PART VI-A. DISASTER RELIEF FUNDING

SECTION 6A.1. This Part shall be known as "The Disaster Recovery Act of 2018."

SECTION 6A.2.(a) More than 18 months after Hurricane Matthew, there continues to be many unmet needs in the State of North Carolina, and federal and State programs are inadequate to provide relief to individuals, local governments, and businesses in the impacted areas.

SECTION 6A.2.(b) The State of North Carolina has continued to assess and determine the scope of the unmet needs associated with the damages caused by Hurricane Matthew. The current estimate of unmet needs is at least nine hundred one million dollars ($901,000,000). The State of North Carolina will continue to work with our federal agencies and appropriators to ensure that the maximum level of funding is secured for reimbursement of State funds for any eligible federal expenditures already incurred as well as additional support for the overall recovery efforts in the State.

SECTION 6A.2.(c) It is the intent of the General Assembly that the benefits of the projects and programs authorized by this part are for the common good and collective recovery of the people of this State following devastating natural disasters directly affecting a large portion of the State and indirectly affecting the entire State. The entire State faces a major economic loss if the counties that bore the major impact of these disasters are not offered the assistance provided by this act. The purpose of this part is to provide a net public benefit to the State through a successful recovery initiative.

SECTION 6A.2.(d) The General Assembly finds that the State and federal disaster relief initiatives are intended to assist the affected areas in recovering from the damage caused by Hurricane Matthew.

SECTION 6A.3. The North Carolina counties that were declared in any of the following:

Foundation), Inc., a nonprofit corporation, to provide grants to local
governments and to 501(c)(3) nonprofit corporations for assistance and relief
from Hurricane Matthew, the western wildfires, and Tropical Storms Julia and
Hermine. For purposes of this subdivision, infrastructure includes
nonresidential buildings that serve the public, water, sewer, sidewalks, storm
drainage, and other similar projects.

the agriculture, aquaculture, and forestry industries due to losses suffered
related to livestock, farm equipment, roads, livestock feed, and others.

(4) Small business recovery services, which may include, but not limited to,
allocations provided to the North Carolina Department of Commerce, for the
purpose of providing forgivable loans or related assistance to small businesses
and eligible entities in areas affected by Hurricane Matthew, the western
wildfires, or Tropical Storms Julia and Hermine. The Department of
Commerce is also authorized to budget the residual unobligated balance of
two hundred thirty-five thousand eight hundred sixty-four dollars ($235,864)

SECTION 6A.7. Funds Do Not Revert. – G.S. 143C-6-23(f1)(1) shall not apply to

the construction of any new residence within the 100-year floodplain unless the construction is
in an area regulated by a unit of local government pursuant to a floodplain management ordinance
and the construction complies with the ordinance. As used in this section, "100-year floodplain"
means any area subject to inundation by a 100-year flood, as indicated on the most recent Flood Insurance Rate Map prepared and maintained by the North Carolina Flood Plain Mapping Program under the federal Emergency Management Agency’s National Flood Insurance Program.

SECTION 6A.8.(b) Homeowners in the 100-year floodplain who receive homeowner's housing assistance pursuant to this part shall have in effect federal flood insurance, if available, as a precondition to receipt of State homeowner's housing assistance for losses resulting from future flooding.

SECTION 6A.9. The Office of State Budget and Management may establish part-time and full-time personnel positions to implement this act. Positions established under this section are time limited and exempt from the State Human Resources Act.

SECTION 6A.10. It is the intent of the General Assembly that, during this time of rebuilding and relief efforts, each State agency should strive to acquire goods and services from historically underutilized business vendors, whether directly as principal contractors or indirectly as subcontractors or otherwise.

SECTION 6A.11. The General Assembly finds that the magnitude of the devastation caused by Hurricane Matthew and the urgency of the need for immediate State recovery assistance require expeditious actions by State agencies. Delay could (i) cause serious and unforeseen threats to the public health, safety, or welfare; (ii) result in the loss of federal revenues for the recovery effort; or (iii) increase the likelihood of fraud and abuse in recovery programs. Therefore, every agency, as defined in G.S. 150B-2, may adopt temporary rules necessary to implement the provisions of this act. Except as provided in this section, temporary rules to implement the provisions of this part shall be adopted as provided in G.S. 150B-21.1. Notwithstanding the provisions of G.S. 150B-21.1(a)(2) and 26 NCAC 2C .0102(11), the authority to adopt temporary rules to implement the provisions of this part shall continue in effect until all rules necessary to implement the provisions of this part have become effective as either temporary rules or permanent rules. Notwithstanding the provisions of G.S. 150B-21.1(d), a temporary rule adopted to implement the provisions of this part shall specify the date on which the rule will expire and shall continue in effect until that date. Any agency that adopts a temporary rule to implement the provisions of this part shall report the text of the rule and the agency's written statement of its findings of the need for the rule to the Joint Legislative Administrative Procedure Oversight Committee within 30 days of the adoption of the temporary rule. This section applies to the adoption of temporary rules by the Department of Administration under G.S. 113A-11(a) and to the adoption of temporary rules that establish minimum criteria by any State agency, as defined in G.S. 113A-9, under G.S. 113A-11(b).

SECTION 6A.12.(a) Each agency disbursing funds or property under this part from the Disaster Relief Reserve Fund for hurricane relief or assistance, other than payments for goods or services provided by the recipient, shall include with the disbursement a written statement of the State and federal income tax treatment of the funds or property disbursed.

SECTION 6A.12.(b) G.S. 105-153.5(b) is amended by adding a new subdivision to read:

"(13) The amount paid to the taxpayer during the taxable year from the State Emergency Response and Disaster Relief Reserve Fund for hurricane relief or assistance, but not including payments for goods or services provided by the taxpayer."

(1) The use of funds by the vendor awarded the RFP to provide CRP services during the pilot.

(2) Outcome data.

The pilot shall be for two years.

**SECTION 11F.2.(b)** In order to initiate the pilot, the Department of Health and Human Services shall develop a Request for Application (RFA) to develop a Community-Based Psychiatric Stepdown program that demonstrates how services and supports will be provided in a holistic manner such that it enables individuals diagnosed with a serious mental illness to develop the skills necessary to become fully integrated into their communities, particularly in the areas of housing, employment, and community integration. "GENERAL PROVISIONS"

"SECTION 11L.1.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

1. A delineation of the proposed allocations by program or activity, including State and federal match requirements.

2. A delineation of the proposed State and local administrative expenditures.

3. An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

4. A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.

5. A projection of current year expenditures by program or activity.

6. A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

"SECTION 11L.1.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for fiscal years 2017-2018 and 2018-2019, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used only for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star rated facilities for four-year-old children and shall not be used to supplant State funds.
Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division.

"SECTION 11L.1.(d) Except as otherwise provided, appropriations from federal Block Grant funds are made for each year of the fiscal biennium ending June 30, 2019, according to the schedule enacted for State fiscal years 2017-2018 and 2018-2019 or until a new schedule is enacted by the General Assembly.

"SECTION 11L.1.(e) All changes to the budgeted allocations to the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and the Office of State Budget and Management shall consult with the Joint Legislative Oversight Committee on Health and Human Services for review prior to implementing the changes. The report shall include an itemized listing of affected programs, including associated changes in budgeted allocations. All changes to the budgeted allocations to the Block Grants shall be reported immediately to the Joint Legislative Oversight Committee on Health and Human Services Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

"SECTION 11L.1.(f) Except as otherwise provided, the Department of Health and Human Services shall have flexibility to transfer funding between the Temporary Assistance for Needy Families (TANF) Block Grant and the TANF Emergency Contingency Funds Block Grant so long as the total allocation for the line items within those block grants remains the same.

"TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF) FUNDS

"SECTION 11L.1.(g) The sum of eighty million ninety-three thousand five hundred sixty-six dollars ($80,093,566) for each year of the 2017-2019 fiscal biennium appropriated in this section in TANF funds to the Department of Health and Human Services, Division of Social Services, shall be used for Work First County Block Grants. The Division shall certify these funds in the appropriate State-level services based on prior year actual expenditures. The Division has the authority to realign the authorized budget for these funds among the State-level services based on current year actual expenditures. The Division shall also have the authority to realign appropriated funds from Work First Family Assistance for electing counties to the Work First County Block Grant for electing counties based on current year expenditures so long as the electing counties meet Maintenance of Effort requirements.

Counties shall maintain their level of expenditures in local funds for Child Protective Services workers. Of the Block Grant funds appropriated for Child Protective Services workers, the total expenditures from State and local funds for fiscal years 2017-2018 and 2018-2019 shall not be less than the total expended from State and local funds for the 2012-2013 fiscal year.

"SECTION 11L.1.(i) The sum of two million twenty-six thousand eight hundred seventy-seven dollars ($2,026,877) appropriated in this section in TANF funds to the Department...
of Health and Human Services, Special Children Adoption Fund, for each fiscal year of the 2017-2019 fiscal biennium shall be used in accordance with G.S. 108A-50.2. The Division of Social Services, in consultation with the North Carolina Association of County Directors of Social Services and representatives of licensed private adoption agencies, shall develop guidelines for the awarding of funds to licensed public and private adoption agencies upon the adoption of children described in G.S. 108A-50 and in foster care. Payments received from the Special Children Adoption Fund by participating agencies shall be used exclusively to enhance the adoption services program. No local match shall be required as a condition for receipt of these funds.

"SECTION 11L.1.(j) The sum of one million four hundred thousand dollars ($1,400,000) appropriated in this section in TANF funds to the Department of Health and Human Services, Division of Social Services, for each fiscal year of the 2017-2019 fiscal biennium shall be used for child welfare initiatives to (i) enhance the skills of social workers to improve the outcomes for families and children involved in child welfare and (ii) enhance the provision of services to families in their homes in the least restrictive setting.

"SECTION 11L.1.(j1) The sum of ten million two hundred thousand dollars ($10,200,000) appropriated in this section in TANF funds to the Department of Health and Human Services, Division of Social Services, for the 2018-2019 fiscal year shall be used to implement and provide options for evidenced-based home visiting programs, including, but not limited to, Child First, Family Connects, as well as other early childhood mental health interventions to address child abuse and neglect prevention necessary to affect school safety and youth mental health. As a part of this continuum, TANF will be used to implement Community Response Programs in 100 counties over the course of the next three years. The Strengthening Families Framework is an intentional focus on family development and optimal child development that identifies five protective factors that are relevant for the continuum of child welfare services:

1. Parental resilience.
2. Social connections.
4. Concrete support in times of need.
5. Children's social and emotional development.

The North Carolina Community Response Program will support cross-agency collaborative, community-based initiatives to provide outreach, support, and services to individuals and families identified as being at risk of compromised health and safety to eliminate or reduce those risks by promoting protective factors that strengthen and support families.

"SECTION 11L.1.(j2) The sum of five hundred thousand dollars ($500,000) appropriated in this section in TANF funds to the Department of Health and Human Services, Division of Public Health, for the 2018-2019 fiscal year shall provide funding to SHIFT NC (statewide nonprofit in North Carolina working to improve adolescent and young adult health) to continue their efforts with eight continuing and up to three new local Departments of Social Services/LINKS programs to implement teen pregnancy prevention, evidence-based curricula with youth in foster care. This portion shall be in addition to funds otherwise appropriated in this act for the same purpose. Such funds shall be allocated among the University's constituent institutions by the President of The University of North Carolina, who shall consider the following factors when allocating those funds:

(1) The safety and well-being of the residents of campus housing programs.

(2) The current level of housing rents charged to students and how that compares to an institution's public peers and other UNC institutions.

(3) The level of previous authorizations to constituent institutions for the construction or renovation of residence halls funded from the General Fund or from bonds or certificates of participation supported by the General Fund since 1996.

(4) The financial status of each constituent institution's housing system, including debt capacity, debt coverage ratios, credit rankings, required reserves, the planned use of cash balances for other housing system improvements, and the constituent institution's ability to pay for the installation of fire sprinklers in all residence halls.

The Board of Governors shall submit progress reports to the Joint Legislative Commission on Governmental Operations. Reports shall include the status of completed, current, and planned projects. Reports also shall include information on the financial status of each constituent institution's housing system, the constituent institution's ability to pay for fire protection in residence halls, and the timing of installation of fire sprinklers. Reports shall be submitted on January 1 and July 1 until all residence halls have fire sprinklers.

"SECTION 36.5.(c) Notwithstanding G.S. 143C-4-3(d), of the funds allocated to the Board of Governors of The University of North Carolina in subsection (a) of this section, a portion shall
be used each fiscal year by the Board of Governors for campus public safety improvements allowable under G.S. 143C-4-3(b).

"SECTION 36.5.(d) In making campus allocations of funds allocated to the Board of Governors of The University of North Carolina in subsection (a) of this section, the Board of Governors shall negatively weight the availability of non-State resources and carryforward funds available for repair and renovations and shall include information about the manner in which this subsection was complied within any report submitted pursuant to G.S. 143C-4-3(d).

"SECTION 36.5.(e) Notwithstanding G.S. 143C-4-3, of the funds allocated from the Reserve for Repairs and Renovations for the 2017-2018 fiscal year, the following sums shall be allocated for the following projects:

"(2) Special Allocation Provisions. – In determining the use of the proceeds of public improvement bonds and notes, including premium thereon, if any, set forth in subdivision (1) of this subsection, the following special allocation provisions apply:

a. The proceeds of public improvement bonds and notes, including premium thereon, if any, for Statewide capital repairs and renovations for The University of North Carolina, as provided in subdivision (1) of this subsection, shall be used for projects that are eligible to receive funds from the Repairs and Renovations Reserve under G.S. 143C-4-3(b). Any items purchased with such proceeds and installed or replaced as part of a renovation or rehabilitation must have a useful life of at least 10 years or must extend the life of the facility by at least 10 years once renovated or rehabilitated. Such proceeds (i) shall be prioritized to constituent institutions not otherwise specified as receiving proceeds under subdivision (1) of this subsection and (ii) shall not be used to increase any amount to a constituent institution otherwise specified as receiving proceeds under subdivision (1) of this subsection.

b. The proceeds of public improvement bonds and notes, including premium thereon, if any, for NC Community Colleges, as provided in subdivision (1) of this subsection, shall be used for new construction or rehabilitation of existing facilities and repairs and renovations. Any items purchased with such proceeds and installed or replaced as part of a renovation or rehabilitation must have a useful life of at least 10 years or must extend the life of the facility by at least 10 years once renovated or rehabilitated. In order to receive the proceeds under this sub-subdivision for projects for new construction, the community college receiving the proceeds shall provide local matching funds from county funds, other non-State funds, or a combination of these sources for such proceeds. The amount of matching funds shall be (i) one dollar ($1.00) of local matching funds for every three dollars ($3.00) of such proceeds for a community college with a main campus located in a development tier one area, as defined in G.S. 143B-437.08, (ii) one dollar ($1.00) of local matching funds for every two dollars ($2.00) of such proceeds for a community college with a main campus located in a development tier two area, as defined in G.S. 143B-437.08, and (iii) one dollar ($1.00) of local matching funds for every one dollar ($1.00) of such proceeds for a community college with a main campus located in a development tier three area, as defined in G.S. 143B-437.08. Community colleges are not required to match bond proceeds allocated in this section for rehabilitation of existing facilities and repairs and renovations.

c. The proceeds of public improvement bonds and notes, including premium thereon, if any, for the Department of Environment and Natural Resources for Statewide Children With Disabilities and Veterans With Disabilities Local Parks (Matching Grants), as provided in subdivision (1) of this subsection, shall be allocated to the
Parks and Recreation Trust Fund established in G.S. 113-44.15 and shall be used exclusively for grants to local government units or public authorities, as defined in G.S. 159-7, for construction of special facilities or adaptation of existing facilities that meet the unique needs of children with physical and developmental disabilities and veterans with physical and developmental disabilities and enable them to participate in recreational and sporting activities, regardless of their abilities. In order to receive such proceeds under this sub-subdivision, a local government unit or public authority shall provide matching funds in the amount of one dollar ($1.00) of local funds for every four dollars ($4.00) of such proceeds. Grants made using such proceeds under this sub-subdivision shall not exceed five hundred thousand dollars ($500,000) per project.

d. The proceeds of public improvement bonds and notes, including premium thereon, if any, for the Department of Environmental Quality for Statewide Water/Sewer Loans and Grants, as provided in subdivision (1) of this subsection, shall be allocated to the Water Infrastructure Fund established in G.S. 159G-22. One hundred million dollars ($100,000,000) shall be used for grants, and the remainder shall be used for low-interest loans. The proceeds for loans and the proceeds for grants shall be allocated in equal proportion to the Drinking Water Reserve and the Wastewater Reserve and shall be subject to the following:

1. If the availability of loan funds exceeds project demand, the limits contained in G.S. 159G-36 applicable to a loan may be exceeded for the purpose of ensuring that all available loan funds are utilized for projects prioritized pursuant to G.S. 159G-23.

2. Loan and grant applications for projects shall be funded first if both of the following criteria are met: (i) the project is required to be completed due to an EPA administrative order or consent decree and (ii) the application for the project is deemed complete by the Division and meets the minimum requirements for the program from which it is seeking funding.

3. A grant application to be funded from the Wastewater Reserve and required to be prioritized under sub-sub-subdivision 2. of this sub-subdivision shall be awarded a grant equal to fifty percent (50%) of the project costs that are reasonably necessary to comply with the EPA administrative order or consent decree, notwithstanding limits otherwise applicable pursuant to G.S. 159G-36; provided that, the cumulative amount of all grants received by an applicant under this sub-subdivision does not exceed one-third of the amount of bond proceeds for grants allocated to the Wastewater Reserve.

4. A loan application to be funded from the Wastewater Reserve and required to be prioritized under sub-sub-subdivision 2. of this sub-subdivision shall receive a loan equal to the amount sufficient to cover all project costs that are reasonably necessary to comply with the EPA administrative order or consent decree minus the amount of any grant awarded under sub-sub-subdivision 3. of this sub-subdivision; provided that,
the cumulative amount of all loans received by an applicant
under this sub-subdivision does not exceed fifteen million
dollars ($15,000,000).

e. The proceeds of public improvement bonds and notes, including
premium thereon, if any, for National Guard, as provided in
subdivision (1) of this subsection, shall be used by the Adjutant
General of the North Carolina National Guard for capital
improvements, as defined in G.S. 143C-1-1(d)(5), for readiness
centers located in Guilford, Burke, and Wilkes Counties.
f. The proceeds of public improvement bonds and notes, including
premium thereon, if any, for the North Carolina Zoological Park, as
provided in subdivision (1) of this subsection, shall be used for capital
improvements, as defined in G.S. 143C-1-1(d)(5). Any items
purchased with such proceeds and installed or replaced as part of a
renovation or rehabilitation must have a useful life of at least 10 years
or must extend the life of the facility by at least 10 years once
renovated or rehabilitated.
g. The proceeds of public improvement bonds and notes, including
premium thereon, if any, for the North Carolina State Parks, as
provided in this subdivision may be allocated to another State Park,
provided the following conditions are met:
1. The Park project to which the original allocation was made has
been completed.
2. The Park project receiving funds in sub-sub-subdivision 1. of
this sub-subdivision has experienced a cost overrun for which
additional funds are required.
3. The Office of State Budget and Management will report any
reallocations made under this subdivision to the Joint
Legislative Oversight Committee on Capital Improvements."
