

**GENERAL ASSEMBLY OF NORTH CAROLINA  
THIRD EXTRA SESSION 2018**

**HOUSE BILL 4  
RATIFIED BILL**

AN ACT TO ENACT THE HURRICANE FLORENCE EMERGENCY RESPONSE ACT.

The General Assembly of North Carolina enacts:

**PART I. TITLE OF ACT**

**SECTION 1.1.** This act shall be known as "The Hurricane Florence Emergency Response Act."

**PART II. LEGISLATIVE FINDINGS**

**DAMAGE CAUSED BY HURRICANE FLORENCE**

**SECTION 2.1.(a)** The General Assembly finds that Hurricane Florence was one of the strongest storms to form in the Atlantic Ocean in the history of North Carolina, reaching wind speeds of up to 140 miles an hour and covering 500 miles; making landfall on September 14, 2018; causing heavy rainfall, record flooding, high storm surge, and dozens of deaths in the State as of the date of this act; and necessitating the declaration of a State of Emergency for the State by the Governor and a Major Disaster Declaration by the President of the United States for multiple counties in the State.

**SECTION 2.1.(b)** The General Assembly finds that as a result of Hurricane Florence the following has occurred:

- (1) Central and southeastern North Carolina suffered significant damage to public and private property.
- (2) Essential utility services and systems and other critical infrastructure have been seriously disrupted.
- (3) Over 880,000 people have lost power, thousands of people have been displaced from their homes, and 1,600 roads have been closed.
- (4) Riverine flooding began at the start of Hurricane Florence, and the effects continue to be felt across the State. Several large rivers reached and exceeded major flooding levels.
- (5) As of the date of this act, twenty-eight of the State's counties have been declared a major disaster by the President of the United States under the Stafford Act (P.L. 93-288), with others requested and pending approval.
- (6) North Carolinians have lost their lives, their loved ones, their homes, their communities, their schools and houses of worship, their life savings, their businesses and places of employment, their possessions, their pets, and their ways of life.
- (7) Entire towns throughout eastern North Carolina were flooded to the rooftops as the record storm surge combined with water levels of rivers and streams crested at flood-stage heights far beyond those ever seen before in this State.
- (8) Thirty-four states assisted North Carolina in addressing the devastation caused by Hurricane Florence.

- (9) Thousands of emergency responders, National Guard members, and other volunteers worked to respond and assist disaster areas during and after the time the storm made landfall.
- (10) Swift action by the General Assembly is necessary to provide relief to and facilitate recovery efforts for the citizens of North Carolina devastated from the Hurricane.
- (11) Assessments from the damages resulting from Hurricane Florence are ongoing, and Public Assistance projects are in planning stages to repair facilities and roads, remove debris, and otherwise effectuate cleanup and repair.
- (12) Further assistance by the General Assembly will be needed on behalf of the people and local governments who have suffered damage to public buildings, roads, wastewater treatment plants, and other critical infrastructure.

### **PART III. CREATION OF HURRICANE FLORENCE DISASTER RECOVERY FUND**

**SECTION 3.1.(a)** The Hurricane Florence Disaster Recovery Fund is established. Funds received by a State agency from the Fund that are not expended, made subject to an encumbrance, or disbursed to another entity at the end of each fiscal year shall revert to the Fund. Funds received by a non-State entity from the Fund that, after three years, are not expended, made subject to an encumbrance, or disbursed to a subgrantee shall be returned to the Fund.
