State funds paid under this act are declared to be excess over funds received by a recipient from the settlement of a claim for loss or damage covered under the recipient's applicable insurance policy in effect. **SECTION 4.2.(b)** If a recipient obtains alternative funds pursuant to subsection (a) of this section, the recipient shall remit the funds to the State agency from which the State funds were received. A recipient is not required to remit any amount in excess of the State funds provided to the recipient under this act. The State agency shall transfer these funds to the Hurricane Florence Disaster Recovery Fund. The funds shall further be transferred to the applicable fund or reserve from which the funds were originally transferred to the Fund, except that the first twenty-five million dollars (\$25,000,000) deposited under this subsection as reimbursement for funds expended for repair and renovation of facilities damaged by Hurricane Florence for local school administrative units, lab schools, and any eligible Innovative School District shall be transferred to the Education Lottery Reserve Fund. The Governor shall also, to the extent practicable, avoid using State funds to cover costs that will be, or likely will be, covered by federal funds.

**SECTION 4.3.(b)** The Governor may not use the funds described in this act to make reallocations under G.S. 166A-19.40(c). Nothing in this act shall be construed to prohibit the Governor from exercising the Governor's authority under this statute with respect to funds other than those described in this act.

**PART V. IMPLEMENTATION OF ACT**

**AVERAGE DAILY MEMBERSHIP DETERMINATION**

**SECTION 5.1.** Notwithstanding any other provision of law, in allocating funds for the 2018-2019 fiscal year, the State Board of Education shall adjust the allotted average daily membership (ADM) of public school units for the 2018-2019 school year in a manner that will assist units impacted by Hurricane Florence as follows: Allotment adjustments for ADM decreases shall be based on the highest of the first four months' ADM for public school units located in counties designated under a major disaster declaration by the President of the United States under the Stafford Act (P.L. 93-288) as a result of Hurricane Florence.

Consistent with the Allotment Adjustments for ADM Growth provisions of the NC Public Schools Allotment Policy Manual applicable for the 2018-2019 school year, local school administrative units are encouraged to apply for additional funding to address needs related to extraordinary ADM growth due to an influx of displaced students as a result of Hurricane Florence.

If the State Board of Education does not have sufficient resources in the ADM Contingency Reserve line item to make allotment adjustments in accordance with this section, the State Board of Education may use funds appropriated to State Aid for Public Schools for this purpose.

For the purposes of this section, "public school unit" is defined as a local school administrative unit, regional school, innovative school, laboratory school, charter school, or residential school for the deaf or the blind.

#### **CAPITAL RECOVERY FUNDS – PUBLIC SCHOOL FACILITIES**

**SECTION 5.2.** The funds allocated to the Department of Public Instruction in this act shall not be subject to approval by the State Board of Education.

An emergency scholarship grant shall be used to mitigate the impact of Hurricane Florence on a student so that his or her postsecondary education in a North Carolina institution of higher education continues uninterrupted. These funds may be used to cover any expenses that support a student's continued enrollment, including costs related to transportation, textbooks, tuition, fees, and living expenses.

For the purposes of this section, an "institution of higher education" is defined as a constituent institution of The University of North Carolina, a community college under the jurisdiction of the State Board of Community Colleges, or an eligible private postsecondary institution, as defined in G.S. 116-280(3).

**SECTION 5.3.(b)** Applications; Eligibility. – By November 1, 2018, each institution of higher education that is eligible for an allocation of funds pursuant to this section shall begin accepting applications from eligible postsecondary students. An application for an emergency scholarship grant must demonstrate that the student is an eligible postsecondary student by including documentation that the student meets the following criteria:

An institution of higher education may establish priority in the award of emergency scholarship grants to eligible postsecondary students based on the funds available and the pool of applicants, including giving priority to students who have demonstrated the greatest financial need. If no priority in the award of funds is established, the emergency scholarship grants shall be awarded in the order in which applications are received. If the institution of higher education has unexpended funds remaining after the award of the initial emergency scholarship grants, the institution may increase the award to an eligible postsecondary student who previously received funds or solicit additional applications from eligible postsecondary students, provided that the award to an individual student does not exceed one thousand two hundred fifty dollars (\$1,250) for each academic semester in which funds are awarded.

**SECTION 5.3.(d) Reimbursement for Losses Covered by Other Funds.** – An eligible postsecondary student who receives an emergency scholarship grant under the Program shall use best efforts and take all reasonable steps to obtain alternative funds that cover the losses or needs for which the emergency scholarship grant funds are provided, including funds from insurance policies in effect and available federal aid. If the student obtains alternative funds, the student shall remit the amount of the emergency scholarship grant covered by the alternative funds to the institution of higher education. #### **HURRICANE FLORENCE AGRICULTURAL DISASTER PROGRAM OF 2018**

**SECTION 5.11.(a)** The General Assembly finds that:

- (1) The historic flood and other impacts of Hurricane Florence in September of 2018 caused unprecedented damage to the State and its people, with particular devastating statewide impacts on North Carolina farmers and the State's agriculture industry.
- (2) The State has over 50,000 farms across over 8 million acres, which generates 87 billion dollars of economic impact annually and represents the State's number one industry, making it a vital component to a healthy state economy.
- (3) The total loss of crops as a result of the flooding is estimated at over a billion dollars and the estimated federal crop insurance payments will only cover a percentage of the total crop loss.
- (4) The federal crop insurance program as authorized in the 2014 Farm Bill is an inadequate method of indemnification as compared to traditional forms of insurance and is not sufficient to aid farmers with substantial losses due to catastrophic events of nature.
- (5) The State has a significant public interest to prevent the economic collapse of many of the State's farms, which could cause a severe disruption in the State's economy and food supply chain.
- (6) The most effective program for administration of financial assistance is two-fold. The first category shall be based on information available from the Farm Service Agency ("FSA") within the United States Department of Agriculture ("USDA"). The second category, for producers who do not participate in FSA programs, shall be based on verifiable documentation from producers.

**SECTION 5.11.(b)** For purposes of this section, the following definitions apply:

- (1) Agricultural commodity. – Apples, barley, corn, cotton, dry peas, flax, forage, freezing and canning peas, grain sorghum, grapes, hay, industrial hemp, native grass, nursery crops, nuts, oats, peanuts, potatoes, rye, soybeans, sunflowers, sweet corn, tobacco, tomatoes, wheat, specialty crops and other fruits and vegetables, and aquacultural species propagated or reared in a controlled or selected environment. An agricultural commodity does not include stored grain.
