BUDGET STABILITY AND CONTINUITY

SECTION 6.3. (a) G.S. 143C-5-4 reads as rewritten:

"§ 143C-5.4. Enactment deadline; procedures to be followed when the Current Operations Appropriations Act does not become law prior to the end of certain fiscal years.

(a) Enactment Deadline. – The General Assembly shall enact the Current Operations Appropriations Act by June 15 of odd-numbered years and by June 30 of even-numbered years in which a Current Operations Appropriations Act is enacted.

(b) Procedure for Budget Continuation. – If a fiscal year begins for which no Current Operations Appropriations Act providing for current operations of State government during that fiscal year has become law, then the following procedures shall be followed and the following limitations shall apply:

(1) Authority. – Unless otherwise provided by law, the Director of the Budget may continue to allocate funds from all funds for expenditure by State departments, institutions, and agencies at a level not to exceed the level of recurring expenditures from those funds for the prior fiscal year. If the Director of the Budget finds that projected revenues for the fiscal year will not support expenditures at the level of recurring expenditures for the prior fiscal year, the Director of the Budget shall allot funds at a lower level. In making these allocations, the Director of the Budget shall ensure the prompt payment of the principal and interest on bonds and notes of the State according to their terms. Except as otherwise provided by this section, the limitations and directions on the expenditure of funds for the prior fiscal biennium shall remain in effect.

(2) Appropriation of funds necessary to implement. – There is appropriated from the appropriate State funds, cash balances, federal receipts, and departmental receipts sums sufficient to implement the authority described in this subsection for the applicable fiscal year.

(3) Relation to Current Operations Appropriations Act. – The appropriations and the authorizations to allocate and spend funds which are set out in this subsection shall remain in effect until the Current Operations Appropriations Act for the applicable fiscal year becomes law, at which time that act shall become effective and shall govern appropriations and expenditures. When the Current Operations Appropriations Act for that fiscal year becomes law, the Director of the Budget shall adjust allotments to give effect to that act from July 1 of the fiscal year.

(4) Vacant positions. – If both houses of the General Assembly have passed their respective versions of the Current Operations Appropriations Act on the third reading and ordered them sent to the other chamber, then vacant positions subject to proposed budget reductions in either or both versions of the bill shall not be filled.

(5) State employee salaries. – The salary schedules and specific salaries established for the prior fiscal year and in effect on June 30 of the prior fiscal year for offices and positions shall remain in effect until the Current Operations Appropriations Act for the current fiscal year becomes law. State employees subject to G.S. 7A-102(c), 7A-171.1, 20-187.3, or any other statutory salary schedule, shall not move up on salary schedules or receive automatic increases, including automatic step increases, until authorized by the General Assembly. State employees, including those exempt from the classification and compensation rules established by the State Human Resources Commission,
shall not receive any automatic step increases, annual, performance, merit, bonuses, or other increments until authorized by the General Assembly.

(6) School Employee Salaries. – Public school employees paid on the teacher salary schedule, the school-based administrator salary schedule, or any other salary schedule established by State law shall not move up on salary schedules or receive automatic step increases until authorized by the General Assembly.

(7) State’s employer contribution rate. – The State’s employer contribution rates budgeted for retirement and related benefits for the current fiscal year shall remain the same as they are on June 30 of the prior fiscal year. These rates are effective until the Current Operations Appropriations Act for the current fiscal year becomes law and are subject to revision in that act. If that act modifies those rates, the Director of the Budget shall further modify the rates set in that act for the remainder of the fiscal year so as to compensate for the different amount contributed between July 1 and the date the Current Operations Appropriations Act becomes law so that the effective rates for the entire year reflect the rates set in the Current Operations Appropriations Act.

(8) Statutory transfers to reserves. – Notwithstanding G.S. 143C-4-2 and G.S. 143C-4-3, funds shall not be reserved to the Savings Reserve Account or the Repairs and Renovations Reserve Account and the State Controller shall not transfer funds from the unreserved credit balance to the those accounts on June 30 of the prior fiscal year.

State agencies shall report to the Joint Legislative Commission on Governmental Operations within 30 days of receipt of such funds. State agencies may spend all other funds from grants awarded during the current fiscal year, including federal block grants, only with approval of the Director of the Budget and after consultation with the Joint Legislative Commission on Governmental Operations, except that consultation with the Joint Legislative Commission on Governmental Operations shall not be required prior to an expenditure to respond to an emergency, as that term is defined in G.S. 166A-19.3(6). The Office of State Budget and Management shall work with the recipient State agencies to budget grant awards according to the annual program needs and within the parameters of the respective granting entities. Depending on the nature of the award, additional State personnel may be employed on a time-limited basis. Funds received from such grants are hereby appropriated and shall be incorporated into the authorized budget of the recipient State agency. Notwithstanding the provisions of this subdivision, no State agency may accept a grant if acceptance of the grant would obligate the State to make future expenditures relating to the program receiving the grant or would otherwise result in a financial obligation as a consequence of accepting the grant funds."

Principal II 11-21 Teachers
Principal III 22-32 Teachers

The number of teachers supervised includes teachers and assistant principals paid from State funds only; it does not include teachers or assistant principals paid from non-State funds or the principal or teacher assistants.

The beginning classification for principals in alternative schools and in cooperative innovative high school programs shall be the Principal III level. Principals in alternative schools who supervise 33 or more teachers shall be classified according to the number of teachers supervised.

SECTION 9.2.(c) A principal shall be placed on the step on the salary schedule that reflects the total number of years of experience as a certified employee of the public schools and an additional step for every three years of experience serving as a principal on or before June 30, 2009. A principal or assistant principal shall also continue to receive any additional State-funded percentage increases earned for the 1997-1998, 1998-1999, and 1999-2000 school years for improvement in student performance or maintaining a safe and orderly school.

SECTION 9.2.(d) Principals and assistant principals with certification based on academic preparation at the six-year degree level shall be paid a salary supplement of one hundred twenty-six dollars ($126.00) per month and at the doctoral degree level shall be paid a salary supplement of two hundred fifty-three dollars ($253.00) per month.

SECTION 9.2.(e) Longevity pay for principals and assistant principals shall be as provided for State employees under the North Carolina Human Resources Act.

If a principal is reassigned to a lower job classification because the principal is transferred to a school within a local school administrative unit with a smaller number of State-allotted teachers, the principal shall be placed on the salary schedule as if the principal had served the principal's entire career as a principal at the lower job classification.

This subsection applies to all transfers on or after the effective date of this section, except transfers in school systems that have been created, or will be created, by merging two or more school systems. Transfers in these merged systems are exempt from the provisions of this subsection for one calendar year following the date of the merger.

The stipend shall not exceed the difference between the beginning salary of an assistant principal plus the cost of tuition, fees, and books and any fellowship funds received by the intern as a full-time student, including awards of the Principal Fellows Program. The Principal Fellows Program or the school of education where the intern participates in a full-time master's in-school administration program shall supply the Department of Public Instruction with certification of eligible full-time interns.

SECTION 9.2.(h) During the 2016-2017 fiscal year, the placement on the salary schedule of an administrator with a one-year provisional assistant principal's certificate shall be at the entry-level salary for an assistant principal or the appropriate step on the teacher salary schedule, whichever is higher.

SECTION 11.6.(c) G.S. 115C-83.15 reads as rewritten:

§ 115C-83.15. School achievement, growth, performance scores, and grades.

... (b) Calculation of the School Achievement Score. – In calculating the overall school
achievement score earned by schools, the State Board of Education shall total the sum of points
earned by a school on all of the following indicators that are measured for that school:

(1) One point for each percent of students who score at or above proficient on
annual assessments for mathematics in grades three through eight.

(2) One point for each percent of students who score at or above proficient on
annual assessments for reading in grades three through eight.

(3) One point for each percent of students who score at or above proficient on
annual assessments for science in grades five and eight.

(4) One point for each percent of students who score at or above proficient on the
Algebra I or Integrated Math I end-of-course test.

(5) One point for each percent of students who score at or above proficient on the
English II end-of-course test.

(6) One point for each percent of students who score at or above proficient on the
Biology end-of-course test.

(7) One point for each percent of students who complete Algebra II or Integrated
Math III with a passing grade.

(8) One point for each percent of students who achieve the minimum score
required for admission into a constituent institution of The University of North
Carolina on a nationally normed test of college readiness.

(9) One point for each percent of students enrolled in Career and Technical
Education courses who meet the standard when scoring at Silver, Gold, or
Platinum levels on a nationally normed test of workplace readiness.

(10) One point for each percent of students who graduate within four years of
entering high school.

In calculating the overall school achievement score earned by schools, the State Board of
Education shall (i) use a composite approach to weigh the achievement elements based on the
number of students measured by any given achievement element and (ii) proportionally adjust the
scale to account for the absence of a school achievement element for award of scores to a school
that does not have a measure of one of the school achievement elements annually assessed for the
grades taught at that school. The overall school achievement score shall be translated to a
100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1.,
115C-218.65, and 115C-238.66, 115C-238.66, and 116-239.8.

(c) Calculation of the School Growth Score. – Using EVAAS, the State Board shall
calculate the overall growth score earned by schools. In calculating the total growth score earned
by schools, the State Board of Education shall weight student growth on the achievement
indicators as provided in subsection (b) of this section that have available growth values. The
numerical values used to determine whether a school has met, exceeded, or has not met expected
growth shall be translated to a 100-point scale and used for school reporting purposes as provided 
in G.S. 115C-12(9)c1., 115C-218.65, and 115C-238.66, 115C-238.66, and 116-239.8. 
(d) Calculation of the School Performance Scores and Grades. – The State Board of 
Education shall use EVAAS to calculate the school performance score by adding the school 
achievement score, as provided in subsection (b) of this section, and the school growth score, as 
provided in subsection (c) of this section, earned by a school. The school achievement score shall 
account for eighty percent (80%), and the school growth score shall account for twenty percent 
(20%) of the total sum. If a school has met expected growth and inclusion of the school’s growth 
score reduces the school’s performance score and grade, a school may choose to use the school 
achievement score solely to calculate the performance score and grade. For all schools, the total 
school performance score shall be converted to a 100-point scale and used to determine a school 
performance grade based on the following scale: 

(1) A school performance score of at least 90 is equivalent to an overall school 
performance grade of A. 
(2) A school performance score of at least 80 is equivalent to an overall school 
performance grade of B. 
(3) A school performance score of at least 70 is equivalent to an overall school 
performance grade of C. 
(4) A school performance score of at least 60 is equivalent to an overall school 
performance grade of D. 
(5) A school performance score of less than 60 points is equivalent to an overall 
school performance grade of F. 

(e) Elementary and Middle School Reading and Math Achievement Scores. – For schools 
serving students in kindergarten through eighth grade, the school achievement scores in reading 
and mathematics, respectively, shall be reported separately on the annual school report card 
provided under G.S. 115C-12(9)c1., 115C-218.65, and 115C-238.66, 115C-238.66, and 116-239.8. 
(f) Indication of Growth. – In addition to awarding the overall school scores for 
achievement, growth, and performance and the performance grade, using EVAAS, the State Board 
shall designate that a school has met, exceeded, or has not met expected growth. The designation 
of student growth shall be clearly displayed in the annual school report card provided under 
G.S. 115C-12(9)c1., 115C-218.65, and 115C-238.66, 115C-238.66, and 116-239.8."

SECTION 11.6.(d) Notwithstanding G.S. 116-239.7(a), as enacted by this section, by 
November 1, 2016, the Board of Governors of The University of North Carolina shall submit a 
plan for the location of lab schools throughout the State to the Joint Legislative Commission on 
Governmental Operations in accordance with G.S. 116-239.7(a).

Carolina General Administration to provide administrative and technical assistance to constituent 
institutions with educator preparation programs to support the establishment of lab schools in 
accordance with this section.

SECTION 11.6.(f) By November 15, 2017, the Board of Governors shall submit a 
report to the Joint Legislative Education Oversight Committee on the progress of establishing the 
lab schools as required by Article 29A of Chapter 116 of the General Statutes, including 
information on student enrollment numbers and the admissions process and any other information 
the Board deems relevant. By November 15, 2018, the Board of Governors shall submit the initial 
report required by G.S. 116-239.13 to the Joint Legislative Education Oversight Committee.
UNC ADVANCEMENT ACTIVITY

SECTION 11.7. STRATEGIC PLAN FOR IMPROVEMENT OF BEHAVIORAL HEALTH SERVICES

SECTION 12F.10.(a) The General Assembly finds that behavioral health services within the State are fragmented and a statewide comprehensive plan is necessary to ensure that individuals with behavioral health needs are timely served in the most appropriate settings and with the most appropriate services in order to achieve the best possible outcomes. The General Assembly further finds the absence of a statewide strategic plan that defines, coordinates, and facilitates the allocation of resources for needed services is an obstacle to improving the desired outcomes for behavioral health services in this State. It is the intention of the General Assembly to improve the delivery and coordination of behavioral health services across the State by targeting State resources to identified needs of covered populations and to treatments and services most effective at producing positive, measurable outcomes.

SECTION 12F.10.(b) By November 1, 2017, the Department of Health and Human Services shall develop and submit to the Joint Legislative Oversight Committee on Health and Human Services, the Joint Legislative Oversight Committee on Medicaid and NC Health Choice, and the Fiscal Research Division a strategic statewide plan to improve the efficiency and effectiveness of State-funded behavioral health services. The plan shall include at least all of the following:

(1) Identification of the Division that will (i) assume lead responsibility for the organization and delivery of publicly funded behavioral health services and (ii) define the current and future roles and responsibilities of local management entities/managed care organizations (LME/MCOs) with respect to the organization and delivery of publicly funded behavioral health services.

(2) A process for ensuring that all State contracts with behavioral health providers and managed care organizations responsible for managing Medicaid behavioral health services (including LME/MCOs) contain goals for overall behavioral health services, along with specific measurable outcomes for all publicly funded mental health, developmental disabilities, substance abuse, and traumatic brain injury services. The process must require that the lead Division utilize a single contract with each provider or managed care organization for all publicly funded behavioral health services regardless of the source of funding.

(3) A statewide needs assessment for mental health, developmental disabilities, substance abuse, and traumatic brain injury services by county and type of service, broken down by the source of funding. The needs assessment must include a defined service continuum to address identified needs for targeted populations.

(4) Specific solvency standards to be incorporated into State contracts with LME/MCOs that define appropriate cash balances, predictors for sustainability, and measures for performance that the LME/MCOs will monitor and report to the Department on a monthly, quarterly, and annual basis.
(5) Any other component the Department deems necessary to achieve the goal of improving the effective and efficient delivery and coordination of publicly funded behavioral health services across the State.

SECTION 12F.10.(c) The Joint Legislative Oversight Committee on Health and Human Services and the Joint Legislative Oversight Committee on Medicaid and NC Health Choice shall each establish a subcommittee on Behavioral Health Services. The subcommittees shall meet jointly to do the following:

(1) Oversee the Department’s development of the strategic plan required by subsection (a) of this section.

(2) Review the strategic plan developed by the Department in accordance with subsection (b) of this section, including a review of all performance-related goals and measures for the delivery of mental health, developmental disabilities, substance abuse, and traumatic brain injury services.

(3) Review consolidated monthly, quarterly, and annual reports and analyses of behavioral health services funded by Medicaid and State-only appropriations.

The subcommittees shall jointly make recommendations about the areas of oversight and review described in subdivisions (1) through (3) of this subsection and report their findings and recommendations to their respective committees. In conducting the required oversight and review, the subcommittees may seek input from other states, stakeholders, and national experts as they deem necessary in conducting their examination and developing their recommendations.

If a federally recognized Native American tribe within the State has assumed responsibility for the Medicaid program pursuant to G.S. 108A-25(e), then this Part applies to the tribe in the same manner as it applies to county departments of social services.

§ 108A-70.32. Timely decision standards.
The county department of social services shall render a decision on an individual's application for Medicaid within 45 calendar days from the date of application, except for applications in which a disability determination has already been made or is needed. For those applications, the county department of social services shall render a decision on an individual's eligibility within 90 calendar days from the date of application.

§ 108A-70.33. Timely processing standards.

(a) The Department shall require counties to comply with timely processing standards. The timely processing standards are the average processing time standards and the percentage processed timely standards set forth in G.S. 108A-70.34 and G.S. 108A-70.35. The Department shall monitor county department of social services' compliance with these standards in accordance with this Part.

(b) For purposes of this Part, processing time is the number of days between the date of application and the date of disposition of the application, except in cases where an eligibility determination is dependent upon receipt of information related to one or more of the following:

1. Medical expenses sufficient to meet a deductible.

(c) Processing times for the following types of cases shall be excluded from the calculation of the average processing time and percent processed timely:

1. Newborns who are automatically enrolled based on their mother's eligibility.
2. Applications for individuals who are presumptively eligible for Medicaid.
3. Active cases in which an individual who is eligible for one program is transferred to another program, regardless of whether the transfer occurs between allowable or nonallowable program categories.

(d) The Department may, in its discretion, exclude days, other than those required by subsection (b) of this section, from the calculation of processing time under this section if the Department determines that the delay was caused by circumstances outside the control of county departments of social services. The Department also may, in its discretion, exclude types of cases, other than those described in subsection (c) of this section, from the calculation of processing time. When the Department exercises its discretion pursuant to this subsection, the Department's determination regarding circumstances outside the control of county departments of social services and the Department's decision to exclude types of cases shall be applied uniformly to all county departments of social services.

§ 108A-70.34. Average processing time standards.

(a) Average processing time is calculated by finding the processing time for each case that received a disposition during a given month and finding the average of those processing times.
(b) The standard for average processing time is 90 days for cases in which the individual has applied for the Medicaid Aid to the Disabled category (M-AD) and 45 days for all other cases.

§ 108A-70.35. Percentage processed timely standards.

(a) Percentage processed timely is the percentage of cases that received a timely disposition in a given month. The percentage processed timely is calculated by expressing the number of cases during a given month with a processing time equal to or less than the standard set in G.S. 108A-70.32 as a percentage of the total cases receiving a disposition during that month. When the deadline for meeting the timely decision standard in G.S. 108A-70.32 falls on a weekend or holiday, an application that receives a disposition on the first workday following the deadline shall be considered timely for purposes of calculating the percentage processed timely.
(b) The Department is authorized to adopt rules to establish a percentage standard for each county department of social services that will be the percentage processed timely standard for that county department of social services. Until the Department adopts rules establishing percentage standards for each county, the percentage processed timely standards are those established in 10A NCAC 23C .0203 as of April 2016.

§ 108A-70.36. Corrective action.

(a) If for any three consecutive months or for any five months out of a period of 12 consecutive months a county department of social services fails to meet either the average processing time standard or the percentage processed timely standard or both standards, the Department and the county department of social services shall enter into a joint corrective action plan to improve the timely processing of applications.
(b) A joint corrective action plan entered into pursuant to this section shall specifically identify the following components:

(1) The duration of the joint corrective action plan, not to exceed 12 months. If a county department of social services shows measurable progress in meeting the performance requirements in the joint corrective action plan, then the duration of the joint corrective action plan may be extended by six months, but in no case shall a joint corrective action plan exceed 18 months.
(2) A plan for improving timely processing of applications that specifically describes the actions to be taken by the county department of social services and the Department.
§ 108A-70.37. Temporary assumption of Medicaid eligibility administration.

(a) If a county department of social services fails to successfully complete its joint corrective action plan, the Department shall give the county department of social services, the county manager, and the board of social services or the consolidated human services board created pursuant to G.S. 153A-77(b) at least 90 days' notice that the Department intends to temporarily assume Medicaid eligibility administration, in accordance with subsection (b) of this section. 2. The performance requirements in the joint corrective action plan that the county department of social services failed to meet.
3. Notice of the county department of social services' right to appeal the decision to the Office of Administrative Hearings, pursuant to Article 3 of Chapter 150B of the General Statutes.

(b) Notwithstanding any provision of law to the contrary, if a county department of social services fails to successfully complete its joint corrective action plan, the Department shall temporarily assume Medicaid eligibility administration for the county upon giving notice as required by subsection (a) of this section. During a period of temporary assumption of Medicaid eligibility administration, the following shall occur:

3. The Department shall direct and oversee the expenditure of all funding for the administration of Medicaid eligibility in the county.
4. The county shall continue to pay the nonfederal share of the cost of Medicaid eligibility administration and shall not withdraw funds previously obligated or appropriated for Medicaid eligibility administration.

7. The Department shall inform the county board of commissioners, the county manager, the county director of social services, and the board of social services or the consolidated human services board created pursuant to G.S. 153A-77(b) of key activities and any ongoing concerns during the temporary assumption of Medicaid eligibility administration.

(c) Upon the Department's determination that Medicaid eligibility determinations can be performed in a timely manner based on the standards set forth in G.S. 108A-70.34 and G.S. 108A-70.35 by the county department of social services, the Department shall notify the county department of social services, the county manager, and the board of social services or the consolidated human services board created pursuant to G.S. 153A-77(b) that temporary
assumption of Medicaid eligibility administration will be terminated and the effective date of termination. Upon termination, the county department of social services resumes its full authority to administer Medicaid eligibility determinations."

SECTION 12H.17.(c) G.S. 150B-23 is amended by adding a new subsection to read:

The case shall be conducted in the same manner as other contested cases under this Article."

"SECTION 12I.1.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

(1) A delineation of the proposed allocations by program or activity, including State and federal match requirements.

(2) A delineation of the proposed State and local administrative expenditures.

(3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

(4) A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.

(5) A projection of current year expenditures by program or activity.

(6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

"SECTION 12I.1.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding.

DEVELOPMENT OF NEW COMPREHENSIVE NUTRIENT MANAGEMENT REGULATORY FRAMEWORK

SECTION 14.13.(a) The General Assembly finds all of the following:

(1) It is necessary for the State to have a comprehensive management strategy to protect and improve water quality.

(2) Four nutrient management strategies currently exist in North Carolina in the Neuse River Basin, Tar-Pamlico Basin, Falls Lake Watershed, and Jordan Lake Watershed (collectively, the State Nutrient Management Strategies). Some of these strategies have now been in place for more than 12 years.

(3) Existing nutrient management strategies have shown little to no improvement in water quality, have created an increased regulatory and economic burden in the billions of dollars to the State, its municipalities, and its citizens, and have rendered thousands of acres of public and private property useless.

(4) Instead of continuing a regulatory solution that is not improving, nor may ever improve, water quality standards, a new comprehensive management strategy that includes in situ treatment of impaired water bodies must be developed to replace the current flawed, economically irresponsible, and scientifically unjustified approach.

SECTION 14.13.(b) For the reasons set forth in subsection (a) of this section, subsections (a) and (c) of Section 14.5 of S.L. 2015-241 are repealed and the Department shall terminate the Jordan Lake demonstration project. Any funds allocated under subsection 14.5(a) that are unspent and unencumbered on the effective date of this act shall revert to the Clean Water Management Trust Fund.

SECTION 14.13.(c) Of the funds appropriated in this act to the Clean Water Management Trust Fund for the 2016-2017 fiscal year, the sum of five hundred thousand dollars ($500,000) is allocated to the Office of the Chancellor at the University of North Carolina Chapel Hill to designate an entity to study and analyze nutrient management strategies (including in situ strategies) specifically in the context of the State's impaired water bodies. As part of this study, the
entity shall review the data collected by the Department of Environmental Quality from water sampling in areas subject to one of the State Nutrient Management Strategies and compare trends in water quality to the implementation of the various elements of each of the State Nutrient Management Strategies. The entity shall also examine the costs and benefits of basinwide nutrient strategies in other states and the impact (or lack of impact) those strategies have had on water quality. The entity shall report the results of its study and its recommendations for further action (including any statutory or regulatory changes necessary to implement the recommendations) to the Environmental Review Commission, the Environmental Management Commission, and the Department of Environmental Quality no later than December 31, 2018. No indirect or facilities and administrative costs shall be charged by the University against the funds allocated by this section. The Department of Environmental Quality shall provide all necessary data and staff assistance as requested by the entity for the duration of the study required by this subsection. The Department shall also designate from existing positions an employee to serve as liaison between the Department and the entity to facilitate communication and handle data requests for the duration of the project.

**SECTION 14.13.(d)** As part of the periodic review of rules required by G.S. 150B-21.3A, the Environmental Management Commission shall, based on the study required by subsection (c) of this section, review and revise the State Nutrient Management Strategies, consisting of the following:

8. All other regulations imposing riparian buffer requirements for the purpose of nutrient management identified by the report required of the Department of Environmental Quality in this subsection.
9. Any changes to these regulations imposed by subsequent acts of the General Assembly.

No later than December 31, 2016, the Department of Environmental Quality shall report to the Environmental Review Commission a list of any other rules and any subsequent acts of the General Assembly changing the rules that impose buffer requirements pertaining to water quality, and the Commission's review shall include the rules identified in this section and in that report. No later than December 31, 2019, and no earlier than October 1, 2019, the Commission shall, based on its review and the study required by subsection (c) of this section, adopt temporary rules based on the revisions to the State Nutrient Management Strategies. As part of its rule-making process, the Commission shall (i) hold public hearings in the upstream and downstream portions of all impacted river basins and subbasins and (ii) no later than December 31, 2016, convene a stakeholder working group that represents all classes of users and all geographic parts of the impacted river basins and subbasins.

**SECTION 14.13.(e)** The existing rules identified in subsection (d) of this section as well as any other rules and modifications in the Department's December 31, 2016, report required
by that subsection are repealed on the earlier of the effective date of the temporary rules or December 31, 2019.

SECTION 14.13.(f) Of the funds appropriated in this act to the Clean Water Management Trust Fund for the 2016-2017 fiscal year, the sum of five hundred thousand dollars ($500,000) is allocated to the Wildlife Resources Commission to conduct applied research on endemic freshwater mussel species, including species listed as federally threatened or endangered. Specific research goals shall include determination of filtration capacity, nutrient cycling, and diet preference; development and refinement of in vitro propagation; and determination of population status, restoration goals, and opportunities to augment or restore mussel communities. The Commission shall also assess strategies for use of freshwater mussel species in impaired water bodies in the State, including Jordan and Falls Lakes. The Commission shall provide an interim report no later than March 1, 2017, and a final report no later than May 1, 2018, regarding its implementation of this section to the Environmental Review Commission, the Joint Legislative Oversight Committee on Agriculture and Natural and Economic Resources, and the Fiscal Research Division. Funds allocated under this subsection that are not expended or encumbered at the conclusion of the demonstration project shall revert to the Clean Water Management Trust Fund.

SECTION 14.13.(g) Rules that are a part of the nutrient management strategy for the Jordan Lake watershed and the Falls Lake watershed, but that have effective dates between the effective date of this act and December 31, 2019, shall not take effect and are subject to the repeal set forth in subsection (e) of this section. While delayed, these rules are not subject to existing rule review under G.S. 150B-21.3A.

SECTION 14.13.(h) The cost for nutrient offsets in any watershed subject to a State Nutrient Management Strategy shall be, notwithstanding any other provision of law, no higher than those currently established for the Falls Lake watershed. This subsection expires on the earlier of the effective date of new temporary rules established under subsection (d) of this section or December 31, 2019.

SECTION 14.13.(i) Subsection (b) of this section becomes effective on the earlier of July 1, 2016, or the date of termination of a contract related to in situ water quality remediation strategies that was previously extended pursuant to Section 14.5 of S.L. 2015-241.

Management measures considered in a supplement shall be strictly limited to those management strategies contained in the original fishery management plan or subsequent amendments to the plan adopted by the Marine Fisheries Commission and shall not include management measures that were either (i) not originally developed in accordance with this section or (ii) that result in severe curtailment of the usefulness or value of equipment as provided by G.S. 113-221(d). Development of temporary management measures pursuant to this subsection is exempt from subsections (c), (c1), and (e) of this section and the Priority List, Schedule, and guidance criteria established by the Marine Fisheries Commission under G.S. 143B-289.52. projects delayed in schedule, and an estimate of the amount of funds expected to revert to the
General Fund.

SECTION 37.2.(e) Notwithstanding any provision of law to the contrary, funds
appropriated for a water resources development project shall be used to provide no more than fifty

(b) Reporting. – The Office of State Budget and Management shall include the following in each six-year capital improvement plan submitted to the General Assembly pursuant to G.S. 143C-8-5:

(1) The list of factors developed pursuant to subsection (a) of this section.
(2) The most recent results of applying the factors developed pursuant to subsection (a) of this section to capital funds requests from State agencies."

SECTION 37.7.(j) This section is effective when it becomes law and applies to leases entered into or renewed and to budgets recommended by the Director of the Budget on or after that date.

LIMIT THE ABILITY OF STATE AGENCIES OR STATE ENTITIES TO ENTER INTO DEBT OR DEBT LIKE ARRANGEMENTS OUTSIDE OF THE PURVIEW OF THE GENERAL ASSEMBLY

SECTION 37.8.(a) Chapter 142 of the General Statutes is amended by adding a new Article to read:

"Article 1A. Issuance Accountability.

"§ 142-15.15. Findings.

The General Assembly hereby finds as follows:

(1) From time to time, the General Assembly has authorized the State and State entities to acquire or lease assets and has structured the acquisition or leasing of those assets in ways that obligate the State to make payments similar to the obligation of the State to make payments for borrowed money.
(2) Some of these arrangements have been made pursuant to specific legislative authorization of the General Assembly, such as the financing of assets pursuant to the State Capital Facilities Finance Act, the State Energy Conservation Act,
and the State and Local Government Revenue Bond Act, while other arrangements have been entered into pursuant to broader and more general legislative authorization, such as general powers to lease property.

(3) Depending upon the terms, some arrangements may be treated as similar to obligating the State to make payments for borrowed money and, therefore, have an impact on the State's credit ratings, future debt affordability, the ability to address budgetary shortfalls, the ability to enforce its contract rights regarding the quality, durability, and performance of the assets acquired, management of federal income tax compliance requirements, management of federal securities law compliance, and on other matters of State finances.

(4) Due to these consequences, the General Assembly enacts this Article to set forth limitations on the ability of State entities to enter into financing arrangements that constitute State-supported financing arrangements in order to assure that the General Assembly is involved in reviewing and authorizing these transactions and that the transactions are properly managed by State departments and officials.

The following definitions apply in this Article:

(1) Financing arrangement. – An installment financing arrangement, lease-purchase arrangement, arrangement under which funds are to be paid in the future based upon the availability of an asset, or any similar arrangement in the nature of a financing having a term (including renewal options) of greater than one year, in which a State entity agrees to make payments to acquire or obtain a capital asset for a State entity. Any arrangement that results in the identification of a portion of a lease payment, installment payment, or similar scheduled payment as "interest" for purposes of federal income taxation is a financing arrangement for purposes of this Article; provided, however, that (i) a contractual provision that requires interest charges for late or overdue payments shall not by themselves convert a construction or procurement contract into a financing arrangement and (ii) a contractual provision in a construction or purchase contract in which a State entity will withhold or retain from amounts otherwise payable under the contract a retainage until completion of construction, the resolution or adjudication of disputes under the contract, the satisfaction of contract provisions requiring that the property constructed or acquired meets specified performance or quality standards, or similar contractual provisions designed to protect the interests of the State under the contract do not convert an arrangement that otherwise does not constitute a financing arrangement into a financing arrangement. The term does not include any of the following:

a. A true operating lease.

b. Provisions in a construction or purchase contract in which payments are to be made over an extended period of time in accordance with the terms of the contract as construction is completed or assets are delivered.

c. A public-private partnership entered into pursuant to G.S. 143-128.1C.

d. Agreements entered into pursuant to G.S. 136-18(39a).

(2) State entity. – The State of North Carolina and every agency, authority, institution, board, commission, bureau, council, department, division, officer, or employee of the State. The term does not include counties, municipal corporations, political subdivisions, local boards of education, or other local public bodies.
§ 142-15.7. No State-supported financing of certain assets without approval of the General Assembly.

No State entity shall enter into any State-supported financing arrangement with respect to the acquisition of a capital asset having a value of five million dollars ($5,000,000) or more, unless the General Assembly has enacted legislation expressly approving (i) the acquisition, project, or undertaking to be financed and (ii) the use of the State-supported financing arrangement. The legislation required by this section may be in the form of either an act that refers to the specific asset or project and the manner of financing or an act that identifies a type of asset or project and a maximum amount that may be financed or incurred for that type of asset or project. Examples of references to a specific asset or project include "energy savings projects" or "repairs and renovations of State-owned buildings."

SECTION 37.8(b) This section is effective when it becomes law and applies to financing arrangements entered on or after that date.

REDUCE TAXATION OF MILL MACHINERY

SECTION 38.2.(a) G.S. 105-187.51B(a)(5) reads as rewritten:

"(a) Tax. – A privilege tax is imposed on the following:

…

(5) A company located at a ports facility for waterborne commerce that purchases specialized equipment to be used at the facility to unload or process bulk cargo to make it suitable for delivery to and use by manufacturing facilities any of the following:

a. Machinery and equipment used at the facility to unload or to facilitate the unloading or processing of bulk cargo and to make it suitable for delivery to and use by manufacturing facilities.

b. Parts, accessories, or attachments used to maintain, repair, replace, upgrade, improve, or otherwise modify such machinery and equipment."

Notwithstanding G.S. 105-241.6, a taxpayer that paid sales and use tax on items that are taxable under G.S. 105-187.51B, as amended by this section, may apply to the Department of Revenue for a refund of the excess tax paid to the extent the refund is the result of the change in the law enacted by this section.

MARKET-BASED SOURCING

SECTION 38.4.(a) G.S. 105-130.4(l) reads as rewritten:

"§ 105-130.4. Allocation and apportionment of income for corporations.

…

(l) The Sales Factor. – The sales factor is a fraction, the numerator of which is the total sales of the corporation in this State during the income year, and the denominator of which is the total sales of the corporation everywhere during the income year. Notwithstanding any other provision under this Part, the receipts from any casual sale of property shall be excluded from both the numerator and the denominator of the sales factor. Where a corporation is not taxable in..."
another state on its apportionable income but is taxable in another state only because of
nonapportionable income, all sales shall be treated as having been made in this State.

Receipts are in this State if the taxpayer’s market for the receipts is in this State. If the market
for a receipt cannot be determined, the state or states of assignment shall be reasonably
approximated. In a case in which a taxpayer cannot ascertain the state or states to which receipts of
a sale are to be assigned through the use of a method of reasonable approximation, the receipts
must be excluded from the denominator of a taxpayer’s sales factor. Except as otherwise provided
by this section, a taxpayer's market for receipts is in this State as provided below:

(1) In the case of sale, rental, lease, or license of real property, if and to the extent
the property is located in this State,

(2) Sales of tangible personal property are in this State if the property is received in
this State by the purchaser. In the case of delivery of goods by common carrier
or by other means of transportation, including transportation by the purchaser,
the place at which the goods are ultimately received after all transportation has
been completed shall be considered as the place at which the goods are received
by the purchaser. Direct delivery into this State by the taxpayer to a person or
firm designated by a purchaser from within or without the State shall constitute
delivery to the purchaser in this State. In the case of rental, lease, or license of
tangible personal property, if and to the extent the property is located in this
State,

(3) Other sales are in this State if: In the case of sale of tangible personal property,
if and to the extent the property is received in this State by the purchaser. In the
case of delivery of goods by common carrier or by other means of
transportation, including transportation by the purchaser, the place at which the
goods are ultimately received after all transportation has been completed is
considered the place at which the goods are received by the purchaser. Direct
delivery into this State by the taxpayer to a person or firm designated by a
purchaser from within or without the State constitutes delivery to the purchaser
in this State.

a. The receipts are from real or tangible personal property located in this
State; or

b. The receipts are from intangible property and are received from sources
within this State; or

c. The receipts are from services and the income-producing activities are
in this State.

(4) In the case of sale of a service, if and to the extent the service is delivered to a
location in this State.

(5) In the case of intangible property that is rented, leased, or licensed, if and to the
extent the property is used in this State. Intangible property utilized in
marketing a good or service to a consumer is "used in this State" if that good or
service is purchased by a consumer who is in this State.

(6) In the case of intangible property that is sold, if and to the extent the property is
used in this State. A contract right, government license, or similar intangible
property that authorized the holder to conduct a business activity in a specific
georgraphic area is "used in this State" if the geographic area includes all or part
of this State. Receipts from a sale of intangible property that is contingent on
the productivity, use, or disposition of the intangible property shall be treated as
receipts from the rental, lease, or licensing of the intangible property as
provided under subdivision (4) of this subsection. All other receipts from a sale
of intangible property shall be excluded from the numerator and denominator of
the sales factor.
Broadcasters. – A broadcaster's market for receipts is in this State as provided in G.S. 105-130.4A. For purposes of this section, the term "broadcaster" has the same meaning as defined in G.S. 105-130.4A.

Banks. – A bank's market for receipts is in this State as provided in G.S. 105-130.4A. For purposes of this section, the term "bank" has the same meaning as defined in G.S. 105-130.4B.

SECTION 38.4.(b) Part 1 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-130.4A. Market-based sourcing for broadcasters.

(a) Definitions. – The definitions in G.S. 105-130.4 and the following definitions apply to this section:

(1) Audience factor. – The factor determined by the ratio provided in this subdivision. The ratio is as follows:
   a. Television station. – The ratio that the viewing audience located in this State for a television station bears to the total viewing audience for a television station.
   b. Radio station. – The ratio that the listening audience in this State for a radio station bears to the total listening audience for a radio station.
   c. Cable or satellite program and channel broadcasts. – The ratio that the subscribers for a cable or satellite system located in this State bears to the total subscribers of a cable or satellite system. If the number of subscribers cannot be accurately determined from the books and records maintained by the taxpayer, the ratio shall be determined on the basis of the applicable year's subscription statistics located in published surveys, provided the source selected is consistently used from year to year for this purpose.

(2) Broadcast. – The transmission of audio or video programming, directly or indirectly, to viewers and listeners by any other method of communication or combination of methods.

(3) Broadcaster. – A person that provides audio or video programming to customers in this State by digital or analog means in exchange for one or more of the following: advertising receipts, subscriber fees, license, rent, or similar fees. The term includes a television or radio station licensed by the Federal Communications Commission, including network-owned or affiliated stations, a television or radio broadcast network, a cable program network, a distributor of audio or video programming, a cable system operator, and a satellite system operator.

(4) Gross receipts. – The same meaning as the term "sales" in G.S. 105-130.4.

(5) Release or in release. – The placing of film or radio programming into service. A film or radio program is placed into service when it is first broadcast to the primary audience for entertainment, educational, commercial, artistic, or other purpose. Each episode of a television or radio series is placed in service when it is first broadcast. A program is not placed in service merely because it is completed and therefore in a condition or state of readiness and availability for broadcast or merely because it is previewed to prospective sponsors or purchasers.

(6) Rent. – License fees or other payments or consideration provided in exchange for the broadcast or other use of television or radio programming.

(7) Subscriber. – The individual residence or other outlet that is the ultimate recipient of the transmission of the audio or video programming.
(b) Reasonable Approximation. – If the audience factor for a receipt cannot be determined, the state or states of assignment shall be reasonably approximated. If a taxpayer is delivering advertising or licensed content directly or indirectly to a known list of subscribers, the taxpayer shall reasonably approximate the receipts attributable to this State's market using a percentage that reflects the ratio of North Carolina subscribers to the total number of subscribers. If the taxpayer is delivering advertising or licensed content through an intermediary and does not have access to the list of subscribers, the taxpayer shall reasonably approximate the receipts attributable to this State's market using a percentage that reflects the ratio of the North Carolina population to the total population in the specific geographic area where the advertisement or licensed content is materially used. Unless the taxpayer provides substantial evidence to the contrary, the area where the advertisement or licensed content is materially used does not include areas outside the United States. If the taxpayer is able to show with substantial evidence that the advertisement or licensed content is materially used in a city within a foreign country, then the population of that city may be included in the population ratio calculation. If the taxpayer is able to show with substantial evidence that the advertisement or license content is materially used throughout a foreign county, then the population of that foreign country may be included in the population ratio calculation. In a case where the specified rules of reasonable approximation fail to reasonably approximate the percentage of receipts attributable to this State's market, the Department may authorize an alternate approach that reflects an attempt to obtain the most accurate assignment of receipts.

(c) Market for Receipts. – The receipts factor of a broadcaster is a fraction, the numerator of which is the sum of the broadcaster’s gross receipts from sources within the State and the denominator of which is the sum of the broadcaster’s gross receipts from transactions and activity in the regular course of its trade or business everywhere. Advertising gross receipts and license fees for audio or video programming in release are attributable to this State in accordance with the audience factor in this State. Gross receipts from subscriber fees, rents, sales, or similar charges from audio or video programming in release are attributable to this State based on the amount of subscriber or other fees paid by customers in this State. A sale of audio or video programming on tangible media is sourced to this State as sales of tangible personal property.”

SECTION 38.4.(c) Part 1 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

§ 105-130.4B. Market-based sourcing for banks.

(a) Definitions. – The definitions in G.S. 105-130.4 apply to this section and the following definitions apply to this section:

(1) Bank. – Defined in G.S. 105-130.7B.

The term includes participations, syndications, and leases treated as loans for federal income tax purposes.

(8) Loan secured by real property. – A loan or other obligation of which fifty percent (50%) or more of the aggregate value of the collateral used to secure the loan or other obligation, when valued at fair market value as of the time the original loan or obligation was incurred, was real property.

(9) Merchant discount. – The fee, or negotiated discount, charged to a merchant by the taxpayer for the privilege of participating in a program whereby a credit, debit, or similar type of card is accepted in payment for merchandise or services sold to the card holder, net of any cardholder chargeback and unreduced by any interchange transaction or issuer reimbursement fee paid to another for charges or purchased made by its cardholder.

(10) Participation. – An extension of credit in which an undivided ownership interest is held on a prorated basis in a single loan or pool of loans and related collateral. (11) Payor. – The person who is legally responsible for making payment to the taxpayer.

(12) Real property owned. – Real property (i) on which the taxpayer may claim depreciation for federal income tax purposes, or (ii) to which the taxpayer holds legal title and on which no other person may claim depreciation for federal income tax purposes or could claim depreciation if subject to federal income tax. (14) Tangible personal property owned. – Tangible personal property (i) on which the taxpayer may claim depreciation for federal income tax purposes or (ii) to which the taxpayer holds legal title and on which no other person may claim depreciation for federal income tax purposes could claim depreciation if subject to federal income tax. (15) Transportation property. – Vehicles and vessels capable of moving under their own power as well as any equipment or containers attached to such property. Examples of transportation property include aircraft, trains, water vessels, motor vehicles, rolling stock, barges, and trailers.

(b) General Rule. – The receipts factor of a bank is a fraction, the numerator of which is the total receipts of the taxpayer in this State during the income year, and the denominator of which is the total receipts of the taxpayer everywhere during the income year. The method of calculating receipts for purposes of the denominator is the same as the method used in determining receipts for purposes of the numerator. The receipts factor includes only those receipts described herein that are apportionable income for the taxable year. Notwithstanding any other provision under this Part, the receipts from the following are excluded from both the numerator and the denominator of the receipts factor:

(1) Receipts from a casual sale of property.

(2) Receipts exempt from taxation.
(3) The portion of receipts realized from the sale or maturity of securities or other obligations that represents a return of principal.

(4) Receipts in the nature of dividends subtracted under G.S. 105-130.5(b)(3a) and (3b) and dividends excluded for federal tax purposes.

(c) Receipts From the Sale, Lease, or Rental of Real Property. – The numerator of the receipts factor includes receipts from the sale, lease, or rental of real property owned by the taxpayer if the property is located within this State or receipts from the sublease of real property if the property is located within this State.

(d) Receipts From the Sale, Lease, or Rental of Tangible Personal Property. – The method for calculating receipts from the sale, lease, or rental of tangible personal property is as follows:

(1) Tangible personal property. – Except as provided in subdivision (2) of this subsection, the numerator of the receipts factor includes receipts from the sale, lease, or rental of tangible personal property owned by the taxpayer if the property is located within this State when it is first placed in service by the lessee.

(2) Transportation property. – Receipts from the lease or rental of transportation property owned by the taxpayer are included in the numerator of the receipts factor to the extent that the property is used in this State. The extent an aircraft will be deemed to be used in this State and the amount of receipts that is to be included in the numerator of this State's receipts factor is determined by multiplying all the receipts from the lease or rental of the aircraft by a fraction, the numerator of which is the number of landings of the aircraft in this State and the denominator of which is the total number of landings of the aircraft. If the extent of the use of any transportation property within this State cannot be determined, then the property will be deemed to be used wholly in the state in which the property has its principal base of operations. A motor vehicle will be deemed to be used wholly in the state in which it is registered.

(e) Interest, Fees, and Penalties From Loans Secured by Real Property. – The numerator of the receipts factor includes interest, fees, and penalties from loans secured by real property if the property is located within this State. If the property is located both within this State and one or more other states, the receipts described in this subsection are included in the numerator of the receipts factor if more than fifty percent (50%) of the fair market value of the real property is located within this State. If more than fifty percent (50%) of the fair market value of the real property is not located within any one state, then the receipts described in this subsection are included in the numerator of the receipts factor if the borrower is located in this State. The determination of whether the real property securing a loan is located within this State is made as of the time the original agreement was made and any and all subsequent substitutions of collateral are disregarded.

(f) Interest, Fees, and Penalties From Loans Not Secured by Real Property. – The numerator of the receipts factor includes interest, fees, and penalties from loans not secured by real property if the borrower is located in this State.

(g) Net Gains From the Sale of Loans. – The numerator of the receipts factor includes net gains from the sale of loans. Net gains from the sale of loans include income recorded under the coupon stripping rules of section 1286 of the Code. The amount of net gains from the sale of loans that is included in the numerator is determined as follows:

(1) Secured by real property. – The amount of net gains, but not less than zero, from the sale of loans secured by real property is determined by multiplying the net gains by a fraction, the numerator of which is the amount included in the
numerator of the receipts factor pursuant to subsection (e) of this section, and
the denominator of which is the total amount of interest, fees, and penalties
from loans secured by real property.

(2) Not secured by real property. – The amount of net gains, but not less than zero,
from the sale of loans not secured by real property is determined by multiplying
the net gains by a fraction, the numerator of which is the amount included in the
numerator of the receipts factor pursuant to subsection (f) of this section, and
the denominator of which is the total amount of interest, fees, and penalties
from loans not secured by real property.

(h) Receipts From Interest, Fees, and Penalties from Card Holders. – The numerator of the
receipts factor includes interest, fees, and penalties charged to credit, debit, or similar card holders,
including annual fees and overdraft fees, if the card holder is located in this State.

factor includes net gains, but not less than zero, from the sale of credit card receivables multiplied
by a fraction, the numerator of which is the amount included in the numerator of the receipts factor
pursuant to subsection (h) of this section, and the denominator of which is the taxpayer's total
amount of interest, fees, and penalties charged to card holders.

(j) Miscellaneous Receipts. – The numerator of the receipts factor includes all of the
following:

(1) Card issuer's reimbursement fees. – Receipts from card issuer's reimbursement
fees if the payor is located in this State.

(2) Receipts from merchant's discount. – Receipts from a merchant discount if the
payer is located in this State.

(3) Receipts from ATM fees. – Receipts from one or more of the following:
   a. ATM fees that are not forwarded directly to another bank.
   b. Fees for the use of an ATM owned or rented by the taxpayer, if the
      ATM is located in this State.

(4) Loan servicing fees. – Receipts from loan servicing fees if the payor is located
in this State.

(5) Receipts from services. – Receipts from services not otherwise apportioned
under this section if the payor is located in this State.

(6) Receipts from investment assets and activity and trading assets and activity. –
Receipts from one or more of the following:
   a. Interest and dividends from investment assets and activities and trading
      assets and activities if the payor is located in this State.
   b. Net gains and other income, but not less than zero, from investment
      assets and activities and trading assets and activities multiplied by a
      fraction, the numerator of which is the amount included in the
      numerator of the receipts factor pursuant to sub-subdivision a. of this
      subdivision, and the denominator of which is the taxpayer's total amount
      of interest and dividends from investment assets and activities and
      trading assets and activities.

(k) All Other Receipts. – All other receipts not specifically enumerated in this section are
included in the numerator of the receipts factor if the payor is located in this State.

SECTION 38.4.(d) Article 9 of Chapter 105 of the General Statutes is amended by
adding a new section to read:

§ 105-262.2. Rules to implement market-based sourcing.

(a) Purpose and Scope. – It is the policy of the State to provide necessary guidance on a
timely basis to corporate taxpayers subject to allocation and apportionment of income under
G.S. 105-130.4. Except as otherwise provided in this section, the expedited procedure for the
adoption of rules under G.S. 105-262.1 applies to the adoption of rules needed to administer
market-based sourcing of receipts.
(b) Fiscal Note. – The Office of State Budget and Management is not required to prepare a
draft fiscal note for a proposed rule under this section. The Secretary is not subject to the fiscal note
requirement under G.S. 105-262(c) or under G.S. 105-262.1(c)."

SECTION 38.4.(e) The Utilities Commission shall adjust the rates for public utilities,
excluding water public utilities with less than two hundred thousand dollars ($200,000) in annual
operating revenues, for the tax changes in subsection (a) of this section. Each utility shall calculate
the cumulative net effect of the tax changes and file the calculations with proposed rate changes to
reflect the net prospective tax changes in utility customer rates within 60 days of the enactment of
this section. Any adjustments required to existing tax assets or liabilities reflected in the utility's
books and records required by the tax changes shall be deferred and reflected in customer rates in
either the utility's next rate case or earlier, if deemed appropriate by the Commission.

SECTION 38.4.(f) Subsections (a) through (c) of this section are effective for taxable
years beginning on or after the later of (i) the taxable year that the corporate income tax rate is
three percent (3%), as provided in G.S. 105-130.3C, or (ii) January 1, 2018. The remainder of this
section is effective when it becomes law.

SALES TAX CHANGES

SECTION 38.5.(a) A retailer is not liable for an undercollection of sales or use tax if

on the repair, maintenance, and installation services as a result of the change under Section 32.18
of S.L. 2015-241. This applies only to the period beginning March 1, 2016, and ending December
31, 2016.

SECTION 38.5.(b) G.S. 105-237.1(a) is amended by adding a new subdivision to
read:
"(a) Authority. – The Secretary may compromise a taxpayer's liability for a tax that is
collectible under G.S. 105-241.22 when the Secretary determines that the compromise is in the
best interest of the State and makes one or more of the following findings:
...
(7) The taxpayer is a retailer or a person under Article 5 of this Chapter, the
assessment is for sales or use tax the retailer failed to collect or the person
failed to pay on the sales price of or the gross receipts derived from repair,
maintenance, and installation services taxable under G.S. 105-164.4(a)(16) and
the retailer or person made a good-faith effort to comply with the sales and use
tax laws. This subdivision applies to assessments issued for the period March 1,
2016, through January 1, 2023."

"§ 105-164.4. Tax imposed on retailers."

(a) A privilege tax is imposed on a retailer engaged in business in the State at the percentage rates of the retailer's net taxable sales or gross receipts, listed in this subsection. The general rate of tax is four and three-quarters percent (4.75%). The percentage rates are as follows:

... (13) The general rate of tax applies to the sales price of tangible personal property an item subject to tax under this Article sold to a real property contractor for use in erecting structures, building on, or otherwise
improving, altering, or repairing real property to fulfill a real property contract. These sales are taxed in accordance with G.S. 105-164.4H.

(16) The general rate applies to the sales price of or the gross receipts derived from repair, maintenance, and installation services and includes any tangible property or digital property that becomes a part of or is applied to a purchaser's property."

SECTION 38.5.(f) G.S. 105-164.4D reads as rewritten:

"§ 105-164.4D. Bundled transactions.

(a) Tax Application. – Tax applies to the sales price of a bundled transaction unless one of the following applies:

(6) Repair, maintenance, and installation to real property. – The bundle is a real property contract that includes both a capital improvement taxable in accordance with G.S. 105-164.4H and a repair, maintenance, and installation service taxable under G.S. 105-164.4(a)(16). If the price of the taxable service in the bundle does not exceed ten percent (10%) of the contract price, then the bundle is not subject to tax. If the price of the taxable service in the bundle is equal to or greater than ten percent (10%) of the contract price, then the tax applies to the taxable repair, maintenance, and installation services portion of the contract. The person must determine an allocated price for each taxable item in the bundle based on a reasonable allocation of revenue that is supported by the person's business records kept in the ordinary course of business.

(7) Service contract. – The bundle includes two or more services, one of which is subject to tax under this Article and one of which is not subject to tax under this Article. The person must determine an allocated price for each taxable item in the bundle based on a reasonable allocation of revenue that is supported by the person's business records kept in the ordinary course of business.

(b) Determining Threshold. – A retailer of a bundled transaction subject to this section may use either the retailer's cost-purchase price or the retailer's sales price to determine if the transaction meets the fifty percent (50%) test or the ten percent (10%) test set out in subdivisions (a)(1) and (a)(3) of this section. A retailer may not use a combination of cost-purchase price and sales price to make this determination. If a bundled transaction subject to subdivision (a)(3) of this section includes a service contract, the retailer must use the full term of the contract in determining whether the transaction meets the threshold set in the subdivision."

SECTION 38.5.(g) G.S. 105-164.4H, as amended by S.L. 2016-5 and by subsection (c) of this section, reads as rewritten:

"§ 105-164.4H. Real property contractors.

(a) Applicability. – A real property contractor is the consumer of the tangible personal property, digital property, or taxable service that the real property contractor installs, purchases, installs, or applies for others and that becomes part of real property for use in a real property contract. A retailer engaged in business in the State shall collect tax on the sales price of the tangible personal property or digital property sold at retail to a real property contractor unless a statutory exemption in G.S. 105-164.13 or G.S. 105-164.13E applies. Where a real property contractor purchases tangible personal property or digital property for storage, use, or consumption in this State, or a taxable service sourced to this State, and the tax due is not paid at the time of purchase, the provisions of G.S. 105-164.6 apply except as provided in subsection (b) of this section.

(a1) Capital Improvement. – A capital improvement is new construction or a renovation of a building, structure, or fixture on land. Factors that may be considered in determining whether a contract is a real property contract for a capital improvement include the method of attachment for
the property installed, the degree of customization of the property installed, and the value added
by or useful life of the property installed. Examples of a capital improvement include all of the
following:

1. Site preparation for and construction of an entirely new structure on real
   property or of an increase in the square footage of an existing structure
   regardless of whether or not the site has been previously occupied.
2. Removal of items from real property, such as debris, construction materials, asbestos, or excavation activities.
3. The performance of work that requires the issuance of a permit under the State
   Building Code.
4. Installation of equipment or fixtures that is attached to real property so that
   removal of the item would cause physical, functional, or economic damage to
   the property and that is capitalized for income tax purposes under the Code.
5. Installation of a complete system, such as roofing, septic tank, heating,
   ventilation, and air conditioning, plumbing, electrical, irrigation, sprinkler, and
   other similar systems.
6. Installation of roads, parking lots, and sidewalks.
7. Landscaping services.

(b) Retailer-Contractor. – This section applies to a retailer-contractor when the as follows:

1. Acting as a real property contractor. – A retailer-contractor acts as a real
   property contractor when it contracts to perform construction or
   reconstruction with respect to a capital improvement to real property. A
   retailer-contractor that purchases tangible personal property to be installed or
   applied to real property may purchase items exempt from tax under a certificate
   of exemption pursuant to G.S. 105-164.28 provided the retailer-contractor also
   purchases inventory items from the seller for resale. When the tangible personal
   property is withdrawn from inventory and installed or applied to real property,
   use tax must be accrued and paid on the retailer-contractor’s purchase price of
   the tangible personal property. Tangible personal property that the
   retailer-contractor withdraws from inventory for use that does not become part
   of real property is also subject to the tax imposed by this Article. For purposes
   of this section, the term "purchase price" does not include wages paid by the
   retailer-contractor to an employee.

2. Acting as a retailer. – A retailer-contractor is acting as a retailer when it sells
   items at retail and when it performs repair, maintenance, and installation
   services subject to tax under G.S. 105-164.4(a)(16).

(b1) Joint and Several Liability. – If a retailer-contractor subcontracts any part of the real
property contract, tax is payable by the subcontractor on the subcontractor’s purchase of the
property or of items that are installed or applied to real property in fulfilling the contract. The
retailer-contractor, the subcontractor, the owner of the real property property, and the lessee of
the real property, are jointly and severally liable for the tax. The liability of a retailer-contractor, a
subcontractor, or an owner-lessee who did not purchase the property is satisfied by
receipt of an affidavit from the purchaser certifying that the tax has been paid.

(c) Erroneous Collection if Separately Stated. – An invoice or other documentation issued

to a consumer at the time of the sale by a real property contractor shall not separately state any
amount for tax. Any amount for tax separately stated on an invoice or other documentation given
to a consumer by a real property contractor is an erroneous collection and must be remitted to the
Secretary."
(b) Exemptions. – The tax imposed by this section does not apply to the sales price of or
the gross receipts derived from a service contract applicable to any of the following items:
(1) An item exempt from tax under this Article. This exemption does not apply to
water maintained under a pool maintenance contract or a similar maintenance
contract.

(6) A motor vehicle service contract.

(c) Exceptions. – The tax imposed by this section does not apply to a security or similar
security alarm monitoring contract for real property."

SECTION 38.5(i) G.S. 105-164.13 reads as rewritten:
"§ 105-164.13. Retail sales and use tax.
The sale at retail and the use, storage, or consumption in this State of the following tangible
personal property, digital property, and services are specifically exempted from the tax imposed
by this Article:

(61b) Repair, maintenance, and installation services—Tangible personal property,
digital property, and services purchased for resale—Resale under an exemption
certificate in accordance with G.S. 105-164.28 or under a direct pay certificate
in accordance with G.S. 105-164.27A.

(62) An item or repair, maintenance, and installation services used to maintain or
repair tangible personal property pursuant to a service contract taxable under
this Article if the purchaser of the contract is not charged for the item or
services. This exemption does not apply to an item or repair, maintenance, and
installation services provided for a motor vehicle pursuant to a service contract
exempt from tax under this Article unless the purchaser of the contract is not
charged for the item or services. For purposes of this exemption, the term
"item" does not include a tool, equipment, supply, or similar tangible personal
property used to complete the maintenance or repair and that is not deemed to
be a component or repair part of the tangible personal property for which a
service contract is sold to a purchaser.

... (66) Sales of or the gross receipts derived from the following repair, maintenance,
and installation services:
a. A fee, charge, or other payment for an inspection required by law,
regardless of whether the amount is paid to a public or private entity,
provided the charge is separately stated on the invoice or other
documentation provided to the purchaser at the time of the sale.
b. Services performed for a person by a related member.
c. Services performed to resolve an issue that was part of a capital
improvement if the services are performed within six months of
completion of the capital improvement or, for new construction, within
six months of the new structure being occupied for the first time.
d. Services on roads, parking lots, and sidewalks.
e. Removal of waste, trash, grease, and other similar items from real
property.
f. Home inspections.
g. House cleaning and janitorial services.
h. Landscaping services.
(67) Towing services, provided the charge is separately stated on the invoice or
other documentation provided to the purchaser at the time of the sale."
''(a) Election. – A retailer may elect not to pay the tax imposed by this Article at the rate set in G.S. 105-187.3 when applying for a certificate of title for a motor vehicle purchased by the retailer for lease or rental. A retailer who makes this election shall pay a tax on the gross receipts of the lease or rental of the vehicle. The portion of a lease or rental billing or payment that represents any amount applicable to the sales price of a service contract as defined in G.S. 105-164.3 should not be included in the gross receipts subject to the tax imposed by this Article. The charge should must be separately stated on documentation given to the purchaser at the time the lease or rental agreement goes into effect, or on the monthly billing statement or other documentation given to the purchaser. Where a retailer fails to separately state any portion of a lease or rental billing or payment that represents an amount applicable to the service contract, the amount is deemed to be part of the gross receipts of a lease or rental of a vehicle. When a lease or rental contract is sold to another retailer, the seller of the lease or rental contract should provide to the purchaser of the lease or rental contract the documentation showing that the service contract and applicable sales taxes were separately stated at the time the lease or rental went into effect. Like the tax imposed by G.S. 105-187.3, this alternate tax is a tax on the privilege of using the highways of this State. The tax is imposed on a retailer, but is to be added to the lease or rental price of a motor vehicle and thereby be paid by the person who leases or rents the vehicle.''

SECTION 38.5.(k) The Department of Revenue must issue written guidance on the implementation of the sales tax changes imposed by this section within 120 days of the enactment of this subsection.

SECTION 38.5.(l) G.S. 105-164.27A is amended by adding a new subsection to read:

''(a3) Boat and Aircraft. – A direct pay permit for repair, maintenance, and installation services authorizes its holder to purchase repair, maintenance, and installation services for a boat, an aircraft, or a qualified jet engine without paying tax to the seller and authorizes the seller to not collect any tax on the services from the permit holder. A person who purchases these services under a direct pay permit must file a return and pay the tax due to the Secretary by the end of the month following the month in which the services are purchased. A permit holder is allowed a use tax exemption equal to the amount of the sales price of or the gross receipts derived from repair, maintenance, and installation services for a boat, an aircraft, or a qualified jet engine that exceeds twenty-five thousand dollars ($25,000).''

SECTION 38.5.(m) G.S. 105-467(b) reads as rewritten:

''(b) Exemptions and Refunds. – The State exemptions and exclusions contained in G.S. 105-164.13 and G.S. 105-164.27A apply to the local sales and use tax authorized to be levied and imposed under this Article. The State refund provisions contained in G.S. 105-164.14 through G.S. 105-164.14B apply to the local sales and use tax authorized to be levied and imposed under this Article. A refund of an excessive or erroneous State sales tax collection allowed under G.S. 105-164.11 and a refund of State sales tax paid on a rescinded sale or cancelled service contract under G.S. 105-164.11A apply to the local sales and use tax authorized to be levied and imposed under this Article. The aggregate annual local refund amount allowed an entity under G.S. 105-164.14(b) for a fiscal year may not exceed thirteen million three hundred thousand dollars ($13,300,000).

Except as provided in this subsection, a taxing county may not allow an exemption, exclusion, or refund that is not allowed under the State sales and use tax. A local school administrative unit and a joint agency created by interlocal agreement among local school administrative units pursuant to G.S. 160A-462 to jointly purchase food service-related materials, supplies, and equipment on their behalf is allowed an annual refund of sales and use taxes paid by it under this Article on direct purchases of tangible personal property and services. Sales and use tax liability indirectly incurred by the entity on building materials, supplies, fixtures, and equipment that become a part of or annexed to any building or structure that is owned or leased by the entity and is being erected, altered, or repaired for use by the entity is considered a sales or use tax liability.
incurred on direct purchases by the entity for the purpose of this subsection. The refund allowed
under this subsection does not apply to purchases of electricity, telecommunications service,
ancillary service, piped natural gas, video programming, or a prepaid meal plan. A request for a
refund is due in the same time and manner as provided in G.S. 105-164.14(c). Refunds applied for
more than three years after the due date are barred."

SECTION 38.5.(n) G.S. 105-524(e) is repealed.

section become effective July 1, 2016, and apply to purchases of repair, maintenance, and
installation services purchases on or after that date. Subsection (n) of this section is effective for
