A BILL TO BE ENTITLED
AN ACT (1) TO PROTECT INDIVIDUAL DECISION MAKING AND HEALTH INFORMATION WITH REGARD TO AN INDIVIDUAL’S PRIVATE CHOICES ABOUT RECEIVING A COVID-19 VACCINE, (2) TO PROHIBIT THE STATE OR ANY POLITICAL SUBDIVISION OF THE STATE FROM ISSUING A COVID-19 VACCINE PASSPORT, (3) TO PROTECT AGAINST EMPLOYMENT-RELATED DISCRIMINATION BASED ON AN EMPLOYEE’S REFUSAL OF EXPERIMENTAL VACCINES, (4) TO PROTECT THE INDIVIDUAL’S RIGHT AGAINST REQUIRED VACCINATIONS OF ANY SORT DURING DECLARED DISASTERS AND EMERGENCIES, AND (5) TO PROHIBIT REQUIRED DISCLOSURE OF ANY VACCINE STATUS REGARDING ANY ADULT OR CHILD UNDER ANY CIRCUMSTANCE WHETHER RELATED TO EDUCATION, HEALTH CARE, OCCUPATIONAL LICENSING, HEALTH INSURANCE, OR DRIVING PRIVILEGES.

Whereas, many North Carolinians may not be able to receive a COVID-19 vaccination due to valid medical, religious, or other personal reasons; and

Whereas, many North Carolinians may elect not to receive a COVID-19 vaccination because the vaccines have not received U.S. Food and Drug Administration approval pursuant to the Project BioShield Act of 2004, U.S.C. § 360bbb-3; and

Whereas, many North Carolinians may refuse the COVID-19 vaccine because the vaccines currently available have only been granted emergency use authorization by the U.S. FDA, thereby making their use optional under the emergency use authorization 21 U.S.C. § 360bbb-3(e)(1)(A)(ii)(III); and

Whereas, an individual’s medical history and condition are private health information that should only be shared at the discretion of the individual; and

Whereas, the rights and freedoms granted to individual citizens by the Constitutions of the United States and the Great State of North Carolina are not contingent to health qualifications; and

Whereas, the General Assembly enacted S.L. 2020-89 on July 2, 2020, (H118), granting liability immunity to all health care facilities, health care providers, and businesses who make reasonable accommodations against the spread of COVID-19; and

Whereas, the General Assembly of North Carolina finds it necessary to enact this Prohibition Against the Issuance of Vaccine Passports or Requirements; Now, therefore,

The General Assembly of North Carolina enacts:

PART I. PROTECTION REGARDING COVID-19 VACCINATION DECISIONS
SECTION 1.1.(a) Prohibition Against Public Health Order Requiring COVID-19 Vaccination. – Notwithstanding any provision of Chapter 130A or Chapter 166A of the General Statutes or any other provision of law to the contrary, no public health authority in the State, including the Secretary of the Department of Health and Human Services, the State Health Director, the Commission for Public Health, or the director of any local health department, may issue an order requiring any individual to submit to a COVID-19 vaccination or series of vaccinations if such action is medically contraindicated for the individual, or if receiving the vaccination or series of vaccinations is against the individual's religious or philosophical beliefs, as described in G.S. 130A-157 and G.S. 130A-157.5, as enacted by Section 5.1(a) of this act. In the case of a minor, if the vaccination or series of vaccinations is against the religious or philosophical beliefs of the parent, guardian, or person in loco parentis, as described in G.S. 130A-157 and G.S. 130A-157.5, as enacted by Section 5.1(a) of this act, then the public health authority is prohibited from requiring that the minor receive a COVID-19 vaccination or series of vaccinations.

SECTION 1.1.(b) Protection of Patient Privacy Rights Regarding COVID-19 Vaccination. – No health care provider authorized to administer a COVID-19 vaccination in this State may require a patient, as a condition of receiving the vaccination, to agree, orally or in writing, to any of the following:

1. Permission to use or disclose the patient's protected health information, as defined in 45 C.F.R. § 160.103, or personal identifying information for marketing or other business purposes.

2. Waiver of any of the rights guaranteed under sections 261 through 264 of the federal Health Insurance Portability and Accountability Act of 1996, P.L. 104-191, as amended, and any federal regulations adopted to implement these sections, as amended, except for what is necessary to safely administer the vaccination to the patient and seek reimbursement for the cost of such administration from a third-party payor.

SECTION 1.1.(c) Prohibition Against Discrimination Based on COVID-19 Vaccination Status. – All of the following are prohibited discriminatory practices by the following entities if based on an individual's COVID-19 vaccination status:

1. The State, any of its political subdivisions, and any entity receiving State funding in any form to refuse, withhold from, or deny to an individual any State, local, or federal funds or any services, goods, facilities, advantages, privileges, licensing, educational opportunities, or access to health care.

2. Any person to refuse employment to an individual, to bar an individual from employment, or to base any employment-related decision including compensation or any term, condition, or privilege of employment. This subdivision does not apply to any church or religious denomination.

3. Any public accommodation to exclude, limit, refuse to serve, or otherwise treat adversely.

SECTION 1.1.(d) Permitted COVID-19 Vaccination Status Policies. – An entity, employer, or public accommodation referenced in subsection (c) of this section may institute a policy or practice requiring an individual to receive a COVID-19 vaccination or verify a person's COVID-19 vaccination status provided all of the following apply:

1. The entity, employer, or public accommodation notifies the individual that the individual may decline to be vaccinated, may decline to verify the person's COVID-19 vaccination status, or both.

2. The individual may decline to receive a COVID-19 vaccine, decline to verify the person's COVID-19 vaccination status, or both, based on any of the following:
a. Medical contraindication or other condition requiring a reasonable accommodation.
b. Natural immunity.
c. Reasons of conscience including sincerely held religious beliefs.

(3) If the individual is a minor, the individual's parent or legal guardian may on behalf of the minor decline to have the minor receive a COVID-19 vaccination, decline to verify the minor's COVID-19 vaccination status, or both.

Any entity, employer, or public accommodation that adopts a COVID-19 vaccination status policy pursuant to this subsection shall allow an individual who declines to receive a COVID-19 vaccination, or both, to do so verbally or in writing at the individual's discretion. The entity, employer, or public accommodation shall keep an individual's decision to receive or decline to receive a COVID-19 vaccination confidential. The entity, employer, or public accommodation shall keep an individual's decision to verify or decline to verify the individual's COVID-19 vaccination status confidential. If the entity, employer, or public accommodation is subject to Chapter 132 of the General Statutes, then any document evidencing a person's decision to receive or decline to receive a COVID-19 vaccination as well as any document evidencing a person's decision to verify or decline to verify the individual's COVID-19 vaccination status is not a public record as defined in G.S. 132-1.

PROHIBITION AGAINST COVID-19 VACCINE PASSPORTS

SECTION 1.2.(a) Prohibition Against Public Agencies Issuing or Establishing COVID-19 Passports. – Notwithstanding any other provision of State or federal law, State or federal rule, executive order, local ordinance, or State or local declaration of emergency, no officer or employee of the State or any political subdivision of the State may issue or establish any standardized documentation, including something styled as a vaccine passport or vaccine pass, for the purpose of verifying an individual's COVID-19 vaccination status to a third party, or otherwise publish or share any individual's COVID-19 vaccination record.

SECTION 1.2.(b) Exception. – Nothing in this section shall prohibit an individual who has received a COVID-19 vaccination from receiving from the person who administered the vaccine a COVID-19 Vaccination Record Card from the Centers for Disease Control and Prevention indicating the person received a COVID-19 vaccination.

COVID-19 DEFINITIONS

SECTION 1.3. As used in this Part, the following definitions apply:

(1) COVID-19. – The disease caused by the SARS-CoV-2 virus.
(2) Vaccination status. – An indication of whether a person has received one or more doses of a COVID-19 vaccine.

SECTION 1.4. This Part is effective when this act becomes law.

PART II. EXPERIMENTAL VACCINES/PROTECTION AGAINST EMPLOYMENT DISCRIMINATION FOR REFUSAL TO RECEIVE

SECTION 2.1.(a) Article 2A of Chapter 95 of the General Statutes is amended by adding a new section to read:

"§ 95-25.6A. No mandatory emergency use vaccinations; no adverse action based on vaccination status.

(a) The General Assembly finds that an employee or a prospective employee has the right to work free of mandatory experimental vaccination requirements imposed by an employer. Therefore, it is the policy of this State to prohibit certain workplace vaccination requirements. Further, it is the policy of this State to recognize the right of employees and prospective
employees to be free of discrimination or retaliation on account of an individual’s vaccination status.

(b) No employer may do any of the following:

1. Inquire about whether an employee or prospective employee has received a vaccination of a drug approved by the U.S. Food and Drug Administration only for emergency use.
2. Require, as a condition of employment, that an employee receive a vaccination of a drug approved by the U.S. Food and Drug Administration only for emergency use.
3. Discharge, discipline, retaliate against, fail to promote, or otherwise discriminate against an employee or prospective employee who opposes a workplace vaccination program to administer a drug approved by the U.S. Food and Drug Administration only for emergency use.

(c) A prospective, current, or former employee may commence a civil action against an employer for a violation of this section. A prevailing plaintiff is entitled to any one or more of the following:

1. Back pay or reinstatement, with back pay plus three times the employee’s wages and fringe benefits or prospective wages and benefits.
2. Damages, including punitive damages and actual damages.
3. Injunctive and any other court-approved relief.
4. Reasonable attorney fees and costs.

These remedies are in addition to, and not in lieu of, any other remedies or relief allowed by law.

(d) Nothing in this section shall be construed to prohibit an employer from requiring that employees be immunized in compliance with health and safety regulations under Article 16 of Chapter 95 of the General Statutes."

SECTION 2.1. (b) G.S. 95-241(a) reads as rewritten:

"(a) No person shall discriminate or take any retaliatory action against an employee because the employee in good faith does or threatens to do any of the following:

(6) Exercise a right, or oppose a practice, under G.S. 95-25.6A."

SECTION 2.1. (c) This Part is effective when this act becomes law and applies to employment in this State on or after that date.

SECTION 2.1. (d) This Part applies to employers, employees, and prospective employees on and after the effective date of this act.

PART III. LIMITATIONS ON VACCINE MANDATES BY EXECUTIVE ORDER, RULES, AGENCY HEADS, OR PUBLIC HEALTH AUTHORITIES DURING DECLARED DISASTERS OR EMERGENCIES

SECTION 3.1. (a) G.S. 166A-19.12 reads as rewritten:

The Division of Emergency Management shall have the following powers and duties as delegated by the Governor and Secretary of Public Safety:

..."

3. Coordination with the State Health Director to amend or revise the North Carolina Emergency Operations Plan regarding public health matters. At a minimum, the revisions to the Plan shall provide for the following:

a. The epidemiologic investigation of a known or suspected threat caused by nuclear, biological, or chemical agents.

b. The examination and testing of persons and animals that may have been exposed to a nuclear, biological, or chemical agent.
c. The procurement and allocation of immunizing agents and prophylactic antibiotics.
d. The allocation of the Strategic National Stockpile.
e. The appropriate conditions for quarantine and isolation in order to prevent further transmission of disease.
f. Immunization procedures, procedures subject to G.S. 166A-19.30(c1).
g. The issuance of guidelines for prophylaxis and treatment of exposed and affected persons.

(a) In addition to any other powers conferred upon the Governor by law, and subject to subsection (c1) of this section, during a gubernatorially or legislatively declared state of emergency, the Governor shall have the following powers:
..."

SECTION 3.1.(b) G.S. 166A-19.30 reads as rewritten:
(b) During a gubernatorially or legislatively declared state of emergency, with the concurrence of the Council of State, and subject to subsection (c1) of this section, the Governor has the following powers:
..."

SECTION 3.1.(c) Subsection (b) of this section applies to executive orders and directives issued on or after the effective date of this act.

SECTION 3.2.(a) G.S. 150B-19 reads as rewritten:
"§ 150B-19. Restrictions on what can be adopted as a rule.
An agency may not adopt a rule that does one or more of the following:
..."

SECTION 3.2.(b) This section applies to proposed rules published in the North Carolina Register and proposed rules posted on the website of the Office of Administrative Hearings on or after October 1, 2021.

PART IV. NO IMPLIED CONSENT TO VACCINE TRACKING
SECTION 4.1. Part 2 of Article 6 of Chapter 130A of the General Statutes is amended by adding a new section to read:
"§ 130A-158.5. Written, informed consent required for vaccine tracking.
Notwithstanding any provision of this Article, Article 29B of Chapter 90 of the General Statutes, or any other provision of law to the contrary, each system used to track or record information about individuals residing in this State who have received specific vaccinations or a series of specific vaccinations, including the North Carolina Immunization Registry, the statewide health information exchange known as NC HealthConnex, and the North Carolina COVID-19 Vaccine Management System, shall, to the extent allowed by applicable federal law without jeopardizing federal funds, provide for the following:
(1) Written, informed consent from each adult and, in the case of a minor, from a
parent or guardian of each minor, whose vaccination records and vaccination
information are added to the system for the following:
   a. The individual's participation in the system or inclusion in the system
      of the individual's vaccination record or vaccine status with respect to
      a specific vaccine or series of vaccines.
   b. The disclosure or sharing of information concerning the individual's
      vaccination record, vaccine status with respect to a specific vaccine or
      series of vaccines, or refusal to receive a specific vaccine or series of
      vaccines. This written, informed consent requirement applies to
disclosures and sharing by the system, an individual's health care
provider, and an individual's health insurer.

(2) An option for an adult or, in the case of a minor, a parent or guardian to
withdraw previously granted consent that would trigger the deletion of all the
individual's vaccination records and other vaccination information from the
system and any other files maintained by the State agency responsible for
operating the system.

PART V. NO VACCINE MANDATES BY SCHOOLS OR CHILD CARE FACILITIES

SECTION 5.1.(a) Article 6 of Chapter 130A of the General Statutes is amended by
adding a new section to read:

"§ 130A-157.5. Philosophical exemption.
   The moral, philosophical, or other personal beliefs of many citizens are contrary to the
immunization requirements contained in this Chapter. All citizens have a right to expect that their
personal privacy rights, particularly in the area of personal health, will be protected by this State.
Therefore, the matter of whether a person chooses for oneself, for one's children, or for anyone
for whom that person stands in loco parentis to receive a vaccine or not to receive it shall remain
a private matter not to be violated. Because the requirement of a written statement of the moral,
philosophical, or personal beliefs and opposition to the immunization requirements would violate
those privacy rights, no such statement shall be required of anyone, nor shall the question of
whether such an affected person has received an immunization be asked of anyone as a condition
of attending any college, university, public or private school (Pre-K through 12), or child care
facility."

SECTION 5.1.(b) This section applies to any vaccination requirement, including a
COVID-19 vaccination requirement, imposed upon an adult or a child by a college, university,
public or private school (Pre-K through 12), or child care facility on or after the effective date of
this act.

PART VI. NO VACCINE MANDATES FOR HEALTH CARE PROVIDERS, STAFF, OR
PATIENTS

PROTECTION FOR HEALTH CARE PROFESSIONALS

SECTION 6.1.(a) Chapter 93B of the General Statutes is amended by adding a new
section to read:

"§ 93B-8.1A. Use of vaccination history records.
   (a) The following definitions apply in this section:
      (1) Applicant. – A person who makes application for licensure from an
      occupational licensing board.
      (2) Board. – An occupational licensing board or a State agency licensing board as
defined in G.S. 93B-1."
(3) Licensee. — A person who has obtained a license to engage in or represent himself or herself to be a member of a particular profession or occupation.

(4) Vaccination. — The act of introducing a product into the body that stimulates a person's immune system to produce immunity to a specific disease, protecting the person from that disease through various methods, including needle injections and mouth or nasal spray.

(5) Vaccination history record. — Written or digital documentation containing information about a person's vaccinations as a child or adult, including records from health care providers, local health departments, the North Carolina Immunization Registry, employer, or educational institution.

(b) Application. — Notwithstanding any other provision of law, a board shall not deny an applicant a license on the basis of whether the applicant has or has not received a specific vaccination, or a series of vaccinations, as shown in the applicant's vaccination history record. A board shall not require the submission of documents containing medical information for the sole purpose of ascertaining an applicant's vaccination history record as part of an application process for licensure. A board shall not use any documents provided or information gathered tending to show a vaccination history record as the basis to deny the applicant a license.

(c) Discipline. — Notwithstanding any other provision of law, a board shall not suspend, revoke, decline to renew, decline to reinstate, or take any disciplinary action against a licensee on the basis of whether the licensee has or has not received a specific vaccination or a series of vaccinations as shown in the licensee's vaccination history record.

(d) Remedies. — A person who is denied the issuance, reinstatement, or renewal of a license in violation of this section may bring a civil action in district court against the board who violates the provisions of this section and seek to obtain any of the following remedies:

(1) Injunctive relief.
(2) Affirmative relief.
(3) Issuance, renewal, or reinstatement of licensure.
(4) Any other relief deemed appropriate."

SECTION 6.1.(b) This section applies to applications for licensure, renewals, reinstatements, and revocations of licenses and disciplinary actions on or after the effective date of this act.

PROTECTION FOR HOSPITAL PATIENTS AND STAFF

SECTION 6.2. Part 2 of Article 5 of Chapter 131E of the General Statutes is amended by adding two new sections to read:

§ 131E-79.5. No discrimination against hospital patients on the basis of vaccination status.

No hospital licensed under this Article shall refuse to provide any health care services to a patient (i) on the basis of the patient's vaccination history or (ii) because of the patient's refusal to receive a specific vaccination or series of vaccinations or provide proof of immunity to a specific disease.

§ 131E-79.6. No discrimination against physicians, medical residents, or interns on the basis of vaccination status.

(a) Notwithstanding any other provision of law to the contrary, no hospital licensed under this Article shall deny, terminate, or suspend a physician's hospital privileges (i) on the basis of the physician's vaccination history or (ii) because of the physician's refusal to receive a specific vaccination or series of vaccinations or provide proof of immunity to a specific disease.

(b) Notwithstanding any other provision of law to the contrary, no hospital licensed under this Article that offers a medical residency program or a clinical program or experience necessary to satisfy a student's degree requirements shall do either of the following:

(1) Discriminate against a program applicant for an internship or residency or prohibit the applicant's admission, enrollment, or employment as an intern or
resident (i) on the basis of the student's vaccination history or (ii) because of the student's, intern's, or resident's refusal to receive a specific vaccination or series of vaccinations or provide proof of immunity to a specific disease.

(2) Terminate an internship or residency on the basis of an intern's or resident's refusal to receive a specific vaccination or series of vaccinations or provide proof of immunity to a specific disease.

(c) Any physician whose hospital privileges are denied, terminated, or suspended in violation of this section or any applicant for or participant in a residency program or clinical program or experience offered by a hospital licensed under this Article who is denied admission into or terminated from the program, in violation of this section, may bring a civil action in district court against the hospital that violates the provisions of this section and obtain any one or more of the following remedies:

(1) An injunction against any further violations.

(2) Appropriate affirmative relief, including, but not limited to, reinstatement of physician privileges or admission or reinstatement in the residency program or clinical program or experience.

(3) Any other relief necessary to ensure compliance with this section.

(d) The court may award reasonable costs, including court costs and attorneys' fees, to the prevailing party in an action brought pursuant to this section."

PROTECTION FOR APPLICANTS AND RESIDENTS OF OTHER HEALTH CARE FACILITIES

SECTION 6.3. Part 2 of Article 1 of Chapter 131D of the General Statutes is amended by adding a new section to read:

"§ 131D-9.5. No discrimination against adult care home residents based on vaccination status.

An adult care home licensed under this Article is prohibited from refusing to admit an applicant or provide services to a resident of the facility (i) on the basis of the applicant's or resident's vaccination history or (ii) because of the applicant's or resident's refusal to receive a specific vaccination or series of vaccinations or provide proof of immunity to a specific disease."

SECTION 6.4. Part 1 of Article 6 of Chapter 131E of the General Statutes is amended by adding a new section to read:

"§ 131E-113.5. No discrimination against nursing home residents based on vaccination status.

A nursing home licensed under this Article is prohibited from refusing to admit an applicant or provide services to a resident of the facility (i) on the basis of the applicant's or resident's vaccination history or (ii) because of the applicant's or resident's refusal to receive a specific vaccination or series of vaccinations or provide proof of immunity to a specific disease."

PART VII. NO VACCINE MANDATES TIED TO PUBLIC SPACES

SECTION 7.1. Chapter 99D of the General Statutes is amended by adding a new section to read:

"§ 99D-1.5. No discrimination in public spaces on the basis of vaccination status.

(a) It is a discriminatory practice for a person to deny any individual the full and equal enjoyment of goods, services, privileges, advantages, facilities, and public spaces on the basis of their vaccination or immunity status. This subsection shall be construed to prohibit all of the following:

(1) Providing any disposition, service, financial aid, or benefit to an individual that is different or is provided in a different manner from that provided to other members of the general public."
(2) Subjecting any individual to segregation or separate treatment in any matter related to that individual's receipt of any disposition, service, financial aid, or benefit provided to other members of the general public.

(3) Restricting an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any disposition, service, financial aid, or benefit provided to other members of the general public.

(4) Treating an individual differently from others in determining whether that individual satisfies any admission, enrollment, quota, eligibility, membership, or other requirement or condition that individuals are required to meet in order to be provided any disposition, service, financial aid, or benefit available to other members of the general public.

(5) Denying an individual an opportunity to participate in a program through the provision of service or otherwise afford that individual an opportunity to do so that is different from that afforded to other members of the general public.

(b) Notwithstanding any other provision of law to the contrary, an individual may not be required to take, be administered, or otherwise receive or disclose whether the individual has taken, been administered, or otherwise received a COVID-19 vaccination as a condition for any of the following:

1. Entry into any business or public space.
2. Receipt of any service or good.
3. Enjoyment of any facilities, privileges, advantages, or public spaces.

(c) Neither the State of North Carolina nor any agency or subdivision of the State of North Carolina shall create, impose, or allow to be imposed any device or method of identification that might be considered to be a vaccine passport which would be required of any citizen seeking to travel, to enter any public space or private property, or to do any business within the State of North Carolina.

(d) As used in this section, "public space" includes all of the following:
1. Places of public accommodation.
2. Any building or space, whether indoors or outdoors, that is owned, leased, operated, occupied, or otherwise used by a public body.
3. Any other building or space, whether indoors or outdoors, that is generally open to the public.

PART VIII. NO VACCINE MANDATES BY GROUP HEALTH BENEFIT PLANS OR LIFE INSURANCE PLANS

SECTION 8.1.(a) G.S. 58-3-25 is amended by adding a new subsection to read:

"(d) No insurer shall refuse to insure or refuse to continue to insure an individual; to limit the amount, extent, or kind of coverage available to an individual; or to charge an individual a different rate for the same coverage, solely because of an individual's vaccination status."

SECTION 8.1.(b) Part 7 of Article 50 of Chapter 58 of the General Statutes is amended by adding a new section to read:

An insurer offering a health benefit plan in this State shall not use the vaccination status of any patients of a health care provider for any of the following:

1. As a qualification or requirement for entering into a contract with the health care provider.
2. As a basis for terminating a contract with the health care provider.
3. As a factor in the provision of financial incentives for a health care provider.
4. As a factor in the imposition of penalties, including financial penalties, on a health care provider."
SECTION 8.1.(c) Article 51 of Chapter 58 of the General Statutes is amended by adding a new section to read:

No insurer offering a group health plan on the large group market, as defined in G.S. 58-68-25, shall use the vaccination status of any insured as a factor in the rating of a group health plan that provides coverage in this State."

SECTION 8.1.(d) This section becomes effective October 1, 2021, and applies to contracts issued, renewed, or amended on or after that date.

PART IX. NO VACCINE MANDATES TIED TO DRIVING PRIVILEGES OR THE ISSUANCE OF STATE IDENTIFICATION CARDS

SECTION 9.1. Article 3 of Chapter 20 of the General Statutes is amended by adding a new section to read:

"§ 20-43.5. Vaccination records shall not be collected or required by Division; discrimination prohibited.
(a) The Division shall not collect or maintain vaccination information or connect Division records to the vaccination information of a person.
(b) The Division shall not require a person to provide vaccination information as a condition of obtaining an identification card, a learner's permit, or a drivers license.
(c) Any business or governmental entity that requires a person to present a Division-issued identification card, learner's permit, or drivers license to verify identification may not require a person to provide vaccination information or proof of immunity, and the business or governmental entity may not discriminate, deny services or access, or otherwise penalize a person for not receiving a vaccination or providing proof of immunity."

PART X. SEVERABILITY CLAUSE

SECTION 10.1. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications of this act that can be given effect without the invalid provision or application and, to this end, the provisions of this act are severable.

PART XI. EFFECTIVE DATE

SECTION 11.1. Except as otherwise provided, this act is effective when it becomes law.
