Notwithstanding the requirements of Chapter 132 of the General Statutes, inspection of charter school personnel records for those employees directly employed by the board of directors of the charter school shall be subject to the requirements of Article 21A of this Chapter. SECTION 5. G.S. 115C-218.45(f) reads as rewritten:

"(f) The charter school may give enrollment priority to any of the following:

(2) Siblings of students who have completed the highest grade level offered by that school and who were enrolled in at least four grade levels offered by the charter school or, if less than four grades are offered, in the maximum number of grades offered by the charter school.

(3) Limited to no more than fifteen percent (15%) of the school's total enrollment, unless granted a waiver by the State Board of Education, the following:

   b. Children of the charter school's board of directors.

SECTION 6. G.S. 115C-218.90 reads as rewritten:

"§ 115C-218.90. Employment requirements.

(a) Employees. –

(1) An employee of a charter school is not an employee of the local school administrative unit in which the charter school is located. The charter school's board of directors of the nonprofit corporation or the governing body of a municipality shall employ and contract with necessary teachers to perform the particular service for which they are employed in the school; at least fifty percent (50%) of these teachers shall hold teacher licenses. All teachers who
are teaching in the core subject areas of mathematics, science, social studies, and language arts shall be college graduates.

The board of directors of the nonprofit corporation or the governing body of a municipality also may employ necessary employees who are not required to hold teacher licenses to perform duties other than teaching and may contract for other services. The board of directors of the nonprofit corporation or the governing body of a municipality may discharge teachers and nonlicensed employees.

…

(4) The employees of a charter school operated by a nonprofit corporation shall be deemed employees of the local school administrative unit for purposes of providing certain State-funded employee benefits, including membership in the Teachers' and State Employees' Retirement System and the State Health Plan for Teachers and State Employees. The State Board of Education provides funds to charter schools, approves the original members of the boards of directors of the charter schools, has the authority to grant, supervise, and revoke charters, and demands full accountability from charter schools for school finances and student performance. Accordingly, it is the determination of the General Assembly that charter schools are public schools and that the employees of charter schools operated by a private nonprofit corporation are public school employees. Employees of a charter school operated by a private nonprofit corporation whose board of directors elects to become a participating employer under G.S. 135-5.3 are "teachers" for the purpose of membership in the North Carolina Teachers' and State Employees' Retirement System. In no event shall anything contained in this Article require the North Carolina Teachers' and State Employees' Retirement System to accept employees of a private employer as members or participants of the System.
