19       **(b)** The surety bond amount required subsequent to initial licensure shall consist of a  
20 base amount of one hundred fifty thousand dollars (\$150,000) for money transmission volumes  
21 in this State of no more than one million dollars (\$1,000,000). However, if a licensee has  
22 transmission volume in North Carolina in a 12-month period ending December 31 in excess of  
23 one million dollars (\$1,000,000) but less than five million dollars (\$5,000,000), then the

34       **(c)** Any increased surety bond required under subsection (b) shall be filed with the  
35 Commissioner on or before May 31 annually. Failure to obtain the additional surety bond  
36 required is grounds for summary suspension pursuant to G.S. 53-208.57(d)(2).

37       **(d)** The surety bond shall be in a form satisfactory to the Commissioner and shall run to  
38 the State for the benefit of any claimants against the licensee to secure the faithful performance  
39 of the obligations of the licensee with respect to the receipt, handling, transmission, and  
40 payment of money or monetary value in connection with the sale and issuance of payment  
41 instruments, stored value, or transmission of money. The Commissioner has the discretion to  
42 require the applicant obtain additional insurance coverage to address related cybersecurity risks

44 the extent such risks are not within the scope of the required surety bond.

45       **(e)** The aggregate liability of the surety in no event shall exceed the principal sum of  
46 the bond. Claimants against the licensee may themselves bring suit directly on the security  
47 bond, or the Commissioner may bring suit on behalf of claimants, either in one action or in  
48 successive actions.

49       **(f)** In lieu of a surety bond, the licensee may deposit with the Commissioner, or with  
50 any bank in this State designated by the licensee and approved by the Commissioner, an

- 5 (3) Unencumbered notes.
- 6 (4) Unencumbered debentures.

 8 instrumentality thereof, or guaranteed by the United States.
- 9 (6) Unencumbered obligations of this State or of any political subdivision of the  
 10 State, or guaranteed by this State.

11 The securities or cash shall be deposited as aforesaid and held to secure the same  
 12 obligations as would the surety bond, but the depositor shall be entitled to receive all interest  
 13 and dividends thereon, shall have the right, with the approval of the Commissioner, to  
 14 substitute other securities for those deposited, and shall be required to do so on written order of  
 15 the Commissioner made for good cause shown.

16 (g) The surety bond shall remain in effect until cancellation, which may occur only after  
 17 90 days' written notice to the Commissioner. Cancellation shall not affect any liability incurred  
 18 or accrued during that period.

19 (h) The surety bond shall remain in place for no less than five years after the licensee  
 20 ceases money transmission operations in the State. However, notwithstanding this provision,  
 21 the Commissioner may permit the surety bond to be reduced or eliminated prior to that time to  
 22 the extent that the amount of the licensee's outstanding payment instruments, stored value  
 23 obligations, and money transmitted in this State is reduced.

24 (i) The surety bond proceeds and any cash or other collateral posted as security by a  
 25 licensee shall be deemed by operation of law to be held in trust for the benefit of the purchasers  
 26 and holders of the licensee's outstanding payment instruments, stored value obligations, and  
 27 money transmissions and to the State in the event of the bankruptcy of the licensee.

28 **"§ 53-208.48. Permissible investments and statutory trust.**

 30 investments having an aggregate market value, calculated in accordance with generally  
 31 accepted accounting principles, of not less than the aggregate face amount of all outstanding  
 32 transmission obligations. This requirement may be waived by the Commissioner if the dollar  
 33 volume of a licensee's outstanding transmission obligations does not exceed the bond or other
