed the federal maximum contaminant level or drinking water action level, or the State groundwater standard. A determination of the concentration of a contaminant shall be based on a sample of water collected from the private drinking water well within the past 12 months.

(c1) In disbursing monies from the Fund, the Department shall give preference to provision of permanent replacement water supplies by connection to public water supplies and repair or replacement of contaminated wells over the provision of temporary water supplies. In providing alternative drinking water supplies, the Department shall give preference to connection to a public water supply system or to construction of a new private drinking water well over the use of a filtration system if the Department determines that the costs of periodic required maintenance of the filtration system would be cost-prohibitive for users of the alternative drinking water supply.

(c2) If the Department provides an alternative drinking water supply by extension of a waterline, the Department may disburse from the Fund no more than ten-fifty thousand dollars ($10,000) ($50,000) per household or other service connection. For projects where more than 10 residences are eligible for alternative water supplies under this section, no more than one-third of the total cost of the project may be paid from the Fund. The Department may combine monies from the Fund with monies from other sources in order to pay the total cost of the project.

(c3) The Fund shall be used to provide alternative drinking water supplies only if the Department determines that the person or persons who are responsible for the contamination of the private drinking water well is or are not financially viable or cannot be identified or located and if the Department determines that one of the following applies:

1. The contamination of the private drinking water well is naturally occurring.
2. The owner of the property on which the private drinking water well is located did not cause or contribute to the contamination or control the source of the contamination.
3. The source of the contamination is the application or disposal of a hazardous substance or pesticide that occurred without the consent of the owner of the property on which the private drinking water well is located.

(c4) The Department may use up to one hundred thousand dollars ($100,000) annually of the monies in the Fund to pay the personnel and other direct costs associated with the implementation of this section.

(c5) The Fund shall not be used for remediation of groundwater contamination.
(c6) Nothing in this section expands, contracts, or modifies the obligation of responsible parties under Article 9 or 10 of Chapter 130A of the General Statutes, this Article, or Article 21A of this Chapter to assess contamination, identify receptors, or remediate groundwater or soil contamination.

(c7) In disbursing monies from the Fund for replacement water supplies, the Department shall give priority to circumstances in which a well is contaminated as the result of nonnaturally occurring groundwater contamination in the area over circumstances in which a well has naturally occurring contamination.

(d) The Department shall establish criteria by which the Department is to evaluate applications and disburse monies from this Fund and may adopt any rules necessary to implement this section.

(e) The Department, in consultation with the Commission for Public Health and local health departments, shall report no later than October 1 of each year to the Environmental Review Commission, the House of Representatives Appropriations Subcommittee on Natural and Economic Resources, Senate Appropriations Committee on Natural and Economic Resources, and the Fiscal Research Division on the implementation of this section. The report shall include the purpose and amount of all expenditures from the Fund during the prior fiscal year, a discussion of the benefits and deficiencies realized as a result of the section, and may also include recommendations for any legislative action.

North Carolina's Eastern Region Development Commission, the governing body of North
Carolina's Eastern Region, shall liquidate the assets of the Region to the extent possible and
distribute all Region assets to the counties of the Region in proportion to the amount of the
vehicle registration tax levied by the Commission and collected in each county. The assets of
the Region that exceed the amount of the vehicle registration tax collected by the counties and

the Region shall first allocate amounts loaned and not yet repaid as follows:

(1) Amounts loaned for a project in a county will be allocated to that county to
the extent of its beneficial ownership of the principal of the interest-bearing
trust account in which the proceeds of the vehicle registration tax levied by
the Commission were placed, and the county will become the owner of the
right to repayment of the amount loaned to the extent of its beneficial
ownership of the principal of the trust account.

(2) Amounts not allocated pursuant to subdivision (1) of this subsection shall be
allocated among the remaining counties in proportion to the amount of the
vehicle registration tax collected in each county, and the remaining counties shall become the owners of the right to repayment of the amounts loaned in proportion to the amount of the vehicle registration tax collected in each county.

Notes and other instruments representing the right to repayment shall, upon dissolution of the Region, be held and collected by the State Treasurer, who shall disburse the collections to the counties as provided in this subsection.

The Commission shall distribute those assets that it is unable to liquidate among the Region counties insofar as practical on an equitable basis, as determined by the Commission. Upon dissolution, the State of North Carolina shall succeed to any remaining rights, obligations, and liabilities of the Region not assigned to the Region counties.

SECTION 15.28A.(b) Funds appropriated pursuant to subsection (a) of this section shall be allocated to each regional economic development commission as follows:

(1) First, the Department shall establish each commission's allocation by determining the sum of allocations to each county that is a member of that commission. Each county's allocation shall be determined by dividing the county's development factor by the sum of the development factors for eligible counties and multiplying the resulting percentage by the amount of the appropriation. As used in this subdivision, the term "development factor" means a county's development factor as calculated under G.S. 143B-437.08; and

(2) Next, the Department shall subtract from funds allocated to North Carolina's Eastern Region the sum of one hundred thirty-four thousand four hundred sixty-six dollars ($134,466) in the 2013-2014 fiscal year, which sum represents (i) the total interest earnings in the prior fiscal year on the estimated balance of the seven million five hundred thousand dollars ($7,500,000) appropriated to the Global TransPark Development Zone in Section 6 of Chapter 561 of the 1993 Session Laws and (ii) the total interest earnings in the prior fiscal year on loans made from the seven million five hundred thousand dollars ($7,500,000) appropriated to the Global TransPark Development Zone in Section 6 of Chapter 561 of the 1993 Session Laws; and

(3) Next, the Department shall redistribute the sum of one hundred thirty-four thousand four hundred sixty-six dollars ($134,466) in the 2013-2014 fiscal year to the seven regional economic development commissions named in subsection (a) of this section. Each commission's share of this redistribution shall be determined according to the development factor formula set out in subdivision (1) of this subsection. This redistribution shall be in addition to each commission's allocation determined under subdivision (1) of this subsection.

SECTION 15.28A.(c) The General Assembly finds that successful economic development requires the collaboration of the State, regions of the State, counties, and municipalities. Therefore, the regional economic development commissions are encouraged to seek supplemental funding from their county and municipal partners to continue and enhance their efforts to attract and retain business in the State.

PART XVI. DEPARTMENT OF PUBLIC SAFETY

SUBPART XVI-A. GENERAL PROVISIONS

GRANT REPORTING AND MATCHING FUNDS

SECTION 16A.1.(a) The Department of Public Safety, the Department of Justice, and the Judicial Department shall report by May 1 of each year to the Joint Legislative Commission on Governmental Operations, the Chairs of the House of Representatives Subcommittee on Justice and Public Safety, and the Chairs of the Senate Appropriations Committee on Justice and Public Safety on grant funds received or preapproved for receipt by those departments. The report shall include information on the amount of grant funds received or preapproved for receipt by each department, the use of the funds, the State match expended to receive the funds, and the period to be covered by each grant. If the department intends to continue the program beyond the end of the grant period, the department shall report on the proposed method for continuing the funding of the program at the end of the grant period. Each department shall also report on any information it may have indicating that the State will be requested to provide future funding for a program presently supported by a local grant.

SECTION 16A.1.(b) Notwithstanding the provisions of G.S. 143C-6-9, the Department of Public Safety may use up to the sum of one million two hundred thousand dollars ($1,200,000) during the 2013-2014 fiscal year and up to the sum of one million two hundred thousand dollars ($1,200,000) during the 2014-2015 fiscal year from funds available to the Department to provide the State match needed in order to receive grant funds. Prior to using funds for this purpose, the Department shall report to the Chairs of the House of Representatives Subcommittee on Justice and Public Safety, the Chairs of the Senate Appropriations Committee on Justice and Public Safety, and the Joint Legislative Commission on Governmental Operations on the grants to be matched using these funds.

USE OF CLOSED FACILITIES

SECTION 16A.3. In conjunction with the closing of prison facilities, youth detention centers, and youth development centers, the Department of Public Safety shall consult with the county or municipality in which the facility is located, with the elected State and local officials, and with State and federal agencies about the possibility of converting that facility to other use. The Department may also consult with any private for-profit or nonprofit firm about the possibility of converting the facility to other use. In developing a proposal for future use of each facility, the Department shall give priority to converting the facility to other criminal justice use. Consistent with existing law and the future needs of the Department of Public Safety, the State may provide for the transfer or the lease of any of these facilities to counties, municipalities, State agencies, federal agencies, or private firms wishing to convert them to other use. The Department of Public Safety may also consider converting some of the facilities recommended for closing from one security custody level to another, where that
conversion would be cost-effective. A prison unit under lease to a county pursuant to the
provisions of this section for use as a jail is exempt for the period of the lease from any of the
minimum standards adopted by the Secretary of Health and Human Services pursuant to
G.S. 153A-221 for the housing of adult prisoners that would subject the unit to greater
standards than those required of a unit of the State prison system.

LIMITED AUTHORITY TO RECLASSIFY AND ELIMINATE CERTAIN POSITIONS
SECTION 16A.4. Notwithstanding any other provision of law, subject to the
approval of the Director of the Budget, the Secretary of the Department of Public Safety may
reclassify or eliminate existing administrative positions that are not specifically addressed in
this act as needed for the efficient operation of the Department. The Secretary of the
Department of Public Safety shall report any position reclassification undertaken pursuant to
this section to the Chairs of the House of Representatives Appropriations Subcommittee on
Justice and Public Safety, the Chairs of the Senate Appropriations Committee on Justice and
Public Safety, and to the Fiscal Research Division, within 30 days of the reclassification. The
report shall include the position number, original title, original fund code, original budgeted
salary, new title, new fund code, and new budgeted salary for each reclassified position.

USE OF SEIZED AND FORFEITED PROPERTY TRANSFERRED TO STATE LAW
ENFORCEMENT AGENCIES BY THE FEDERAL GOVERNMENT

Department of Public Safety during the 2013-2015 fiscal biennium pursuant to applicable
federal law shall be credited to the budgets of the respective departments and shall result in an
increase of law enforcement resources for those departments. The Departments of Justice and
Public Safety shall report to the Joint Legislative Commission on Governmental Operations,
the Chairs of the House of Representatives Appropriations Subcommittee on Justice and Public
Safety, and the Chairs of the Senate Appropriations Committee on Justice and Public Safety
upon receipt of the assets and, before using the assets, shall report on the intended use of the
assets and the departmental priorities on which the assets may be expended.

SECTION 16B.1.(b) The General Assembly finds that the use of assets transferred
pursuant to federal law for new personnel positions, new projects, acquisition of real property,
repair of buildings where the repair includes structural change, and construction of or additions
to buildings may result in additional expenses for the State in future fiscal periods. Therefore,
the Department of Justice and the Department of Public Safety are prohibited from using these
assets for such purposes without the prior approval of the General Assembly.

SECTION 16B.1.(c) Nothing in this section prohibits North Carolina law
enforcement agencies from receiving funds from the United States Department of Justice, the
United States Department of the Treasury, and the United States Department of Health and
Human Services.

(c) Project Priorities and Funding Recommendations. – The Department shall assign a priority to each project within each of the two categories listed under subsection (b) of this section, either by giving the project a number with "1" assigned to the highest priority, or by recommending no funding. The Department shall state its reasons for recommending the funding, deferral, or elimination of a project. The Department shall determine the priority of a project based on the following criteria: federal requirements, a project's proximity to transportation infrastructure and other critical State and federal assets, and a project's ability to further the mission of the National Guard."
(d) Distribution of the Plan. – The Director of the Budget shall provide copies of the

The unexpended portion of any appropriation from the General Fund of the State for the
purposes set out in this Article, Article, or in Article 17 of this Chapter, remaining at the end of
